URGE 'FATHERS' DAY' AS NATIONAL EVENT

Sunday, June 18, Chosen When
Those Desiring to Respect 'Dad'
Are to Wear a Rose

SPOKANE, Wash., April 22.

Mrs. John B. Dodd, of Spokane, originator of "Fathers' day," is making arrangements through clubs in various parts of the United States for a national celebration on Sunday, June 18, when those who desire to show their respect for "dad" will wear a rose, a colored flower for the living and white for the dead.

Mrs. Dodd succeeded in interesting several thousand men, women and children in the northwestern country in observing the day last year, when some of the local ministers preached special sermons, extolling the worth and virtues of "the old man."

Since then the Spokane woman has received sheaves of letters from prominent men and women in various parts of the country, including governors of thirty-eight states and executive officers at Washington, D. C., commending the plan and urging her to continue the campaign, with a view to making the celebration a national event.
