Dr. and Mrs. Cororon,  
1008 W. Yakima Ave.,  
Yakima, Wash.

Dear Doug and Grace:

I can't follow your arithmetic at all, so I am returning your check. It should be for \$100.00 and that makes "payment in full".

We are so glad you could get your car and know that no one uses a car for the good of others more than you.

Sunday I was looking thru some photographs and ran across a postcard photo of THE mountain in Japan which you, Doug, sent us from Japan under date of July 19, 1941. You had been up the mountain the day before.

You also had just recently had an interview with the Hon. Togawa, a christian member of parliament.

Sincerely yours,

Earle E. Cowin.

Dear Mr. Cowm:

Thank you for your generous kindness to us. We shall be sending the eight dollars you did not want to the Home Relief fund - Doug says to tell you he feels unwell that you could not figure out his arithmetic - We hear you have been ill. Take good care of yourself for no one else will.

Cordially

Douglas S. Corpron
