May 11th, 1915.

Rev. Conrad Bluhn, D. D.,
Centenary Presbyterian Church,
Spokane, Washington.

My dear Doctor Bluhn:-

We beg to acknowledge your kind letter of April twenty-third with reference to publishing a Father's Day program. We are interested in this proposition, and will be only too glad to make arrangements to have a Father's Day program for next year.

I understand that the day observed for Father's Day is generally the second or third Sunday in June. It would not be possible for us to arrange for a program and advertise it by this time. Our advertising generally goes to press at least three months in advance. I will confer with our Editor, Dr. Faris, and will communicate with you further as to our decision in the matter.

We appreciate having you write us as you have and sincerely hope that we will be able to push Father's Day as much as we have Mothers' Day, which has been universally observed in the east.

Yours very truly,

Allan Sutherland
Manager.
