STUDENT COUNCIL AMENDS BY-LAWS

Student Fees Raised to Three Dollars a Quarter

FRESHMAN VOTING RESTRICTED

Athletic Requirements for Letter Awards Are Changed

Due to a rapidly increasing student body, the Executive Board found it necessary to appoint a committee to revise the Student Association Constitution. These amendments were first read in a student meeting, Oct. 2, and a week later, October 9, were put before the association for a vote.

The constitution is now in shape to meet the needs of the present student body.

The amendments presented and voted upon were:

Article III. The executive board is to consist of twelve members: two from each class, two from the faculty, and the president and vice-president of the association. The Board is to select the editor-in-chief, business manager, and advertising manager for both the Natsihl and Whitworthian.

Article IV. A secretary-treasurer shall be elected by the student body with the president and vice-president; nominating speeches shall be required; the class representatives will not be elected by the student body.

By-laws, Article II. The Student Association fees shall be three dollars a quarter instead of two dollars.

Article III. Freshmen shall not vote the first quarter.

Article IV, Section 4 Men's letter for major activities shall be a five-inch, black felt W, a black letter on a red field. For minor activities it shall be a four-inch, black felt W, a red letter on a black field.

Section 7. Requirements for earning letters shall be as follows, provided a letter may be refused for dishonorable conduct, or awarded upon special conditions prescribed by the Board:

Major activities—Football: In a schedule of 4 games, a man must play in eight quarters; in 5 games, he must play in nine quarters, etc. Basketball: He must play in one-half of the total halves played in official games. Baseball: He must play in one-half the total innings, and the pitcher must play two full games, or one-fifth of the total innings.

Minor activities—Tennis: He must play in one-half the intercollegiate meets and win one official match.

Section 9. Only one manager shall be selected to care for all the year's athletics. He shall receive one manager's letter.

Section 10. In literary activities a person must be in two-thirds of all the debates and appear in the oratorical or recitatorial contests to get a certificate. Three certificates give the gold W pin. This amendment was unanimously voted down, because it seemed too limiting and would discourage literary activities among the upper classmen. It was laid aside for further consideration by the Board.

McQuillin Heads "W" Club

At a meeting of the athletic lettermen Tuesday, Oct. 1, the following men were elected to offices: Maurice McQuillin, president; Clifford McNeal, vice president; and Clifford Bromling, secretary-treasurer. Other members of the Club are: Forrest Travalle, Everell Sharnbroich, and Leon Killian. New members will be initiated after the football letters are awarded at the end of the season.

Under the leadership of McQuillin, the club expects to be active, not only in athletics, but also in promoting school spirit and in enforcing traditions of the college.

GOSPEL TEAM BUSY DURING SUMMER

Conduct Services in Five Churches

The Spokane members of the Volunteer Fellowship held five services during the summer months. The team was given the opportunity of service at the Old Peoples' Home, August 11; at the Fourth Presbyterian Church, August 17; at Monroe Park, Presbyterian Church, September 1; at Lidgerwood Presbyterian church September 15; and at Priest River Congregational church, on September 22.

Those who participated in the services were: Speakers, Mary Hinton Maude Holt, Kenneth Knoll, Lee Knoll. Leaders: Mary Hinton, Muriel Mase, and Margaret Jamison.

Singers and others who assisted in musical numbers, Dorothy Hood, Dorothy Skerry, Virginia Koyl and Evelyn Chapman. Aside from the regular members of the team there were four other college friends who assisted the team. These were Dorothy Chapman, Frances Fursey, Jean Koyl and Maurice Holt.

The services at all the places were well received and their work was praised.

Natsihl

The 1930 Natsihl staff has been named and already plans and bids are being received for the work, and the members of the staff are beginning to assemble their different tasks.

Everell Sharnbroich, Editor of the 1929 Natsihl, has again been named Editor-in-chief for this year. Paul Crooks will act as business manager. The rest of the staff will be published in a following issue of the Whitworthian.

The 1930 Natsihl as planned, will be better than any before. With the same Editor-in-chief, and experienced students to pick for a staff, everything is set to make this the annual to cop All-American Honors. As plans are now, about 150 annuals will be printed. They will contain about 130 pages each and be bound in a soft leather cover. The budget for the year has not yet been set but will run close to \$1000 it is expected.

The Natsihl published in June of last year won First Class Honors in a National Contest for schools under 500 students and this year we are aiming at All-American Honors for the 1930 Natsihl.

Laura Frederick visited the college Wednesday, Oct. 9. She expects to continue at Whitworth the second semester.

The Glee Club

The Whitworth Mixed Glee Club has begun preparation for a concert to be given during the first semester. Thirty-six have enrolled in the club this year. Much interest is shown. A girls' double quartet will be organized and possibly a male quartet. It is also planning to give an opera the second semester. "The Soldier's Chorus" from Faust and "Would God I were the Tender Apple Blossom", an Irish air from "County Derry", be frequently heard on the campus as the selections chosen and may with individual variations.

FRESHMEN CONQUER SOPHS IN FIGHT

First Year Students Outnumber Opponents 5 to 1

Rising at a very early hour, Thursday morning, the four Sophomore men of Whitworth started the traditional Freshman-Sophomore fight by hoisting their flag on the school pole. A good coating of lard was put on the pole to guard the flag. Then, about three o'clock the actual fight began.

The Sophomores slipped into the Freshmen's rooms and found the occupants. Two rooms whose occupants were forewarned, were locked, and unenterable. Each of these had two freshmen in. These four men, and one other who had managed to escape, were left at the school, and the others were loaded into cars and carried away about ten miles, and left.

The Sophomores then returned, and went to meet the bus from Spokane. They took the Freshmen from it and carried them in the other direction from Whitworth. Unfortunately for the Sophomores, there were several Freshmen whom they could not catch, and who proved to be their undoing.

When the Sophomores returned to the Campus, they found about ten freshmen awaiting them. They were trapped, tied, and put into cars. The Freshmen carried them off with the intention of leaving them someplace, but the perseverance of three loyal Sophomore girls, following in a car, disrupted their plans. The Freshmen then drove around until twelve o'clock, the hour agreed upon for the closing of all the activities, and returned to the college with their prisoners. The Freshmen had won the fight, but with the great odds of five to one in their favor.

Picnic at Manito

Whitworth's social calendar opened Friday, Sept. 27, after chapel. Students and faculty "picnicked" at Manito Park.

After a tasteful lunch, the college picnickers formed circles to play "Flying Dutchman" and "Three Deep." Running on the damp grass was quite a feat, and several "spills" resulted to the amusement of the onlookers. The picnic was brought to a close by visits to the Sunken Gardens.

Clark Elected Yell King

Bruce Clark, peppy Sophomore, was elected Yell King by the Associated Students Wednesday, Oct. 9.

Bruce held this position last year and secured results from the students. This year he will have a mascot to aid him in leading the enthusiastic "rooters".

SULLIVAN IS NEW WHITWORTH HEAD

Several New Faculty Members Come From the Continent

BAILOR HEADS ATHLETICS

Heads of Departments Are Well Trained for Their Work

The progress that Whitworth is making, is not alone seen in its increased enrollment, but is clearly shown in the increase of its faculty for this year.

Coming from Albany College, Albany, Oregon, Dr. Ward W. Sullivan has endeared himself to the hearts of all the students. Dr. Sullivan is a graduate of the University of Illinois, with a B. A., M. A. and Ph. D. With a man of his capability in the position he holds, any college would be assured of success.

Whitworth is very fortunate in securing the services of Dr. F. T. Hardwick, who is our new Dean. Dean Hardwick was born in England and educated there and in Switzerland and the United States. He has degrees from the Universities of London and Washington. Dr. Hardwick has two hundred hours of education to his credit and as head of the Education department he is splendidly placed. Last year, Dr. Hardwick taught at S. P. C. and the U. of W. He has contributed many articles to Educational Journals and at the present time he is engaged in writing a book.

Miss Willis, instructor in French, just recently arrived from England and has been in the U. S. for about one month now. She is a graduate of the University of London and is now taking correspondence work there for an honorary degree. Miss Willis has had three years of teaching experience in England and one year in Switzerland.

Mr. Bailor fulfills a need which Whitworth has long felt—that of Athletic Director and field manager.

Mr. Bailor is a graduate of Spokane University, where for several years he led their teams to victory. He has also taken extensive coaching courses at Illinois and Oregon State. With Mr. Bailor to suggest and guide our activities, we may we will have a great year at Whitworth.

Prof. Wyatt, a graduate of Centre College, Kentucky and Ohio State University, is head of the English and Journalism departments. He has taken graduate work at Eastern Kentucky State Normal, Kent State College, and University of Illinois. He taught eight years, and comes to Whitworth with excellent recommendations.

Miss White has taken up her duties as college secretary. She comes from Albany College.

The rest of the faculty are all familiar to Whitworthians: Dr. Counterline heads the department of Biblical Education; Miss Morrison is Dean of Women; Prof. Buxton, Mathematic; Dr. Hays, Classical Languages, Prof. Hussong, Department of Economics and sociology; Prof. Neustel, Chemistry and Coach; Lyle W. Moore, Voice and theory of Music, and Gertrude Mather, Orchestra.

Russell Boucher is teaching at Milan, Washington.

WHITWORTHIAN

The Whitworthian stands for high attainments and Christian Character

WHITWORTH SPIRIT

On September 23, students began to arrive on the college campus: seniors, juniors, sophomores, and hosts of freshmen. With their arrival, the campus took on new life, new vitality. The buildings, once empty, resounded again with laughter. The once deserted campus was dotted with youthful figures.

With this return came that one thing of which we are most proud, the WHITWORTH SPIRIT. It is not, must not be, a spirit that shows itself just in the "hip-hip-hurrah's" and in the flash of Red and Black. No, the WHITWORTH SPIRIT is to dare, to do in every line—spiritual, mental, physical, that which is best. When someone asks, "Where is that spirit?"; let's not wave a cap of Red and Black and shout: "Rah! Rah!"; but, let's say instead that the WHITWORTH SPIRIT is in the heart and reveals itself in doing what seems impossible.

BEAT SPOKANE U

For many years there has been a constant struggle for athletic supremacy among Spokane University, Spokane College and Whitworth College. This year Spokane College was unable to re-open and the struggle is between Whitworth and S. U. Last year Whitworth was defeated by the University. This year Whitworth plays S. U. at Whitworth, November 22.

What will be the result? Will the Crusaders ride over the Pirates, or will the Pirates turn upon them, and settle the contest for football supremacy between the two schools? This remains to be seen, and it is only by the combined effort of the students, the whole hearted service of the football men and the support of the remainder of the student body, that Whitworth will be victorious.

Throughout the entire football season, let this be the motto of the students and faculty: "Beat Spokane U." Let every football man, while he is putting in the hours of practice keep in mind: "Beat Spokane U." Then when the twenty-second of November arrives, let every Whitworth student be either in football suit or on the sidelines with the sole thought: "Beat Spokane U."

CALL FOR VOLUNTEERS

Did you know that any student, regardless as to whether or not he is in the journalism class, will receive one hour of college credit for satisfactory work on the Whitworthian? Take inventory—can you write news stories, feature articles, short stories? Can you get ads? If you don't know why not try? The Whitworthian needs the assistance you will give. Put a little time on your college paper; find out what you can do. Volunteer. You can use the credit; the staff can use you.

Caroline Petsch is specializing in home economics at Washington State College. She expects to visit Spokane and Whitworth soon.

Mrs. Marthalena Miller Rupp is teaching in the grade schools at Emida, Idaho.

Dorothy Dalley is teaching her second year at Albion. She expects to visit Whitworth soon.

Alan Rice and family are living at Oroville, Washington, where he is principal of the High School with a staff of twelve teachers.

Halle Harris is teaching in the grade school at Wellpinit.

Where is the class of 1929? Zenola Olapp is teaching at Stites, Idaho. Lee Knoll and Frank Tiffany, with their "Ford", arrived safely at Chicago Theological Seminary. Lewis Randal is in Texas attending Dallas Theological Seminary. Ralph Hansen is working in the apple harvest at his home at Kettle Falls.

Mrs Gertrude Fife Kengle is busy with the Wenatchee apples and a little Lloyd Benjamin.

IN CHAPEL

Friday, October 4, the college was given a real treat by being able to listen to the Rev. Elwood J. Bulgin, noted evangelistic speaker. He was accompanied by Carlton Booth and wife, Salvation Army Workers. Mr. Booth sang "The Stranger of Galilee" accompanied by his wife.

These three people are nationally known and we were very fortunate in being able to hear them. Rev. Bulgin's message was indeed a help and an inspiration to all who heard it. One would find it hard to continue believing that there is no God, after hearing Rev. Bulgin.

We were privileged to have as our chapel speaker, Monday, October 7, Rev. William Ralph Hall, of Philadelphia, the director of Young Peoples' work of the board of Christian Education. He came here from the Fourth Presbyterian Church of Spokane, where he had been carrying on an extensive work. His subject was "The Building of Christian Character."

He stated that the business men of today were seeking employees of Christian Character, since it is the foundation of life. Also the method of teaching Christ's doctrines must be modern and must touch every phase of life. Rev. Hall told us to prepare for that essential; leadership, make our plans in accordance with the Bible, and accept the relationship of religion to life.

Volunteer Fellowship Begins Activities

The Volunteer Fellowship reported to the student body its work and its purpose, Thursday, October 10, at the chapel period. Afterward, those interested in joining the team were asked to remain. Nineteen remained to sign the pledge cards.

Kathryn Bockman introduced the speakers. Kenneth C. Knoll, vice-president of the organization, spoke on the past work of the team.

It has, during the past year, held thirty-one services with fifty-three talks. Its membership includes about one-half of the total enrollment.

Mary G. Hinton, president, brought before the student group the meaning of the Volunteer Fellowship. She explained that it is, as its name signifies, first of all a group of volunteers.

It is also a fellowship of young Christians purposing to serve Christ. The only requirements for membership are: first, acceptance of Christ; second, consecrated wills; and third, earnest desires to serve him.

A meeting of the regular members and those interested in becoming members were held after chapel. Nineteen students signed pledges, stating their willingness to serve Christ.

The new members of the team are: Martin R. Willey, Maurice R. Holt, Paul Crooks, Harold Nelson, Alfred Marquam, Edith May Loveless, Budora Course, June Harris, Zelma Morgan, Lenore Morrison, Maxine Alexander, Minnie Davie, Ethel Chapman, Dorothy Chapman, Clifford McNeal, Clifford Bromling, Ruth Feller, Ruth Nielson, and Virginia Hedstrom.

Plans are now being made by the team to hold a service at Knox Presbyterian Church, Sunday evening, Oct. 20. Plans for other activities of the team are also under way.

Open Dorm

Girls' open "dorm" will be held Friday evening, October 25. Plans for the affair are now being made. Maude Holt is taking charge of the entertainment, and Lilly Schwendig is chairman of the refreshment committee.

A Paddle's Lament

Oh, once I was so stout, so strong!
And then, of course, she came along.
She held me by her soft, white hand;
She swung me high; she let me land;
The splinters flew about the room,
And I had met unhappy doom;
But I may warn e'er it's too late
Let no others join my fate!
Oh, "W" club, I plead, I do;
Let no woman join with you!
P. S.—Dedicated to Delpha Coffman who may supply further information regarding the inspiration of this jingle.

Maxine Alexander entertained Helen Doig, Leta Mae Muir, and Kathryn Bockman at her home in Oakesdale for the week end.

All-College Mixer Is Great Success

Old students and new met Friday evening, Oct. 4, at the All-College Mixer in the chapel. The guests were entertained by a program, after which Mixer games were played. The program consisted of a vocal solo by Alice Sanstrom, banjo selections by Maurice and Harry Holt, a reading by Ethel Chapman, piano solos by Delpha Coffman, and a violin solo by Maxine Alexander.

A cracker-eating contest was the first game, which made everyone forget Freshman etiquette while he was cramming down the moisture-less wafers. Then a furious dressing contest was held between girls and boys. The girls won the scramble and also an all-day sucker each.

Class stunts arranged with two-minute notices provided an exciting feature. Freshman and Sophomores sang group songs, while the Juniors presented a pantomime sketch, "The Mystery of the Lighthouse." On behalf of the Seniors, a family row was quite naturally staged by Kathryn Bockman and Leon Killian, using the ABC's as their means of expression. Dr. Hayes sang an unusual vocal number, and Miss Willis gave a humorous reading from the faculty group. Interviewing Everell Sharnibotch, a supposedly uninterested business man, Paul Crooks, in a short skit, impressed the difficulties of securing Nat-sihl advertisements. Refreshments were then served cafeteria style in the hall.

Committee chairmen were: Janice Schermerhorn, program; Helen Doig, refreshment; Cliff Bromling, auxiliary; and Dorothy Hood invitation.

MacMillan Hall Organization

The girls of MacMillan Hall have organized, elected officers, and appointed committees, in order that they may more efficiently manage social and business affairs in the dormitory.

The president of the "dorm" girls is Leah Grove. The secretary-treasurer is Muriel Mase. Dues of ten cents a month are to be charged, so that the girls will be spared the trouble of making special, small assessments when money is needed.

An inspection committee of two girls has been appointed to have charge of room inspection for one week. Each Saturday a new committee will be appointed. The rooms are inspected every morning and must be in order by chapel time.

The girls believe that the organization will meet a need which has long been felt. They will henceforth be able to carry on their affairs in a business-like manner.

Continued from Page 1

Article VIII. This is a new article on the yearly publication of the Nat-sihl. The editor-in-chief and business manager, chosen by the Board, select the rest of the staff. There shall be a faculty supervisor and the business manager shall make a full report at the time of publication.

Much interest was shown in these amendments, the students freely expressing their opinions on all of them. All the amendments were passed unanimously, except the one on literary activities which was unanimously refused.

Marvin Skaer, last year's football captain, who is now attending W. S. C. surprised everyone by appearing at the Mixer, Friday, Oct. 4. To cries of "Speech! Speech!" Skaer gave a short talk, saying that he was glad to be back at Whitworth again.

AS THE UPPER-CLASSMEN SAW SOPH-FROSH FIGHT

Two thirty in the morning was the time; silence reigned in Ballard Hall. Two-forty five and sounds of a struggle vibrated thru the corridors. Curious upperclassmen thrust their heads thru the portals of their rooms to discover the occasion of the uproar.

Young and sleepy, Mr. Morrison was the first to inquire the place of the fire, but the ambitious Sophomores had little difficulty in convincing the startled youngster that silence was golden. He meekly followed his adversaries until he reached the fifteenth stair. Turning upon his escorts he said, "I want my stray hat."

One of the more tender hearted "Sophs", noting the depressed and excited expression of his countenance, in sympathy, sought and found the treasured lid. On receiving the bonnet, Mr. Morrison, still young and sleepy, whispered, "Thank you, Sir."

As the "Sophs" slipped the red bandanna over his, rolling inquisitive optics, he murmured, "Ah-h-h, now I see."

Quiet operation upon the individuals enabled the "Sophs" to surprise and take charge of all "dorm" "Frosh" who had neglected to lock their doors. Then came the more difficult task of persuading the fortified "Frosh" that honor lay in open combat. Persuasion failed, and the gallant general of the Sophomore forces was forced to fall back until the scaling-ladders could be brought into position.

After safely scaling the wall, the cry, "Nelson has escaped!" caused the attacking general to recall his men and attempt to repair the damage. So quickly did they pursue him that they forgot to remove the ladder, which the "Frosh" quickly drew into the fort.

With Nelson gone, and the uncaptured "Frosh" still secure in their rooms, the "Sophs" decided to carry prisoners behind the line. There is still some dispute as to the place where the line was, the "Frosh" maintained that it was the Mexican border; but as it is a mere detail, we shall waste no more time on that.

As the "Sophs" passed out of sight the remaining "Frosh" came out for open combat, using the captured ladder as a medium for descent.

The fugitive Nelson soon returned and greatly encouraged himself by assuming command of the situation. His roving eye fell upon the enemy's flag as it waved majestically in the morning breeze. After forty-five minutes of hard work on the part of the capable Nelson, the Freshman Green was waving where once had reigned the "Soph" ensign.

Came eight o'clock; the "Frosh" marshalled their forces from no where, pitched camp, posted sentries, and the entire force settled down to watchful waiting. The majestic "W" Club marched about the field, inspecting the machines of war, and holding frequent meetings to determine legal and non-legal actions.

Hours passed, the encamped forces slept, strolled, or talked of the hoped-for encounter. At last a hawk-eyed lookout spied a speeding roadster, and the chase was on. It was all over in a moment. The battling "Frosh" straightened up from tying the "Sophs" and cried, "We have met the enemy, and they are ours."

High noon saw a truce, with the "Frosh" proclaimed victors. Now the green battle-flag still flutters a challenge to anyone who will dare to ascend a well greased pole.

New Study Room

During the summer months the old music room was transformed into a reading room. Shelves were put in, and the librarian's desk was moved from the library into the new room.

This room is now available for study purposes. The faculty members have placed books required in their courses upon reserved shelves in this room, where they are at hand for the students' use. These books must be used in the room, and may be withdrawn only at three o'clock by town students and at seven or seven-thirty by dormitory students. These books must be returned by eight o'clock the following morning.

The following student librarians are in charge: Leta Mae Muir, Muriel Mase, Helen Doig, and Leon Killian. These students have charge of the library from 7:30 each morning until 4:00 in the afternoon. It is also open from 6:30 to 7:30 each evening except Fridays.

It is expected that this room will prove a great benefit to students who wish to prepare their lessons, especially, the town students. Since only the books that are in use in the various courses are placed on these shelves, it is very easy to locate and use any given book.

Thus far, there has been little work done in regard to the mechanical side of the library. Although the entire library is catalogued, there has been no attempt to catalogue separately the books in the reading room. The reason is that they are constantly being changed by the instructors. The books at present are separated according to courses, and the books for any course will be found by the librarian upon request.

TODAY'S LAUGHS

A party of clergymen were attending a Presbyterian conference in Scotland. Having a spare afternoon, several of them set off to explore the district.

Presently they came to a river, spanned by a temporary bridge. Not observing a notice that the structure was unsafe, they started to cross it. Thereupon the bridge-keeper ran after them in protest.

"It's all right," declared the spokesman; "we're Presbyterians."

"I'm not caring about that," was the reply, "but if ye didn't get off the bridge you'll all be Baptists."

The Rugby footballer was talking rather loudly at his club.

"Rugby football," he was saying proudly, "is the roughest game in the world!"

"With one exception," timidly suggested a mild-looking man.

"What's that?" asked the proud one sharply.

"Marriage!" answered the meek man, as he hastened out of the room.

The hills of Calhoun county, West Virginia, are noted for their steepness. A tourist from some western state was driving along one day when he came upon a man struggling in the road just ahead of the car. The driver stopped the car and helped the native to his feet.

"What's the matter, my good friend, did an automobile hit you?" inquired the tourist.

"No!" replied the native, pointing to a cornfield above the road. "This makes the third time I've fell out of that there corn patch this year."

First Impressions of Whitworth College

When I first came to Whitworth, I was surprised to find it was small but I found that small colleges have many advantages that larger colleges do not have. They give the student a chance to become personally acquainted with his or her teacher and to have more supervised study. The students easily acquaint themselves with each other and have a better opportunity to form true friendships. I have found all these things true in my first week at Whitworth.

The campus here, though not large, is very beautiful. The pine trees surrounding the college are really quite inspiring. There are also the tennis courts, where tennis "Sharks" compete, and the football field where the football champions are made.

I have learned that Whitworth has many traditions regarding Freshmen. They are required to wear Green ribbons if they are girls, and green caps if they are boys, for several weeks in the fall of the year. They are often pulled out of bed with mattress and all at two o'clock in the morning. Sometimes on entering their rooms, they find their bureau drawers and other belongings "stacked" in the middle of the floor. But all of that is part of our game, and we look forward to doing the same things to the Freshmen next year.

I have not taken part in many of the activities at Whitworth, but I think that they will prove interesting. The Freshman-Sophomore fight was that, to say the least.

It seems to me that what the world needs, and has been needing is more colleges that teach the life of Jesus instead of undermining all of ones ideals.

Whitworth is a Christian college, a college of high ideals, with a very adequate and able faculty; and it appealed to me for all of these reasons.

Class Elections

At a meeting of the classes the following officers were elected:

Seniors: president, Leah Grove; vice-president, Ruth Feller; secretary-treasurer, Kathryn Bockman.

Juniors: president, Clifford McNeal; vice president, Janice Schermerhorn; secretary-treasurer, Virginia Koyl.

Sophomores: president, Ruth Johnson; vice president, Leta Mae Muir; secretary, Louis Keyser; treasurer, Dorothy Skerry.

Freshmen: president, Stanley Ayres; vice president, Donald Nelson; treasurer, Alfred Marquam; secretary, Loris Winn.

SPORTS

Whitworth-Cheney Game on Friday

The first game of the season will be held at Cheney, October 18, against the Cheney Normal Papooses. This team is composed of players who, although good football men, are too light to make the regular varsity. Ordinarily, this team is very fast; consequently this speed more than makes up for its lack of weight. The Papooses will give the Pirates a good battle all the way, and the game will prove a good one.

What The Coaches Say

The first football turnout of the year was held on Wednesday, Sept. 25, with about 20 men answering the call. Since then the number has increased, and there are two full teams turning out.

The following letter-men have returned this year: Everell Sharnboich, tackle; Leon Killian, halfback; Maurice McQuillin and Clifford Bromling, ends. Besides these men, there are a number of players with high school experience, and all are working together to develop a smooth-running machine.

Coach Neustel says: "The turnout and prospects are both better than last year. The large number makes possible two full teams, which will help in selecting a smooth-working eleven." It is too early in the season to pick out any regular team.

Coach Bailor says: "All indications are that Whitworth College has evolved into a new era in Athletics. The splendid spirit shown by the men is an indication of a fine season. This year must be used for building sound fundamentals and in placing a proper basis for subsequent years. Under the able leadership of Mr. Neustel, there is no doubt that Whitworth will excel in many departments of athletics."

Gridiron Grunts

After three weeks of practice, many of the football aspirants have learned that they are not playing "tiddle de-winks", but real honest-to-goodness football.

Crooks, McQuillin and Travalle have assumed the responsibility of keeping the spirit of the tired men to a peak. Many a nite an onlooker might suspect that they acted "geefy", because they were knocked out; but they are just making the squad forget their aches.

Morrison, diminutive aspirant for fullback, has of late been practicing to hit the line low and has succeeded to such an extent that now on every play his body reaches the ground before any other man on the team.

Every man in the Senior class is turning out for football. Let's see the other classes show some competition.

Maurice Holt, coming out from under a pile of 10 or 12 players: "Ah! This is my first coming out party!"

In answer to the query from Coach Neustel as to how he found himself this morning, Brannin replied; "Oh, easy! I just looked under the bed and some chairs and around under the radiator and there I was"

It may surprise many a Freshman aspirant and embarrass him in the first game if he is penalized for "holding."

Football Schedule

Oct. 18...Cheney Normal Papooses at Cheney;
Nov. 1...Cheney Normal Papooses at Whitworth;
Nov. 8.....Oregon State Normal.
Nov. 15.....Lewiston Normal at Lewiston.
Nov. 22.....Spokane University at Whitworth. (Homecoming Game).

Mascot

"Pat" the Pirates' mascot, will make his first public appearance at the Cheney game, Oct. 18, and will do his bit toward winning.

"Pat" is a Boston Bull, belonging to Clifford Bromling. He will proudly carry the Crimson and Black, and will add much to the fighting appearance of the team.

His uniform, consisting of a red blanket with a black "W" on each side and pom-poms for head gear, is a gift of the "W" club.

Injured Recovering

Injuries have seriously handicapped Coach Neustel the past week, but with most of the men on deck again now, prospects look better. John Booth has been out for two weeks with a bad leg; Aldridge has had a lot of trouble with his knee. Hesselman, Sharnboich, and Topping have been out with twisted ankles. Other minor injuries have kept team members from scrimmages but most of the men are back now, preparing for their battle with Cheney on Friday.

Many Whitworth students are taking advantage of the invitation of Knox church for them to hear the inspirational addresses of Dr. Lamb, of Sydney, Australia. Transportation is being cared for by the church.

Students are beginning to find their Church homes now. Knox church sends out four cars each Sunday to care for its members. Fourth Church sends out a car also.

An observer of the Whitworth College football team this year will have noticed the fact that there is a good deal of new equipment in use. The team is better outfitted this year than it has been for several years. Among the new articles of equipment that is most noticeable is a set of jerseys. These are solid maroon, with white numerals on the backs. Besides these, a number of pants, shoulder pads, head gears and sweat shirts have been secured. The Whitworth team will make a presentable appearance when it takes the field.

Sullivan

President Ward W. Sullivan and Mr. W. L. McEachran, chairman of the college board of trustees, went to Seattle, Monday, Oct. 7, to confer with the Seattle board of members; Rev. Mark A. Matthews, D.D.; Mr. E. N. Brooks; Mr. L. G. Pattullo, and John F. Reed. Dr. Sullivan reports a decided increase in the interests shown our college by the people of western Washington.

While they were in Seattle, Dr. Sullivan and Mr. McEachran attended the men's banquet of the Westminster Presbyterian Church. It is interesting to note that we have two representatives of that church at Whitworth. Helen Doig and Harry Kennedy.

W. A. A. Rally

The front campus provided a delightful setting for student affairs, Monday afternoon, Sept. 30, when all girls met for the annual fall rally of the W. A. A. Kathryn Bockman, president, explained the purpose and activities of the organization, and introduced Leta Mae Muir, the new secretary; and Leah Grove, treasurer.

Dressed in appropriate clothes for the sports represented, each of the captains gave an explanation of the way points could be earned in her department. Hygiene duties were made impressive in a clever chalk-talk, given by Maude Holt. Drawing designs from the letters of "hygiene", she showed that each girl should sleep seven and one-half hours, wear suitable clothes to school, and refrain from "piecing" between meals. Coach Bailor closed the program with a talk on the possibilities of the W. A. A., after which the entertainers served an outdoor lunch.

This year's captains are: Hygiene, Maude Holt; Hiking, Ruth Johnson; Volley Ball, Helen Doig; Basketball, Lilly Schwendig; Basketball manager, Dorothy Skerry; and Tennis, Margaret Jamison.

Girls' Initiation

The new dormitory girls must believe that life is a strange mixture of fact and fancy—and initiation First, all the new girls were unceremoniously "dumped", in college vernacular, in spite of the indignant cries, "We're not Freshmen". Miss White was especially interested in this procedure. Limberger cheese provided another feature in which all took part.

The Freshmen girls seemed to have difficulties. They soon learned that the Sophomore girls were good housekeepers, for they proved themselves expert at "stacking" a freshman room. It was with difficulty that various articles were located. The distracted girls also had their troubles in finding the required Kelly green ribbons. It is feared that the Sophomores had to use drastic measures in impressing the importance of these green ribbons upon their younger sisters. At any rate, "W" club paddles were borrowed and several imperative meetings of the Sophomore-Freshmen girls were called.

Then one morning the Freshmen girls meekly appeared at breakfast minus their shoes. Though they later appeared in shoes, it is understood that a ~~prayer~~ bundle hung out the third floor fire escape of MacMillan Hall early that morning. One wonders how long it takes to untie many knotted shoelaces.

In fact, the girls envied the boys in their peaceful Ballard Hall, but—well, wait and see.

Heads French Department

Among the new faculty members that Whitworth has acquired for the 1929-1930 season is Miss Barbara Willis, head of the French department. Miss Willis has studied extensively in France and Switzerland, and her present stay in the United States is her first one, since she came from England about a month ago.

In regard to America, Miss Willis says: "I like America, because it is such a friendly sort of country. There is not the formality that is always present in England, and the American people are not so reserved as the English. The American people are more democratic than the English, and there is not such a rigid class distinction."

"The students in America are not so blasé as those in England, and seem always ready for new ideas." The conservative element is not so noticeable as in England. I admire also the way in which people carry on their education after they reach the age of maturity."

PIRATES BEGAN TO SHOW FORM

Aldridge Stars With 60-Yard run

GAME VERY CLOSE

Struggle Ends With Ball in Pirate's Possession

The Pirates lost to Chewelah, Friday, October 25, by a score of 7-6. Although, it was only the second game of the season, Whitworth outclassed Chewelah in every department of the game. The Pirates completed more passes gained more yardage, and averaged more on punts. The team showed more fight and pep than it has any time this season.

Capt. McQuillin elected to receive the kick-off. Keyser received the ball and returned it ten yards. The fighting team marched up the field 80 yards to the Pirate's 28 yard line, where they lost the ball on a fumble. Chewelah's pass was incomplete, therefore, she was penalized five yards for offside.

Chewelah, on the third down, punted 20 yards to Booth, who called for a free catch. A pass from Booth to Traville was incomplete. Whitworth lost the ball on the 33 yard line.

Chewelah Scores First

Chewelah made a first and ten. Hesselman was hurt in the next play, and our line showed signs of weakening.

Chewelah on a series of line bucks and runs put the ball on the Pirate's 2 yard line. First play was held for no gain, but on the next play Chewelah went over left tackle for a touchdown. They made a try for a point on a line buck. Chewelah 7; Whitworth 0. The half ended with the score unchanged.

Continued on Page 4

Budget Accepted

The financial budget of the Student Association for the College year, 1929-30, was presented and approved at the student association meeting, October 28. The accepted budget is based on student fees amounting to a total of \$825.00, of which one-fifth will be used for the Women's Athletic Association and the balance for the Student Association activities. This amount will be apportioned in the following ways: football, \$240.00; basketball, \$132.00; baseball, \$92.40; soccer, \$79.20; Whitworthian, \$46.20. Volunteer Fellowship, \$39.60; debate and oratory, \$10.00; miscellaneous, \$19.80.

Date For Hallowe'en Party

November 1 is the date set for the annual Hallowe'en party. The Hallowe'en party is one of the chief social activities of the Student Association. ment of familiar ghosts, witches and clowns. The committees in charge are:

Program: Kathryn Bockman, Leta Mae Muir, Dorothy Chapman, Irving Brannin and Stanley Ayres; refreshment: Kenneth Knoll; Susanna Borden and Harold Slater; decoration: Paul Crooks, Louis Keyser, Lilly Schwendig, Evelyn Chapman, and Maurice McQuillin; auxiliary: Carl Killian, Loris Wynn, Glen Julian, Harry Kennedy and Cecil West.

HALLOWE'EN

Just sixteen centuries ago the churches of England and Scotland set aside November first as "All Saints' Day." The eve before was called "Hallow Eve." Then the witches, devils, fairies, and goblins came forth to hold a jubilee. The young folks could, by casting spells, see their future mates. Sacred bonfires were kept burning through the night. It was an eve of mystery.

Tomorrow night watch for the goblins, listen to their bolstrous fun, beware of witches, ghosts, and most of all the sly black cat that slinks across your path. If you think the little childish hobgoblin pranks are silly, remember that the little fellows have but one night to romp. Or, if you hear some mellow-voiced brave crooning meaningless syllables and see some soft-eyed maiden searching her mirror for her love's face, just remember that October thirty-first comes but once a year.

GIRLS OPEN DORM GREAT SUCCESS

Fine Program Given: Rooms Inspected

The girls of McMillan Hall held Open Dorm, Friday, October 25. There was a short program in the chapel, after which the rooms were open for inspection.

The program consisted of a piano solo by Miss Willis, a skit entitled "Julio and Romiette," in which Leah Grove was the charming Julio, superimposed on a romantic balcony, and Virginia Hedstrom was the gallant young Romiette; pianologues were given by Celia Herron, a bean contest was held for which each class chose a representative to hold a glass on his head and fill it with beans picked up from the floor. The freshmen won this contest and received a trophy cup on which to tie their class colors.

Much amusement was afforded by a skit entitled "Meller Dramar". Muriel Mase was the hero; Minnie Davie, the heroine; Lilly Schwendig, the vampire; Leta Mae Muir and Miss Morrison, father and mother of the heroine; Helen Dolg, Evelyn White, Mae Onstot, Zelma Morgan and Edith Loveless villains; Eudora Course and Lenore Morrison police. The chorus consisted of Kathryn Bockman, Lemore Van Loon, Maxine Alexander, Gladys Hanson and Mary Hinton, directed by Dorothy Hood.

Rooms Inspected

A violin solo by Maxine Alexander and a reading by Miss Willis completed the first part of the evening's program. The rooms were then open for inspection. Certain young men attempted to find dust on the most unheard of places, but their time is coming: wherefore do the boys have open dorm? These young men went away wondering how the girls managed to make their rooms so spotless and attractive as they appeared.

Refreshments were served cafeteria style in the girls' parlor.

Committee chairmen were: Maude Holt, program; and Lilly Schwendig, refreshments.

The girls are to be congratulated for the favorable impression that they made upon the visitors.

Miss Dorothy Dailey '28, who is teaching her second year in the schools of Albion, Washington, visited college chums, Friday and attended the Open House.

NATSIHI STAFF IS SELECTED

Four Members From 1929 Staff Are Retained

The Editor-in-Chief of the Natsihi has selected the Editorial Staff for the annual and is planning to begin work very soon. The staff chosen includes more experienced members than it did last year; they are from the three upper-classes.

Since a new method of selecting the staff has been used this year, it is much smaller than it was previous years, but it is capable of doing all the work that was done by twice its number formerly.

Six on Staff

The staff selected is: Everell R. Sharnbroich, Editor-in-Chief; Mary Hinton, Associate Editor; Maude Holt, Art Editor; Louis Keyser, Athletic Editor; Kathryn Bockman, Photograph Editor; Forrest Travalle, Humor Editor.

The Business staff consists of: Paul Crooks, Business Manager; Irving Brannin, Evelyn Chapman, Celia Herron, Advertising Assistants. Typists are: Leta Mae Muir and Kathryn Bockman.

Everell Sharnbroich, Mary Hinton, Maude Holt, and Louis Keyser, all had experience on the 1929 Natsihi.

Many Publicity Stunts

Many Publicity stunts, to create enthusiasm and arouse interest in the annual, are already being planned and will help much to make it a success. A barometer will be placed in McMillan Hall to show how rapidly we are nearing our goal in regard to advertising and circulation. Several programs in chapel are being arranged, as well as stunts in Business clubs in town. A Natsihi Carnival is being considered to raise funds. This is something new and should take well.

COMMUNITY S. S.

The Whitworth Community Sunday school has started again with a special class for young people of college age. The class is making a systematic study of the Life of Christ.

Some of our students have already entered active participation there. Lloyd Smith is teaching a class or boys. Miss Dorothy Hood is the pianist. There are several other students who attend. All students are welcome.

HOMECOMING SET FOR NOVEMBER 22

Football Game Will Provide Thrills

BANQUET IN EVENING

Committees Will Be Selected Today

November 22 has been set as the date of the annual Whitworth Homecoming, and plans are now being made to make this the biggest event in the history of the school.

The affair will begin with a program in chapel in the morning and will end at night with a monster banquet, at which the principle speaker will be a very noted man of the northwest.

Rivals Meet

The feature of Homecoming will be a football game with Spokane University. Since the "U" is our ancient rival, a great game is expected. The game will be played on our field at 2:30. A large crowd will witness the struggle. As this will be the last game of the season for the pirates, they will put their all into it.

Committees Being Selected

Today will mark the selection of numerous committees to take care of the many details of Homecoming. Every student will have some part in this undertaking.

During the day, both Ballard and McMillan halls will be open for inspection by visitors. Something will be going on all the time to show the Alumni and friends of the institution what we are doing here.

Further plans for Homecoming will be announced in the next issue of the Whitworthian.

Whitworth Student Receives Honor

Keyser Has Article in National Publication

The November issue of the Journal of Chemical Education, a national magazine for Chemistry teachers, contains an article on repairing broken test tubes, written by Louis B. Keyser, a Sophomore at Whitworth.

The article is entitled "A Simple Method for Repairing Broken Test Tubes," and gives in six steps a unique method for utilizing tubes that otherwise would be discarded.

Louis Keyser is majoring in Chemistry under Professor Neustel and has won much praise for his ability to handle glass work. His experimenting was carried on in the Laboratory at Whitworth and his article is illustrated by fine drawings by Keyser.

The Journal of Chemical Education is a nationally known magazine of noted standing. It is published at Boston each month. Nell E. Gordon of John Hopkins University is Editor-in-Chief.

Anyone desiring to read Keyser's article, and it would be well worth your time, may secure the magazine from Prof. Neustel.

Mr. and Mrs. Karl K. Rupp were visitors of Whitworth Saturday morning.

WHITWORTHIAN

The Whitworthian stands for high attainments and Christian Character

STUDYING IN CHAPEL

The Whitworth chapel period has a particular purpose. Primarily it is the place where we come for worship and for praise. The speakers who give of their time to make our chapel worth while have a particular message for us. It is not just the speaker's service, it is our service.

We owe to our speakers earnest attention. We owe to our God respect and reverence. Is it courteous, is it beneficial; is it Christian to use that time to read or to study? We do not admire half-Christians; but are we not being just that when we disregard the speaker's words, when we disregard the worship and praise of God by studying that neglected lesson in chapel. Surely, we must live by what we profess! Let us not see any more studying during our chapel service.

TRADITIONS

Whitworth, our own Alma Mater, has its customs and traditions as well as any other institution of higher learning. These should be held sacred by every man and woman on the campus. He who has no regard for them is not a true and loyal Whitworthian. It is the tie of these that binds us together in one body, and each student should observe the time-honored landmarks of the college.

Perhaps the most distinguishing feature of Whitworth is the spirit of friendliness toward one another and toward the institution itself. It is this spirit that leads to involuntary service that creates a positive atmosphere of progress and makes student life at Whitworth what it is today.

The Freshman-Sophomore fight is an annual contest for supremacy. The members of each class are joined together with a common motive. The Freshmen men are required to wear green caps; and the women, green ribbons. They must, also, observe certain rules laid before them, such as, using only the east entrance to McMillan Hall and refraining from conversation with any of the girls. These rules function until Thanksgiving, when much to their relief, the Freshmen receive a little freedom.

The College sponsors several social affairs to which the students look forward. At the opening of the college year, an annual All-Day Hike is held. A few days later there is the All-College Mixer, which completes the task of getting acquainted. Other annual social functions are the Halloween and St. Patrick parties, and so on throughout the year. These all-college events are entered into whole-heartedly.

Campus Day is set aside for a general clean-up and good time. The fore-noon is spent in beautifying the campus, while the afternoon is ended with a baseball game or some other good-will contest.

The April Frolic is probably the most looked-for event on the calendar, as far as the girls are concerned. This is their own affair; the men are not wanted at all.

The big date for the football men is that of the football banquet, given annually by the Women's Athletic Association. The season's letters are awarded at this time, and speeches are made by the coaches and men. This is the biggest event of the season of its kind and is thoroughly appreciated by all the men.

There are other traditions of importance endeared to the heart of each student as the years pass. The development of a sane attitude toward life and the building of character are serious matters at Whitworth. Each one tries to live a wholesome life so that the Whitworth stamp may impress itself upon the ideals of mankind.

IN CHAPEL

On Wednesday, October 16, Mr. Ashwood, member of the Board of Christian Education of the Presbyterian Church brought a message by music and word to the assembled students at chapel period.

After the song, "No Room in the Inn," Mr. Ashwood gave a short talk linking two references: one in Proverbs: the fourth chapter, "Take fast hold of instruction, let her not go, keep her for she is thy life."; and the other, from Matthew: the twenty-fifth chapter, the story of the gifts of the talents.

Thursday, October 17, Dr. Lamb spoke in chapel, using as his theme: "The hope that purifies even as He is pure." Dr. Lamb comes from Sidney, Australia, and is conducting Bible study conferences in various parts of the United States. During the week, October 13 to 18, he held a series of meetings at Knox Presbyterian Church.

Dr. Lamb's introductory remarks concerned King Og, the giant, who left but one record of his life, that he had an immense iron bedstead. In order that our biographies may contain more than this, Dr. Lamb discussed the Hope of Christ's coming, which purifies the life in three ways: by turning it to God, by calling it to His Service, by causing it to wait for the coming of His Son from Heaven.

Monday, October 21, Dr. Hardwick told the story of Thomas Lawrence the brave Arabian youth who organized and commanded 200,000 Arabs in aiding the British to overcome the Turks and take Palestine.

Lawrence at one time faced the refusal of the British Army officials, but later he became leader of his own countrymen. Remarkable genius and courage were shown by the youth as he led those soldiers; but greater courage was shown when he refused all honors offered him by the British government, because they had not supported him in the promise he made to his people. "No, I take no honor, because I am dishonored" were his words. He is today living under an assumed name the modest life of an ordinary man, not a great military genius.

Tuesday, October 22, E. M. Hicks, President of the Anti-Saloon League, spoke. His subject was "the greatest issue of the day—prohibition."

Mr. Hicks said that prohibition brought a challenge to the will power. Alcohol lessens efficiency and self-control. Experiments carried on in Great Britain show that one pint of beer lessens physical efficiency fourteen per cent and mental efficiency twelve per cent.

Thursday, October 24, Professor Neustel spoke of the three ways in which one may find satisfaction.

We all seek satisfaction which we may find by securing education of a three-fold kind, by building worthwhile character and by serving fellowmen.

Monday, October 28, the Reverend Stanley H. Roberts, pastor of Fourth Presbyterian Church spoke in Chapel using the theme "Can the Lord depend on You?"

Rev. Roberts gave a brief sketch of the writing of Robert Harkness's song "Can the Lord Depend Upon You?" He stressed the point that all Christians must bear testimony, must be dependable, must so live that they will at the last hear the words "Well done thou good and faithful servant; thou has been faithful over few things, I will make thee ruler over many, enter into the joy of thy Lord."

An Ideal Instructor

What qualities would your ideal instructor have? Who is best able to teach? Why have you ever considered this? What are some of the qualifications for an ideal instructor?

Some one says that the qualification of first importance is that of having a mastery of the subject. Indeed, this is of vital importance; but, suppose he knows nothing about young people whom he will be teaching; can he do his best? It is therefore of almost prime importance that the instructor have a sympathetic understanding of young people. He must know the needs and desires of youth and be able to choose from his material that which will not only attract their attention; but also, that which will meet their present needs and prepare them for the future.

To understand youth is not enough, for he, too, must be youthful. The spirit of an instructor should be young even though he may have many years to his credit. If he keeps his youthfulness there is little danger of his not being in sympathy with young people and the problems of life that they are facing.

If youthfulness be of prime importance then, surely, a mastery of his subject and a knowledge of the way to give it out follows very closely; in fact, one cannot do without the other. A youthful personality without knowledge is valueless, and knowledge without the personality is useless.

It is no matter how much knowledge one may have if he is not able to give it to others in a systematic and understanding way. It will be of little value to the student.

The third quality which young people want in an instructor is open-mindedness. Often we find that an instructor cannot win the confidence of a young person, because he is unwilling to lay aside some of his own opinions to see the point of view of the young people with whom he is dealing. Many Young people have been led to take a radical stand, because some instructor failed to see the student's perspective.

Patron's Cards

In order to show city business firms the value of advertising in the Whitworth publications, patron's cards have been printed and distributed to every member of the student body. "We patronize Our Advertisers" is the slogan printed on each card, which will prove to business men that Whitworth advertising pays.

When a student makes a purchase, he will give a patron's card to the clerk. These cards will lighten the task of business managers of the "Natsihi" and "Whitworthian" and will help raise the \$1500 required for the publication of the school paper and annual.

ARE YOU AWARE OF THE FACT THAT--

Margaret Jamison's foot reaches the speed of eighty-three swings a minute when there is no one to interfere.

Paul Crooks is a walking information bureau. Yes, when he wears those hieroglyphic "cords" of his.

Mr. D. Nelson is very skillful at imitating a dog. Perhaps that is well, for we understand that big blue eyes may often cause a man to lead a "dog's life".

When Mr. Moore faces his Glee Club, he cries, "Would God I were among the roses". Yes; but when he gives "tests", the club is inclined to have the same wish.

Mr. Smith is trying a new procedure in courtship. He not only breaks their resistance but also some of their bones.

STRANG ENTERTAINERS PRESENT PROGRAM

Are you Scotch? If you are, you enjoyed with the rest of us the delightful program presented by the Baldy-Strang Sunset Artist Players in the chapel, Wednesday, Oct. 23, at 8 P. M.

Many friends from the surrounding community were present to enjoy with the students a delightful evening of song and music. Solos were sung by Mr. Strang and his wife; sacred numbers as well as classic and folk songs were given.

For a time our minds were taken back to the days of George Washington and the days at home with mother in the presentation of the character of Mr. Strang as he sang, "The Songs That Mother Used to Sing."

Then almost immediately we were taken to the mountains of Arkansas in the presentation of the Hill-billy. From this great character, we had presented to us in song the fact that "It's Great to Get Up in the Morning, but It's Better to Lie in Your Bed."

Now come across the ocean blue to the highlands of Scotland. Can't you hear those bag-pipes blowing and don't your feet just tingle as the Scotch tunes are played? We learned, too, that the highland laddies can play the tunes loved by the Irish and the Americans as we listened to the Piper play "Believe Me if All Those Endearing Young Charms" and "Marching Through Georgia."

After hearing these folk songs so beloved by all, our hearts were stilled and we were brought back to the greater realization of God's love as we listened to the singing of "The Holy City." Everyone left with the words of that great song ringing in his heart.

Volunteer Fellowship Party

The first social function of the new school year for the Volunteer Fellowship was a Hard-Time party held Friday evening, October 19, at eight o'clock, in the basement of the Knox Church.

Twenty young people united for a jolly good time. The boys displayed their prowess at leap-frog, in which they had a difficult time keeping their hats on. Several girls were almost choked in a bread-crumbs and sugar eating contest. Three couples were blindfolded; the boys feeding the mixture to the girls; unfortunately, more of the concoction was wasted than was eaten. Flying Dutchman was played in the gymnasium. Some say there was more gliding than flying, however. Everyone became so interested in basketball that a game of keep-away was resorted to as a means of satisfying all present.

Finally, when all were tired of playing, refreshments were served. Each person was given a glass of cider and a package containing a bun and some cookies.

Committees were: Leah Grove and Leta Mae Muir, refreshments; Margaret Jamison and Kathryn Bockman, entertainment.

Mr. Christian of the Christian Studio arrived immediately after chapel, Monday, October 14, to take pictures of the students, faculty, campus, and buildings.

The students gathered on the campus where Mr. Christian took two pictures. First the Freshmen and Sophomore classes occupied the foreground with the upper-classmen, faculty and building in the background; then the upper-classmen and faculty moved up and the lower-classmen filled the background.

It is hoped that these pictures will be more successful than those taken previously.

Where Our Trees Grow

The trees of the forest are in many ways like people. They have habits, likes and dislikes, and are divided into families, communities and races. Like people, different races are found in different localities.

The forests of Oregon and Washington are divided roughly into two regions. These regions differ sharply in climate and tree families. From the slopes of the Cascade Mountains, westward to the ocean are the dense and sombre coast forests of fir, hemlock, spruce, and cedar. East of the Cascades are the open parklike western yellowpine forests. Both of these

regions produce valuable lumber.

Between the east and west side forests at the higher elevations of the Cascades, are the mountain folk—the beautiful Alpine woodland. These have relatively low timber value, but are important for watershed protection and for recreation; the open ridges and meadows are valuable for livestock grazing.

In our next article we shall meet and get acquainted with one of the real leaders in the world of trees—the stately Douglas fir.

U. S. FOREST SERVICE

Miss Willis At Hillyard

Miss Barbara Willis addressed the Hillyard High School P. T. A. Tuesday evening, Oct. 15, on the subject, "The Schools of England." Beginning with the eighth century she traced the progress of education to the present time in England.

"In America," said Miss Willis, "it is possible for nearly everybody to go to college. It is more difficult and more expensive in proportion in England." Miss Willis also said that the granting of the B. A. degree in the mother country depends upon final examinations taken at the end of the third year, and that it is not necessary for the pupils to attend classes. "You may work very hard in England and then fail any examination; so it makes it very difficult when graduation depends on the one week of work," she stated.

According to Miss Willis, English students have only one month of vacation in the summer. Class distinctions still exist, so that a duke would not like his son to be educated with the son of a shepherd. Organizations corresponding to the Camp Fire Girls and the Boy Scouts in America are helping to abolish class distinction as rapidly as possible.

Girls' Prayer Meetings

Every Monday, Tuesday, and Thursday at 7:15 P. M. the girls of McMillan Hall hold a prayer meeting for those who care to come.

The prayer meeting is purely optional though all girls are invited. The group was organized and a meeting place selected, because the girls felt the need of a power house where they might seek His help in a united effort to make the college life at Whitworth a spiritual life, far-reaching in its outgrowth.

Nimrods Try Their Luck

Before the dawn is darkness and cold. On Wednesday mornings, the chilly stillness of the early morning is broken by the departure of the College Nimrods, who leave to do their bit toward the extinction of the poor, defenceless Chinese.

Loaded down with artillery and many rounds of ammunition, Topping and McQuillin steal forth to accompany West on a weekly hunting trip, usually to return after a very successful trip for the birds.

Pat Goes to Cheney

"Pat", the Pirate mascot, took part in his first athletic event on Friday, October 18, when he traveled with the Squad to Cheney. Unable to take active part in the game, he more than shamed the rooting section from Whitworth by urging the team on with a lusty voice. Pat has the advantage of others who cheer, in that his voice never gets husky. He appeared "chic" in his new fall ensemble, and held everyone's attention.

Personals

Carl Killian, Gene Topping and Louis Keyser went to Pullman Saturday, October 19, to see the W. S. U.-U. of Washington football game.

Maxine Alexander is studying violin from Professor Herbst in the city.

Hallie Harris, a former Whitworth student, who is teaching at Wellpinit this year visited the college over the week-end.

Susanna Borden, a junior, returned to Whitworth last Monday to take up regular work.

Several students and one teacher have been taking advantage of the fine fall weather to play tennis.

Mrs. Rupp (Marthaena Miller) and Mrs. Auld (Sarah Miller) were guests at the Girls Open House last Friday.

Marvin Skær, last year's football captain, now a student at W. S. U., came up for the Open House on Friday. He was accompanied by Miss Marcia Hebert.

After the Whitworth-Cheney game last Friday, several of our girls were shown through Monroe Hall. They were pleased with the girls' parlor.

Those of the old students who knew Miss Taylor, college secretary, were surprised to hear of her recent marriage. She is now Mrs. Roland Gale.

Milton Andrews expects to be in town over this week end (We obtained this news from Miss Schermerhorn.)

The latest foot-ball man to receive injury is Donald Nelson. He broke two fingers in the Cheney game.

Mary Hinton has a crippled foot due to an injury received when Smitly gallantly opened a door for her.

Dorothy Skerry entertained Leta Mae Muir and Kathryn Bockman at dinner Sunday, October 20. In the evening the girls attended the dedication of the Cathedral of St. John the Evangelist. Dr. and Mrs. Hardwick and Ruth Feller were also present at the service.

Harry Kennedy was deprived of the use of his hand for several days last week due to infection. Prompt hospital attention, headed off serious trouble, but an infection of the heart caused by over attention on the part of the Deadwood nurses is causing him some trouble.

Dorothy Skerry has begun a class in piano in the Country Homes' Estates and spends Saturday morning giving lessons. She also teaches in Hillyard. Miss Skerry is continuing her own work in voice and piano under the instruction of Professor A. G. Bittner.

ALUMNI READ WHITWORTHIAN TOO

Oct. 23, 1924

Dear Leah:
This is the best copy of the Whitworthian I've seen for a long while. I compliment you and the staff. The front page is fine, giving interesting activities of various types. Especially was I interested in your account of the "head" and faculty of your school. It sounds "keen". Good luck to you all and here's hoping you have the finest year ever, and be sure to keep up all the traditions. (That means good times.)

Yours,

"Doc"
(Dorothy Barber)

Students At St. John's Cathedral

A number of Whitworthians attended the Sunday evening service at the dedication of the beautiful Cathedral of St. John the Evangelist, October 20. "Unfold Ye Portals" and the "Hallelujah" choruses were the choral selections given. Dr. Charles Schofield of Columbia, New York and Dr. H. H. Fox of Montana were the speakers. Those attending from Whitworth were: Deau and Mrs. Hardwick, Misses Ruth Feller, Dorothy Skerry, Leta Mae Muir, and Kathryn Bockman.

Last year's students at Whitworth will be surprised to learn that Robert (Bob) Millikan is attending Tufts Junior College, Tuft, Kern County, California.

James Bennett, a student in the Whitworth preparatory department in 1920-27, is now attending Palo Alto Union High School, Palo Alto, California.

Crooks Speaks at Parental Homes

Sunday, October 20, the Christian Endeavor from the Fourth Presbyterian, held services at the Parental Home, before a group of 25 young people. Paul Crooks of Whitworth was the principle speaker of the afternoon, and delivered a very inspirational talk, comparing life to a game of football.

Musical numbers, including a vocal duet and a violin duet were features of the program.

Sixteen members of the young people's society made the trip, including five students of Whitworth.

In his address, Mr. Crooks dwelt upon the fact that in life as well as in foot-ball games, practice is essential in order that one may overcome the opposing forces.

SPORTS

Whitworth-Cheney Game on Friday

Friday, November 1st, Whitworth again meets the Cheney Papooses. The "Pirates" having gained experience from two games this season, will avenge the defeat received from Cheney two weeks ago.

The men look like football players and are eager to meet Cheney again. The game, Friday, will be the best of the season to date. A Pirate victory will be perfectly in keeping with present mood of the men.

On Friday, October 18, the Cheney Normal Papooses defeated Whitworth at Cheney by a score of 26 to 0. This game was the first of the season for the Pirates, who were handicapped by lack of experience. Towards the last of the game, however, the Whitworth team began to work better, and Cheney scored only one touchdown in the second half.

Cheney will play a return game with Whitworth at Whitworth on November 1, and the experience of several games will greatly aid the Pirate eleven in withstanding the attacks of the Papooses.

The Whitworth Line-up for the game was as follows:

Travaille	L.E.	Sharnbroich	R.T.
Hesselman	L.T.	McQuillin	R.E.
Slater	L.G.	Booth	Q.B.
Brannin	C.	Bromling	H.B.
L. Killian	R.G.	Keyser	H.B.
Aldridge	F.B.		

Substitutions: Nelson for Booth, Booth for McQuillin, C. Killian for Bromling, Geshe for Slater, Bromling for Nelson.

"W" Club Active

The lettermen's organization, known on the campus as the "W" Club, has been active for the past two weeks. With a game on the home field scheduled it fell upon the shoulders of the club members to prepare the field with the aid of Whipple and his trusty Ford, the gridiron was smoothed down and well watered. Thursday afternoon and Friday morning were devoted to lining off the field.

In addition to this, the Club has maintained order by the customary method.

Gridiron Grunts

A new system of signals has been inaugurated. For example, Riverside 4171 means most every thing from a touchdown to a game called off on account of rain.

Scotchman Crooks wanting to play half-back because he thought he thought he could receive at least half of the original investment, is the latest Scotch story.

Cheney is sure to meet with opposition when they visit us, but there is some doubt as to just where the real battle will be, McNeal disagreeing with the rest of the Squad.

Nelson is the man who got all the breaks.

Crooks: "What's the matter, Morrison, can't you get up?"

Morrison: "No sir, I'm stuck. Lily threw a wad of gum on the field."

Brannin, struggling with foot-ball sox, "Say Coach, how do the women keep these things up?"

Football Schedule

Nov. 1.....Cheney Normal Papooses at Whitworth;
Nov. 8.....Oregon State Normal.
Nov. 15.....Lewiston Normal at Lewiston.
Nov. 22.....Spokane University at Whitworth. (Homecoming Game).

Foot-ball Captain

At a meeting of the foot-ball men Wednesday, October 23, it was decided to elect a permanent Captain for the entire season. At this meeting, McQuillin was chosen for the position.

McQuillin plays the right end on the team and has the experience of several games to widen his judgment. He also has the distinction of being the oldest letterman on the team, since he made his letter under Bennett in 1927.

Basketball

In a few weeks the call will come for girls' basketball turn-out. Without a doubt, the girls may develop a winning team, for all of last year's first team has returned, in addition to many new girls who are experienced players.

We shall probably have a girls' coach who can develop the material into a fast team. Practices will be held from three to five times a week in order that a winning team may result.

The new girls who have experience are: Oelia Herron, guard and center; Dorothy Chapman, center; Minnie Davie, center; Maxine Alexander, guard; Zelma Morgan, guard and side-center; Leonore Morrison, guard and side-center. There are several other girls who will turn out.

Captain Schwendig expects two strong teams to be trained, so that the Whitworth Girls' Team may vanquish some of their victorious rivals of last year.

Faculty Club Meets

The Faculty Club, composed of all members of the faculty and their wives, met for organization at a six o'clock dinner held in charge of o'clock dinner held in the college dining hall, Saturday evening, Oct. 19.

Professor H. L. Husseng who has been president for the three years that the club has been organized, was reelected. Professor Leonard Wyatt was elected secretary-treasurer.

The club plans to take up the study of current event history for the coming year.

The men and women alternate in providing entertainment. The women will have charge of the next meeting. Mesdames Hays, Buxton, and Sullivan were chosen by the chairman to arrange the program. At the meetings are held every third Saturday evening of each month, the next meeting will be called to order Nov. 16.

On Thursday, October 17, Christian Studio took photographs of the foot-ball squad and collective and individual pictures of each man on the squad. These will be used in the 1930 Natsihl.

Ballard Men Are Initiated

The Infernal Brotherhood of Whitworth College, which is composed of men of Ballard Hall, held its annual initiation, Wednesday night October 23. The tests were chiefly designed to prove the ability and the sportsmanship of the new men.

All the men who joined showed a fine spirit, and entered the initiation whole-heartedly.

The first feat was the traditional run around the quadrangle, to test the wind of the men. A quest in search of a number of cards placed in various spots over the countryside taxed the ingenuity of the entrants.

The new men were sent out in pairs; and after about two hours search, they returned with all their cards. They agreed that they had a good deal of fun with the whole thing.

The new men were treated to a feed a few nights later to show the welcome with which they were received into the Brotherhood.

The new members are: Carl Killian, Gene Topping, Clifford McNeal, Donald Nelson, John Booth, Harry edy, Felton Sharnbroich, Laverne Morrison, Maurice Holt, Irving Brannin, Stanley Ayres and Alfred Marquam.

Pep Rally

The first pep rally was held in the chapel Friday, October 18, preceding the departure of the football squad for Cheney. The first part of the meeting was conducted by Maurice McQuillin, president of the "W" Club. He called on Coach Bailor who gave a most entertaining and enthusiastic talk, painting for us a vivid word picture suggestive of the feelings of the coach on the sidelines.

Coach Neustel's words were few but earnestly stated. There was no doubt in anyone's mind whether or not he had given his best in making a team from the raw material with which he has to work.

Since the football captain elected for the season of '29, did not return to Whitworth, the squad asked Mr. Neustel to appoint a captain for each game. Everell Sharnbroich was named captain for the Cheney game. McQuillin then called the name of each player and asked him to stand so that we might be acquainted with the squad. An apology was offered by McQuillin for the actions of the mascot that was desirous of joining in song.

The meeting was turned over to Bruce Clark, yell-king, who led the students in cheering as the bus started.

Continued from Page 1

In the second period the fighting Pirates held Chewelah scoreless. Keyser kicked off for Whitworth but recovered the ball. A pass to McQuillin made 15 yards. Two incomplete passes resulted in a five yard penalty. During the rest of the third quarter neither team gained any yardage.

Aldridge Makes Run

The fourth quarter, the team really showed its fighting spirit. With the ball on our 40 yard line, Booth threw a pass to Aldridge who ran 60 yards for a touchdown. Keyser took the ball on a line plunge for a try for a point, but failed. The score stood Chewelah 7, Whitworth 6.

Slater then kicked off to Chewelah, Chewelah kicked on the first down. A pass was incomplete. A line buck netted 15 yards. The Pirates were heading for another touchdown when the final whistle blew.

The team showed remarkable improvement since the Cheney game. The line charged harder and the team as a whole worked as one unit. Watch the Pirates go against Cheney Friday, Nov. 1.

FIRST QUARTER HONORS GIVEN

Keyser Leads Individual Honors With 45 Points

SENIORS WIN TROPHY

Juniors Run Close Second for Class Honors

Leading the four classes with an average of 27.375 grade point, the Senior Class won the W. L. McEachran scholarship trophy for the fifth consecutive time, having won it all four quarters last year. The Junior class was a close second with 26.786 grade points. The Sophomores captured 20.466 points and the Freshmen trailed with 15.939.

Individual honors in scholarship for the first quarter were headed by Louis Keyser, '32 with 45 grade points. Virginia Koyl, '31, was second with 42 grade points; the others in order of rank were: Lilly Schwendig, '30 with 41 points; Maude Holt, '31 with 39 points; Ruth Johnson, '30 with 39 points; Janice Schermerhorn, '31 with 39 points; Leah Grove, '30 with 38 points; Kenneth Knoll, '31 with 38 grade points; Kathryn Bockman, '30 with 36 points; Leta Mae Muir, '32 with 36 points; Ruth Feller, '30 with 35 points; Margaret Jamison, '31 with 35 points and Mary Hinton, '31 with 33 points. Vivian Johnson received honorable mention.

In order to receive honors, a student must be carrying at least sixteen hours and must make enough grade points to equal one point more than twice the sum of hours carried. One point is allowed for each student with a perfect chapel attendance record for a quarter.

Dr. Phillip Payne Visits Whitworth

Dr. Phillip F. Payne, of San Francisco, was a guest of Dr. Sullivan at Whitworth on Monday, December 9, and while here addressed the students after dinner in the dinner hall.

Dr. Payne is Synodical Executive of the State of California and, also a member of the Presbyterian Board of National Missions, having as his territory the eight western states to care for.

The great work that Dr. Payne is now engaged in as head of the Board's Oriental work is that of teaching the Christian Chinese youth in America their own native tongue—Chinese. When they have learned their own tongue they are then sent to China as Missionaries.

He was very much impressed with Whitworth College and said in his visits to many of the colleges of this country he had never seen one that met his ideal as fully as Whitworth. Dr. Payne has a son in San Francisco who graduates from High School soon and he plans to send him to Whitworth College to continue his education.

Dr. Payne was in Spokane in the interests of National Missions the last few days.

How silently! How silently the wondrous Gift is given!
So God imparts to human hearts
The blessings of His Heaven.
No ear may hear His coming;
But in this world of sin,
When meek souls will receive Him still,
Dear Christ enters in.

(from "The King's Business")

FACULTY CHANGES RULE ON ABSENCES

Allowed As Many Absences As Hours Carried

In the Faculty meeting two weeks ago it was decided to change the ruling in regard to excused absences from class and chapel. Previous to passing this rule, a student discounted one point from his semester grade for every excused absence. The new rule is as follows:

"Each student is granted excused absences by the administration to the number of hours in the course; for example, two excused absences from a two hour course, and three from a three hour course etc. For these absences no grade points will be deducted provided the work is made up to the satisfaction of the instructor in charge."

"All other absences will be excused by the administration except cases of sickness and those of special duty for the college."

In explaining the new rule Dean Hardwick says "This means two excused absences from a two hour class per semester not quarter, etc." "It applies to chapel also." The new ruling goes into effect immediately.

Debate Team Will Meet Wheaton College

Whitworth College has accepted a challenge for Feb. 7 to debate representatives of Wheaton College, Illinois, who will make a tour of the Northwest to debate the national disarmament question. Margaret Jamison and Leah Grove, last year's team, will defend Whitworth.

The question although not definitely stated by Wheaton College will be practically the same as last year's with the exception that the Russian Plan will not be considered. The contest may be either a decision or a non-decision debate but will arouse considerable enthusiasm inasmuch as Dr. and Mrs. Tiffany are now working in Wheaton College.

Debate tryouts will be held Monday morning, Dec. 16, during the Chapel period when each contestant will give a five minute talk on the negative or affirmative side of the question: Resolved: That the English indictment of the American educational system is justified.

SPECIAL CHAPEL SERVICES HELD

Rev. Killian of Davenport Holds One Week of Services

Reverend Mr. Killian, pastor of the Presbyterian Church at Davenport, brought five addresses to the college students, during the week of November second to sixth. His general theme was "The Program of Jesus". On the closing day opportunity was given for students to make decision regarding acceptance of Christ or forward steps in His service.

The sub-topics used by Mr. Killian were: "The Programs Presented and Rejected during the Temptation of Jesus"; "The Real Teachings of Jesus Concerning His Kingdom"; "Christ Doing the Things He Taught"; "Jesus, the Great Teacher"; "Do We Dare Be Christians?"

After the concluding address, an appeal was made for definite decisions regarding Christ and His work. Pledges were passed to the students. Those making decision either for the first acceptance of Jesus or for consecration of their lives to Him, signed cards stating their purposes. One card was kept by each as a personal record; the other was given to Mr. Killian.

Girls Meet To Discuss Rules

A meeting of the dormitory girls with Dr. Sullivan, Dr. Hardwick and Miss Morrison was held in the girl's parlor at 7:30 on Monday, December 9. The purpose of the meeting was to discuss dormitory rules. The rules discussed were the locking of the library, chapel and classrooms during the week-end, the closing of the lower floor and the dorm doors, the hour at which the girls must be in, and the use of the Boy's Parlor as a recreation room during the week-end. After much discussion the questions were referred to a committee of three girls, appointed by Leah Grove, Dormitory girls' President. This committee will along with the deans, draw up a set of rules which will be voted on at a meeting to be called soon.

Virginia Koyl, with her mother and sister, attended the Hillyard-Fairhaven football game on Thanksgiving day in Seattle.

FOOTBALL BANQUET A GREAT SUCCESS

Forrest Travaille Elected Captain for 1930

AWARD FIFTEEN LETTERS

Attractive Decorations Add to Enjoyment

Whitworth spirit and enthusiasm characterized the Annual Football Banquet, sponsored by the Women's Athletic Association, which was given in the college dining hall, on Friday, December 6. About 80 persons attended, including 23 football men who were the honor guests for the evening.

The dining hall was beautifully decorated in red and black, the college colors. The color scheme was further carried out on the long table laid out in the form of a football field. The ball used in the S. U. game furnished the centerpiece and miniature goal posts were placed near the ends of the table. Novel placecards, illustrating a futuristic football player, contained the evenings program.

Red candles in high candlesticks were lighter during the last course. A very delicious, three course dinner was served.

Dr. F. T. Hardwick was Toastmaster and presided over a well-planned program. Prof. H. L. Hussong gave the first toast, paying tribute to the football men. Prof. Hussong always gives an interesting talk, and

(Continued on Page Three)

Homecoming Is Very Successful

"The most successful Homecoming held at Whitworth for many years" was the statement made by many of our guests as they left the college, Friday evening, Nov. 22, after attending the chapel program, football game, and banquet.

The guests were entertained by a program in the chapel in the morning. Several clever skits were given along with solos and readings. The "Pirate Mascot," little Billy Sullivan was introduced, dressed in full pirate regalia.

In the afternoon Spokane University and Whitworth met in their annual battle. The Spokane line and backfield outweighed Whitworth perhaps twenty pounds to a man and altho the Pirates outfought them during the whole game, they did not have the reserves to keep a fresh team on the field at all times as did Spokane University. The score was 74-0 for the University.

In the evening about 175 people gathered to attend the Homecoming banquet. Miss Marjiam Cassill was the principal speaker and her talk was enjoyed by all. Musical Numbers were given by several students. Pyrell Sharnbroich, Student Association President welcomed the guests and Miss Kuld, a former graduate, responded. Dr. Sullivan talked on the aims and work of Whitworth and the banquet and homecoming day was appropriately closed by singing the Alma Mater.

WHITWORTHIAN

The Whitworthian stands for high attainments and Christian Character.

A CHRISTMAS MEDITATION

Two thousand years ago, the stars shone as today,
 They led the lowly shepherd to where the Christ child lay,
 Their radiant beams, their holy light,
 Brought glory to the world of night
 No longer need there be the dark,
 Nor fear in any human heart,
 For stars proclaim the message bright
 And all may know, He is the light.

M. E. H.

FORGETTING GOD

Monday, in chapel, the speaker brought to our attention a number of false and futile attitudes toward God. The address was carefully planned. It was interesting and enlightening to those who listened. The speaker stressed most strongly the false attitude of forgetting God. He said that that is the most common false attitude of today.

Among the audience of students there were a great number of things happening. Some exciting conversations, accompanied by silly giggles, kept a steady buzz. Some students wrote notes in the hymn books or played childish games. Others slumped down in their seats with bored expressions on their faces.

These observations are neither pleasant or complimentary, but they are true. Are we, the students of Whitworth College, forgetting God? Are we acting like Christians or like rude, inconsiderate children? A stranger in our midst would have been impressed by both the speaker and the audience. He probably would have said of us, "You are forgetting God." Would his comment have been correct? Are we Christians? Do we show our Christianity in daily living?

IN CHAPEL

Tuesday, November 20
 The Reverend Mr. Williams, pastor of Millwood Presbyterian church, brought a Thanksgiving Day message. The Christian has more for whom to be thankful than the things mentioned in the president's proclamation: prosperity, plenty, peace, and progress.

The Christian should thank God for faith, for spiritual blessings, for the Redeemer, for his inheritance through the Redeemer, and for the will of the Father as it manifests itself in Christian lives. Christian thankfulness extends even to days to be, to future opportunities. "If you can't have what you'd like," said Reverend Williams, "learn to like what you have."

Monday, December 3
 Reverend Mr. Killian of Davenport opened a week's series of addresses on the subject, "The Program of Jesus". The first address was based on the scripture passage concerning the temptation of Jesus. There were three plausible programs presented to

Jesus, but He turned them aside. Christ found the temptation of building His kingdom on an economic basis. This He knew to be against the plan of God. Again, it was suggested that He build His kingdom by doing the spectacular. This, too, He turned aside. His last temptation was that of compromise. In answering all three temptations, Christ used the word of God.

As in that day, there is now but one way of establishing the kingdom. That is, by the surrendering of each individual's heart, mind, and will.

Tuesday, December 3.
 Mr. Killian's second address concerned the real teachings of Jesus Christ about His kingdom. As given in Luke 17:21, "The kingdom of God is within you."

Jesus teaches that His kingdom is not a material kingdom, but one made up of hearts and lives of men. The kingdom is not to take away evil, but rather to give man victory over evil. It is a kingdom not just for one race, but for all men. The righteousness of the kingdom will finally triumph over all evil. The requirements for entrance to the kingdom are two: a surrendered will, and a desire to live for God.

The gospel, or good news, of the

kingdom is a revelation of God, of Christ, of the Holy Spirit, of a redeemed man, and lastly of a redeemed society.

Wednesday, December 4.

"Jesus was a teacher of authority. He was also a teacher who lived His own teachings", said Reverend Killian.

In four ways Christ was shown to do the things He taught. His teaching was for the ages. It was given in realization of the human need. Jesus revealed God to man, and showed that God meets man's every want. He gave Himself to a ministry of self-sacrifice and service. He adopted the principle of the cross and died there, because that was God's plan.

Thursday, December 5.

"Jesus, the Great Teacher", was the topic of Mr. Killian's fourth address.

The teachings of Jesus bring to man a higher idealism than is found in any other doctrine. Man's relations to God, to his fellow man, and to himself are placed on a higher level than they are in the teachings of any other. Christ teaches of the kingdom and His place in it. He teaches of individual rights. His doctrine is one of forgiveness.

For the one who lives to the end for Him, there is a reward. This is not to be sought for the reward's sake; it is promised to all who live for Him that they shall see Him as He is.

Friday, December 6.

"Do We Dare to Be Christians?" asked Mr. Killian in his closing address. America claims to be a Christian nation, but does not show her Christianity in her social conditions. For the Christian there is the necessity of removing the causes of vice. Before the ideal of universal brotherhood of man is reached, people must realize and accept the Fatherhood of God. True civilization is the result of a spiritual force.

All ability must be realized as God given. Problems be solved only when each individual serves God and his fellowman. Are we to crown Christ king? It must be either Christ or chaos.

Monday, December 9.

"Four equally false and futile attitudes toward God" said Prof. Buxton, "Are denial, defiance, servile fear and forgetfulness. The first and the last of these are the most common."

Tuesday, December 10.

Rev. Brown of Monroe Park Presbyterian Church addressed the students on the general theme of "Living Illustrated by examples of faith in the by Faith". His talk was profusely illustrating of men.

PAUL BROWN

Paul C. Brown, Pacific Coast Secretary of Christian Endeavor, was a visitor at Whitworth during the last week of November and spoke in chapel.

The theme which he used was taken from the verse "I know in whom I have believed and am persuaded that He is able to keep that which I have committed unto Him until that day."

"There are two spiritual realities to life," said Paul Brown. "The take part of Christianity—the acceptance of Christ, and the give part—as the Holy Spirit causes the individual to yield his life to Christ."

In conclusion he said "If you are here only for an education to earn a living then you are of little value but if you are here to make your life count for God, that's wonderful".

RECIPE FOR LOVER'S TIFFS

Take a pinch of jealousy, add a dash of pique;
 Agitate and separate, ignore for a week.
 Let imagination boil, cool it by degrees;
 Then prepare an icy stare and freeze, freeze, freeze!

Equal parts of wounded pride, sharp retorts and sneaks,
 Stuff with hate into a date and mix, mix, mix!
 Pour in lots of tender tears when the mixing's done;
 Smother hisses, serve with kisses;
 Isn't tiffing fun?

TESTED RECIPE FOR "A" THEME

1 Standard size head,
 2 Oz. brains and common sense,
 1 Dictionary,
 5 Sheets theme paper,
 1 Bottle ink,
 1 Pen
 Chop the dictionary into shreds, dilute shreds and theme paper in ink, boil for 15 minutes stirring constantly with pen. Cool and let jelly. Slice head into cubes and spread artistically over jellied surface. Add brains and common sense. Serve with fast drive to garbage can and have your educated uncle write the theme for you.—Crane Technical High, Chicago.

Rhapsody in Flu

The bells are ringing in my head,
 I've just wud hop frob beig dead,
 I sneed awd the tibe—
 (Cad't even ged by words to rhybe),
 Guess I hab the flu.
 This dogged baded ged by loud,
 By nose's stopped up ad so'd by throat,
 I ude a billiod haderchibs,
 By eyed's puffed up ad so's by libs,
 Guess I hab the flu.
 The doctor cabed ad broed a durse,
 She sbiled ad he ad I got worse,
 Ad dow I ged ad awful kigk,
 Just lying here ad beig sigk,
 Guess I hab the flu.
 —Exchange

A FANCY

Latticed windows—
 Curtains blue,
 Golden Sunshina
 Smiling thru
 Pussy willows
 Soft and gray
 By a fire
 Children play.
 Toys are scattered
 On the floor;
 Shadows lengthen
 Thru the door;
 Fire flames flicker
 Stories told;
 Sunlight setting,
 Orange, gold.

Freshie: I had an awful dream last night.
 Soph: Well, out with it!
 Freshie: I dreamt I was eating shredded wheat, and when I woke up, half the mattress was gone.

Neustel: "John, what is a vacuum?"
 Keyser: "I can't say exactly, but it's in my head."

Banquet Closes Football Season

(Continued from Page One)

this was his fourth privilege at a football banquet at Whitworth. Maurice McQuillin, 1929 Captain, expressed praise for the work of the second team in developing the first string. No team is possible without the secondary men, who every night stand the bumps and knocks that puts it into form.

After the awarding of letters and trophies, Mrs. F. T. Hardwick responded with a humorous and original toast made up entirely from experiences—both here and there.

Coach B. C. Neustel awarded letters and certificates to 15 men. Those receiving their second letters were Maurice McQuillin, Everell Sharnbroich, Leon Killian and Clifford Bromling. Those receiving their first letters were Carl Killian, Donald Hesselman, Forest Travaille, Harold Slater, Louis Keyser, Lloyd Smith, Irving Brannin, Cecil Aldridge, Donald Nelson, Jonathan Gesche, and John Booth. Lloyd Smith also received a manager's letter.

As special awards for the most consistent players thruout the season, small silver loving cups were presented to Irving Brannin, center and to Louis Keyser, Halfback. When they attempted to express their appreciation, they were nearly drowned out by the applause.

In behalf of the members of the 1929 squad, Leon Killian, presented Coach Neustel with a silver football trophy, appropriately engraved.

In the meeting of the lettermen, held between courses at the banquet, Forrest Travaille was chosen as captain-elect for the 1930 season. This is Forrest's second year on the squad but due to a bad accident near the close of his first season he didn't earn his letter. Forrest played end these two years and is a very dependable man. In his toast, Forrest expressed his wish for a good team next year and asked every man possible to be back next year to help in building this team.

The banquet was closed with the singing of Alma Mater.

Much praise is due to the girls for this wonderful banquet and the 1929 squad wishes to take this means of publicly expressing their appreciation to them.

Volunteer Fellowship Will Hold Service

The Volunteer Fellowship will have charge of the evening service at the Third United Presbyterian Church on Sunday, December 15. Kathryn Bockman and Maurice Holt will speak on the topic, "Our Gifts to the King". Dorothy Skerry and Dorothy Hood will sing. Maxine Alexander will play the violin and Helen Dolg will be accompanist. The leader will be Kenneth Knoll. After the services, Reverend and Mrs. Patterson have invited the members present to remain for lunch.

ORCHESTRA

Fifteen students interested in music met with Prof. H. L. Hussong Tuesday afternoon for the purpose of organizing an Orchestra. Donald Hesselman who has had experience in conducting small orchestra was chosen as leader. A committee consisting of Hesselman, Coffman, and Koyl was appointed to plan the music. The orchestra will meet each Tuesday at 2:10. Everyone playing an instrument is invited to join.

Rev. Mr. Max Stoe of Kent, Wash. was a visitor on the campus for a few days this week.

OUR FORESTS

ARISTOCRATIC SITKA SPRUCE

The handsome tree family known as the spruces have always considered themselves aristocrats of the forest world. Trim, elegant, almost military, they have contributed their family name to the English language as an adjective synonym for neat or dapper. And now, since the intrepid "Lone Eagle", Lindberg, conquered the Atlantic on wings of Sitka spruce from western Washington, these trees are more firmly entrenched than ever in forest society.

Sitka spruce (*Picea sitchensis*) is the premier material for that most exacting use to which lumber can be put—airplane construction. It is admirably adapted for building purposes where unusual strength, light weight, and beautiful finish are required. Being odorless and tasteless, it is widely used for food containers and refrigerators. It is also valuable for paper making.

This tree inhabits a narrow coastal belt from Alaska southward to southern Oregon. It is the giant of the spruce tribe, comparing favorably with its neighbors, Douglas fir and western red cedar.

Its needles are stiff and sharp-pointed. Cones hang downward with thin, papery scales. The bark is thin, dark purple or deep cerise to a dark purple or deep reddish brown with large, easily detached scales.

Two other spruces are native to this region, Englemann spruce, a mountain lover, and the very rare weeping spruce of the Siskiyou.

CEDAR—THE WOOD ENDURING

Cedar has been a favorite wood since the beginning of history. The cedars of Lebanon and the beams of cedar in King Solomon's temple are classic examples. The Romans fittingly called the cedars they knew and used "Arbor vitae" or trees of life.

Western red cedar (*Thuja plicata*) is a distinct member of the Arbor vitae family. It has all of this group's desirable family traits, and a few of its own. The wood is very light weight, close, straight-grained, and soft texture. It resists decay almost indefinitely. Due to these qualities it is used for shingles, insulating, finishing, racing shells, boat planking, posts, culverts, pattern making, and many other industrial uses.

The western red cedar is one of the giants of the west equalling its neighbor, Douglas fir, in this respect. It reaches its best development in the richer, moist soils of the Pacific Northwest.

The leaves of the western cedar are short, scale-like and overlapping, arranged in a flat spray. The cones are quite small and leathery brown. Three other cedars are found in smaller quantities in this region: Incense cedar (*Libocedrus decurrens*); Port Orford cedar (*Chamaecyparis Lawsonia*); and Alaska Cedar (*Chamaecyparis nootkatensis*).

U. S. Forest Service

A COLLEGE THANKSGIVING

Several students remained in the dormitories to spend Thanksgiving together with some members of the faculty. During the entire morning the spirit of Thanksgiving was prevalent, especially in the kitchen and dining room as preparations were being made for the Thanksgiving dinner. A number of the students were taken back home in memory while they worked with the cook in the preparation of the dinner, which included everything from turkey to coffee.

A long table set for twenty-four people was simply yet beautifully decorated. All were glad when the final preparations had been completed. Then they were led in a prayer of Thanksgiving by Dr. Counterline. There were twenty-four present at the dinner, thirteen of whom belong to the faculty and their families. There was also a visitor from W. S. C.

After the dinner was completed, a few words of thanksgiving were given by Dr. Sullivan, who then asked Miss Willis to tell of the English feast which might be equivalent to our Thanksgiving.

Miss Willis said that there was no feast in England equivalent to our Thanksgiving. In October, however, the English do have a harvest home at which time they decorated their homes, but there is no feast in connection with the occasion.

Afterward Dr. Sullivan extended an invitation to his home for a social time during the afternoon. Dr. and Mrs. Counterline extended the same invitation to their home in the evening.

Everell Sharnbroich, Leon Killian, Don Nelson, and Mr. Ballor attended the Shrine football game on Saturday, December 7. The game was between the All-Star Inland Empire Team and the All-Star Spokane High School team. The game resulted in a 20-6 victory for the Inland All-Stars.

"W" CLUB AIDS CIRCUS

The second annual circus held at Knox Church is being presented tonight in the church building. Many splendid acts are presented, among which the "W" Club is represented. If the "Big tent" are many different circus activities and a show will be given consisting of 10 or 12 acts. The "W" Club is furnishing an act for the college. Let's go and show Knox that we are back of them.

On Friday and Saturday nights of Thanksgiving vacation, thrilling basketball games were fought by two teams of the dormitory students.

The games were rather mixed affairs—a mixture of football and basketball; a mixture of residents of Ballard and McMillan Halls; a mixture of baskets and bumps; and a mixture of play and times-out when the referee had to stop to laugh.

The next day everyone appeared at breakfast, even Miss Morrison; but as one of the girls said to Mrs. Hardwick, "Your brakes sound just as I feel."

Due to heavy expense in football, the Executive Board at a meeting on December 10 voted to rearrange the financial budget of the Student Association. By taking small sums off the amount allowed for baseball, Whitworthian, Volunteer Fellowship, and social activities, the football expense can be met without curtailing the movement of the other activities.

The Faculty Club met for a banquet in the dining room on McMillan Hall, Nov. 31 at 6:00.

After the banquet the Club was entertained in the men's parlor by a program arranged by the ladies. Mrs. Counterline was the speaker of the evening, talked on Hawaii and Porto Rico, sketching her own experiences and also telling of the social life and customs of the people. The next Faculty Club program will be in the hands of the men and will probably be given over to current events.

"W" Club Initiates

The "W" club initiation was officially and publicly opened by a novel program at the Chapel period, Wednesday, December 11. Clifford McNeal introduced the new members and each contributed something to the entertainment. At the close of the program, rules of conduct were announced. During the period of time, December 11 to 18, all the initiates are subject to the authority of the members.

The program included: readings by Donald Nelson, Donald Hesselman, Carl Killian, and Irving Brannin; an address by Lloyd Smith; a mystery story by Harold Slater; and a "Surprise" ukulele number by Louis Keyser.

The regulations to which the new members are subject are:

(1) At any time except during class, the initiate must halt, drop his books, and salute each member he meets.

(2) Each initiate must make a paddle similar to the official club paddle. He must burn into the surface of the wood a "W" and the initials of some club member.

(3) The initiates are also subject to any additional rules which the Club deems necessary.

XMAS VACATION

Christmas Vacation will start this year on Friday, December 20 and end on December 30. Most of the students will school will commence again on Dec. 31. Take advantage of the holiday rates on railroads and go home. Quite a few will be traveling to Seattle and other points on the coast. Several will go east to Idaho and Montana, while others will go to their homes in Spokane.

SKATING

Students of Whitworth have entered into the sport of skating very enthusiastically. Members of both sex are frequent visitors at Cook's lake and the advisability of flooding the tennis court on the campus and building a Tennis Court under investigation by the "W" Club.

BROMLING

Coach Neustel has been having considerable trouble with one of his basketball forwards of late. He spends most of his spare time taping up bruises and hurts. The secret of this it that Cliff Bromling went to Cook's lake one night, supposedly to skate but most of his time was spent in falling on the ice to see if it would crack. The ice now has several cracks in it where Cliff has landed. Anyone wishing to know the condition of the ice on Cook's lake should find no better authority than Cliff.

One of the most interesting chapel talks of the year was given on November 20, when Ford L. Ballor spoke on "The Demands that other Nations are making on America Youth".

Among these demands are "What does he know?" "What can he do?" "What is he for what he knows, and can do?"

Caroline Petach, a student last year at Whitworth, was home for the Thanksgiving holidays and gave a party Saturday night for some of her friends of Whitworth community.

Maurice McQuillin has resigned as President of the "W" Club and Vice-President McNeal has been elected in his stead.

SPORTS

Football Days End For Three Men

When the final whistle blew in the Spokane University game on November 22, football days were over for three men on the team. The other nine players, along with three lettermen on the sidelines and five men on the bench will be back to from Whitworth's 1930 squad.

The three men lost by graduation are Leon Killian, Everell Sharnbroich, and Lloyd Smith. Leon Killian held down a tackle position this year and substituted at guard. Leon showed some good football and his place will be hard to fill next year. Everell Sharnbroich played the entire season at Right Tackle. He was handicapped thru the entire season with injuries to his knee, ankle, and back. Sharnbroich was the heaviest man in the lineup. Lloyd Smith played substitute guard and managed the football team. Smith has been on the squad for four years at Whitworth.

The Players

Maurice McQuillin, End—Mac played a good consistent game all season and captained the team.

Forrest Travaille, End—Captain elect for 1930. Forrie played real football all year at end.

Everell Sharnbroich, Tackle—In spite of injuries Everell played good ball all season.

Leon Killian, Tackle—Killian plugged up many a hole to the despair of the other team.

Clifford Bromling, Half—Cliff was a fast man and did some nice ball carrying.

Louis Keyser, Full—A triple threat man. A hard-hitting full back.

Don Hesselman, Tackle—When he really wanted to break up a play he could do it.

Irving Brannin, Center—A nice passer and a hard tackler.

Jonathan Gerche, Guard—Always ready to go and accounted for one of our touchdowns.

Harold Slater—In the last game Harold spent most of his time in the S. U. backfield.

Carl Killian, Quarter—A hard tackler and ball-foter.

Don Nelson, Quarter—Don showed up best in the Lewiston game.

John Booth, Quarter—In spite of injuries John kept playing. A triple threat man.

Cecil Aldridge, Half—A hard tackler and an excellent receiver of passes. A hard man to get if he has the ball.

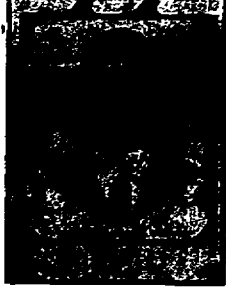

Lloyd Smith—Smitty turned out for four years and worked hard till he received his letter.

Among the substitutes that turned in some good playing were Crooks, half who surely showed his fighting spirit and he has red hair; Holt, end, who was playing his first season and showed up well.

GYM

The gymnasium has had its fall cleaning this year and now is in good shape. The floor was oiled last year and became very slippery. This has all been removed and the floor will be waxed. The walls of the gym have been painted and the line of the floor put on again. These improvements will help the looks of the gym and improve the playing court.

BASKETBALL COACH

Coach B. C. Neustel has the responsibility of developing two teams for intercollegiate competition this year as he is coaching both Men and Women in the arts of Basketball. Mr. Neustel has coached basketball in high schools before coming to Whitworth and is well qualified for his position.

Basketball Season Starts Well

The first basketball turnout for the season was called for December 2, with ten men reporting. Since then this number has increased to about fifteen. In this group there are five lettermen around which to build this year's team and a number of men who have had college experience elsewhere and some high school players. The lettermen out are Maurice McQuillin, Clifford Bromling, Forrest Travaille, Cliff McNeal and Leon Killian. Among the new men are Maurice Holt, Don Hesselman, Donald Nelson, Alfred Marquam, Glen Julian, Lloyd Smith, Harry Kennedy, Irving Brannin and Miller.

The playing season will commence shortly after Christmas. A season of about 12 official games is expected with many scrimmages with commercial teams from Spokane and elsewhere.

Coach Neustel says: "Prospects for a good basketball team look much better than last year. With the number of experienced men that we have to work with. Whitworth should be able to hold her own on the basketball floor with any of her ancient opponents. There is a large number turning out, and spirit among the men is fine."

First Basketball Games Are Played

The first intermural basketball game of the season was played on Wednesday, December 11, the team captained by Clifford Bromling defeating the team of Forrest Travaille by a score of 19 to 16. The game was close throughout, and the outcome was in doubt until the last whistle. McNeal starred for the winners, and was high point man with ten points. Keyser and Travaille played good ball for the losers.

In the second game Killian defeated Bromling 34 to 28. Bromling made 23 of the loser's points. Killian, Hesselman, Holt and Bromling showed up well in the game.

In the first game of the girls' Tournament the Sophs defeated the Upper-class-women 10 to 2. Leta Mae Muir starred for the winners.

GIRLS' BASKETBALL TOURNAMENT

Three teams of girls turned out Friday to fight for supremacy. The freshmen and sophomore classes had enough girls for teams, but the upper classmen united since there were only two seniors to play. There is keen competition. The sophomore team seems to have the advantage for they have the majority of members of the team from last year. The freshmen may surprise everyone, they have many girls who have had high school experience.

The purpose of the tournament is to stimulate interest in basketball. Practice is held five times a week under the supervision of Coach Neustel, who has had previous experience in coaching girls.

WHITWORTH COLLEGE, SPOKANE, WASHINGTON, May, 15, 1930

Number 7

Domestic Science Head Chosen

Miss Oberholser to be Added to Faculty

Miss Ethel L. Oberholser is employed to head the department of domestic science and art at Whitworth College for next year, 1930-31.

Miss Oberholser is coming to Whitworth College very well-prepared for the work in domestic science and art. The new department will fill a long-felt need.

Miss Oberholser is now teaching in Central College, McPherson, Kansas. She is a graduate of the University of Washington, having completed her degree of bachelor of science in that institution in 1926. She has the equivalent of a master of arts degree from the Kansas State Agricultural College, Manhattan, Kansas. She has also taken graduate work at the University of Missouri, McPherson College, and the University of Washington. During the summer of 1929 she went to Europe on a study tour.

Miss Oberholser has taught for a number of years and has held the following positions: home economics in Wessington Springs Junior College, Wessington Springs, South Dakota; home economics and natural science in Central College, McPherson, Kansas.

In preparation for the domestic science and art courses to be given next year, domestic science laboratories will be equipped during the summer to be ready for the opening of college next fall.

WHITWORTH LEADS IN SCHOLARSHIP

The value of attending small colleges and undergraduate schools before receiving university training was indicated in the announcement yesterday of a report to President M. Lyle Spencer from E. B. Stevens, registrar.

Of 190 students transferring to the University fall quarter from 16 smaller colleges, the students from five schools had a higher average than that of the University as a whole.

The all-University average for the year of 1928-29 was 2.6. That of the University students from the leading smaller school, Whitworth College, in Spokane, was 3.61.

Other averages were: Cheney Normal, 2.86; Central Junior College, 2.71; Yakima Junior College, 2.66; and College of Puget Sound 2.64.

Only four of the sixteen groups represented had averages less than C.

(An article appearing in the University of Washington Daily of recent date.)

COLLEGE FRIEND PASSES AWAY

Mr. George H. Quinlin, a very good friend and supporter of Whitworth College, passed away March 21 in Seattle. In the passing of Mr. Quinlin, Whitworth lost a valuable counselor and a staunch friend.

CONDUCT

It is only a matter of a few days until school will be out for the summer. This makes us think of our conduct and action for the coming months. What kind of an impression will we make upon those with whom we come in contact? Will they know from our actions that we are products of a Christian college, or will they pronounce us "just some more college students?"

We who are of Whitworth like to think that we are just a little better than the average college student. It is our actions off the campus, however, that will show whether we are better than students from any other institution. Let us so live, therefore, that no one can accuse either our good names, or the school of which we are a part.

Seniors Lead Honor Roll

Susanna Borden Heads Individual List

The mid-semester examinations have been passed without the position of the classes being altered as to honors. The Seniors stand in the front ranks with an average of 32.5 grade points; the Juniors follow with an average of 28.0 grade points; the Sophomores with 24.16 grade points; and the Freshmen with 20.64 grade points.

The list of individual honors was headed by Susanna Borden, with 35 grade points. Others on the honor roll, with the number of grade points, are: Louis Keyser, 46; Virginia Koyl, 45; Harold Slater, 44; Lilly Schwendig, 44; Margaret Jamison, 43; Leon Killian, 42; Ruth Johnson, 39; Janice Schermerhorn, 39; Zelma Morgan, 38; Maude Holt, 36; Maurice McQuillin, 31, and Maurice Erickson, 31.

SENIORS HONORED AT INVESTITURE

Beginning April 11, investiture services are being held in the College Chapel every Friday morning in honor of the graduating class. An outside speaker of note is invited for each service, which is worth while not only to the students, but to any outsiders who may attend.

On April 11, the members of the class were presented with their senior pins by Professor H. L. Hussong, who has been advisor for the class throughout the four years of their college experience.

SULLIVAN AND BAILOR VISIT COAST CITIES

Dr. Sullivan and Mr. Bailor returned the first of April from the Pacific Coast where they held an extensive financial campaign for the college. Mr. Bailor, who has been gone for two months, left Spokane February 10 and drove over to the coast visiting many towns on his way. After returning from a month's trip to the east, Dr. Sullivan joined Mr. Bailor in Seattle and for about the last two weeks they have been working together.

Practically every city and town on the Western Washington coast has been visited and many contacts established. In addition to gaining financial prospects, Mr. Bailor and Dr. Sullivan addressed several high schools and interviewed a number of prospective students.

Travaille Elected Student Body Head

Bronson Is Vice-President and Doig Is Secretary

Forrest Travaille of Walla Walla has been elected president of the Associated Students for next year at Whitworth College. Travaille will be a junior next year.

He has won letters in football, basketball, and baseball; is a member of the Volunteer Fellowship, Dramatic Club, and "W" Club. At present he is sophomore representative on the student council.

Hugh Bronson was elected vice president of the Associated Students, and Miss Helen Doig was elected secretary-treasurer.

Class representatives to the student council will be: Seniors, Delpha Coffman and Clifford Bromling; Juniors, Maxine Alexander and Leta Mae Muir; Sophomores, Louise Schneider and Zelma Morgan.

WHITWORTH WINS DECLAMATORY CONTEST

In the annual Oratorical and Declamatory Contests, Celia Heron of Whitworth won first place in Declamation, and George Turner of Spokane University won first place in Oratory. Other contestants were Harold Bernard of Spokane University, Dorothy Skerry of Whitworth, Oratory. Music was furnished by the Whitworth College Orchestra, and vocal music by Spokane University.

The contests were held at the First United Presbyterian Church of Spokane, with Dr. Adams of Spokane University presiding.

SENIORS SELECT PLAY CAST

The cast for the Senior Play has been selected, and the characters have begun steady practice. The class chose to present the play, "Skidding," by Aurania Rouverol. This play is an interesting, three act play depicting what might easily happen in any home of today.

Professor Wyatt, head of the English Department, is coaching the play, and says that the cast is progressing as rapidly as one could expect.

The cast includes: Forrest Travaille, Kathryn Bockman, Lilly Schwendig, Lenore VanLoon, Lloyd Smith, Leon Killian, Helen Doig, Maurice McQuillin, Maxine Alexander, and Paul Crooks.

Whitworth Banquet Proves Successful

Large Number Express Faith in Whitworth

On Friday, April 4, the friends, students, faculty, and alumni of Whitworth College gathered at the Masonic Temple for a "get-acquainted" dinner. Approximately one hundred and seventy-five people attended.

Dr. W. W. Sullivan, President of Whitworth College, gave the address of the evening, in which he told of conditions now existing at Whitworth. He expressed the hope and the conviction that the College would grow, but warned the people that it should grow slowly on a firm foundation.

The College orchestra, under the direction of Mr. Hesselman, and Mrs. Neil Baldwin, entertained the guests during the meal. After dinner, a program of vocal selections and readings was given.

As a feature of the evening program, Coach Neustel presented his basketball men with the letters earned during the past season. Those receiving letters were: Clifford Bromling, Leon Killian, Clifford McNeal, Forrest Travaille, Louis Keyser, and Alfred Marquam.

The evening was concluded with college yells, led by Hugh Bronson, closing with the Alma Mater.

ORCHESTRA GIVES DAVENPORT PROGRAM

Members of the orchestra and several representatives of the Volunteer Fellowship drove to Davenport, Sunday, April 20, to conduct the evening service of the Davenport Presbyterian Church, of which the Reverend W. L. Killian is pastor.

Hugh Bronson and Mary Hinton were the speakers, choosing as their subject, "Matthew, his call and his answer." The orchestra played several numbers, including "Bohemian Girl," and "Poet and Peasant Overture." Dorothy Skerry, accompanied by Delpha Coffman, sang "Easter Dawn," and Delpha Coffman and Dorothy Hood sang a duet, "Oh, May My Walk Be Close With God." During the offertory, an instrumental trio from the orchestra played.

Several representatives from Whitworth were present besides those who took part in the program. A lunch was served by the ladies of the church for the Whitworth delegation.

EDUCATION CLASS GIVES PRACTICAL EXPERIENCE

Members of Dr. Hardwick's class in Measurement of Intelligence have been making a practical use of their studies. Arrangements have been made whereby the members of the class may give the tests to students at the Whitworth Public Schools, and the data that is obtained and worked with is taken under personal observation, thus providing both interest in the course, and practical value.

THANK YOU

Dr. Sullivan has reported that the contributions from the churches of the synod of Washington have been better this year than in former years. The western churches alone have contributed \$5,186.86 to the college during the church year.

When we consider that this year has been a difficult one for the churches as well as for individuals due to the deflation of the money market, and when we remember that other church gifts have been getting less each year, we must realize that the churches of Washington synod really have an interest in our college. We are justly proud of their support.

We, students and faculty of Whitworth College, thank every contributor to the college. We appreciate the big gifts from the big churches; we appreciate the little gifts from the smaller churches; and we also appreciate the individual gifts. We forget the gift and remember only the giver. Thank you again. May we never fall short of the trust you have thus put in us.

FOLLOWING DIRECTIONS

In the recent student body election, 59 students voted, and five ballots had to be thrown out on account of errors. Instructions had been made in chapel, and full directions were on each ballot, yet almost ten percent of the students of Whitworth College were unable to follow simple directions and have their ballots counted. If this is true of college students; then why blame the vast majority of citizens for a failure to use properly the ballot.

FOREST MANNERS

When we meet a new friend we want to impress him with our good manners. When you go on a forest trip this summer, you will look upon trees as friends. You will want to know more about them and you will want to practice forest courtesy. Briefly, the code of forest good manners can be summed up in one statement: "Leave a clean camp and a dead fire." A simple thing, surely, yet how many violate it!

The befouled campground, looking more like a city dump; the smouldering campfire, whipped into a raging conflagration by the wind; the glowing match or cigarette stub; these are a disgrace to our American civilization.

Let's all practice forest good manners this summer, and see that the other fellow does it too. It is a requisite of good American citizenship.

IF

If the chapel speech is long,
 If they sing the same old song,
 If everything seems all wrong,
 Just remember
 Such is life at Whitworth

If a lesson "ain't" prepared,
 If a question gets you snared,
 If a prof's look makes you scared,
 Just remember
 Such is life at Whitworth.

If the baseball team gets beat,
 If your bills you cannot meet,
 If there's only soup to eat,
 Just remember
 Such is life at Whitworth

But if the sun shines bright and clear
 And sunny days are always near,
 And God's love can banish fear,
 Just remember
 That can be life at Whitworth.

So start your day with a smile,
 Help a friend "twice-in-a while",
 You will find things more worth while,
 For remember
 You make life at Whitworth.

M. E. M.

A Windy Day

Oh, the river on a windy day!
 When the seagulls swerve and white-caps play!

When the sailboat dips its prow so deep,
 Then rises and shakes its sail with a leap!

With a glide and a swoop it flies on its way,
 When the seagulls swerve and the white-caps play!

Oh, the forest on a windy day!
 When the tree-tops bend and snap and sway!

When the heron buffets the angry air;
 Then circles and curves away up there!

With a glide and a swoop it flies on its way,
 When the tree-tops bend, and snap and sway!

—G. D.

IN CHAPEL

Monday, March 11

The Reverend R. L. Williams of Millwood presided. He spoke on the book of Job. He discussed the dramatic element of the book.

"The book of Job," said Mr. Williams, "is one of the best pieces of literature ever written." Job's suffering and his faith should be great lessons to all of us. Job had such faith that he could say, "Though he slay me, yet will I trust him."

Tuesday, March 12

The Volunteer Fellowship had charge of the service. Edith Lovelace presided. Miss Davie led in prayer, and Mr. McNeal read the scripture. Miss Alexander and Mr. Morrison spoke on the subject, "Results of Good and Evil."

Miss Alexander spoke on the evils we must avoid and why, and Mr. Morrison spoke on the results of those evils. We must center on one goal, and follow God's will for our lives.

Thursday, March 14

Dr. Sullivan addressed the students. He spoke on the subject of choosing the high road of life.

We must work if we are to be successful. Great men are not great because of great minds entirely, nor because of fortunes, nor "pull," but because they are not afraid to work. Jesus was a man of action. We must plan for the future and make every effort in that direction.

Monday, March 17

Dr. Francis S. Donalds of Princeton, New Jersey, Secretary of the Board of Foreign Missions, spoke.

He spoke on the four great problems of life: Whom shall I serve? With whom shall I serve? How shall I serve? Where shall I serve? We must choose the work which best fits us.

Tuesday, March 18

Professor Neustel spoke concerning one of the most important points in the lives of the disciples: honesty. There were three important points in the lives of all the disciples: purity, honesty, and usefulness. We must be honest in our duty to ourselves, to our fellowmen, and to our God. If we are thus, we will find a result in our physical, intellectual, and social lives.

Thursday, March 20

The Reverend Livingston of Bethel Presbyterian Church spoke on the subject, "What is that in thine hand?"

The problem before us is: What shall we do with what we have in our hands? The spirit which lives in man is the only eternal thing, and we must abide by its guiding.

Monday, March 24

Dick Ferrel spoke to the students in chapel. Mr. Ferrel is a missionary under the home board to the lumber jacks in the hills where they work.

Mr. Ferrel spoke particularly concerning the heart. The word "heart" is used eight hundred and twenty times in the Bible. It is like the governor of an engine, and we must watch it very closely.

Thursday, March 27

Dr. Fursey, a member of the board, spoke on the subject, "Serums." He gave some information that everyone should know.

He spoke about the serums for five diseases and the way they are developed. Eighty-five per cent of the diseases of the human body are cured by nature. We must have no fear of these serums, as they are not harmful, and as they aid the body in getting rid of the diseases.

Tuesday, March 25

Mr. Neilson, the father of one of our students, gave the address. He spoke on the subject of following Christ. He also sang two songs, "Crucify! Crucify!" and the words of "Just as I Am" to the tune of "The Rosary."

Friday, March 28

Reverend Dr. C. F. Koehler, of Knox Church, spoke on Phil. 1:20: "And Christ shall be magnified."

We must magnify Christ in two ways: to ourselves and to others. Because of a defect in our own spiritual vision, we must have a lens. Four lenses are provided: those of God's word, of faith, of prayer, and of the Holy Spirit, which is the most powerful. To others, we are the lens. We must not have a defect in our own lens, because others see Christ through us.

Monday, March 31

Dr. Hays spoke on Lev. 2:13. He used as a text two words from Vergil, "Salsa frugi."

In the orient, the eating of salt is a pledge between two persons.

For the guest, we make the food tasty. We show respect to God by this. We must not take the name of the Lord in vain. If there is a God, we shall be punished for profanity. If there is no God, then it is all foolish, and we should not use it, anyway.

Tuesday, April 1

Reverend A. B. Blades of Opportunity spoke in the chapel. He spoke on the "God of Speed."

In these days there is an atmosphere of speed. There is no time for the better things of life. No poets nor artists are inspired by this speed. Jazz is a result of it. All of this hurry is not good for our soul-life. This is a day of speed. Is it one in which we are accomplishing the best things in life?

Monday, April 7

Mr. McEachran spoke to the students on the subject, "Success."

The popular conception of success is the accumulation of money. But success should bring satisfaction, joy, contentment, and peace. Money does not bring all of this; so it cannot be true success. We need only a portion of power and position for success. Real success, from the viewpoint of Christ, is true, unselfish service.

Tuesday, April 8

The Volunteer Fellowship had charge of the Chapel service. We also had a speaker from the Pension Board, Rev. Dr. McLane.

Lloyd Smith spoke for the fellowship. We must have prayer in our life. Prayer is a necessity to the best of our work.

"Everything worth while," said Mr. McLane, "is costly. Life is a continual movement forward. Every day is a progress toward a goal to be realized in the world to come."

Thursday, April 10

Rev. Dr. Dunlap, of Sibu, Philip pine Islands, spoke at the morning chapel service. He spoke on doing the thing that one doesn't want to do. It really is a privilege to be able to serve, and one must serve where he is best fitted. He must set his life in the way which the Lord made for him.

Monday, April 14

Rev. Stanley Roberts of Fourth Presbyterian Church of Spokane spoke to the students on Monday, Tuesday and Wednesday. He spoke on the general subject of the Cross. He took up three phases: the suffering, the time, and the reconciliation.

The Cross is one of Sacrifice. Have we forgotten it? What does it mean? We must remember what stands first.

The Cross of time leads. In due time Christ died for us. He now has power and strength for us. We must take time to be holy. It is easy to go away on Sunday, and we must be careful to use our time in the right way.

He spoke of Elisha's following Elijah. Just as Elijah left Elisha a token, Christ has left to us the Holy Spirit. We are living in challenging days. Shall we go forth with a challenge?

Who's Who

RUTH FELLER

Coming to Whitworth from Cheney Normal, Ruth Feller joined the class of 1930. Although she is reserved, she has entered wholeheartedly into the work of her class and the institution.

She has aided materially in keeping the class average high, for she has been on the honor roll each time.

Ruth has taken an active part in Volunteer Fellowship work and is a member of that organization. She is also a member of the French and U.K.E. Clubs.

She has chosen Modern Languages for her major; but, as a gentle hint, do not ask her why she does not like to pronounce French.

In the short time she has been at Whitworth, she has made herself a real part of her class. The students will certainly miss her next year.

Bailor Thinks Spirit Good

On being interviewed, Wednesday the 16th, Ford L. Bailor, head of the promotion department at Whitworth, stated that he found the spirit as to the institution good all over the state. He said that men were beginning to regard Whitworth as a growing educational center, and many of them expressed their willingness to aid the college.

"I had a wonderful trip," he said. "On April 7-8, I attended the Central Washington Presbytery held at Ellensburg. From there, I went to Wenatchee and spent a delightful day with prospective students, real live young people who are vitally interested in what we are doing here. On the 10th and 11th, I visited Omak. There I had the privilege of addressing the Presbytery, and told them about the plans of expansion for the College. They were attentive to all that I said. I met an exceptionally fine group of young people, and interested a few of them in Whitworth."

"On Saturday, I went to Orville and renewed acquaintance with our old friend Alan Rice and his wife. They sent greetings to their friends at Whitworth."

"Sunday, I returned to Omak. After a very interesting session with a Sunday School class of High School students, I spoke before a church group of 400."

"Monday evening, I had a fine time with the senior class. It is amazing the interest that these young people expressed concerning Whitworth College. At this meeting, I made contacts with five young men who will undoubtedly attend Whitworth next fall. Among these are some fine athletes that will make some of the present stars fight for their positions."

On being asked about the attitude of the multitude toward the College, Bailor replied that he found all the people in sympathy with what is being done here, and that the people were beginning to take note of Whitworth.

Society

JUNIORS ENTERTAIN SENIORS AT BANQUET

Laying aside any class controversies which may at times exist, the Junior class entertained the Senior class at a banquet held at the Spokane Country Club, Friday evening, May 2. An informal program followed the banquet. Clifford McNeal, president of the Junior class, was toastmaster.

Virginia Koyl gave a violin solo, Alice Sanstrom sang "Coming Home"; and Janice Schermerhorn presented a clever pianologue. Professor Hussong, advisor of the senior class, was called upon to give an impromptu speech. Leah Grove, as president of the senior class, thanked the juniors for the banquet.

Clifford McNeal asked each senior to give his or her thoughts on leaving Whitworth. Both humorous and sad responses answered his request. Mr. and Mrs. Bailor sang several songs, Mr. Bailor accompanying on the guitar.

The program was closed by singing the Alma Mater.

The decorations were of red and black, and the favors were tiny baskets of red paper, with a small academic cap and a white rolled diploma on top.

Those serving on the program committee were: Delpha Coffman, Alice Sanstrom, Kenneth Knott, and Glenn Julian.

FRENCH CLUB GIVES PROGRAM

Under the direction of Miss Boetzkes, the French Club, "Le Jolie de Vivre," has been re-organized, and on April 30, they presented their first program.

Ruth Feller, Gladys Hansen, and Lois Winn presented a little play entitled "Le Bureau de Telegraphie." The French IV class sang the Marseillaise in French. Don Hesselman, Alice Sanstrom, Helen Doig, and Harold Slater enacted a scene from Les Miserables.

GIRLS HOLD ANNUAL APRIL FROLIC

On Friday, April 25, the girls of Whitworth held their annual April Frolic. Each old student had as her partner a new student, and one of the couple dressed as a young man.

The afternoon was spent at Cook's Lake, where boating and horseback riding were enjoyed. After a picnic supper, the couples returned to the school, where the evening was spent in dancing to music by Delphia Coffman and Miss Helen Reel. Punch and waters were served during the evening to the guests.

Those serving on committees were: Virginia Hedstrom, Louise Schneider, and Ruth Johnson, picnic lunches; Alice Sanstrom, Ruth Feller and Lenore Van Loon, party refreshments; Janice Schermerhorn, Helen Doig and June Harris, favors, and Maxine Alexander, Eudora Course, Zelma Morgan, and Janet Williams, auxiliary.

ANNOUNCEMENT OF ENGAGEMENT MADE

On the evening of April 26, the young ladies of McMillan Hall were guests at a party announcing the engagement of Dorothy Hood and Clifford McNeal.

Miss Hood is a sophomore at Whitworth, and has been prominent in Volunteer Fellowship work, and the various activities of the school. Mr. McNeal is in his third year at Whitworth, and has been prominent as an athlete while in college.

Journalistic Society Elects Members

At a recent meeting of the Journalistic Society a number of students were voted into the membership of the club. It was decided that a reception party would be held this month in honor of new members.

In order to be eligible for membership, students must have had a year of successful work on the Whitworthian or Natsihli staff.

Who's Who

LLOYD SMITH

Four years pass quickly. To the senior class of 1930, the time when they entered Whitworth probably seems only a short time.

One of the freshmen entering school in the fall of 1926 was Lloyd Smith, who has loyally "stuck" to Whitworth.

He belongs to the French and the Dramatics Clubs. He is also a member of the Volunteer Fellowship and has done fine work for the organization.

"Smitty" has faithfully turned out for football and basketball. He was football manager of the 1929 team. He is now a member of the "W" Club.

He is majoring in Latin; and in spite of subjects required in that department, he has attained the honor roll frequently.

He comes from Walla Walla, a suburb of Walla Walla.

CAMPUS DAY SUCCESSFUL

Friday, April 4, was observed by all good Whitworthians as Campus Day. Major Countermine worked cheerfully on this program for several days and with the aid of Sergeant Whipple, gathered a considerable supply of firearms and ammunition with which to combat the enemy, untidliness.

The day of the opening march upon pine cones, needles, sticks and tin cans broke bright and clear, and the entire army turned to the fray with a will, determined to shorten the siege as much as possible.

Smoke screens, breastworks of pine needles, and much combing of the ground, enabled the Major to exclaim at noon, "We are the victors."

A hearty meal of sandwiches, beans, and much good coffee was enjoyed by a noisy, hungry crowd.

Although the war was ended at noon, several of the Generals (like the Russian Army, there were no privates) had to return to the field and kick a few more rocks and twigs into submission before dismissing themselves.

The campus now has a tidy appearance and is a joy to behold instead of an eyesore.

SEEN ON THE CAMPUS

Glen Julian and Whipple working side by side and not fighting.

Dorothy Hood and Clifford McNeal at different points at the same time.

Don Hesselman actually attempting to catch a baseball.

Dr. Countermine's face breaking into a smile.

Mrs. Hardwick suffering from the well known spring disease, garden culture.

A Ruminatiion

I have to write an article. You know, our journalism prof., he's kind of funny. He says you don't need inspiration to write. All you need is method and plan. He told us once about a house, and how you don't start with the roof first. But still I wonder how a fellow's going to get his plan without inspiration. Now me, I gotta get inspired and then my plan adaplates itself. He said about how the chairs and the furnishings should all fit into the scheme of the house, too. That makes me think of a brilliant red and a very green dress I saw walking down the street together. Now was that harmony or not? Anyhow, we told him how it was unnecessary to plan out all the details of the house because we would carry them in our heads. Well, I do think we'd have sense to start with the ground floor before the roof. I was pretty good grounded when I was in the grades in grammar and outlines and stuff.

But what I don't see is how this here prof. can write without inspiration. Didn't the poets have inspiration? I remember once I read a poem, and I had to think and think before I got inspired to write. He wants us to write feature articles.

There's news articles and short stories and in between there's feature stories. He says you got to use your eyes to write feature stories because they're so common and we don't look at us impersonally. I always did think that too. But about inspiration. If you do look at an incident and see an illumination on which to write about it, isn't that inspiration? And then you write and write and you got an article. And if it's got the basement made before the roof, it's a feature article. Now take this here, if I had sat down after inspiration and wrote, I'd know what to aim at. Instead I followed that plan or the house but I ain't got nothing to make it out of. Well, I suppose he's right; he ought to be. But I still think you got to have inspiration. Anyhow, I got to do something because I have to have an article. I'll just show him what happens without inspiration. I'm following that house plan too. Aren't dormer windows cute? They're so unexpected. Well, as I said before, I got to write a feature article. But I still maintain you have to have some inspiration and that then inspires the house and its furnishings.

SPORTS

Whitworth Loses To Spokane U.

In a game in which good pitching predominated, the Whitworth College baseball team was defeated by Spokane University by a score of 8 to 4. With the exception of one inning in which the Whitworth team failed to give the pitcher the proper support, Whitworth outclassed the U in all departments of the game. West, Whitworth pitcher, starred with 11 strikeouts, and 10 assists, personally accounting for 21 of the 27 put-outs.

The score by innings was:

	I	II	III	IV	V	VI	VII	VIII	IX	X	Total
Whitworth	0	1	0	0	2	0	0	1	10	4	
Spokane U	0	0	1	6	1	0	0	0	0	8	8

Batteries: West and Booth;
Emerson, Wamsley, and Light.

LEON KILLIAN WINS TENNIS SINGLES

In the men's singles tournament, held annually under the auspices of the Men's Athletic Association, Leon Killian won the school singles title for the second successive year. In the preliminary matches, L. Killian defeated F. Sharnbroich 6-0, 6-0; Booth defeated Winn 6-2, 7-5; Keyser defeated Traville 6-0, 6-1; Hesseman defeated Morgan 6-1, 6-1; Holt defeated Bromberg 6-2, 6-1; and C. Killian won from E. Sharnbroich by forfeit. In the second round, L. Killian defeated Booth 6-2, 6-0; Keyser defeated Hesseman 6-2, 6-3; and C. Killian defeated Holt 6-1, 6-0. In the semi-finals L. Killian defeated Keyser 6-3, 6-0; and in the finals L. Killian defeated C. Killian 7-5, 2-6, 10-8.

KATHRYN BOCKMAN RETAINS TENNIS TITLE

In the women's singles tournament, Kathryn Bockman successfully retained her singles title for the second successive year by defeating Louise Schneider 2-6, 8-6, 6-3. Other matches in the tournament were: Preliminary; L. Muir defeated Z. Morgan 6-1, 6-1; K. Bockman defeated M. Alexander 6-1, 6-1; L. Schneider defeated L. Schwendig 6-2, 6-0; and M. Jamson drew a bye. In the second round K. Bockman defeated L. Muir 9-7, 6-3; and L. Schneider defeated M. Jamson 6-0, 6-3. In the finals, K. Bockman defeated L. Schneider 2-6, 8-6, 6-3.

BATS AND BALLS

What Whitworth's ball club needs is more poor ball players and fewer Babe Ruths. It might be well to remember that it takes at least nine men to make a ball team. We have yet to see a successful club composed of one man.

The ladies might help the cause a good deal, if they would refuse to have dates with the men during practice.

There is only one person to be blamed when an error is made. It's not the coach nor any of the eight men who are playing with you.

A team, made up of Whitworthians, is never licked until the end of the ninth inning.

Interclass Meets To Furnish Sport

Calls have been made for entries into interclass tennis, and it is believed that all the classes will take part. The class of 1930 is defending champion, having won last year's tournament by taking men's singles, women's singles and mixed doubles. It is expected, however, that there will be some interesting matches played, as the freshmen have strong teams, and the other classes will give the seniors and the freshmen strong competition.

DEFEATS FAIL TO DAUNT CLUB

With a few of the men turning out regularly, and all of them turning out part of the time, it has been impossible to develop a baseball team that will bring honor and fame to Whitworth. This condition exists because of the extraordinary talents possessed by the men eligible for the team. So many of the men are pressed into service elsewhere that baseball has had to take a second place, however, the sport has enabled those turning out to receive ample exercises and lots of sport. More than that, the team has made its rivals play some real ball to win.

Meeting Spokane University on the home field, the Whitworth nine went down to a glorious defeat, but the return game was a landslide for the University. Whitworth plans a rally, however, and on Friday, May 16, when the third game of the series is to be played on the Whitworth diamond, it is hoped that the score will favor the home club.

HARDWICKS RETURN FROM COAST

Dr. and Mrs. Hardwick left Whitworth on Friday, April 25, for a week's business trip on the coast. They first visited a son in Portland, going from there to Seattle. Mamie McQuillin accompanied them on the trip, which was made by automobile.

While in Seattle Dr. Hardwick met many educational men who expressed appreciation of the work that is being done at Whitworth, stating that they felt that the small college was winning a place for itself in the state as an institution of learning.

Returning to Whitworth the following Saturday, Dr. Hardwick remarked: "The more I see of big universities, the better I like Whitworth."

North Central Wins Tennis Matches

In the first match of the season, the Whitworth racket wielders were defeated by the North Central men five matches to one. Whitworth scored their only win when L. Killian and C. Killian defeated Scott and Carr 6-1, 10-8. The other matches went to North Central. In doubles, Kipp and Gilbert defeated Keyser and Winn 7-5, 3-6, 6-2. In singles, Johnson defeated L. Killian 7-5, 7-5; Crosby defeated C. Killian 7-5, 6-3; Peterson defeated Winn 6-4, 6-3; and Hickey defeated Keyser 6-1, 6-1.

TENNIS TEAM TO MEET CHENEY

The first conference tennis of the season will be played by the Whitworth racket wielders when they meet the strong Cheney Normal team at Cheney on Saturday, May 17.

GONZAGA GIRLS GIVE RECITAL

Sunday night, March 30, the Gonzaga Girls' Glee Club directed by Lyle W. Moore, who also directs the Whitworth Glee Club, gave their first concert. An appreciative audience filled the gymnasium where the concert was given.

A number from Whitworth attended the concert. Among these were: Dr. and Mrs. Sullivan, Leah Grove, Eleanor Brand, Delpha Coffman, Dorothy Skerry, Helen Doig, Kathryn Bockman, Mary Hinton, and Hugh Bronson.

NEW PHYSICS HEAD CHOSEN

David L. Soltau to be Added to Faculty

Professor David L. Soltau, acting head of the department of physics at the College of Puget Sound, comes to Whitworth college as head of the department of physics and engineering mathematics. Professor Soltau is a practical civil engineer, having served the Washington state highway department as resident and locating engineer for two years; Northern Pacific railroad for four years; and United States army, division of engineers, for four years.

Professor Soltau has had considerable experience as a college professor in the field of engineering, having taught eight years in Union Christian college, Korea, and one year in the College of Puget Sound.

He obtained his bachelor of science and master of science degrees in civil engineering and physics at Northwestern university. He has also done post-graduate work in physics and mathematics at the University of Washington.

With the coming of Professor Soltau to the Whitworth college staff, provisions have been completed to give the full pre-engineering work at that institution. Beginning with the new college year 1930, from two to three years of pre-engineering work will be offered at Whitworth college.

PRE-PROFESSIONAL COURSES OFFERED

Whitworth college will give complete pre-professional, pre-engineering, pre-law, and pre-medical courses in 1930-1931. These courses may be taken for two to four years and meet the full requirements of larger institutions.

One of the most important new courses to be offered next year is that of business administration. This is a four-year course, and includes such subjects as economics, geography of commerce, shorthand, typing, business law, accounting, and like subjects.

HONOR CLUB

WILL BANQUET

Today, June 6, at 1:30 p. m. the Whitworth Honor Club will hold its annual banquet at the Davenport Hotel. Phillip Laurie, president, will have charge of the brief program, the main feature of which will be the election of officers for next year. All the active members and alumni members except one will attend. Dr. and Mrs. Sullivan and Dr. and Mrs. Hardwick are the honor guests.

Mr. David L. Soltau

Dr. W. L. Killian

FIRST CHURCH HAS BACCALAUREATE

Dr. Koehler Gives Address for Seniors

Baccalaureate services for the class of 1930 of Whitworth College were held Sunday, June 1st, at the First Presbyterian Church of Spokane.

Dr. F. C. McKean, pastor of the First Presbyterian Church, and Dean F. T. Hardwick and Dr. J. W. Coutermine, both of Whitworth, were in charge of the program.

Dr. C. F. Koehler, who is pastor of Knox Presbyterian Church and who received his doctor of divinity degree from Whitworth two years ago, preached the baccalaureate sermon. His topic was "Following the Gleam". In his splendid address he pointed out ways and means of following the gleam practically as well as ideally.

Several of the Presbyterian churches of Spokane, including Knox and Bethel Presbyterian churches, united with the First Church in the baccalaureate services.

SKERRY AND HERRON WIN AT ORATORY

In the Faculty Oratorical Contest held June 4, Dorothy Skerry won first place, speaking on the subject, "The Ministry of Music." Celia Herron won second place with the subject, "Plea for Peace." Other contestants were: Laverne Morrison, Eudora Course, and Forrest Travaille.

In the Freshman Oratorical Contest held on June 2, Celia Herron won first place. Laverne Morrison won second place, speaking on "Man With an Ideal." Eudora Course won third place with the subject, "The Waste of War, and the Wealth of Peace."

SULLIVAN RETURNS FROM ASSEMBLY

Report Favors Christian Education

Dr. Sullivan, President of Whitworth College, recently returned from Cincinnati, Ohio, where he has been attending the meeting of the General Assembly of the Presbyterian Church. While there he also attended the pre-convention assembly, where the outstanding education problems of the day were discussed.

"The Board of Christian Education and the Presbyterian College Union", said Dr. Sullivan, "working under authority of the General Assembly, have proposed a general campaign to raise a capital sum for Presbyterian colleges throughout the United States. This plan has been submitted to the General Council, and has been approved by the General Council, and by the General Assembly. The details are yet to be worked out. If these are approved, the campaign will probably be put under way early in 1932."

ALUMNI RECEIVE SENIORS TONIGHT

The annual Alumni banquet will be held at the Masonic temple tonight. This banquet has ordinarily been held at the college immediately after the Commencement exercises, but it was decided to hold it in the evening so as to make possible a larger crowd.

The graduating class will be guests of honor, and will be formally received into the Alumni association. New officers of the association will be elected, and an interesting program will be provided.

Commencement Ends School Year

NUMBER HEAR ADDRESS

Rev. Killian Receives D. D. Degree

The Commencement program for the 1930 graduating class of eight was held this morning at 10:30 on the campus. Many friends and visitors were in attendance.

The Whitworth College orchestra played for the academic procession consisting of the members of the graduating class, the faculty, Board of Trustees, visiting ministers, and alumni.

After the singing of the doxology and the reading of scripture, Lyle W. Moore, head of the music department at Whitworth, sang "Thanks Be To God" by Dickson. After the prayer, Miss Dorothy Farr, an alumnus, sang "How Lovely Are Thy Dwellings."

Rev. W. L. Killian, pastor of the First Presbyterian Church of Davenport, Wash., gave the Commencement address. His subject was: "The Gods Ye Have Chosen." "You young men and women," Rev. Killian said, "who have had the privilege of an education here have special responsibilities. Not only have you had the advantage and development which come from following a course in the cultural studies, but you also have the responsibility which comes with an education which is preeminently Christian.

"Your training," he continued "ought to have furnished you with four things which are necessary to successful living. They are zeal, enthusiasm, courage, and serenity of spirit. If you are to succeed in life, you must have zest for your work; that is, your work must not be a bore; you must do it because you love it and not merely as a means towards a living.

"Enthusiasm. The man or woman who does his or her work in a half-hearted way is doomed to failure. If your training has not given you an enthusiasm for your work, it has not been complete.

"Courage. Life is not a bed of primroses. It's a hard, stern reality. Life is a battle and you will need courage with which to face it. You'll have to 'carry on' often when you do not feel like it.

"Serenity of spirit. This Christian training which you have received ought to make you face the consummation of life without a 'flick of the eyelash or a quiver of the muscle.' It ought to enable you to be conscious of the fact that you have fought a good fight, finished your course, kept the faith, and that there is a reward for you at the end."

After the orchestra, under the di-

WELCOME

Friends of Whitworth, we welcome you on this Commencement season. We extend to you the right hand of Christian fellowship. We are glad to have you with us, to have you rejoice with us over the work that has been done.

Alumni of Whitworth, we welcome you as you return to these halls. May you have rich memories of the days gone by.

To all, Friends and Alumni, WE WELCOME YOU!

We are indeed glad of the opportunity to entertain the Young People's Summer Conference here this summer. We are glad to offer our campus, our buildings, and our equipment to these young people who are striving so earnestly toward a Christian goal.

We are also glad to be able to acquaint these young people with Whitworth, their synodical college. We hope that they will be able to take back to their friends a knowledge of the true Whitworth Spirit.

BLUFFING

Can you define "psychoterminality?" Twenty-one out of every twenty-nine students in the University of Pennsylvania could successfully answer this question. Are you one of those twenty-one? The only catch in the question is that there happens to be no such existing subject as "psychoterminality."

The art of bluffing is well known, frowned upon, but often secretly admired. What student has not at some time in his educational career envied the one who could bluff through a class recitation? To quote the words of one student, "It's a blamed handy thing to know how to do." Yet we despise the consistent bluffer.

What does it mean to bluff? The dictionary defines it as "pretending to have greater knowledge than is actually possessed," "to deceive by putting on a confident air." Are we be-

ing honest with ourselves when we try to bluff our way out of a situation? It would seem as if we were not, yet I wonder if there isn't such a thing as legitimate bluffing.

We cannot completely condemn bluffing. Don't we, in almost every new situation or problem that confronts us, bluff it through? Who has ever accomplished some difficult task without using a good deal of sheer bluff to make himself, as well as others, believe it could be done? If we appear self-confident when we don't feel that way, is that bluffing? It is deceiving by putting on a confident air. Yet, we don't consider this as unfair. One professor at Whitworth said, "Never say 'I don't know' in my class exercises; you ought to have enough background at least to make an intelligent guess." Perhaps there is a difference between self-confidence wholesale bluffing the same as there is a difference between self-confidence and braggadocio. Figure out for yourself the place to draw the line.

"VESTITURE"

Through the chapel, row past row,
Watch the stately seniors go.
It is for sure a giggle's cure
This serious business—"Vestiture"!

Note each sober, serious face
As they march in, to take their place.
Sure—they have much difficulty
To keep step with the faculty.

They touch their caps with fingers
deft,
They tip them some to right or left,
And settle down to then endure
This serious business—"Vestiture"!

The speaker speaks of times to come
When the cruel world will knock you
some.

Your "edjication" is not done;
You'll find it's only just begun.

At last the speaker deems it right
To stop before the coming night.

Thank goodness now we're done for
sure

With that serious business—"Vestiture."

Erickson—How did you come to get
the smallpox?

Knoll—Didn't come to get the
smallpox. Came to study.

Just Between Friends

Ashes to ashes—
Dust to dust,
Show me a man
That I can trust.

Professor Neustel—Have any members of this class ever seen a round crystal?

Slater—Sure, I have one on my watch.

Dot—Do you think that plastic surgery would improve my features?

McNeal—No.

Dot—Then what do you suggest?

McNeal—Blasting.

"Now if you have that in your head," said Professor Hussong, who had just explained a theory to his sociology class, "you have it all in a nutshell."

Cleo—Professor, are you going to ask us everything we don't know in the "exam"?

Professor Wyatt—Impossible, Miss Grafton, you have only two hours in which to write.

Dr. Hays—Give the Latin word for sleep.

Lilly—Snorum.

Professor Neustel—What is the lowest form of life?

Maxine—I don't know, but I think it begins with you ("u").

Boss—No, we have all the men we need.

Don Hesselman—Seems like you could take one more; the little bit of work I'd do.

Evelyn W.—Do you believe in long engagements?

Glenn—Sure, why not let people be happy as long as they can?

Bob Cunningham telling about his generosity—I sent a check to that fund, but I don't believe in parading my charity so I signed a fictitious name to it.

"This is the bunk," said the tramp as he fell into the box car.

Taxi Driver—Cab, miss?

Celia—How far are you going?

McQuillin—When I came on the stage the audience sat there open-mouthed.

Gene Topping—Nonsense, my boy. They wouldn't all yawn at once.

Dr. Hardwick—You can't sleep in my class, young man.

Glenn—I know it, I've been trying for half an hour.

"Lend me \$5, will you?"

"Sorry, but I have but \$4.75."

"Well, give me that. I'll trust you for the other quarter."

Winn—Do you think I'll flunk in chemistry?

Keyser—You'll pass up a good chance if you don't.

Some poetry
Helps in a pinch.
A poem like this
Takes up an inch!

BOCKMAN WINS LITERARY AWARD

Annual Prize Given To "You Know Me"

The annual "Freddy-Sally" prize was awarded this year to the article "You Know Me," by Kathryn Bockman. This article appeared in the Whitworthian on March 19, and was selected by a committee of the faculty.

Miss Bockman has had considerable literary experience, and has been a prominent member of the Whitworthian staff for several years.

The article is:

"I am a characteristic which everyone recognizes and holds in awe—small wonder that people humble themselves before me. All fear me but dare not disregard me. Yet all may possess me, for I am no respect-or persons. Possession of me gives a master hand at all occasions. Witty and forceful, I am considered very 'smart' in fashionable circles.

"I am subtle. I have poise. Under no circumstances am I ill at ease. My victims dread me, but that is due to the fact that they have not cultivated me and are at a loss before my sting. My greatest glory lies in the hidden force of my stinging wit. With pleasureable contempt I then look upon my enraged but helpless victim as he withers under my scorn.

"I know life, its futile hopes, and its bitter realities with no surprises except those of the wrong kind. Why struggle against it? Why not accept its ironical reality? Take nothing at its face value. Look beneath the surface and find there all the meanness and pettiness and hypocrisy of human nature. What is this talk of happiness, service, love? I see only the underlying motives of selfishness, hate, envy greed. So I go about on my scornful mission. I cut hopes; I cut home ties; I cut friendships; I shatter; I sting; I bite; I scratch. With a single word I can corrupt every good thought and deed.

"Some people condemn me, because I am thoughtless and ruthless. Some say I lie. Some say I see only the bitter side of life. Some say I only destroy. What fools! Yes, I am frank to bitterness, blunt to heartlessness, but fearless. What if my bitterness is unjust and misdirected? I know my power and might are right. To preserve my might I must be ruthless, or I am valueless. You know me. You are either my victim or my possessor. Either you are scorned or you scorn. For I am sarcasm."

Professor Neustel—How do you account for the phenomenon of dew?

Brannin (desperately)—Well, you see, the earth revolves on its axis every 24 hours, and in consequence of this tremendous velocity it perspires freely.

Dobie—I want you to understand that I don't stand on trifles.

Shimmy (glancing at her feet)—No, Dobie, I see you don't.

Professor Buxton—I have noticed a good many students who are cutting class. Will all those who are absent please leave their names on a slip of paper as they pass out?

GLEE CLUB PRESENTS ANNUAL PROGRAM

The annual Glee club concert was held last night in the college chapel. A large crowd attended the program, which was as follows:

WHITWORTH C. E. HOLDS VESPERS

Sunday afternoon at 4 p. m. a vesper service was held in the college chapel. The service, which was sponsored by the college Christian Endeavor group and to which all the Christian Endeavor groups of the various Spokane Presbyterian churches were invited, was well attended.

Leah Grove, president of the Whitworth Christian Endeavor group, was in charge. Maxine Alexander played a violin solo and Dorothy Skerry gave a vocal selection.

Mr. Lee Knoll, a last year's graduate of Whitworth, just recently returned from his first year's work at the Presbyterian Theological Seminary of Chicago, was the speaker.

COLLEGE WILL BE HOST TO SUMMER CONFERENCE

The annual Presbyterian Young People's summer conference will be held at Whitworth college from July 21 to July 28. This conference, under the auspices of the Presbyterian church, draws young people from Washington and northern Idaho. Noted church leaders will be present, and a large number of young people are expected to attend.

Society

FACULTY ENTERTAINS SENIORS AT BANQUET

The faculty of Whitworth college entertained the seniors at the annual faculty-senior banquet last Thursday. The banquet was held in the East banquet room of the Davenport hotel, with about 25 attending.

After the dinner was over, Professor Hussong, adviser of the graduating class, presided as toastmaster, and introduced a very interesting program. Leah Grove, class president, gave a resume of the class history; Dr. Hardwick told something of his impressions of the members of the class this year; and Kathryn Bockman spoke on the future of the class. Lyle W. Moore gave two vocal selections, and Mr. and Mrs. Bailor sang a number of college songs. The program was closed by the singing of the Alma Mater.

"W" CLUB HOLDS ANNUAL PICNIC

The annual "W" club picnic was held May 10, with members of the club and their friends attending. A picnic lunch was served at Spirit lake, Idaho. After luncheon the party returned to Newman lake, where the members enjoyed boating and swimming in the afternoon and evening. Dinner was eaten at the Gillette hotel on Newman lake.

Arrangements were taken care of by a committee with Forrest Travaille in charge.

VOLUNTEER FELLOWSHIP PICNIC AT LAKE

The annual picnic of the Volunteer Fellowship was held at Loon lake on Friday, May 16. A large number attended and the evening was enjoyably spent in boating. A wiener roast furnished the nourishment of the evening.

After dinner, Mr. Bailor led the group singing, accompanying on his guitar.

SENIORS RECEIVE DEGREES

(Continued from page 1.)

rection of Donald Hesselman, played "Fair Maid of Perth," by Widdle, the degrees were awarded by Dr. Ward W. Sullivan, president. The degree of doctor of divinity, which is customarily given each year to a worthy friend of the college, was conferred this year upon Rev. W. L. Killian, the commencement speaker. Dr. Killian is a prominent minister in the synod of Washington, is an ardent supporter of Whitworth, and has two sons in attendance, one of whom is a member of the graduating class. After a brief response by Dr. Killian, the academic degrees were conferred upon the eight graduates.

The Glee Club, directed by Lyle W. Moore, sang "Send Out Thy Light," by Gounod.

After the announcements of the semester honor roll and other honors were made by the president, the program was closed by the singing of the Whitworth Alma Mater.

WEDDING NUPTIALS FOR WHITE AND JULIAN

On Monday, June 2, at the home of Mr. and Mrs. Ford L. Bailor, J. Glenn Julian and Miss Evelyn White were united in marriage. The ceremony was performed by Rev. W. L. Killian of Davenport. Mrs. Bailor was bridesmaid, and Mr. Bailor was best man.

This marriage was a surprise to their many friends at Whitworth, as Mr. Julian had been planning to leave for his home in Oregon to work for the summer. The young couple left immediately after the ceremony for Bend, Ore., where Mr. Julian will spend the summer in the Forestry Service.

Mr. Julian was a junior at Whitworth this year, while Mrs. Julian was secretary to the President. They plan to continue school at Albany, Ore., next year.

STUDENTS SPONSOR BEEFSTEAK BREAKFAST

The annual beefsteak breakfast under the auspices of the student body, was held on the Little Spokane on May 27. Most of the students were present to partake of the liberal supply of beefsteak and buns provided by the student association.

CLASS DAY PROGRAM HELD JUNE 4

The annual Class Day exercises were held in chapel last Wednesday. The Junior class had charge, with Clifford McNeal, president, presiding. A short skit was given by the Freshman class dedicating furniture to the graduating class. The Sophomore class gave some of the history of the individual members of the class. The Junior class put on a burlesque faculty meeting, in which the members of the graduating class were discussed. It was decided by the "faculty" that all members of the class could graduate.

Leah Grove, president of the Senior class, presented Clifford McNeal with the key that is symbolic of the acquiring of knowledge.

The Senior class presented Whitworth College with a large American flag. Professor Hussong, class adviser, and Professor Wyatt, coach of the class play, also were presented with tokens by the class.

The meeting adjourned with the singing of the Alma Mater and the Star Spangled Banner.

Laurie Licensed BY PRESBYTERY

The Presbytery of Spokane yesterday examined and licensed Phillip Laurie to preach. Mr. Laurie graduated from Whitworth in 1928, and has since been attending seminary in California.

FRENCH CLUB PICNICS

"Le Joie de Vivre" held its annual picnic on the Little Spokane the last week in May. A number of the students attended.

MRS. SOLTAU HEADS MUSIC DEPARTMENT

The Music department of Whitworth next year will be under the direction of Mrs. Soltau, whose husband will have charge of the department of physics and engineering next year.

Mrs. Soltau graduated from the University of Washington, and has had several years' graduate work in

Mrs. Grace Soltau

music. She was instructor in piano at the University of Washington for seven years, and for four years was pipe organist of the University Congregational church at Seattle. She has had special work in choral singing and hymnology, and will offer a full course of musical instruction here next year.

W. A. A. ELECTS OFFICERS AT SPRING RALLY

Tuesday afternoon at 3 p. m. the spring rally of the Women's Athletic Association was held on the front campus. The main feature of the program was the election of officers for next year. The results were as follows: Helen Doig, president; Ruth Johnson, treasurer; Dorothy Skerry, secretary. These officers select the other members of the Executive Board in the fall.

The "eats" committee, consisting of Alice Sanstrom, June Harris, and Ruth Johnson, took charge of the rest of the program, serving a delicious lunch.

HARDWICK ADDRESSES LAST INVESTITURE

The last in the series of Investiture services was held last Thursday. Dean Hardwick was the speaker, and Dorothy Hood and Dorothy Skerry furnished special music.

This was the eighth Investiture program in the series, in which a number of the prominent speakers of Spokane and the Inland Empire were heard. Among those speaking were President DeLong of the Nazarene college at Nampa, Idaho; Dr. Harper, Dr. Jeffries and Rev. Grosschuf, prominent Spokane ministers; Principal Kennedy and Superintendent Pratt of the Spokane city schools; Dr. Sullivan and Dr. Hardwick of Whitworth college. Special music was arranged by Professor H. L. Hussong at all these services.

ORCHESTRA

It was not until the last part of the first semester that the students of Whitworth realized the need of a college orchestra. Under the guidance of Professor Hussong, those interested in orchestra met and organized. Donald Hesselman, who has had experience in directing, was chosen to direct the orchestra. Since that time the members

have worked diligently, and the orchestra, although small, is composed of students who are interested in their work and are willing to sacrifice other things for the benefit of the group. The orchestra has represented the college at a number of outside functions, among these being programs given in the Millwood Commu-

nity church, the Lidgerwood Presbyterian church, the Fourth Presbyterian church, and the Davenport Presbyterian church. The orchestra also furnished the music for the all-Whitworth banquet held at the Masonic temple on April 4. The final appearance of the year was made at commencement on June 6, when the orchestra furnished a musical selection.

In order to stimulate interest in journalism and to honor those on the staffs of the college publications, the Whitworthian and the Natsihi heads framed a constitution for an honorary journalistic society, and presented it to the faculty. Approval of the faculty being received, organization of the society was completed, and 10 students joined to form the first organization of Gamma Epsilon, honorary journalistic society. These members were: Miry Hint Holt, Virginia Koyl, Lea Muiel Mase, Kathryn Everell Sharnbroch, Cliff Neal, Paul Crooks and Killian. The faculty advisor, Professor Hussong and Wyatt New members were this spring, and were initiated party held at the home of

LENORE VAN LOON

Major: Classical Languages.

Entered from Oregon State College fall of 1929; "Skidding," '30.

HONOR "W" CLUB

The Whitworth Honor club is a scholastic honorary society organized by the faculty in 1928 for the purpose of encouraging better scholarship at Whitworth. Election to this club is the highest honor which the college may confer upon a student, for it is given not only in recognition of high scholarship, but is dependent also

upon the extra-curricular activities and Christian leadership of the student. Members of the junior or senior classes who have earned scholastic honors for three semesters are eligible for consideration by the faculty for election to the club. It is only in exceptional cases that a student is elected before his junior year.

Officers are elected at Commencement time for the coming year. The officers for the past year were: Philip Laurie, '28, president; Lillian Brown, '28, vice president; and Kathryn Bockman, '30, secretary-treasurer. New officers will be elected at the annual banquet which will be held at the Davenport hotel on June 6.

VOLUNTEER FELLOWSHIP

The Volunteer Fellowship is an organization sponsoring religious activities outside the college. Its purpose is giving those interested in Christian service a chance to appear before the public and to form contacts with the churches of the territory. Membership is obtained by believing in Jesus and desiring to serve him.

This year there were 38 members, 16 of them being new students. Nearly every member is serving in a church somewhere in or around Spokane. Several are Sunday school teachers, members of choirs, superintendents of Christian Endeavor, or active in committee work.

There have been 10 out-of-town trips this year, including 12 different churches. These have been: Asotin, Clarkston, Post Falls, Millwood, Opportunity, Fairfield, Davenport, the Parental Home, St. John, Sunset, Fishtrap, and Oakesdale. At each of these services the Fellowship was well received. Besides these trips, there have been a number of services held in local churches.

Believing that testimony for Christ may be made by music as well as by the spoken word, the music committee

is no small part of the organization. Among the musical numbers which have been given are: Vocal solos, duets and quartets, and such instrumental solos as violin, trumpet, banjo, and piano.

The officers of the Volunteer Fellowship for the 1929-1930 academic year have been: Mary Hinton, president; Kenneth Knoll, vice-president; Kathryn Bockman, secretary-treasurer; and Dorothy Hood, head of the

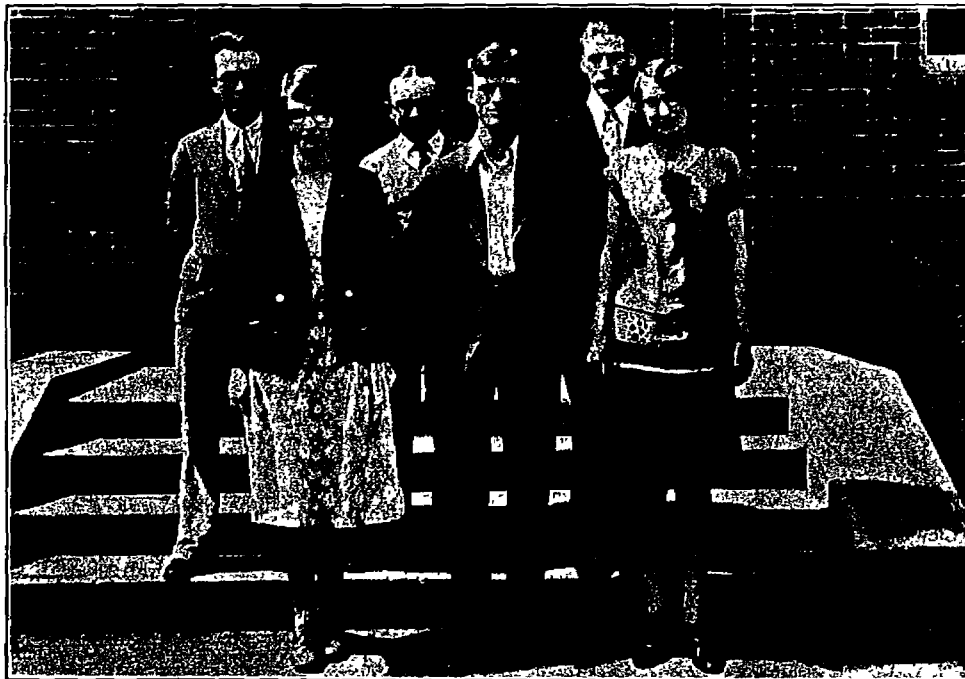

music committee. Newly elected officers for next year are: Kenneth Knoll, president; Maude Holt, vice president; and Leta Mae Muir, secretary-treasurer.

FORENSICS

Leah Grove

Margaret Jamison

Oratory, declamation and debating hold a definite place among the extracurricular activities of Whitworth. Ample time is found to enter any of these activities.

In oratory, there are three contests of interest during the year. The first is the Intercollegiate contest with Spokane university. In this contest, Whitworth was represented by Dorothy Skerry, who lost to the Spokane university representative.

Besides this contest, there is the freshman contest, which is held the last week in May, sponsored by the Rev. W. L. Killian of Davenport, and the faculty contest, which is held during Commencement week, and is sponsored by the faculty of Whitworth college. Both these contests attract quite a number of orators. The freshman contest is open only to freshmen, but the faculty contest is open to all classes, including any entrants in the freshman contest who

may wish to enter the larger contest.

Those interested in declamation may try out for the intercollegiate contest held with Spokane university at the same time as the oratorical contest. This year, Whitworth, represented by Celia Herron, was successful in defeating the University.

The three members of the debate team were successful in winning all three of their debates. Teams from Wheaton college, Wheaton, Ill., Northwest Nazarene college of Nampa,

Idaho, and Oregon State Normal school, Monmouth, Ore., were defeated by the Whitworth team, who debated the negative side of the question: "Resolved, That the nations should adopt a plan of total disarmament except for such forces as are needed for police purposes." Those representing Whitworth were: Leah Grove, Margaret Jamison and Melvin Gilmore.

Whitworth has a definite place for forensic, and special training is given to those desiring it.

PULPIT RECRUITS

The Pulpit Recruits are those students who are looking forward to full time Christian service in the ministry or in missions. They have held several meetings in churches in the city, and have met two or three times each week at the college.

The members are: Paul Crooks, Hugh Bronson, Forrest Travaille, Alfred Marquam, Maurice Holt, and Laverne Morrison. Dr. Countermine is adviser.

DRAMATIC CLUB

The Dramatic club, organized January 15, 1929, was formed for the purpose of giving students an opportunity for development in that field. It provides at the same time interesting short plays and skits for entertainments at the college. The club hopes to keep alive an interest in the drama and the stage.

The principal work of the club for this year has been the presentation of skits for such occasions as Homecoming, the Colonial party, and Class day. At the Homecoming chapel exercises, a football game in miniature was played, with the girls taking the main masculine roles. At the Colonial Party the "Boston Tea Party" was enacted.

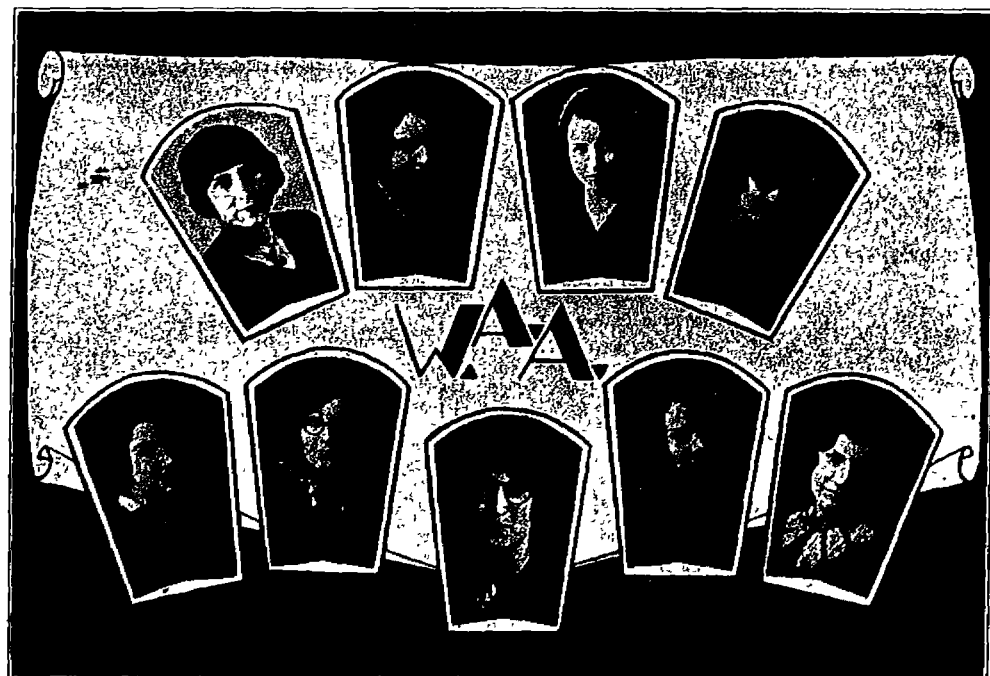

W. A. A.

Women's athletic activities at Whitworth are under control of the Women's Athletic association, which is composed of all the girls in the college. Points are awarded for proficiency in certain activities. Awards are made according to the number of points earned.

The association sponsors the football banquet, given in honor of the football men; the April Frolic, an all-women's picnic and party; and several pep rallies during the year.

The officers of the organization for this year have been: Kathryn Bockman, president; Leah Grove, treasurer, and Leta Mae Muir, secretary. Captains of the various activities have been: Ruth Johnson, hiking; Maude Holt, hygiene; Lilly Schwendig, basketball; Helen Doig, volley ball, and Margaret Jamison, tennis. Dorothy Skerry was basketball manager.

SPORTS

WHITWORTH LOSES TO SPOKANE U.

In the third and last game of the series, Spokane university defeated Whitworth nine by a score of 6 to 2. With the exception of a bad first inning, when the U. gained 5 runs, Whitworth outplayed their opponents, but were unable to overcome the lead.

Score by innings: H. R.
Whitworth00000020-10 2
Spokane U.500100000-10 6
Batteries: West and Booth; V. Emerson and F. Emerson.

MEN'S BASEBALL LETTERS AWARDED

Baseball letters were awarded for the 1930 season to nine men by Coach Wyatt, baseball coach. Those receiving letters were: West, pitcher; Booth, catcher; Travaille, first base; Hesselman, second base; Holt, third base; Nelson, shortstop; Brannin, left field; McNeal, center field; and Bromling, right field.

WOMEN DEFEAT SPOKANE U.

The women's tennis team, combined with part of the men's team, Wednesday defeated Spokane University four matches to one.

The results of the matches were: Kathryn Bockman (W) defeated Margaret Hillman (S. U.) 3-6, 8-6, 6-2;

Leta Mae Muir (W) defeated Beryl Greer (S. U.) 6-0, 6-2;

Louise Schneider (W) defeated Fanny Camp (S. U.) 6-1, 6-1;

Margaret Jamison and Kathryn Bockman (W) defeated Fannie Camp and Margaret Grove (S. U.) 6-0, 6-1.

Clifford Wright and Margaret Hillman (S. U.) defeated Leon Killian and Louise Schneider (W) 5-7, 6-2, 6-3.

WOMEN TIE CHENEY NORMAL

Whitworth college and Cheney Normal school girls' tennis teams divided their matches at Manito courts, May 24, each team winning two matches.

The results of the matches were: Schneider (W.) defeated Berg (C.), 6-2, 6-0.

Muir (W.) defeated Salisbury (C.), 7-5, 3-6, 6-1.

Janney (C.) defeated Bockman (W.), 6-3, 5-7, 6-3.

Sand and Ryan (C.) defeated Muir and Schneider (W.), 6-4, 6-1.

STUDENT BODY GIVES AWARDS

In chapel last Wednesday the Associated Students awarded pins and awards for the last year. Those receiving pins were: Leah Grove and Margaret Jamison, debate; Celia Heron, declamatory; Dorothy Skerry, oratory; Leah Grove, business manager of the Whitworthian; Everell Sharnbroich, editor of the Natsihi; and Paul Crooks and Carl Killian, business manager and assistant business manager, respectively, of the Natsihi.

SPOKANE U. WINS MEN'S TENNIS

On May 23 the Spokane University tennis team defeated the Whitworth team, six matches to one. Whitworth scored its victory in singles.

The results of the matches were: L. Killian (W.) defeated McCurdy (S. U.), 6-3, 2-6, 6-4.

V. Emerson (S. U.) defeated C. Killian (W.), 3-6, 6-3, 6-4.

Wright (S. U.) defeated Keyser (W.), 6-2, 6-4.

Fairbanks (S. U.) defeated Booth (W.), 6-4, 7-5.

Sacco (S. U.) defeated Winn (W.), 6-2, 6-2.

McCurdy and Sacco (S. U.) defeated Keyser and Winn (W.), 6-0, 3-6, 6-2.

Wright and Fairbanks (S. U.) defeated L. and C. Killian (W.), 2-6, 6-3, 8-6.

CHENEY WINS MEN'S MATCHES

On May 17, the Cheney Normal tennis team defeated the Whitworth team, five matches to one.

The results of the matches were: L. Killian (W.) defeated Smith (C.), 6-3, 9-7.

Bryant (C.) defeated C. Killian (W.), 3-6, 7-5, 6-1.

Eddy (C.) defeated Keyser (W.), 6-3, 6-2.

Nelson (C.) defeated Booth (W.), 6-0, 6-4.

Eddy and Smith (C.) defeated L. and C. Killian (W.), 7-5, 6-4.

Hungate and Nelson (C.) defeated Booth and Keyser (W.), 6-3, 6-4.

SCHNEIDER WINS W. A. A. TOURNAMENT

Louise Schneider won the W. A. A. singles championship by defeating Leta Mae Muir, 6-3, 6-1. In the W. A. A. doubles, Lilly Schwendig and Margaret Jamison won by defeating Helen Doig and Zelma Morgan, 6-3, 7-5.

SENIORS PRESENT SUCCESSFUL PLAY

On Tuesday, June 3, the class of 1930 presented as the Senior class play, "Skidding," by Aurania Rouverol. This play is a story of modern life, and was very well received by an appreciative crowd.

Those taking part were: Kathryn Bockman, Lilly Schwendig, Maxine Alexander, Helen Doig, Lenore Van Loon, Paul Crooks, Leon Killian, Lloyd Smith, Maurice McQuillin and Forrest Travaille.

TENNIS LETTERS GIVEN

Tennis letters were awarded this spring to the following men: Leon Killian, Carl Killian, Louis Keyser and Loris Winn.

W. A. A. PRESENTS YEAR'S AWARDS

At chapel, Tuesday, June 3, the W. A. A. awards for the year were presented to the respective girls by Mrs. Marthalena Miller Rupp, a graduate of Whitworth and one of the first girls to receive a sweater under the Women's Athletic Association.

Those receiving letters, requiring five points, were: Ruth Feller, Virginia Koyl, Leah Grove, Ruth Johnson, Dorothy Skerry, Janice Schermehorn, Dorothy Hood, and Virginia Hedstrom.

Those receiving gold "W" pins were: Margaret Jamison, Leta Mae Muir, Dorothy Skerry, Ruth Johnson, Mary Hinton, and Muriel Mase. Eight points are required for these.

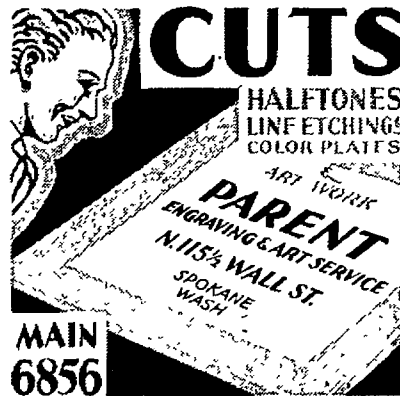

Two sweaters were awarded, one each to Maude Holt and Helen Doig. Three years of work in the various activities of the W. A. A. are necessary to earn the 12 points required for the sweater.

For the first time since the organization of the W. A. A. at Whitworth, blankets were awarded. Sixteen points are required for these and necessitate four years of work. The blankets are black, bound with red, and have a large "W" in the center. Kathryn Bockman and Lilly Schwendig were the ones to receive the blankets.
