JUNE 21 IS FATHERS' DAY.

Observance Will Be General Throughout the United States.

June 21 is to be Fathers' day. The observation, technically speaking, is very simple and requires but the wearing of a red rose in one's buttonhole for the living parent and a white flower in memory of the deceased parent. Of course the real observation will extend further than floral self-decoration in the majority of instances and will include much that will add to dad's material comfort around home.

Families all over the United States will no doubt endeavor to make things as rosy for dear old dad as possible. The "Don't Smoke in the House" sign will be shoved behind the kitchen door—on this occasion at least; millinery bills, grocery bills and similar annoyances will be tabooed for the day and all bill collectors will be instructed to keep off the front porch during the observance, and dad will have nothing to do until tomorrow.

The fathers' movement, which was started by Mrs. John Bruce Dodd in Spokane, Wash., five years ago, has been taken up throughout the country and the observance has grown to be of national interest. Germany, Sweden, Korea, Japan, Mexico, Canada, Hawaii, India and a few other countries have joined in the observance.
