# DAD'S DAY WILL BE BIG AFFAIR

---

It is currently reported that Guy C. Winstanley has broken loose as an open advocate of a great Dad's Day celebration and will organize a local delegation to go to Seattle and take a prominent part with the Potlatch Dads when they protest in great numbers against the tyrannies that are being heaped upon them since "mother" was given a vote.

Secret dispatches, it is said, have been passing between Mr. Winstanley and others of Olympia's enslaved and President Herbert A. Schoenfeld of the Seattle association, the father of the movement for emancipation.
