Dear Mrs. Dodd:-

We have been greatly interested for the last year or two in the growing work of Fathers' Day. We are sending you a copy of our May number of THE FARMER'S WIFE in which you will see that we have a mention of Mothers' Day.

We would like to prepare a little something similar on Fathers' Day for our June number and are writing to know if we can procure your picture. If you will kindly let us hear from you with it and charges for same or tell us where we can get it we shall appreciate it. Any other literature you have on the subject will also be thankfully received.

Very truly yours,

THE FARMER'S WIFE,

Mary A. Whedon
