Dear Sonora:

When I found this fine editorial in the FAIRBANKS DAILY NEWS-MINER, I decided to send it to YOU who have done such a magnificent work for the FATHERS OF MEN....I think of you very often and would just LOVE TO SEE YOU...we were hoping you could come over for our OWL AWARDS LUNCHEON and meet our National President. DO TRY TO COME TO CENTURY 21---Mr. Gandy would provide an electric chair to cover the 74 acres with each... it is a REAL THRILL to ascend the SPACE NEEDLE and dine in the air 600 feet above the ground ! From the "sky" is a magnificent sight !

Love,

Larry
