GYMNASIUM

ATHLETICS AND REQUIRED PHYSICAL TRAINING

Provision is made for giving gymnasium instruction to all students at the college who desire it. All students of the college are required to take physical training during four semesters, two hours weekly, unless excused by the secretary of the faculty or the dean of women. All students will begin this training in the Freshman year. Students entering later than the Freshman year will add the training in their first registration. The college stadium is surrounded by a fifth-mile running track, 15 feet in width, with a 100-yard straight-away and a cinder coating throughout. The grid-iron is a beautiful grass plot. Adjoining the stadium is a temporary gymnasium 45 feet wide and 85 feet long, the main part of which is divided into a basket ball floor and hand-ball courts. There is also ample space for indoor baseball. The building affords ample accommodations for the training of classes in gymnastics and all indoor games.

PURPOSES OF THE COLLEGE

It must be kept in mind all the time that knowledge is not the highest value sought, but culture, the discipline of the powers, the vitalizing of the faculties and the development of self activity.

The dominant thought in education and in the preparation for active life is the supreme importance of character. Christian education means the utilization of the best years of acquisition for founding deep and broad principles of conduct. Expertness, capacity, knowledge, culture—all are valueless without character. There can be no true success, no real honor, no permanent good, without nobility of character.

The best results in the care and culture of men and women, in collegiate days, are developed by these conditions:

First. Contact with teachers of high moral convictions, of eminent scholarship, of generous sympathy, and exemplary in life and influence.

Second. Character building involves the exercise of needful authority and wholesome restraint.

THE DEAN OF WOMEN

The young women of the dormitory or non-resident are under the immediate supervision of the Dean of Women.

THE PROCTOR

The young men of the dormitory are under the immediate supervision of the Proctor.

A student may enter either by diploma from an accredited high school, or by examination.

Blank Forms of Application may be obtained by applying to the "Registrar of Whitworth College, Spokane, Washington."

The applicant need not wait till the opening of the college but may obtain the blank form of application, by mail, at any time during the vacation and send the application at once to the college. The college invites correspondence pertaining to these matters of admission and classification, for it facilitates enrollment and assists the applicant in his future plans.

This certificate will be considered on its merits and will facilitate classification of the student.
