---

Today is Father's Day, for Mrs. Bruce Dodd of Spokane, Washington, has been successful in originating and establishing June 21st as a time to be devoted to honoring fathers. At the churches reference will be made to the fact and in some cases services will be devoted to their honor alone. As is the custom for Mother's Day, a white carnation will be worn in memory of the deceased while a red carnation will signify that the father is living.
