TEN COMMANDMENTS FOR HONORING OUR VETERANS

FATHER'S DAY, JUNE 16th, 1946

1. Give your veteran a job..
2. Give him time to readjust himself.
3. Give him the understanding he needs.
4. Fight racial discrimination against those who fought unconditionally for peace.
5. Accept a veteran's military training for a civilian job.
6. Treat him not as a man set apart but as a man who has done his job well.
7. Permit no separation in the team work between government and public which brought peace to the world. Let civilian unity bring about peace of mind.
8. Offer independence to those who fought to save it for our dependents.
9. Guarantee security to those who made our future and that of our country secure.
10. Put faith in your veteran's hard won maturity, his combat-born ingenuity and long-imposed discipline which makes him better fitted to do his share of building a world at peace, shaping it, judging it, and if necessary, fighting for it once again.
