"Among the Pines"

An Almanac for 1938

published by the

Junior Class

for the Associated Student Body

Whitworth College

Spokane, Washington
Foreword . . .

A decidedly egotistical little man shows you through the NATSIHI . . . "An Almanac for 1938" . . . he was overjoyed when asked to help . . . wears a bright scarlet coat . . . has white woolen hair . . . no more need he said of him . . . he can write for himself . . . Mr. Doodle on page 7 thinks of all he has in store for you.

THE EDITOR.
The Almanac

It always hung upon the kitchen wall—
A book of magic where his
parents found
Their guiding signs . . .
    he marveled at them all . . .
And how the distant sky
could rule the ground . . .
He wished his schoolbooks
answered everything
With such precision of the
day and night . . .
When weather favored . . .
and what signs would bring
Assurance that the plans
he made were right . . .

When he grew up . . .
twelve signs no longer seemed
Enough to cover all he had in mind . . .
Sometimes the book
predicted fair—rain teemed . . .
Things planted right . . .
grew thick and bitter rind . . .
Sometimes he wished
for magic leading back
Around the circuit of the Zodiac . . .

Those first days on the campus . . . when I arrived, I found the faculty ready to welcome their students . . . old and new . . . for another year . . . never could have predicted how much would be accomplished before May 27 . . . who can tell how many persons have learned of true success?

Yours truly,

MR. DOODLE.
The Prexy's Word . . .

Time marches on ... from the calendar of time we remove four years of our college training... they are the best years... for they enrich our lives so that the remainder of the calendar left for our use can be made glorious... full for man and God... we live... not by years... or months... or days or hours... but by experiences of thought and deed... in service for all... thus Whitworth College contributes to life.

Orpheus heard from the underworld
That music on earth had waned . . .
He came to watch life's play unfurled
To see just what remained . . .
Three lovely girls came tripping along . . .
The McCannon Trio . . . thinks he . . .
Alice . . . soprano . . . is singing a song . . .
The light lyric type is she . . .
Maude . . . contralto . . . took up the air
Until the welkin rang . . .
Orpheus bade good-bye to care
As he heard the song she sang . . .
Lois . . . singing any part . . .
With movable range of voice . . .
Filled his ancient . . . mythical heart
And made his soul rejoice . . .
The Whitworth String Trio came then . . .
"A soloist of note
Is each" . . . said Orpheus once and again . . .
"They surely have my vote" . . .
Alfred Hedal with violin
Played a merry tune . . .
Lois Schmirler did begin
A piece on her cello soon . . .
"Here comes Blair Cosman" . . .
quoth the shade . . .
"A genius pianist . . . he" . . .
Bel Canto's winter concert made
Guest artists of these three . . .
James Goodsell . . . singing baritone
Sauntered past the ghost . . .
Nancy Gibson . . . as reader known . . .
Can cry real tears . . . almost . . .
These five . . . an instrumental quintet . . .
Went on a concert tour . . .
The cities of the Coast they met . . .
Their victory was sure . . .
The Varsity Trio next did lend

Sweet peace in plaintive lay...

Beauty in double manner they blend...

And popular are they...

Gladys Hawley...“Girl with the smile”...

First soprano sings...

Mary Koper has second the while...

Versatile in all things...

Janice Peterson’s “Golden Voice”

Takes up the contralto part...

Their song does help to make...

“Rejoice”...

Appear in the spectre heart...

Margaret Uhden the piano played

And made it talk and cry...

John Eisenhauer with his trombone swayed

And never did slide by...

The vocal quintet, which are these five...

In March they toured the Coast...

Their music helped to bring alive

The dying hopes of the ghost...

At last the virile Men’s Quartet

Before the phantom passed...

“The best quartet that I’ve heard yet...

They seldom are surpassed”...

Lowell Poore has a timid voice...

He is the smallest...too...

Bill Pond...because of nature’s choice...

Does lyrical baritone do...

Grant Rodkey’s cheer is unity...

Dependable...cheerful...and gay...

Burton Alvis’ dignity

Was never known to stray...

Orpheus knows in his home below

That music will not die...

“Why...seventeen on earth still know

As much or more than I”...
