*The wings of the 1934
Natsihi symbolize a
flight from tradition,
a departure from the
example of the past, a
sincere effort to face
the challenge of the
present.*

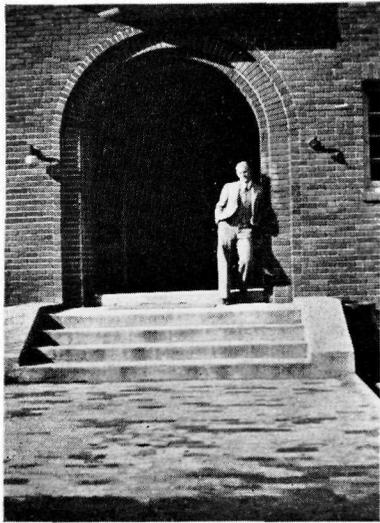

foreword

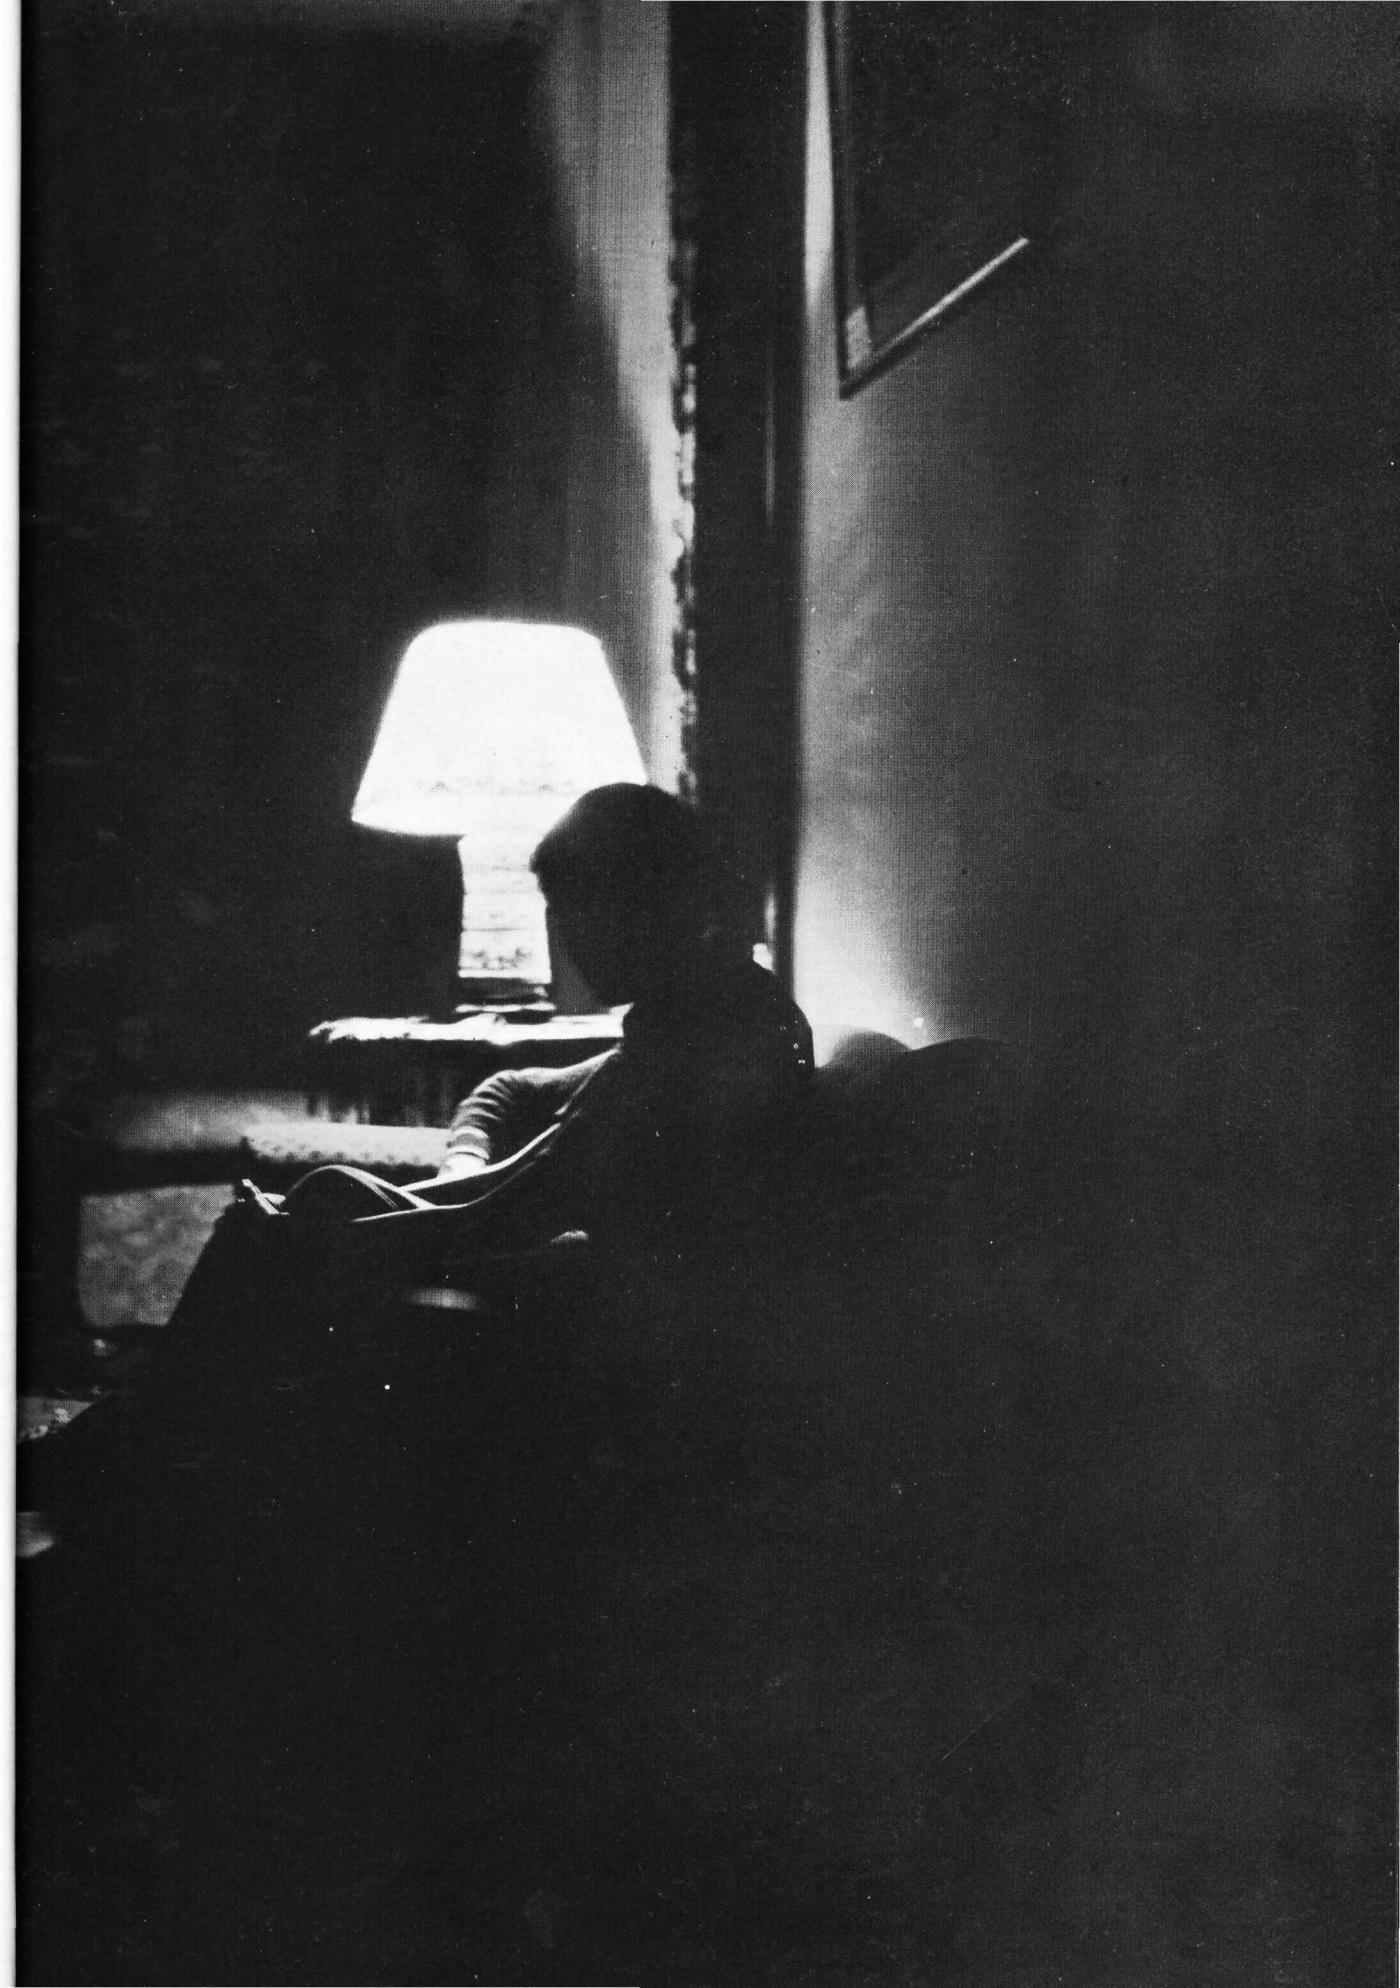

To the Whitworthians of the future, who shall carry on gloriously the task of building a greater Whitworth, this Nat-sihi is dedicated.

dedication

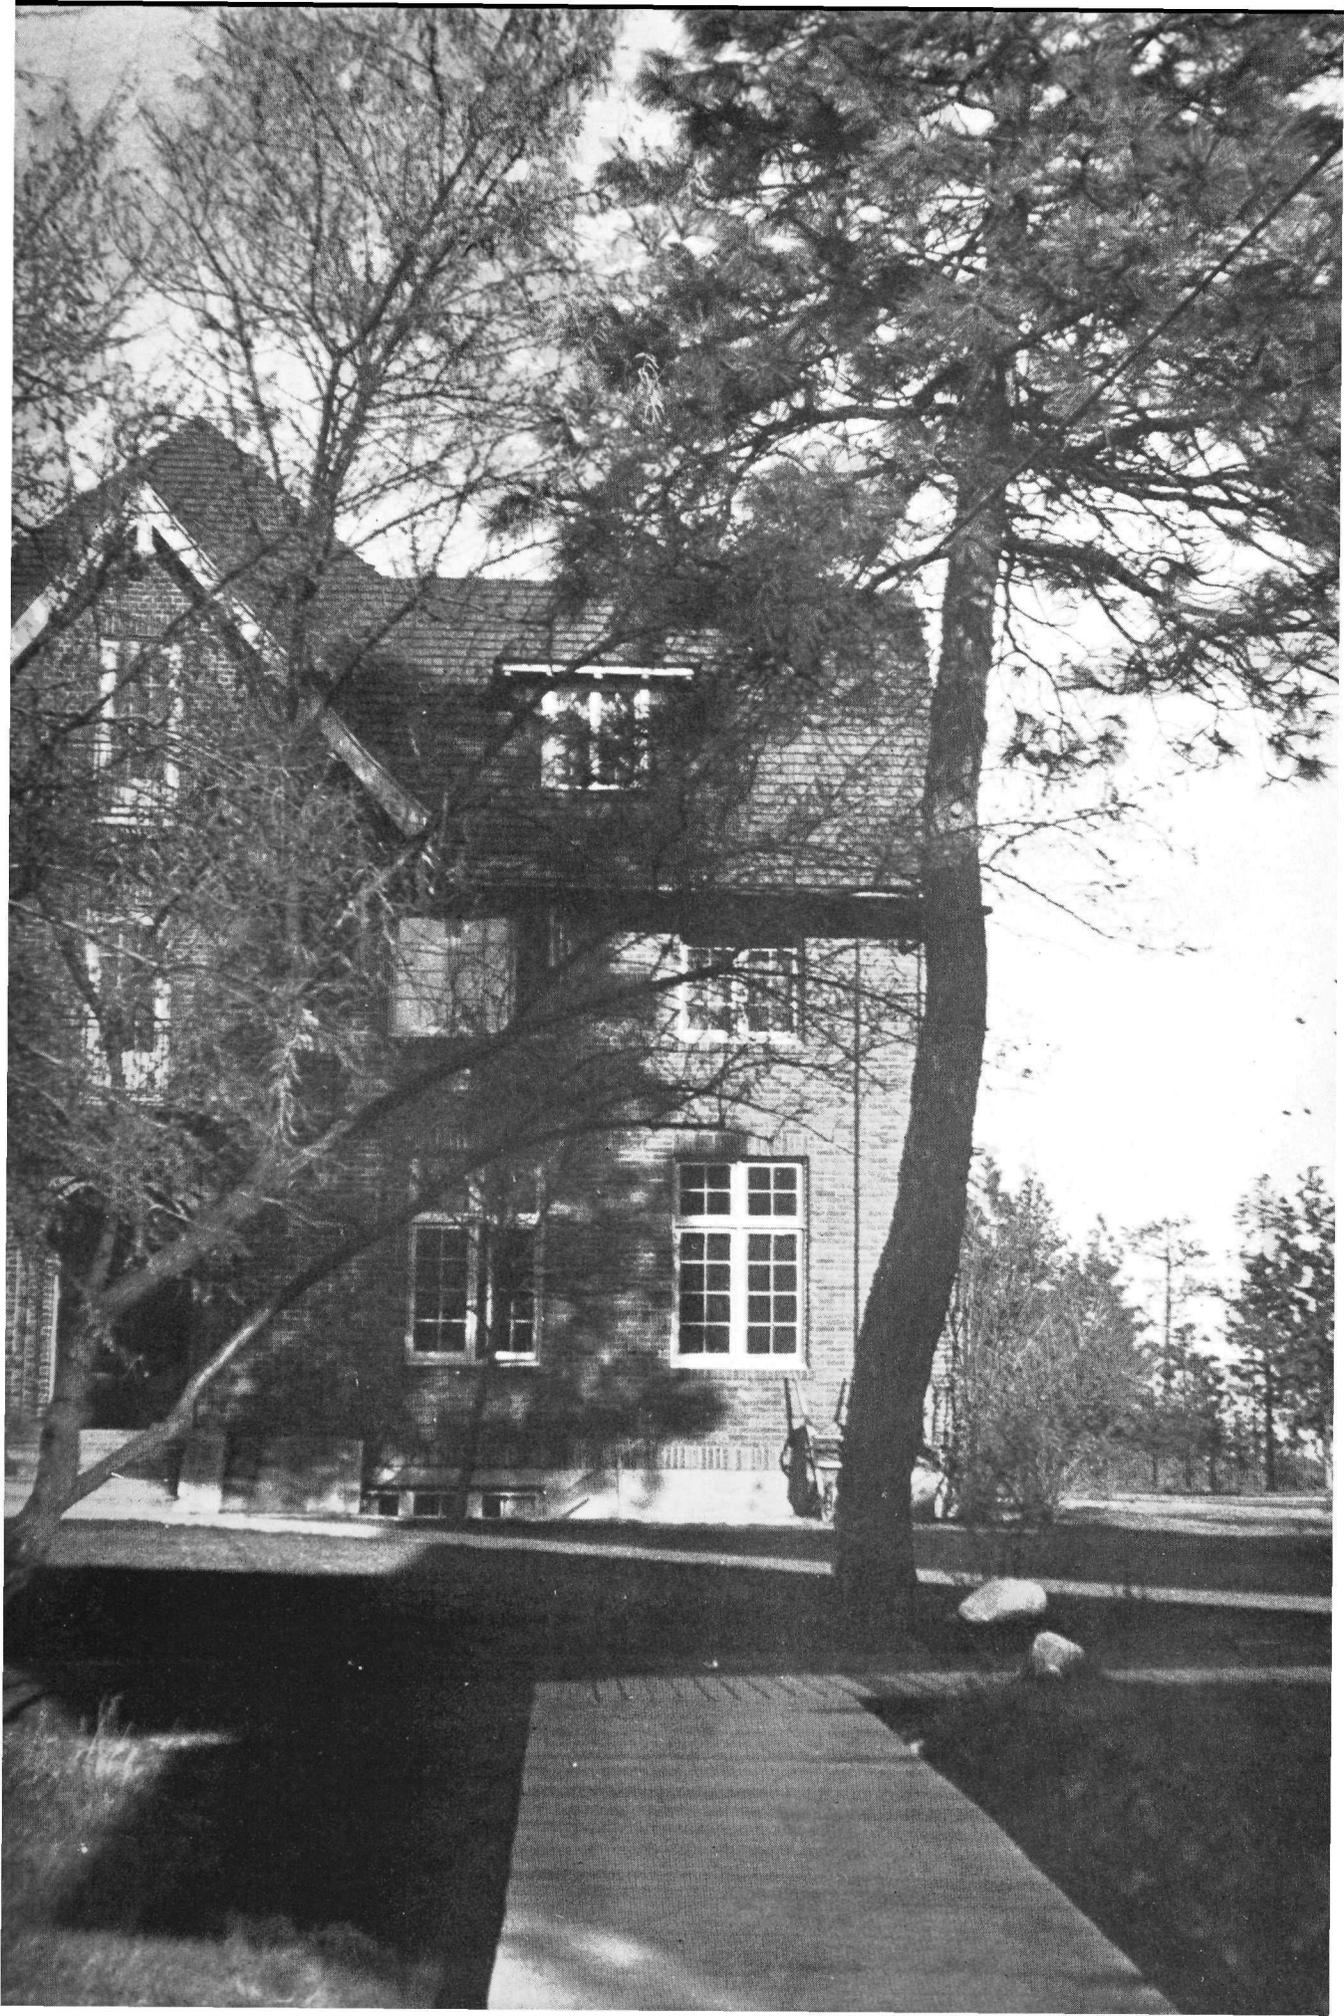

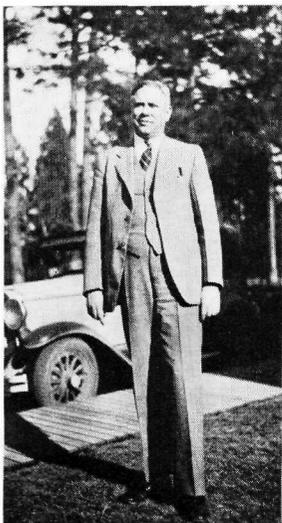

THE PRESIDENT'S MESSAGE

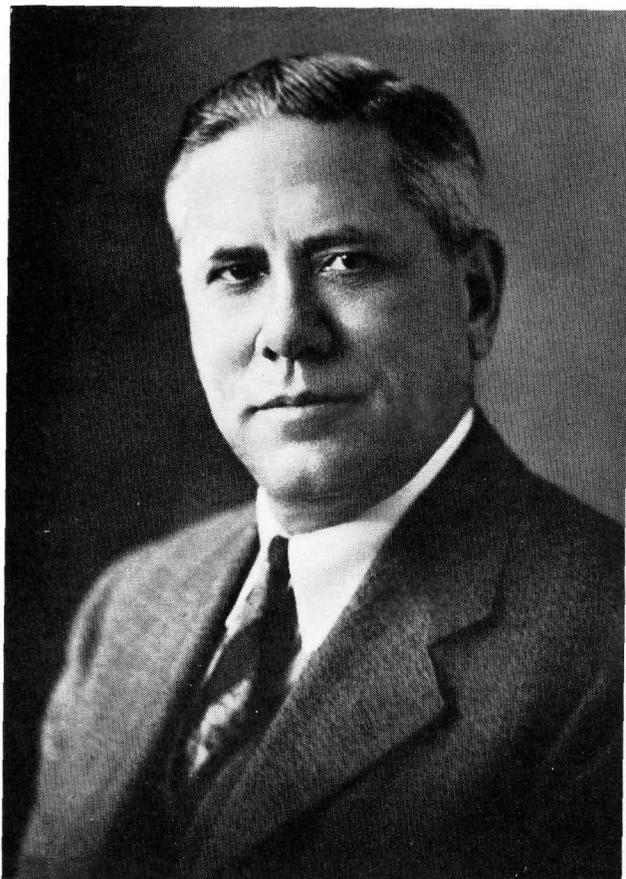

When our forefathers, the pioneers, crossed the plains in covered wagons to the mighty Oregon country, their rallying call for the day's journey ahead was "We must march." They moved forward in steady columns of mighty men to this great Northwest and won an empire.

Whitworth College is a pioneer college of the West. It, too, has as its rallying cry "We must march," and it is marching on. It has already won for itself a place in this great empire, where it is serving the children of those sturdy pioneers who crossed the plains years ago.

So we, too, who are in the vanguard for the moment—teacher, fellow-student, alumnus, and friend—"must march on" in greater service for God and man.

This issue of the *Natsihi* records in a measure this service for 1934.

WARD W. SULLIVAN,

SOPHOMORES

A fighting class, these sophomores! From the outset of their college career, when they came the closest that any class of recent years has come to nailing the green flag to the sophomore flag-pole, the class of '36 has been a strong factor in all college activities.

As the Natsihi goes to press, the Sophomore class has yet to be defeated in interclass athletics. Following their brilliant showing in the sophomore-freshman football "classic" in their first year, the sophomores went on to score an impressive victory in interclass basketball over all opposition, a supremacy which they have held undisputedly for the past two years.

Athletics is by no means the only field in which the sophomores have excelled. For the past two quarters they have stood high scholastically, being second only to the seniors in all-college standings.

Outstanding personalities of the class include *Irving Smith*, president, baseball, football, and tennis letterman; *Dan Fleming*, member of the student Executive Board; *Bob McEachran*, business manager of the *Whitworthian*, and *Christine McDonald*, president of the Pirettes.

FRESHMEN

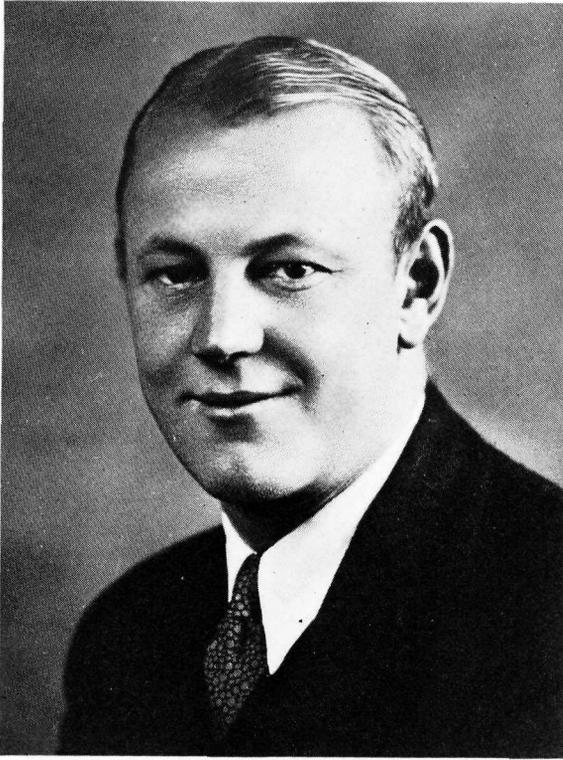

The Freshman Class demonstrated early that it was not to be left behind in college activities. The first achievement of the yearlings was to gain a thorough moral victory over the confident sophomores by holding them to a draw in the annual "class scrap." Although the sides were evenly matched in man power, the frosh were the underdogs, for they appeared to the sophomores to be green, youthful, and innocent. It was indeed bitter to be drenched by a hose in the hands of these same youthful freshmen.

After the wearers of the green had proved their valor on the field of battle, they demonstrated their skill as entertainers in a fine variety program which they presented in chapel on November 17. Throughout the college year the class has continued to show well in athletics, in music, in drama—indeed in every field of activity.

Some outstanding personalities of the class are *Mark Koehler*, class president, basketball and tennis shark and wisecracker extraordinary; *Loren Hatcher*, outstanding vocalist; *Florence McEachran*, member of the Student Promotion Committee, and *Jo Schrap*, Social Activities Committee, both newly-elected members of the Executive Board.

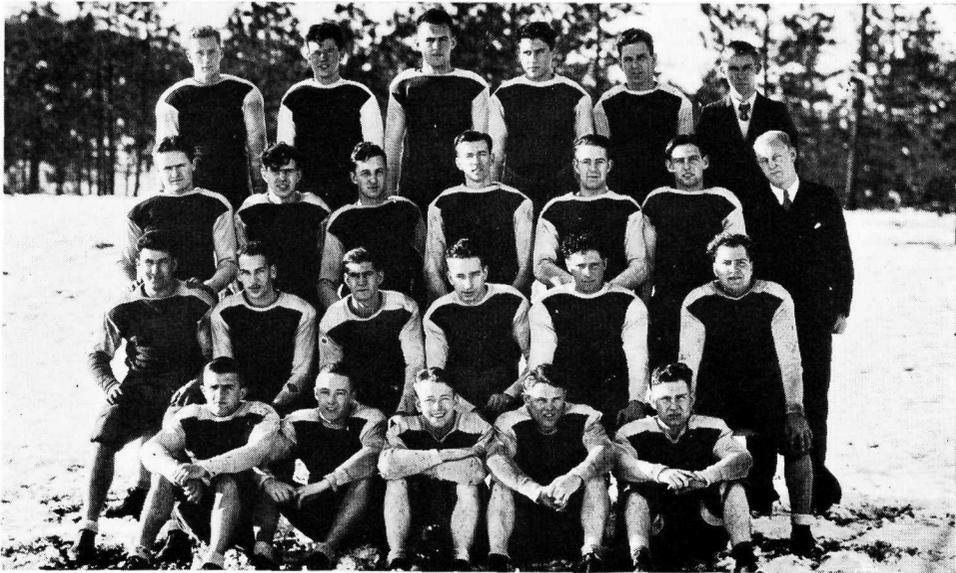

ARTHUR W. (SNOWY) GUSTAFSON, B. S.
Coach and Director of Athletics

COACH

Faced with the always difficult task of laying the foundations for an entirely new system of athletics at a college, Coach Gustafson has won the confidence and the admiration of every Whitworth student by the fine work he has accomplished in his first year as Director of Athletics.

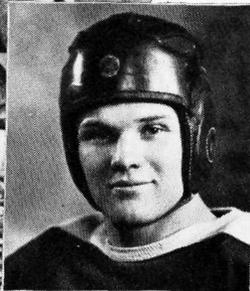

Pirate Varsity, 1933

CAPTAIN

Tommy Ventris, elected honorary football captain for the second successive season, well deserves the honor which has come to him, by reason of his brilliant playing and his inspirational leadership in every contest.

SNIDER AWARD

Wilson (Rusty) Rasco, winner of the coveted Snider Award for 1933, was chosen for this honor by his team-mates in recognition of his fine playing and his courage, which served to urge the team on to greater effort.

A pile-up at the line.

WHITWORTH vs. CHENEY NORMAL

A much heavier and more experienced Cheney eleven used a varied attack to advantage to defeat a light, but scrappy, Whitworth team on the Cheney gridiron, Saturday, September 23.

The game was played in a steady downpour of rain, giving the heavy Cheney men a distinct edge and completely soaking a small but enthusiastic crowd of students.

Cheney could not gain through the air, two passing attempts being intercepted by Gray, Pirate quarter. Whitworth completed three short passes for small gains.

Every man on the Pirate squad saw action during the game, the first under Whitworth's new coach, Arthur Gustafson.

Score: Cheney 55, Whitworth 0.

Rasco, *guard*
 Moore, *fullback*
 Whiteside, *halfback*

Ventris goes off tackle.

WHITWORTH vs. EASTERN OREGON NORMAL

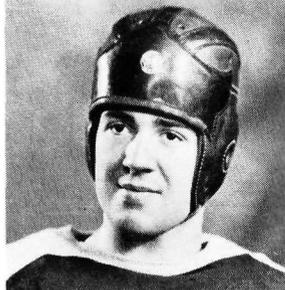

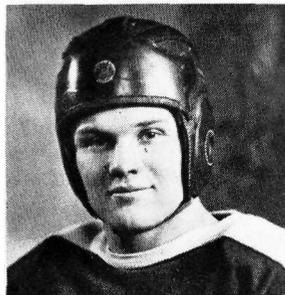

Eastern Oregon normal, at La Grande, Oregon, played host to Coach Snowy Gustafson and twenty-five players on September 30.

Again the Pirates were greatly outweighed but put up a stiff fight. The Normal men counted five touchdowns, three of them on intercepted passes.

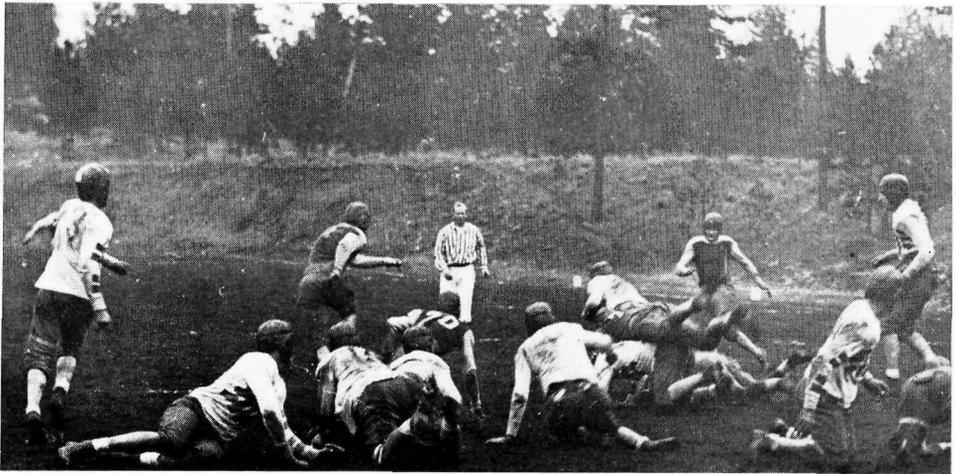

Whitworth threatened twice in the last half, once on a seventy-yard march down the field, which was stopped by an intercepted pass by La Grande, and again when Ventris, star halfback of Whitworth, intercepted a La Grande pass and wove his way to within scoring distance, just as the game ended.

Hodgins, Miller, and Fleming showed up well in the line; Ventris and Gray were the main sparks in the backfield.

Score: La Grande 35, Whitworth 0.

*Ventris, halfback
Gray, quarterback
Calkins, tackle*

A Whitworth back stops the play.

WHITWORTH vs. GONZAGA FRESHMEN

A stubborn Pirate eleven held the strong Gonzaga freshman grid team to a lone touchdown in a night game in the Gonzaga stadium on October 7.

The first-year men, heavy favorites, scored only when they recovered a high pass from center that sailed over the Whitworth backfield, on the Pirate one-and-a-half yard line, with four downs to push it over.

Whitworth gathered nine first downs to Gonzaga's eight and also showed an effective passing attack to complete six out of eleven attempts, whereas the toy bulldogs completed one out of twelve tries.

For Whitworth, Ventriss was outstanding on both offense and defense, Gray turned in a fine game at quarter, and Rasco played a great game in the line.

Score: Gonzaga freshmen 6, Whitworth 0.

Hale, *end*
Smith, *end*
Bender, *guard*

Fleming stops a Whitman touchdown.

WHITWORTH vs. WHITMAN

The Whitman grid machine, one of the strongest in the Northwest conference, had little trouble in beating Whitworth at Walla Walla, October 14.

The Pirates, somewhat crippled by injuries, could not stand up to their heavier opponents, although they fought hard.

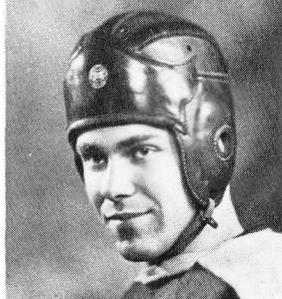

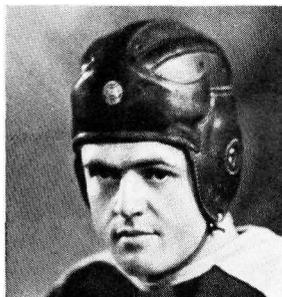

Whitworth showed a classy passing attack, completing six out of ten heaves. Whitman connected with two out of eleven, both for scores.

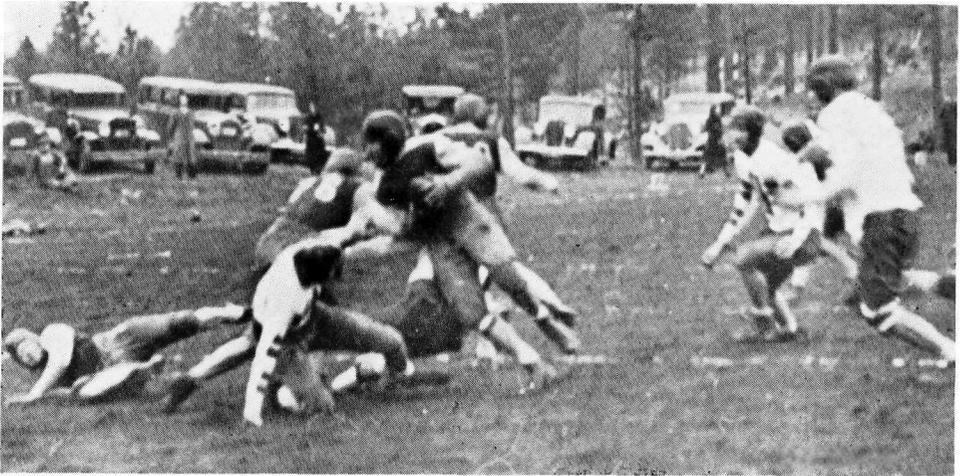

Whitman counted once in every quarter and twice in the third canto. The Whitworth men made seven first downs in the last half but could not gain at the crucial moments.

The Whitworth band and a good-sized group of students made the trip and added to the spirit of the game.

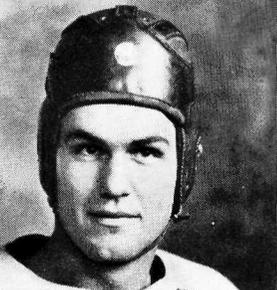

Score: Whitman 32, Whitworth 0.

*Fancher, center
Allison, halfback
Vicker, guard*

Moore goes through the line.

WHITWORTH vs. LEWISTON

In a game filled with thrills, the Whitworth Pirates and the Lewiston Normal Pioneers battled to a scoreless tie on Saturday, November 4, at Lewiston.

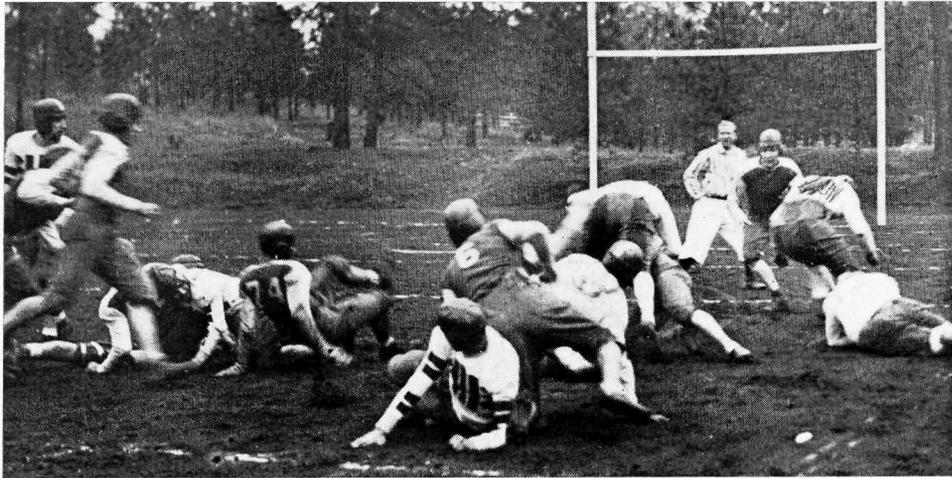

Lewiston started first when they drove to Whitworth's fifteen-yard line, where the Pirates held and took the ball on downs.

Whitworth reached Lewiston's ten-yard stripe early in the third period on a long pass, but were called back to the fifty-yard line on an illegal shift. Again in the fourth quarter the Pirates drove to the Pioneers' two-yard line but could not punch it over the stubborn Lewiston defense.

Keiser, Earl Miller, and Bogenreif turned in a good game for Whitworth.

Score: Lewiston Normal 0, Whitworth 0.

*Koper, tackle
Fleming, end
Keiser, tackle*

Idaho goes through for a gain.

WHITWORTH vs. IDAHO FRESHMEN

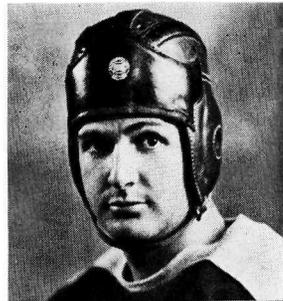

Again beef decided the story when the Idaho yearlings conquered the Pirates, November 10, on Whitworth's field.

The freshmen scored in the first period on a wide end run and again in the last half on a long pass.

Whitworth resorted to the air as the best ground gainer against the much heavier Idaho men and completed six out of sixteen throws. The Pirates threatened twice: when Smith, end, snagged a pass and raced to the Idaho ten-yard stripe before being dragged down, and when Gray, quarterback, returned a punt far into Idaho territory. Both attempts came to nothing, as incompletes passes into the end zone quashed the threat.

Score: Idaho Freshmen 14, Whitworth 0.

B Miller, *quarterback*
Bogenreif, *center*
E Miller, *end*

A Whitworth pass.

WHITWORTH vs. INTERMOUNTAIN UNION

Whitworth's hard-hitting fullback, Tom Moore, made the only touchdown of the season when he intercepted an Intermountain Union pass and ran for a score in a thrilling battle before a colorful home-coming crowd on Saturday, November 17. Smith converted by a place kick, and the game ended 12-7 in favor of the men from Montana.

The visitors' first touchdown resulted from a freak play, in which they recovered their own kick-off in Whitworth's end zone during the opening seconds of the game. Later a long forward pass brought Intermountain a second score.

The Pirates, again outweighed, played their best game, making eight first downs to Intermountain's nine, and completing six out of twelve aerial attempts to seven out of twelve for Intermountain Union.

Score: Intermountain Union 12, Whitworth 7.

Chatterton, *end*
 Davis, *guard*
 Williams, *manager*

basketball

SUMMARY OF THE SEASON

The basketball season had a bright outlook with Lettermen Ventris, Gray, Penhalurick, Allison, Vicker, and Luenow, and many promising candidates answering Coach Arthur Gustafson's call. It was a hard-working squad, which came along fast and gave a good account of itself.

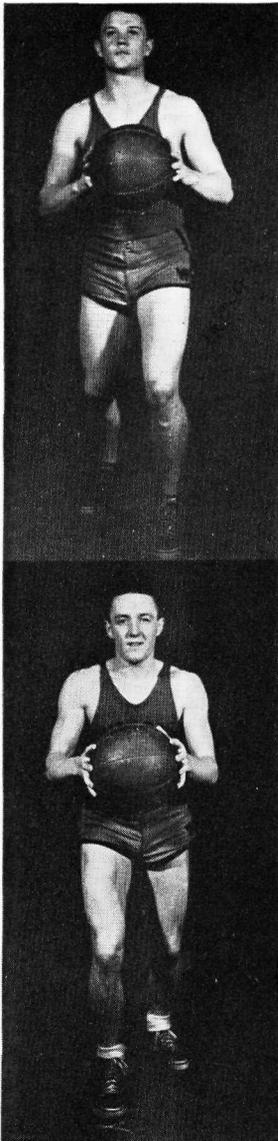

The Whitworth five took the first game with the Plummer A. C. casaba tossers by a 44 to 42 score, with Gray and Koehler leading the Pirate scorers.

The Whitworth hoopsters journeyed to Lewiston on November 15 and 16 for two tilts with the strong Lewiston Normal quintet. The Idaho men took both games, by scores of 43-15, and 45-25, largely because of Whitworth's inability to locate the basket.

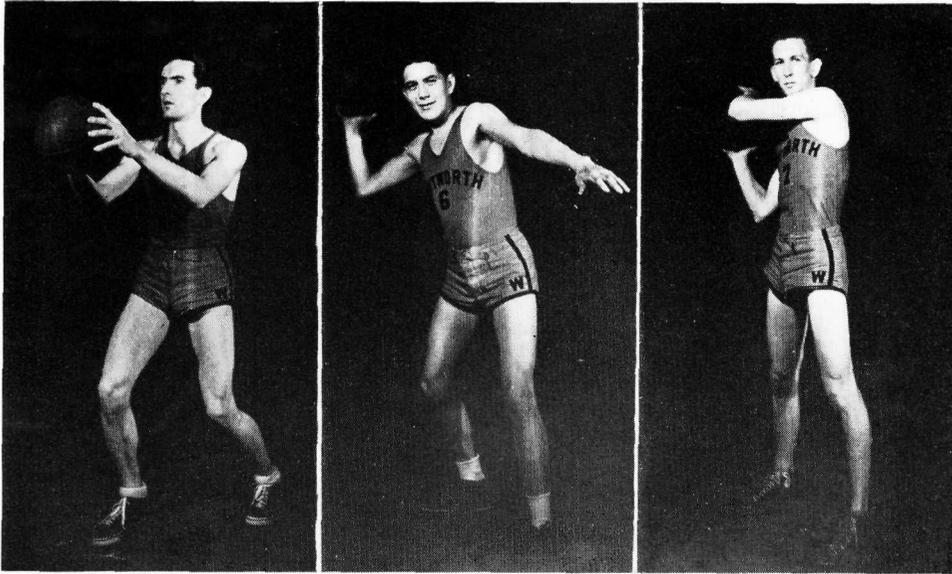

On January 9, the Pirates handed the Greenacres A. C. their first defeat by leading a 33-26 score at Whitworth.

Tommy Ventris, amassing a total of 22 points, led the Whitworth quintet to a spectacular victory over the Cheney Papooses on January 11. It was a hard-fought game, with Cheney leading 22-21 at the half.

At the beginning of the second half, the Pirates, displaying vastly improved team work, began to hit the basket consistently. The offense, built around the sharp-shooting Ventris, who was distinctly "on" that night, functioned smoothly and the home team scored 15 points while holding Cheney to 4 baskets to give Whitworth a well-deserved win. One of the largest crowds of the season, made up mostly of Whitworth students, was on hand to cheer for the team.

Ventris, *forward*
Gray, *forward*

Penhalurick, *guard*

Wilson, *guard*

Koehler, *center*

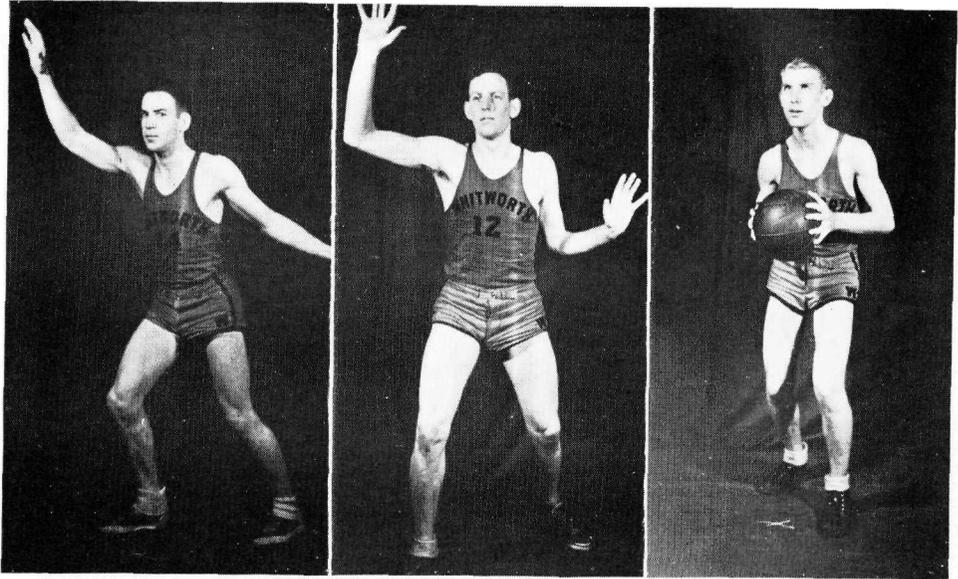

On January 13, the first of a three-game series with the Gonzaga Frosh went to the freshmen when they counted four baskets in the last minute of a close contest to win 34-26. The game was held in the Gonzaga gym. Ventris again led the scorers, with 11 points, followed by Gray, with 9.

The Lewiston Normal cagers visited Whitworth on January 19 and 20 and won two hair-raising games over the much improved Pirates, the first on a short field goal in the last few seconds for a 37-36 victory. Again the following evening the Normal men were too much for Whitworth, winning 27-21. Ventris paced the red and black tossers both games, followed by Koehler in the first and Gray in the second engagement.

In the roughest game played so far, the Gonzaga Frosh bested Whitworth in their second meeting, 43-20, on January 29, on the home floor. Olsen, of Gonzaga, rang up 15 points for his evening's work. For Whitworth Koehler with 6, and Ventris, Gray, and Wilson with 4 each were high.

The Cheney Papooses split the home and home series with Whitworth, taking the second fracas on their home floor on February 2, by a 32-23 score.

NATSIHI 1934

Allison, *forward*

M. Hale, *center*

Williams, *forward*

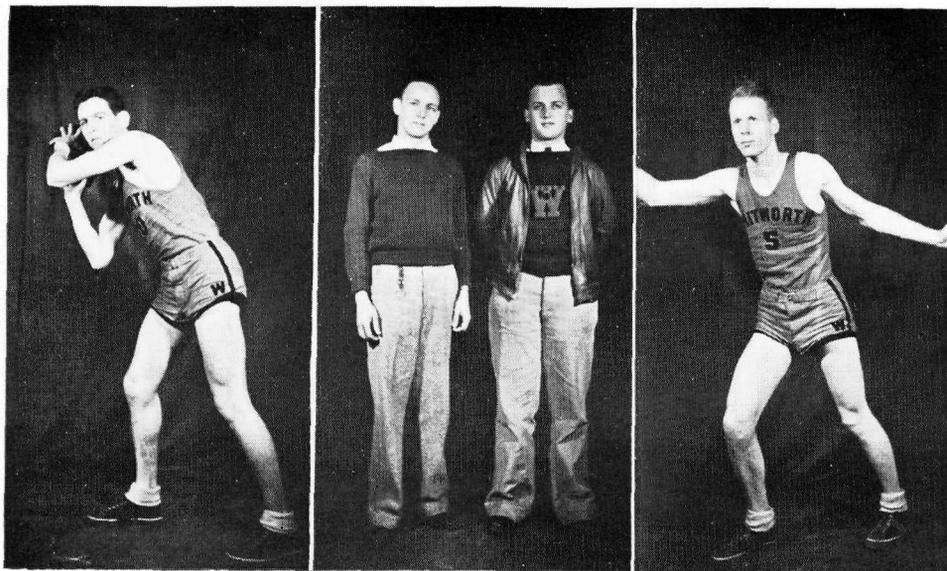

A fast game, featuring the changing of the lead with almost every basket, was won by the Pirates against the Coeur d'Alene Junior College basket tossers at Coeur d'Alene on February 8, to the tune of 33 to 28. The Junior College team, holding a win over Gonzaga University, displayed a flashy, fast offense.

The half-time score was 15-15. Ventris and Gray had 10 and 9 points respectively to be chief loopers for Whitworth. Booth and McCall scored the same points for the Lake City team.

Every man on the squad saw action when Whitworth soundly drubbed the Spokane and Eastern Bank five from Spokane by a top-heavy 52-16 score.

On February 22, the Pirate loopers journeyed to Yakima and took a beating from the Yakima Junior College team, the final score being 40 to 34. Whitworth gained an early lead, but the score stood knotted at 19-all at half time. The game was marked by frequent fouls on both sides.

By a one-point margin, the Gonzaga Frosh took the last game of the series on February 27. In the first half, the Whitworth

R. Hale, *guard*

Schlomer, McEachran, *managers*

Luenow, *guard*

team literally took the first-year men off their feet and led, 23 to 6, at the half. "Snowy's" men did not relinquish the lead until the last minute, when Brass of Gonzaga slipped in a short one. Koehler, with 10 points, and Gray, with 9, led the Pirates. Taylor led the freshmen with 12 points.

In the final game of the season, Whitworth again subdued the Coeur d'Alene Junior College loopers. The men played a flashy brand of basketball, winning by a 37-28 score. Ventris tallied 10 points to head his teammates and was followed by Gray, with 8; Koehler, with 7; and Penhalurick, with 6.

The largest crowd of the season was on hand to see the Pirates finish the season with a well-deserved win.

Ventris was high-point man of the season for the second successive year, making a total of 134 points. Gray, with 115, took second. Then came Koehler, with 89; Penhalurick, with 65; and Wilson, with 29 points.

Those who received letters were: Penhalurick, Koehler, Gray, Ventris, Wilson, Luenow, M. Hale, Allison, and Williams. Bob McEachran and John Schlomer received manager's letters.

N A T S I H I 1 9 3 4

Prospects for a winning baseball team did not appear bright at the beginning of the season. Lettermen returning were Merton Gray, outfielder; Chatterton, pitcher; Kroske, second baseman; Bobby Gray, shortstop; and Bob Allison, third baseman.

Coach Gustafson was badly in need of some strong batteries, as both pitchers and catchers were woefully scarce, as well as some experienced fielders. All of these important positions had to be filled with green men. Popkes, a freshman, appeared to have the qualifications for a pitcher, if the ragged edges of his game could be smoothed off. Ventriss, football and basketball letterman, although he had never turned out before for varsity baseball, soon developed into a good starting pitcher. In the outfield, Freshmen Warren Seifert and Dale Allen seemed to have the call on the left and right field positions, respectively. Bob Allison, last year's third baseman, was moved to the outfield, to strengthen that part of the ball club considerably. Cramer and Fackenthal are also in the running for the outfield, and either one may break into the line-up. Bobby Gray, veteran, clinched the shortstop job, and Howard Kroske, last year's varsity catcher, capably filled second base. Scott Chatterton has been alternating between first base and pitcher with Angus Wilson, a new man. Art Kroske, freshman, was moved from second to third base, and appears certain to have a call on that position

for the season, and Paul Koper and Chuck Whitmarsh are battling it out for the catcher's position.

The team showed ragged form in early season games, but improved rapidly with practice, and in the first regular game of the season, against the Railway Mail Clerks, batted in several runs to win 14 to 1. Popkes pitched air-tight ball for the Pirates, with Chatterton behind the plate. Howard Kroske, sensational little second baseman for Whitworth, led the batting with four hits and two runs. Bobby Gray and Wilson also played good baseball.

In the next game, against the Bulldogs, an unofficial team from Gonzaga, Whitworth slumped badly, losing by several runs to the Blue and White.

In the third varsity game of the season, Whitworth, playing greatly improved ball, held the Cheney Normal Savages to a 5 to 1 score. Although the Pirates outhit the Normalites 9 to 7, a two-base hit in the fourth with the bases loaded, by Holloway, Cheney pitcher, gave the Savages four runs and the ball game.

Ventris and Popkes pitched for the Pirates, and Koper caught. H. Kroske and Chatterton were high men in the hitting, with two and three hits respectively.

Smith drives a backhand in the Cheney match.

Koehler, Lowell

At the opening of the 1934 season, prospects for a strong tennis team did not appear unusually bright. True, most of last year's lettermen were returning; but on the other hand, Charles Bradford, captain of the team and star singles and doubles player of last year, was not in college, and his loss was keenly felt by the net men.

After an early meeting of tennis men, at which Charles Benson was re-elected manager and Harold Penhalurick chosen captain of the team for the coming season, an all-college ladder tournament was started, to determine the members of the varsity five.

As the tournament progressed, it appeared that the varsity team was to consist of Penhalurick, Smith, Macintyre, Benson, Lowell, and Koehler, the latter a freshman, who bids fair to make up to the team for the loss of Bradford.

Early season practices revealed that Whitworth had the material for a better tennis team than that of last year, if erratic and inconsistent playing could be ironed out to smoothness.

Koehler makes a forehand volley.

Every returning letterman showed improvement in pre-season matches, and two fortunate doubles combinations were found: Penhalurick and Koehler proving a well-balanced combination, and Macintyre and Smith showing good form.

In the first match of the season, against Cheney Normal on April 18, at the Corbin Park courts, Whitworth made a strong finish to defeat their old rivals, four matches to three. Koehler, Macintyre, and Smith won singles matches, and Macintyre and Smith combined to hand Nelson and Behrman of Cheney a straight set defeat in the doubles. Scores of the match follow:

Penhalurick (W.) was defeated by Kaiser, 2—6, 6—2, 3—6.

Koehler (W.) defeated Eddy, 6—2, 6—1.

Lowell (W.) was defeated by Nelson, 4—6, 3—6.

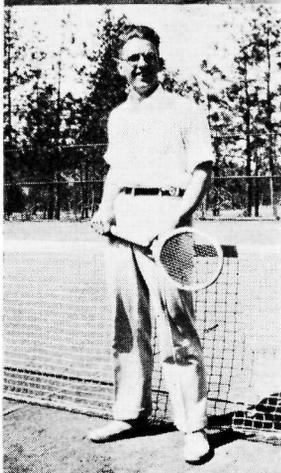

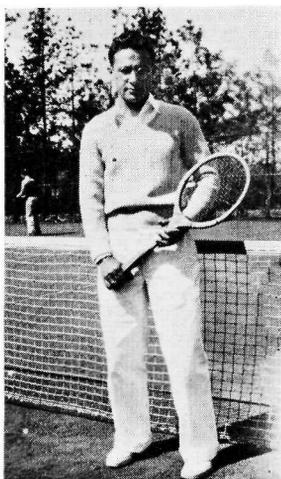

Macintyre (W.) defeated Behrman, 8—6, 3—6, 7—5.

Smith (W.) defeated Davis, 4—6, 6—3, 6—1.

Smith, Penhalurick

N A T S I H I 1 9 3 4

Benson. Macintyre

Koehler and Penhalurick (W.) were defeated by Eddy and Kaiser, 6—4, 11—13, 6—8.

Smith and Macintyre (W.) defeated Nelson and Behrman, 6—1, 8—6.

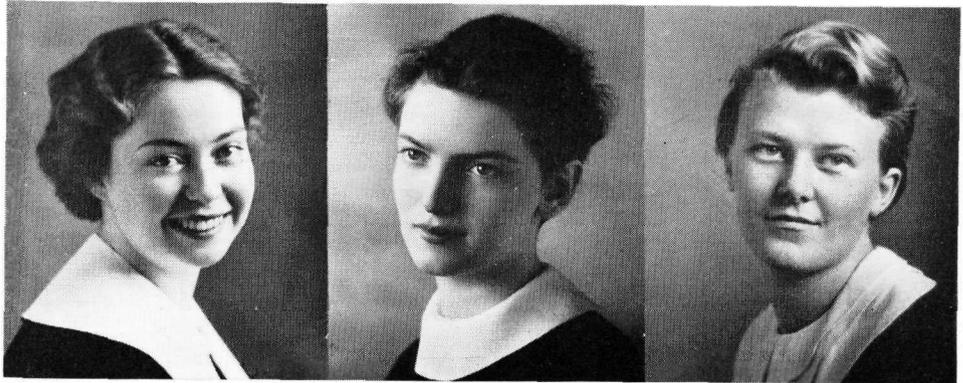

The net men face an unusually difficult schedule for this season. High point of the tennis year is the barnstorming tour to be taken by the team during the second week of May, during which several Oregon colleges will be visited. It is definitely decided that the team will meet Willamette, Linfield, and Oregon State on successive days, with a possibility of a fourth match, if it can be arranged.

The 1934 tennis schedule is the concrete mark of great progress made in tennis at Whitworth during the last three seasons. Three years ago, Whitworth had no tennis team, and the game was rarely played at the college. On strictly student initiative, the sport has been built up until Whitworth tennis teams can compete on fairly even terms with those of such colleges as Washington State and Oregon State.

The 1934 schedule is as follows:

- April 18, Cheney Normal at Spokane.
- April 25, Gonzaga University at Spokane.
- May 1, College of Puget Sound at Spokane.
- May 4, Cheney Normal at Cheney (tentative).
- May 8, Linfield College at McMinnville.
- May 9, Willamette University at Salem.
- May 10, Oregon State College at Corvallis.

Christine McDonald
Treasurer

Women's Athletic Association

The Women's Athletic Association has achieved remarkable success in its program for 1933-34. Under the capable leadership of Charlotte Slater, president, a new and greatly broadened athletic program has been put into effect.

On January 8, the old W. A. A. point system was superseded by a new system which included many entirely new forms of women's athletics, such as gymnastics, dancing, games, and relays.

Women's basketball was successfully coached by Miss Helen Robinson, a graduate of Washington State College, who worked every afternoon with the team. Two games with Valley Junior College were played, both being won by the Whitworth women. The team this year was made up of the following athletes: Mary Borden Crain, Charlotte Slater, Olive Clarke, Elsie Ratsch, Eleanor Goeke, Jean Campbell, Christine McDonald, Ann Pillers, Leamae Cantrell, Jean McDonald, Alice McDonald and Nadine Fisher.

In April, 1934, changes were made in the W. A. A. constitution. Formerly every woman in the college was automatically a member; under the new constitution a certain number of points will be required for membership; formerly letters, pins, blankets, and sweaters were given as awards; now only letters and sweaters are to be awarded. The W. A. A. looks forward to a highly successful year in 1934-35.

Miller, Smith, Fleming

Interclass Basketball

Amid much friendly class rivalry, the sophomore five literally battered its way to 6 straight victories over the teams of the upperclassmen and the freshmen to win the interclass championship for the second consecutive year. The upperclassmen won 2 and lost 5 games to place second, and the first-year men were last, with 4 defeats and 1 win.

Although there was not a great deal of real basketball shown in the games, the teams exhibited much fight and spirit.

The winning sophomore line-up showed combinations of the following athletes: E. Miller, Fleming, B. Miller, Chatterton, Phelps, McFeron, McEachran, Kroske, and Smith.

The second-place upperclassmen used Frank, Macintyre, Fancher, Pyles, Vicker, Davis, Fariss, and Koper.

The freshman men were: Claney, Morrison, Hale, Deeter, Shaw, Whiteside, Hatcher, Reese.

NATSIHI STAFF

The 1934 *Natsihi* is the result of months of labor and planning by the members of the staff. From the beginning, it was the intention of the staff heads to publish a completely modern book, which should be simple, yet attractive in its simplicity. With the aid of Joe Lewis Kimmel, a young Spokane artist of much talent, the book was designed in advance from first page to last, with an eye to the principles of modern book-making. The cover was also personally designed by members of the staff. It is the hope of all those who had a part in its publishing that the student body of Whitworth will appreciate a "different" *Natsihi*.

WHITWORTHIAN STAFF

To Faith Helms, editor of the *Whitworthian*, goes undisputed credit for her able management of the college newspaper during the past semester. Taking over the editorship at mid-year, Miss Helms at once set to work building an attractive newspaper, making full use of carefully planned make-up and a large number of cuts to introduce innovations in technique distinctly new to Whitworth. The personal element in student life was stressed at all times by the editor and her staff, and the *Whitworthian* was made more interesting than it had ever been before. The student body of Whitworth owes a large debt of gratitude to Miss Helms and to the members of her staff for the loyal and competent way in which they have handled the college paper in 1933-34.

Walborn

Fariss

DEBATE

Whitworth wranglers showed a new and lively interest in their work, under the leadership of Dr. Bowersox, coach. They chose the question: "Resolved that the powers of the President of the United States be substantially increased as a settled policy." A schedule of thirteen debates was outlined, including the tournament at Moscow with the University of Idaho, Washington State College, Lewiston Normal, Gonzaga University, and Yakima Junior College. Phillip Walborn and Graham Potter won two debates from W. S. C., against whom they upheld the affirmative. They debated the affirmative against Yakima Junior College, and the negative against the University of Idaho. Keith Murray and Glen Barnes met Lewiston Normal, W. S. C. and the University of Idaho.

Those on the debate team this year were Mel Fariss, manager; Keith Murray, Graham Potter, Phillip Walborn, and Glen Barnes. Plans being laid for next year include a tournament held at Whitworth early in the season.

PIRETTES

Personalities

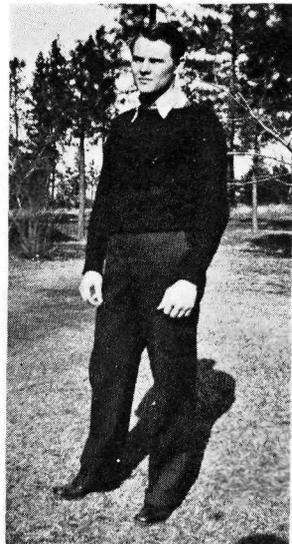

Marie De Merchant's personality lights up whatever activity she is engaged in. Whenever there is some project on hand which calls for pep, it is certain that Miss De Merchant will be found in the forefront. She is a member of the Piquettes, a Sophomore Class officer, and a member of the staff of the *Whitworthian*.

“W” CLUB

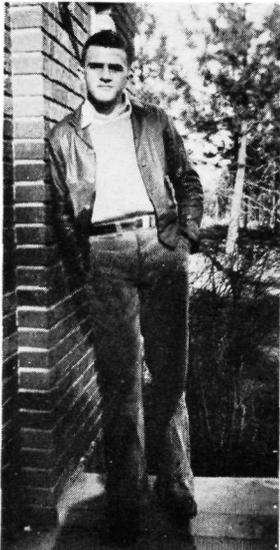

Personalities

To Tommy Ventris goes the undisputed palm of being Whitworth's outstanding athlete. For the last two years, Whitworth football and basketball teams have been built around the smooth-working, fast-moving Ventris, whose brilliant performances have been an inspiration alike to his team mates and to the members of the student body.

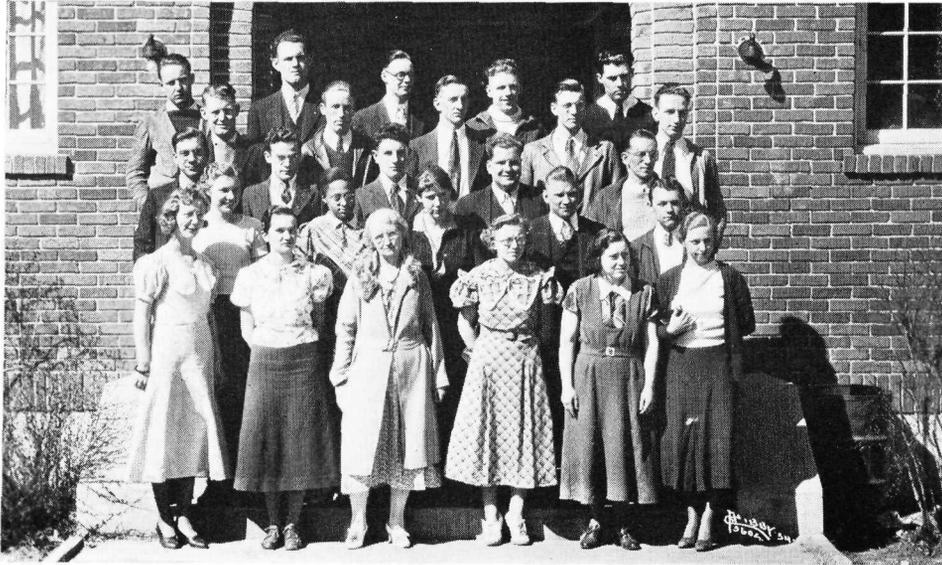

FRENCH CLUB

Personalities

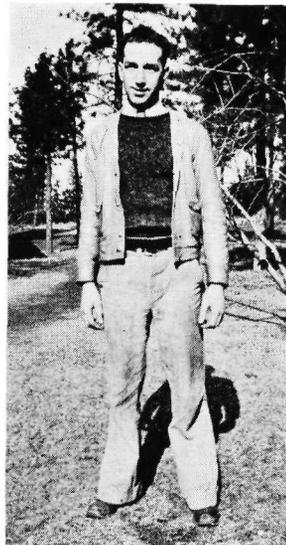

Irving Smith has served his college in almost every activity which can be named. His versatility and skill have brought him letters in football, baseball, and tennis. In addition to his achievements in athletics, Smith has accomplished successfully his duties as president of the Sophomore Class and as sports editor of the 1934 *Natsihi*.

GERMAN CLUB

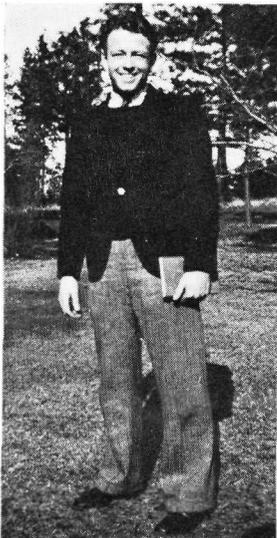

Personalities

Earl Miller, president of the German Club, is without doubt one of the most skillful football players developed at Whitworth in recent years. Miller, last year's Freshman Class president, tackles the problems of the classroom with the same courage and tenacity which made him feared by his opponents on the football field.

CHRISTIAN ENDEAVOR

Personalities

Wilson (Rusty) Rasco's outstanding achievements as an athlete and as a student leader are known to every Whitworthian. Rasco distinguished himself this year by winning the Snider award, which is voted annually by the football squad to the player judged to have been of most inspiration to the members of the team.

BALLARD HALL

Personalities

Hedley Vicker, president of the "W" Club, has guided the lettermen in a year of successful activity. A three-year letterman in football and a two-letter man in basketball, Vicker, although severely handicapped by injuries in his last football season, proved of great value to the team.

VOLUNTEER FELLOWSHIP

Personalities

Paul Koper, newly elected vice-president of the Associated Students, has engaged in many varied activities. Possessed of a fine bass voice, Koper has held for the past year a position in the college male quartet, as well as winning his "W" in football and playing catcher on the varsity baseball team.

SEFELO

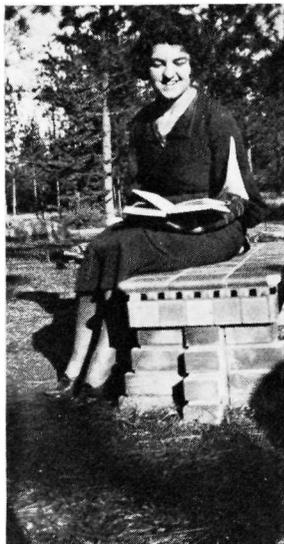

Personalities

Charlotte Slater, who is graduated with the prized *magna cum laude* after her name, was elected by the student body as May Queen, a tribute to her charm, beauty, and service to the college. Miss Slater has also held for the past year the position of president of the Women's Athletic Association.

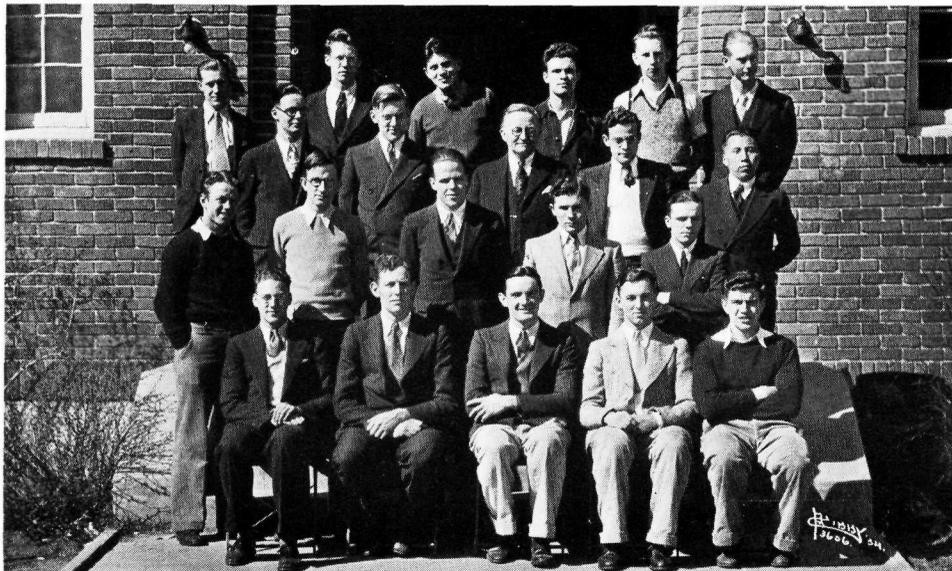

ART CLUB

Personalities

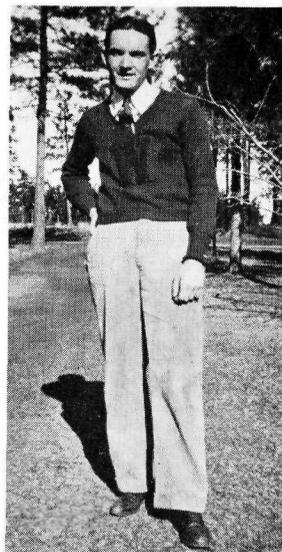

Genevieve Wilson, president of the Art Club, has distinguished herself in many fields of endeavor. Miss Wilson, an accomplished musician, plays piano and cello with equal skill. In the past year, she has done much to further the development of the arts at Whitworth by leading the club in its work of bringing artists of note to the college.

PRE-MINISTERIAL

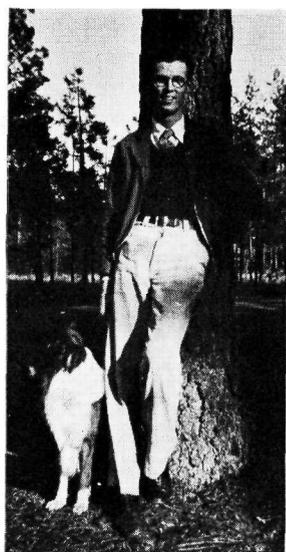

Personalities

Harold Penhalurick, president of the Pre-Ministerial Association, has set an example of many-sided achievement to his fellow students. As center on the basketball team, as an outstanding tennis player, as a baseball letterman, and as vice-president of the Sophomore Class, Penhalurick has served his college with equal success.

CHORUS

Personalities

Keith Murray, president of the Junior Class and member of the student Executive Board for the past year, is another personality who stands out from the crowd. Murray's first large success of the present year was his management of the annual Home-coming banquet, followed by achievements in debate, music, and student government.

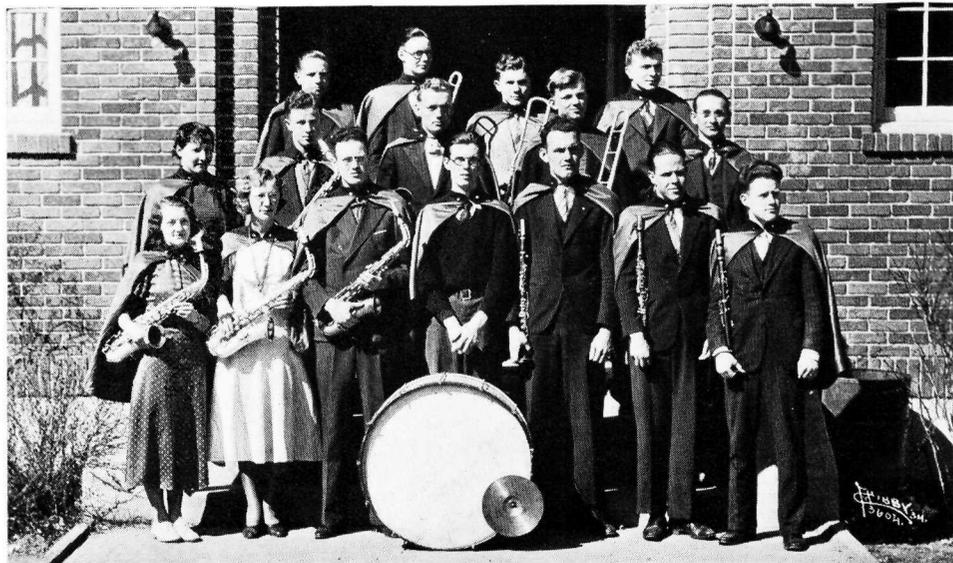

ORCHESTRA

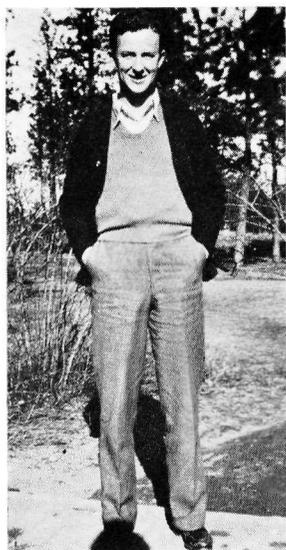

Personalities

Margaret Johnson, known to Whitworthians by the affectionate diminutive of "Maggie," has contributed, in her four years at Whitworth, something valuable and lasting to the progress of the student body. Where others, with less spirit, have submitted to conditions that demanded reform, Margaret has fought unceasingly for what she believed to be right.

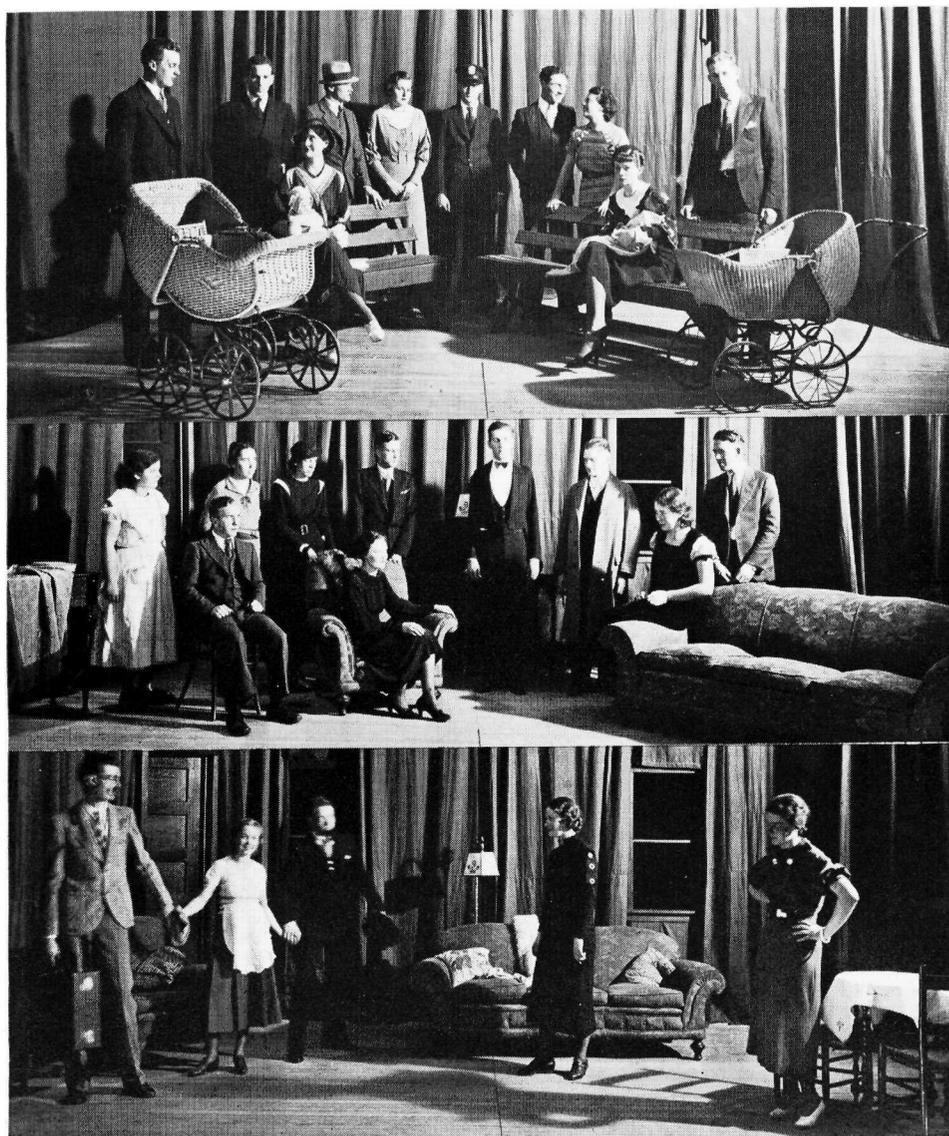

BAND

Personalities

Roy Lowell, one of Whitworth's most versatile musicians, is equally at home with a violin, a clarinet, or a saxophone in his hand. From the classical to the ultra-jazz, Lowell plays them all. He is a member of the college orchestra, the concert ensemble, and the varsity tennis team, and won praise for his leadership of the jazz band at the Green Derby.

Three comedies: "The Reading of the Will," "The Weigh of All Flesh," and "Free Wheeling" were presented in the college auditorium on November 27.

Three One-Act Plays

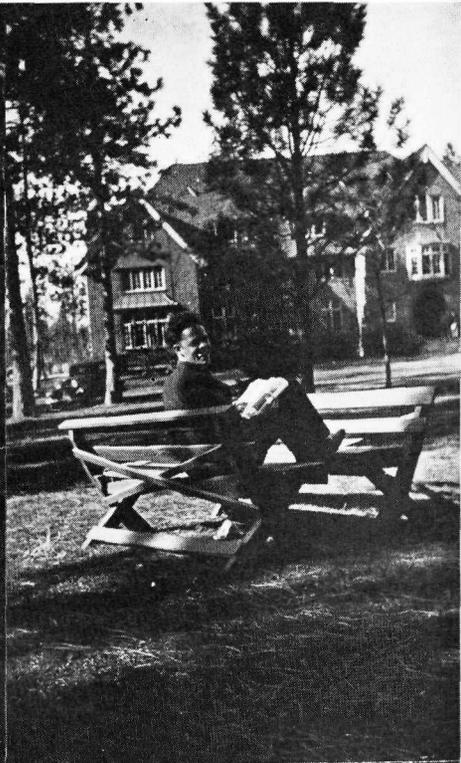

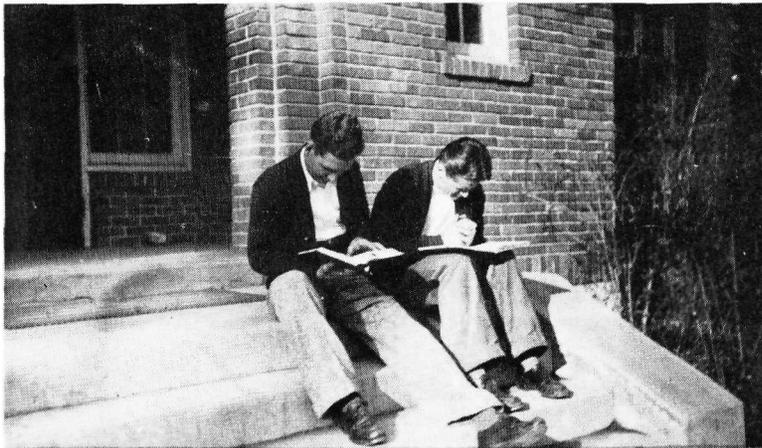

"The Bells of Corneville"

The annual spring operetta was presented on March 8, under the direction of Kenneth Osborne, with leads being played by Loren Hatcher and Margaret Quist.
