Students And Alumni Await Home-coming

Will Present 3-Act Comedy

The home-coming play, "The Royal Family," by George S. Kaufman and Edna Ferber, will be presented November 11, curtain at 8:30.

The play is a tremendously interesting story of a great family of the American stage. The Cavendish family comprises three generations. First, there is Fanny Cavendish, wife of the deceased Aubrey Cavendish, "the first actor of his day," who at seventy is planning her tour for the coming season. There is her brother, Herbert Dean, a pompous player now in his decline. Julie, her daughter, is at the crest of her career as a Broadway star. Tony, her son, having forsaken the stage for Hollywood, rushes home, only to flee to Europe to escape the attention of a Polish picture actress. Soon he is back again in New York, seeking refuge from a lovesick Balkan princess. A granddaughter, Gwen, just building into important ingenue roles, jolts the family by marrying a nonprofessional and forsaking the stage, but only temporarily. Through it all, Fanny Cavendish rules the household with her courage and a sharp tongue. Though her children are idiots to the public they are defenseless under the withering fire of the old lady's sarcasm.

The play is directed by Miss Isabelle Carolyn McLeod.

The cast is as follows:
Fanny Cavendish.....Pauline Miller
Julia Cavendish.....Maude McCannon
Anthony Cavendish.....Curtis Butler
Gwen Cavendish.....Virginia Kessey
Herbert Dean.....Dean Hickox
Kitty LeMoyné.....Phyllis Nelms
Oscar Wolfe.....James Goodsell
Perry Stewart.....Robert Chatterton
Gilbert Marshall.....Eugene Muench
Della.....Gladys Peterson
Jo.....Malcolm Swogger
McDermott.....Robert Barowski

DR. SULLIVAN LEAVES; SAW COLLEGE GROW

The resignation of Dr. Ward E. Sullivan, president of Whitworth college, was accepted by the college board of trustees at their quarterly meeting Thursday, September 29.

Dr. Sullivan gave as his reason for resigning the pressure of private business interests in Spokane and the East. He and Mrs. Sullivan plan to live in the vicinity of Spokane, having leased the C. D. Hudson home at Pasadena Park in the Spokane valley.

When Dr. Sullivan accepted the presidency in 1929, there were only 64 students enrolled at Whitworth. Last year there were 242. The faculty has grown from nine to twenty-five, and many new departments have been organized.

Physical additions to the college include the remodeling of the gymnasium in the fall of 1932, the addition of the Home Economics building, the leasing of Whitworth hall, and the construction of a central heating plant in McMillan hall.

Other improvements include the addition of seven acres of lawn, the landscaping of the space between McMillan and the tennis courts, the turfing of the football field, and the construction of dressing rooms in the basement of Ballard. In 1936 the transportation facilities were improved by the purchase of the present college bus.

CHANGE OUR NAME?

Editor's Note: Because of the intense interest displayed by students of Whitworth college in the proposed change in name of insignia, the WHITWORTHIAN presents here both sides of the question.

Yes:

Whitworth college is an independent, growing institution. We have always upheld the high ideals of our founder, and we should not stop now. Let's be original—get a new name that is symbolical of Whitworth college principles, one upon which we can build our traditions.

Our college is beginning to be known throughout the Northwest for athletics, oratory, and scholarship. Let us change now and build our success upon a new symbol so that we won't be fighting a large city high school for publicity honors.

At present, the "W" club's belt buckles and the Pirates' emblems would represent the only financial loss. These expenses are now at the lowest.

I believe that we should change, if, and only if, we can find a more suitable symbol to replace "Pirates."

ETHEL BOUGHTON

The name "Pirates" is the symbol of Rogers high school, and unfortunately is more thought of in reference to that institution than to Whitworth because of the larger Rogers student body. There is no time like the present for changing our symbol. Home-coming is the climax of the football season, and the banquet is the first major social event of the year. With this banquet coming, the change could be capitalized, and the college given more publicity.

The changing of the constitution last spring, the excellent record of the football team, and the enthusiasm of the student body prove that Whitworth has started a new era. All of this symbolizes progress. Why not take action now?

I am positive that a more fitting symbol than "Pirates" can be chosen, one that would more adequately represent the ideals and standards of Whitworth.

ED BASSFORD

No:

I believe that the majority of Whitworth college students do not wish the emblem changed from "Pirates" to some other insignia. The financial loss which this change would mean to certain college organizations is too great. Incidentally, a good many members of the student body still would like to know what Ethel Boughton meant when she said, "The college organizations are now in the best shape financially to change the emblem."

DON COLPITTS

I can see no reason for changing the Whitworth symbol now. If there were any just cause for a change, why couldn't we wait until a more suitable time of the year? The middle of the college year is certainly not the opportune time.

On one occasion, we were told that we should have the opportunity of voting whether or not we wish to change our symbol. It seems to me, though, that the whole thing is being railroaded through. In fact, we can already hear the train chugging.

HARDIN HOLTER

MISS FOSTER QUILTS POSITION IN OFFICE

Miss Jeannette E. Foster, who has been secretary to President Sullivan for the last four years, has resigned. She also has had charge of the bookstore.

Miss Foster left November 2, for a vacation in Chicago, Illinois.

Before coming to Whitworth, Miss Foster was in the post office in Spokane.

Harold Barnes will take her place.

Because of her efficient service and friendly manner, Miss Foster has been very popular with both students and faculty.

Pirettes Have Fireside Meeting

The Pirettes held a fireside meeting Friday, October 14, in the Home Economics building, for the purpose of electing new officers for the coming year and also of welcoming the new members.

New officers are Harriet Bagdon, president; Mary Trevitt, vice-president; Mary Koper, secretary; Marian Minnich, treasurer.

DR. HARDWICK MAKES TOUR OF STATE

Dr. F. T. Hardwick left for the coast last Friday, planning to visit many Presbyterian churches and centers in the state in the interests of Whitworth college. This trip is a promotional enterprise, for Dr. Hardwick will give an oral report of the conditions and student life at the college. He will visit all the Presbyterian centers in the central and northern section of the state on his trip over, and will contact the southern part of Washington on the return part of his journey.

Whitworth Plans Gala Week End; Pirates To Play Carroll College

Extensive preparations are being made for the home-coming of Whitworth graduates and former students, November 11 and 12.

Under the chairmanship of David MacIntyre, vice-president of the A.S.W.C. and social chairman of the student body, festivities will begin on Armistice day with the traditional chapel program, which is under the direction of Charles Frazier, president of the Alumni Association.

First Quarter Ends Today

"Now, you'll remember that this is the eighth week of school," began Dr. Hardwick in psychology class one fateful morning, "and the next week is the ninth week, and then you know just what is going to take place."

Of course, the first-quarter grades are not quite so important as finals, but they readily show whether or not a student is applying himself and earnestly striving to get the most he can from his subjects. If a student's grades are below par, he should make an effort to find out just what the difficulty is. Maybe he has not a bent for a particular course; maybe he is not applying the proper study technique. At any rate, he should seek to remedy the situation immediately and strive to make up for his deficiencies in the next set of grades, which are issued at mid-year.

New First-Aid Class Attracts Students

The American Red Cross first-aid class, taught by Coach Jerry Stannard, meets every Tuesday and Thursday at 12:40.

The purpose of such a class is to teach the general public how to render first aid, and to know the importance of what not to do as well as what to do in case of accident. How to apply bandages, how to give artificial respiration, how to stop severe bleeding, are just some of the important aids that everyone should know.

The 12 members enrolled are: Maria Williamson, Angelina Ferrera, Martha Lee Tobie, Loretta Stanford, Hardin Holter, Irwin Lissey, Lewis Kirsch, Louis Stannard, Glen Ralston, Stewart Sparrow, and Dr. Hedrick.

MEN'S DORM HAS CANDY COUNTER

Curt's Candy Counter, an innovation at Whitworth hall, was officially opened last Monday evening. According to Curtis Butler, proprietor of this latest campus industry, business has been rushing. The Candy Counter, which will be open every evening and on week ends, does a strictly cash business, and a percentage of the profits will go into the dormitory treasury. All popular brands of candy bars and chewing gum are available.

Bulletin Is Mailed

The first "Whitworth College Bulletin" of the year is now in the mail.

The bulletin tells of the events at Whitworth and is sent to alumni and other friends of the college. It is published four times a year. The next edition will be ready some time in December.

Friday evening's entertainment includes a bonfire, a pep rally, and a play. Curtis Butler, president of the Freshman class, and his freshman cohorts will build and guard the bonfire until its intended use at the pep rally, which is in charge of Yell King Francis Unti and Yell Queen Ethel Boughton.

The high light of the evening is the presentation by the Whitworth players of "The Royal Family," a three-act comedy by George Kaufman and Edna Ferber. Miss Isabelle Carolyn McLeod will direct the production.

Saturday afternoon the annual home-coming football game will be played at 2 o'clock on the Whitworth field. The opponent is Carroll college, Helena, Montana. The score of the Carroll-Whitworth game played in Helena last year was 20 to 0 in favor of Whitworth.

Scafe to Speak

The Rev. Wilbur W. Scafe, pastor of the Fourth Presbyterian church in Spokane, will be the principal speaker at the banquet Saturday, November 12. Other features of the program will be the presentation of college songs by a men's octet and by the pep band.

The returning Whitworthians will be greeted with extensive decorations in the keynote of red and black. To this end, David MacIntyre has urged the many clubs of the college to support Evelyn Sherwin, chairman of the decorations committee, Phyllis Nelms, social chairman of the Freshman class, and Sydney Eaton.

Ticket sales are in charge of Ed Machle and Louis Kirsch. Ed Machle also has charge of alumni correspondence, assisted by Grant Rodkey. The publicity committee consists of Keith A. Murray, head of the promotion department, Muriel Ludwig, and Bruce Beatty.

FROSH INITIATION FINALLY ENDS

HALLELUJAH! The freshman men are under the eight commandments no longer. Thou shalt not speak or walk with members of the opposite sex. Thou shalt not enter McMillan hall or the Chapel by the front entrance. Thou shalt wear "green dinks" for the first quarter. Thou shalt say "Hello" to everyone met on the walk leading to the north entrance of McMillan hall,—etc.

For nine long weeks freshman men have constrained that unconstrainable desire to date senior girls. For nine weeks they have abided by the "W" club's blue laws because of penalty for the infraction of said rules. Now those days are gone forever. Watch the freshmen go! That ardor which has been pent up for nine weeks will be released with such fervor that the very foundations of Whitworth will quake.

Seniors, juniors, and sophomores have had a two-month head start; but now watch the frosh make up for lost time.

HEAVY CHENEY TEAM NOSES OUT PIRATES

The Cheney Savages had to give everything they had to defeat the Whitworth Pirates 12 to 0, on Friday afternoon, October 28. The outweighed Pirates had plenty of fight and showed it throughout the game by spending lots of time in Cheney territory.

Maurstad, Anderson, and Bork were powerful in the Savage backfield, whereas Cecil West played a very spectacular game as guard. The by-no-means-weaker Pirates showed plenty of hard drive when they shoved off for the Cheney goal line.

The Pirates' passing had the Cheney eleven turning handsprings when passes came close to scoring. Whitworth's chance rested mostly in passing, since the Cheney team had them outweighed by many pounds. The teachers scored in the first four minutes of the first quarter, after making some fine drives. The try for point was not good. Whitworth received; and with Mooers, Tanneberg, and Ralston making long gains, were able to get to the Savages' 26, where they attempted a field goal. In the second quarter Louie Stannard intercepted a pass on the Savage 46, and then Mooers drove for a first down. Cheney was penalized for unnecessary roughness, placing the ball on the 13. A spinner play put Whitworth on the four-yard line, where the ball was lost on downs. The second Cheney score was made in the third quarter by Jake Bork.

The Whitworth players were noticed for their fine passing, recovering of fumbles, and intercepting of passes. Another flashy picture came when Olson, who was surrounded by two Savages, caught a pass for a 22-yard gain. The Pirates were suffering from the loss of two fine players, Jack Wollaston and Norman Richardson, who were injured in previous games.

Camera Catches Action In Cheney Game

In the spectacular Eastern Washington college-Whitworth game last Friday at Cheney, the passing attack of the Pirates really clicked. The above picture shows Olson, end, snagging a pass from Ralston, halfback, which was good for a gain of 55 yards.

Volleyball, Swimming Attract Women

The women's athletics have started this year "on the toes."

The volleyball season has been well under way for the last four weeks. This sport has been received with much enthusiasm in women's physical education classes, and in the W. A. A. turnouts each Monday and Wednesday afternoons from 3 p. m. to 4:15 p. m.

The women that have been turning out for W. A. A. volleyball are: Ethel Boughton, Betty Ferrell, Angelina Ferrera, Blanche Harrison, Beatrice Henderson, Frances Hess, Virna Learn, Joy McCallum, Virginia-Lee Nance, Lillian Schoefield, Margery Shaw, Loretta Stanford, Harriet Thorndike, Martha Lee Tobie, Lois Toole, Virginia Watkins, Betty Weatherly, and Marie Williamson.

The women's swimming and life-saving classes each Saturday morning at the Y.W.C.A. from 11 a. m. to 12 p. m. have gained in size.

PEP BAND BOOSTS COLLEGE SPIRIT

The need of an active pep band to participate in college athletic events was satisfied early in the semester when some of the Whitworth musicians were organized at the instigation of Prof. A. E. Uhe, head of the music department.

The pepsters give up part of their lunch hour to practice after chapel on Mondays, Wednesdays, and Fridays in the reception room. Because of the power of sound to penetrate library walls, the students in the library have been studying to the strains of marches, novelty numbers, and college songs.

Arrangements of Whitworth songs have been made by Blair Cosman, Ed Machle, and James Goodsell, members of the class in orchestration.

The members of the pep band are:

Will Clark, Bob Brault, Ruth Brown, Harry Vaughan, trumpet; Jack Blaisdell, trombone; Sydney Eaton, baritone; James Goodsell, sousaphone; Howard Campbell, bass drum; Roy Howes, Dean Hickox, snare drum; Virginia Kelsey, Burton Sanders, John Perry, Bruce Beatty, Mary Trevitt, Stanley Hughart, clarinet; Ted Wells, Marion Sicklesteel, Charles Hoyt, saxophone. The student director is Stanley Hughart.

Sport Yaps

BY WEST

A great problem seems to be bothering certain frosh and others who have been wondering what part of the deer Hatcher received after four shots had downed a certain buck. It seems as though three unidentified hunters shot at the same time as Hatcher, and the result was a dead deer and a problem of dividing its carcass. By the way, Hatcher, certain questions have arisen concerning that tail on the front of your car. Some green-capper wondered whether it was your share of the deer; but I hear that it is the tail of a coyote which you shot with a 22 pistol.

Who was it that said, "Jerry Stannard isn't such a bad coach"? Well, he surely has proved that statement this season; and one might also give him the credit of being a good hunter, since he returned with a whole deer recently.

Have you noticed the new football team on our turf at different times of the day? This new squad is none other than the gym classes playing a little touch football. Other students have taken up the tennis racquet.

It has been said that some of our ambitious students have been thinking of swatting the little bird with the racket. Yes, they are wondering whether they can arrange badminton on the Whitworth courts.

Basketballs are bounding around all over the gym floor these days; and if one were to go down to investigate the loud pounding, he might find Bill Pond working out a few of the basketball players. Pre-season ball is getting under way with turnouts twice a week. The prospects for a good team look excellent, with the following men turning out: Hook, Hendricks, Potter, Unti, Colpitts, Jeffers, Messix, Webster, Kime, Joe Thom, and Wesley Scott. Other members will turn out after football is over.

Professor Dziwinski has issued to his economic classes booklets written by the National Association of Manufacturers on phases of economics. The booklets discuss very interesting and important subjects, such as "The American Standard of Living," "The Future in America," "Taxes," "Men and Machines," and "Industry." Students find these booklets very interestingly written and illustrated.

A semimonthly bulletin entitled "Criticism, Suggestion, and Advice," is also issued for the benefit of the students and faculty.

Pirates Break Jinx; Beat Lewiston 7-0

Lewiston's six-year victory march over Whitworth was stopped by the Pirates, who were determined not to start the season with a defeat. The defeat game over Lewiston normal was played on Whitworth turf, where the Pirates' scrappy grid team turned in a victory of 7 to 0 over the Loggers.

Whitworth made eight first downs to the Loggers' seven, and threw 12 passes, having one intercepted, and completing three for a total of 25 yards. Lewiston threw 16 passes, completed three, and had four intercepted by Randolph, Steele, Tanneberg, and Stannard.

TEAM WINS THRILLER FROM WHITMAN

The small but mighty Whitworth team turned in a surprising victory over the much talked of Whitman College team when they won 8 to 7, Friday evening, September 30.

In the last few minutes of the game a punt by Mooers was grounded on the Walla Walla five-yard line. A few seconds later a bad pass from center, which went over the kicker's head, was recovered in the end zone, scoring a safety. The Pirates' touchdown was scored early in the game by Louie Stannard, who ran 46 yards, after he had taken the ball from midair as a Whitman player fumbled.

In this issue and all succeeding issues of the WHITWORTHIAN, readers will find an advertisement of Bob's Chili Parlor, naming four Whitworth college students to receive free chili or tamales. Students whose names appear should contact Robert Brault.

GRID SQUAD AWAITS REMAINING GAMES

The Pirates proved to be extra powerful when they played real heads-up football from the beginning of the season. The Whitworth team has fought its toughest battles; but the two games left will be tough.

At 8 o'clock this morning the Pirate eleven left by train to play the mighty Ore Diggers, from the Montana School of Mines, at Butte. Whitworth has not played this team before, and can be expecting a tough game.

Home-coming Game

The Home-coming battle with the Prospectors from Carroll college will be the last and biggest game of the season. The game is to be played on our field, with the remains of the bonfire smoldering from the big Pep Rally of the preceding night. The hills, the trees, and the side lines should be filled with fans, who will see a very spectacular battle. The Whitworth grid team should be in fairly good condition if luck doesn't leave us with injuries from the Butte game.

COACH SEZ:

The outstanding feature of our '38 football team is their co-ordination as a unit. Our teamwork has improved steadily, and the spirit to win has been in evidence for sixty minutes of each ball game.

The men are training better and are in better physical condition than any other squad since I have been in charge. I feel that we will continue to improve as a team; and with the present high morale, we have a good chance to win our last two games.

—JERRY STANNARD

Loggers Even Count In Second Tilt.

The small, but scrappy, Whitworth team battled the heavy Loggers of Lewiston at Hargal field, where they were overpowered in the last eight minutes of the game and were beaten 10 to 0. This game had more hard blocking and tackling than any other Whitworth game of recent years. It was played mostly in mid-field and would have probably ended in a tie had not injuries forced Pirate veterans to the bench.

75 Students Attend Fellowship Retreat

The Volunteer Fellowship retreat was held Sunday, October 16, in the parlors of the First Presbyterian church in Spokane. Seventy-five men and women were present.

The theme for this retreat was "Growth in Christian Living." The three speakers from Whitworth college were Mary Trevitt, Ed Machle, and Ray Wotring. The Rev. Mr. Dunlap of the First Presbyterian church led in an open-forum discussion.

Faculty Become Tramps For Hobo Convention

A Hobo Convention was the theme of a very entertaining party given by Dr. and Mrs. Hardwick for faculty members Thursday, October 27. Decorated as a hobo jungle, the reception room in McMillan hall was quite realistic with a deceiving campfire to give all the comforts to the camp.

For refreshments the guests had to forage for cheeseburgers, pickles, fruit salad, doughnuts, and coffee in true hobo fashion. Nearly 50 guests were delighted with the jungle camp, where they all had to wear hobo costumes.

Cooking Demonstration Conducted On Campus

The tantalizing odors that wafted over the campus last week were results of the cooking school conducted by the Washington Water Power home service department in the home economics building, October 24-26. Demonstrations of food preparation, under the direction of Mrs. Lucille Ramirez, head of the Water Power home service department, were given to the Whitworth foods class.

The series closed with a general cooking school for all the women students and their mothers. Miss Shirley Oaks was in charge, with Miss Frances Johnson, a former Whitworth student, assisting her. New electrical equipment was shown and explained, and many delectable dishes were prepared. Tea was served in the home economics living room after the demonstration, with home economic students serving.

Birthday Dinners Given

The Women of Sefelo were in charge of the birthday dinner given on September 27 honoring dormitory students and faculty members who had birthdays in July, August or September.

Mrs. Anna J. Carrel gave a talk concerning Mount Vesuvius and the Roman Catacombs.

The honor guests were Aldena Lautenschlager, Mary Virginia Mount, Harriet Thorndike, Marjorie Boughton, Dorothy Bunker, Louella Heimbigner, Miss Marion R. Jenkins, Miss Estella E. Baldwin, Mrs. P. L. Wilson, Blair Cosman, LeRoy Hook, John Hook, Ed Machle, Woodrow Markisatum, Burton Sanders, Bob Stephey, Irvin Potter, and Philip Hoanford.

Members of Whitworth hall, men's dormitory organization, were hosts Wednesday evening, October 18, at the October-November birthday banquet. W. A. Kemp, chalk artist, furnished entertainment. The honor guests, whose birthdays are in October and November, were Dr. F. T. Hardwick, Mrs. L. G. Peck, Helen Lampartner, Harriet Aldrich, Ethel Boughton, Marian Minnich, Ruth Brown, Douglas Robinson, Nat Edenso, and John Roth.

Mark Koehler '37 was a visitor last Friday morning at chapel, at which time he spoke for a few minutes to the student body. Koehler has recently started his second year at San Anselmo seminary, San Francisco, where he is preparing for the ministry. Sunday morning he preached at Knox Presbyterian church.

Dr. Merrill Is Injured In Car Crash.

Dr. Goldie Merrill, new instructor in the education and English departments, was involved in a traffic accident last Thursday morning, October 27. Going east on Manafield, her car was struck by one driven by Ed Donais, at the Washington street intersection. Mrs. Merrill was treated for minor cuts and bruises.

Alpha Beta Initiates

Alpha Beta held its formal initiation in the Home Economics building Friday, October 28.

The new members are: Lois Schmirler, Joyce Bates, Barbara Gleason, Gladys Hawley, Beatrice Henderson, Margaret Joss, Chere Perley, Elinor Scheel, Lillian Schoefield, Mary Lou Smith, Barbara Thompson, Marie Anderson, Clara Dollar, Louella Heimbigner, Phyllis Nelms, Gladys Peterson, Audra Smith, Helen Waddell, and Shirley Hawley.

ALUMNI OFFER PRIZE TO SENIOR CLASS

A cup for the year's outstanding senior at Whitworth college was presented to the associated students Wednesday, October 5, by Charles Frazier, alumni president. The Rev. Lee Knoll, Davenport, represented the alumni award committee, and listed the points which will determine the honor. The decision will be based on scholarship, athletic interest, art honors, and religious activities.

A cash award will be given this spring, and the senior's name engraved on the cup, which will be placed in the college trophy case. Judges will be three alumni, three members of the Junior class, and one member of the faculty.

NOTE: This is just a few (we hope) of the braves, and of course, any of the foregoing dates are subject to change; but we thought that you would like to know.

These Richardsons! Leonard, when asked whom he was taking to the banquet: "I was going to ask Dolores, but she seems a little cold about my sitting in the car with Carl; so I don't know what to do." Won't you forgive him, Dolores, so that our list will look a little more complete?

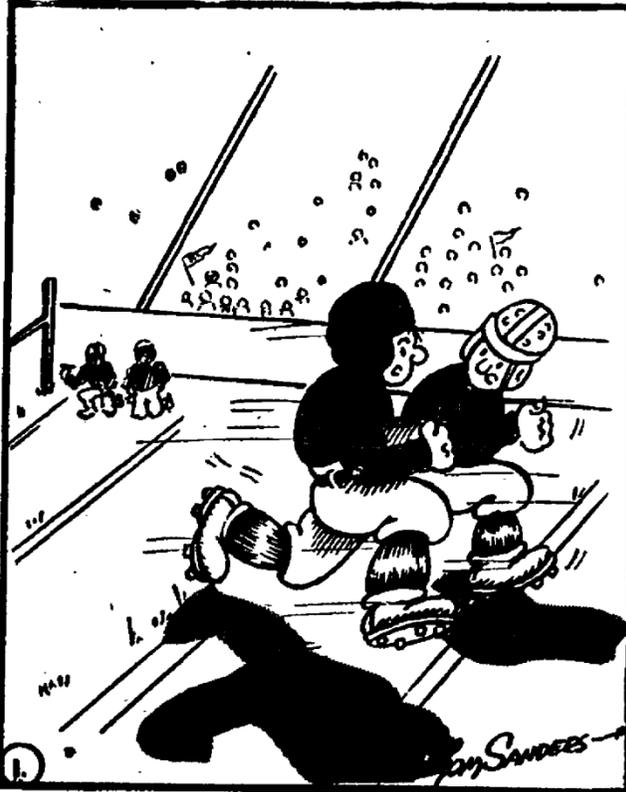

Norma is taking his gal from the old home town. Her name? Well, from the signatures on her letters, it goes something like this—love-you Catherine. Not that Knowsey has been snooping or anything; but you shouldn't be so careless with those lavender, violet-scented envelopes and contents, Richie.

According to the Knews, Margery Shaw has been giving Professor Carlson's car a wide berth ever since—well—ahem—you know. Incidentally, he is keeping out of her way, too.

Plot

Time: Every night.
Place: Any campus bench.
Setting: Rain, moonlight, snow, or starlight.
Characters: Blair and Marjorie.
Plot: Music and Spiders.
Climax: Blair teaches Marjorie how to say "Tchalkowaky."
Marg teaches Blair the easiest way to exterminate spiders.

CAMPUS STUFF - By SANDERS

"What are you going to do after graduation; run a filling station or be a wrestler?"

Grant Rodkey Making Slides of Parasite

Grant Rodkey, Post Falls, is making slides of the famous Fasciolopsis buski parasite so that it may be further studied. The parasite was given to Dr. Hedrick by Dr. Barlow, a medical missionary from the Shaosing area in China, where the intestinal parasite has been causing much sickness and death.

In order to make a thorough discovery of the life history of the buski, Dr. Barlow ate several water chestnuts so that he might bring the fluke to the United States. The facts now known about the buski are owed mainly to Dr. Barlow.

The Fasciolopsis buski is a large intestinal fluke of both man and pig. Man becomes infected with the cysts by eating the raw corn on which the larvae encyst. A person becomes infected by peeling water chestnut bulbs with the teeth. The land on which these bulbs are raised is flooded with water, which supplies a favorable habitat for the snails which carry the parasites from human fertilizer which has been cast upon the fields.

New Books Received By College Library

The new Encyclopedia Americana for 1938 has been added to the Whitworth library. It is in 30 volumes and should be a valuable reference work for the students.

According to Miss Edith A. Serler, librarian, many worth-while books have also been presented to Whitworth college. Some of the outstanding ones are: "Education of Henry Adams," an autobiography; "Franklin" by Bernard Fay; "The Epic of America" by James Truslow Adams; and "Henry the Eighth" and "Francis the First," two biographies by Francis Heckett.

Many Women Attend Week-end Conference

The women of the college held their annual Bible conference at Diamond Lake, October 21-23. The theme, "That I May Know Him," was taken from Philippians 3:10.

The speakers for the conference were: Mrs. Claire Grieve, Spokane; Mrs. Lillian Plankenhorn, Sprague; Mrs. Anna Carrel, Whitworth; Mrs. Orpha Hedrick, Whitworth; and Miss Estella Baldwin, Whitworth.

Marian Minnich was general chairman of the conference committee. Other committee chairmen were: Mary Koper, program and music; Harriet Thorndike, secretary; Mary Trevitt, commissary; Dorothea Tjeter, registration; Gertrude Thorndike, transportation; Mary Nell Buck, recreation; and Gladys Peterson, decorations.

The Montana club, which is composed of students from Montana, have elected the following officers for the coming year: Mary Virginia Mount, president; Edgar Bassford, vice-president; Francis Unti, treasurer; and Elizabeth Carter, secretary.

Ellingwood Speaks To Accounting Class

Mr. Ellingwood, resident manager of the International Accountant Society, talked to the class in accounting on October 14. He spoke on possibilities of the field of accounting, giving practical hints on the modern business philosophy.

He has taught in the extension department at the University of Wisconsin for 15 years and has had much experience in business. This speaker was appreciated by the entire class.

No. 2

Dr. McCracken Is Chapel Speaker

"What Should You Do?" was the theme of a talk given by Dr. Charles C. McCracken, college specialist of the Presbyterian Board of Education, in chapel on November 15. Dr. McCracken cited instances of crises in the lives of individuals he has known and in the political affairs of the world today, each time leaving it up to the students as to which course they would take, granted that they found themselves in just such a predicament.

Dr. McCracken cautioned his audience to "tread softly" in criticizing the actions of other people, since it is quite an easy matter to pass judgment upon someone else's actions but it is quite a different task courageously to make one's decisions in the face of adverse and critical situations.

CHORUS PREPARES FOR CONCERT TOUR

The Whitworthian chorus, in its fifth annual Christmas season concert tour, will present the "Messiah" in many Inland Empire cities just prior to Christmas vacation.

Leaving Friday, December 8, for Clarkston, Washington, the chorus will be on tour until December 18, with the exception of a three-day interval in Spokane. Concerts are set for Clarkston, Omak, Wenatchee, Cashmere, Sunnyside, Tieton, Ellensburg, Spokane and (tentatively) Fairfield.

The chorus will present the "Messiah" at the First Presbyterian church in Spokane, Sunday, December 11, in a 4:30 vesper concert.

The chorus, under the direction of Mrs. Winifred McNair Hopkins, will be assisted by a 10-piece ensemble composed of members of the college orchestra.

Sefelo Makes Plans For Traditional Service

The traditional Christmas candle-lighting service given by Sefelo, the women's dormitory organization, will be held in the lounge of McMillan hall on Wednesday, December 21, the evening just before Christmas vacation.

A program carrying out the Christmas spirit will be followed by the lighting of each girl's candle, which signifies service, fellowship, and loyalty.

After the program is finished and everyone is tucked in bed, Santa Claus will find the stockings hanging upon each door.

Arrangements are in charge of Marian Minnich, social chairman.

Faculty Members Judge High School Debate

On Wednesday evening, November 16, Mrs. Elisabeth Bachmont, Prof. O. K. Dizman and Dr. L. K. Bowersox judged a debate at John Rogers high school between the Rogers debate team and Fairfield. The topic debated was "Resolved, That the United States should form an alliance with Great Britain."

Dorm Elects Manager

At a Thursday evening meeting of students living in the men's dorm, Ed Machle was unanimously elected manager for the second quarter. Other officers include Burton Sanders, secretary, and LeRoy Hook, treasurer.

Whitworth Students Are Caught Napping

One of Whitworth's distinctive but unnoticed features is the slumber technique adopted by some of our more energetic students. Those who, from preference or necessity, rise early and retire late have accustomed themselves to sleeping in every possible position at any possible time. Though many of us have overlooked the fact, a new art has been developed at Whitworth.

Sleeping beauties of the masculine variety may usually be found in Room 2 of McMillan hall. Their shapely figures can be seen draped gracefully over the furniture. Disturb them not! When rudely awakened, they are often dangerous. Contortionist Jack Wollaston relaxes there by wrapping himself around a chair. It's a unique position, Jack; Ripley would be interested. Here's hoping you don't burn your head on the radiator.

Richard Eddy can often be found in the library engaged in such deep concentration that he can be aroused only by force. His thoughts must be interesting, if his expression is any indication.

John Perry has spent some time resting (says he) in his green Plymouth. Now that fly season is nearly over, it probably doesn't matter if he "rests" with his mouth open.

When the days were warmer and the breezes not so brisk, the college bus helped several night owls in catching up on their beauty sleep. Edgar Bassford, who has made several trips (a conservative estimate) to the land of oblivion, can tell you where the soft seats are.

Though in sympathy with those who doze and rather envious of them, I should like to remind them of the words of Confucius (or was it Charlie Chan?), who said, "To sleep is to lose sorrow; to snore is to spread it."

GRID SQUAD TO BE HONORED AT DINNER

A large crowd is expected to attend the football banquet, which will be given December 2, according to Martha Lee Tobie, general chairman.

The football banquet, which is sponsored by the Women's Athletic association, will be given in honor of the football men. Those serving on the entertainment committee are Gladys Hawley and Dorothea Teeter.

The banquet will be given at the Spokane hotel.

The high light will be the annual presentation of the Snider Memorial Award to the outstanding man of the football squad, selected by a vote of team members.

Van Osdel Speaks At Chapel Service

"Make your philosophy of life in the face of a November storm as well as in the face of a May zephyr."

This striking sentence was the keynote of the talk given by the Reverend Boyce Van Osdel in the chapel service Friday morning, November 4. Mr. Van Osdel, who was accompanied by his wife and baby daughter, is pastor of the Spokane valley Baptist church at Opportunity.

Whitworth Students Will Skate Monday

Alpha Beta will sponsor a roller skating party Monday, November 28, at Monterey rink. The money raised will be used to furnish Christmas baskets for the needy. The party was formerly scheduled for the Monday night after examination week.

STUDENTS HEAR DR. DIE SPEAK

One of the most interesting chapel speakers so far this year was Dr. Royal E. Die, a medical doctor of the Christian church, who spoke to the student body Monday morning, November 21.

In his address, Dr. Die dealt with his journey to the Congo region of Africa in 1899, where he took up his missionary work. He related in an amusing fashion many incidents which added humor to his account of work in Africa. The difficulties in building a Christian civilization among the superstitious race of people were explained.

After citing a few facts regarding the need of sending workers to these people, Dr. Die closed his address with an appeal for students to be thinking about this field of work for their own life occupations.

Many Students Want Badminton Introduced

An attempt was being made this week to introduce badminton to Whitworth college students.

While nothing definite has been announced, Dr. L. R. Hedrick met with those who were interested in this sport last Friday and dealt with the prospects of forming a badminton club. A list of students interested was made, and a time and place for practice were discussed. Dr. Hedrick stated that he would put the desires of the group before the Athletic Board.

All students who wish to participate in badminton competition are urged to see Dr. Hedrick or attend any meetings which may be called.

If a badminton club should prove successful at Whitworth, there is a possibility of arranging inter-collegiate competition, according to Dr. Hedrick.

PHI ALPHA ELECTS NEW MEMBERS

At a meeting of Phi Alpha, honorary scholastic organization, Monday, new members were elected. Grant Rodkey was made an active member, as was Blair Cosman. Stanley Hughart was made an associate member.

Officers are Miss Olive Logerstrom, president, and Blair Cosman, secretary.

Christmas Play Chosen

The Whitworth Players have chosen as their Christmas play a one-act drama, "They That Sit in Darkness," to be presented December 17. The cast will be chosen and announced later.

Alumni Go To Siam

Forrest Travaille, '32, and his wife, Leta Mae Muir Travaille, '32, have recently been sent to Siam for missionary work. After leaving Whitworth, Mr. and Mrs. Travaille went to San Anselmo Seminary, San Francisco.

Grads Return to Campus For Annual Home-Coming

Christmas Vacation Extended One Week

Whitworth students were gladdened last week by the announcement that the Christmas vacation has been lengthened.

"In order to give us all a good rest, the Board of Trustees has granted an extra week for vacation, the date of our return being January 9," Dean Hardwick stated.

The main reason for the change is that this present semester includes nineteen weeks instead of the usual eighteen.

Dr. Hardwick has requested that no student ask special permission to leave earlier or return later than the dates scheduled. This change gives each student a good, long vacation.

"Royal Family" Plays To Large Audience

"The Royal Family," presented by the Whitworth Players in the college auditorium on Friday evening, November 11, was one of the most outstanding and well-received plays ever given at Whitworth. All the actors did remarkably well in their roles. Pauline Miller, as Fanny, gave a truly exceptional performance. James Goodsell, in the role of Wolfe, also did a fine piece of work.

The play showed a great deal of competent, hard work on the part of the director, Miss Isabelle Carolyn McLeod, whom Whitworth is indeed fortunate in having as dramatics instructor.

One of the pleasing sights which met the eyes of the audience the night of the play was the new stage frame. The Whitworth Players and the Alumni association purchased the materials for the new frame, which was designed and constructed by P. L. Wilson.

Hardwicks Return From Promotional Tour.

According to Dr. and Mrs. F. T. Hardwick they had a most pleasant time on their trip through the state of Washington from October 28 to November 7 in the promotional interests of Whitworth college. They made their first stop at Yakima and spoke with Dr. Ferry of the First Presbyterian church of that city. In Tacoma they visited with Dr. F. Renwick McCullough, pastor of the First Presbyterian church. Among the pastors contacted by Dean Hardwick was Dr. Mark A. Matthews, the well-known pastor of the First Presbyterian church in Seattle.

In addition to the above-mentioned cities and towns, Dr. and Mrs. Hardwick visited Sumner, Puyallup, Olympia, Everett, Bellingham, Sedro Woolley, Ellensburg, Wenatchee, Ephrata, Wilbur and Davenport before arriving in Spokane Monday evening, November 7.

SENIORS PLAN SKATING PARTY

The Senior class of Whitworth college will have a roller-skating party at the Monterey rink in Spokane Friday evening, December 9. In charge of the event is Ed Machle, who is social chairman of the class. Members of the Senior class are expected to attend.

The 1938 Whitworth Home-coming, held November 11 and 12, was outstanding in enthusiastic college spirit and in the success of its activities.

The alumni chapel program, conducted by Charles Frazier, president of the Alumni association, included songs by Mrs. Claire Grieve and Mrs. Margaret Robbins Uden, and an Armistice Day address by Mrs. Morgan Allen. A short pep rally was held, with the participation of the pep band under the direction of Stanley Hughart.

The frosh bonfire was burned Friday night at a general pep rally near the football field. Yell King Francis Unti introduced members of the football team, who gave short pep talks.

Following the rally, faculty, student body, alumni, and other friends of Whitworth filled the college auditorium for the presentation by the Whitworth Players of "The Royal Family," by George Kaufman and Edna Ferber. Miss Isabelle Carolyn McLeod directed the production. The overture was provided by the college orchestra. Entr'acte music included numbers by the String Trio and by a mixed octet, with a solo obligato by Evelyn Seyforth, of Post Falls, Idaho, a student of Mrs. Winifred McNair Hopkins.

The Pirates scored a 32-to-0 victory over the Prospectors of Carroll college, Helena, Montana, on the snow-covered Whitworth field Saturday afternoon.

Banquet Is Climax Home-coming activities were climaxed by the banquet Saturday evening in the Desert hotel. Toastmaster of the banquet was Garth Steele, president of the A. S. W. C. His welcome to the alumni was answered by Charles Frazier, who asked all alumni to rise as their respective years of graduation were called.

The theme of the banquet was "For Whitworth Fight." Dr. F. T. Hardwick spoke on "Whitworth Deserves the Best." Prof. B. C. Neustel, who spoke on "Onward to Victory," mentioned the fact that he was athletic director during his first two years of teaching at Whitworth.

The Rev. Wilbur W. Scafe, pastor of the Fourth Presbyterian church of Spokane, in the main address of the evening, threw out the challenge to "Fight! Fight! Fight! and Win!"

Miss Marie Louise Gordon, a former student of Whitworth, provided dinner music on the organ. The String Trio played two pieces. Eleanor Barrow, a student of Mrs. P. W. Lange, sang two songs. A men's octet presented a group of college songs, ending the medley with new arrangements of the Whitworth fight songs. Home-coming closed as alumni and students joined in singing the "Alma Mater."

Students in charge of Home-coming were: David MacIntyre, general chairman; Phyllis Nelms, Evelyn Sherwin, Janice Peterson, Stanley Hughart and Ed Machle.

Sophomore Party

The Sophomore class will have a party Friday, December 9. Where the party will be held has not yet been decided, according to Evelyn Sherwin, who is social chairman of the class. Others that are on the committee are Ethel Boughton, Douglas Coleman, and Burton Sanders.

Whitworth Is Proud

A CHECK-UP WHICH we made last week showed us that the football season just ended is the first one in sixteen years in which the Whitworth Pirates have outscored their opponents. This record is something for which we can all be proud, considering the hard schedule our team had before it.

Whitworth has become well known throughout the Pacific Northwest, and this year's football squad has certainly done its share in accomplishing this result.

Just last week a local newspaper sports editor commented in a signed column as follows: "Whitworth college is going to be in a spot where it won't have to blush in asking grid games with Idaho, Washington State or Gonzaga, for Jerry Stannard has developed the Pirates to a point where they're a threat any time."

This is but a small part of the splendid boost the grid squad has given to Whitworth. Next week the annual football banquet will honor these men. We can all show our appreciation to them and to their coach by attending the banquet.

A Job Well Done

WHILE WE'RE tossing bouquets, we can't overlook that home-coming committee. There isn't anyone who won't agree with us that the committee did an outstanding job. Dave MacIntyre, as general chairman, is to be commended for his work, as are those who assisted him so ably—Phyllis Nelms, Janice Peterson, Evelyn Sherwin, Ed Machle and Stanley Hughart.

Home-coming was a success, and the success was largely due to the efforts of this hard-working committee.

Did You Ever Stop To Think?

You don't appreciate life until you're dead or perhaps dying. You don't realize the value of health until you're ill. You never appreciate what you have until you don't have it.

And the truism for us is we don't appreciate college days until we're alums or possibly seniors.

Did you ever stop to think—yes, think—why am I here? What am I doing?

College years are so fleeting. And no sentiment involved. The four years go by and you're on the final stretch—maybe homeward. And you never recapture the same carefree Joe College spirit that was yours in your undergraduate years. When you're an alum, you kid yourself into thinking you're as young, as happy and as unworried as you were then. The multitudinous worries of Joe and Betty College about cuts and dates and flunks and soul-searching bull fests can't compare with the dentist bill, the baby's new tooth or that new squirt at the office with ideas of cramping your style.

No getting beyond it, this Home-coming sets one to thinking.

You hold the world in a grain of sand
The earth in a sunflower,
Infinity in the palm of your hand,
Eternity in an hour.

(From College of Idaho "Coyote")

Where Is Our Talent?

WHITWORTH COLLEGE abounds in musically talented students. The question has arisen: "Why not have more of them perform before the student body?" Usually it is the same students or group of students performing, whereas others, likewise talented, never display their talent. Is this because they are timid, or because they have never been approached? However, much of this talent is not discovered, because students have not let their talents become known.

May we not see more variety of student talent in the days to come?

THE TIME

By TWO ERRORS

H* We offer our annual football classic with this issue:

Whitworth hall students take notice: Fashion has decreed that shirts should be worn open down the front at such informal gatherings as the dormitory convocation at 7:21 every morning.

Nice little campfire Curt lit up for the girls a week ago Friday. He threw caution to the four winds, and everything else on the fire—except Mary Lou, of course.

Bonfire Ashes

Craah-of-the-week: Bassford's stock.

Trash-of-the-week: Bonfire burned it all.

Clash-of-the-week: Red shirt, orange tie.

Flash-of-the-week: Gordon.

Dash-of-the-week: —

POET'S CORNER

Hymn To Campstry

(To the precious, fleeting moments between 6:40 and 7:30).

Ah, night, thy moon-stained velvet ebon

Fills the earth with peace again;
Thy satin curtain sent from heaven
Shrouds campus activity.

Ah bench, thy splint'ry, silverous slats,

Bedewed with smitten youth's vain tears—

What hast thou seen while on this green—

Bats?

Ah pines, that see and utter not,
A thousand times you've heard it asked—

And sometimes answered, sometimes not.

The question—well—the question?
Ah, ye who walk the pine-girt path
And hold another's trusting hand—

Be careful of her father's wrath.
Ah nertz, Ah, rapture! Amen!

S*

H* to S*—smell. Plow it under!

RAIN, NO GAME

EXCHANGES

The College of Idaho pep band returned Sunday from a successful barnstorming tour that was climaxed at Walla Walla for the Whitman-C. of I. football game. "Coyote," College of Idaho.

Eight Macalester college students furnished the musical features of a recent broadcast of the Minnesota College Press Association over WMIN, Minneapolis.

"Mac Weekly," Macalester College

The engineering department of Multnomah college has made several additions to its equipment in order to meet the demands of the increased enrollment. Multnomah's school of engineering is thought to be the only one of its kind which includes surveying in the freshman curriculum.

"Chinookian," Multnomah College

Whitworth has offered surveying to freshman students for two years.

Many displays welcoming old grads back for home-coming were on display last week. One front lawn was decorated with a realistic graveyard. All defeated opponents of the Savages were in their respective graves.

"Journal," E.W.C.E., Cheney

Alpha Beta Members Attend Theater Party

Alpha Beta held a theater party Friday evening, November 18, at the home of Chere Perley, 2526 Grand, in Spokane.

A dessert dinner was served before the club went to the State theater to see "The Great Waltz."

Mildred Simmons, president of Alpha Beta, placed Gladys Hawley and Lillian Schoefeld in charge of arrangements. On the refreshments committee were Barbara Thompson and Chere Perley.

As we are feeling simply grate and have a lot of red-hot Knews, we'd better fire away. Please excuse the slightly smoldering tone as we rake you over the coals.

You know, this little Thorndike gal is kinda cute. The other night, just before the banquet, someone happened to mention how hungry he was, but little Harriet came back with: "I'm not; I have Eaton."

Knowsey hears that Ed Kime was finally dragged to the shower room over at Whitworth hall and made to do his duty therein. All we can say is: "It's about Kime, Eddie!"

WHEW! Such punishment!

According to the Knews received, Bob Stephey has the right technique. Last Wednesday he was seen handing Harriet Aldrich an apple all wrapped up, with a pair of ear muffs around it! Staffy's explanation? "She's the apple of my eye, and I hope that she'll warm up to me now."

MONTANA MAKES HEADLINES

FLASH: Mary Nell bucks as Mary Virginia mounts. Tragedy averted. David is makin' tires, while Pinky unties the ties Garth steals.

I'm through with women,
They cheat and lie;
They prey on us males
Till the day we die.
They tease us, torment us,
And drive us to sin.

Wow! Who's the cute blonde That just walked in?

Machle: "Hey, Dan, what are you doing with your socks wrong side out?"

Webster: "My feet got hot; so I turned the hose on them."

Seen About the Campus Harriet and "Chat" walking along a wooded path.

Bob Brault bribing the Editor. Elmer West and Bob Jeffers still maintaining their solo stances as Whitworth's only woman-haters.

Janice and Gene coming in verrrrry late to the banquet. Butch getting an exclusive hairdo—a la Ralston.

Clara Dollar receiving notes addressed to Mrs. Louie Stannard (kid stuff).

EXCLUSIVE! To any of you women who received roses for the banquet:

ROSES mean secrecy.

RED roses mean "confession of love."

YELLOW roses mean jealousy.

WHITE roses mean "I am worthy of you."

SO NOW YOU KNOW!

They all laughed when Wollaston sat down at the piano.

They all clapped when he was through.

It's lucky for Jack.
That one was all he knew!

HAPPY THANKSGIVING, EVERYONE! AND DON'T FORGET: COUNT YOUR CHICKEN BONES BEFORE YOU REACH FOR ANOTHER PIECE!

Pirates Crush Carroll Prospectors 32-0

POWER IS SHOWN IN HOME-COMING GAME

On a snow-covered field, the Whitworth Pirates drubbed the Prospectors of Carroll college 32 to 0, Saturday, November 12, to add another victory to an already successful season. This home-coming game showed the Pirates once again determined to win.

Ralston, the spark plug of the Whitworth attack, was aided by the brilliant running of Tanneberg, Mooers, and Steele, and by the blocking of Randolph. Playing their last game for Whitworth, Norman and Leonard Richardson turned in exceptional performances in the line, as did Holmes and Earl Stannard; at center, and Olson and Wollaston, at the end positions, were also outstanding, both on offensive and defensive play. Hardin Holter, who had been out of the line-up because of illness, played for one quarter of the game.

Late in the first period, a Carroll fumble was recovered by Olson on the Prospectors' 15-yard line. A fast off-tackle run by Ralston gave Whitworth its first score, and started the ball club to rolling.

Pirates Click

During the third quarter Whitworth's power began to click. A blocked kick was picked up by Olson, who ran 15 yards for another touchdown. Ralston made a line-back for the extra point. Following the kick-off, the ball was driven from the 50-yard line to Carroll's 20 by a series of drives by Ralston and Steele. These drives resulted in a third score when Tanneberg passed to Mooers, who stepped across the Carroll goal line. A pass attempt for the extra point was batted down by a Carroll back, leaving the score 19 to 0.

Later in the same quarter Leonard Richardson intercepted a pass on the 50-yard line and raced to the Carroll 20 before being downed. Mooers added the finishing touch with a wide end-run, and Tanneberg converted the point by a drop kick, making the score 26 to 0.

The Pirates lessened their attack in the final quarter, and were satisfied to score one more touchdown, which came after three penalties moved the ball to the Carroll 32-yard line. From here Mooers and Tanneberg drove to the 4-yard line, and Mooers scored on the next play by an off-tackle play.

The Pirates gained 276 yards to Carroll's 57. Whitworth completed two passes for 57 yards, whereas the Prospectors attempted 10, completed one, and had one intercepted. At no time during the game did Carroll threaten to score.

WOMEN STUDENTS VISIT W.A.A. CABIN

A "gypsy feed" was enjoyed by the Women's Athletic association November 14 at Orpha lodge on the Little Spokane.

The women, with their adviser, Mrs. L. R. Hedrick, hiked from the college in the afternoon. Harriet Aldrich was in charge of arrangements.

Martha Lee Tobie, president of the W.A.A., was assisted by Loretta Stanford and Margery Shaw.

Bonde Tuveson, '38, is now employed as chemist for the Sperry Flour mills in Spokane. Mr. Tuveson served as laboratory assistant in his last year and a half at Whitworth. During the past summer he worked at the C. M. Fassett assaying office in Spokane.

COACH SEZ:

The success of our football team was due to hard work and conscientious training on the part of every man on the squad.

Blocking and tackling are the fundamentals of any successful football team; and our team this year mastered these details with unusual efficiency, as anyone who witnessed the Carroll game could see.

The spirit in which the men practiced and played made it a pleasure to work with them, and I wish publicly to commend every member of the squad.

"W" CLUB INITIATES NEW MEMBERS

On last Thursday, November 17, the "W" club started their four-day initiation of new members.

The rules of the club deprived the initiates of constitutional rights by not allowing freedom of speech to the opposite sex, and so forth. The initiates were forced to wear gunny-sack underwear, woolen socks, and boots; they were not allowed to shave; and they had to act as stooges for members of the club.

A complete list of "W" club initiates is not available as the Whitworthian goes to press.

GRID SQUAD BEATS MONTANA MINES 13-7

The Whitworth Pirates chalked up another victory November 5 at Butte, when they defeated the Montana School of Mines 13 to 7, in an exciting game. The field, which was hard as cement and rough as plaster, caused tough going for both teams.

Whitworth received the kickoff and attempted several plays which failed to gain. After an exchange of punts, Montana made a 27-yard run for a touchdown. The kick was good.

Most of the first half was played in midfield or in Montana territory. Late in the second quarter Tanneberg released a 25-yard pass to Olson, who ran 50 yards for a touchdown. The kick was wide, leaving the score 7 to 6. Whitworth made another touchdown in the first half, which was called back by the referee.

In the second half, the Pirates showed more drive, and gains were made with nearly every play. During the third quarter Louie Stannard recovered a Montana fumble on the Miners' 2-yard line, where Whitworth had just lost the ball on a fumble. Steele plunged over the line for another Pirate score. The kick by Randolph was good, putting Whitworth ahead 13 to 7.

Although the Pirates continued to drive, there was no further scoring.

Opponents Are Outscored First Time In Sixteen Years

For the first time in 16 years Whitworth's football team has balanced its budget. The Pirates scored 60 points against their opponents, who scored but 36.

Whitworth	Opponents
Whitworth	Lewiston
Whitworth	Whitman
Whitworth	Lewiston

TOTAL	TOTAL

Kamera Klicks

As most students have mastered the technical use of their cameras, the purpose of this column will be to point out a few common faults of amateur picture taking, and methods of correction.

No doubt backgrounds seem to be a very unimportant part to portrait taking; the truth, however, is that more amateur informal portraits are spoiled by faulty backgrounds than by any other single mistake. (By the word portrait is meant any picture in which a person is the principal object. This applies, therefore, to the many snapshots students take of their friends and college chums.) In taking portraits, look very carefully at your background. Choose one that will photograph as a fairly even tone without spots or lines, and avoid letting unrelated figures station themselves in some part of the picture. Avoid backgrounds in which branches of trees seem to be growing out of a person's head. The sky makes a splendid background. Other good backgrounds are a smooth hill, a uniform expanse of foliage, or the side of a building.

German Club Meets

The German club held its monthly meeting at the college November 18. After a business meeting a program was given and refreshments were served. Lee Rodkey was in charge of the program and James Goodsell, in charge of refreshments.

To an observer standing on the ground, there are never more than 6000 stars visible to the naked eye.

Dr. Hardwick Assures of Accreditation.

This bit of news will be of special interest to those students who perhaps are uncertain regarding the accreditation standing of Whitworth college in the Northwest.

Dr. F. T. Hardwick was recently assured by members of the Northwest Society of Accreditation that Whitworth is fully accredited as regards its scholastic rating among other colleges in this section of the country. Students at Whitworth planning to transfer to the University of Washington need have no fear of their credits' not being accepted at that institution. Whitworth can well be proud of the fact that it is second to no other college or university in scholastic attainments.

Whitworth C. E. Visits Millwood Young People

The Whitworth Christian Endeavor enjoyed an evening of fellowship with the Millwood Christian Endeavor, November 13. The Whitworth Endeavorers traveled to Millwood to hold the first of a series of exchange meetings between the two groups.

About 75 attended the service, which was a panel discussion on the topic, "Christian Ways for Influencing a Group."

The Whitworth delegation remained for the evening worship to hear Dr. Ward W. Sullivan deliver the sermon.

Stamp and coin collectors will have their "days" at the 1939 Golden Gate International Exposition when outstanding displays will be open to millions of visitors.

Sport Yaps

BY WEST

Well, well! Who did it? Did what? Oh, who made the name Whitworth stand out? The credit rests on the broad shoulders of Jerry and his great team, who played real ball this season. One can easily bet that Whitworth will be playing big games next season. Nice work, fellows.

Well, Garth, we hope that you look as good in the pulpit as you have out on the football field. The team will miss men like Garth, Harley, Leonard, and Norman; and these seniors will probably miss not being among next season's players. Guess one has to get out of college some time.

Most of the members of this year's team will probably be around here when football season rolls around again; and if they are, look out, you Cougars and Bears (or should the mighty Trojans be worrying?)

Say, fellows, where did all those pretty scratches come from after that victory at Butte? Have you been playing with kittens, or have you girl friends who do as well? Maybe the landing field wasn't soft. Probably it was like a plaster wall and harder than cement; at least, it wasn't a feather bed.

A few of the latest upsets—Washington over U. S. C. (7 to 6). Bet Jimmy Phelan is about as happy as Jerry. Another one for the history book took place when Oregon State beat Stanford (6-0).

Now that football season is over, maybe basketball will get into full swing. If we have a basketball team with as much fight as our football team, we can be sure of being among the best hoopers. Prospects look fine, with a few men who are exceptionally good shots and others who should improve with time.

Did you all notice the Whitworth line in the Carroll game? Everyone knows that the success of a team lies in the co-operation of the team as a unit. The players on the line don't always get into the headlines, but it is through their efforts that games are won, 32 to 0. In this game, who held the Prospectors out? Who opened up holes for the backs to drive through? Yahl! The Pirate line.

Chemistry Department Adopts New Methods

The chemistry department has adopted new laboratory methods for the advanced qualitative analysis (Chemistry 11) course. The class is now using semi-micro analysis, which is one of the latest developments in college analytical chemistry. Because this method gives better and more accurate results than the old method, it has been gradually adopted in Eastern colleges. Whitworth, however, is the first college in Washington to make the change.

FROSH DIPLOMATS SAVE BONFIRE

By A FROSH

Did you like our fire? (Our vaguely refers to the freshmen.) We thought that it was pretty good. Of course, the sophomores and the juniors maintain that their fires excelled ours in magnitude and brilliance, but such claims are to be expected. Wait until you hear the line we'll feed next year's frosh. By that time, we shall have the flames of our fire leaping 500 feet into the air. The freshmen will probably believe us, because frosh naturally are trustful.

We don't know who it was that, on Tuesday evening, so accommodatingly burned the pile of rubbish which stood obtrusively on what was to be the site of our bonfire. Our heartfelt thanks, however, go out to those benevolent souls. They surely solved a perplexing problem for us as to what to do with the junk. Thank you, fellows.

Then came Thursday night, and our long vigil. Lovely moon! We know, for gazing on it was all we had to do until 1:30 a. m. And those alternating desires which passed through our minds! One moment we feared that THEY wouldn't come; the next, we were scared stiff that THEY would.

Finally, about 1:30 Friday morning, some thirty or more Junior college students appeared. Fine fellows, those Junior college lads; a bit hardheaded (if you get what we mean), but also very diplomatic.

The theory has been advanced that they came out to visit us and keep us company during the long night. We, however, believe that they felt sorry for us frosh, and came out to burn that unsightly rubbish so that we might have a nice, clean place to build our bonfire. Never let it be said, though, that their intentions were anything but the best.

What ensued is known by only a few in the diplomatic circle of the Frosh class. Dawn came as dawn usually do, and by the dawn's early light the precious pile of material was still there.

Queer people, we frosh; here we stay up all night to guard some rubbish which we, ourselves, burn the following evening. It doesn't make sense, but it really was a lot of fun.

The East Indian parasitic plant is almost all flower. The blooms sometimes attain a diameter of three feet, and weigh 15 pounds.

Many Students Participating In College Music Activities

Mr. Uhe Organizes Orchestra Class

The unusually large amount of musical talent in the 1938-39 student body is being utilized in many vocal and instrumental groups. Instrumental groups are under the direction of Prof. A. E. Uhe, head of the music department; vocal groups are under the direction of Mrs. Winifred McNair Hopkins.

Mr. Uhe has organized a little symphony of 25 pieces, and has encouraged the development of a pep band, which is under the direction of Stanley Hughart.

The other instrumental group is the string trio, composed of Harriet Bagdon, violin; Lois Schmirler, cello; and Blair Cosman, piano. It made its first appearance Thursday, October 27, in the Swedish tabernacle.

Mrs. Hopkins' work with the chorus gives promise that this year's presentation of the "Messiah" will maintain the high standard of previous years. Support will be given by a concert orchestra, which has already begun practice under Mr. Uhe.

The only group to return from last year is the women's trio, composed of Gladys Hawley, soprano; Mary Koper, second soprano; and Janice Peterson, contralto. The new accompanist is Elizabeth Carter. The group made its first appearance of the year at Our Savior's Lutheran church on October 2.

A new mixed quartet has been organized. Its personnel consists of Mary Koper, soprano; Maude McCannon, contralto; Lewis Messex, tenor; and James Goodsell, bass. The accompanist is Blair Cosman. This is the first mixed quartet to be organized for five years.

The present men's quartet is a continuation of the oldest specialty group on the campus. For six years there has been a variety men's quartet representing Whitworth college in Spokane and the adjacent territory. Continuing the quartet tradition are: Robert Jeffers, first tenor; Lewis Messex, second tenor; Wesley Scott, baritone; and Curtis Butler, bass. Marie Gordon and Blair Cosman will accompany the quartet.

CHRISTIAN ENDEAVOR HOLDS SOCIAL

Gay costumes, and interesting features carrying out the Thanksgiving motif, furnished a most delightful evening for the Whitworth Christian Endeavorers, November 19.

Many attended the monthly social, which was held in the college library. Much credit for its success is due to the efforts of the social chairman, Francis Unti, and his committee.

"W" CLUB PRESENTS CHAPEL PROGRAM

As a feature of the "W" club initiation, new members of the club presented the chapel program yesterday morning. The program consisted of "Shakespearean Hash," (with apologies to William Shakespeare and Miss Magill) and a musical treat.

Men taking part in this program were Holms, Curlee, Randolph, Barowski, Holter, Blakemore, Hook, Olson, and Tanneberg.

CALENDAR

- Monday, November 28: Alpha Beta Skating Party.
- Friday, December 2: Football Banquet, Spokane hotel.
- Friday, December 9: Senior class party; Sophomore class party.
- Sunday, December 11: Local presentation of the "Messiah," First Presbyterian church.
- December 14 to 21: Chorus tour.
- Friday, December 16: French and German club party.
- Saturday, December 17: Christmas play.
- Tuesday, December 20: C. E. Caroling.
- Wednesday, December 21: Sefelo Christmas Candlelight.
- Next issue of WHITWORTHIAN.
- Thursday, December 22: A.S.W.C. Christmas party. Beginning of Christmas vacation.

H. A. Richards Speaks

H. A. Richards, from the Northwestern Mutual Life Insurance Company, spoke to the accounting class and others Monday, November 14, on the various aspects of insurance.

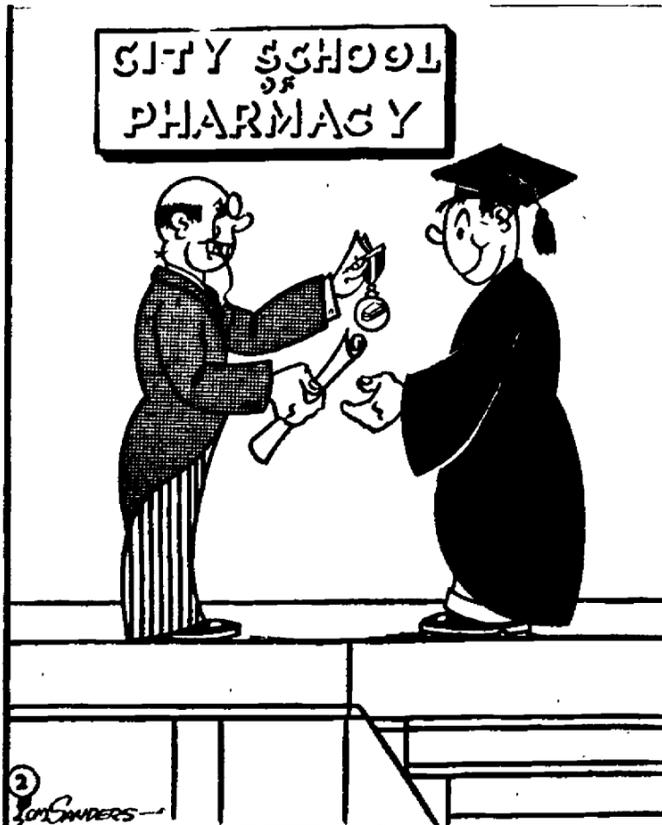

Can You Imagine?

- Ariene without Joe?
 - Lois Toole four-foot-two?
 - Bill Richter with black patent leather hair?
 - Norman and Leonard not looking alike?
 - Virginia-Lee Nance getting enough to eat?
 - Everybody studying all the time?
 - Virginia Watkins not grinning?
- WE CAN'T EITHER!

New Grandson

Word has been received of the birth of a son to Mr. and Mrs. F. L. Blunt of Albert Lee, Minnesota, on October 30. Mrs. Blunt, known here as Ruth Countermine, spent one year at Whitworth with her father, Dr. J. W. Countermine.

CAMPUS STUFF - By SANDERS

Three New Members In College Faculty

New faculty members at Whitworth this year are Arthur E. Uhe, Herman Hausheer, Ph.D., and Mrs. Goldie Merrill, Ph.D.

Mr. Uhe, graduate of the Brussels Conservatory, with the First Prize of Grand Distinction, heads the music department, replacing George O. Poinar, who resigned to accept a position in the East. For the last twenty-four years Mr. Uhe has been head of the music department of Bethany college, Kansas, and was director of the Bethany Symphony Orchestra of Lindsborg, Kansas. At the present time he is reorganizing the Spokane Symphony.

A graduate of the University of Iowa, Dr. Hausheer is the new head of the Sociology department. Dr. Hausheer was formerly employed by the government service in Iowa. From 1929 to 1932 he was chairman of the Division of Social Sciences at the College of Puget Sound.

Dr. Merrill, a graduate of the University of Washington, has been added to the faculty as assistant in the English and the education departments.

Philadelphians Meet After Banquet

Following the home-coming banquet November 12, members of the Philadelphians attended an informal social at the college. The reception room of the Home Economics building was the scene of their party, where light refreshments were served.

Whitworthian Plans New Column

Have you ever found yourself loaded with ideas but afraid to express them? Does the cat ever get your tongue just as your streak of genius begins to show? Console yourself, my friend; a place has been made for you.

Feeling that many a good idea has died for want of proper airing, the Whitworthian is sponsoring a column called "Campus Voices." In it will be published all letters which have interest to a considerable number of students. Here is your chance; look about the campus for something which should be changed or improved and write us about it. Your brain probably needs exercise, anyway.

Is there a Cicero in the house?

HARDWICKS VISIT SON IN YAKIMA

While on his promotional tour, Dean Hardwick visited with his son-in-law, Lewis Harris of Yakima, who is head chemist of the Sherwin-Williams laboratories in that city. Mr. Harris has developed a new type of spray to be used in the fruit orchards of the Northwest. In recognition of his able work, the Sherwin-Williams Company is sending him East to work in their laboratory at Columbus, Ohio, in connection with the chemical department of Ohio State university. He will do research work there and then return to Yakima next summer in order to improve the fruit tree spray and to find out just how effective it is in the orchards of Yakima valley. This particular spray is superior to the ordinary types of spray used because it contains no lead and needs to be used only three times a season.

Son Is Born

Word was received recently of the birth of a son to Mr. and Mrs. Clifford McNeal on November 8. Mr. McNeal, '31, and his wife, Dorothy Hood McNeal, '32, live at Ferron, Utah, where they are serving at a Presbyterian Indian mission.

Christian Endeavor

Many attended the monthly social of the Whitworth Christian Endeavor society, which was held Saturday evening, November 19, in the college library. The evening was spent in playing games, after which light refreshments were served. In charge of the affair was Francis Unti, social chairman.

More than 30 leading California wineries will be exhibitors in the "Temple of Wine" at the 1939 Golden Gate International Exposition.

Mrs. Carrel Plans Trip For Vacation

Traveling with a group of instructors from Washington State college, Mrs. Anna J. Carrel is planning to make a trip to the Coast during Thanksgiving vacation.

Mrs. Carrel plans to visit in Portland and in Seattle. In Seattle she will visit Charles Lawrence of the University of Washington Music department. Mrs. Carrel hopes to attend the U.W.-W.S.C. football game in Seattle Saturday.

The return trip will be made by way of the Grand Coulee Dam.

College Choir Returns From Extensive Tour

Snider Trophy Goes To Stannard Grid Banquet Closes Football Activities

The annual W.A.A. football banquet, held in the Stone Room of the Spokane hotel, December 2, brought to a close football activities for 1938.

The banquet took on more of a victory aspect than former football banquets because of the record made by the grid squad this season. For the first time in sixteen years, the Pirates outscored their opponents.

The high light of the evening was the presentation of the James Snider Inspirational Award to Louis Stannard, the outstanding player of the season. The award was presented by Keith A. Murray. The winner, the most inspirational man to the team, was chosen by a secret vote of the squad.

In addition to this award, announcement of the election of co-captains for the 1938 season was made. They were Harley Mooers, Norman and Leonard Richardson.

Martha Lee Tobie, W.A.A. president, and Dorathea Teeter were in charge of arrangements. Mrs. L. R. Hedrick, adviser of the organization, was toastmistress. The main address was given by Archie M. Buckley, North Central high school football coach.

Whitworth Is Willed \$6000

Spokane Pioneer Is Benefactor

Probate of the estate of the late John Anderson of Spokane, revealed to the public last week that three Spokane institutions, Whitworth college, the Shrine Hospital, and Hutton Settlement, had each received a \$6,000 bequest. Total value of Mr. Anderson's estate was approximately \$30,000, virtually all in liquid assets.

A resident of Spokane for 50 years, Mr. Anderson had no family. For many years he was a proofreader for the Spokesman-Review. Because of ill health, he gave up his position and went to Albany, N. Y., where he died two years ago.

The Whitworth bequest was handled by R. E. Porterfield, secretary of the board of trustees

SENATOR SPEAKS TO STUDENT BODY

"The thing that impressed me the most regarding the international situation is the fact that people in the United States know more about European affairs than do the Europeans themselves."

So began Senator Lewis B. Schwellenbach, United States senator from Washington, as he delivered an address to the student body at the chapel service December 6. Senator Schwellenbach spoke concerning the war situation in Europe at the present time.

Sent to Europe last summer as a member of a peace commission, Senator Schwellenbach learned many interesting facts about European political intrigue during his two months' stay in England, France, and Germany. He is rather

Monday, January 16:
Beginning of examination week.

Friday, January 20:
End of semester.

Monday, January 23:
New semester begins.
Alpha Beta Skating party

Tuesday, January 31:
Sefelo Birthday dinner.

Ten-Day Itinerary Is Completed; "Messiah" Presented Eleven Times

The Whitworthian choir of sixty-eight voices completed a ten-day itinerary Monday night, when Handel's sacred oratorio, "The Messiah," was presented at Harrington. In its annual Christmas season tour, the choir, under the direction of Winifred McNair Hopkins, presented the well-known oratorio in eleven different localities of the Inland Empire.

Cities Visited

The ten-day itinerary was as follows: December 9, Clarkston; December 10, Tekoa; December 11, Spokane; December 13, Rosalia; December 14, Omak; December 15, Wenatchee; December 16, Cashmere; December 17, Summerville; December 18, Ellensburg and Tieton; December 19, Harrington.

Soloists were: Eleanor Barrow and Mary Koper, soprano; Maude McCannon and Janice Peterson, contralto; Lewis Messex, tenor; James Goodsell, bass. Mary Nell Buck, Marguerite Moseley, and Bill Pond were alternate soloists.

Members of the choir are

Sopranos — Eleanor Barrow, Joyce Bates, Margaret Brugger, Helen Carlson, Elizabeth Carter, Barbara Gleason, Leola Graham, Gladys Hawley, Shirley Hawley, Beatrice Henderson, Florence Johnson, Margaret Joss, Virginia Kessey, Mary Koper, Dorothy Montgomery, Virginia-Lee Nance, Anna Belle Peers, Chero Perley, Delores Roeders, Earleen Schiewe, Mary Lou Smith, Margaret Udden, Marcia Vincent, Marie Williamson.

Altos — Patricia Bowker, Mary Nell Buck, Dorothy Bunker, Betty Ferrell, Berniece Kassens, Lois McCannon, Maude McCannon, Pauline Miller, Marguerite Moseley, Mary Virginia Mount, Olive Murray, Phyllis Nelms, Janice Peterson, Lillian Schoefield, Barbara Thompson, Jean Van Osdel.

Tenors — Jack Blaisdell, Ivan Correll, Robert Jeffers, Jack McCallum, Lewis Messex, Welton Morgareidge, Lowell Poore, Leonard Richardson, Grant Rodkey, Lee Rodkey, Wesley Scott.

Basses — Nat Edenso, James Goodsell, Howard Hendrick, Dean Hickox, John Hook, Lewis Kirsch, Irvin Lissy, Edward Machle, Perry Miles, Keith Murray, Bill Pond, Norman Richardson, Werner Rosenquist, Malcolm Swogger, Dan Webster, Edward Wells.

Orchestra members are Harriet Bagdon, Virginia Watkins, Lois Schmirler, Marion Sicksteal, Verna Bunkelman, Lucille Scott, Sidney Eaton, Blair Cosman. Stanley Hughart, and Will Clark. Piano accompanists are Lucille Scott and Blair Cosman.

New Bible Course Will Be Offered

Students who are taking the course in the Bible department known as "Moses," will be interested in a new course planned by Dr. J. W. Counterline to supplement the work in the Pentateuch. The new course deals with Jewish history, and will be called "The Jews" (Bible 6). The study begins with the book of Joshua and ends with the book of Esther.

Students now finishing "Moses" are urged to register for the new course in order to retain the continuity of their Bible study.

Dr. Counterline is also planning to offer one or two other new courses next fall, but no definite announcements have been made.

HAVE LEADS IN ORATORIO

Shown above are the soloists for the "Messiah," presented by the Whitworthian choir on its annual Christmas tour. The choir returned Monday night after completing a ten-day itinerary. Left to right are: Lewis Messex, tenor; Eleanor Barrow, soprano; Maude McCannon, contralto; Mary Koper, soprano; Janice Peterson, contralto; and James Goodsell, bass.

Professors Plan Trips For Vacation

Whitworth professors will spend the Christmas vacation in widely separated localities. Mr. Uhe will probably travel farther from Spokane than any other member of the faculty. He and Mrs. Uhe plan to leave today for Kansas, where they will visit relatives. From there they plan to go to Chicago and then on to New York, where Mr. Uhe will give two violin recitals. After spending a few days in New York City, they are to go to Washington, D. C., and then start on the journey back on the return trip, they will stop at St. Louis, Kansas City, and Cheyenne. This is a business trip. It will be made by train all the way except the stretch between Chicago and New York, which Mr. and Mrs. Uhe will cover by airplane if weather conditions are favorable.

Professor Hausheer will spend his Christmas vacation visiting friends and relatives in Iowa. He left on the trip December 16.

Miss Jenkins is planning to go to San Francisco, but as yet her plans are rather indefinite.

Mrs. Peck is going to Los Angeles, California, to visit with her family.

Miss McLeod will spend the holidays at her home in Gaston, Oregon. On the way, she will stop at Portland.

Dr. and Mrs. Hardwick are going to Portland, where they will visit friends and relatives. After Christmas Dr. Hardwick will attend the Conference of College and University Professors at Seattle. Dr. and Mrs. Hardwick plan to be back at the college by January 3.

Miss Serier will visit her home in Portland for the Christmas vacation. On the way home, she will

(Continued on page 5)

SEMESTER ENDS JANUARY 20

Whitworth students have two and a half weeks of relaxation (?) ahead of them; but when they return to the campus January 9, all thoughts of vacation will be forgotten. Exam week is scheduled to begin January 16, and during this time, all first-semester work must be brought to a close.

The spring term begins Monday, January 23. Registration will take place at that time, and classes will start Tuesday.

Do unto others as though you were the others.

Even College Students Await The Coming Of Santa Claus

Christmas time has come 'round again, and all the "kiddies" are eagerly awaiting the coming of Santa Claus. If Santa fills all the orders from Whitworth students, he'll be a tired man December 26. Here, for example, are some of the simple requests made by our scholars:

Bill Clark: "Just give me a steam roller and a term theme."

Milton DeArmand: "I wish that I had 25 miles of a straight road to use for myself." Milton seems to lack confidence.

Garth Steele gets a dreamy look in his eyes when you mention a lounging robe.

Elmer West: "I'd be satisfied with a pair of roller skates."

Virna Learn wants ice skates, but she thinks that a term theme would be nice, too.

Teddy Kirkland, the ideal girl, so far as the Christmas season is concerned, says that she would be quite satisfied with a package of

Student Cans Fruit For Whitworth

Whitworth students have been enjoying home-canned fruits this fall which were picked and canned by Beatrice Henderson, freshman student from Chelan. She prepared 320 quarts of rhubarb, 230 quarts of dark cherries, 104 quarts of Royal Ann cherries, 34 quarts of pie cherries, 18 quarts of raspberries, 320 quarts of apricots, and 4 quarts of jam. The grand total is 742 quarts.

Summer days of hard labor enabled Beatrice to pay for her tuition in this manner, so that she might attend Whitworth.

gum. But, she insists, only Dentyne will be acceptable.

Ed Machle: "I'd like to have a twin brother to substitute in classes for me."

Gladys Hawley: "Give me a choo-choo train and a doll to break."

Eileen Calhoun wants a picture. It's quite unnecessary to tell you who he is.

Arle Jenn Randall: "Oh, for a Southern accent!" Does she mean for herself?

John Ross wants softer chairs in the library. He seems unable to catch up on his sleep, poor fellow Tami Nozaki "Oh, just give me a Cadillac."

Miss Serier "I'd like a nice loud scarf."

John Roth would like to have a new bus.

Andy Bloom has the prize request. He says, "Give me all that Gable has that I haven't." Andy never did want very much, anyway.

See You Next Year

HERE'S WISHING you a merry, merry Christmas and the happiest New Year—from one member of the ASWC to another.

A little more than nineteen hundred years ago the Christ child was born in faraway Bethlehem; down through the ages this event has occasioned a day for expression of good will and love, festivities and merriment.

In most countries, customs and traditions have sprung up to help diffuse the Christmas Spirit. In England, Yuletide Cheer reigns supreme; in Italy, St. Nick; in Germany, Kriss Kringle; and here in America, Jolly Santa Claus.

These and many other traditions are gladly accepted, but sometimes, the real meaning of Christmas is put into the background. We, as individuals, can do much during the next few days to spread the true Christmas Spirit wherever we go.

And so comes the time for the New Year's resolutions. Welcome, 1939.

Good Advertising

It pays to advertise!
All of us have heard this statement at some time or other, but perhaps we haven't realized how true it really is. We know that the present-day advertising is often not much more than false propaganda, but in spite of that, certain types of advertising are beneficial.

For instance, during the last two weeks, Whitworth has been advertising—perhaps indirectly, but still, advertising. We refer to the tour of the choir. Presenting the "Messiah" in eleven different localities, this group of students and faculty members has done a great deal in promoting the interests of the college throughout the Inland Empire. Such advertising deserves the praise of the entire student body.

Those persons who made this tour possible by long hours of hard work are to be complimented for the success attained. Yes, it pays to advertise.

THE AIR

We culled this column from Kessey's wastebasket. Only the banana peels were eliminated.

We noticed a sign like this in Whitworth hall, beside the basement banister:

"Bob Brault's bizarre buzzard bazaar; bringing buzzing business, blouspid busters, Baby Ruths, bar-risters' brawls, Brown Bettys, blackmail, broken bank books and burning black looks to the budding, bad, boorish bores abiding in the boys' bedrooms."

We had thought that we had only one bee in our bonnet. Now it looks as though we had hives.

Note from the Physics Lab—"The relation between the diameter and the circumference of the Arctic Circle is called Eskimo pi."

Toenall biographies:
Randolph—the enemy of the rich Gertrude—a smile on the run Hendrick—a six-foot I.O.U.
Eaton—Neah Bay shadow Jeffers—an immune Adonis Bunker—an anemic brat from 5643 South Warner Street.
Barowski—Your guess is as good as ours.

And now for our poem (?)—this time a metrical romance.

THE FAERY QUEEN

Canto I—We Can't
A gentle knight was speeding on the plain
Ycladde in smile, freckle, and Chevroiet,
Wherein olde denties of hard bumps did remainne,
The cruell markes of locomotive fray.

Yet thought him of the studies of ye day.

His rattling steed did steam a little bitt,

As if enangered much. Sir Doug, to pay

His billes, the proceeds didde remitt

(Collected from his schoolmates, dim of wit).

Anon appeared the brikes of Ballard hall.

The Faery Queen from out her lattice peert.

"Hi, Doug," she beamed, "I just received a calle

From one who sports a handsome, flaming beard.

"Tis Unti, stranded at the end of Wall."

Sir Doug ground gears; his brakes did voice protest.

"Come on," he cried, "the call is what I feert."

The door he oped for her whom he loved bestie;

And of the ride in she can telle the restle.

Yet now five minutes; chance, it mayhap, ten;

Sir Rufous was ensconcedde on the seat.

He joked and laughed; the lady laughed, and then—

Sir Dougald frowned—"Such humor is not meet.

I'll bruise this villain, have him at my feet."

Doug's thoughts and plans had only just begun

When Ballard's battlements their sight didde greete.

Now Unti saw the end of all his fun.

Sir Doug, the gude knight, in his

EXCHANGES

A chorus of eighty P.L.C. students presented Handel's oratorio, the "Messiah," at the First Lutheran Church of Tacoma, Tuesday, December 13.—"Mooring Mast," Pacific Lutheran College.

Multnomah college joins this week with the major junior colleges in the west in publishing a student code which has evolved as a part of the growing up of the college. The code contains rules of self-conduct for all students.—"Chinookian," Multnomah College.

The Gonzaga university lettermen's club scathingly denounced the POP, recently formed "Put Out Pecarovich" organization. "The POP is an unwarranted attack on Coach Pecarovich," said Ray Vanderzanden, "G" club president. "The initials POP should stand for Palookas on Parade."—"Bulletin," Gonzaga University.

Plans are being pushed by the women's athletic department to have basketball games between Mac coeds and those of other colleges.—"Mac Weekly," Macalester College.

TEN YEARS AGO

Items culled from files of the Whitworthian

Spokane college scored eight touchdowns in running up their total against Whitworth last week. The Collegians completed 8 out of 17 passes while Whitworth finished one pass out of six attempts.

Preparations for All-Whitworth Day are finally completed. December 7 has been looked forward to as a day that will be made pleasant by the presence of parents, alumni, and other friends. About 180 have signified their intention of being present at the dinner which will be given in the general assembly room.

With selection of the editorial staff completed, work has begun in earnest for the publication of the 1929 Natshii, according to Everell Sharnbroich, editor-in-chief.

At the W.A.A. football banquet given November 23, eleven players received their letters from Coach B. C. Neustel. In appreciation of the patience and perseverance of Coach Neustel, the team gave him a beautiful fountain pen. Professor Hussong was toastmaster of the banquet; Dr. J. W. Counterline gave the main speech.

"By whom?" asked a husband when told that his wife was outspoken.

Little grains of powder,
Little drops of paint—
Make a girl's complexion
Look like what it ain't.

Doctor (inquiring about a boy who had swallowed a half dollar):
"How is the boy today?"
Nurse: "No change yet."

"May I print a kiss on your lips?" he asked.

And she nodded her sweet permission.

So they went to press
And I rather guess
They printed a full edition.

—Exchange.

It is agreed that love is blind; that marriage is an institution; therefore, marriage is an institution for the blind.

"Goodnight," won.
Canto II—You Can't

Canto III—He Can't
Tacit*

Gude knight.
*Kessey's wastebasket is brown and yellow.

We open our column this week with a mouthful of teeth; you know, with a few biting remarks, although we hope none of them are false!

The other day we overheard the tall-end of a conversation between two freshmen. We offer part of it in its unadulterated form:

"Yes," one said, "before I came up here to college I was pretty conceited; but now that they've knocked it out of me, I'm one of the best fellows they've got!"

Song of An Ambitious Student
Before the semester endeth
And the examinations cometh on,

I think it would be splendid
To take a brief renown.
Before the ultimate zero
Becomes my mark and sign,
How nice to be a hero
Or, perhaps, a heroine!

We hear that Bill Pond and Marion Sicklesteel resemble a pair of "twins" in that new jacket of his!

Sir Don Colpitts: "Did you shave this morning, Hook?"

Initiate Hook: "(Gulp) Yes, Sir Colpitts."

Sir Colpitts: "Well, next time stand closer to the razor. TEN HACKS!"

We like this new combination of Ed Machle and "Teddy" Kirkland. But watch him, Teddy; he has—ahem—a lot of fun on those chorus trips.

By the way, talking about the

VACATIONS

(Continued from page 1)

stop at Kennewick to visit her sister.

Dr. and Mrs. Counterline are planning to visit friends and relatives on the Coast.

Mr. Schlichtig expects to do some more carpenter work on the house which he is building at Dishman, Washington. He says that, if the weather remains favorable, he may be able to finish it during the vacation.

Dr. Merrill, with her husband and daughter, will visit her sister, who lives in Whitefish, Montana.

Mrs. Hopkins is planning to spend her vacation visiting her relatives at Bandon, Oregon. She will also stop in Portland.

Miss Logerstrom is going to her home in Marysville, Kansas, for the vacation. There she will visit her mother and other members of her family. She is leaving this morning on the Portland Rose, and expects to return January 8.

Those who are planning to remain in Spokane for the vacation are Dr. Bowersox, Dr. and Mrs. Hedrick, Mr. and Mrs. Bachmont, Mr. Stannard, Miss Baldwin, Mrs. Carrel, Mr. Neustel, Mr. Carlson, Mr. Dizman, and Mr. and Mrs. Wilson.

Several Whitworth professors who remain in Spokane for the vacation will attend the conference of the Northwest Scientific Association, which will be held in the Davenport hotel, December 28 and 29.

chorus trips, the "Kids" have an admirable technique. It's something like "musical chairs." Someone yells "SHIFT," and the one on the outside of the seat moves down one. It's a fine way to get—well—acquainted.

Carp Complains—How Come?
The men I meet are gallant,
or sweet, or good, or kind;
But romance is what the other girls seem to find!
We sympathize with you, Carp;
can you help it if you look like his little sister?

Scoop!
Gossip has it that the bets are now two to one in favor of Leonard Richardson! We have all been wondering for the last two weeks who is going to win in a certain frosh girl's affections, he or Randolph. But Leonard got to go on the chorus trip—and so did Dolores!

We hear that "Doc" Hedrick has quite a time when he has to play nursemaid to the young Hedricks in the absence of the "Maids"!

Incidentally, "Doc," they say, around these here parts, that they couldn't tell which end of the frog was which, in that picture you drew for the zoology test!

Attention, Track Men!
According to the Knews received, you have a potential candidate for the 440 in Mrs. Peck. If you could have seen her sprinting along the road as we did—WOW! (And after a Thanksgiving dinner, mind you!)

As a tribute to the close of the football season, we announce the "Women's All-Star Eleven!"

Left End—Because she is always in there showing her college spirit, we give this berth to Ethel Boughton.

Right End—Mary Lou Smith gets our vote for this one because she is always right in at the end of everything.

Center—We give this position to Dorothy Bunker, because if there's any disturbance or any attraction, you can bet that "Bunk" is in the center of it.

Halfbacks—Lillian Schoefield and Elizabeth Carter (two half-pints) get the nod for their ability to pass—notes.

Quarterbacks—This position goes to Marion Sicklesteel for her untiring pursuit of "Tannie."

MERRY CHRISTMAS,
EVERYBODY!

Casaba Season Is Under Way

With the nucleus of five lettermen about which to build a team, and with a promising group of freshmen, Coach Stannard finds the basketball outlook for Whitworth very bright.

There is no definite schedule yet, but with tentative games arranged with Lewiston Normal, Eastern Washington College of Education, Nazarene College, W.B.C. Frosh, and Gonzaga Frosh, the team will get down to hard work after the Christmas vacation.

One of the high lights of the season is a game with the University of Old Mexico from Mexico City, Mexico. The University, which is making a good-will tour of the United States, will play the Pirates early in February.

The returning lettermen are: Bill Pond, last year's captain, Jack Wollaston, Norman and Leonard Richardson, and Garth Steele.

Promising freshmen are Mel Blakemore, Wesley Scott, Harold Tanneberg, John Curtee, John Hook, and Howard Hendrick. Several members of last year's Junior varsity team look good and may play on the first string. They are Don Colpitta, Glenn Ralston, Pinky Unti, Lewis Kirsch, LeRoy Hook, and Joe Carman.

Harley Mooers, third highest scorer of last year's squad, will be unable to play because of other activities.

"W" CLUB FORMAL INITIATION HELD

The "W" club neophytes were formally initiated Thursday evening, December 8, at the home of Dr. Leslie Hedrick. New members are LeRoy Hook, Mel Blakemore, John Curtee, Anthony Scarpelli, Bob Barowski, Bernard Earl, Keny Randolph, Bill Holms, Harold Tanneberg, and Hardin Holter.

Five Students Injured In Crash On Icy Road

Five Whitworth students were injured, three seriously, in an automobile accident on north Division street about 8 a. m., December 2. A car driven by Joe Carman was hit broadside by a half-ton truck driven by Fred Draper of Colville.

Arlene Fay, Gladys Pfile, and Blanche Harrison, three of the occupants of the car, were rushed to a local hospital. Carman and Dean Hickox received minor injuries. Draper and a passenger in his truck were only slightly injured.

The car and the truck were both damaged by the terrific impact, which spun the smaller vehicle on the icy pavement. The cause of the accident was attributed to bad weather conditions.

Stannard Wins Snider Award

Louis Stannard, two-year letterman, won the coveted Snider inspirational award, presented at the W.A.A. football banquet, December 2. Louis, a brother of Coach Jerry Stannard, played the center position throughout the season just completed. Last year, Harley Mooers received the award. Left to right are Jerry Stannard, Louis Stannard, and Keith A. Murray.

WOMEN TURN OUT FOR BASKETBALL

The W.A.A. basketball turnouts, under the direction of Virginia Watkins, have been attended by the following women: Harriet Thorndike, Ethel Boughton, Ruth Brown, Virna Learn, Betty Weatherly, Angelina Ferrera, Beatrice Henderson, Chere Perley, Marion Sicklesteel, Lillian Schoefield, and Lois Toole.

The first three turnouts were held December 7, December 12, and December 14. The women are working hard on individual plays, and with a few helpful suggestions from Mrs. Hedrick and Coach Stannard should show interesting games.

Badminton also has received a very friendly welcome in the various women's gym classes. This sport shows signs of becoming one of the outstanding favorites with the women as well as with the men.

Muench Meets Nemesis

We suspect that the student mentioned in this story is Gene Muench. We can't prove it; but here is the story, anyway.

A theological student was taking an examination for which he was not prepared. He studied each question carefully, but was unable to see the light. Finally he grew desperate.

"God knows," he wrote, "but I don't." Then he hopefully added "Merry Christmas" to his paper and handed it in.

Next day he received his paper back with these words written on it:

"God gets a hundred; you get zero. Happy New Year."

MANY INTERESTED IN BADMINTON

With increasing interest in badminton at Whitworth, a regulation court has been painted on the floor of the college gymnasium. Many students have been turning out for this sport, which is open to anyone interested.

There is a possibility that a badminton club will be organized, according to Dr. L. R. Hedrick. Plans for a ladder tournament to be held in the near future are now being made.

Kamera Klicks

By A. SHUTTER SNAPPER

While candid shots of college chums are enjoyed, one sometimes wishes a picture of a group; and so a few hints which will help make these group pictures successful are here presented.

Correct lighting for a group is best accomplished by placing the persons so that the sun lights them from the front at about a 45-degree angle from behind the camera. It is generally best to avoid having part of a group in the shade and part in a strong light. If the group is placed part in and part out of the sunlight, remember to expose properly for those in the shade; otherwise they will not show up very clearly on the print.

Arrangement of the group is of first importance. Try to work out an arrangement which will not look too mechanical but will at the same time not look too confused. By confused, we mean having the heads placed indiscriminately here and there in the picture so that they have no relation to each other. If you wish a natural-appearing picture with no evidence of camera consciousness, try giving your group something to do. Usually the members will group themselves in a natural manner.

Before snapping the picture, look once again at the background and watch for and eliminate any undesirable elements such as were mentioned in the previous column.

Brault Takes Over Dorm Candy Store

Bob Brault, WHITWORTHIAN business manager, has taken over the Whitworth hall candy store, introduced last fall by Curtis Butler, former Whitworth student. Known at first as Curt's Candy Counter, the enterprise has been officially dubbed Bob's Bore Bazaar.

Dr. Bowersox (gazing over the room during an examination): "Will some gentleman who isn't using his textbook be so kind as to permit me to have it for a few minutes?"

Sport Yaps

BY WEST

Rose Bowl—The feelings of Wallace Wade, coach of undefeated, unscored-upon, and untied Duke, toward post football, and rumors of his resigning may affect his team in such a way that it will find difficulty in defeating Southern California. Southern Cal has a very strong defense. Under these conditions I pick the Trojans of California to knock over Duke, although I feel that the score will not be too one-sided.

Orange Bowl—Oklahoma and Tennessee should give the spectators a great thrill January 2, with both teams having a record of being undefeated and untied all season. In this "Miami Classic" I pick the Tennessee team over the Sooners of Oklahoma, who will probably give way to a slight defeat.

Sugar Bowl—In this bowl I pick the mighty Texas Christian team with razzle dazzle style over the Tartans of Carnegie Tech, who were defeated only by Notre Dame.

Cotton Bowl—The outcome in Dallas on January 2, when St. Mary's lines up against Texas Tech, will show a slight downfall for the unfortunate St. Mary's team.

Dr. Frank G. Dickinson, University of Illinois professor and originator of the famous system rating bearing his name, places Notre Dame, although beaten by Southern California, at the top of the national football ranking for 1938.

Duke, undefeated, untied, and unscored upon, placed second, whereas Tennessee was listed third on the docket.

Switching to basketball, I agree that Washington State has one of its best-looking basketball teams in years. The Cougars have a great many reserves and can put in one team after another, each greatly resembling the other. I think that W.S.C. will rank high in basketball this season.

Dolores Roeders Is New Frosh President

Dolores Roeders, Freshman class vice president, has automatically become president of the class as a result of the withdrawal of Curtis Butler from Whitworth in November. The Freshman class will elect a new vice president in the near future.

CLASS PARTIES ARE POSTPONED

The Sophomore class was forced to postpone its party which was to be held Saturday, December 10, at the home of Evelyn Sherwin, because the chorus trip took so many of its members out of town.

The seniors also postponed a roller-skating party planned for the same night.

Dates for these parties are to be announced later.

REPORTER WATCHES STUDENTS AT CHAPEL

(Down the walk)

"What weather! What a country! What a day! Hope the chapel is warm; wonder whether I should have worn my coat?"

"Here's the gathering of the clans again; wonder what so-and-so would do if she couldn't meet such-and-such here every morning? What a smile she gave him! How does he rate such stuff?"

"That's right, crowd through the doorway, shove all you can; a lot of us need to lose weight anyway!"

(Getting seated)

"Why didn't I think to come earlier? Climbing over these people with their pancake feet causes discomfort for everyone in general. There are more people here with bony knees . . ."

"The way in which those upper-classmen hang around the freshman girls irks me. The big chislers! The late dink-doffers don't have a chance. Brother, can you spare a blonde?"

(Hymn)

"Grant would suggest that we sing all the stanzas, and standing up, too. If he knew how much my feet hurt . . ."

"Why doesn't Hickox sing in the right key, or am I wrong, or is Marion Sicklesteel still abusing the piano? Oh, what's the use; I haven't even got the right hymn!"

(Unison reading)

"Getting ahead of everybody again; what's the matter with me? Is everyone short of breath, or aren't my glasses made to see commas?"

(Second hymn)

"No trace of a speaker yet; guess I'll get an early lunch. If that piano would only get in my key . . ."

(Drifting out)

"La, la, da dee dum . . . singing certainly brightens the outlook. What a balmy day!"

Alpha Beta Sponsors Second Skating Party

Alpha Beta is sponsoring a second roller-skating party on Monday night, January 23, at the Monterey rink. The event is planned as an opportunity for students of Whitworth to have a good time and to relax after examination week, January 16 to 20.

Those who failed to attend the last party on November 28 missed an evening of fun, according to comments of students. In spite of frequent spills, everyone present had a good time.

All students, whether they have skated before or not, are urged to attend this next skating party.

Phi Alpha Installs Three New Members

Phi Alpha, honorary scholastic society, installed three members at the Tuesday morning chapel service, December 13. Miss Olive Logerstrom, president of the group, presided.

J. N. Tewinkel, director of public relations of Spokane schools and head of the English department at John Rogers high school, was the main speaker. He told students that "learning how to learn" is the most valuable benefit a student can derive from college life, and that the so-called "bookworm" is in reality thoroughly preparing himself for the arduous task of getting ahead in the business world.

The string trio composed of Harriet Bagdon, Lois Schmirler, and Blair Cosman played a selection, and Maude McCannon sang a vocal solo.

New Phi Alpha members are: Stanley Hughart, associate member; Blair Cosman, promoted from associate to active membership; and Grant Rodkey, installed for the first time as an active member.

LANGUAGE CLUBS HOLD PARTY

The French and the German clubs held their annual Christmas party at the home of Prof. and Mrs. O. G. Bachmont, Friday evening, December 18.

The party included both old and new members of the clubs and members of the Latin class. Christmas carols were sung, and a program was presented by Stanley Hughart, chairman of the program committee. Refreshments typical of Christmas were served.

Physics Class Makes Series of Experiments

The members of the general physics class have been performing a series of interesting experiments comparing the efficiency of various kinds of electric lights. In conducting these experiments, the class verified certain statements made by Miss Fredericks of the Washington Water Power Company in a recent talk to the students of the home economics department.

CAMPUS STUFF - By SANDERS

"I said to bring a Russet—Not a Russian"

Sefelo Observes Christmas Service

While Christmas carols were being played on the violin by Harriet Bagdon, members of Sefelo gathered in the lounge of McMillan hall for their traditional Christmas service, on the night of December 20, at 9:30 o'clock.

Following the reading of the Christmas story from Luke by Marian Minnich, program chairman, special music was offered by a trio, composed of Virginia Kessy, Dorothy Bunker, and Elizabeth Carter. "Why the Chimes Rang," a Christmas story, was read by Barbara Miller, and the Christmas prayer was offered by Mary Trevitt.

The traditional candlelighting service concluding the program, began with the lighting of the large Sefelo candle, which symbolizes service, fellowship, and loyalty. Miss Minnich then gave an interesting account of representative Sefelo members who have been graduated from Whitworth, beginning with the class of 1914, and whose candles burn in fields far and near. Each member then lighted her own candle. At last, with the singing of "Silent Night," the women returned to their rooms.

Whitworth Goes To Lunch

"Slup, slup, slup."

A beautiful sound, isn't it? It expresses as much contentment and satisfaction as can be found on the face of this earth. And it's just a freshman wading into a bowl of soup.

Every morning after chapel, many feet on "Hello walk" point toward McMillan hall and toward the cafeteria. The students have discovered the perfect vacuum, but would rather feel it between their ears than between their ribs. So a thought of food is food for thought, and the traffic problem in McMillan hall becomes a sizable one.

Three deep at the head of the stairs, the hungry students stand. Watch them and listen to their conversation. It may be important; it may be trivial—but it will wait! The lock on the door is a great pacifier: its clicking brings an end to all arguments.

The girl friend's charms may be many, but her perfume can not match the aroma that floats under the crack of the cafeteria door. She doesn't care; the sight of food relieves her mind of thoughts of you. It also dispels her worry in regard to the approaching equality of her perpendicular and horizontal dimensions. What's a calorie or two? You can't take it with you.

The boy friend, by the way, is going outside—outside of lots of things. What he hasn't put away is painted on the plate. "Say, brother,

Sefelo Sets Date For Birthday Dinner

Sefelo, the women's dormitory organization, will have a formal birthday dinner Tuesday, January 31, to honor those members of the club whose birthdays come in the months of December and January. The new social chairman will be in charge of a program which will follow the dinner.

Surveying Class Makes Progress

The surveying class of the physics department, according to Mr. Schlichtig, is one of the most interesting of the fall curriculum. Because of the open winter, the members of this class have been able to do much of their laboratory work outside and thus have gained a considerable amount of practical experience in the use of surveying instruments. Earlier in the semester, the embryo engineers surveyed and calculated the cost of building a theoretical highway from the home economics building to the athletic field. At present they are employed in making a contour map of the campus.

When I pass you in a crowd, I'll just jump over your head. Anything for a short cut, you know."

Time for class; guess I'll have to hustle. As I leave, the echo follows me down the hall: "Slup, slup!"

New Pirette Members Introduced In Chapel

Harriet Bagdon, captain of the Pirettes, presided at a program sponsored by that group at the Friday morning chapel service, December 9. The occasion was the introduction of the new Pirette members to the student body.

Miss Marion R. Jenkins, adviser of the organization, spoke for a few minutes, relating the history of the group and giving the qualifications a woman student must have in order to become a member. Prospective members must be of the Sophomore, Junior, or Senior classes; they must be in the upper 25 per cent of the student body, scholastically; they must be outstanding in extracurricular activities; and they must be approved by the student council.

New members introduced were Ethel Boughton, Tami Nozaki, Evelyn Sherwin, Pauline Miller, Janice Peterson, and Gladys Hawley.

Continuing the program, the women's trio made up of Mary Koper, Gladys Hawley, and Janice Peterson sang three popular Christmas carols, "Here a Torch, Jeanette, Isabella," "The First Noel," and "Silent Night." Harriet Bagdon played two violin numbers, "Adagio Elegiacque" and "Andante Pathetique," both composed by Prof. A. E. Uhe when he was 17 years of age. Miss Bagdon was accompanied by Blair Cosman.

Present Pirette officers are: Harriet Bagdon, captain; Mary Trevitt, first mate; Mary Koper, second mate; Marian Minnich, purser.

SCHWELLENBACH

(Continued from Page 1)

pessimistic concerning the present trend of world affairs, but is highly confident that the clear-thinking American people are not going to be led easily into another world war.

The senator pointed out the fact that newspapers and radio programs in Europe are so strictly censored that only high-ranking national officials are aware of political changes taking place. He reminded students that American citizens should be very thankful that the United States is a land of freedom and justice largely because freedom of the press and of speech is guaranteed in the Constitution.

Christmas Drama Is Enjoyed By Many

"They That Sit In Darkness," a one-act Christmas drama by Dorothy Clarke Wilson, was given by the Whitworth Players on Saturday evening, December 17. The play, which was first presented in the college library, was given again at the Fourth Presbyterian church Sunday evening, December 18.

The cast, under the direction of Miss Isabelle Carolyn McLeod, is as follows:

- Miriam, the child of darkness..... Barbara Miller
- Joash, the innkeeper..... Grant Rodkey
- Ruth, his daughter..... Marjorie Boughton
- Mary..... Verna Bunkelman
- Joseph..... Bob Stephey
- Rachel..... Ruth Brown
- Ether..... Ethel Boughton
- Shepherds: Rex Blumhagen, Burton Sanders, Bob Brault, LeRoy Hook.

Kings: Ray Wotring, John Roth, Irvin Potter.

Women of Bethlehem: Berniece Kassens, Muriel Ludwig, Harriet Aldrich.

Amon, servant to Joash..... Philip Hanford

Miss Idella Carr was in charge of costumes, and P. L. Wilson was in charge of electrical work.

Doratheia Teeter, representing the Whitworth Christian Endeavor, led the devotions.

Choir Sings For Chapel

At the morning chapel service December 8, the student body listened with thrilled attention while the Whitworthian Choir of 68 students, under the direction of Winifred McNair Hopkins, sang two numbers from the "Messiah." The choir was accompanied by a ten-piece orchestral group under the direction of Prof. A. E. Uhe.

Balfe's "Bohemian Girl" To Be Given By Chorus

Litling tunes and the gay flash of gypsy costumes will fill the stage of the Rogers high school when the Whitworth college music department presents Michael Balfe's "Bohemian Girl" in the Rogers auditorium at 8:30 on the evening of May 20.

Mrs. Hopkins Directs

The production is under the direction of Mrs. Winifred McNair Hopkins, with Miss Isabelle Carolyn McLeod assisting with the staging, and Prof. A. E. Uhe, head of the music department, assisting with an orchestra.

The story concerns the theft of Arline (Virginia Kessey), the daughter of Count Arnheim of Austria, by Devilshoof (Bill Pond), one of a band of gypsies. Arline has been with the gypsies for twelve years and has fallen in love with Thaddeus (Lewis Messer), a Polish exile, who has also thrown in his lot with them. But the Gypsy Queen (Eleanor Barrow) is in love with Thaddeus and plans to separate them. During a grand fair the Gypsy Queen hangs a stolen necklace around Arline's neck. Arline is accused of stealing it and is brought before the Count (James Goodsell). He recognizes a scar on her arm and, after questioning her, realizes that she is his long-lost child.

Arline, in the midst of the court splendor, can not forget Thaddeus. They have a secret farewell meeting, but are discovered by the Count, through the scheming of the Gypsy Queen. The Count will not allow his daughter to wed a gypsy; so Thaddeus reveals his true rank. The Gypsy Queen induces one of her tribe to fire at Thaddeus; but by a timely movement of Devilshoof, the bullet reaches her own heart. The Count consents to the union of Arline and Thaddeus and all ends happily.

The part of Florestein, a nephew of the Count, is played by Bob Jeffers; Buda, an attendant of Arline, by Phyllis Neims.

The gypsy chorus includes: Evelyn Gibbs, Pauline Miller, Delores Roeders, Janice Peterson, Margaret Uhden, Elizabeth Carter,

College Enrollment For Year Is 251

According to a report just released from the office, Whitworth's total enrollment for the year 1938-39 stands at 251, as compared with 242 for the same period last year. At present, there are 187 matriculated students on the campus, only three fewer than during the fall term. Although the summer school enrollment is included in the total enrollment, there is no duplication in counting the students.

In the 1938-39 student body there are 85 high schools represented. Whitworth has drawn students from sixteen states, Canada and Alaska. Of the seventeen church denominations represented, 101 Whitworth students belong to the Presbyterian church, and 26 are Methodists.

Dr. Marcotte Will Be Baccalaureate Speaker

Dr. Henry Marcotte, newly appointed college financial secretary, will deliver the baccalaureate address to the Senior class Sunday evening, May 21. The baccalaureate service will be held at the First Presbyterian church, with all other Presbyterian churches of the city uniting in the service.

Natsihi To Have More Pictures

The Natsihi for 1939 will come out the last week of school. The theme of the book, the person to whom it is dedicated, and the person who is to be honored are to be kept a secret until publication. This year it is to be predominantly a picture book, featuring more action pictures than formerly. One of the features will be a snapshot section. If anyone has any snaps, he should turn them in to Bob Stephey, snapshot editor.

The Natsihi will be given to all regular members of the student body. A student who has not paid his student body fee at all, may get the book for \$3.50; one who has paid his fee for one semester may get it for \$1.75.

The editorial staff consists of: Mary Virginia Mount, editor; Douglas Coleman, assistant editor; Janice Peterson, art editor; Robert Barowski, men's sports; Martha Lee Tobie, women's sports; Robert Stephey, snapshot editor; Malcolm Swogger, assistant snapshot editor; Bruce Beatty and Virginia Kessey, copy writers; Tami Nozaki, social organizations; and Gladys Peterson, religious organizations.

The business staff consists of: Dan Webster, business manager; Dorsey Bailey, assistant business manager, and Don Schmirler, ad salesman.

Machle, Pinky Unti, Werner Rosenquist, Lowell Poore, Joe Wolfe, and Perry Miles.

The Lords and Ladies are: Virginia Watkins, Lois McCannon, Don Schmirler, Ivan Correll, Ed

(Continued on page 4)

QUEEN MILDRED

Muench To Crown Queen Mildred; Music and Forensic Contest Sponsored

Final preparations for this afternoon's May Day ceremonies were being made this morning. At 2:30 the royal procession will start from McMillan hall and will make its way to the throne, which has been constructed on the campus lawn.

Junior Class Treats Seniors To Banquet

Wednesday evening, May 3, at the Women's Athletic club, an old Whitworth tradition was again observed; the Junior class was host to the outgoing Senior class at a formal dinner party. Arrangements were made by Janice Peterson, social chairman of the Junior class.

Chosen as May Queen

Comely Mildred Simmons, Whitworth senior from Spokane, chosen by the student body to be May Queen, will be the central figure in the procession. Accompanying her will be her attendants, Gladys Hawley, Pauline Miller, Janice Peterson, Evelyn Sherwin and Joy McCallum; May duke, Eugene Muench; train bearer, Susan Hawley; crown bearer, Gary Van Horn.

Preceding the royal party will be a procession of women students, all dressed in pastel gowns. Carrying hoops decorated with blossoms, they will form an aisle from McMillan hall to the throne, through which the royal party will pass.

The coronation of Queen Mildred will take place directly in front of the throne. May Duke Eugene Muench will place the crown on the queen's head, and will present her with the royal scepter.

Immediately following the coronation, May day festivities will get under way with a May-time waltz by members of the folk dancing class. In addition, there will be musical numbers by the chorus and a Maypole dance. The folk dancing class will present three gypsy dances. Women who are taking part in the dances are Martha Lee Tobie, Betty Ferrell, Harriet Thorndike, Berniece Kassens, Eleanor Barrow, Virginia Kessey, Loretta Stanford, Marjorie Seidel, Barbara Miller, Louella Heimburger, Harriet Aldrich, Marion Slickelsteel, Joyce Bates, Marjorie Boughton, Patricia Bowker, Helen Carlson, Barbara Gleason, Margaret Joss, Ethel Ludwig, Dorothy Montgomery, Virginia Lee Nance, Gladys Peterson, Arlie Jean Randall, Delores Roeders, Geraldine Rogers, Elinor Schell, Lillian Schoefield, Marie Williamson. Mrs. Orpha Hedrick is in charge of the dances, and Elizabeth Carter will accompany at the piano.

A new feature of Whitworth's May day festival will be the music and forensic contests for high school students of the Inland Empire. Judging the forensic contest are Mary Virginia Mount and Milton DeArmand. Those in charge of the music contest are James Goodsell, Blair Cosman and Stanley Hughart.

Students who have been in charge of decorations are Martha Lee Tobie, Barbara Thompson, Loretta Stanford, Verna Bunkelman, Marjorie Boughton, Jack Blaisdell, Dougald Robinson and Rex Blumhagen.

Economics Classes Visit City's Industries

Members of the economics and business administration classes, with a few other students, visited thirty business and industrial plants Tuesday, May 2. The groups were under the direction of Prof. O. K. Dizman, head of the economics department.

These trips were in accordance with the National Youth Week program being carried on throughout the city during the week of April 30 to May 6. Tuesday was Youth's Day in Industry.

Senior Commencement Is Set For Monday, May 22

Class of Twenty Will Be Awarded Diplomas.

As this issue of the Whitworthian goes to press, no definite plans have been made for the Commencement day program to be held in the college auditorium on Monday, May 22, at 10:30 a. m. Needless to say, the program will be up to the standard of past Commencement day exercises.

Twenty seniors will wear the cap and gown for the last time at Whitworth, as they receive those coveted diplomas which represent four years of application and study. Those seniors who will be graduated are as follows:

- Garold Bechler
Major—Education.
Minor—Social Science.
- Jack Blaisdell
Major—History
Minor—Sociology.
- Don Colpitta
Major—Chemistry.
Minor—Mathematics.
- Blair Cosman
Major—Music.
Minor—French.
- Stanley Franks
Major—Economics.
Minor—History.
- Betty Jean McIntyre
Major—Biology.
Minor—Chemistry.
- Joy McCallum
Major—Sociology.
Minor—Home Economics.
- Ed Machle
Major—Christian Education.
Minor—Music.

Students Give Campus A Spring Cleaning

"Work, for the night is coming!" Well, work we did. After being loaded with an early-morning beef-steak and ignited by an early chapel service, we naturally exploded all over the campus.

Campus Day at Whitworth college was celebrated by work in the morning and play in the afternoon. Energy never seen in classes suddenly appeared; brains rested while muscles took exercise. Windows were washed, lawns were raked, roads were improved, and stray papers were picked up. Dust was hunted down and swept out or inhaled and sneezed out. Hands were found to be calloused, and muscles were stiffened if not strengthened.

After eating a very enjoyable lunch prepared by the cafeteria staff, most of the workers turned to baseball for amusement, and the rest of the afternoon was spent in swatting that over-sized pill.

College Choir Will Appear In Festival

Spokane's Golden Jubilee Festival of music and dance will be a noteworthy event during the month of May. Music week, which is May 7 to 14, will bring many music lovers to Spokane. There will be seven great concerts, with 2,300 musicians taking part. Many grade school and high school boys and girls will participate in choruses. Thursday evening, May 11, at 8 o'clock, in the Lewis and Clark auditorium, the Whitworth college choir will assist 100 dancers with a group of songs. On Sunday afternoon, May 14, at 4, the Golden Jubilee contest winners will be soloists.

This coming event is exciting much interest, and is an outstanding festival in celebrating the Spokane Golden Jubilee.

CHEERIO

AND SO, another semester draws to a close, and, as is the custom, the present Whitworthian editor must make his swan song. The next issue of the paper, to be published early in the fall semester, will be under the direction of a new editor and editorial staff made up of present staff members and students of the journalism class.

Since this will be my last opportunity, I wish to acknowledge, publicly, those who have loyally assisted with each issue of the paper: Miss Helen Magill, faculty adviser, who has so generously assisted and advised the staff; Virginia Kessey, who has been a real assistant; Bob Brault and Dean Hickox, who have managed very capably the business interests of the paper; other members of the staff; the journalism class; and those members of the student body and faculty who have so willingly given their whole-hearted cooperation.

As this last issue of the Whitworthian goes to press, it is my earnest hope that more adequate financial backing for the paper, and also for other student activities, may be available next year.

Colleges Get New Sport . . .

A student at one of our "cultured" eastern universities recently started the entire academic world by swallowing, of all things, a goldfish—alive and very much adept at wiggling.

The fame of this scientifically minded young man has been carried to all parts of the nation, and the result is that scores of other Joe Colleges have been aroused from their lethargy.

Keen competition has led to unbelievable triumphs. Today, one must swallow at least 20 or 30 of the piscatorial creatures even to stay in the running. The world eagerly awaits for stories and pictures, in the press, to reveal the latest records.

We, of course, certainly do not feel justified in assuming an attitude of denunciation. Rather, it seems a wonderful addition to the already growing list of extra-curricular activities for students, who must find time hanging heavily on their hands.

If a little speculation is permis-

sible, we envision the time when a broad program of intercollegiate "goldfish swallowing" contests will be the order of the day. Even now we can hear the cheering, screaming thousands of spectators, urging the team from Whoozis college on to the swallowing of one more slippery little fish in order to win the conference title.

Of course, as the sport grows in interest, stadiums will have to be erected and coaches, at ten thousand per annum, will find a welcome opportunity. Contests should also be adaptable to the drawing room, and no dinner party will be complete without a contest of fish-swallowing.

But our hearts go out to the poor fish! After learning to evade the swish of the cat's paw, he is faced with a new enemy, equipped with the skill and cunning which only a college man can have.

As for us, we plan to rush out immediately and buy a few dozen shares of Goldfish Amalgamated while it's still possible to get in on the ground floor.

Players Present Popular Missionary Drama

The latest production of the Whitworth Players is a one-act play entitled "The Color Line," by Irene Taylor McNair. It is a missionary play that stresses world brotherhood and race prejudice. Under the direction of Miss Isabelle Carolyn McLeod, the play was originally prepared for a group of women convening at the Lidgerwood Presbyterian church during a recent missionary convention. It met with such success, that the players were requested to present it at the First Presbyterian church in Spokane at the evening services on March 30.

Members of the cast were: George Petsch, Phyllis Nelms, Ivan Correll, Verna Bunkelman, Andy Bloom and Barbara Miller.

OSCAR WILDE PLAY IS PRESENTED

Friday, March 17, in the Whitworth gym, the Whitworth Players, under the direction of Miss Isabelle Carolyn McLeod, presented their spring production, Oscar Wilde's fast-moving English comedy, "The Importance of Being Earnest."

The drama was ably portrayed by the following cast: Pauline Miller, Bob Chatterton, Dean Hickox, Sidney Eaton, Clara Dollar, Phyllis Nelms, Ed Machle and Barbara Miller.

Various committees were active in the producing of this comedy: costumes, Idella Carr, Gerry Rogers; properties, Joy McCallum; stage construction, Don Schmirler, Jack Blaisdell, Bob Weatherly, Francis Unti; lights, P. L. Wilson, Garold Bechler.

Intermission numbers were supplied by the music department.

EXCHANGES

In a triangular debate meet held here Saturday, the teams representing the Lewiston State Normal won first place, defeating the varsity debate squads from the University of Idaho and Washington State college. The question debated was "Resolved, That the United States should cease to use public funds for the purpose of stimulating business." — "Lewistonian," Lewiston State Normal.

The Vocational Planning Board announces that for the first time one entire day will be devoted to student vocational guidance this year, and that 25 prominent business and professional leaders will participate in the program to be held on Friday, May 5. All classes will be dismissed and students will be required to attend at least three conferences. — "Mac Weekly," Macalester college.

Pacific Lutheran college will be visited by Crown Prince Olav and Crown Princess Martha of Norway on Wednesday, May 24. The Norwegian minister to the United States will accompany the party. — "Mooring Mast," Pacific Lutheran college.

THE HEIR

By TWO TIMERS

Given: A very small amount of space in the last issue of the Whitworthian, a pencil, and no brains whatsoever.

To Prove: That Whitworth doesn't.

Four years at college—one square hat. (The square of the senior is greater than the dink of the freshman.)

A tetrahedron has twenty-four sides. (Just ask Mr. Carlson.) Construct BA and BS.

(Chewing in the outer lobby only.)

Putorious vision is congruent to Miss Marian Minnich. (Muench says so.)

Miss Minnich is the beautiful lady in Mr. Murray's office. (Fresh Axiom.)

Marian Minnich is the lovely girl in the promotional office. (Soph Axiom.)

Marian is the cute number in Keith's office. (Junior Axiom.)

Minkie is the kid behind the counter. (Senior Axiom.)

Muench is the man in Minkie's office. (General Axiom.)

BORES

Of the tearing, ranting, Heaving, panting, Sons of vitriol bold, There're none at all Behind the eight-ball Like bores of the Whitworth mold.

They fizz around, And having found Some poor gink cracking books, They'll bore him wild With gags defiled, And calculating looks.

"Executive bore" Is part of their lore— It's when the whole club meets— Not under the sun Is more boring done Than at the Bore's club fetes.

"Hi, Rube," they say While at their play Another bore they see; But so for those In cleanly clothes— They're bored with celerity.

They're mention-ed Enough is said Of those distasteful objects of the dorm, Where every morn They raise confounded hob.

So, "Down," say we, "With the whole soiree, With bores and boring too. We hope we may Yet see the day

Well, folks, this is the last number in the last edition of this column . . . you hope! That Beatty! He says he wants some good scandal for a change—we told him that if we could wait until after the "W" club picnic, we would have plenty for him—but no, the paper must go out now; so, what can he expect? Speaking of the Sneak, more than one junior said he would have given up the trip to Twin Lakes just to see Aldena go down the ladder from her window. Aldena says that's all right; at least, she will know how to use a ladder when she elopes.

Something we overheard: "Are you the Natshi business manager?" "No, I just fell into the gutter accidentally."

It seems the newest thing in committee meetings is a walk in the woods. If you don't think it will work, just ask LeRoy and . . . (censored). They'll give you a definite affirmative! Say, speaking of Harriet . . . she would still like to

know who sent her the roses for her birthday!

We hear that the mushrooms are really flourishing in "Bassford's Alley"! . . . The opera is coming along satisfactorily. Pond says that he can't wait to shoot the scene where he shoots "Butch" Barrow. . . . Watch out, Carp . . . that shows up the fiendish side of him! . . . It looks as if Virginia Lee's newest conquest is George Petsch . . . Good luck . . . That beefsteak breakfast was fun, wasn't it? . . . I guess some persons really had a tough time, though.

A secret vote of college women to determine whom they would have chosen for May Day honors yielded the following results:
Queen, Messer.
Duke, Kime.
Attendants: Bland, Blakemore, Wollaston, Curlee, Ralston, Williams.
Flower girls: Leonard and Norman Richardson.
Ring bearer: Olson.
Train bearers: Frazier, Grant Rodkey.

Bassford: The Seniors Have Sneaked

Well, the seniors finally did it! After weeks of pretended starts and false alarms they skipped out and left us on April 27. The false rumors that were casually let out beforehand kept us wondering whether they would sneak or not. When we had become immune to rumors, they surprised us by slipping away in the early hours of the morning.

One must admit that the juniors did try to upset the plans of their elders, but it is understood that they caused very little annoyance. True, John Roth did spin something of a web to catch them, but he laid his trap at the wrong time. Other juniors had a little transportation trouble on the morning of the exodus. Very unfortunate!

The seniors, after assembling at the Bowl and Pitcher, went to Twin Lake, where the water is cold and fish and juniors are scarce.

We who had to stay at the college felt a great loss. With most of the precise and worldly-wise students gone, we had only the pine trees to look to for dignity and decorum. The west side of the chapel was quiet and empty, a slight change at least, and the hymns were sung with surprisingly little volume. Even the "Amen" was in harmony.

Perhaps it is best to get to the point and admit the truth. Yes, seniors and juniors, we almost missed you.

Hausheer Writes Article

Those interested in psychology will find an article to their liking by Dr. Herman Hausheer in "Personality." Dr. Hausheer has just received the galley proofs of his article and a notice saying that it will appear in the June issue.

When, by crackey, the Dean or Mr. Carlson or someone stops this boring by giving them a thing or two."

Finally, add these two simultaneous equations:
Gallardie equals excessive galeety.

A modjideh divided by the constant K equals one, where K is 23 1/2.

The logarithm to the base u, of the sum is y3. Therefore, does Whitworth?

Kamera Klicks

An open letter to student camera users:

The amateur photographer who wants to improve his pictures can help himself a great deal by studying every picture he takes, and deciding how it should be improved. He should at least try to understand the reasons for his mistakes.

There are various common mistakes which evidence themselves in the pictures found in student albums. The most noticeable one is that the picture is slightly out of focus, giving a fuzzy effect. Examine the prints to see whether you are focusing too close or too far. If there is a sharp plane in front of your subject, you are over-estimating distances. If there is a sharp point in front of the subject, you have set your camera for too short a focus.

If you forget to wind the film forward between exposures, a double exposure will result. This fault is easy to recognize since there are two pictures on the same film, one on top of the other.

A fault which results in blurred pictures is failure to hold the camera steady during the instant of exposure. Never make a time exposure while holding the camera in the hands.

Always be sure to hold the camera level. This rule pertains especially to pictures of buildings; if the camera is not held level, a "leaning tower of Pisa" will find its way into your prints.

There are many other faults of picture taking, but the ones listed above are the more fundamental errors. A mastery of these points will afford the camera user much enjoyment when the newly developed pictures are displayed to his friends and family.

May all your exposures be correct.

A. SHUTTER SNAPPER.

Football Forecast

The 1939 Whitworth varsity football squad is raring to get under way next fall, with trips to Montana, Idaho and the Coast included on the schedule. As you know, Whitworth stole the limelight last fall with victories over Whitman, Lewiston Normal, Carroll college and Montana State School of Mines at Butte.

Of course, every graduation takes its toll. Garth Steele, that 165 pounds of dynamite, dubbed by some as the best fullback for his size on the Pacific coast, will be greatly missed. Harley Mooers, the spark plug of the team, who once ran the length of the field on an intercepted pass to score against Carroll college, will leave a gap. Those two "immovable objects," Leonard and Norman Richardson, who for four years have been thorns in the sides of every opponent played, will be hard to replace. Let's take a glimpse, however, on the brighter side of this football forecast.

Jerry Stannard should have one of his strongest squads next fall, as Louie Stannard, 195-pound star center, "Ole" Olson, that sticky-fingered end; Kenny Randolph, a hard-blocking back, and Glenn Ralston, one of the outstanding passers of the Northwest, will continue to be threats to opponents. Several transfers will also bolster the squad up to par.

All things taken into consideration, Whitworth will be grabbing some more of that limelight as the football season rolls around.

"W" Club Members To Choose New Officers

"W" club members will elect new officers the latter part of next week. Lettermen who have been nominated for offices are: president, Kirsch, MacIntyre; vice president, Pond, Stannard; secretary, Rosenquist, Barowski; treasurer, L. Hook; sergeant-at-arms, Carman.

Orpha Lodge Is Scene Of April Frolic

W. A. A. held their annual April frolic on Friday afternoon and evening, April 21, at Orpha lodge on the Little Spokane river. The afternoon was spent playing games, after which followed a wiener roast and a treasure hunt.

Martha Lee Tobie, president of the W. A. A., presented Mrs. Orpha Hedrick, adviser, with a set of pottery bowls in appreciation of her work with the group this year.

Those serving on committees were: Loretta Stanford and Marjorie Seidel, program; Lois Toole, food; Margery Shaw, transportation.

Fellowship and C. E. Picnic At Loon Lake

The first picnic of Whitworth's spring season was sponsored by the Volunteer Fellowship and the Whitworth Christian Endeavor, on April 15. This annual picnic, which was held at the Granite Point resort on Loon lake, had the unusual feature of being held before the ants and yellow jackets were around to make themselves a general nuisance.

Boating, hiking and a new and interesting diversion of softball, in which the main object seemed to be dodging pine trees, composed the day's recreation. After the picnic lunch was served, a short devotional service, in charge of Grant Rodkey, was held, at which Eugene Muench and Dr. Hardwick gave short talks.

In general charge of this picnic were Burton Sanders and Marian Minnich; serving on the refreshment committee were Gertrude Thorndike, Francis Unti, Mary Trevitt and Dougald Robinson.

Lettermen To Picnic At Twin Lakes Lodge

The annual "W" club picnic will be held all day Saturday and Sunday evening, May 13. Through the courtesy of Attorney White of Spokane, special permission has been granted for the use of his lodge, which is located on the shores of Twin Lakes, Idaho. General arrangements are being made by President Leonard Richardson, with Harley Mooers, vice-president; Lewis Kirsch, treasurer; Donald Colpitta, secretary, and Jack Wollaston, sergeant-at-arms, assisting.

The program for the day will include swimming, boating, hiking and softball. The more important item of food will be ably attended to by members William Williams and Louis Stannard.

All members are expected to attend; and tradition has it that "couples only" is the order for the day. Dr. Leslie Hedrick, "W" club adviser, and Gerald Stannard, coach and honorary member, will represent the faculty at this picnic party of the "men of brawn."

N. Richardson Named To All-American Team

Norman Richardson, stellar lineman for the Whitworth varsity football team during the last four seasons, was given his just deserts by being rated as All-American guard on the Williamson Little All-American first team. The award consisted of a silver trophy and a certificate indicating his rating. The outstanding fact of the whole affair is that Norman was the only player selected west of the Mississippi for a first team position.

The Little All-American rating by Williamson concerns the players in the smaller colleges of the United States who, though not held in the limelight, possess as much ability as the star players of the large college elevens.

So, here's to you, Norman; you deserve it.

Grad Wins Scholarship To U. of Edinburgh

Paul Koper, a graduate of Whitworth college in 1935, and the son of the Rev. W. H. Koper of Fairfield, Washington, has received the \$500 Maxwell scholarship, which will enable him to study at Edinburgh university, Scotland, for a year. At present, he is a senior at Auburn seminary in New York. He and his wife, Mildred Egbers Koper, also a former student at Whitworth college, plan to visit in the West before sailing for Scotland in September.

WOMEN'S AUXILIARY ELECTS OFFICERS

At a meeting of the Whitworth college auxiliary, April 18, plans for the next year were discussed and new officers were elected.

Officers for the coming year are: Mrs. Frank Fursey, president; Mrs. J. M. Finney, first vice-president; Mrs. John B. Hazan, second vice-president; Mrs. O. C. Miller, recording secretary; Mrs. W. L. McEachran, financial secretary; Mrs. J. W. Countermine, promotional secretary; Mrs. B. C. Neustel, treasurer.

At another recent meeting of this active organization, an appropriation of \$25 was voted to be given to the Whitworth Players.

Gates Speaks In Chapel

"God-Flowers" was the striking theme of a splendid talk given by the Rev. C. P. Gates of Portland before the student body on March 24. Mr. Gates, introduced by the Rev. William Gold, began by sending his listeners into spasms of laughter with his ready wit and ended by holding the audience spellbound with well-chosen serious thoughts. The program was completed with four numbers sung by the women's trio and a clarinet solo by Stanley Hughart.

TENNIS TEAM MAKES TRIP TO COAST

The tennis squad this week set forth on a racket-swinging spree to the Coast. Making the trip are Barowski, Scott, Blakemore, Rodkey and Richter.

The Whitworth net men have included Ellensburg, Pacific Lutheran, College of Puget Sound and the University of Washington frosh on their schedule of opponents.

Scott is one of the best racket wielders in the city of Spokane, whereas Barowski is no slouch himself at searing the courts with his hard drives.

GOLFERS ARRANGE FIVE MATCHES

The Whitworth divot diggers are now getting under way. So far, five matches have been arranged. Included are two matches with Gonzaga, two with Cheney Normal, and one with the Washington State frosh. Teeing off in No. 1 position is Harley Mooers, followed by Kenny Randolph, Bill Williams, Dave MacIntyre, Bob Chatterton and Lewis Messer, in two, three, four, five and six positions, respectively.

Frosh-Soph Classes Plan Joint Picnic

A big event of the year takes place tomorrow. Perhaps at this time we should exclude all juniors and seniors from reading this article, for it does not in any way concern them. We lower classmen are certainly tired of all this sneak business, banquets, and such; so now we are going to take things in our own hands and "do something." We are determined to climax the year's social calendar with a bang.

It's all taking place at Newman Lake Saturday, May 6, anywhere from 12 o'clock noon on. According to those in the "know," there is going to be an all-round good time for those who attend. Food is the order for the day; and we also hear from an extremely reliable source that it will not be just ordinary food, such as potato chips, "hot dogs" and cookies, but the real, honest-to-goodness kind that mother used to make. (Cook's note: or a reasonable facsimile.)

Transportation has been arranged for, and the financial end is being cared for by Burton Sanders and Howard Hendrick. Friday at 4 o'clock is the deadline for anyone wishing to attend. You'll be missing a good time if you don't; so we'll see you there.

P. S.—Juniors and seniors not wanted.

P. S.—Unless, however, you have 25 cents.

P. S.—(Note to irate lower classmen—"business is business.")

Uhe Plans Changes For Fall Semester

Prof. Arthur E. Uhe came to Whitworth last fall from Bethany college, Lindsborg, Kansas. He likes Spokane and the state of Washington very much. He thinks that Whitworth college, faculty and student body are of outstanding excellence.

For next year he plans definitely to establish the instrumental groups into a more efficient balance and to endeavor to produce a good, useful band and an efficient orchestra. Mr. Uhe says that the music department needs a more practical schedule in regard to organization work; the student body has talent if it could be approached in a way whereby everybody would have the chance to practice a certain amount every day, under proper instruction.

Mr. Uhe has been working very hard on the civic symphony this winter. Next year he plans a series of concerts, with some reorganization in the body itself. He received splendid cooperation downtown among the members of the orchestra all year.

Wins Honor

Grant Rodkey, a member of the senior class, has been selected for admission to the Harvard medical school. His application was one of the 125 in the United States to be accepted by Harvard this year. Mr. Rodkey plans to leave for the East in September.

His outstanding record at Whitworth college and his inherent ability have earned for him the respect and admiration of all the students.

Cosman Presents Own Compositions In Recital

The first in the series of 1939 student recitals at Whitworth college was given Saturday evening, April 15, in the college library, when Blair Cosman appeared in a piano recital.

Mr. Cosman is the son of Mr. and Mrs. J. E. Cosman of Rockford, Washington. He has spent his four years of college here, and this senior recital marks the culmination of his student recitals at Whitworth.

Featured on the program were two of Mr. Cosman's own compositions, "L'Appel Mysterieux" and "Waltzes." The waltzes, six in number, are written in the Viennese style, and are sparkling and brilliant. "L'Appel Mysterieux" was written in December, 1935, and its title signifies the call of mystery.

The complete program was as follows:

- Theme and Variations in F Minor..... Haydn
- Novelette in E Major.....Schumann
- Jeu d'Eau..... Ravel
- L'Appel Mysterieux..... Cosman
- Waltzes..... Cosman
- Concerto No. 3 in C Minor..... Beethoven

- Allegro con brio
- Largo
- Rondo

Mr. Cosman is the student of Mrs. Anna J. Carrel, head of the piano department. Mrs. Carrel accompanied Mr. Cosman at the second piano in the playing of Beethoven's Concerto No. 3 in C Minor.

Immediately following the recital, a reception, sponsored by the Whitworth Art club, was held in honor of Mr. Cosman.

MANY BOOKS ARE ADDED TO LIBRARY

The New Deal for bookworms has arrived: the Whitworth college library has recently acquired a number of books, many of which have been off the press but a short time. More than forty volumes, altogether, have been added to the shelves, most of them soon to be taken off and checked out.

Of special interest to readers will be the following:

"Alone," an absorbing story of the 1934 Antarctic Expedition by Richard E. Byrd, tells of the explorer's struggle with illness and cold at the bottom of the world.

"With Malice Toward Some," Margaret Halsey's account of her travels in Europe, which has won great popularity, may be found in our library if you are willing to wait your turn. Miss Halsey's book gives the American viewpoint of European social customs and makes us wonder how our ancestors stood that part of the globe as long as they did.

Those who have studied economics have at some time dipped into the works of Stuart Chase. Now we have his book, "The Tyranny of Words," in which the correct use of popular terms is discussed. Many people speak English, thinks Mr. Chase, but few of them understand it.

At least five of our additions to the library will be of pleasure to music lovers, for Whitworth college now has "Wagner as Man and Artist," by Ernest Newman; "My Musical Life," by Rimsky-Korsakoff; "The Standard Opera and Concert Guide," by George P. Upton and Felix Borowski; "Beethoven, the Man Who Freed Music," by Robert Haven Schauflier; and "Twentieth Century Music," by Marion Bauer.

The stage is represented by the book, "Best Plays of 1937 and 1938." There is also Thomas H. Dickinson's "The Contemporary Drama of England."

An interesting biography of a famous living person is Hector Bolitho's "King Edward VIII," in which the author tries to give a clear and unprejudiced account of the life of that much-discussed man.

College students can find practical guidance in "Pick Your Job and Land It," by S. W. Edlund and M. G. Edlund. The job-rush of young people is discussed, and advice is given on what constitutes success and how to achieve it.

For those interested in sports there are "Modern Archery," by Arthur W. Lambert; "Volleyball for Women," by Katherine W. Montgomery; "Selected Recreational Sports for Girls and Women," by Julius H. Post and Mabel J. Shirley; "Tennis Organized for Group Instruction," by Dorothy Davies Randle and Marjorie Hillas, and "Principles of Women's Athletics," by Florence A. Somers.

SIXTY MEN ATTEND LAKE CONFERENCE

About 60 men from the college enjoyed a very profitable week-end April 21-23 at the "W" club's annual men's conference. The meeting, which was held at Camp Cowles on Diamond lake, was one of fellowship and benefit to all who attended. This session had a very excellent staff of speakers. James Forrester, Vancouver, B. C., a secretary for the Intra-varsity Fellowship of Canada, gave addresses Friday night, Saturday morning and evening, and the closing address Sunday morning. Other speakers were: Dr. Robert Grieve, Spokane, who conducted a conference of "Physical Christian Ethics"; the Rev. G. L. Liening, Spokane, and the Rev. Boyce Van Osdel, Opportunity, also conducted meetings Saturday morning on the topics, "God-Directed Lives" and "Are We Christian?"

Saturday afternoon was devoted to a recreational program. A softball tournament was run off with the high honor of cleaning up the camp after the conference going to the losing team. While the softball and the horseshoe tournaments, which were won by Messex and Ralston, were being played, others of the fellows were participating in their first plunge of the season in the none-too-warm water of Diamond lake.

The frank and open way in which the vital problems facing the youth was handled won the approval of all who attended. But finding even more favor in the eyes of the fellows was the exceptionally good food that Prof. P. L. Wilson prepared. The general chairman in charge of the conference was Garth Steele. Under him were: the program chairman, Eugene Muench; music, Bill Pond; promotional, Leonard Richardson; property, Francis Unti; work, Louis Stannard; transportation, Howard Campbell; recreation, Norman Richardson.

Mary Trevitt Wins "Ideals" Cup Award

Mary Trevitt, popular senior, was given the alumni cup award and fifteen-dollar prize by Charles Frazier, president of the Alumni Association, at the Wednesday morning chapel service on February 8. This award is given annually to the senior who has been most outstanding in scholarship and in athletic, religious and other extracurricular activities. Judging from the amount of applause, the audience was convinced that Mary was also the unanimous choice of the college to receive this honor.

The program concluded with the showing of some motion pictures depicting the industries of the Northwest, particularly the electrical industries, by officials of the Washington Water Power company.

PHI ALPHA ENJOYS INFORMAL DINNER

Wednesday evening, April 23, at Comstock Arms, the members of Phi Alpha and the faculty and their wives enjoyed an informal dinner.

Phi Alpha is the only honorary society at Whitworth college. Members of this distinguished organization are: Blair Cosman, Stanley Hughart, Harriet Bagdon, Keith Murray, Dr. L. R. Hedrick, Dean Marion R. Jenkins, Miss Olive Legerstrom and Dr. L. K. Bowersox.

C. E. To Elect Officers

At a meeting to be held next Wednesday evening, May 10, members of the Whitworth Christian Endeavor society will elect officers for the coming year. Students who have been nominated are: president, Mary Virginia Mount, Rex Blumhagen; vice-president, Ruth Brown, Bruce Beatty; treasurer, Ruth DeFoe, Ed Klime.

College Musicians Are Kept Busy

The music department has been very active this spring. The Whitworth chorus sang the "Crucifixion" with the choir of the First Presbyterian church on Palm Sunday.

March 25, the women's trio—Virginia Kessey, Gladys Hawley, Janice Peterson and Eleanor Barrow, accompanist—with Stanley Hughart, instrumental soloist, left for the Coast, where they sang to church audiences and high school assemblies, and before service clubs. They returned on April 3, just in time for their spring vacation.

The mixed quartet also are bringing laurels to Mrs. Hopkins and Whitworth's music department. On February 26, they left for Seattle and surrounding cities. They appeared fifty-two times during their sixteen-day absence. Maude McCannon, alto; Mary Koper, soprano; Lewis Messex, tenor; James Goodsell, bass, and Blair Cosman, accompanist, make up the quartet. They returned on March 14.

Mothers Are Honored At Annual Sefelo Tea

Sefelo, women's dormitory organization, honored mothers at its annual Mothers' Tea Saturday afternoon, April 15, in the reception room of McMillan hall.

In the receiving line were Miss Marion R. Jenkins and Mrs. Anna J. Carrel, faculty advisers; Gladys Peterson, president of Sefelo, and Verna Bunkelman, vice-president.

Decorations were carried out in the April shower motif, creating a very charming atmosphere. The mothers were presented with corsages, and the daughters with tiny umbrellas.

The following numbers composed the program: a welcome, by Gladys Peterson; two flute numbers, "Country Gardens" and "Cribbribbin," by Verna Bunkelman; a skit, "In a Garden," by Barbara Miller and Harriet Thorndike; a violin selection from "Songs My Mother Taught Me," and Henri Wieniawski's "Romance," by Harriet Bagdon; two readings, "Aunt Tabitha" and "Ferdie," by Barbara Miller; and two vocal solos, "I Would Weave a Song for You" and "Umbrella Man," by Virginia Kessey.

Committee heads were: Aldena Lautenschlager, invitation; Angelina Ferrera, program; Harriet Bagdon, decoration; Ruth Brown, food; Mary Trevitt, hostess; Virginia Lee Nance, finishing touches.

Easter Play Enjoyed By Large Audience

On Sunday afternoon, April 2, in the college gym, the Whitworth Players, under the direction of Miss Isabelle Carolyn McLeod, presented "The Resurrection," by Rosamund Kimball.

A special feature of this Easter service was the presentation of the Speaking Choir, a newly organized department of the Whitworth Players, which was also directed by Miss McLeod. Members of the choir were: Bruce Beatty, Rex Blumhagen, Patricia Bowker, Eileen Calhoun, Ivan Correll, Florence Johnson, Mary Virginia Mount, Burton Sanders, Don Schmirler and Joe Wolfe.

Members of the cast were: George Petsch, Robert Weatherly, Le Roy Hook, Edgar Bassford, Robert Stephey, Jack Blaisdell, Malcolm Swogger, Ray Wotring, Sydney Eaton, Robert Brault, Gladys Peterson, Pauline Miller, Evelyn Sherwin, Lois Toole and Eugene Muench.

The incidental music was supplied by the String Trio, consisting of Harriet Bagdon, violin; Blair Cosman, piano, and Lois Schmirler, cello. Mrs. Winifred McNair Hopkins directed the chorus in selected numbers from "The Crucifixion," by Stainer.

16 BIBLE COURSES TO BE OFFERED

Dr. J. W. Counterline has already drawn up a tentative schedule for his courses in religious education for the fall semester. If his proposed schedule is accepted, he will have sixteen courses to offer in the Bible division and ten courses in the division of Christian education. The Board of Christian Education of the Presbyterian church requires that each student have six hours of Bible and two hours of electives in Christian education in order to be graduated.

In the Bible curriculum, new courses tentatively offered are Mark, Prison Epistles, Harmony of the Gospels, General Epistles, Hebrew Prophecy, and Hebrew Poetry.

Cold Drink Equipment Obtained By Cafeteria

All ye who thirst apply to Mrs. P. L. Wilson, the manager of the college cafeteria.

The introduction of malted milks and milk shakes in the cafeteria in early April was very successful. The students consider this addition to the cafeteria as almost the height of convenience. The most recent addition to the dining room service, a Pepsi-Cola refrigerator, makes available a variety of cold drinks. Rejoicing may now be heard in almost every corner of the campus, and the cafeteria is becoming even more popular than ever.

BIRTHDAY DINNERS HONOR STUDENTS

Dormitory students whose birthdays occur in the months of March and April were the honor guests at a birthday dinner held the evening of April 17 in the college dining room. The birthday table was decorated in the April shower motif.

The program, presented in the reception room after the dinner, consisted of the following numbers: a vocal solo, "I Would Weave a Song for You," by Virginia Kessey; a skit, "In the Garden," by Barbara Miller and Harriet Thorndike; a group of accordion numbers by Louie Ferrera, and two readings, "Giuseppe, the Barber" and "Ferdie," by Barbara Miller. Mrs. F. T. Hardwick gave a short talk. The honored guests were: Mrs. F. T. Hardwick, Mary Trevitt, Elizabeth Carter, Harriet Bagdon, Norman and Leonard Richardson, Jack Blaisdell and Eugene Muench.

NEW ASWC LEADERS ARE CHOSEN

In an ASWC election, featured by brilliant campaign speeches and innumerable signs, Whitworth students chose Eugene Muench president March 24. Lee Rodkey was elected vice-president and Evelyn Sherwin, secretary. For student auditor, Dougald Robinson was chosen, and Mildred Simmons was named May Queen. An amendment to the ASWC constitution was carried.

Students who had been nominated by petition were: president, David MacIntyre, Eugene Muench, Stanley Hughart; vice-president, Bob Barowski, Francis Unti, Lee Rodkey; secretary, Mary Koper, Evelyn Sherwin; auditor, Dougald Robinson, John Roth; May Queen, Joy McCallum, Mildred Simmons.

A second vote was held for the offices of president and vice-president, as none of the candidates for those offices polled a majority vote in the first election.

Cosman Places Second In Music Contest

Blair Cosman represented Whitworth college in the piano department of the music contest held April 22 at the Masonic temple.

Mr. Cosman entered the concerto division, playing the first movement of Beethoven's "Concerto No. 3 in C Minor." The orchestral part was played by Mary Koper. He obtained second place in the contest, the first place being taken by Robert Bogess.

The contest was preliminary to Music Week, May 7 to 14. The winners of the contest are to appear in concerts during that week.

MONEY ROLLS INTO ANNIVERSARY FUND

Louisville, Ky.—Exactly \$2,727,693.17 in contributions and pledges from all parts of the country have been reported to date by workers active in the \$10,000,000 Sesquicentennial Fund for Christian Education of the Presbyterian Church in the United States of America, Dr. Lewis S. Mudge, acting general secretary of the Board of Christian Education of the church, announced here recently.

The sum represents the assistance offered by men and women interested in the advancement of Christian education during the months since the drive was formally launched on October 30, 1938. The funds were given both to individual colleges and to the Presbyterian Board of Christian Education for distribution among the colleges and Westminster Foundations of the Church.

"During 1939 and 1940, the period of the campaign, the Presbyterian colleges will have an opportunity to seek funds with the support and assistance of the board," Dr. Mudge declared. This is the first time since the General Assembly of this Church was organized 150 years ago that our colleges have been given such an opportunity.

"Twenty-seven of the colleges have already taken the opportunity to authorize long-term surveys of their financial conditions and the needs of the future, so they may accurately chart their course. Other Presbyterian institutions are requesting similar studies."

"BOHEMIAN GIRL"

(Continued from Page 1)

Gladys Hawley, Evelyn Sherwin, Barbara Miller, Mary Koper, Maude McCannon, Pat Bowker, Barbara Thompson, Leola Graham, David MacIntyre, Andrew Bloom, Howard Hendrick, Wesley Scott, George Petsch, and Lee Rodkey.

Those in the peasant chorus are: Barbara Gleason, Virginia Lee Nance, Lillian Schoefield, Betty Ferrell, Betty Jo Henderson, Mary Virginia Mount, Helen Carlson, Margaret Josa, Joyce Bates, Florence Johnson, Phyllis Nelms, Bruce Beatty, Norman Richardson, Leonard Richardson, Milton DeArmand, Clarence Ludwig, Lewis Kirach, and Douglas Coleman.

The soldiers' chorus includes: Dean Hickox, Louis Stannard, Jerry Stannard, Jack Blaisdell, Irwin Lissy, and LeRoy Hook.

The orchestra includes: Harriet Bagdon, Eloise Sloan, Stanley White, Sidney Eaton, Stanley Hughart, Clara Hughart, and Blair Cosman.
