Spokane, Washington

My Dear Mrs. Dodd:

I was thinking especially of you this last Sunday when I was honored by the Multiple Sclerosis Society by being named Father of the Year. My great regret, however, was that you were unable to be in attendance because Sunday was, after all, your day. Incidentally, I remember most vividly in November of 1965 when I had the honor of being with you and Howard Ball at the time of the placing of the plaque near the YMCA Building and the beautiful Spokane river. Of course, I shall never forget that experience and my pleasure at having been with you.

I am sure that the knowledge of the great contribution which you have made to the community and to the nation is rewarding to you and is a source of pride. You certainly are most deserving of the accolades which have been accorded you.

With kindest personal regards, I am

Sincerely yours,

Neal R. Fosseen
