A Handbook of Memories

Bound within the pages of this annual lie the remembrances of your college days. As you travel down life's highway may this handbook of pictorial memories serve as a stepping stone towards success.

Herein may be found again the happiness of carefree college days . . . the brotherhood of Christian spirit . . . the friendships of united interests . . . the scholastic challenges of life and the conclusions of a learning mind.

May this bridge to memories bring forth again the scenes of the past . . . the library growing daily before our eyes, the growing pines of our expanding campus, the lacy shadow lights coming from the dorm windows and dancing beneath the pines, and the snow-capped spire of the chapel as it glistens in the moonlight.

So then can this volume be your guide to pleasant memories.

Administration

Another year has passed and gone down in the history of Whitworth as a year filled with study, work and play, highlighted by many new experiences.

Under the strength and guiding hand of Dr. Warren and the Administration, our college has grown and attained even greater achievements.

Whitworth stands fast on the highest standards, always striving to make Christ our leader and we are but servants of God. With this philosophy Whitworth has gained the prestige that commands the esteem of those who are interested in higher education and its attributes.

Thus, at the end of another year, we again realize the potential part that the Administration plays in each student's life.

Spiritual Emphasis Week

Doctor Archer E. Anderson, traveling from his home church in Duluth, Minnesota, led the annual Whitworth Spiritual emphasis week, February 15 to 20. Using as his theme, "Christ, Our Life," Dr. Anderson spoke each morning and evening of the week.

Doctor Anderson formerly served as a missionary to Guatemala, Central America, and came to the college with a wealth of experience from which to draw. He held pastorates in Texas, Pennsylvania and Minnesota.

Among the many topics he chose for messages were "Re-Kindling the Fire," "The New Birth," "Consecration of our bodies to God," "The Sovereignty of God," "The Second Army," "Triumphant Living," "The Only Mediator," and "God—the Father, Son, and Holy Spirit."

Personal interviews were conducted in the little white prayer chapel each day of the conference. Many decisions were made to accept Christ and other students felt inspired by the import of the week's activities.

Senior Class Officers

From the Records

The Senior class, under the leadership of **Willis Case**, president, and **Helmuth Bekowies**, vice-president, sponsored many activities during the school year. Among the more successful parties given by the class were the all-school skating parties at Cook's Roller Rink during the Fall and Spring Quarters, and an all-school "Y" party.

During the Fall quarter the class held a barn party. Highlight of the Winter quarter was the faculty auction held in the dining room. At the auction high bids were given for Dr. Schlauch and Professor Carlson, and the serving ability of Dr. Munn, Dr. Warren, Mr. Wilson, and Mr. Culverwell was also sold. Funds raised by the auction were sent to South American missionaries.

During the Spring quarter the Senior Sneak held the main interest of the Seniors. This quarter also saw completion of the Senior class project. Funds raised by the class during the year were used to donate a new library desk to the school.

Secretary for the class was **Mary Lois Bovee**. **Betty Summerson** served as treasurer.

Junior Class

The Class of 1949 began the last half of their college journey sparked with the enthusiasm of their president, L. G. Baker. First they were found crawling through a tunnel of spooks at a Halloween party in an old Grange building a few miles from the campus.

Perhaps the most outstanding event on their calendar was the Benefit Variety Show for the Spokane Blue Baby Fund which was held in February. With the support of the Garland Kiwanis Club the class was able to make a great contribution to this great cause.

Following the last conference basketball game of the season the Juniors sponsored a Mexican Show and Chili Feed in the college dining hall.

Assisting the president were Betty Lange, vice-president; Shirley Rosenkranz, secretary; and Walt Dawson, treasurer.

Sophomore Class Officers

Left to right: Jean Tanner, Sec.; Marshall Hodge, Pres.; Betty Follett, Treas.; Jim Carlson, Vice-Pres.

The Sophomores began their year of activities in October with their Hard Times Party in the basement of the dining hall.

The girls of the college had a chance to see if the old adage, "A way to the man's heart is through his stomach" is true or not. They also proved their artistic ability as they took their cleverly decorated boxes to the Sophomore Box-Social.

During the year the class finished paying for the new booths in the commons, a project they had begun as Freshmen.

It was the sophomore candidate for Snow King, Earl Plankenhorn, who was given the honor of ruling with Queen Mary at the Snow Frolic.

Freshman Class Officers

A large and enthusiastic group of freshmen were here to greet the upper-classmen when school resumed in the fall.

For the first quarter, Kenneth Gamble led the group as their president. He was succeeded by Ben Fairchild.

In October the Freshmen held a Carnival with the "creepiness" of Halloween lurking around each corner. At the all-college Snow Frolic on Mount Spokane the class was especially proud to have their candidate, Mary Baird, serve as Snow Queen.

Men's Athletics

Athletics at Whitworth this year were under the direct supervision of Gerry Stannard, Pirate athletic director. Coach Stannard continued to hold the reins as head mentor in football, baseball, and basketball.

Whitworth gained a new athletic aide this year when Aron Rempel, who trained in football under the famous Alonzo Stagg, joined the college faculty. Coach Rempel assisted in football in giving timely tips and information to the linesman. He coached the junior varsity basketball team to a successful season, and he had the leading role in the tutoring of the track squad.

Bruce McCullough, Pirate backfield star in 1947 and now present public relations director, also assisted in football.

Dr. Mark Koehler directed the tennis team play and Dr. Homer Alder served as golf coach.

In baseball Louis Boni and Paul Merkel gave a helping hand in working as field coaches during the regular games.

Whitworth had a full sports program for the school year. There was league competition in four major sports: football, basketball, baseball, and track and in two minor sports: tennis and golf. This was the last year of Winco conference play, as the league was dissolved in favor of the organization of a new Evergreen league, of which Whitworth is a member.

First row: Nick Faber, Norm Stokke, Dave Holmes, Bob Kohlsteadt, Don Olstad, Len Watson, Kenny Gamble. Second row: Bob Cruzen, Sam Tague, Joe Gilliam, Vern Tucker.

Football 1947

The Pirates started out strong in football by dropping the Sand Point eleven 34-6 in the opening game of the season, with Del Schalock, freshman scatback, pacing the touchdown parade with two trips across the goal line.

Following this win the Whits turned back the Whitman Missionaries, 21-7, to avenge last year's one point defeat at the hands of the Walla Walla team. Bob Cruzen led the Pirates in scoring 15 of his team's points.

Whitworth ran its streak to three straight in turning back the Carroll college Saints, 20-7, with Vern Tucker and Pat Clyde leading the backfield play.

In their first league game, the Pirates matched play with the Eastern Washington Savages, conference champs, for three quarters, but fell behind in the last frame to lose a hard-fought contest, 6-0. Fans remember this game as being played in a severe wind storm which played odd antics with the ball.

The Whits went to Ellensburg to engage in their second league try, but succumbed to the powerful Wildcats by a 13-6 score.

The next gridiron battle was fought in the Pine Bowl with the St. Martin's Rangers. Whitworth was a little over con-

fident in this game. After trailing 12-6 at the half, the Pirates forged ahead 13-12 at the third quarter mark only to have the Rangers come back in the last period to score two touchdowns and go on to win 25-20.

Western Washington dampened Whitworth's homecoming with a 41-0 rout in the Pine Bowl. Playing in a sea of mud, the Pirates couldn't get their speedy backs on the move and they were unable to cope with the powerful Viking line.

With Vern Tucker, Norm Stokke, Bob Cruzen, and Bob Kohlsteadt on the sidelines nursing injuries, the Whits went down to defeat before the North Idaho Loggers in a night game at Lewiston. Final score was 25-7.

In the final game of the season the Pirates made a delayed trip to Tacoma for a duel with the Pacific Lutheran Gladiators. Arriving just in time for the opening gun, the Whits got off to a slow start and lost the battle 27-12. Del Schalock intercepted a Lute pass on the last play of the game and scampered 60 yards to score.

For the second straight year 27 men were awarded letters at the end of the year. With only three players graduating, the Pirates' football prospects for next year indicate a promising season.

Basketball Team

The Whitworth Pirates basketball team played a full 34-game schedule starting with a 49-45 win over Farragut, November 28, and ending with a 52-48 triumph at the expense of Eastern Washington, February 28.

In Winco league play the Whits won eight games while losing seven. Despite their fourth place finish in the standings, the Pirates proved that even the top team was not too tough as they grabbed at least one victory from each of the other members of the league. Whitworth won three straight from St. Martins and annexed two victories in three meetings with last year's Winco champs—Eastern Washington. The pirates garnered single wins from Central Washington, Western Washington, and Pacific Lutheran, this season's conference titlists.

In non-league encounters the locals drubbed Farragut four times in as many meetings and took two lop-sided wins from Seattle Pacific college. They split a quartet of contests with North Idaho, but lost three successive tilts with Gonzaga.

Whitworth was invited to a four team meet in Wenatchee December 19-20. Defeating the strong Portland University five, 68-56, the Whits earned a place in the final play, but lost to Central Washington 55-46 in the deciding game.

Coach Stannard gave out letters to twelve men, nine of them members of last year's squad. With all twelve returning for play next year, the Pirate basketball team can be rated as one of the teams to beat in the coming league competition.

At the end of the season Clyde Matters was awarded the Pirette Inspirational trophy for the second successive year, and Bill Roffler was voted by his teammates as honorary captain of his squad.

The Pirates dominated the Winco All-Star team, placing three men on the first two teams. Earl Mortlock, high scoring guard, was given a berth on the first five, while Clyde Matters and Bill Roffler were slected on the second quintet.

Clyde Matters congratulates Bill Roffler for being elected honorary team captain and Bill returns a word of felicitation as Clyde is about to be presented the Pirette Inspirational trophy for the second straight year.

Matters starts around the Viking defense for a lay-in as Whitworth avenged two earlier defeats in drubbing Western, 70-58.

Roffler goes up for a one-hander as the Whits dump the league-leading Lutes, 50-45.

A. S. W. C. Activities

The student body president's job becomes one of increasing responsibility as the A.S.W.C. increases numerically. Leonard Watson, of Tacoma, Washington, was chief this year. The headaches of finance were ably handled by LaVern Brassard. Lois McConnell was secretary.

When the new student body officers took over after the April election, their duties began immediately. Bob Bradburn, vice-president and social chairman, took over the Spring Sports Banquet plans and since then has done an exceptionally fine job, introducing several new and different events into the social program for the student body. One of these was an all day snow party to Mt. Spokane for a day of winter sports. Other outstanding social events have been the annual Homecoming Banquet at the Davenport Hotel with a record attendance of nearly 500, an all-nations party on the campus, two nights of sports at the local YMCA, and the annual campus clean-up day prefaced by a beefsteak breakfast.

The most important decision of the student council this year concerned its own membership, which was drastically reduced to conform more closely to that of other colleges and universities. Under the new plan the student council will be made up of the student body officers, the presidents and vice-presidents of each class, plus five members at large, elected from the student body. Two of these will be elected from within the present student council and three from without.

The present executive council wishes a most successful year ahead to the incoming student body officers and the new student council members, with the hope that they will enjoy and profit much by their experience in a year of service to Whitworth student body.

Leonard Watson, president of the student body, was chairman of the men's conference, the executive board, and the student council. He has played on the varsity football squad for three years and was an active member of many of the school organizations.

Students listed in the *Who's Who Among Students in American Universities and Colleges* have made an early mark in life which, coupled with this honor, will enable them to secure employment in whatever field their background supports.

With an expanded library, it has been possible to explore the music of Bach, Mozart, Beethoven, Tschaiikowsky, Grieg, Strauss, and many other composers. The orchestra has presented full programs during the chapel hour, supplied the incidental music for the fall play, and it appeared in a program for the Spokane Music Teachers Association. On each occasion, listeners were well rewarded.

Band

The college band presented its big program of the year during a chapel hour in February. The composers represented on the program were: Schubert, Wagner, Victor Herbert, Romberg, Sousa, and others. Yes, Euterpe was present with the other muses on "May Day"—the band supplied the dulcet tones. Last but not least, the band added a sparkle to Commencement.

Whitworth Choir

Since the fall of 1947, Professor Wilbur L. Anders has directed the college music department. The a cappella choir enjoyed an inspirational and successful year under his direction this year.

Highlighting the year for the choir members was an extended tour in California at the close of the winter quarter. The students won many friends for the school through these performances.

The songsters also provided music for church programs in Spokane and the Inland Empire and were featured in chapel programs at the college.

Helmuth Bekowies acted as business manager and Norman Gano served as president.

Composed of 52 persons, the choir maintained the Whitworth tradition by featuring sacred music in each of their concerts.

Classes

An element of humor enters amidst the maxima and minima of Mr. Carlson's Calculus class.

Comprehension gains expression through examinations just such as this quiz being given in one of Miss Whitten's English classes.

Contemplation, concentration, and comprehension seem to be the student's mental tools for all of Dr. Hardwick's psychology courses.

Members of Dr. Schlauch's class in social problems direct their studies towards the major causes of our chief social problems. The results of these causes and the most outstanding suggested remedies provide lively discussion.

Dr. Schlauch substitutes for Dean Munn in a discussion by the educational psychology class relative to I. Q.'s. Subject matter of this course has attracted wide student interest.

The grunts and groans of a weary frame are the bywords of all members of Coach Stannard's freshmen gym classes. The duck walk, multiple pushups and the like are never to be forgotten memories of just such activity in every student's life.

Mr. Waltz's literary interpretation class studies the process of choral reading. Instruction in the comprehension of the intellectual and emotional meanings intended by the author is the purpose of the course.

Marjory Haas applies the choral conducting knowledge gained in the study of the psychology of music groups presented in Mr. Ander's conducting class.

Mr. Larson's principles of design course gives the art student an application of his feeling of composition, form, color, values, and textures. Charcoal, pencil, water color, and tempera offer a wide media of expression.

The prison epistles as written by Paul while imprisoned in Rome find expression and application to present day living through the studies of this class.

Our future nurses are learning the basic nursing techniques in this course in Introduction to Nursing Care, taught by Miss Thompson.

Courses just such as this Bible course of Miss Jenkins' have done much to promote Whitworth's position in the field of Christian Education.

This course in the problems of teaching Home Economics covers the objectives and the organization of subject matter for prospective instructors. Under Miss Boppell this course has already made itself felt within many student homes.

Harmony writing exercises develop into a written language in itself under the direction of Mrs. Koehler.

"Music At Its Best" could well be the byword of this class in its study of the technical aspects of the field.

The "Principles of Economics" class has become the largest in the economics department since its founding. This photo shows but half of the present enrollment.

Where trial and error is the only way to arrive at a true conclusion; Miss Evan's Accounting class.

Mr. Peek's History of Western Civilization deals with a survey of world history. The social, economic, and political factors are studied.

The principles and practice of designing and building scenery and stage lighting make this course a practical application of instruction. The hammer and nail technique is being used for preparation of a prop.

Mr. Culverwell's social problems class provides a discussion media for student opinion relative to world economic and social issues. Solutions are offered, discussed and explained as to their final result and effect.

The students in the physics class enjoy watching someone else work out a problem. At the blackboard, demonstrating how it should be done, is Professor Wilson, head of the physics department.

Mrs. Gray conducts her general botany class in the study of the structure and relationship of the major plant groups. This course leads to later study of the flora of this region.

Mr. Neustel's Chemistry 2 class works for the solving of an unknown. This course in the application of the principles of science gives the student a great amount of personal knowledge and experience necessary in whatever his future occupation may be.

The Abnormal Psychology course offered by Dr. Maxson arouses a great amount of student discussion which seems to be the most popular method of learning when comprehension is important.

The students in the afternoon laboratory section of Chemistry 2 get to watch the teacher work a problem. At the blackboard demonstrating how it should be done is Professor Neustel, head of the Chemistry department.

Dr. Alder's Physiology class examines the corpus delicti of a feline. The class is studying in one of the rooms of the new science building.

The study of the prominent figures in the field of world literature is the purpose of Dr. Christianson's World literature class. Student reports create high student interest in this course.

Survey of Bible Literature, given by Mark Koehler, is one of the most popular Bible courses offered.

English becomes secondary within Mrs. Baker's Spanish classes when everyday conversation gives all the students a new media of expression.

Solfeggio and theory, the music course wherein a student learns to think in tones, practices sight singing under the direction of Mrs. Koehler.

Left to right, seated: Ruth Jaqua, Maid of Honor; Marjorie Haas, Queen.
 Attendants standing: Carol Berg, Janet Reese, Mrs. Fay Dawson, Mrs. Mel

May Day

The traditional May Day festivities held May 14 were presided over by Queen Marjorie Haas. The queen's throne was set against a background of spring flowers and evergreen. Beneath the queen and her court was the stage where the program took place.

Helmuth Bekowies, as master of ceremonies, presented the queen and her court, and the princesses from different high schools. The program included the ancient May Pole rites, a girls trio giving a dramatic fantasy, George Stout and Marjorie Scott in a duet while the engaged couples passed through the Lilac Ring.

For the first time the May Day was under the direction of the A. W. S. and the Inter-Collegiate Knights.
