## "WHAT WOULD JESUS DO" IS CONFERENCE THEME

Whitworthian Boasts  
Many Innovations

The Whitworthian, Whitworth college paper, has graduated from a bi-monthly to a weekly paper. The editor and staff last year felt that the demand for a school publication warranted a weekly edition.

The Whitworthian will continue to be the same size; however, newsprint will be used instead of machine-finished paper.

Another change has been made in the machinery of the staff. Every six weeks staff members will change positions, so that each member will have experience in different types of work.

All members of the staff are appointed to their positions by the editor, who is the only exception. He is elected by the student body. Anyone, whether he has had experience or not, is invited to participate in the work of the Whitworthian.

Staff meetings are held as a class this quarter each Tuesday morning. Other arrangements will be made for those who do not have that hour free.

A room in the basement of the gym is being arranged so that all work on the paper may be done there. Arrangements are also being made for a box where town and campus students may leave information for the paper.

The Whitworthian last year won first place in class three in the Pacific Northwest College council's contest. The paper has just received a plaque in recognition of this honor. This year the Whitworthian will have its page make-up and articles criticized by the National Scholastic Press association.

In this way, the paper hopes to continue to be a "first place" publication.

GENIAL JERRY  
SWINGS GAVEL

Four men and one woman form the chief executive board of the associated student body.

"Genial Gerry" Mahaffey, known to all on the campus as an outstanding student and a member of the basketball varsity squad, now assumes the active role as president of the ASWC.

Guiding the social activities of the entire student body is Al Christensen, vice-president. Al, past president of Alpha Kappa Chi, is a member of the senior class.

Mary Leavens, a senior from Santa Paula, California, fills the secretarial position.

Jack LaRose, a senior student, elected last spring to the treasurer's position, handles the financial affairs of the student body.

The fifth executive appointed for the current year is another senior, L. G. Baker. Baker also serves as senior class president.

These officers may all be contacted through the student body office which is located on the foyer of Graves hall.

Coeds Invade  
Fourth Estate  
To See Dewey

There's no stopping a couple of dyed-in-the-bobby-sox Republicans—when Mimi Van Patten and Ruth Meeker went to hear Gov. Dewey speak this week they weren't satisfied to stand outside the Masonic Temple and listen to the loudspeaker like the other 2,000 people who were there. They weren't even satisfied to sit in the auditorium.

Instead, they stalked up the steps and said to the policeman who was guarding the door "Where does the press enter?" He showed them inside, where they were met by a granite-eyed dowager who demanded to know from whence they came. "We're with the press from Whitworth," they replied and vaguely waved their little orange student body cards. The woman sent them to the stage entrance where the Dewey party was to enter. The dignitaries started pouring in, followed by a snarling pack of newspaper men. Did Mimi and Ruthie stand and stare, open-mouthed? They did not. They joined the delegation! Mingling freely with the press by now, they chose choice seats in the press box. They were given mimeographed copies of excerpts from his speech. The official attitude they were trying to strike was hampered by the torn-bottomed sacks of apples, bananas and maple bars they were carrying.

When Dewey came to the speakers platform, Mimi rose and let out a cheer, Whitworth style, but felt a little foolish as she looked back into the blasé faces of her fellow newsmen. To play their roles to the limit, they took notes with pencils hastily borrowed from a policeman.

At the end of the meeting the Dewey party prepared to leave. Who descended the temple steps with the be-furred, be-jeweled Mrs. Dewey? Our Mimi, in her baggy sweater, scuffed sandals and cord skirt. Photographers snapped pictures—people cheered—motorcycles warmed up. The girls saw the Deveys safely to their car and watched as they were whisked off to the station. Then the two pseudo reporters, faces and new Dewey buttons shining, boarded the Whitworth bus and headed for shelter.

After the "Battle of Wits" . . . keep yours.

Chapel Broadcast  
Resumes on Sunday

The Whitworth Radio Chapel hour will be resumed Sunday, October 3. The broadcast will be heard at 9:00 a.m., on station KHQ, under the direction of Dr. Frank Warren. Guest speakers will appear from time to time. Music will be provided by the radio choir under the direction of Professor Wilbur Anders.

Auditorium  
Gets \$25,000

The Auditorium-Administration building fund has reached the \$75,000 mark with the announcement by President Warren of a gift of \$25,000 from the Crowell Foundation.

This gift, the largest made to Whitworth in a number of years, came as the result of a visit by Dr. Warren with Mr. H. C. Crowell, president of the Crowell Foundation. Mr. Crowell is also president of the Quaker Oats company, president of the board of trustees of the Moody Bible institute and has many other active interests throughout the country. President Warren said that the gift was given to Whitworth because, "Whitworth is unequivocally a Christian college."

Now that the library and science buildings are nearing completion, the school administration will concentrate on raising funds to build the auditorium-administration building and will announce in the near future plans for a campaign to raise funds for this building.

Beat Whitman . . .  
but come back alive!  
Drive Safely!

STUDENT BODY TO ELECT  
OFFICERS FOR YEAR BOOK

The publication of the Natsih will be under the general supervision of the executive board and publications council this year according to the amendment of the by-laws.

The editor-in-chief and business manager of the Natsih staff shall be elected by and from the student body at large. Nominations for these offices will be made by the heads of the journalism and business administration departments in the following manner:

## Will Name Two

Three weeks prior to the general spring elections, a call shall be made for candidates for the offices of editor-in-chief, and business manager. These candidates shall appear before the executive board to state their qualifications and submit to examination. From this group the executive board shall nominate no fewer than two for each office.

The elected editor shall not serve during the year following his election except as in the capacity of observing editor, but shall take over office the year following his apprenticeship. This year

WOMEN WILL HOLD RETREAT  
AT DEER LAKE, OCTOBER 8-10

"What would Jesus do?" will be the theme of the 14th annual Women's conference at Pinelaw park at Deer lake, October 8, 9 and 10.

Principal speakers will be Miss Frances Gray, secretary of the Presbyterian Board of Foreign Missions and Mrs. C. Davis Weyerhauser of Tacoma, who is a prominent youth leader in the northwest.

CHOIR PLANS  
TWO TRIPS

The choir's prospective plans have been disclosed by Helmut Bekowies, choir manager. An innovation in choir history is the scheduled two trip program. The demand for the choir came as a result of the concert last spring at the General Assembly of the Presbyterian church.

The first trip to be taken by the 56-voice choir will be during the first week of Christmas vacation. This will be a tour of the coast cities including Bellingham, Everett, Bremerton, and Seattle.

The spring tour, which will take two weeks between winter and spring quarter, will cover Idaho and western Montana. Concerts will be given in Coeur d'Alene, Kellogg, Twin Falls, Pocatello, Boise, Idaho, and in Missoula, Helena, Butte, and Bozeman, Montana.

Whitworth Lures  
Foreign Students

Among foreign citizens entering Whitworth for the first time is Betty Montana who was born and educated in Lima, Peru. She is a Peruvian citizen and is in the United States on a permanent visa. Norma Bantello, who is a transfer student from Stockton Junior College, was born in Stockton, but retains her Philippine citizenship. (Cont. on Page 3, Col. 3)

Women's conference has always been something special in the activities of Whitworth women, and those who have attended before have come back with a definite feeling of rededication to Christian ideals, as well as the satisfaction of having made new friends.

Although the retreat is spiritual in nature, a full recreation program has been planned and promises to be fun for everybody. Busses will leave the campus at 3:30 p.m. Friday and return at 3:30 p.m. Sunday.

The conference committee advises that girls take a generous quantity of warm clothing and bedding. Those who have shivered through previous conferences will be happy to know that there will be heat in the cabins. Slacks, jeans, and pedal pushers will be the ideal wearing apparel, and no one will need skirts or dresses unless they prefer them. Sturdy shoes should be brought along, also.

If weather permits, there will be an opportunity for swimming. Other recreational activities will include boating, hiking and games.

Next Monday a special chapel for women students has been planned, and Miss Jenkins will give a history of past conferences. The conference theme song, written by Laurel Fraser, will be introduced.

Conference tickets will be on sale in the foyer of the gym until Wednesday.

The program for the outing has been planned as follows:

## Friday

Get together party, Coleen Pickert.

Service, Mrs. Weyerhauser; "What would Jesus do in our family life?"

## Saturday

Morning service, Miss Gray; "What would Jesus do in our educational life?"

Afternoon service, Mrs. Weyerhauser; "What would Jesus do in our occupational life?"

Evening Banquet, Marilyn Nelson.

Service, Miss Gray; "What would Jesus do in our spiritual life?"

(Cont. on Page 3, Col. 3)

DRAMA TRYOUTS  
NOW UNDERWAY

"Papa Is All," a three-act comedy by Patterson Greene, will be presented by the Speech department during Homecoming week.

The recent days have been spent in "tryouts," as Prof. L. Waltz has been coaching those competing for the character roles.

The character sketches will soon be awarded to qualifying students, and rehearsal will begin.

"That I may make the voice of thanksgiving to be heard, and tell of all Thy wondrous work."—Psalm 26:7.

### Editorial Policy

To rid the reader's mind of any doubt as to the policies of this publication, it may well be understood that the Whitworthian is the official publication of the associated students of Whitworth college. The policy of this paper will coincide with the best interests of the association.

If it is necessary to criticize, that will be done. If a job is well done, credit will be given. If a worthy project or cause is in need of editorial backing, we will back them inasmuch as is possible.

We feel free to discuss any problem which is of concern to the associated students of Whitworth college.

However, it should be understood that we are not a gripe board. There are proper media to take care of petty grievances. Student body officers are willing and able to discuss anything which concerns student welfare.

There will undoubtedly be several feet trod on during the coming year, but if they are placed in such an uncompromising position we cannot be held responsible.

We are unencumbered with any ties or affiliations other than to serve Him through serving Whitworth.

### Let's Have Encore

It was good to see a winning team at Ferris field last Friday night. The game was well played. School spirit was at a peak even in the heavy Spokane dew. We hope the team can continue to give top performances even when the score isn't top heavy in our favor.

As for the spectators, remember that the team needs your support, win, lose or draw. Back them up at Whitman tonight.

## FROSH RELATES AGONIES

It was 2:20 p. m., Monday, September 20, in the Year of Our Lord, 1948. I, with my bright and shining face a-glow in eager anticipation, gazed about me at that institution of higher learning, WHITWORTH COLLEGE. As I stood transfixed by the beauty and the fright of it all, I was rudely awakened from my reverie as a little red book was thrust into my dainty white hand and a green paper doll pirate was stabbed onto my vermilion and chartreuse sweater—a welcome that touched me deeply.

They led me away to my dorm. As I scanned the horizons thru the bars (I have vertical dots before my eyes), I thought of home and the eighty-one and a half days until Christmas vacation.

#### Night Is Chilly

My roommate and I found it a little cool that evening since our bedding had yet to arrive, but come Tuesday morning we were ready to meet our fellow classmates, whose names I promptly forgot, and our first Whitworthian breakfast which was to strengthen our constitutions for the following placement tests. The afternoon was spent in registration and confusion. Though tired as I was from that great ordeal, I mustered strength that evening to find relaxation and new friends at the year's first social event, a wienner roast and hymnspiration at the Point.

Cash Sprouts Wings

Wednesday morning dawned bright and cheerful, but as I continued down the last mile of red tape towards Mr. Oakes, the sunshine was gradually disappearing from my life. However, it stopped raining before evening so that no one could have an excuse for missing the inspiring C. E. meeting and the following refreshments in the Commons.

Thursday we Frosh welcomed the upperclassmen into our midst, met our Big Sisters, started remembering a few of the names of the people we'd met all week, and added 225 members to the Whitworth family.

## SCRIBE RELATES BAIRD JOURNEY

Dr. and Mrs. Jesse H. Baird, who left last July 9 from New York, aboard the luxury-liner Queen Mary, are still in Europe and expect to return to the United States sometime in October.

Their first destination in Europe was London, England. Journeying to Scotland, Dr. Baird delved into literature and some geology to learn the background history of the beginning of the Presbyterian church. Scottish ministers conferred with Mr. Baird, who spoke fervently to encourage evangelistic spirit.

The Bairds, upon leaving Scotland, ventured northward to the country of mountains and fiords. While in Norway, Mrs. Baird spent 10 days visiting relatives, whom she had never seen.

Returning southward, they attended the Geneva Conference, where Mrs. Baird was elected president of the Presbyterian Women of the World, which requires a leadership in office of a four-year period. In Amsterdam, Mr. and Mrs. Baird witnessed the assembly of the World Council of Churches. At the present, Dr. Baird is participating in evangelistic tours throughout Belgium, Holland, and France.

Upon returning to the United States, they will go directly to Washington, D. C., where he will speak before the Presbyterian men of Congress. Later, a reception will be given in the capital city; among the guests invited are President and Mrs. Truman. Dr. Baird will then return to San Anselmo, November 5, to tour the United States and speak at the many Presbyterian churches, until a new moderator is elected at the next General Assembly of Presbyterian churches.

Dr. Jesse H. Baird was chosen moderator last year at the General Assembly in Seattle. He is president of the San Francisco Theological Seminary of San Anselmo, California. His two daughters, Mary and Margaret, are attending Whitworth.

## FTA SCHEDULES INITIAL MEET

Future Teachers of America will have a meeting October 7, at 10:00 a.m. in Social Science 1, according to club officers. Plans for this year will be discussed.

Future Teachers of America is the organization of students preparing to enter the teaching profession. F.T.A. is unique among college organizations since it offers the student of education the privilege of being a member during his college years of the state and national organizations of teachers with whom he will be associated during his professional life.

The purpose of F.T.A. is to provide students with specific information about the organization, requirements, and opportunities in the various fields of education.

New students in education are invited to attend this meeting to learn more about the aims and purposes of the organization.

### Barlow Excels As Ticket-Taker

The other day Don Barlow received an overparking ticket. He went down to pay his ticket and returned to his car, only to find that he had received another ticket for parking in the alley behind the police station. He ended with a total of three in three days.

## FACULTY ADDITIONS MARK NEW CURRICULA EXPANSION

Among faculty members greeting students returning to their fall studies are several new instructors. They will supplement or direct various departments in Whitworth's expanding curriculum.

From Princeton comes Fr. L. E. Yates, who will work in the fields of philosophy and Greek. Mr. Yates holds a bachelor of arts degree from McGill university, bachelor of divinity from Presbyterian seminary in Montreal, master of arts from University of Toronto, and nary in Montreal, and master of arts from University of Toronto. Prof. Yates has had a number of years of teaching and pastoral work.

#### Miss Smith Returns

Returning to Whitworth campus with an M.A. from Biblical seminary in New York is Miss Evelyn Smith, who will instruct courses in Bible and Christian education. Miss Smith was at one time a Whitworth housemother.

The modern language department welcomes Dr. Ruth Grob from Zurich, Switzerland. Dr. Grob received her doctorate from the University of Zurich, and taught at Girls' college in that city.

The nursing program and health supervision at Whitworth is being directed by Miss Olive Rees, formerly of the Bible Institute of Los Angeles. She has studied at Cook County hospital, Chicago, and at Penn college in Iowa. She has wide experience in nursing and in teaching nursing arts.

#### Blevins Join Staff

Professor E. M. Blevins has joined the staff in the teacher training department. He studied at W.S.C., University of Washington, and Stanford University, and has a number of years of successful teaching and administration experience.

In the music department Professor John V. Robbins will teach strings, conduct band and orchestra, and work in the field of public school music. Professor Robbins received both his bachelor's and master's degrees from Teacher's college, Columbia university. He has played the violin since he was eight, and has 15 years experience in band and orchestra conducting.

V. John Bachman, professor in the speech department, comes to Whitworth from Pacific university, Forest Grove, Oregon. After receiving his B.A. at W.S.C. he went to Northwestern university in Chicago, where he earned his M.A.

#### New Scientist Added

The natural science division is augmented by Professor James S. Legg, who will instruct courses in botany, microbiology and advanced physiology. Professor Legg has studied at College of Puget Sound, where he received his B.S. and M.S. degrees, and served as a graduate assistant.

Women's physical ed classes are being instructed this year by Mrs. Daniel A. Cheska.

A new staff member is Miss Iola Johnson, dietitian. She plans to instruct in the home economics department during the winter quarter.

## HALL PROCTORS ARE ALL VETS

Dr. T. B. Maxson, dean of men and supervisor of the men's counseling program, announces that the counselors for the men's dormitories this year are an exceptionally fine group. He reports that they are all veterans, married, and advanced students. These men have been selected because of their understanding of students and their problems.

In Nason hall are Mr. and Mrs. Daniel Cheska; in Washington hall, Russ and Eldora Hansen; in Whitworth hall, Sam and Emily Wall and their young daughter Cathy; in Goodsell hall are Mr. and Mrs. Ellison.

Lancaster hall has the largest population, 43 fine young gentlemen. Whitworth hall comes next, with a population of 40. In Goodsell are 38 and in Washington 32. Nason hall, which last year was a women's dormitory, now has 23 thriving men. And, the most curious of all, is the basement of MacMillan hall, inhabited by four lone wolves. They call it MacMillan Hole.

## Many Courses Newly Added

An increase in the number of courses offered at Whitworth is noted. Many courses formerly available to students only in alternate years will now be offered each year.

The Letters and Fine Arts division lists two new courses in speech, introduction to radio and religious drama and pageantry. Professor Bachman will instruct the radio class, and Professor Waltz the other study.

The music department reports that the course in fundamentals of voice is being offered here for the first time, and that the courses in violin class technique and public school music methods have been reorganized.

English IA replaces the course designated as English O. Students who fail to meet requirements in English on entrance examinations will be able to take five hours of English I for three hours credit, instead of the two non-credit hours of English O. Special assistance will be available to students in this group, according to Dr. Christianson.

## LOVE BLOSSOMS IN SUMMER SUN

Spring is said to be the time of romance, and summer can now be said to be the time of wedding bells, if the number of Whitworthians married over the vacation is any indication.

Glenn Ellison married Dorothy Hone, Al Christensen married Evelyn VanderSys, Bill Ainley married Nancy Osborne, and Malcolm Wallace married Carolyn Erickson, all of whom have returned to the campus to attend classes.

Other returning students who were married during the summer are Homer Cardle, who married Margaret Thoming; Dick Terry, who married Virginia Cawthon; Bob Kolstadt, who married Mary Gundlach; and Vern Tucker, who married Elizabeth Heideman.

All of the girls are former Whitworth students.

## Miss Shires Tops Frosh

Florence Shires earned the highest grade in the Entrance test in English. She scored eleven points less than a perfect score Flossie Jones and Jo Anne Biggerstaff made the next highest scores in that order.

Distribution of grades was as follows: A, 3; B, 34; C, 116; D, 54 and F, 20.

Since those making D or F grades were failed, the total number of failures was 32 per cent. If only those making F had been failed, failures would have totaled eight per cent.

### A Student's Prayer

I ask not that God's spirit will touch my life, but that I might have the courage and daring to seek His presence;

I ask not that God will bestow blessings on me, but that I shall be so in His service that His opportunities for bestowing them shall be increased;

I ask not for greater spiritual strength, but that I might use the spiritual power I now have to gain more.

—E. S.

## Staff Adds Dietician

The newest addition to the dining hall administrative staff is Miss Iola Johnson, recently appointed full-time dietician. Miss Johnson received her B.A. degree at the University of Wisconsin, took a one year administrative dietician training course at the University of Washington, and spent three months in the field of recipe testing for the American Dietetic association.

Her plan for the year is to serve to the students enough food, and food of the right kind. However, due to high food prices, it has become necessary to omit second serving on meat, milk and butter.

The Dining Hall accommodates from 300 to 325 people in the morning, from 450 to 500 at noon, and about 400 in the evening. In order to provide adequate facilities for all students and faculty, the football men eat in the annex both morning and evening, and members of the choir eat at 5:00 p.m. each evening.

Miss Johnson welcomes suggestions and comments concerning the food from the student body members.

## Couples Reveal Betrothal News

It may take the new Freshman a while to realize that Whitworth is a co-educational college, but the upper classmen seem to be well aware. The first engagement announcement of the school year was from Bud Fraser and Esther Gray, on Wednesday the 28th.

Vacation time was put to good advantage by others. Those announcing their engagements during the summer months were Stan Rottrop and Elizabeth Lundin, Jimi Dowdy and Virginia Gaiser, and Nick Faber and Beverly Holmes.

## Frosh Elect Prexy

Newly elected Freshman class officers are: pres. Don Cameron of Spokane, V. P. Paul Schilperoort, Sec. June Wiley, Treas. Jeannette DuFresne, Social Chairman Betty Montano.

## REC ROOM OPENS SOON

Grand opening for the Student Union hall, provided all goes well, is anticipated for this coming week. Norman Dorpat, committee chairman, reported that the two adjoining rooms of the former bio lab in the basement of McMillan Hall are being utilized for a student recreation room and lounge.

The lounge will be furnished with davenos, chairs, tables, lamps and other furniture that can be secured. Two ping-pong tables, a pool table, coke, candy, and popcorn machines are to be installed in the recreation room. Metal lockers are a hope for the near future. They will be erected against the wall in the recreation room.

A few pieces of furniture have been dug up from various parts of the campus. For instance a few chairs were kidnapped from some of the dorms, a davenoe came from parts unknown, and a table that had weathered the storms of the past year behind the gym was scraped off and set up as a vital part of the furnishings.

As is generally the case some of the furnishings will cost money, and as yet the committee has none to work with. Alpha Kappa Chi is planning a play to raise money for the cause, and the town students will also have this goal as their special project. But since this room is to be available to all, contributions from everyone will be appreciated.

## Whitworth Lures

(Continued from Page One) citizenship. Others who have enrolled at Whitworth for the first time and who have had experiences abroad are Wilma Rhine-smith, who served as a missionary secretary in Guatemala and Myles Walburn who went to an American high school in Tsingtao, China.

The foreign students that were here last year and who have re-registered so far, are: Paul Parker, from Korea; Leigh Taylor, who has a dual Canadian and Mexican citizenship and comes from Mexico City; his sister Joy Taylor who is a United States citizen but calls Mexico City home, and Geoffrey Peasland, a British subject also from Mexico City.

## Women Retreat

(Continued from Page One) Dedication ceremony, Miss Evelyn Smith.

Sunday

Morning service, Mrs. Weyerhaeuser; "What would Jesus do with my life?"

Communion, Dr. Mark Koehler. C. E., Miss Gray.

Betty Lange is general chairman for the conference. Other committees and their chairmen are: publicity, Phyllis Newton; finance, Barbara Wilson; program, Beverly Holmes; decorations, Donna and Mary Anderson; recreation, Amber Oaks; registration, Jean Runner; music, Laurel Fraser; commissary, Annie Matters; secretary, Junita Christenson; transportation, Irene Clausen.

## LIBRARY OPEN SIX NIGHTS

Greatly increased study facilities are fast making the new Harriet Cheney Cowles Memorial library a focal point for intellectual life on the campus.

"The students have been co-operating beautifully in keeping the library quiet," complimented Mrs. Rhea French, college librarian.

The library will accommodate approximately one-third of the student body at one time. Mrs. French reports that 17 per cent accommodation is high for college libraries as a whole.

The building will be open six nights a week for a trial period to see if students want to use it on week ends. It is now open until 9:45 each evening. Cloak rooms will be provided for town students wanting to come out evenings and study.

All books except references will be kept in the stacks, according to Mrs. French. Delays in painting have prevented placing all references on the shelves but this will be accomplished soon. The library has plenty of room for expansion and Mrs. French hopes to buy new books this year.

Special study carrels are available for graduate students and a room has been set aside for students who wish to bring their typewriters. Two large rooms in the basement are available as lecture halls and plans are to use one for visual aid work.

Journalism will be the only department regularly located in the library.

A faculty committee is now making arrangements to furnish a faculty lounge in the basement.

The enlarged library staff includes Mrs. Harold Penhalurick as assistant and the Rev. W. B. Nelson as custodian.

This building is the gift of the William Cowles family of Spokane as a memorial to the late Harriet Cheney Cowles.

## C. E. Funfest To Be Tomorrow in Gym

The first C. E. recreational event will be held Saturday evening October 2 in the gymnasium. This will be a chance to get acquainted.

Installation of officers is scheduled for Sunday evening, October 3, when Dr. Mark Koehler will speak on the subject "Christ is Lord at Whitworth."

Sunday, October 10, C. E. will hear echoes from Women's conference.

The Rev. Stithhof of the Friends of Israel will be the guest speaker on Wednesday, October 13. With these future plans the Christian Endeavor executive hopes to encourage the mutual growth of all in making Christ Lord of all.

Bring 'em back alive! Whitworth needs everyone of you. Only the lubs can use 'dead specimens!

# WHITS DOWN NORTH IDAHO

## HARD PUNCHING PIRATE TEAM FORCES LOGGERS DOWNSTREAM

By Walt Dawson

Unleashing a powerful scoring punch unprecedented in Whitworth football history, the Pirates all but drove North Idaho out of Ferris field last Saturday night as they walloped the Loggers 47-6 to hang up their first victory of the new season.

Even rain and a wet ball failed to halt the Whits' offensive, the Pirates seemingly scoring at will while rolling up 120 yards from passing and an even 200 on the ground.

Vern Tucker started the fireworks for the winners early in the first period when he raced around right end for the opening score of the game. Then Bob Cruzen followed with one of his five place kicks of the night to give the Whits a 7-0 lead. A few moments later Whitworth moved ahead 14-0 when Tucker and Cruzen exchanged a pass and a lateral Vern finally carrying the ball over for the tally.

### Cruzen Runs 88 Yards

The second quarter had just started when Cruzen intercepted a pass on his own 12 and, aided by some timely blocking from Tucker and Nick Faber, ran 88 yards to score.

Before the half ended the Whits added their fourth touchdown when Don Bennett flipped a pass to Cecil Telecky, who scampered 37 yards to pay dirt. Del Schalock set the stage for the pay-off aerial a few moments before when he intercepted a Logger forward on the 40.

Mid-game favored the Pirates with a commanding 26-0 lead.

Whitworth continued its touchdown marathon in third quarter with Cruzen scoring on a drive through center from 11 yards out.

### Lentes Blocks Kick

With the Loggers deep in their own territory Ron Lentes charged through the NICE forward wall to successfully block a kick, and Jerry Pomeroy recovered the ball in the end zone for the Pirate's sixth touchdown.

Tucker closed out the evening's scoring for the winners crossing the goal line for the third time early in the fourth stanza.

### 13 First Downs

An aggressive Pirate line kept the Loggers' Model T in low gear throughout most of the contest. The game was 55 minutes old before the Idaho eleven counted a first down. Meanwhile fullback Dutch Elias and quarterback Ed Kretz paced the Whits' passing and running attack which netted the Pirates 13 first downs.

The visitors scored their lone touchdown in the waning minutes of the game when three members of the Logger line broke through to recover a Whitworth fumble in the end zone.

### The short score:

Whitworth 14 12 14 7-47  
N. I. C. E. 0 0 0 6-6

## DOG HAS DAY

"Bul" Durham brought a dog up from California. "Butch" is of doubtful ancestry, but already has had more womens' arms around him than any fellow on campus. (Lucky dog!) Talk is going around that he ought to be official campus mascot.

## Five Elected To Cheer Team

Cheers, cheers and more cheers! Let's all cheer with our new five-man cheer team elected last Tuesday morning at the student body meeting.

Originally only three students were to compose the team, but according to the applause meter, composed of three prominent masculine students, there was a three-way tie among the girls trying out.

A suggestion was made that there be a five-man instead of a three-man team. The resulting vote made the five-man team possible and another boy had to be elected.

Bob Riley was unanimously elected as the first male member of the team. After the vote another boy was finally persuaded to come out from the audience and try out for a corresponding position. He, Chuck Payne, was also (strangely enough) unanimously elected.

Floy McKee, Franny Anderson, and Mary Lou McKeean were elected to compose the feminine section of the team.

Gwen Jackson, Lois Rundell, and Phyllis Gish also tried for these positions.

A pep team of seven will be chosen from volunteers who would like to participate. Notices will be posted concerning this team. The cheer team and the pep team will work together.

The pep team will have charge of half-time activities at the games and any decorations that may be needed. The rooting section and all publicity will also be under their direction.

## Pirates Drop Initial Game

Playing without the services of four starting lettermen, Whitworth bowed to College of Idaho 33-28 in a crowd pleaser at Caldwell, Idaho, September 18. A non-league tilt, it was the first start of the year for both teams.

Linemen Bob Kohlstaedt, Tom Jones and Ron Lentes, along with veteran halfback Vern Tucker were absent from the Pirate lineup in the opening go.

Whitworth's weakened line took another jolt late in the first half when it lost the services of Bull Durham and Howard Froman, tackle and guard, respectively. Both were sidelined with injuries that kept them out of scrimmage drills for nearly a week.

### Take Early Lead

The Pirates held a 14-13 lead at the half but lost the contest when the Coyotes rallied in the third period.

Sammy Adams, freshman end, caught two passes, for touchdowns, and reserve back, Bob Davis, intercepted an Idaho pass for another score. Bob Cruzen registered the Whits' fourth TD. Cruzen also came through with a perfect night in conversions, splitting the uprights four times in as many tries.

## WHITS AND WHITS CLASH TONIGHT

### WHITWORTH COLLEGE

#### 1948 Football Schedule

Home games in bold face

Oct. 1—Whitman

Oct. 8—\*College of Puget Sound.

Oct. 16—\*Eastern Wash.

Oct. 23—\*Western Wash.

Oct. 30—Open date.

Nov. 6—\*Pacific Lutheran (Homecoming)

Nov. 12—\*St. Martins.

Nov. 20—\*Central Wash.

\*Evergreen Intercollegiate Conference game.

## Pirates Will Seek Repetition of Last Year's Win at Walla Walla

Seeking their second straight win in as many weeks, the Whitworth Pirates move to Walla Walla tonight for the annual mixer with their traditional non-conference rivals, the Whitman Missionaries. The post-war series between the two clubs stands at a game apiece. Whitman edged the Whits 7-6 in the 1946 contest and last year Whitworth dumped the Missionaries 21-7.

## W. A. A. OFFERS DAWN HIKES

Girls—its not too late to join the Women's Athletic association. There will be hiking every school day between 6:00 and 7:00 a.m. If you're tired of that heavy load you've been carrying around join the club in their workouts.

The Whits, fielding one of the best teams in the school's history and a possible title contender in the Evergreen Conference, will be out to repeat last season's performance against the Walla Walla eleven before swinging into league competition next week.

### Whitman Is Threat

Reports indicate that Whitman has a much stronger team than last year's squad. In their only start this season they dropped a 14-13 decision to Lewis and Clark of Portland, losing the game in the last four minutes of play. Pirate Coach Aron Rempel holds high respect for this year's Whitman club. The Missionaries have a number of returning lettermen and they have picked up some good players to fill the gaps.

During the last two weeks Rempel has been running his charges in practice against the T formation. North Idaho ran the T against him last Saturday, and tonight the Missionaries will operate from the same formation. Rempel is counting on his defense to be up to par.

With the exception of center Bob Kohlstaedt the Whits are in top shape for tonight's contest. Big Bob injured his back in last Saturday's Logger tilt and it has been bothering him this week. In the event Bob is unable to play this evening Bill Van Camp will take charge of the pivot spot.

### Probable Lineups

Whitworth		Whitman	
Adams	LER	Wilson	
Faber	LTR	Lane	
Froman	LGR	Buckles	
Van Camp	C	McGovern	
Oldstad	RGL	Peringer	
Jann	RFL	Golden	
Kretz	QB	Miller	
Tucker	LHR	Richardson	
Cruzen	RHL	Siverts	
Elias	FB	Bader	
		Boyes	

## CRUZEN TAKES SCORING LEAD

Bob Cruzen took an early lead in the Pirate scoring, racking up 27 points in the two contests played to date. The junior halfback has counted three touchdowns and has booted nine conversions in 11 tries, the first six coming in succession.

Runner-up in the TD parade is Vern Tucker with 18 tallies. Tucker did all of his scoring against North Idaho, having missed the College of Idaho tilt the week before.

As a team the Pirates have amassed a total of 75 points against 39 for the opposition.

### How the Whits score:

Player	G	TD	PAT	TP*
Cruzen	2	3	9	27
Tucker	1	3	0	18
Adams	2	2	0	12
Telecky	1	1	0	6
Davis	2	1	0	6
Pomeroy	2	1	0	6
Totals	2	11	9	75
Opponents	2	6	3	39

(\*G—Games, TD—Touchdowns, PAT—Point after touchdown, TP—Total Points.)

## MEET THE NEW PIRATES

By Dick Hardesty

Willie Hoff—a freshman, played first string varsity fullback on the Pirate 1946 grid squad. He was lost to the team after the second game when he developed an acute sinus infection and had to leave school. Returned this fall as a freshman, he is married and calls Hayward, California, home. Weighing 190 pounds he stands six feet tall, is 20 years old, and holds down the signal calling position on offense.

Sam Adams—coming from Fort Worth, Texas, a freshman, is turning out at an end position. While attending Fort Worth high school he made all-state football and basketball and all-district track and baseball teams. Adams, 20 years old, is six foot two and weighs 190 pounds. He is a physical education major.

Donn Jann—a sophomore, lettered at the Duluth branch of the university of Minnesota last year. A first string tackle, weighing 205 pounds, he stands 6 feet 2 inches tall. Only 19, he is a psychology major and is studying for the ministry.

Ed Kretz—calls Soap Lake his home, but played his high school at Hoquiam, Washington. After graduation he entered the service and entered Whitworth as a freshman this fall. At only 5 feet 9 inches tall, this 20 year old hard-plunging back weighs 185 pounds.

Wes Camp—played at Lewis and Clark high school as a fullback in '43, '44, and '45. He played freshman ball at Washington State College last year, and entered Whitworth this fall as a Business administration major. He has been playing end since joining the Pirate roster.

GOODY  
GALS

## Whitworthian

GOODY  
GALS

VOL. 39

SPOKANE, WASHINGTON, OCTOBER 8, 1948

NO. 2

## DR. HARDWICK IS HONORED TODAY

SIX STARS CAST IN PLAY;  
FORMER BROADWAY HIT

"Papa is All," a three-act comedy that was shown on Broadway for a considerable length of time, beginning in 1942, is the name of the Homecoming play.

Character roles have been awarded respectively by Mr. Waltz and Mr. Bachman, of the speech department, who have been directing "tryouts."

"The character play," said Prof. L. Waltz, "is unusual in setting and characterization; yet, presents all of the requirements of really good drama."

All chosen are experienced players. The stagecraft class, under the direction of Prof. J. Bachman, is to build the unique set for the play. The class in make-up and costume will also assist.

## The Cast

Mr. Aukamp ..... L. G. Baker  
Mrs. Aukamp ..... Carmen Poole  
Emma, the daughter, Betty Follett  
Jake, the son ..... Charles Bovee  
Mrs. Yoder ..... Virginia Gaiser  
State Trooper Brendle  
..... LaVern Brassard

TO CONTINUE  
TESTING PLAN

The Personnel and Guidance Committee of Whitworth College plans to continue the guidance testing program.

The tests will be given in three major fields, personality, intelligence, and interest. Special aptitude tests will be given upon recommendation. The tests will be interpreted, and students counseled by Dean Theron Maxon, Dr. Francis Hardwick and other faculty members.

The program will begin October 20th. Applicants will apply at Dean Maxon's office. The tests will be given in order of the application. No applications will be accepted until an official announcement is given.

A fee of two dollars will be charged to non-veterans.

Members of the Personnel and Guidance Committee are Dr. Gustav Schlauch, Dean Marion Jenkins, Dean Merton Munn, Dr. Francis Hardwick and Dean Maxon.

PIRETTES ALTER  
CONSTITUTION

The Pirette honorary society held their first executive meeting on Thursday of last week with JoAnn Larson, president, in charge. The officers voted to hold club meetings monthly.

The first general meeting was Monday. The women heard the first reading of a proposed amendment to the constitution governing choice of new members.

Miss Marion Jenkins is faculty adviser.

Delegates Will  
Attend Workshop

Beth Roduner and Margaret Scharff, Alpha Beta members, have been elected as delegates to the Province Work Shop to be held in Pullman in November.

Purpose of the workshop is to create new ideas for activities in the home economics clubs of the northwest.

The club will sponsor a fireside soon, during which new members will be initiated and officers installed. Officers for this year are: President, Marilyn Esty; Vice President, Phyllis Cosman; Secretary, Beth Roduner; Treasurer, Alice Williams; and Sgt. at Arms, Doris Cole.

Raising funds for the European Christmas Relief Fund will be the club project this quarter.

GALS DEPART  
FOR RETREAT

Approximately 150 women will leave the campus at 3:30 this afternoon for Pinelaw park at Deer lake and the annual three day Women's conference. The busses will return at 3:30 on Sunday.

Betty Lange, conference chairman, announced with satisfaction that there will be 17 cabins with stoves at this year's camp site. Miss Lange expressed appreciation for the cooperation given her and particularly commended Bev Holmes, program chairman and Annie Matters, commissary chairman.

Barbara Wilson is co-chairman of the event and also chairman of the finance committee. Juanita Christiansen is secretary. Others serving as chairmen are Irene Clausen, transportation; Jean Runner, registration; Laurel Frazer, music; Phyllis Newton, publicity; Wendy Clark, housing and Amber Oaks, recreation.

The conference theme, "What Would Jesus Do?" will be carried out through the leadership of Miss Frances Gray, secretary of the Presbyterian Board of Foreign Missions and Mrs. C. Davis Weyerhauser of Tacoma.

## Library Feted

The formal dedication of the new Harriet Cheney Cowles library will be Sunday afternoon, November 14, at 3:30, according to an announcement this week by Mrs. Rhea French, librarian.

## COMING EVENTS

Tonight — Women's Conference begins.  
Tonight—Football, College of Puget Sound at Tacoma.  
Oct. 15—All School Party, Sponsored by Seniors.

DR. FRANCIS T. HARDWICK

Registration  
Hits New High

815 students are enrolled at Whitworth this quarter, according to the registrar, Miss Estella E. Baldwin. This is an increase of 65 over the enrollment for the fall quarter a year ago, and 168 more students than were enrolled the year before last.

This year there are 265 veterans, seven women and 258 men. Non-veteran students number 550. Of these, 221 are men and 329 women.

## Editors Named

Rogers Walker was appointed news editor, at the last meeting of the Whitworthian staff on Tuesday. Bill Sauve, editor, also appointed Maxine Johnson as make-up editor; Susie Voorhies and Joan Beckwith as copy editors and Barbara Deemy as women's editor. All staff positions, except that of editor-in-chief, will be rotated.

GIRLS GO AWAY  
MEN WILL PLAY

Alpha Chi announced that since the usual entertainment, namely women, will be away from the campus for the week end, steps have been taken to remedy the situation.

The united men's dorm organization has come to the rescue with plans for an athletic night of volleyball, basketball, sports, movies and, of course, stuff to eat.

Don Smith, president of Alpha Chi and chairman of this affair, reports the stag party is scheduled for Saturday night at 7:30 in the gym.

"A special invitation is given to fellows from town and, incidentally, if any of you gals cannot make it to women's conference, you're more than welcome too," Don declared.

Beloved Educator  
Celebrates Birthday

By Rogers Walker

Whitworth college today commemorates the eightieth birthday of one of its best known instructors, Dr. Francis T. Hardwick. Today has been proclaimed Dr. Hardwick day in behalf of the educator who has served the college for the past 19 years.

Although far removed from his early ambition to serve as a British foreign diplomat in India or the Levant, Dr. Hardwick looks back over a long, successful career which has led him to participate in educational work in both Europe and America.

## Cake Displayed

Ceremonies during chapel hour this morning included the display of a huge representation of a birthday cake. Dr. Warren presided, and addresses were given by the chairman of the board of trustees, by Dr. Lester Hussey, president of the alumni association, and by Gerald Mahaffey, AS-WC president. Incidents from their schooldays were recalled by former students, including Miss Marion Jenkins and Miss Estella Baldwin of the Whitworth faculty, Leonard Richardson, the Rev. W. W. Ramco, and others.

While waiting for an appointment to the British diplomatic service, Dr. Hardwick opened a school for boys in his native England. In order to master the French language required in the diplomatic work he taught in both France and Switzerland. Realizing that an educational career suited him better than the diplomatic service, he began studying at London university, where he received his B.A. degree.

## Visits Family

During a year's visit with members of his family in Minnesota, Dr. Hardwick was induced to accept a position as chemistry teacher at Winona high school. Following that he was superintendent of schools at Waterville, Minnesota. Next he accepted a principalship at Everett, Washington, where he worked out a plan for a junior high school, which was the first established in the state.

The University of Washington granted him his M.A. and Ph.D. degrees, and he has completed further postgraduate work at University of Chicago, University of Wisconsin, and University of California.

## Self-Taught Pianist

Dr. Hardwick has shown interest in piano playing, which was self-taught, in Boy Scout work, and in movie-photography.

Among other accomplishments, Dr. Hardwick has been a justice of the peace, a Presbyterian pastor, moderator of the Spokane Presbytery, president of the Mental Hygiene association of the Inland Empire, and acting-president of Whitworth college.

Dr. and Mrs. Hardwick have four children, and several grandchildren.

Miss Nance  
Gives Talk

Hymn singing opened the first gathering of the Mission Fellowship for the new school year, 7:00 Sunday morning. After this "awakening" part of the program, 90 students heard an informal talk by Miss Virginia Lee Nance, former Whitworthian and graduate nurse, who is sailing shortly to China to begin work in the Inland Mission.

Her topic, "Seven Steps to the Mission Field," pointed out consecration, commitment of will, co-operation with God, a call, investigation of fields, certainty of His will, and correspondence with mission boards. She closed with Psalm 71:16, "I will go in the strength of the Lord."

Following the meeting, students were dismissed for breakfast.

Mission Fellowship activities are coordinated by mission chairmen from sponsoring groups, Christian Endeavor, Life Service, Philadelphians, and Alpha Kappa Chi. The purpose of the fellowship is to keep Whitworthians informed of the work and need of mission fields and present the challenge of Jesus, "Go ye into all the world and preach the gospel."

Future plans include missionary speakers and daily prayer bands and information about mission works to be made available in the library.

Bill Gwinn To  
Rival Gallup

Public opinion of Whitworth students will be the basis of a new column to be started soon. A weekly poll will be taken on current events and problems. For instance, the first few weeks will show the progress of the national election race with Whitworth students. Comparisons will be made with other polls, both local and national.

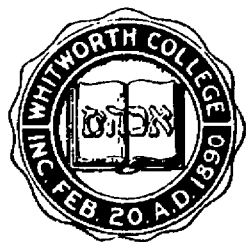

The poll, which will be conducted by Bill Gwinn, will start as soon as the necessary machinery is set up.

"If given 100 per cent cooperation from the students, this column may well become a popular addition to the Whitworthian," Gwinn stated.

## Whitworthian

I John 4: 19—We love him, because he first loved us.

### Mr. Chips of Whitworth

By Rogers Walker.

Today we pause to pay tribute to a man who has done much to help make Whitworth what it is today—Dr. Francis T. Hardwick. We congratulate you as you pass the Biblical "fourscore" years, and wish you many more.

At an age when many would have long ago laid down the burden of responsibilities, Dr. Hardwick willingly and cheerfully carries on in the activities of the school and community. The story of his life, with its many interesting chapters, indicates the wide range of experience that adds to his qualifications as an educator and counselor.

His friendly smile and expert advice will long be remembered by those who have known him.

## FLYING FANS FLOCK AGAIN

Members of the flying club last year each averaged 7.39 hours of solo flight between January 1, 1948 and July 30, 1948. During this summer, Chuck Bovee, a club member, received his solo license.

Bob Notson, president of the club, urges all new students who are air minded to join. "We are looking forward to a better and fuller year," he said "so if you are interested in flying with a Christian club, let us hear from you."

There were 20 members in the club last year. It meets once a month, and actual flying is done at the Western Skyways airfield.

## DR. MAXON TO SPEAK

Dr. Theron Maxon will give a series of lectures at the Central Methodist Church, beginning October 13. Dr. Maxon's subject will be, "Security in Living From the Standpoint of Psychology and Christian Faith."

## Whistler Reports

Reverend Whistler, of the First Christian Church in Spokane, was guest speaker at yesterday's meeting of the Philadelphians.

Rev. Whistler attended the Amsterdam conference as a public relations officer and presented a report of this meeting to the group.

Bud Fraser is the Philadelphian president.

## THUMBS TO GET REST

A transportation pool, sponsored by Alpha Kappa Chi, the town club, opened a survey Monday to bring together drivers who want riders and other students who want rides. Marjorie Collard and Faith Clark are in charge of the project. Forms are being distributed to interested town students, and final passenger lists will be completed soon.

The annual Fall party given by the town club will be October 22, according to an announcement by Norman McDonald, president. No theme has yet been chosen.

Maryon White has been appointed committee chairman for club meetings and chapel. Other chairmen are Gordon Carlson, publicity; Bob Farley, social committee; and campus relations, Norman McDonald. Dr. Gus Schlauch is the adviser.

## Campstry Majors Reminded of Tree

In the interest of the study of "campstry," from which a number of Whitworth students have graduated cum laude, the Intercollegiate Knights wish to remind the student body that Whitworth Tree is still upholding its tradition.

The I.K.'s, who last spring devoted much time to planting lawn and painting rocks for landscaping, offer assurance that the "W" tree is a pleasant setting during the afternoon for study (?)

You'll Vote for Queen  
You'll See the Play  
We'll Win the Game  
You Save the Day!

## Lone Star Men Roam to North Of Home Range

Whitworth is well represented this year by the men from "hi yo all land" where men are men, and if you doubt it, you ask 'em. In case you don't recognize the lingo, I'm referring to the boys from the "Lone Star state."

A glance at the records of some of these fellas might leave a bit of a doubt in the minds of some as to why Texas ever let these native sons escape, and a lonesome girl searching for an ideal man need look no further. Whitworth has them!

Sam Adams is a towering hunk of man who has done just about everything, but he's modest. On his card he was class President and most popular. However by delving a little further into his background we find out that Mr. Adams was an all-state choice in football, basketball, and all-district in track and baseball. Is there any wonder why he has chosen P.E. as his major. He attended Fort Worth High School.

From North Dallas High School comes another factotum to Whitworth. He's Donald Madison Bennett, P.E. major, studying for Christian work, and known as "Pistol Pete" to the boys on the football squad. This freshman, besides being a versatile athlete in the deep south was the "most all round boy," and editor of Quill and Scroll.

These Texas kids seem to excel in athletics. For yet another does Whitworth have. Bob Davis at North Dallas High lettered in football, basketball, and baseball. He was class president, editor of the high school paper, and the most popular boy.

## PHILADELPHIANS SEEK TO UNIFY

From the beginning of its organization, the purpose of the Philadelphian club has been to unify those men entering full-time Christian service. The purpose of the present organization, under the leadership of Bud Fraser, is not only to unify full-time service workers, but to unify the entire campus for Christ and His cause, for which the Philadelphians stand. The key to their purpose is found in the name Philadelphians, taken from the Greek word meaning brotherly love. It is this brotherly love which the organization aspires to spread throughout our campus, to truly unify it.

The club is composed of all men looking forward to full time service, which is the only prerequisite for membership.

The Philadelphians will meet every first and third Thursday during Chapel hour, at which time speakers of renown in the field of Christian service will address them. These speakers will bring to the group helpful information and practical experiences which have made their lives successful, and which will aid in helping others become successful life servants of Christ. Many of the guests will be prominent speakers, missionaries and ministers, some of whom will also appear as Chapel speakers.

Many social functions are planned by the group including the Philadelphian-Life Service banquet, parties, and other events.

Club officers are: Pres., Bud Fraser; Vice Pres., Milton Schindler; Sec., Bob Dudley; Treas., Willis Newton; Program Chairman, Arnold Fosse; Business Manager, Stanton McClenny; Social Chairman, Bill Lew, and Lee Raibley, Missionary Chairman.

## SERENADERS WIN DUBIOUS LAURELS

### REMPEL ASSERTS NEED OF FAITH

At an all-male chapel, last Monday morning, the speaker, Coach Aron Rempel delivered a brief sermon on "Faith."

He said, "The reason that I've chosen the subject of Faith, is because of what happened during the Whitman game. At the half-time rest, we realized that our playing had been of a mediocre quality. We seemed to lack fire and spark, both defensively and offensively. Just before going back onto the field, one of the players suggested the need of getting behind our prayers with definite action."

The resulting game score: Whitworth 14, Whitman 6.

In concluding his message, Coach Rempel said, "I was born in Russia and came to this country at the age of nine years. As now, food was scarce at that time. After many difficulties and obstacles, we managed to leave Russia. I believe that it was the faith of my parents in God that made our journey safe."

Bob Ryland, cheer leader, guided the men in an appreciative 15 "rahs," respectively for Coach Jerry Stannard and the football team, for their splendid performance in the Whitman game.

Before beginning his message, Coach Rempel called for the attending team members, and 27 "bruisers," followed by little "Al" Wilder, trainer of the team, formed a single line before the bleachers.

After introducing team members individually, Coach Rempel announced the game captain, of the Whitman game. Vern Tucker, who received the honor, concluded a brief talk as he said, "We've got a good team, two teams—reserves; that's what I like about it."

## Faculty Visits

Dr. Theron B. Maxon has announced that men of the administration will make a tour of the five men's dormitories on October 21 following the dinner hour. The purpose is to inform the men of the genuine interest that the administration and faculty have in the men residents of the campus. The campus men will be urged to make any comments to members of the tour.

The quiet proctor had just come charging thru the halls. As the 18th door was heard to slam shut, those with imagination could almost hear the ancient town crier whisper, "10 o'clock and all is well." (It's better with a British accent). Gracefully gathering the skirts of my favorite pink and purple polka-dot nightgown about my bow-legs, I leaped into bed (I'm trying out for track in the spring) and started the evening's exercise of settling my "carcus" into and around the various hills and dales of my mattress. After 10 minutes of the struggle, I collapsed from exhaustion into the arms of Morpheus.

Gadzooks—my reflexes snatched me away from Morpheus (shux!) and flung me at my innocent cellmate. With profound apologies, I daintily pattered back to my wee little bed, meanwhile floundering into the dark crevices of the waste paper basket, with wild hopes that the nightmare would soon vanish—optimist that I was.

My long-suffering roommate (brave little soul that she is) peeked out the window and screamed "MEN!!!!!!" As she pulled me back through the window, the evening breeze gently caught and wafted upwards the melodious harmonies to these quivering ears (I use Dr. Lem's book, Ear Calisthenics). There, in the focus of the streetlight, were these God's gift to women pouring forth their heart and soul on wings of song. Such rhythm, such feeling (will some schmoe kindly remove his clammy hands off my neck), such music! My enrapturement was disturbed only by some eager beaver's screen falling two stories.

But all too soon the enchantment ceased, and the flatterers went on their merry way to the next dorm to give the rest of the girls a large charge.

## Sunday Miracle

Last Sunday a miracle happened! Around one table for one purpose were gathered people of every country in the world. The table was the communion table of Jesus Christ, and the purpose was re-dedication of lives. Not in world government, not for social unity, nor for any other activity could Russians, Europeans, Orientals, and Occidentals be brought together. Is that significant?

# MRS. CARREL TOURS SOUTH EUROPE

## Improved Conditions Are Noted by Music Teacher

By Joan Beckwith

Mrs. Anna Jane Carrel spent three months this summer, most of the time spent in a tour of southern Europe. She visited Portugal, Spain, Italy, Greece, Egypt, Switzerland, France, and England.

"Compared to last year," she said, "conditions in Europe have greatly improved. They now have many of the material things, food, clothing and housing, but there is such fear in Europe that the real problems are far from solution even though we might give them supplies."

"Of all the countries," she continued, "Italy seems to be making the greatest strides toward recovery. There is reconstruction everywhere and the people are pleased with the new government of Premier de Gaspari."

### Greece In Crisis

She said that conditions in Greece are still very serious because of the large numbers of refugees there and the civil war in the North. While Mrs. Carrel was in Greece she visited the home and family of Ketty Foudas, a Greek girl who was a student at Whitworth last year. She said that she had a delightful visit with them and they were very grateful for the boxes of clothing and food sent to them from the college.

Ketty's brother was still in active service in the North but he felt greatly encouraged at that time that the war would be settled soon and then of course it ended about three weeks later.

### Lisbon Has Autos

Her first stop was at Lisbon which, she said, profited by the war. Shops are showing fine products and there is a large assortment of American cars on the streets.

She was in Seville, the romantic part of Spain, during one of the fiesta seasons. During this time she found the people still wearing their mantillas and high combs. "Visiting Spain," she said, "is in many ways like visiting a medieval country. Their harvesting, for instance, is done in medieval ways and the people live as in medieval time. Madrid is one of the beautiful capitals, as it is the newest. It was established about the time of the discovery of America. The country as a whole is still suffering from the civil wars and prices are very high and wages low. While there is food available, prices are too high for the people to buy."

### Spain Seeks Students

Spain is eager for Spanish students and this summer for the first time offered summer school opportunities to American students. Previously this has been impossible because of money exchange and of the lack of facilities. "I think," said Mrs. Carrel, "that this will become one of the things that will attract people."

"Cairo," she said, "was very tense with police on all corners because of the Arab-Jewish conflict. Feelings against the Americans were strong. America has evidently lost face with the Arabs, so much so that we had information from the American embassy not to go into certain areas because of danger to life

## Clubs Spark Campus Life

Most college leaders agree that student body and club activities provide a phase of college life essential to the development of a personality that is whole and well-rounded. Advice given to students is that they not overload themselves with extra-curricular activities, but that they not neglect their college social life.

Overlooking the activities of the student body at large is the executive council, consisting of Gerry Mahaffey, president; Al Christensen, vice-president; Mary Leavens, secretary; Jack LaRose, treasurer; and L. G. Baker, fifth executive.

Presidents of each class are L. G. Baker, senior; Dick Terry, junior; and Wally Bekowies sophomore. The officers for the Freshman class have not yet been elected. Each class has its own organization and plans social events and projects for the school.

All women of the student body are organized into the Associated Women Students, with Dorothy Leavens as their president and Marian Venn as their vice president.

The "W" club is the men's athletic association. Their motto is "once a member, always a member." Any man who has earned a letter in one or more sports activities is eligible for membership. Sam Tague is president. The corresponding organization for women students is the W.A.A., and its president is Barbara Wilson.

Alpha Kappa Chi is the organization for town students. Their aim is to provide recreation and fellowship around their common interests and to work with the campus students for close unity in the student body. Their president is Norm McDonald.

Christian Endeavor is an organization of campus students, the purpose of which is to provide for the spiritual life of its members and to promote Christian fellowship. Leigh Taylor is president.

An organization for all men of the student body planning to enter full-time Christian service is the Philadelphians; their president is Bud Fraser. This organization for women students is known as the Life Service club and their president is Esther Gray.

Also on the campus are a number of vocational and hobby clubs. These include: the Pre-Meds' club, Jim Carlson, President; Future Teachers association, Irene Clausen, president; Fliers' club, Bob Notson, president; and the Spanish club, Ray Gouldin, president.

If you are not in one of these clubs and feel that you belong there, you are urged to join and to participate wholeheartedly in club activities.

## GALS TO GET FEM LOUNGE

Under the guiding hand of the associate women students Ballard's former general chemistry lab will change into a feminine lounge.

This lounge to be furnished by the Whitworth College Auxiliary will be used by both campus and off-campus women students.

Helen Kristoffersen, committee chairman, stated that tentative plans include a place for town girls to keep their lunches and a small kitchenette which would be useful for small informal meetings.

Other members of the committee are Mary Lou Anderson, Mary-on White, and Georgene Summer-son.

## Rec Room To Open Monday

Norman Dorpat, rec room chairman, said this week that work was progressing on the student union. The union will open Monday. Georgene Summer-son is in charge of a project to secure drapery covering for the temporary furniture now in use, and steps have been taken to repair the old pool table. Bob Farley has arranged for an additional ping pong table. The committee plans to have the floor painted by the first of next week, probably in maroon and gray squares.

## Marilyn Spence Sends Friends "Sweet News"

When Marilyn Spence didn't come back to school this year, many of her friends were disappointed; but their disappointment was turned to surprise this week when they received word from Marilyn, in the form of a box of chocolates, announcing her engagement to Ensign Bernald Smith, U.S.N.R., of Oakland, California. They plan to be married in the spring and live in Hawaii.

Peggy Riddale's room in Westminster Hall was the scene of the announcement to a group of Marilyn's friends, including Joan Thompson, Beth Roduner, Betty Schneidmiller, Phyllis Co-mah, Janie Williams, Colette Stirm, Joyce Trail, and Janet Hiss.

Marilyn came to Whitworth last year from Palo Alto, Calif., planning to major in Home Economics, and while here she resided in Westminster Hall.

# BUCS RALLY TO TURN BACK WHITMAN, 14-6

## Whits Come From Behind To Take Walla Walla Grid Thriller

By Dick Hardesty

In a tough grid battle Friday night the Whitworth Pirates overcame a half time deficit of six points to dump the Whitman Missionaries 14 to 6 at Walla Walla. That the game was a rough one is borne out by the 125 yards the two teams were assessed in penalties, with the Whits from Spokane coming out on the long end of the count, being charged 70 yards as against 55 for Walla Walla.

The lone tally of the first half came midway in the initial quarter when Bob Siverts took a punt by Dutch Elias. Seemingly hemmed in, he lateraled to Don Baxter who, eluding two would-be tacklers, headed for the sidelines, picked up his blockers and scooted 65 yards for the score. The attempted conversion was blocked, and the Missionaries led 6 to 0.

NICK FABER

### His Recovery Paves Way

Whitworth came roaring back in the first few minutes of the second half. After taking the kickoff, Whitman fumbled on their first running play, and Nick Faber, who was alert in defense all evening, fell on the ball to give the Pirates a first down on the Missionary 25. Elias went through the center for three yards, and on the next play Vern Tucker took a handoff to go the remaining 22 yards for the Whits' first counter. Bob Cruzen converted to give the Pirates a 7-6 lead.

The Whits garnered their second TD in the fourth quarter after taking over on downs in their own 40 when four Whitman passes failed to click. With Dutch Elias picking up most of the yardage, they drove to the Missionary three where Tucker carried the ball over without a hand touching him. Cruzen's placement was again true and the Pirates were ahead 14 to 6.

### Blow Early Chance

The Pirates might have had another score after they drove to the Whitman 0 in the first quarter. However, a mixup in signals resulted in a 30 yard loss when no one took the pass from center. Following two incomplete passes, Whitman took over on downs and the Pirates lost their scoring chance.

Standout in the Whitman backfield was Don Baxter, who gave the Pirates plenty of trouble as he carried the ball eight times for 67 yards. Vern Tucker was the heavy duty man for the Whits, packing the ball 20 times for 116 yards and a 5.6 average.

Whitworth	Whitman
First Downs	8
Yards Rushing	118
Yards Lost Rushing	17
Passes Attempted	18
Passes Completed	8
Yards From Passing	81
Passes Intercepted by	0
Yards Lost From Penalties	56
SCORE BY PERIODS	
Whitworth	0 0 7 7-14
Whitman	6 0 0 0-6

## VERN TUCKER TOPS GRID MEN

Scoring both the Whitworth tallies against Whitman Friday night, Pirate halfback Vern Tucker boosted his season total to 30 points to take a slim lead in the Whits touchdown parade. The tricky scatback has crossed the enemy goal line five times in the last two games.

Bob Cruzen is in runner-up spot with 29 markers. He added a pair of conversions at the expense of the Missionaries to give him a two point increase for the week.

A place-kicking specialist, Cruzen has accounted for all of Whitworth's "gift" points, having booted 11 PAT's in 13 attempts for a nifty .846 average. Bob was successful in his first six tries, and then after muffing two in a row, he started another skein which has reached five straight to date.

As a team the Whits have rolled up 89 points, while the opposition has scored 45.

### HOW THE WHITS SCORE

Tucker	2	5	0	30
Cruzen	3	3	11	29
Adams	3	2	0	12
Telecky	2	1	0	6
Davis	3	1	0	6
Pomeroy	3	1	0	6
Totals	3	13	11	89
Opponents	3	7	3	45

So far this season the Pirates haven't been pressed in the scoring column to an extent that a point after touchdown would have changed the outcome of any one of their contests. But just in case a situation arises in the future where a single conversion could mean the game, it's good to know that Bob Cruzen will be available to take care of the little extras.

The new football campaign is but three games old, yet Cruzen has bettered his last year's place-kicking efforts, which were thought to be about tops. His two successful boots against Whitman brought his total to 11 in 13 tries. Cruzen counted for 10 of the Pirates' 12 PAT's in 1947.

Quite remarkable is the accuracy with which the junior halfback can kick ball after ball over and between the uprights, even when being rushed during game action.

### Opponents Get 13 of 24

How do other place kickers fare under trying conditions? Last season the best the combined opposition could do against the Whits was 13 out of 24. That included all conversions. At least two must have been scored by passes or runs. In three games this fall the enemy has claimed but a trio of extra points in seven chances.

A good Pirate line holds the

## Watch That Weather

Don't put those raincoats in mothballs yet, especially if you're going to see Whitworth's football team in action over the week end. Mr. Robert McComb, head of the U. S. Weather bureau at Geiger field, says that there is a succession of storms moving in from the Pacific, and that the western part of Washington state will have rain over the week end while Spokane will probably have showers through Saturday and possibly on Sunday.

Whitworth's "Goal Dust" Twins

Vern Tucker (left) and Bob Cruzen are off to another brilliant year with the Whits. The two junior halfbacks are running one-two in the Pirate scoring column, having accounted for 59 of the team's 89 points. Above, Cruzen demonstrates the place-kicking technique that has brought him 11 conversions in 13 attempts this fall.

## WHITS AND CPS TO TANGLE IN PLAY OPENER AT TACOMA

By Walt Dawson

With three non-conference tilts behind them, the last two on the win side of the column, the Whits move to Tacoma tonight for their league opener with the College of Puget Sound. Last Friday's encounter with Whitman marked the end of the Pirates' Kings-X games. From now on out it will be for keeps, Whitworth having only Evergreen contests left on the schedule.

### "Lute" the Lutes

This evening's contest will be a prime test for the Pirates. Although the Whits have never met the Puget Sound eleven, at least not in recent years, they know that the Loggers field one of the northwest's power teams. Participating in their first year of round-robin schedule with the ex-Winco league six, the Puget Sounders have been picked by many as the team to beat this fall.

### Tie Pacific Lutheran

Earlier this season the Loggers drew a 6-6 tie in a bitter struggle with Pacific Lutheran, 1947 Winco co-champs, in a "city championship" go at Tacoma. Last week CPS took a 20-7 trouncing from the strong San Jose State squad.

Coach Aron Rempel has the Pirates in good shape, ready for tonight's play. Despite the roughness of the Whitman contest, the Whits felt no serious injuries. Most of the players have recovered from their minor bruises and are set for the big game. Center Bob Kohlstadt has been nominated to head the Pirates in the role of captain.

### Whitworth Ready

As for the lineup, the Whits' line will probably start with Sam Adams and Wes Camp at ends and Nick Faber and Donn Jann at tackles. Either Howard Froman or Bill Van Camp will team with Don Olstad at guards while Bob Kohlstadt will operate from the pivot spot.

In the backfield it will be Vern Tucker and Bob Cruzen at halves with Dutch Elias set for fullback duties. The signal calling chores will be shared by Willie Hoff and Ed Kretz.

The Whitworth college Pirates, chipping along on a two-game win streak after losing their opener, travel to Tacoma for a Friday night clash with College of Puget Sound. Whitworth has rolled over North Idaho State, 47 to 6, and Whitman, 14 to 6, since falling before College of Idaho, 33 to 28. C. P. S. absorbed a 20 to 7 defeat from San Jose State last Friday, following a 6 to 6 deadlock with P. L. C. in their non-conference two-game series opener.

St. Martin's will be seeking to lift its season record to the .500 mark when the Rangers play Chico State Friday night at Chico, California. The Rangers thumped N. A. S., 40 to 0, but have lost to Oregon college at Monmouth, 13 to 12, and to P. L. C. in their last two starts.

## EVERGREEN CONFERENCE

### All Games

	W	L	T	Pf	Pa
P. L. C.	2	0	1	40	12
E. W. C. E.	3	0	0	48	13
W. W. C. E.	2	0	0	77	6
S. W. C. E.	2	0	0	37	13
Whitworth	2	1	0	89	45
St. Martins	1	2	0	52	33
C. P. S.	0	1	1	13	26

Ellensburg, Wash., Oct. 5.—The new Evergreen Conference goes into full swing this week-end, with three conference games on tap following the circuit's initial action at Olympia last Saturday night when Coach Marv Tommervik's Pacific Lutheran college hung up a 20 to 0 victory over St. Martin's college.

Riding a three game winning crest already this season, Coach Abe Poffenroth's Eastern Washington college equal opens its conference bid at Bellingham Saturday night against Western Washington College's offensive-minded Vikings. E. W. C. has rolled over Montana, 12 to 7, Southern Oregon college, 23 to 0, and Montana State, 13 to 6, while the touchdown-happy Vikings have romped over Linfield, 37 to 6 and the University of British Columbia, 40 to 0.

Coach Shorty Luft will be a new coach making his debut in a new conference Saturday night before a hometown Ellensburg crowd and his Central Washington college Wildcats battle the front-running P. L. C. squad. The Wildcats are off to a fast start under Luft, the C. W. C. gridgers having knocked off Willamette, 13 to 7, in their opener and then trimming Fort Lewis, 24 to 6, last week.

## Atom Age

Anonymous: "Mr. Griffin, I hope you will stay on 'the straight and narrow'."

Don Griffin: "This is the new, atomic age, and we must be broad."

# Whitworthian

VOL. 39

SPOKANE, WASHINGTON, OCTOBER 15, 1948

NO. 3

## MAYOR WM. DEVIN TO SPEAK AT BANQUET

### Students Will Elect Natsihi Heads Today

A student body election today will determine appointments of editor, business manager and observing editor for the 1948-49 edition of the *Whitworthian*. \$300 scholarships are being awarded those elected. The observing editor will serve the following year.

Dick Denton received valuable experience on his high school annual where he arranged class display pages. Competing with him for this honor are Eldon Unruh and Dorothy Moore. Miss Moore had experience on her high school annual and is interested both in art and in editorial work. She is the present business manager of the *Whitworthian*.

#### Unruh Applies

Mr. Unruh has been active in school affairs, has been student body treasurer, and has worked in a print shop where yearbooks were produced and so feels himself qualified for the job.

Georgene Summerson and Dick Hardesty will vie for position of observing editor. New provisions in the constitution provide that a "Natsihi" editor should be elected the preceding year and have one year to observe the mechanics of publication.

#### Want to Observe

Miss Summerson and Mr. Hardesty are both journalism students and members of the *Whitworthian* and annual staffs. Miss Summerson is advertising manager and Hardesty as sports writer. Both students have had high school experience.

The business of the Natsihi will fall to either Joan Beckwith or Scotty McClenny. Miss Beckwith, a present journalism staff member, is majoring in business and minoring in journalism. She was advertising manager of her high school annual. McClenny secured his experience as business manager of his high school annual.

These applicants appeared before the publications board last Friday afternoon where their qualifications were reviewed.

### Chapel Days Are Planned

Dr. G. H. Schlauch, chairman of the chapel committee, announces a full agenda for the chapel programs during the coming days. Dr. Archer Anderson, last year's leader for Spiritual Emphasis week, will bring a message at Monday's chapel program.

On Wednesday the Rev. George Taylorson, pastor of the First Nazarene church of Spokane will speak. The chapel program for next Friday will be in charge of the student body.

Dr. L. K. Anderson will speak Monday and Wednesday, October 25 and 27. There will be a special chapel on Tuesday, October 26, at which he will also speak. Dr. Anderson is the executive secretary of the Latin American board of foreign missions for the Presbyterian church, U.S.A. The program for Friday, October 29, will be presented by the school orchestra, under the direction of Prof. John V. Robbins.

### Play Depicts Generations In Conflict

"Papa is All," a three-act comedy by Patterson Greene, will be presented in J. P. Graves Hall at Homecoming, Friday evening, November 5.

"The character play," says Prof. L. B. Waltz of the speech department, "is about a Pennsylvania-dutch family of the Mennonite religion."

"Papa is a stern man, who desires his two children to remain and work on the farm for him, and live a plain and ordinary life; excluding the use of any form of modern inventions of convenience."

Mamma strives to uphold Papa in his strict mode of living, but often like the children, she rebels against the tyrannical father.

The daughter, Emma, loves a surveyor, which brings about objections from Papa. Jake, the son, has a knack for mechanics and wants to simplify the farm work by installing machinery.

Emma "dishonors" the family name, when she attends a moving picture with her suitor, the surveyor. Mrs. Yoder, the local neighborhood gossip, reveals the incident to the family. Papa becomes furious because of the "scandal."

Family relationship reaches a complex crisis, as the children live "worldly," and strict and upright Papa strives to live a simplified and quiet life."

### Knights Award Track Trophy

Jim Carlson, Duke of Intercollegiate Knights, announced today that the I.K.'s have set up an I. K. Track and Field Inspirational Award. The award is in the form of a 30-inch high gold trophy, which is topped by the figure of a running trackman holding a victory wreath in an outstretched arm. It will be presented annually to the member of the track team voted as most inspirational by his teammates.

The names of individual winners will be engraved on the trophy, which will be kept in the trophy case. Individual awards consisting of gold keys with appropriate symbol and name engraved will be presented to the winners.

The trophy will be placed on display as soon as received.

### Faculty Seek To Furnish Lounge

The faculty that live in town wanted a place to go in their spare time and it was necessary to find a place large enough for all the faculty to meet in a social way, so the room in the basement of the new library was donated to the cause.

The faculty now is trying to raise the money to furnish it. Their goal is \$500. This is to include rugs, davenport, chairs, bookcases, coffee table and drapes. Over \$200 has been raised at the present time.

The committee in charge of raising the money is Mrs. Ahna Carrel, Mrs. Clarise Wartes, Dr. V. C. Christiansen, and Mr. J. R. Larson. Mrs. Frank Warren has consented to take charge of the buying of the furnishings and she will work with the other faculty wives.

The school has partitioned the room so that there will be a hallway to the exit and a cloak room.

#### COMING EVENTS

Tonight—All School party.  
Oct. 16 (Sat.)—Football, E. W. C. at Cheney, 8 p.m.  
Oct. 22—Alpha Kappa Chi party.  
Oct. 23—Alpha Beta Fireside.  
Football (W. W. C. at Spokane) 2 p.m. Pre-Med Hal-loween party.

### Alumni To Come Home For Exciting Weekend

The Homecoming central committee announced today that Mayor William F. Devin of Seattle will be speaker at the Homecoming banquet. He has held four two-year terms as mayor. His son, Dan Devin, is a freshman at Whitworth.

#### To Elect Queen

Plans are now under way for an extensive campaign for Homecoming Queen. Each of the school clubs is nominating one girl to be a candidate and so far the only announcements have been Elizabeth Kristofferson, sponsored by the I.K., and Jane Williams, sponsored by Alpha Beta.

#### Will Vote Twice

There will be two elections, the semi-finals on October 22 and the finals on November 1. Every student will have one vote. The top six will be in the Queen's court and the top two will be in the finals for queen.

The general outline for the Homecoming week-end follows. The pep rally and the play, "Papa is All," will begin the festivities. The bonfire is to be built by the freshmen. It will take them two weeks to build it and the sophomores are to try and burn it down ahead of time.

#### Will Loot Lutes

Saturday afternoon there will be the game with Pacific Lutheran at Ferris Field and the formal banquet will be 7:30 Saturday evening at the Davenport and the committee is advising the fellows to start saving their money. The banquet is not strictly date although it is advised.

### College Gets Large Bequest

The second large donation in less than two weeks has been received by Whitworth. Mrs. Sadie E. Braden of Yakima has given \$15,000 under the provisions of her will.

Last week a \$25,000 gift was given to the school by the Crowell Foundation of Chicago by H. C. Crowell, president of the board of trustees of Moody Bible Institute. Both of these gifts are being applied to the fund for the new auditorium which brings the total up to \$90,000.

Mrs. Brandon was the widow of J. B. Brandon, pioneer Yakima merchant.

## OPINION POLL REVEALS REPUBLICAN LEAD HERE

The Republican elephant, jockeyed by Thomas Dewey and Earl Warren, has nosed ahead of the Democratic donkey in the minds of Whitworth college students and faculty, an opinion-sampling poll taken this week revealed. The poll was conducted by Bill Gwinn.

This first poll, in a series of three, was very successful and gave a good indication of how Whitworth opinion compared with local and national opinion, Gwinn stated.

Balloting was done by choosing a cross-section of the student body and faculty.

"It is interesting to note," pointed out Gwinn, "that most of the Truman voters were veterans. The family backgrounds gave a slight edge to the Republicans."

The political scoreboard today shows the following comparisons:

PRESIDENTIAL RACE					
	Dewey	Truman	Wallace	Thomas	Watson Undecided
Whitworth Students	64.1%	20.0%	4.7%	1.6%	9.6%
Spokesman-Review Poll	51.5%	45.4%	3.1%		
Whitworth Faculty	81.8%	9.1%		9.1%	
National Average	53.0%	40.00%	3.0%		4.0%

GUBERNATORIAL RACE				
	Langlie	Wallgren	Fluent	Undecided
Whitworth Students	71.9%	6.3%	1.6%	20.2%
Spokesman-Review	57.6%	40.1%	2.1%	
Whitworth Faculty	81.8%	9.1%		

The support of Arthur B. Langlie rose approximately 15 per cent with his appearance as speaker at a school assembly last Tuesday.

#### Too Late Now

The answers given to the following question indicate that the time for influencing the voter is running out.

"Do you feel a vigorous and convincing campaign on the part of any one candidate may vary your opinion?"

	Yes	No
Students	28.1%	71.9%
Faculty	27.3%	72.7%

### Get Integrated; Come and Eat Mexican Chili

After several weeks of wondering whether integration was a psychological test or a class stunt, Whitworthians were enlightened Tuesday to the effect that the Seniors, with student body backing, are giving an integration party tonight at 8:00 p. m. in the gym.

As the opening Class Mixer, the party has many novelties worked into it, among these are a coke-drinking contest, a skit, a pep rally, special integrating features, and highlighting the evening — Food!

A different type of Mexican sauce will give tangy zest to a menu abetted by cider and doughnuts.

If preparation means anything, this party should prove to be one of the better ones of the year. The committee urges all to come, stag or date, everyone will know everyone else before the evening is long spent.

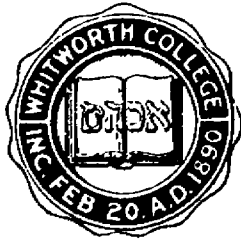

It is advisable to wear old clothes or jeans and tennis shoes if possible. Final feature of the party will be a pep rally.

Shirley Freeborn, social chairman of the senior class, is general chairman of the event. In addition to games there will be stunts, skits and refreshments.

### The Ostrich Emerges

Though far be it from your editors to presume to endorse a political candidate, it is, we feel, vastly significant that former Governor Langlie spoke this week and that Bill Gwinn plans to poll an opinion on the national election.

It is seen as an excellent sign that the collegiate ostrich is fluttering its feathers a bit and starting to yank its long neck out of the sands.

To repeat that the nation is in crises and in great need of the proper leadership has become trite, but is nonetheless true. Yet, how many of us fail to even peruse a daily newspaper or listen to the candidates' speeches to help us mold our political opinions?

We seldom are indifferent to the presidential or gubernatorial races, but we ignore the study of lesser, local office-seekers and later condemn a political system that has let little men rise above their superiors.

We would consider it bordering on stupidity for a girl to take four years of home economics and then never cook an item of food. Yet, frequently, we spend many hours in philosophy and history classes and, nevertheless, fail to translate this knowledge into active civic responsibility.

We must combat a tendency to bury our heads in the warm sands of isolated campus life while peril threatens our national future.

## The Walls Come Tumbling Down

Whitworthian staff members are polishing their axes to cut a doorway between the journalism office and the former journalism classroom.

This will enlarge the newspaper offices by more than double. The present office has been renovated to give it a more scholarly appearance and a homey touch has been added since Editor William Sauve brought his radio and book collection.

This office is used to keep all records of the business and advertising managers as well as being the center of activities for reporters.

## STUDENTS WILL SPEAK AT C.E.

Three student speakers will bring messages at the C.E. meeting in Tiffany Memorial chapel Sunday evening. Mary Bartlett will speak on salvation, Sam Wall on sanctification, and Wenonah Clark on service. Tom Thompson will provide the special music.

At Wednesday night's meeting Professor Yates, head of the department of philosophy, will speak. Special music will be in charge of Ken Hubble.

## Agency Collects Drama Talent

Whitworth Players' Theatrical Agency, a new service to the college, has been set up by Whitworth Players, according to L. G. Baker, president. Purpose of the agency is to coordinate and collect all available talent within the organization and make it available to clubs and other organizations. Included in the file which is being kept will be skits, plays, readings and other forms of entertainment which have been worked up.

The service will be available to off-campus as well as campus organizations. Jim Carlson is chairman.

## AKX Pool Gets Rides

Most of the students who applied for rides through the Alpha Kappa Chi transportation pool have been accommodated, according to Norman McDonald, town club prexy.

Those who have not yet made arrangements should see Margie Collard or Faith Clark. Rides are still available from the north side of town, particularly from Post and Division, the committee announced.

## CHAPEL FETES DR. HARDWICK

At the special convocation last Friday morning honoring Dr. Francis T. Hardwick on his 80th birthday, Dr. Frank F. Warren said that probably never again would there be a similar occasion at Whitworth.

Speakers from the alumni, faculty, and student body stood before a huge white pink-trimmed "cake" with "Happy Birthday" written across it in red flowers. As each one finished speaking he lighted one of the eight candles representing each decade of Dr. Hardwick's life.

The speakers placed emphasis on the fact that although Dr. Hardwick had struggled with the school through a long period of growing pains, he never lost his capacity to see the humor in the most trying situations.

When Mrs. Hardwick spoke she said that as the new Mrs. Hardwick, living in Seattle, she hadn't been too enthusiastic when her husband considered requests to help an obscure little inland college get started. But, she said she had never regretted her decision to accompany him there.

## New Sidewalk Is Temptation For Gremlins

Concrete, yards and yards of it! No, that isn't the combined contents of the heads of Whitworth students—that's the material being used in the new sidewalk which will lead from the dining hall to the library.

It's five feet wide and three inches thick, and if you step off the length of it, you'll have a good problem for Mr. Carlson's math class. Why don't you try it out? (Either the problem, or the walk—after the concrete is set.)

Workmen had to refinish the first section of the walk on account of the gremlins—it must have been gremlins, because Whitworth students wouldn't carve their initials in the fresh concrete, or WOULD THEY?

A lone pine blocking the walk near the dining hall has been removed. Its loss to the campus is not too great, because woodpeckers have had a hey-day in it, and its life span would have been rather limited anyway, workmen said.

## Conference Echoes Is Theme of Meet

Echoes of women's conference was the theme of Sunday evening's C. E. meeting. The girls who returned from the conference were in charge. The song service was led by Beverly Holmes. Mary and Margaret Baird sang "Beneath the Cross of Jesus" as a duet. Coleen Pickert read the scripture lesson, which presented Christ's challenge, "Lovest thou Me?"

The main address was given by Miss Francis Gray, secretary of the Presbyterian board of foreign missions and speaker for women's conference. Miss Gray told of the missionary work in Mexico and described the need for missionaries in Japan and China.

The song service for Wednesday evening's meeting was led by Graley Taylor. The speaker for the evening was Miss Dora Sannby. Her topic was also foreign missions. She showed three films on missionary work.

## COLLEGE SPECIAL ASSEMBLY HEARS LANGLEIE ADDRESS

### News Readers Wreak Havoc

The opening of the student lounge and recreation room has been postponed until Monday, October 18.

Whitworthian readers caused a temporary havoc by treading on the freshly painted maroon and gray floor Monday, October 8, the announced opening day.

Norman Dorpat, committee chairman, stated that work was progressing rapidly to complete the project this week-end.

## WOMEN HEAR NOTED LEADERS

Miss Francis Gray, secretary of the Presbyterian Board of Foreign Missions and Mrs. C. Davis Weyerhauser of Tacoma led the conference of almost 200 women at Deer lake last week end.

Speaking on the theme "What Would Jesus Do?", they included four areas of life: Family, occupational, social and spiritual.

"We need Christians at the top of each vocational field, because there we find real opportunities for Christian witness," stated Mrs. Weyerhauser.

### Parable Told

Using the parable of the rich young ruler, Mrs. Weyerhauser concluded "we should find the idol in our life and put Jesus in that place."

Miss Gray offered four aspects of educational life to be developed: Intellectually asking God to teach wisdom; physically, remembering that bodies are temples of the spirit of God; socially, being channels of God's love; and, spiritually, growing in favor with God.

### Is Staff of Life

"To discover what Jesus would do in our spiritual lives, we should let the word of God become our staff of life. Fellowship with God through prayer and fellowship with Christians in the church must become a more integrated part of our lives," Miss Gray asserted.

Sunday morning communion was led by Dr. Mark Koehler, officially closing the weekend experiences.

### It Might Rain

With the help of the U. S. Weather Bureau at Geiger field the Whitworthian will try to gain confidence in its weather predictions, especially after last week's bad start. This weekend should not be too bad, but some showers and cloudiness are predicted.

Arthur B. Langlie, (Republican), candidate for governor of Washington State, addressed a group of political-minded students at a special assembly, Tuesday, Oct. 12.

He said, "One of the real joys of service in public office is that you get to know very fine people."

Aiming at the audience, he stated, "You are indeed fortunate to be in a school where Christian principles are brought into your life. It is imperative to realize that your government influences and touches your lives in many ways. The government becomes what you help to make it."

### Two-Party System

"Our system," he said, "is a two-party system. If another third party comes along, the other parties make possible the winning on one side. We the people are to blame for any weak system because we don't take part in governmental affairs. We have two parties in order to develop leadership. We let politics drift into weaknesses, propaganda agencies, and into a weakened state. We then have too much to do."

### Political Saying

"There is an old saying in politics—I don't care what they say about me; just so they say something." In the state of Washington we are demonstrating that individuals are attracting many votes. Washington spends about \$500,000,000 annually. The taxes are related to the people in benefits and services. The job of the state government is to pay that money in on parks, services, etc. If taxes are heavy, employment, wages, and living standards are lowered. We must have character in government office; anyone in public office is not a master, but he is a servant. Many people have the concept that a man running for public office is looking either for a job, state contract, or graft.

### Good Citizens Needed

"We today, who look to the future with a growing world and more complications, must try to start doing something in our government. We must participate more in governmental affairs. It was the young people of previous years who are credited for backing the government of the city of Seattle and raising it from a poor city government to a good government. Making the government work, develops good Christian people."

The ex-mayor of Seattle is now on the Board of Trustees of Whitworth College and is campaigning for the office of governor of the state of Washington.

# PIRATES DROP LEAGUE OPENER TO CPS, 14-0

## BREAKS SPELL DIFFERENCE BETWEEN WIN OR DEFEAT

Whitworth's bid for a top berth in the conference race was derailed momentarily Friday night when College of Puget Sound thumped the Pirates 14-0 in a grid duel at Tacoma. The contest was the initial start for both teams in the newly formed Evergreen circuit.

A break in the first two minutes paved the way for what appeared to be an early tally for the winners. After failing to make yardage upon receiving the opening kick-off, the Loggers punted and recovered on the Whits' 25. A pass gave CPS a first down on the five, but the Pirate line held and Whitworth took over on its own two.

### Score On Long Pass

In the second period CPS drove from its own 18 to a first down on the Pirate 47. Then Logger quarterback Harry Mansfield flipped a 32-yard pass to Len Kalapus who raced unmolested the remaining 15 yards for the first score of the game. Warren Wood's placement gave the Loggers a 7-0 lead.

### Whits Nearly Score

The Pirates nearly tied it up in the next few minutes when they mustered their strongest scoring threat of the evening. With the ball on his own 36 Ed Kretz dropped back and threw a long pass to Sam Adams, who snagged it on the CPS 22 and ran to the seven before being stopped. The play covered 57 yards. Dutch Elias, lost three trying to penetrate the left side of the line. A shovel pass from Vern Tucker to Bob Cruzen gained one. Then a jump pass, Elias to Adams put the ball just one yard short of the goal line. Tucker tried to pick up a touchdown through the right side of the wall but he was met by three CPS forwards and the rally was halted.

### Come Back Strong

The Pirates came back strong in the third quarter and dominated most of the play in that period. But they were unable to manufacture a sustained scoring drive.

A punt off the foot of Ed Kretz sent the Loggers back on their heels when Adams nailed the receiver on the CPS four yard stripe. The winners carried to the 27 and then Bobby Davis intercepted a forward on the 32. Again the Whit machine was stalled and the team was forced to kick out of bounds.

### Tucker Grabs One

Early in the final stanza the Pirates chilled a potential CPS touchdown march when Tucker intercepted a pass on his own 13. Alternating running and passing plays, the Bucs worked the ball to a first down on the 48. Then Mel Light stole a Whit aerial and, picking up downfield blocking, streaked 55 yards for the Loggers' second touchdown. Woods' extra point boosted his team to a 14-0 margin.

For the remainder of the game it was just a matter of time. Both teams traded punches between the 25 yard lines with neither squad making a closing drive.

The short score:

Whitworth ..... 0 0 0 0-0  
CPS ..... 0 7 0 7-14

## Ron Lentes Named Lineman of Week

For his outstanding performance in the College of Puget Sound game, Ron Lentes a 165 pound defensive guard on the Pirates' grid team receives our nomination for lineman of the week.

Lentes, who is quick to sense where the plays are going, was continually sneaking through the Logger forward wall to bring the ball carrier down. Despite his weight disadvantage he is generally able to outsmart his opponent to be one of the first Pirates to break through the enemy line.

RON LENTES

Playing his second year of football at Whitworth, Pirate supporters should see a lot of this bespectacled sophomore during the next two years.

He is a resident of Spokane and played three years of ball at John Rogers High school.

## Start Intramural Pigskin Tussles

Whitworth's intramural football program gets underway this week end under the direction of Dave Holmes. Two games are on tap for Saturday as all four contesting teams will see action.

At 1 p.m. the Goodsell team, coached by Larry Baskett, will square off against Earl Mortlock's Whitworth crew. Immediately following this tussle Ken Moen's Lancaster bunch will take on the boys from Nason-Washington halls under the managerial reigns of Sam Tague.

The rules this year call for nine man squads, and in order to stop the ball carrier the defending team must pull a handkerchief from the runner's pocket before the play can be stopped.

Following the regular program there will be a playoff, weather permitting, to determine the champion.

## Pirates Seek Upset Victory Over Undefeated EWCE Savages

By Dick Hardesty

Whitworth grid fans who have been waiting to see their team in action will get their chance Saturday night at Cheney when the Pirates meet the Eastern Washington College of Education Savages in an Evergreen Conference set-to. Although a few of the faithful saw the game at Tacoma last week, most of the Pirate rooters were not able to make the trip. The battle with Cheney will be the first league tussle that the majority of the Whitworth supporters will be able to attend.

### Battle of Single-Wings

With both schools supporting exceptionally strong teams this should be a thrilling exhibition of football. Each squad will be operating from a single wing, and it will be Whitworth's first showing of the season against a team that has not used a T.

CECIL TELECKY  
GAME CAPTAIN

This game will be a vital one for both elevens. Eastern needs a win to keep pace with Pacific Lutheran and College of Puget Sound at the top of the league standings; Whitworth will be fighting to stay within title contention. The Savages are in second place along with C.P.S. with one win and no losses, headed only by Pacific Lutheran who has played two games, winning them both. Whitworth is grouped with Central and Western Washington Colleges in fourth place with no wins and one loss.

### Pirates at Top Strength

The Whits should be at top strength Saturday. At the same time Cheney has three of its key men on the doubtful list. Although expected to see action Carl Nagel, Rip Raappana, and Bob Poffenroth may be bothered by the injuries that they received two weeks ago in the Montana State game.

### Eastern Has Defense

In pre-conference games played this season, the Pirates have the scoring edge over the Savages. In four tilts the Whits have amassed 89 points while Eastern has totaled 79 in the same number of games. However, Coach Abe Poffenroth's charges stack up as a strong defensive team than Coach Aron Rempel's crew. Eastern's opposition has crossed their goal line three times for 20 points, but Whitworth has allowed 59 points, including nine touchdowns to be scored against them.

The action will take place Saturday night under the lights at Cheney. Kickoff time is slated for 8 p. m.

## MEET THE NEW PIRATES

By Dick Hardesty

Bob Davis—attended North Dallas high school where he lettered in football, basketball, and baseball. He later attended Southern Methodist University. A physical education major, Davis is 19, weighs 165 pounds, is 5 feet 9 inches tall, and is a back on the Pirate team.

Dutch Elias—played his high school ball at St. Thomas, North Dakota, lettering in football, basketball, and baseball. He played junior varsity football at W.S.C., and this spring lettered in baseball here at Whitworth. Playing first string fullback, this 23 year old 180 pound sophomore will be seeing a lot of action for the Pirates.

Bob Leighton—is a 5 foot 7 inch 150 pound left halfback from Lodi, California. A junior, he is majoring in Physical education, and his only accomplishment is that he got an A once. He attended Stockton Junior College and the U. of California before coming to Whitworth.

Jerry Pomeroy—comes from North Central high school in Spokane where he lettered in football and track. A sophomore, he is 21, stands 5 feet 8 inches tall, and plays defensive end on the Pirate grid squad.

Don (Pistol Pete) Bennett—as a physical education major is studying for Christian work. He is a freshman from North Dallas high where he lettered in football and basketball. A right halfback, he is 18 years old, weighs 150 pounds, and is 5 feet 10 inches tall.

### EVERGREEN INTERCOLLEGIATE CONFERENCE FOOTBALL STANDINGS (League Games Only)

## STUDENT OPERETTA "ROMANCE IN RIO"

Coming November 19 at the gym is the operetta, "Romance in Rio," written and produced under the sponsorship of Alpha Kappa Chi. This three-act musical production is a love story woven around the theme song, "Begin the Beguine." The place is on a luxury liner enroute to, and in Rio De Janiero.

Mel Unruh, general chairman, announces that choosing of the cast is nearly completed. Rehearsals have started with male and female choruses under the direction of Pat Douglas, and South American orchestra directed by Al Hill. A girls' folk-dance team is working under the chairmanship of Joan Leavers. Marlys Prentice, music chairman, announces that quartettes, trios, the college band, and featured numbers are in store, bringing the number of participants to about 75.

Bob Farley, chairman for costumes and properties is receiving cooperation from downtown stores for use of properties. Norman McDonald, president of Alpha Kappa Chi is helping coordinate the planning committee, and Del Marshall is business manager.

Keep your eye on this date and watch future announcements!

## Speaker Calls Communism "A Social Cancer"

The Rev. J. George Taylorson, pastor of the First Nazarene church, spoke on "The Contrast between Christianity and Communism," at chapel last Wednesday morning, Oct. 20.

He said, "It was my privilege, by the courtesy of the United States Government, to attend the deportation trial of Harry Bridges. I do not speak as an expert," he claimed, "but I speak as a fellow American."

"The abuse of freedom is the first step to abolition. The rights of the minority are protected, even though 'roughshod' by the majority. Free speech is not of unlimited value, and tolerance is not a virtue; to be tolerant toward any other conclusion (choosing democracy to communism), would be like breaking down mathematics."

KARL MARX

"One might ask—where is the origin of Communism? Leaders of Communist parties regulate Communism. Karl Marx and a fellow-colleague wrote the Communist Manifesto."

(Continued on Page 3)

## Campus Mission Speaker Coming

Rev. L. K. Anderson, outstanding missionary speaker, will speak on campus Sunday through Wednesday. He will also speak Monday, Tuesday and Wednesday evenings at Tiffany Chapel.

Mr. Anderson was a missionary in the Cameroon, Africa. His was one of the most successful missions there under the Presbyterian board.

He returned to this country to become secretary of the board of missions for America and Latin America.

## Whitworth Men Hold Majority

Latest enrollment figures released by Miss Estella Baldwin, registrar, show a total of 815 persons enrolled. Men outnumber women 480 to 335, and there are 257 men veterans compared to 223 civilian men. Only eight women are enrolled as veteran students. The over-all picture shows 265 veterans and 550 non-vets.

The freshman class leads in numbers with 307. In descending order the sophomores have 204, juniors 176, and seniors 105. There are 15 graduate students and eight special students.

The Presbyterian church leads all other churches with a total of 351 followed by the Methodists with 104. Seventh Day Adventists have three persons registered. Thirty-eight poor souls either don't belong to a church, or else didn't give their affiliation. There are 41 Protestant churches represented at Whitworth, and eight Catholic students.

Washington sent the greatest number with 573 representing the Evergreen state. From California came 136 people to spend the winter in the North. Idaho and Oregon each have 20 representatives. Minnesota (land of sky blue waters, and vacation mecca of the nation) sent 17 stalwart Swedes to settle the West. Montana, Texas, (you should pardon the expression) Illinois and Wyoming each sent 4 students. Utah and Wisconsin both sent three. North Dakota, Arizona, Ohio and Mexico squeezed by with two apiece. Making honorable mention with one each were Colorado, Kansas, Michigan, Missouri, Pennsylvania, Rhode Island, Nebraska, Utah, and the foreign countries represented—British Columbia, Canada, China, Guatemala, and Korea.

## Gospel Teams Give Church Aid

Whitworth gospel teams go out each Sunday to country churches and take over the whole service. Sometimes a team will go to as many as three churches in one day, and take charge of as many meetings. Each gospel team has from six to 10 members who take various parts of the service.

Some of the students will take over the young people's meetings while others will conduct the regular Sunday service. Songs are led by a team member and the sermon and other musical numbers will be given by others.

They Travel Far

A team may go as far as two to three hundred miles to give help to a small pastorless church. They would rather go to these churches than to large city churches who have means of getting help.

(Continued on Page 3)

## Ticket Sales Open

Banquet tickets go on sale today in the foyer of the gym. They may be purchased there during school hours. The price is \$2.00, tax included, according to announcement by A. C. Christensen, social chairman.

## Eight Girls Vie For Homecoming Queen's Crown

Eight candidates have been nominated to run for Homecoming Queen in the primary election on Thursday, October 28.

These candidates are: Donna Jean Anderson, a sophomore from Spokane, sponsored by Whitworth Players; Colleen Pickert, sophomore from Tacoma, Washington, nominated by Philadelphians; Jane Williams, sophomore from California, backed by Alpha Beta; Jeanette Hannon, freshman from Albany, Oregon, candidate for W Club; Jean Walker, freshman from Los Angeles, Cal., sponsored by Life Service; Mary Lou McKeehan, freshman from Wilson Creek, Washington, nominated by Pre-Med club; Elizabeth Kristoffersen, I.K.'s candidate from San Bernardino, Cal.; and Ruth Toevs, a sophomore from Idaho, sponsored by W.A.A.

## SPEAKER LAUDS BIBLE'S POWER

"Our Bible" was the subject of a talk given by Dr. Archer Anderson in last Monday's chapel.

Dr. Anderson is well known to the campus of Whitworth for he spoke during Spiritual emphasis week last year. In his talk, Dr. Anderson elaborated upon five points he considered should be known and recognized about the Bible.

Bible Endures

"It endureth forever for it is an eternal book. The Bible is the only eternal book that human literature will ever know." He said that human literature, while it may or may not make an impression on the world, lives on in books and writings handed down thru the ages, but that the Bible has made and will continue to make a great impression on the lives of the people in the world. "It can change sinful lives into glorious ones working for Christ."

World Changes

The world changes; new things come into being and old ones pass on as they become outmoded. There is one thing that has not changed.

(Continued on Page 2)

## City Kids To Caper

"City Kid Capers" is the theme chosen by Alpha Kappa Chi for their town club party, tonight, in the gym of the Knox Presbyterian church. A program of games will be featured with entertainment and refreshments following.

Clarence Schierman is general chairman.

## "ORIENTAL ODYSSEY" IS BANQUET THEME

## BROADWAY GIVES 'PAPA' THE LAUGH

"Pappa Is All," the play to be presented during Homecoming Week, "is studded with guffaws," according to Prof. L. B. Waltz of the Speech department.

To support his contention he quotes favorable comments of several national critics while the play was on Broadway.

"... humorous, quaint and carefully artless. Its talk is funny... happy and enviable guffaw," said the New York Journal American. The Nation said, "... supplies rich humor—namely, that practical realism in matters amorous as well as material..." New York Daily News, "... quaint and amusingly tongue-tied Pennsylvania Dutch..."

## MOVIES MAKE CAMPUS DEBUT

An outstanding motion picture will be shown in the speech auditorium one evening of each week-end in which there is no student body activity. The film scheduled for eight this Saturday night is "Young Mr. Lincoln," according to Al Christensen, student body social chairman. The admission charge is 25 cents.

"Besides seeing as good a movie as you would in the city, you contribute to the student union fund by paying the admission charge," Mr. Christensen stated.

All money superfluous to the cost of the films will go into this fund.

Working with Al Christensen on this project are Dick Carr, Joan Leavers, Colleen Pickert, and Paul Schilperhoort.

## Pankey Joins College Staff

The Rev. W. A. Pankey has accepted the post of field representative for the college, Dr. Warren announced this week. Mr. and Mrs. Pankey were introduced to the faculty at their regular meeting Tuesday.

Mr. Pankey comes to Spokane from Long Beach, Calif., where he has been organizing new churches for the presbytery of Los Angeles for the last six years. He resigned from the pastorate of the Alamos Circle Presbyterian church in Long Beach to begin his work with Whitworth.

Organized Church

Three years ago Mr. Pankey organized the Alamos Circle church and remained as pastor until the present. Prior to that he organized the Linda Vista Presbyterian church in San Diego and held the pastorate there for three years while the church enjoyed tremendous growth. In each of these churches Mr. Pankey was especially successful in building a large Sunday school.

Will Do Contract Work

Mr. Pankey will contact the

(Continued on Page 2)

"Oriental Odyssey" is the theme for the homecoming festivities to be held November 5 and 6. Among the events planned for the week-end are an alumni homecoming chapel, a football game, and a banquet.

Al Christensen, student body vice-president, is general chairman for the events. Miss Jenkins is the faculty adviser.

Decorating the campus will be supervised by Ruth Meeker and Don Barlow. Barbara Gwinn and Ruth Toevs are in charge of the general programs for the week-end.

In charge of arrangements for the alumni chapel is Phil Strawn. Bob Bruce will supervise the nominations and election of a queen to reign over all the festivities.

Les Patten is making general arrangements for the banquet to be held in Marie Antoinette and Isabella rooms of the Davenport hotel at seven p.m. November 6. Decorations in the banquet rooms are being planned by Jeanine Zimmerman, Donna Jean Anderson, and Mary Lou Anderson. Banquet entertainment will be provided by Joan Leavers and Colleen Pickert.

An alumni reception will follow the banquet. This will be held in the Hall of the Doges, also at the Davenport hotel. Margaret Brown is in charge of this event.

Ticket sales will be supervised by Tex Clark and Bill Gwinn. Kenny Warren is publicity chairman.

## PRESS SURVEYS CAMPUS MARKET

Next week the Whitworthian will conduct an advertising survey on Whitworth College campus. This questionnaire is designed to boost advertiser interest.

A cross-section of the student body will be polled by reporters. Tabulated results showing the potential student buying power are to be sent to Spokane merchants.

These results will enable the business to take note of collegiate spending and to advertise accordingly.

## CLUB MEMBERS PLAN SERVICE

Fellowship is the purpose of the Life Service club, an organization for girls planning to go into full time Christian service. The club plans to meet each Tuesday during Chapel period or in the evening after dinner. Speakers will appear before the group, and prayer and business meetings will be held.

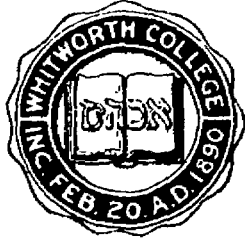

Life Service is co-sponsor for the Philadelphian-Life Service banquet. Among other activities, the club has a picnic, forms gospel teams, and sponsors Bible classes.

Club officers are president, Esther Gray; vice president, Colleen Pickert; secretary, Carol Gray; treasurer, Faith Clark; and historian, Ruth Meeker.

Eccl. 7:5. It is better to hear the rebuke of the wise, than for a man to hear the song of fools.

## Call for Competence

It is high time that those responsible for the fiasco of the recent elections be called to task. We consider the manner in which the elections for Natsih positions were held to be unfair to the participating nominees, and unfair to the voters.

We suggest that a standard election procedure be set up and followed. We suggest that a little more foresight be shown by election authorities. We demand more competence.

It is natural to assume that all candidates who were passed by the publications board were qualified.

There is an explanation due from the student executive body.

## Overflowing Heart

In answer to the growing evidence of dissatisfaction over meals served in the dining hall, to date there has been no report of anyone coming down with a serious (or minor) case of malnutrition. It is with regret that we call the attention of the student body to their own inadequacies. Instead of a group of intelligent individuals, it appears that the campus is overrun with people whose prime object in life is to find fault with the food.

The meals which are served in the dining hall are well balanced, nourishing, and edible. They are served more attractively than in the past. On the basic and essential foods second helpings can usually be had when asked for. At no time is it necessary for any individual to leave his table hungry. It is immature and unnecessary to continually complain about the matter.

Perhaps if one of the millions of starving persons throughout the world could stand at any meal served here and watch, unasking, wanting only to see that there was still such a thing as food—perhaps then in the humbleness of your own heart you would admit that your attitude is prompted by selfishness or inconsideration.

The answer is not a full stomach, but an overflowing heart for a full life.

## Barn 'Romp' Will Feature Class Party

Plans for class parties this year reveal some novel features.

November 29, a barn party for the sophomore and junior classes will be held in an old barn at the edge of Spokane. Sophomore class social chairman Jane Williams and junior class vice president Joan Levers are in charge of arrangements for this joint class party. The owner of the barn will "call" the folk games to the accompaniment of his orchestra. Novelty games and entertainment are also slated. Transportation and refreshments will be provided for a small fee.

Betty Montano, social chairman for the freshman class, is tentatively planning a "Little Kiddies" party shortly after Christmas. This will be an all-school event.

The seniors gave an "Integration Party," two weeks ago in the gym.

## "BE ACCURATE" SAYS NEWSMAN

Integrity, honesty, and dependability are as important in newspaper work as the ability to follow technical instructions, stated James Bracken, assistant managing editor of the Spokesman-Review, in a speech before the introductory journalism class.

The newspaper's reputation is its most valuable asset. The value of this asset depends on how the employees represent the paper courteously and handle the business and news of the enterprise honestly, Mr. Bracken warned.

Accuracy, speed, and a knowledge of newswriting style are the general technical requirements for a beginner on a newspaper staff, he said.

"Those people are so dear to me, Who bear their troubles silently— And never, by word or sign, Keep me from telling all of mine."  
—Lyndell Stearns.

## Entrant's Work Told by Scribe

By AL DECKER

Among the many talented and interesting freshmen is Jack Wyant, son of a missionary to Brazil.

Wyant, son of an agricultural missionary, formerly connected with various Presbyterian mission schools in Brazil, was born in Sao Paulo, Brazil. He speaks Portuguese, Spanish and English fluently, and has traveled extensively in Brazil, Mexico and the United States.

Since 1944 his family has lived in Grandview, Washington, where Jack was graduated from high school.

## Elected Moderator

He had early joined the Presbyterian Church of Brazil and upon his removal to Grandview became an active member of Westminster Fellowship, later being elected Moderator in the Fellowship of Walla Walla Presbytery, and then Moderator of the Synod of Washington. At the state-wide Christian Youth conference of the United Christian movement in Olympia, he was elected president of the state council.

## Was Delegate

This past summer he has been a member of a Presbyterian Caravan, and a delegate to Seabeck, Lake Tahoe and Grand Rapids, besides several conferences for the planning of youth work through the churches.

As president of the UCYB, Jack is a member of the national committee of the UCYM, and has just recently returned from a meeting of that committee in Kalamazoo, Michigan.

## Teachers Offered Graduate Courses

A program of graduate work for teachers is well under way, according to an announcement by Dean Munn. Three courses are being given this quarter. Dr. Schlauch is teaching a course in educational sociology; this is on the graduate level and is not to be confused with the undergraduate course having a similar title. Dr. Maxson has a class in school curriculum. Dr. Munn teaches the P. G. course in methodology of research.

Some of these classes meet at 4:10 in order that high school teachers in the city may attend.

Dr. Munn states that other courses for educators will be offered during the year and that Dr. Bibb will also be teaching some of these courses.

## To the Editor

Letters to the editor are welcome from all members of the associated student body or administration. They should be short and confined to topics of campus interest. All contributions must be signed, names being withheld on request. Letters should be addressed to the Editor, Whitworthian, Box 335.

Dear Editor:

At the campus "election" polls last Friday afternoon we were not required to sign our names. Who can prove that the ballot box was not stuffed? Who is election chairman? Does he believe in democracy and assurance of honesty? If so, why doesn't he prove it? If not, why does he have that position?

Respectfully yours,

Ed Stutheit.

(We refer you to this week's editorial.—Ed.)

Beat Bellingham

## PROFS ACTIVE IN SPARE TIME

Dr. G. H. Schlauch gave a talk recently at the Mead P.-T. A. on the subject "Nervous Parents Make Nervous Children." Dr. Schlauch has also made arrangements with Henry Ford for a new car. (P.S.: It's beautiful but dusty.)

Prof. and Mrs. A. O. Gray are busy working around their new home and trying to find furniture for it.

Dr. Bibb is teaching a course at the Spokane public night school. The course is for young bank workers who are trying to make their way up through the ranks. The course is under the auspices of the American Banker's association.

Dr. Merton Munn confesses that he has no outside activities. He says, "I never speak and I don't have a hobby."

## SPEAKER LAUDS

Continued from Page 1)

changed and that is the Bible further reiterated Dr. Anderson.

"If our Bible is to live forever, it must contain not only the wisdom of present day knowledge but the accumulated wisdom down thru the ages," declared Dr. Anderson as he passed on to his second point.

The Bible is all wise, for God's wisdom exceeds the wisdom of all ages. "We need not fear that the Bible will be outmoded for it is the word of God, which endureth forever," stated Dr. Anderson in concluding this point.

## Is Moral Code

The Bible is also a standard of morals. The standard of morals of the world is a shifting thing. Some people go so far as to say there is no such thing, but the Bible says there is. "Be ye holy as I am holy," saith the Lord. "The Christian's standard of morals is based on the unchanging character of God," continued Dr. Anderson.

Further, the Bible has the 'perfect' gospel. Dr. Anderson says that he has seen the rise and fall of half a dozen gospels in his life. Social gospels came into being and the gospel of the redemption of the soul was for a time outmoded. "But," he reported, "I have seen the world return to the need for emphasis on redemption of the individual soul."

## Gives New Birth

Dr. Anderson's concluding point was that the Bible offered a new birth. It has power to reach down and pull the sinners out of their sin, and release in them the transforming power of God.

Continued from Page 1)

churches and businesses throughout the state of Washington. He will be working closely with alumni groups in the matter of contacting prospective students and supporters for the college.

## Is War Vet

A native of Illinois, Mr. Pankey entered the business world in East St. Louis after he finished his schooling. He served overseas in World War I. When he returned to the United States he took a position as field representative for a manufacturer of automotive parts, then decided to go into the gospel ministry.

## Mrs. Pankey Returns

Mrs. Pankey accompanied her husband on their initial trip to Spokane. However, she will return to Long Beach to maintain a home for their two daughters until next June, when they all plan to settle here.

Mr. Pankey's coming to Whitworth replaces the vacancy left by the Rev. Wade Barnes, who resigned to become associate pastor at the First Presbyterian church in Berkeley, Calif., last August.

## BLACK OUT

In the decades to come when the old maids of Westminster Wing gather around to recite their various and sundry cuts and bruises, aches and ills, the minute description of the major operation on Barbara Wilson should be most popular—the scream, the shearing of the eyebrow, the needle and thread, the two stitches, the lovely patch! Most people just get black eyes when they run into doors.

## Navy's S.O.S. For Women

Of interest to women college graduates is a Navy program for appointment of qualified women in the Regular Navy as dietitians and physical therapists in the Medical Service Corps; and for general duty in the Line. The deadline for submitting applications for general duty is 30 October, 1948; applications for appointment in the Medical Service Corps will be accepted until further notice. Qualifications require that applicants be graduates of accredited colleges or universities; age 21 through 25; meet Navy physical requirements; be native born citizens of the United States, or naturalized for a period of at least ten years and be unmarried at time of appointment.

Further information regarding this program will be furnished by contacting or writing the Office of Naval Officer Procurement, 513 Arctic Building, Seattle 4, Washington.

## Two Busy Characters Transform Nason Hall

Two characters, Conversion and Inheritance, have been busy at work on the campus. Conversion struck Nason hall and gave to its feminine appearance a masculine finish.

Inheritance came by the same place and willed to the new generation of men the estates of their immediate maternal ancestors.

The combined estate of Marion Bock and Nearine Marcus (Baugh) was left to Bill Lew and Bill Hiser. The abode of Dorothy Hone and Eva Wong was willed to Bill Roffler, Al Good and John Scottford. To Chuck Bovee, Bill McCord and Burton Durham was left the dwelling place of Keava Rupp and Shirley Miller.

Inheritance gave the former home of Frances Anderson and Mary Ellen Crabb to Bud Fraser, Don Wilson, and Dale Johnson. He honored Bill Suave and Tom Thompson with the former habitat of Edith Hiskey and Donna Vander Meer. Bob Chamnes, Wally Bekowies, and Bob Walton were blessed with the mansion of Margaret Chaffe and Pat Heaton. Geoff Peasland, Harvey Polley, and Dale Parton were endowed with the abiding place Virginia Warren left.

Inheritance befriended Jim Carlson and Jim Hardie and gave them the former room of Shirley Bosworth and Mimi Van Patten. And to Dave Holmes and Sam Tague he allotted the den of Ruth Wimpy and Yvonne Kline.

Unlike the usual operations Inheritance performs, he left these gifts before the ancestors had departed from this world. Therefore, resurrections and insurrections of vengeance are not future impossibilities.

## China Missionary Addresses Class

The evergreen island of Hainan, off the south coast of China, has been the scene of the labors of Dr. Esther Morris, medical missionary, who addressed Prof. Culverwell's History-of-the-Far East class Oct. 15 on the subject, "China—Yesterday and Today."

Dr. Morris pointed out that "secondary marriages" are practiced in Hainan and throughout China, and produce conflict between Christian ethics and Confucian philosophy. Parentally arranged marriages are protested against by many of the younger educated Chinese men, who take a second bride of their own choice. Although this practice is opposed by the church, many Christian girls submitted to it as a means of protection from the Japanese during their occupation of China.

Hainan is the destination of Carl and Muriel Ausink Blanford, who are now studying in Peking prior to entering active mission service. Carl was graduated from Whitworth in '43, and Muriel in '44.

## Or--It Might Rain

This week the Whitworthian will try its luck in predicting the weather with an unofficial forecast from the U. S. Weather Bureau at Geiger Field. It appears that the weather will be fair over the week end and probably warmer, but with possible cloudiness Sunday.

## ALPHA BETA TO FETE PLEDGES

An informal buffet supper will be given by the members of Alpha Beta in honor of their new pledges Saturday, October 23. Dinner is to be held in the Home Economics Building, beginning at 6:30 p.m.

The members of Alpha Beta will cook and prepare the meal. Elizabeth Lundin is the chairman of the food committee.

Decorations are to be carried out in a chrysanthemum motif. The program will feature a vocal duet by Phyllis Gish and Betty Greene. The welcome address will be delivered by Marilyn Este.

The formal initiation and installation of officers will be followed by an informal initiation of pledges, group singing, and marshmallow roast.

## SPEAKER CALLS

Continued from Page 1)  
nism Manifesto in 1848. Marx was born in 1818, the son of German-Jewish descent. He was a brilliant student and began to believe in absolute idealism. Unadjusted socially, he was exiled from Germany and Paris, and went to London, where he died in 1883.

### THE "RED" ENEMY

"One might ask—what is Communism? My answer to that is that it is not your political opponent. Communism is the sworn enemy of the Christian church of today. In 1927, Stalin's party said, 'The Communist party cannot be mutual toward religion.' Communism is not a nightmare, it is a social cancer with outbreaks blemished all over the world. In America, we find the last frontier of a free country. The 'Red' Dean of Canterbury once wrote: 'Communism in Russia is more Christian than it is in the United States. If there is war, it will be the fault of the United States and not that of Russia.'"

### THREE DEFENSES

Rev. Taylorson presented three guides for approaching the subject of Communism, as follows: 1. Know Communism; understand and know the history—Communism is a conflict of economics, philosophy, and ideologies. 2. Build a strong, healthy resistance—build up against hate and greed. 3. Communism must be abolished from America.

### DEVOTIONAL LEADER

Previous to the chapel speaker, Mark Koehler introduced Rev. Bob Johnson, graduate of Whitworth, class of '43, who is pastor of South Congregational Church, Chicago.

Rev. Johnson opened the devotional chapel service, not with words alone, but with selected solos that expressed praise, humbleness, and prayer.

## AWES READIES LOUNGE FOR WOMEN SOON

Students will never be able to recognize the room in Ballard Basement as the "odorful" chemistry laboratory. The associated women students are applying their feminine touch to make a comfortable and attractive lounge for the girls.

The large laboratory is to be the lounge. The entrance hall will be the cloak room with a place for temporary storing of books. In the future, the small room opening off the lounge will be converted into a kitchenette.

The Whitworth Women's Auxiliary is donating \$500 for the furnishings, and everything above that must be earned by the girls. This past week they have been taking contributions in order to raise additional money because the room is large and will take considerable furniture.

The drapery material has been purchased and the girls are going to make them. The walls are in the process of being painted a rose tint. It is hoped that the room will be finished by Homecoming.

The committee in charge of this project is Helen Kristoffersen, Maryon White and Mary Jane Harris. Mrs. Frank Warren and Mrs. Anna Carrel are advisers.

## GOSPEL TEAMS

Continued from Page 1)  
ting substitute speakers when their pastors are away.

Get Early Start  
Gospel team work was started primarily for those students who wished to be doing something definite in the Lord's work and also for those students who are preparing for ministerial and full-time work in other fields. In this way, the members get experience in preaching and in youth work which will help them when they are out of college and ready to go out on their own.

Teams Are Started  
About two or three organized teams are on campus with others being started. Kenny Gamble and his team of men from Whitworth hall, Ruth Taves and her girls from Ballard, and Bill Gwinn and his team are the ones already organized. Dick Cole is preparing to head another team which is yet to be organized.

Chuck Bovee has charge of all these teams and gives them assignments. Bovee said that while many students want to be on Gospel teams it is just impossible to promise each one that he will, definitely be on one.

## Frosh 'Stooge' Unearths Work Polishing Shoes

By FLOSSIE JONES

As I felt the cold steel pressing between my fifth and sixth ribs (these repeater pencils give me trouble), I stretched forth my clammy, shaking fist into the gloomy depths of the forboding envelope and eerie, meen, minie, moed until I found "the one." Ah well, it could have been worse, but I sincerely doubt it.

Silently I tip-toed up to the room indicated on the little, white slip of paper I had drawn—that is, as silently as could be expected after tripping over the chair that had jumped out at me from behind the pillar. With trembling hand I knocked as gently as possible on the door, fervently wishing that the occupant might not hear. No such luck! A hearty voice reverberated throughout the hall, "Come in." Mustering strength and praying that God might not forget His child in her affliction, I dashed into the room.

"Duh! I'm Clemma Jane Sills. I'm your stooge."

"Well, well, well, well (four holes in the ground). Aren't you the lucky one! Heh, heh—we pause here for eight and one-half minutes until the inspiration passes—heh, heh, heh! Ya see that row of shoes over there? Get ta work!"

I thought perhaps it might be right to mildly point out that I had just received a manicure and would rather not soil my dainty, white hands with shoe polish at that particular time; however, I thought wrong. The remark served only to add insult to injury, my injury.

Have you ever noticed just how large an eleven and a half, C, can get? But then, after the seventh pair it was strictly perpetual motion, anyway. And a word to posterity—always, always carry Odor-Go or clothes pins with you! After giving the last shoe a triumphant swish with the polisher, I paused in admiration of my work (!!) of art. That whip has a mighty nasty crack! "Okay, Clem. Now make 'em glow in the dark!" Such despair, such frustration! How was I to know she didn't mean for me to use luminous paint?

Moral: just wait 'til next year. Heh, heh, heh!!

## SPOOK PARTY FOR PRE-MEDS

The Pre-Med club will hold a pre-Halloween party at 8:00 p. m. Saturday, October 23, at the home of Ronald Davis, 8126 Alki, Dishman.

Ron Davis is program chairman and has been assisted by Marjorie Garcia and George McLaren in planning the entertainment and refreshments. The evening's entertainment will consist of one big surprise after another, according to Davis. Although all pre-meds are invited, he warned that those who have a tendency to faint easily are attending at their own risk.

## Stolen Kiss "Worth It!"

Beverly McMorran is not one to back out on a bet, and when Jim Hardie bet her a quarter he could kiss her without touching her she figured on making a little money.

The situation became tense as Jim closed in for the clinch with the blushing Bev. He kissed her soundly (on the cheek, darn!) and said, "Here's your quarter, it was worth it!"

This incident only proves that a fellow can have an awfully good time, provided he doesn't run out of quarters!

# PIRATES, VIKINGS SET FOR FERRIS FIELD GO

## Whits Seek First Conference Win Against Western Tomorrow

Tomorrow will be navy day at Ferris Field with the Vikings from Western Washington invading Spokane for their annual cross-state battle with Whitworth's scrappy Pirates. A conference tilt, the opening kick-off is set for 2 p. m.

Winless in their last two starts, the Whits will be seeking their first Evergreen victory of the new campaign.

### Conference Rough

The Westerners, like the Pirates, found it smooth sailing against non-league foes, but have encountered stormy seas in conference competition.

Opening its season with Linfield, the Bellingham eleven ran away with a 37-6 victory. It followed this success with a 40-0 rout of British Columbia. But there the fun stopped. In their last two starts—both league affairs—the Vikings lost a close one to Central, 7-6, after being drubbed by Eastern 31-7 a week before.

### Spoil Homecoming

Local fans well remember last year when Western spoiled the Whitworth homecoming by sinking the Pirates under a six-touchdown barrage 41-0. The Vikings have nearly the same squad back again for this game. Possessing a power-house forward wall nearly two deep in veterans, including a pair of 230-pound tackles, Western

## Sam Adams Named Lineman of Week

Sam Adams, Pirate end, receives this week's nomination for lineman of the week. Adams has been selected on the basis of his fine showing in Whitworth's near upset of Cheney last Saturday.

In that game Adams played nearly 60 minutes and was in on most of the defensive plays of the game. On offense he caught three passes for 91 yards including one for the second Pirate touchdown. In seasons totals he ranks among the nations top pass receivers catching 10 passes for 234 yards and three touchdowns.

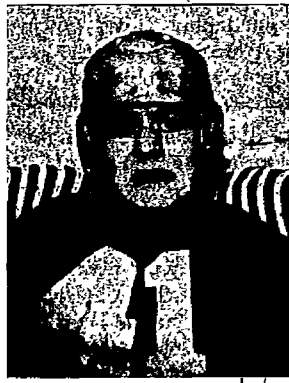

A freshman, Adams is playing his first year of football at Whitworth, and he will probably be one of the leading candidates for all-conference honors. Last year he was nominated to the first team Texas high school all-star team.

This tall blond is 20 years old, weighs 180 pounds and stands 6'2" tall. He comes from Fort Worth, Texas.

### CO-CAPTAINS

TOM JONES

DON OLSTAD

claims one of the league's most formidable lines.

### Pirates Favored

Whitworth and Western have met only one common foe this fall—Eastern Washington. Differences of scores against the Savages gives the Pirates a 23-point edge—a fact which makes them favorites in tomorrow's classic.

Coach Rempel has nominated guards Don Olstad and Tom Jones to act as game co-captains.

### The probable starting lineups:

Whitworth	Western
Adams	E Smith
Faber	T Peterson
Jones, (c)	G Salsgiver
Van Camp	C Frazier
Olstad (c)	G Currier
Zicha	T Stewart
Telecky	E Kent
Kretz	QB Lindbloom
Cruzen	RH Richardson
Tucker	LH Stout
Elias	FB Karnofski

## Pirettes Meet

## TUCKER LEADS PIRATE SCORERS

Vern Tucker added a touchdown against Eastern last Saturday boosting his scoring total to 36 points, six more than runner-up Bob Cruzen's 30.

Tucker has tallied six of the Pirates 15 touchdowns in games played to date. Cruzen, who has accounted for a trio of touchdowns, has boosted all 12 of the Pirates' conversions.

Number three in the scoring parade is Sam Adams, the Whits' sticky-fingered end. He has rung up 18 points, scoring three times on passes.

### How the Whits score:

	Td.	Pat.	TP.
Tucker	6	0	36
Cruzen	3	12	30
Adams	3	0	18
Telecky	1	0	6
Pomeroy	1	0	6
Davis	1	0	6
Totals	13	12	102
Opponents	11	7	73

## MEET THE NEW PIRATES

By DICK HARDESTY

**Bert (Bull) Durham**—is a graduate of Chandler high school in Lynwood, California. A Junior now, Durham came to Whitworth in 1947 after attending Eastern Washington College of Education. Durham, at 205 pounds, holds down a tackle spot on the Pirate grid squad. He is 23 years old and 6 feet 2 inches tall.

**Ken Turnquist**—a major in business administration, came to Whitworth from the Duluth branch of the University of Minnesota, where he was rated as the most outstanding blocking back in Minnesota small colleges. He attended Central high in Duluth. As a sophomore halfback he is one of the hardest blockers on the Pirate squad. He is 19 years old, weighs 170 pounds, and stands 5 feet 11 inches tall.

**Jake Reidt**—graduated from Cheney high and came to Whitworth this year as a freshman. A letterman fullback in high school, he has now been switched to the signal calling position. He is a physical education major and 19 years old. At an even 6 feet he weighs 180 pounds.

**Bob Myklebust**—at Lacrosse high school he was a class officer for four years and student body president. He lettered in football and basketball and received the football inspirational award. A sophomore now, this 20 year old tackle is playing his first year of ball for the Pirates. He weighs 205 pounds and is 5 feet 11 inches tall.

**Gene Unruh**—played junior varsity ball for the Pirates last fall, and is filling in at a tackle spot for the 1948 grid team. A physics major, he attended Coeur d'Alene high school. He is 19, weighs 178 pounds, and is 6 feet 1 inch tall.

**John W. Graham & Co.**

GRAHAM'S . . . Sprague Avenue Entrance, Pens

## PIRATES IN NEAR UPSET; MISSED P.A.T. COSTS TIE

The Pirates nearly pulled the upset of the conference Saturday night before they were finally edged 14-13 by a powerful Eastern Washington eleven. Whitworth matched touchdowns with the heavier Savages, but lost a tie when one of its placements went wide of the mark.

The big Eastern team wasted little time in hitting the scoring column early in the game. Favored by as high as 32 points, the Savages rolled to a quick lead when they scored on a 65-yard march after taking the opening kickoff.

### Tucker Runs 93 Yards

Whitworth came back in the second quarter to tally its first td. With the Pirates deep in their own territory, Vern Tucker electrified the crowd with a 93-yard dash to pay dirt from scrimmage. Some nifty blocking by Ed Kretz and Willie Hoff, who was playing for injured Dutch Elias, gave Tucker a clear field on his long run.

### First in 24 Years

Tucker's six-pointer was only the second time Whitworth had scored against the Savages in 24 years and the first time since 1941 when Bruce McCullough, present public relations director, made a goal line dash.

Outweighed nearly 15 pounds per man, the Pirates were pushed around the midfield, but they held the charging Savages on four scoring drives.

### Kretz to Adams Again

Whitworth tallied its second touchdown in the last period. Quarterback Ed Kretz tossed a forward to Sam Adams who gathered it in on the 40 and, aided by a timely block by Vern Tucker, scampered to a score. The play netted 57 yards, the same distance a similar Kretz-Adams pass covered the week before at OPS.

## CARNIVAL SETS DATE

The annual W-Club carnival will be held Saturday, October 30 in Graves Hall.

Games of skill and other concessions will be operated by the club members in the "Commons." Les Patten, co-chairman, stated that this group would include the "balloon-bust," ring-toss, and fish-pond. Tex Clark, who is in charge of securing prizes, announced that a door prize will be given.

The one and only performance of the "side-show" will be the last event of the carnival. Tentative plans include skits and a quiz program conducted by Gerry Mahaffey. Tom Summerson, chairman, will direct.

The women's athletic association will assist the W-Club by handling all food arrangements. The WAA committee includes Shirley Rosenkranz, chairman, Wendy Clark, Ruth Meeker, Betty Sneider, and Vi Stickle.

## IK's Help Out In Preparations

The Intercollegiate Knights, piloted by Don Wilson, offered their service by helping to boost school spirit last Saturday evening for the Cheney game. The Knights, after "Blood, Sweat and Tears," finished decorating the bus, and formed a caravan of cars in front of J. P. Graves Hall. The line of cars departed from the campus at 6:15 p. m., to meet a police escort, who aided them through the city to invade enemy territory.

The I.K.'s bring attention to all alumni, that at this year's Homecoming, they are making special arrangements to have corsages delivered directly at the banquet. This service will be rendered to alumni only, who will attend the bigger and better Homecoming of 1948.

## ANNUAL W CLUB CARNIVAL OFFERS NOVEL DIVERSION

The annual W-Club carnival will be held tomorrow night in Graves Hall at 7:30 p. m.

Ring toss, dart toss, fish pond, baseball throw, shooting gallery, a fortune teller and other concessions will be held until 9:30. Tickets for all concessions will be on sale at a booth in the foyer of the gym, for 5c each. Prizes will be awarded for all winners.

The main show will begin at 9:30. Tickets will be sold in the foyer 15 or 20 minutes in advance. Admission price to this event will be 15c per person, or 25c per couple. Main event attractions include a quiz show with Gerry Mahaffey, master of ceremonies, a number by the girl's trio: Colette Strim, Marion Venn and Janie Winter; a musical number by the Terrific Torrid Trumpet Trio: Earl Mortlock, Wally Moore and Bill McCord; and a modern version skit of Cinderella. Prizes for the quiz show winners will be a necktie from Fogelquist's, a complete dinner for a couple at the Italian Gardens in the Davenport hotel (no price limit), a complimentary dinner for a couple at the Desert hotel, a \$1.00 to \$2.00 dinner at the Cozy Inn, and other "highly valuable articles" according to Sam Tague, club president. Contestants for the quiz show will be chosen from the audience.

Pop-corn, hot dogs, snow cones, candied apples and coffee will be on sale in the commons under the supervision of the WAA.

Committee chairmen for the carnival include Les Patten, concessions; Tom Summerson, program; and Tex Clark, prizes.

## Varsity Quartet Sings in Tacoma

The varsity quartet will be going on its first trip this week end. Dr. Frank Warren is taking the quartet to Aberdeen, Wash. to sing in the Sunday morning services at the first Presbyterian church and then they will sing at the evening services at the First Presbyterian church in Tacoma. Members of the quartet are Walter Bekowles, second baritone, Charles Hayden, Bass, Calvin Moxley, first baritone, and James Dowdy, Tenor.

## CHAPEL GOERS HEAR CLASSICS

The Whitworth college orchestra was heard today in a program of classical music during Chapel hour.

Under the leadership of Professor Robbins the orchestra played "Hungarian Dance No. 5" by Brahms; "Strong in Thy Strength" by Bach; "The Intermezzo Scene" from "In a Persian Market" by Ketelbey; and "The Heavens are Telling" from "The Creation" by Meyerbeer.

Following the first orchestral selection a brass sextet under the direction of Mr. Elson played Holmes "Memories of Stephen Foster."

Patty Love was featured in a flute solo. She presented "Melodie" flute solo. She presented "Melodie" its by Gluck. A string ensemble accompanied Miss Love.

## Treasurer Gives Financial Report

A statement of student body finances is not yet available due to circumstances beyond the control of the budget committee, according to an announcement by Jack LaRose, student body treasurer. Disbursements thus far this quarter have been made from the \$300 balance from last year and the summer quarter, he stated.

### Budget Changed

The finance committee prepared a preliminary budget without knowing that the college administration receives 15 per cent of the student body funds for collecting the dues. Negotiations are now in progress to have this percentage reduced. The protection given the student body by the administration's collecting the dues cannot be overlooked, LaRose stated emphatically.

Because Mr. Oakes does not receive the student body fees for veterans until January first and other students pay their bills by installments throughout the quarter, the money is not available to the treasurer in one lump sum.

### Loans Granted

Some of these funds will be available before homecoming, it was reported. The service rendered by the student body in making personal loans for homecoming prevents certainty of dates that specific amounts will be available for official disbursements.

(Continued on Page 2)

## To Make Loans

Money will be available to students who need help in paying their homecoming expenses through loans from the student body, it was announced by the executive council. These loans may be secured next Tuesday and Wednesday from Jack LaRose and other students who will be designated by the council to transact business.

Ten dollars is the maximum amount which may be borrowed; those taking the maximum loan will be given two banquet tickets and six dollars in cash. Loans will not be made to anyone who does not attend homecoming.

## RON DAVIS IS PRE-MED HOST

Ron Davis was host to the Pre-Med Halloween party, last Saturday night. The party was held at his home in Spokane, and attended by Pre-Med club members and their dates. Guests spent the evening playing games and being generally entertained.

Refreshments of cider and doughnuts were served.

## GHOST TAPS

The room was quiet, only the voice of Dr. Mark Koehler echoed a ethereal dissertation on spirits and sin.

Tap-tap-tap came the sound. Without warning the professor uttered these words, "If you're there, tap twice."

Tap-tap. (or was it tap-tap-pp-p-pp).

Other "messages" could not be deciphered.

Had the ghost of McMillan Hall returned or was it only a Halloween spirit?

## Rev. Rasco To Be Emcee At Banquet

Master of Ceremonies for the Homecoming Banquet will be Rev. "Bill" Rasco, general chairman Al Christensen announced today. Rasco graduated from Whitworth in 1937 and is now pastor of Millwood Presbyterian church.

Speaker for the banquet is Mayor William F. Devin of Seattle. His subject, "We the People" is based on information received during his four year service as police judge. He now holds his fourth two-year term as mayor of Seattle.

Tickets for the banquet are now being sold through the bookstore and student representatives Tex Clark and Bill Gwinn. Alumni tickets may be obtained from Bruce McCullough.

## Anderson Urges Imitating Christ

"Be ye imitators of Christ" was the theme of Dr. L. K. Anderson's talk in chapel, Tuesday.

During the latter part of the war it was brought forcibly to Dr. Anderson that the people of the world are indeed imitators. While on the African Gold Coast waiting for transportation into the interior, Dr. Anderson and his party had to stay at a military post. Never had he heard so much profanity in so short a time. Some of these soldiers he said were going into battle soon and they felt that the only way to show that they were unafraid was to act tough.

Later as Dr. Anderson was entering the town of Aprague, small urchins came up to him and asked if they could show him the hot spots of the town. When Dr. Anderson refused the offer, profane words filled the air. He realized he said that these urchins were just imitating the American soldiers stationed nearby.

(Continued on Page 3)

## INDIVIDUAL PHOTOS TO BE FEATURE OF 1948-9 NATSIHI

Individual photographs of all students will appear in this year's enlarged edition of the Natsihi, editor Dick Denton announced this week. Senior pictures will be larger than those of other class members.

The photographer from Burchett's studio will be on the campus daily beginning Monday, November 8, at 9 a. m. Each student having a picture taken for the annual will be charged \$1.50 and may receive his glossy print furnished the year book after the engravings are made. Four poses will be taken of each student.

Burchett's assured Denton that every effort will be made to take as attractive pictures as possible. Students wishing to order portraits for their own use will receive 25 per cent discount from the regular prices of the studios. As few as three prints can be ordered. Notices of sittings will be posted.

All work will be done at the college and arrangements will be made to take town students during the day. The studio will complete the work and furnish glossy prints by December 15. Part of the price of each photo will be returned to the yearbook fund under a new plan originated by Burchett's.

Arrangements for club and group photos will be made in the near future, Denton announced.

The sports section is due for enlargement. Denton plans to have more lengthy and varied information about the different sports, some of which have been submitted before because the material for the annual has been required by the publisher at an early date. The staff of the Natsihi hopes to be able to avoid this.

Pictures of the Whitworth faculty and staff and shots of the campus buildings, will be highlighted in this edition.

Denton plans a budget of \$5000 to be used in publishing the annual. A money-raising event is planned for later in the year.

Denton plans to use the padded covers, a type which has been used in some previous years. Last year's Natsihi had a hard cover.

## Town Frolic Lures Many

By JO SUMMERSON

City Kids Caper, town club frolic, attracted 60 people to the Knox Presbyterian church basement which was colorfully decorated in autumn colors for the Friday night event.

The program planned by Bob Farley consisted of vocal solos by Marge Scott, readings by Carmen Poole, piano numbers by Clarence Schlerman, and a movie shown by Miss Poole's father.

Highlight of the group entertainment was the cake-walk. Tom Summerson, Mildred Lesler and another unidentified couple won a home-made cake for their unusual talents.

Judges Mary Leavens, Donna Vander Meer, and Tom Summerson selected Joe Thome in his brief French bathing suit as costume winner of the men's class.

Humorous notes were added by the singing commercial groups.

The way to your dream girl's heart is via the Homecoming banquet.

## COMNG EVENTS

Tonight—Class Parties.  
Oct. 30 (Sat.) "W" Club carnival.  
Nov. 5-6—Homecoming.

8:00 p.m. Homecoming play.  
Nov. 6—  
1:30 p.m. football P.L.C.  
7:00 p.m. Banquet.

## Loans and Gifts Add Furnishings

Some furnishings have been received from the student union room through donations and purchases made with loans from the student body, according to an announcement by Norman Dorpat, chairman for the project.

Approximately \$75 has been borrowed from the student body. All purchases made with this money have been through sales or special discount. End tables and lamps were purchased at a downtown furniture store. Ping pong and other recreation sets have been secured at discounts through the work of Norman Dorpat and Donna Vandermeer.

Six picture frames have also been bought for the room. Pictures of current student activities will be placed in these frames and changed from time to time. This will be supervised by Mary Leavens.

### Sofas Donated

Furniture for the room has been secured through donations and from other parts of the campus. Dorpat reports that the best furniture secured from the campus has disappeared and requests that it be returned if possible. Dr. Maxson and Paul Ferr each gave a sofa to the project.

Georgene Summerson is supervising slip covers for the overstuffed furniture and drapes. The present drapes are only temporary. Jack LaRose has made arrangements for the Coca Cola and candy vending machines.

### Funds Needed

More and better furnishings will be placed in the room as additional funds are received. The present used furniture will be replaced by new furniture; a billiard table has been secured but needs repairs; a locker for each town student is anticipated. This last item alone will cost hundreds of dollars, Dorpat reported.

The art department has volunteered to provide mirrors for the room. If all organizations follow through on their commitments, the room will be furnished soon.

### To See Or Not To See

Last Saturday night the first regularly scheduled movie was shown on the campus and since the first announcement of the "invasion of the cinema" a large controversy has begun.

It is not the purpose of the editors to debate the theological problems involved, but neither is it our policy to ignore this subject because at the moment it is considered "loaded."

While there are many on the campus who cannot reconcile movie-going with their consciences, there are a great many others who attend Spokane movies regularly, investing large sums. Often the town does not provide a really good movie and the student goes just for "something to do." Also, the student often is forced to sit through a badly filmed or otherwise objectionable co-feature to see the desired feature.

For those who do not approve of movies there should be no problem. They simply need not go. For those who do attend movies, however, it is a saving of money and an assurance that the movie will be of high calibre.

It is, of course, a problem for school leaders, the student body, and the administration to decide as a whole.

—M. L. J.

## CAMPUS POLL

By BILL GWINN

Overwhelming majorities for the Republican party were shown by the campus opinion poll conducted the past week. A comparison with the results of the October 15 issue of the WHITWORTHIAN shows a surprising increase for the Republican elephant. The Republican support here is much greater than it is locally or nationally.

It is interesting to note that the percentage of those who felt their votes could be won over by a vigorous and convincing campaign decreased from 28.1% to 19.6%.

By choosing a cross-section of the student body and faculty, the poll fairly represents the opinion of the entire campus.

The political scoreboard today shows the following results:

Presidential Race				
	Dewey	Truman	Wallace	Thomas Watson
Students	78.6%	12.5%	1.8%	1.8%
(2 weeks ago)	64.1%	20.0%	4.7%	1.6%
Faculty	81.8%		18.2%	
(2 weeks ago)	81.8%	9.1%		
Gubernatorial Race				
	Langlie	Wallgren	Fluent	Undecided
Students	83.8%	5.5%	1.8%	8.9%
(2 weeks ago)	71.9%	6.3%	1.6%	20.2%
Faculty	100%			
(2 weeks ago)	81.8%	9.1%		9.1%

Since the national elections take place next Tuesday, this poll will deal with some current problem, either locally or national.

### Friends Evidence Great Foresight

Fond memories still linger when one recalls the surprise party given for Esther Gray by the girls of Westminster Wing, October 4, in commemoration of her recent engagement to Bud Fraser. The guest of honor was presented with a Better Homes & Gardens Cook Book.

#### Chapel Hours

November 1—Dr. Paul Kopp, director of evangelism on the West Coast for the Baptist church.

November 3—Dr. Warren will speak on the subject "Roads to God."

November 5—Homecoming assembly, under the charge of the alumni president, Dr. Lester Hussey, a local optometrist.

## Bishop Plans Mission Career

Don Bishop, a pre-ministerial student, member of the Junior class at Whitworth College, is planning to become a missionary to Argentina.

Don, in the eighth grade at Ashland, Ohio, received a certificate of award from the State Department of Education at Columbus, Ohio. He graduated seventh highest of the eighth grade students in the county in which he attended school.

He attended Ashland high school at Ashland, Ohio, for three and one half years and while there was a member of the high school Library club.

He worked for the Erie Railroad as a mail handler while attending the first half of his senior year at Ashland.

In 1944 he joined the student body of Los Angeles Bible Institute and in his senior year there attended Belmont evening high school also, graduating from both Belmont and B. I. in June of 1947.

Mr. Bishop entered Whitworth college in June of 1947. His major is history and his minors are Greek and Biology. He is a member of the Philadelphians and is working in the First Brethren church of Spokane. Upon graduation from Whitworth he plans to attend Grace Theological Seminary at Winona, Indiana.

## TREASURER GIVES

(Continued from Page 1)

### Committee to Meet

Another meeting of the budget committee will be held before homecoming and a financial statement made available to all students as soon as possible, LaRose announced.

The largest single item on the budget is for the athletic fund, \$2.75 of each seven dollar fee going for this purpose. This amount is turned over to the college administration. The total amount spent by the college for athletics approaches ten times the amount contributed by the students, Mr. Oakes explained.

### Many Expenditures

The next largest items are for the Natsih and Whitworthian. For the Natsih this includes half of the scholarships for the editor and business manager as well as partial cost of production.

Other items for which student body expenditures are made include forensics, band and orchestra, and the new pep committee.

Money left in the funds from what is considered essential expenses is used by the social committee for various student body parties and social functions held throughout the year.

Homecoming, for example, necessitates expenses for decorations, a speaker, printing of programs, and prizes for the best dorm decorations.

### Rumors Decried

"I believe that rumors of disharmony in the executive council and excessive dispute over the budget are unwarranted and due to failure to understand the situation," LaRose said.

## Bylines Awarded For Top Stories

By-lines for the best feature story and the best straight news story will be awarded weekly, it was announced at the last Whitworthian meeting. The stories will be judged by the editorial board and Prof. A. O. Gray on the basis of accuracy, conciseness and reader appeal. This new policy does not apply to the sports page.

Whitworthian reporters were also assigned regularly weekly "beats" at this meeting.

## Let's Get Acquainted

Introducing a smiling senior, William Ainley, from Woodlake, California! Last September, Bill married a Whitworth girl, Nancy Osborne. Bill is majoring in Social Science and plans to enter seminary next fall to complete his training for the South American mission field. He learned the Spanish language first-hand in Mexico where his father was a missionary for many years.

Donald Burgess comes to Whitworth after four years at the Kansas City Art Institute. While at the Art Institute, Don won scholarships for two successive years. Several billboards in and around Spokane and numerous newspaper ads give ample evidence of his ability as an artist. Don spent three years in the army, traveling in the States before going to France. He looks forward to operating his own art studio upon graduation.

Robert Salter was born at a very early age in a sleepy little Georgia town. After struggling through high school, Bob decided to try college life at Gregory university in his home state. After one year, he decided to travel North and enrolled in Northwestern university, Chicago, Illinois. Bob plans to go to medical school and specialize in surgery before going to China as a missionary.

## Flying Club Says: 'Try It, It's Simple'

He knows how, yes, Bob Notson knows how to fly, and so can any air-minded student by joining the Whitworth Flying club. All students interested in flying are eligible to join.

Bob Notson, president of the club, Les Kerkindorfer, and Lowell Ellis flew to Omak, Washington and the Okanogan country last week-end for a deer hunting expedition.

Club members now receiving preliminary training at Western Skyways are: Mary Levins, Dorothy Levins, Marge Redding, Gordon Schwieter, Jerry Dobbins, Dale Johnson and Bill Driesdale.

It's not too late  
To make that date.

## CAMPUS CLUBS

Organized several years ago to give mathematics, physics and engineering majors a more thorough acquaintance with their fields, the campus Engineers club got under way again this year with a meeting October 14 in the Physics laboratory.

Ex-air force pilot Newland Caloway was installed as president, Harold Wimpy as vice president, Bob Brugge, secretary, and Vernon Grose, treasurer. Physics professor W. C. Wilson is club adviser.

Several committees were appointed: A program committee under Peterson schedules club meetings and programs, a field trip committee headed by Paul Vinther arranges for trips to various engineering installations and projects, and a school service committee under Harold Wimpy handles public address systems for the club.

The club plans to be host to an all-school field trip to Coulee Dam sometime in May, according to Paul Vinther.

Vinther said that enlightening trips were made by members last year to projects like Little Falls and Long Lake dams.

Each year experts in appropriate fields are engaged to address club members.

## AF Seeks College Men as Officers

The opportunity for pilot training and a career as an officer with the United States Air Force which is open to qualified college men will be explained to Whitworth college men October 28 through November 3 at N. 4 Washington St., Spokane, by a special Air Force aviation cadet team, Capt. Allan P. Walker said today.

Unmarried physically fit men, 20 to 26½ years old, with two or more years of college, can provisionally qualify for flight training by appearing at the Spokane office during the above dates for physical and mental examinations, Capt. Walker said. Air Force standards are high because of the intelligence required to operate modern military aircraft.

Volunteers who are accepted for pilot training will receive 12 months training. Successful cadets will receive their pilots' wings, and be commissioned in the Air Force reserve. Pay and allowance exceeding \$4000 a year can be earned while on active duty, Capt. Walker said.

Further information at Whitworth is available in Dr. Maxson's office.

Any others—(itemize).....

## PARKING IS EASIER NOW

The campus parking problem has been relieved some by the providing of additional parking areas and by the spreading out of the college activity area. Space behind the dining hall has been levelled and provided with log markers. Increased parking in the library area, diverting automobiles from other spots, has been noted. "No parking" signs have been posted in places where traffic has been most congested.

## Home Ec Girls Elect Delegates

Margaret Sharp and Beth Rodner were nominated as delegates to go to the National Home Economics convention at W.S.C. on Friday and Saturday, November 12, and 13. The Alpha Beta club of Whitworth is a member of the National Alpha Beta club.

The new officers this year are Marilyn Esty, president; Phyllis Cosman, vice president; Beth Rodner, secretary; Alice Williams, treasurer; Shirley Day, reporter, and Doris Cole, sergeant-at-arms.

The club is helping to sponsor the World Council Christmas Festival under the Church World Service. Members have voted to send nine dollars to be spent for leather shoes, wool clothing, hand towels, soap, tooth brushes, candy and ingredients to make a Christmas cake.

## GIRLS HEAR HOW TO WIN SWEATERS

The Women's Athletic Association held a meeting last Thursday, October 21 for members and prospective members.

How to win a W-letter and sweater the WAA way was summarized by Carol Gray, sports manager. Girls who earn 100 points in a sponsored sport are eligible for active membership. W letters are awarded to those who obtain 500 points; sweaters are given to girls with an additional 500 points. A total of 900 points may be earned in one year.

Officers of this organization are Barbara Wilson, president; Phyllis Newton, vice president; B. Hartford, treasurer; Georgene Summerson, secretary; Carol Gray sports manager; and Dona Spalding, public relations.

## ANDERSON URGES

Continued from Page 1)

"The United States has a tremendous prestige in the world today. Its military strength and financial resources make it able to help the ravaged world," he asserted.

Thank God, there is another kind of army, continued Dr. Anderson. Those people who represent the true America. They are few in number, these soldiers of the cross who take the gospel of Jesus Christ around the world.

"Moving pictures are the greatest influence in foreign countries," Anderson said. A couple in South America have two very intelligent girls who were offered scholarships in America to do post-graduate work in college. The parents refused the scholarships because of the way the movies portrayed the American life.

"If they are going to imitate us let them imitate the real American, the true Christian," exclaimed Dr. Anderson. "Imitate my ways, which are in Christ Jesus, said Paul to the early Christians."

Dr. Anderson concluded with the statement that he hoped the world would see Christ in us, the hope of glory.

## CHURCH OFFERS COLLEGE CLASS

The college class of the Whitworth Community Presbyterian church is meeting every Sunday morning at 9:45 a.m. There were 65 members attending last week.

After a general assembly program led by Peter Hewitt, the various classes divide for separate discussions. At present, Professor Yates is conducting the college class in a series entitled Christian Behavior.

Last Sunday the group elected these officers: president, Charles Ainley; secretary-treasurer, Willa Jean Lage; program chairman, Peter Hewitt and Elaine Olsen; publicity chairman, Marian Bock and Les Mayo.

Charles Ainley, president of the group, states, all Whitworth students, regardless of denomination, are welcome to meet with us each Sunday morning.

# BUCS SINK VIKS, 12-6, FOR FIRST LEAGUE WIN

## Pirates Avenge 1947 Homecoming Debacle; Vacate Conference Cellar

By WALT DAWSON

Whitworth avenged last year's homecoming rout by hanging a 12-6 defeat on Western Washington Saturday afternoon at Ferris Field. The win marked the first Evergreen victory for the Pirates, and moved them out of a three way tie for the league cellar.

Unable to effectively penetrate the heavier Western line, the Pirates took to the air and with Ed Kretz doing most of the passing, the Whits flew deep into the Viking territory, cashing in on two touchdowns and the game.

### Adams Scores First

The second period wasn't a minute old when Kretz flipped a 15-yard forward to Sam Adams for the first Pirate counter. A 37-yard aerial to Cecil Telecky had set the stage for Adams' touchdown two plays before.

Bob Cruzen's attempt for the extra point from placement was blocked.

### Viks Rally to Tie

Western tied the game in the third quarter, with a Pirate penalty setting up the scoring play.

The Viks were on the Pirate nine when the Whitworth line broke through to nail Western for a loss. But the Whits were charged five yards for offside giving the Bellingham eleven a first down on the four. Two plays later Karnofski plunged over to deadlock the score. Western's place-kick went wide.

### Whits Tally Again

In the last stanza the Whits again took to the air, driving 43 yards to their second score. With the ball resting on the one-yard stripe, Kretz faked a line buck and then stepping back, tossed a short pass to Bobby Davis, who gathered it in for the Pirates' winning tally.

Cruzen's placement was good, but a holding penalty nullified the point. His second try from 17 yards out fell short of its mark.

### Penalties Costly

Penalties were costly to the Whits. They lost 75 yards from rule infractions while Western breezed through without paying for an inch.

### Pass Defense Pays

The Pirates' pass defense was equally as effective as their offense. Western connected for only one forward in 15 attempts, and another "completion" was ruled caught on a debatable interference play.

Pete Bennett, Del Schalock and Bob Kohlstadt each intercepted a pass while Bobby Davis stole two Vik forwards.

### Ron Lentes Again

In the line Ron Lentes, Don Olstad, and Nick Faber paced the defensive action while ends Sam Adams and Cecil Telecky led the offensive attack.

### "A DUNKING PARTY"

## TUCKER HEADS TEAM WITH 6 TDS.

Although held scoreless in last Saturday's game, Vern Tucker still tops the Pirates in the point-making department with a six-touchdown total of 36 tallies for the season.

Runner-up is Bob Cruzen, who also failed to add to his previous week's mark of 30 counters. Cruzen has crossed enemy goal lines three times and has booted all 12 of Whitworth's extra points.

End Sammy Adams took a firm hold on third place in the scoring parade, adding his fourth touchdown Saturday to give him a record of 24 markers.

### Kretz Paces Offense

Ed Kretz, freshman quarterback, continues to pace the Pirate passing attack. The aggressive signal-caller has tossed for 24 completions, including four touchdown heaves, in 43 attempts to rack up aerial gains totaling 479 yards. Kretz is also top offensive player, having accounted for 591 yards in 89 plays.

Tucker is out in front in the rushing department. The speedy halfback has charged through opposing lines for 404 yards in 57 trips for a neat average of 7.1 yards per try.

### How the Whits score:

	TD	PAT	TP
Tucker	6	0	36
Cruzen	3	12	30
Adams	4	0	24
Telecky	1	0	6
Pomeroy	1	0	6
Total	17	12	114
Opponents	12	7	79

## 23 Hoopsters Answer Call

Whitworth's initial basketball turnout took place recently with 23 hopefuls including nine lettermen from last year's squad.

Coach Jerry Stannard has been putting the boys through a vigorous training schedule, including running, passing and shooting.

Earl Mortlock, named on the 1947 all-conference team, and Clyde Matters and Bill Roffler, who received the league's second team honors last year, are among the returning lettermen.

Other lettermen include: Sam Bass, Gordon Brandt, Virg Kuhn, Nick Faber, Wayne Conner, Jack Mahaffey and Jerry Mahaffey. Besides these, Coach Stannard expects at least six men from the Pirate Grid team to join the hoopsters.

Among the newcomers are two former North Central high school players. They are Don Cameron of last year's state high school champions and Rudy Cosseto.

St. Martins at Central Washington.  
College of Puget Sound at Eastern Washington.

## Lentes Repeats Lineman Honors

### Olstad and Faber Rate Near Top

By Dick Hardesty

Lineman honors for the week again go to Ron Lentes who played one of the best games of his career last Saturday at Ferris field. He was easily the outstanding defensive player on the field as the Pirates turned back the invading Bellingham Vikings. It is possible that without his sterling performance the score might have been reversed.

RON LENTES  
Viking's Fifth

Lentes broke through the enemy line on so many occasions that it was beginning to look like he was the fifth man in the Viking backfield.

Last year he was on the Pacific Lutheran, co-Winco-champs, all-opponent team, and another showing like his last might again mean difference between win and defeat next week when we play the Gladiators in our annual homecoming game.

This year Ron will be out to gain even greater honors in seeking a berth to the Evergreen all-conference eleven.

Other members of the Pirate line who deserve praise for an especially fine game against Western are Nick Faber and Don Olstad. According to Coach Rempel these two played their best games to date. Olstad, a 200 pound guard, and Faber, a 195 pound tackle, each played about 55 minutes of the game.

Let's make 1948 the greatest Homecoming year yet.

EVEN YOUR BEST FRIENDS WON'T TELL YOU—all the fun you'll miss if you don't attend annual Homecoming festivities.

## Homecoming Game To Be in Pine Bowl

Whitworth's Pine Bowl will open its gates for Evergreen play November 6 when the Pirates entertain Pacific Lutheran in the Whit's home-coming classic.

Up until now the Pirates have been playing their home games at Ferris Field. Added costs and scanty attendance have forced the move to the local gridiron.

The Central Washington-Whitworth contest, scheduled for November 20, will also be staged in the Pine Bowl.

## REPORTER LAUDS "MAN OF HOUR"

In virtually all athletic competition, school or professional, there are always those people behind the scenes that, although they don't actively enter into the game, are as much a part of the victories as the men who get the credit. And a loss is felt no more keenly by the loser than these fellows who give their wholehearted support to "their boys."

### Unheralded

When a man goes down, whether from a badly twisted leg or just minus a few gasps of precious air, or when the going gets rough, there's always one man on whom the boys can rely.

The only real difference between the stalwart on the field and the little guy with the big heart is that this little man never gets the credit. True he's appreciated when the hurt is the severest or the loss is hard, but when the victory is dear it's not he with whom the mutual congratulations are exchanged.

### Trainer Honored

Whitworth has its man of the hour, and we would like to take this opportunity to nominate Al Wylder as the schools athletic man of the year. He's the college's A-number-one trainer who keeps the grid team in peak condition from game to game and irons out all the aches and pains. And when he can't get a man in shape by game time it isn't because he didn't try with all of his capable abilities.

Wylder a junior, majoring in physical education, was also trainer for the Pirate baseball squad, and if the success he has had with the teams so far is any indication of his future, he should make a really fine trainer for someone after graduation. Let's hope it's with Whitworth.

VOL. 39 SPOKANE, WASHINGTON, NOVEMBER 5, 1948 NO 6

## WHITS, LUTES READY FOR HOMECOMING TILT

### Pirates Seek Upset Over PLC Tucker; Jann, Elias on Deck

Whitworth's scrappy football eleven will be out to cop an upset for the grads tomorrow when it meets Pacific Lutheran in the 1948 home-coming classic here in the Pine Bowl. Kick-off time is set for 1:30 p. m.

**Moved to Bowl**  
The Pirate-Lute tilt was originally scheduled for play at Ferris Field, but because of the fire the game was moved to the campus gridiron. To date the Pine Bowl

BOB CRUZEN  
Game Captain

has been used only for scrimmage, but with the addition of bleachers it has been readied for tomorrow's action.

**White in Top Shape**  
Aron Rempel, head football mentor, has the Pirates in top shape ready for the Lute go. The Whits' Saturday lay-off gave last week's injured trio, tackle Donn Jann and backs Vern Tucker and Dutch Elias, a much needed rest, and all three are on deck for tomorrow's action.

Rempel has named Bob Cruzen, sterling junior halfback, to captain the Pirate squad in the season's "big game." The Bucs' place-kicking artist, Cruzen, has booted 12 conversions in 17 tries this fall, along with scoring three touchdowns, to account for 30 of his team's 114 points. Cruzen missed last year's home-coming fray because of a rib ailment.

### Program Celebrates Ninth Anniversary

This Sunday marks the ninth anniversary of the founding of the Whitworth Chapel Program on KHQ. This program was started the first Sunday of November in 1940 and has been continuous ever since except for a brief vacation in the summer.

The radio program has helped the college in bringing the story of the history of Whitworth to the people and it has been acclaimed the outstanding religious program in the state. Letters have come from 400 miles away, a fact which shows coverage is excellent.

### Thespians To Offer Drama This Evening

One of the featured attractions of homecoming will be the annual homecoming play, "Papa Is All," this year's production will have its premier performance tonight at eight o'clock in Graves hall.

An experienced group of players headed by L. G. Baker and Carmen Poole as Mr. and Mrs. Aukamp will portray the comic and tragic life of a Pennsylvania-Dutch family of the Mennonite religion. Betty Follett, Chuck Bovee, Virginia Gaiser and La Vern Brassard are in the supporting cast.

**Author from Palouse**  
Patterson Greene, author of the play, was born in Palouse, Wash. He is a graduate of the University of Idaho, and is present music and art critic of the Los Angeles Times. He is an author in his spare time, and has another production appearing currently on Broadway.

**Staff Named**  
Production staff members as announced by Mr. Waltz and his assistant Mr. Bachman include: publicity, Donna Anderson, Joan Wycoff, Frances Anderson and Pat Wadell.

Assisting Mr. Bachman in setting and lighting are Holland St. John and Gordon Petriquin. Costumes and make-up are being handled by the costume and make-up class.

Shirley Freeburn and Maryon White are in charge of properties. Script holder is Isabel Kingsmith. A second performance of the play is scheduled for Tuesday, November 9. Student body tickets are being honored upon payment of government tax.

### Knights To Boost Weekend Events

Intercollegiate Knights, men's service organization, will assist in homecoming arrangements for the play, parade, and football game.

Seating for the play will be under the I K's, as well as traffic on the campus on Friday and Tuesday nights.

George Stout will be in charge of the alumni section that is to be roped off for the game. The club sponsored a float for the downtown parade today, as well as assisting in general campus arrangements.

### Town Club Builds Homecoming Float

Homecoming Float for the queen and her royal court will be built by a special Alpha Kappa Chi committee headed by Lorenzo Brown. Student nurses from Letterman Lanning Hall will assist.

The library will be decorated in school colors for the festive week end. Elaine Jenkins and Lois Olson are in charge of this project.

### AKX TO PRESENT LATIN MUSICAL

Betty Montano and Charles Ainley will share romantic leads in the student musical campus production, "Romance in Rio," to be given November 19. Comedy roles will be portrayed by Al Good and Cal Moxley.

Miss Montano whose Latin background lends an unusualness to the three-act comedy is a freshman from Long Beach, California.

Mr. Ainley is a sophomore from Woodlake, California.

Written around the popular song, "Begin the Beguine," the plot unravels the romantic disillusionment of Chuck and Betty. The musical department is assisting in carrying out the theme.

Production arrangements are under the direction of Mel Unruh. Scenery props and lighting will be handled by Bob Farley and Bill Sauve. Faculty advisors are Mr. Bachman, Mrs. Wartes, Mrs. Cheska, and Mr. Robbins. Del Marshall will be in charge of financial affairs.

### Library Dedication Is Set for Nov. 14

Dedication of the Cheney Cowles Memorial library will be Sunday, November 14. Entertainment will include music by the varsity male quartet and the string trio. Refreshments will be served.

"This will furnish an excellent opportunity for town students to invite their parents and friends to the campus," suggested Dr. Warren.

### Brunch, Banquet and Reception Are Among Weekend Highlights

Homecoming festivities commenced this morning with the coronation of Queen Colleen I and the presentation of her court. The court includes the Queen, princesses Liz and Jamie, and court members Jeannette, Ruth, Jean, Donna Jean and Mary Lu.

See the windows given to Whitworth Homecoming displays at Simchuk's and Kendall's.

The gaily decorated campus is ready to welcome the many alums who are expected to be on hand for the week-end. Campus decorations are being handled by Ruth Meeker and Don Barlow. Each dormitory has it's own decoration committee.

**Rally and Play**  
Tonight a pep rally will be held in front of the gym at 7:30. The play, "Papa Is All," starts at 8 p. m. in the gym auditorium. Students will be admitted upon presentation of their student body cards. Another performance will be Tuesday night, November 9.

Tomorrow morning the alumni will be feted at a "Brunch" at 10 in the faculty lounge in the library. Bruce McCullough heads this event. In the afternoon, at 1:30, our own Pine Bowl will be the scene of what is expected to be a grim but victorious (for us) battle with the Pacific Lutheran "Gladiators." Half-time activities promise amusing entertainment, as well as another appearance of the Queen and her court.

**Banquet Set**  
Highlight of the two-day frolic will be the Homecoming banquet, tomorrow night in the Davenport hotel. Held in the Marie Antoinette and Isabella rooms, the banquet begins at 7. "We, the People" will be the subject of the talk given by Mayor William F. Devin of Seattle, in the program following the banquet. Alumnus Rev. "Bill" Rasco will be master of ceremonies. Program chairmen are Joan Leavers and Colleen Pickert.

Following the banquet, there will be an alumni reception in the Hall of the Doges room in the Davenport. Students are invited, as well as all of the alumni who are present.

Kenny Warren, publicity chairman of Homecoming, distributed pamphlets from airplane windows.

### Chapel Fetes Alumni Grads

Colleen Pickert was crowned "Homecoming Queen" by Dr. Frank Warren in an impressive ceremony at the alumni chapel program today.

Queen Colleen I. was elected last Monday; her two competitors, Jamie Williams and Elizabeth Kristoffersen are princesses in the court. The remainder of the court include, Mary Lu McKeehan, Donna Jean Anderson, Jeannette Hannon, Ruth Toevs, and Jean Walker.

The returning alumni stood up and introduced themselves to the congregation. Following this part of the program, Mrs. A. G. Naundorf and the Rev. George Van Leuven gave a short message.

In conclusion, the chorus from the cast of "Romance in Rio" sang a South American number. The chapel then adjourned to form the "Homecoming Parade."

### EDITOR RAPS PRANKSTERS

The Whitworthian strongly condemns the actions of those responsible for the serious burns to a member of the student body in attempting to burn the bonfire ahead of schedule last night.

We will do everything in our power to see that the guilty parties are apprehended and adequate punishment given.

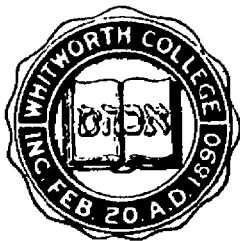

We wish Dave Beamer a speedy recovery and offer him the apologies of the entire student body for the actions of a careless few.

BILL SAUVE, Executive Editor.

## Welcome Home

It is wonderful to have, returning to our campus, the graduates of other years. The alumni have done a great deal for the college, always, and it is fortunate that the under-graduates have a chance to know the alumni. Separated by time and miles from the campus but still close to the college of their choice by aims and ideals, the alumni are the best fitted of any group to "see" the college and evaluate its progress and changes.

The entire progress of humanity has been made by the passing down from one generation to the next, the advances of wisdom and culture. Our greatest advances as a college can be made by integrating the work of the alumni and the present student body and enjoying mutual opportunities of working and playing together.

As editors of our college paper we would like to congratulate and thank our alumni and ask them to share even more vitally in the life of the college.

## Fun or Folly?

Although reports of the Halloween activities on the campus have been greatly exaggerated, it is well to remember that there is a fine line to be drawn between fun and folly. It was difficult to see what fun college students could have in scattering garbage, or erecting destructive barricades. On the other hand, more tact and diplomacy could have been used in rectifying the situation that ensued.

Reminder to the dining hall for next year. The silverware was "appropriated" this year, it was hidden in the past, there is every reason to suspect that the situation will remain the same next year. Why not plan for it ahead of time?

## Letters to Editor

To the editor of the Whitworthian,  
"The executive committee of the Whitworth College Christian Endeavor, after much prayer, thoughtful discussion, and considering as objectively as possible all sides of the question, wish to go on record as opposed to having Hollywood-type moving pictures on the Whitworth College campus. Not meaning to criticize anyone for his own decisions regarding Christian conduct, the executive committee feels that having Hollywood productions on the campus affects the testimony of the college and may lead to other practices which would be more undesirable."

Sincerely yours,  
Whitworth College  
C. E. Executive

## Old Issues Stir Memory

Past issues of the WHITWORTHIAN have given interesting information about alumni and history of the school.

An issue of 1921 has this headline, "The banquet was a success. Eighty attended the pleasant affair honoring the gridiron men."

In the WHITWORTHIAN of 1923, we read, "Whitworth Wins." Headlines in the same issue read, "Granddaughter of General Booth visits college." Further may be seen, "Resolved, that Whitworth should have a spooning parlor."

In 1926 the WHITWORTHIAN renewed publication after four years' lapse. "Whitworth defeats Lewiston Normal in conference tilt. Score: 30-22." "Josephine Smith, with her smiles, flashing blue eyes and charming Irish brogue, easily captivated the crowd in the college play, 'Come Out of the Kitchen.'" "Alcohol is distilled in freshman chem class."

In 1927: "Alpha Psi Delta will erect entrance pillars." "Prominent Alumnus (Dr. John M. Skinner) Address Students" and "Carl Boppell, '27, who is teaching and coaching at the Valley high school, spent the week-end in Spokane."

In 1929: "The November issue of the Journal of Chemical Education, a national magazine for chemistry teachers, contains an article on repairing broken test tubes, written by Lewis S. Keyser, a sophomore at Whitworth."

1932: "Enrollment now is largest in history of Whitworth college; total attendance 170."

1935: Members of the men's quartet: Loren Hatcher, Mark Koehler, Kieth Murray and Paul Koper. "A new course offered at Whitworth this year has the largest enrollment of any course in the whole college. Mrs. Nature is in charge, and all class sessions of 'campus' are taught out of doors."

## A Student's Thought

More than the day needs the sun, the night the stars, the sea the tide, we, in our spiritual poverty, need God.

## Spree in Snow 'Sends' Southies

Gee whiz—it's SNOWING! Will joys never cease! Perhaps to native Washingtonians the first snowfall's just old stuff which has long since failed to impress you. But to some of us foreigners from the southlands, it's a unique performance of Nature, and please be tolerant of our ecstasy.

I couldn't resist taking a walk in the heavenly stuff (next time I'll know enough to wear rubber boots and mittens): the silvery white clustered on the green pine boughs (so the snow does fall off when one shakes a limb)—the fairyland flakes drifting downward to the rhythm of some invisible enchantress (downward into my neck)—my dark footsteps blemishing the virgin white behind me (I didn't see that rut until too late)—other sentimentalists as enthralled as I (I'm going to have to improve my aim)—a scene of beauty ne'er to be forgotten (you say it snows all winter?).

Snow's awfully cold and wet, isn't it?

## 'Hope of the World' Was Chapel Topic

"The hope of the world lies in the youth. Living in an age of confusion the world is facing a crisis," stated Rev. Thomas Fattarus of Seattle, Wash., in chapel last Monday.

"Changes so terrific that the world can not keep up with them are one thing that make this age one of confusion. The uncertainty about which way to turn in world affairs is another," continued Rev. Fattarus, state director of youth work at the University of Washington. "Impatience and dogmatism will not get this world out of its confusion. Turn to the everlasting Christ," he declared.

# FOUR BUCS TOP LEAGUE STATS

## Tucker, Cruzen, Kretz, Adams Star; Head Conference in Five Departments

Even though Whitworth's grid squad is nearly out of the title picture, there are four Pirates who rate high in the conference individual statistics and who were leading in the five major offense departments prior to last Saturday.

Quarterback, Ed Kretz has topped conference figures in two departments for most of the season. In six games he has completed 24 out of 43 pass attempts for 479 yards. With 112 yards from rushing Kretz has a net total offense of 591 yards.

### One-Two in Scoring

Whitworth's triple threat half-back, Vern Tucker, also heads two lists, rushing and scoring. Although Tucker has played only four complete games and part of another, he is far out in front of the ground gainers with 404 yards. He has carried the ball 57 times for a 7.1 yards per try. Tucker has crossed into enemy end zones six times for 36 points. Bob Cruzen, placement specialist, gives Whitworth a one-two in the scoring. His 30 points, three touchdowns and 12 conversions, is good for second.

Whitworth's spectacular end, Sam Adams, is all by himself in the pass receivers column. Adams has caught 12 aeriels, four of them going for touchdowns, for 282 yards. He also tops Pirate punters with an average of 46.8 yards per boot. However, he has only kicked on seven occasions, not enough to list him with the other conference kickers.

## Pirates, Lutes Set For Homecoming

### Lutes Have Power

The Lutes, fresh from a 32-3 rout of Western Washington last Saturday, bring to Whitworth another one of their usual powerhouse teams. Co-champs of the Winco League in 1947, the Gladiators claim a 3-1 record in conference play this year. Their only setback was a 14-12 teaser at the hands of Eastern Washington.

Last season the Lutes chalked up a 27-12 win over the Pirates. Their impressive triumph of the Vikings last week makes the visitors tomorrow's favorites.

### Stage For Passing

It is not unlikely that the Whits' home-coming fray will be the stage for the top passing duel of the league, as both Whitworth and Pacific Lutheran feature air-minded clubs.

Operating behind a solid forward wall, a quartet of Lute passers have hit their receivers almost at will this season to mark the Tacoma eleven as the Evergreen loop's best in passing.

### Ed Kretz Tops Throwers

The Pirates, on the other hand, have in quarterback Ed Kretz the conference's ace flinger. The aggressive freshman signal-caller has tossed for 24 completions in 43 attempts to rack up aerial gains totaling 479 yards.

### Undefeated in Spokane

Whitworth goes into tomorrow's classic with an unblemished home record for 1948. In their only two Spokane starts to date the Whits have turned back Whitman 47-6 and Western Washington 12-6.

## RIVALRY KEEN IN FEM SPORTS

Team:	W.	L.
Ballard	1	0
McMillan	1	0
Westminster	0	1
West Wing	0	1
Married Students	0	0

Spirit and rivalry are keen as enthusiastic rooters cheer the girls' dorm teams competing in the intramural volleyball tournament. The first games of the season were played Tuesday night at 7 p. m. with McMillan defeating Westminster Wing, 15-11, 15-6, and Ballard turning back Westminster, 15-10, 15-11.

### Ballard vs. Married Students

Ballard will compete with the married students' team Thursday night, November 11, and the winner will then play McMillan the following week.

The consolation tournament will begin with Westminster against Westminster Wing, November 11. The winner will then compete with the loser of the Ballard-Married Students' match. The winners of the two tournaments will vie for the championship.

### Silver Cup Award

A silver sup with the name of the dorm inscribed is to be awarded to the team that holds the intramural championship for three consecutive years. McMillan has had the title for the past two seasons.

Mrs. Cheska, physical education instructor, and Carol Gray, sports manager of the W. A. A., have developed the general organization of the tournament. The captains for the teams are as follows: Westminster, Miriam Hansen; Westminster Wing, Jerrie Kerrick; married students, Marilyn Patton; Ballard, Eleanor Culver; McMillan, Vi Steuckle.

## Fans To Have Chance To Eat

There will be a refreshment stand at the Homecoming football game, tomorrow. This stand will be located in the back of the ticket office. The Natsih is sponsoring the concession as a money making project and will put the proceeds towards their goal of earning \$3,000. They are planning to serve hotdogs, coffee pop, candy and popcorn. There will be students carrying some of this food around to the stands during the game to avoid a jam at the refreshment stand.

This morning's alumni program was under the leadership of Mrs. William Lowry and Charles Frazier. They were helped by various alumni living in Spokane.

## Ryland Asks Rooter Help

Yell King Bob Ryland requests all rooters to sit in the bleacher sections between the 40-yard line markers at the homecoming game.

"If we know where the Whitworth rooting section will be seated," Ryland said, "we will be able to lead the cheers and songs more effectively. If everyone will cooperate with us in this seating arrangement we will give the team 100 per cent backing for the game."

## Girls' Hoop Call Nets 15 Finalists

The girls' varsity basketball tryouts got underway with 30 girls answering the first call. Head Coach Mary McPhee and her assistant, Vera Fay Wilson, put the girls through numerous drills in shooting and passing. After a couple of weeks the team was cut to 15 members, including: Forwards: Amber Oaks, Carol Gray, Donna Spalding, Eleanor Culver, Floy McKee and Vi Stueckle.

Guards: Dorothy Leavens, Mary Leavens, Barbara Wilson, Dora Stueckle, Bella May, Naomi Kimball, Betty Schneidmiller, Mary Ellen Magnuson and Jean Hull.

The team practices every Thursday night and Saturday morning, concentrating on shooting and zone guarding. Although the squad won't slate an outside game until next quarter, it is preparing for a long January schedule.

## INTRAMURAL GRID SEASON WINDS UP

### FINAL STANDINGS

Intra-mural Football			
	W.	L.	T.
Nason-Washington	3	0	0
Goodsell	2	1	0
Whitworth	1	2	0
Lancaster	0	3	0

Nason-Washington Halls nine man football team, coached and quarterbacked by Sam Tague, won the intra-mural flag grid championship in a round robin schedule against Goodsell, Whitworth, and Lancaster halls.

Tague's team copped the title by winning three games without a setback. They opened up against Lancaster coming out on the long end of a 20-0 count. They ran into a little more trouble in Earl Mortlock's Whitworth squad. In that game their goal line was crossed in what was the only touchdown for their opponents during the season. The final score was 13-6. In the final game they ran roughshod over Goodsell, 37-0.

With the football program finished, a volleyball tournament will get underway immediately following the home-coming week end. Dave Holmes is in charge of the intramural sports program, and any dorms or organizations wishing to enter teams should make arrangements with him.

### THE WEATHER

The weather report from the U. S. Weather Bureau, Gelger field, isn't encouraging for the Homecoming game. Snow or rain is predicted for today, and the rest of the week-end will probably be unsettled with temperatures about normal or dropping slightly.

## Scribe Tells About The Good Old Days

Back in 1938, when most of us were so young we thought college was only for smart people, there were 242 students roaming the Whitworth campus. These lucky individuals had to pay a mere \$419.00 per year for room, board, tuition and fees. However, we shouldn't envy them, because they had to bring their own napkins and napkin rings, and we don't.

In those days the dorm students ate in the basement of McMillan, which by day was the Biology lab. There, amid jars of pickled appendi and petrified starfish, they spent many a cheery dinner hour.

Homecoming, then as now, was a popular topic of discussion. The frosh were worried about their bonfire; the men were worried about their banquet dates. The ideal Homecoming date, as outlined in the November 4, 1938, issue of the Whitworthian, reads as follows:

1. She doesn't eat much.
2. She's good-looking.
3. She doesn't eat much.
4. She's good-natured.
5. She doesn't eat much.
6. She's a good listener.
7. She doesn't eat much.

Only five buildings graced our acres of pine-covered forest then: Ballard, McMillan and Whitworth halls, the Home Ec. building and the gym. Only nine of our present faculty members were on the scene.

Sports-wise, our little college was even then bravely facing those nasty old Cheney Savages and Lewiston Loggers, and we beat the later team for the first time in six years, 7-0.

A comparison of 1938 and 1948 statistics reveals that there has been a 336\* per cent increase in the enrollment, and the business manager wrests 53\* per cent more money per year from our ragged little pockets.

\*According to figures carefully compiled by Dayne and Naomi in the business office.

## Popcorn Venders Ease Starvation

Capitalizing on the food shortage last Monday noon, three girls stood outside the dining hall and sold popcorn which had been left over from the "W" Club Carnival.

Ruthie Meeker took the money, Mimi Van Patten passed out the popcorn and Babs Deemy directed traffic toward the concession. Business was pretty brisk for a while, as the gaunt, hollow-cheeked people filed hungrily out the dining hall door after lunch (?) was over. Proceeds of the sale went to the W. A. A. fund.

## HOOD SPEAKS AT CE MEET

Robert Hood, a former Whitworth student, will speak at Sunday evening's CE meeting in Tiffany Memorial chapel. He is a field worker for the Presbyterian board of home missions. He and his wife worked with the Indians at the Granada mission in Arizona. His home is in Portland, and he is superintendent of the intermediate department at the Calvary Presbyterian church there.

## DESOLATE GIRLS AVERT DISASTER

"Hey, Clemma, will ya pleez pln on my corage? Isn't it just perfect? Does my hair look all right? I wonder if I dare wear 'Whisper Close' tonight? Ooooh, I'm so excited!! Gee, Clem, he probably just forgot to ask you. I do wish Tim would hurry!"

So what does she have that I don't have? Okay, a date to Homecoming. Yeah, he probably just forgot to ask me, but remembered to ask someone else. So I am a disillusioned miss. MEN—bah! Bah! BAH! We're poor little lambs that have gone—no, no, that's not right.

Now Clemma, pull yourself together (I must get a new girdle). You must be brave. Think of your fearless, white-haired, old pioneer grandmother—all right, so the Indians did scalp her. Well, think—just think! Now you'll be able to finish Dr. Quackenbush's Lovelife of the Geoduck in Siberia and to have that nice, long chat with your dorm mother! Whoopie...

Gadzooks! What was that? Footsteps in the hall! They're coming closer—closer—closer (ah, don't get so excited. This isn't a there?)

"Tis—'tis only I, your fellow sufferer. I thought perhaps—well, you don't have a date, and I don't have a date—I was not alone in my hour of need, of a mag, that is."

After mopping up the floor, we plotted our strategy. No man, or rather the lack of one, is going to destroy our faith in womanhood. Haul out the hoarded food from home, gals. Turn up the radio, and become enthralled by Twoton Texas Tyler's rendition of "Remember Me." Write that letter to the guy you left back home.

That we should be depending on the masculine sex for entertainment. Ha! You may think we're kidding, and we are.

## Power Man Speaks To Engineer Club

The Engineers club will hear Mr. Edwin M. Atwood, industrial Water Power company, speak on "The Northwest Power Pool—Organization and Operation." Mr. Atwood will speak in the physics laboratory, Washington hall, at 10:10 Tuesday, November 9. All interested are invited to attend, club officers said.

## "Y" Party For Fun

"Y" Party? Why, to present entertainment for the student body of Whitworth.

The party, which may authentically be termed "get-to-gether," will begin at 7:30 p.m., Saturday, Nov. 13 at the Y.M.C.A.

The A.S.W.C. sponsored "get-to-gether" is being backed in action by the Associated Women students, reported co-chairmen Marian Venn and Ruth Toeves.

"The entertainment will include volleyball, swimming (bring your own towels and suits), movies (sport shorts and cartoons), games, singing and food," said the two committee officers.

## Juniors Endure Sophs at Party

Folk-dancing and games highlighted the Sophomore-Junior party given last Friday night at the Old Wagon Wheel. Master of ceremonies for the event was Bill Gwinn, and the folk-games were called by Mr. Thad Byrne. After the games, readings were given by Carmen Poole and Donna Anderson. Phyllis Newton led the group in an "orchestra" number. Short devotions were given by Professor Yates, Junior class advisor. Chiliburgers, potato chips, pumpkin pie, coffee and cokes were served at the close of the party.

Chaperones were Dr. Alder, Sophomore class advisor and Mrs. Alder.

Chairmen for the party were Joan Leavers, Janie Winter and Janie Williams. They were assisted by Miriam Hansen, Don Weaver, Dick Terry, Bev McMorran, Bella May, Amber Oaks, Arnold Blumhagen, John Scotford, Wally Moore, Patty Young and Fae Eilers. Refreshments were planned by Miss Johnson, (dietician).

## Gouldin Gets Gavel

Ray Gouldin is the newly elected president of Goodsell hall. Other officers elected at the last dorm meeting are Ross Robson, vice president, and Randy Hucks, secretary-treasurer.

8 p. m.—"Papa Is All," presented by Whitworth Players, Graves Gym.

SATURDAY, NOVEMBER 6

10:30 a. m.—Alumni Brunch, Library.  
1:30 p. m.—Football, Whitworth vs. Pacific Lutheran, Pine Bowl.  
7 p. m.—Homecoming banquet, Marie Antoinette and Isabella dining rooms, Davenport hotel.  
9:30 p. m.—Alumni reception, Hall of the Doges, Davenport hotel.

## SERVICE CLUBS TO MEET JOINTLY

The first joint meeting of the year of the Philadelphians and the Life Service is scheduled for Thursday, November 11. It will be held in the speech auditorium at 7 p. m.

Mr. Bill Cady will be the speaker for the evening. Mr. Cady, who is considered a forceful speaker, is affiliated with the Fishers of Men, an evangelistic organization. His radio program is entitled "Call to Revival." Mr. Cady ministers to the Yakima region and is especially interested in working with young people.

Mr. Cady's message will be most significant for those interested in church vocations.

Thursday, November 11, commemorating the Armistice which closed World War I, will be observed at Whitworth as a holiday. No classes scheduled for Thursday will meet, college officials said.

## Prexy Lauds New Interest

"The school spirit is being raised as is evidenced by the homecoming activities," Gerald Mahaffey, student body president, announced this week. "It is this kind of interest and spirit that is needed throughout the year," he said.

"I would like to congratulate Norm Dorpat on his splendid efforts in pushing the completion of the student union room. His leadership is the kind we need more of," President Mahaffey said.

## SUNDAY DEDICATION IS SET FOR LIBRARY

Harriet Cheney Cowles Memorial Library

### ASWC "Y" PARTY TOMORROW NIGHT

The annual "Y" party, sponsored by the A. S. W. C., begins tomorrow evening in the Y. M. C. A. at 7:30 p. m.

"Entertainment will include a variety of activities," said co-chairmen Ruth Toeyes and Marian Venn.

Sally Piper and Bob Leighton will distribute routing tags to students as they enter the "Y." Beginning promptly at 7:30, Clary Wright will present a special acrobatic act. Volleyball is to be supervised by Joe Gillim and Don Olstad. The swimming pool directors are Clyde Matters, Wendy Clark, Nancy Hughs and Bud Kellmer. All ping-pong participants should contact Chuck Kircher. Bert Durham will help contestants with the finesse of the cue stick for billiards. Amber Oaks and Naomi Kimball plan to present witty games of adult age. The movies are in charge of George Stout and Ray Klefstad. The refreshments are to be obtained by Marjorie Ready, chairman; Beverly Swank, Corinne Weber, Phyllis Cosman and Mary Baird.

The football team members are to direct the brief evening devotions.

The transportation committee, Ann Hell, Maxine Johnson and Isabel Klingsmoth, has provided for the school bus to leave the campus at 7 p. m.

The publicity committee is as follows: Bill Gwinn, chairman; Joan Wycoff, Pat Waddell, Carl Drake and Bob Rhinehart.

### Guest Speaker To Be at Joint Meeting

The joint meeting of the Philadelphians and Life Service organizations, originally scheduled for November 11, has been postponed to the following Thursday, evening, November 18.

Mr. Bill Cady, who is affiliated with the Fishers of Men, will be the guest speaker. He will also speak at the morning session of the Philadelphians Thursday.

### Whitworth Treats Visiting Alumni To a Busy Week

Returning alumni enjoyed a series of events during Homecoming week. There were three main activities planned for, and by, returning grads and students beginning with the alumni chapel given before the student body last Friday. Master of ceremonies for the program was Charles Frazer, class of '38. The audience was honored by two solos from Dorothy Brown Helland, and also of the class of '38. Alumni President Lester R. Hussey introduced the grads, of which there were about 30. The alumna who had come the farthest was Mrs. Leamae Contrell Rutherford of Chariton, Iowa, of the class of '34. Two ministers of the class of '45, Bruce Finlayson and George Van Leuvan, gave short speeches in greeting. Another speaker was Robert Hood of Portland, Ore., a member of the class of '37. The chorus from the play "Romance in Rio"

(Continued on Page Three)

### Ski Club Has Good Turnout

Plans for cheaper rates on transportation and equipment were discussed at the first meeting of the Ski club, 50 students attended.

The club is planning a social event to raise necessary funds for equipping a ski room on campus. The annual snow frolic, scheduled for January 25, will be under the direction of the ski club this year.

It was announced that dues for the year are \$1.00 and cloth emblems will be sold for \$2.00.

Current club officers are: Bob Chamness, president; Floyd Clemens, vice-president; Les Kirken-dorfer, acting secretary; and Bill Gwinn, treasurer. Bruce McCullough is club adviser.

"We hope to have many new members this year to enjoy the many ski trips being planned," stated Chamness.

### Future Chapels

Wednesday, November 17—Phi Kappa Delta Installation. Professor Roy D. Mahaffy, installing officer.

Friday, November 19—Rev. Douglas Cedarleaf, pastor of the First Covenant Church.

### Program To Offer Special Guidance

Are you struggling through a subject that your parents or someone else talked you into taking? Are you aimlessly wandering through school with no objective? If the answer to either of these questions is yes, then you are among many who can profit from the Guidance Testing Program which is again under way at Whitworth.

The guidance program, which will have expanded facilities this year, will include tests on intelligence, personality and vocational objectives. Emphasis will be placed on personality adjustment and determination of vocational objectives.

#### Advice Given

The tests will be given by Dr. Hardwick with the assistance of advanced psychology students. After the tests are completed, counseling will be given by Dr. Maxson, Dr. Hardwick, Dr. Munn, or Miss Jenkins. Department heads and advisers will also be called in for advice.

Even with the increased facilities, a limited number of students can be tested each week. The normal priority is first for seniors, next for juniors and sophomores, and freshmen last. Those with a special need can arrange with Dr. Maxson for a special priority.

#### Fee Is Charged

Those taking the test, should first clear through the business office where a fee of \$2.00 will be required from non-veterans. After this clearance is obtained, Dr. Hardwick should be consulted on either Tuesday, Wednesday, or Friday between the hours of 9 to 3. Time for the giving of tests will then be arranged by Dr. Hardwick.

## Program and Reception Will Officially Open New Building

Official dedication of the Harriet Cheney Cowles library will be this Sunday afternoon, November 14, at 3:30. The program will be open with the invocation by the Rev. Francis W. Russell, D. D. and words of welcome by Dean Merton D. Munn.

#### Kildow to Speak

President G. O. Kildow of the North Idaho junior college, Coeur d'Alene, Idaho has accepted the invitation to give the main address. Music will be furnished by the string trio, composed of Professor John V. Robbins, Joanne Larson and Mary Leavens; and the varsity male quartet. The quartet will sing "We Would Be Building" by Sibelius and "Now Thank We All Our God" by Cruger.

#### Is Cowles' Gift

W. H. Cowles, Jr. will introduce honored guests and will make formal presentation of the building. The library was built by the Cowles family as a memorial to Harriet Cheney Cowles, wife of the late William Cowles, Sr. W. L. McEachran, president of the Board of Trustees, will make the acceptance speech on behalf of Whitworth college.

The ceremony will close with the prayer of dedication by Dr. Mark L. Koehler, head of the Bible department. Refreshments will be served following the program.

#### Library Spacious

The library is outstanding in college buildings for its size and extensive facilities in respect to the size of the student body. It provides space for 100,000 books and can accommodate approximately one-third of the student body at one time.

"The dedication of the Memorial library will be one of the great events in the history of the college," predicts President Frank Warren.

### Poole, Baker Tops In "Papa Is All"

The second presentation of "Papa Is All," the Homecoming play, was given before an audience of about 300 people in Graves hall Tuesday evening at 8 p. m.

Top performances were given by L. G. Baker as Papa and Carmen Poole as Mama, and excellent supporting performance was turned in by Virginia Gaiser, who received much praise for her characterization of Mrs. Yoder, the neighbor lady who talked too much. Chuck Boyce and Betty Follett gave good performances as Jake and Emma Aukamp, and LaVern Brassard as the patrolman, who finally disposed of Papa.

### Burns Victim Is Recovering

David Beamer, freshman student from Duluth, Minn., was seriously burned during the traditional attempt by the upperclassmen to burn the freshman homecoming bonfire prematurely. He was taken immediately to the Whitworth infirmary, and from there to Deaconess hospital.

Beamer was confined to Deaconess for four days. He returned to Whitworth infirmary Monday afternoon, where his condition is reported good.

Investigation of the accident revealed that gasoline was thrown, fire-bombs tossed and other acts of carelessness committed.

After the first accident, students returned to the scene of the bonfire and made a second attempt at lighting it. During this fracas Myles Walburn received a head injury requiring several stitches on his scalp, and James Oliver suffered injuries to his mouth and teeth.

#### Funds Raised

A group of students has been active during the week in raising a fund to defray hospital expenses. The fund has passed \$100, with more contributions expected.

This was the first time an accident of this type occurred during homecoming festivities.

### Mediation Board Goes Into Action

"A number of steps have been and are being taken to strengthen school spirit and to achieve greater unity," according to a recent announcement by student body president Mahaffey.

According to Mahaffey, a faculty student mediation board has been recently formed. "The aim of this board is to consider complaints from students and take constructive steps for campus betterment," he stated. Student members of the board are Al Good, Bill Roffler, Colleen Pickert, Norm Dorpat and Dick Carr. Faculty members are Dr. Munn, Professor Waltz and Miss Jenkins.

Two chief topics discussed in this week's board meeting were the chapel programs and campus movies. It was decided that students shall have a part in planning chapel programs. The movie question was not brought to a final conclusion.

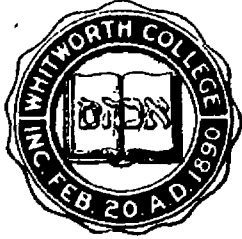

"A box in which students may place 'gripes' and suggestions will be considered by the mediation board," Mahaffey announced.

## Library Dedication

Dedication of the Harriet Cheney Cowles Memorial Library Sunday culminates one of the supreme achievements in the growth of Whitworth. A memorial of this type is one that will continue to grow in coming years. The cultural heart of Whitworth will be embodied in this building.

As our college continues to grow, so too will this library grow. Each additional book that is placed on the shelves will symbolize the eternal building for the future that is taking place at Whitworth.

We are grateful not only for this building of brick and stone, but for the faith it represents in Whitworth. The Cowles Library is a vital addition to one of the leading Christian colleges in this country.

## Letters to the Editor

Dear Editor:

As Editor-in-chief of the Natsih I would like to answer F. L. Peterson's letter of last week.

Mr. Peterson began by asking the Natsih Editor's right to contract a photo studio for a graduation picture, and finished by stating that his "picture will be one of the many missing from the 1949 annual." He is at fault in assuming these pictures are one and the same. No one has contracted with the photo studio to take anyone's graduation picture. The contract with the studio was for taking pictures for use in the 1949 Natsih only. It is up to any student individually if he wishes to use his Natsih proofs for his graduation picture or any purpose he wishes.

Hence, there could be no obligation on the part of the Natsih Editor to consult individuals as to yearbook policy. In former years seniors paid as high as five dollars for just their picture in the

annual, and this year's contract is evidently the best possible one to be had. We make no apologies for our policies, and shall continue to act with an intelligent and co-operative student body for a bigger and better Natsih—of which anyone may be proud.

—Dick Denton.

To the Editor:

I wish to express my approval of the new Whitworthian as it has appeared on the campus this quarter. Its more frequent publication, its "new look," and the outstanding editorials are certainly forward steps. I refer to the editorials as those on the dining hall and the recent student elections. The news coverage is much improved and most of the adolescent features seem to have been dropped. The Whitworthian staff and advisor are certainly doing a nice job.

Very truly yours,  
Wm. G. Wilson.

To the Editor:

Nov. 9, 1948  
Some books are good; some are bad and immoral. We should not read any books because some are immoral. This is absurd of course. Yet, it makes as much sense as the blanket criticism that all movies are evil. Most of the Protestant churches and the educators in leading schools have publicly proclaimed the movies, of the right sort, as a superb form of entertainment, education, and mental stimulation. No one in his right mind would defend all movies as being fit to see; but certainly there are some that rank high with the greatest forms of creative art. Whitworth approves stage productions; then why not movies which are often stage plays put on film. By having the right type of movies on the campus, Whitworth will be showing itself to be tolerant and approving of a form of art which is recognized by enlightened persons as a great step ahead in the intellectual development of civilization.

Sincerely yours,

Phillip Strawn

Dear Editor:

In last week's Whitworthian there was a complaint concerning the method being used this year to provide pictures for our annual.

Speaking as a senior, this, I think, is the best idea that has hit the Natsih staff in a long time. Some do not need pictures at all other than those for the annual, and the time, expense, and "bother" involved would keep out a great many more seniors' pictures than this plan. I have not heard of a more convenient inexpensive, or competent offer anywhere in Spokane. Transportation alone is making us campus students grateful.

I think a big vote of thanks

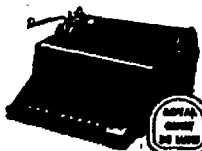

## Another Gwinn — '69

Stan and Ruth Gwinn are the parents of a son, Stephen Milton Gwinn (class of '69). Stan is a Whitworth grad, class of '47. The baby's aunt and uncle, Bunny and Bill Gwinn, are students at Whitworth.

## Scale Menaces Campus Pine

Traces of hemlock scale, a disease which has ravaged trees in several Spokane parks, has been discovered on the campus pines. The scale leaves the needles a seared brown.

It is believed that immediate action is necessary to halt its spread. An oil base spray has been used to check the infection in the Spokane parks. Tiny insects are responsible for the scattering of hemlock scale.

should be given to the original instigator of this idea, and to Dick Denton for all the work involved in the plan.

Betty Lange.

Dear Editor:

The gang is sorry for their carelessness in causing Dave Beamer to be burned during the Thursday night escapade. We are anxious to see his return to the campus, and hope the infirmary will not hold him bedfast too long.

# PIRATES FAVORED TO BEAT RANGERS TONIGHT

## Whitworth, St. Martins To Tangle In Evergreen Contest at Olympia

Whitworth's football eleven, which nearly scored a homecoming upset over Pacific Lutheran last Saturday, is expected to walk all over St. Martins when it meets the Rangers in a league game at Olympia tonight.

The Whits will be after their second conference victory, while the Rangers, winless in four Evergreen starts, will be trying for their first triumph.

Linemen Ron Lentes and Dwight Johnson have been named by Coach Aron Rempel to co-cap-

DWIGHT JOHNSON

tain the Pirates in this evening's action. Both sophomore lettermen, Lentes performs at the guard spot, while Johnson sees action at end.

RON LENTES

### Rangers Have Won Two

In season play St. Martins has garnered a pair of victories as against six setbacks. Sand Point fell before the Lacey squad, 40-0, and North Idaho bowed to the cross-state team, 19-0, for the Rangers' only wins.

### Most Scored Upon

To date, St. Martins has been the league's most scored upon eleven. A total of 120 points, 60 by Eastern Washington alone, have been chalked up against the Rangers in conference play. Their seven counters in Saturday's Savage game was their first break into the league scoring column.

### "Remember 1947"

But despite the Rangers' poor showing this year, the Pirates won't take tonight's encounter lightly.

The Whits well-remember last season when they met a supposedly weak Ranger team. St. Martins combined breaks with Pirate laxity and finished the 1947 seesaw battle on the long end of a 25-20 score.

### Probable Whit Lineup

Probable starting lineup for the Whits will find Sam Adams and Cecil Telecky at ends, Nick Faber and Donn Zicha at tackles, with Don Olstad and Ron Lentes at guards and either Bill Van Camp or Bob Kohlstaedt at center.

In the backfield Bob Cruzen and Vern Tucker will operate at the halves and Ed Kretz will start at quarter. Pete Bennett will probably open at the fullback spot in place of injured Dutch Elias.

## TUCKER, ADAMS TIED FOR WHIT SCORING LEAD

Counting both Pirate touchdowns against Pacific Lutheran Saturday, Sam Adams, the Bucs' freshman end, moved into a tie with Vern Tucker for scoring honors. Each has carried the ball across the goal line six times this season to register 36 points.

Tucker has counted his scores in six games, while Adams has rung up his total in seven contests.

### Cruzen Boots Another

Halfback Bob Cruzen added another conversion Saturday to boost his tally mark to 31 points for runner-up honors. Besides scoring a trio of touchdowns, Cruzen has booted all 13 of the Pirates' conversions.

Although being held by the Lutes to a net gain of 64 yards in 16 plays, Vern Tucker is still far out in front in the rushing department. The speedy back has chalked up 468 yards on the ground in 73 trips with the ball for an average of 6.4 yards per try.

### Kretz Leads in Offense

Quarterback Ed Kretz continues to lead his teammates in total offense. The freshman signalman has accounted for 714 yards from both passing and rushing.

The Whits' best punter is Sam Adams, whose 10 kicks to date have averaged 47.6 yards.

### Whitworth's scoring:

	TD.	PAT.	TP.
Tucker	6	0	36
Adams	6	0	36
Cruzen	3	13	31
Davis	2	0	12
Telecky	1	0	6

## PLC TOPS BUCS BY 19-13 COUNT

### Comes From Behind To Edge Pirates As Big Homecoming Crowd Looks On

Trailing by seven points midway in the final quarter, Pacific Lutheran pushed across two quick touchdowns to beat the Whits 19-13 before a stunned Whitworth homecoming crowd in the Pine Bowl Saturday.

The loss was the Pirates' third in conference play and it cost them a chance to move into a tie with Central Washington for the league's No. 3 spot.

### Pirates Count First

Whitworth started the scoring early in the opening quarter, with Ed Kretz tossing to Sam Adams for the first six points. Bob Cruzen's placement gave the White a 7-0 lead.

The Gladiators counted their first touchdown in the second stanza, but their place kick for the extra point was wide and the Pirates held a 7-6 lead at the half.

### Whits Take to Air

After a scoreless third period, the Whits took to the air in the final period and Kretz again hit Adams with a scoring pass to move the Bucs ahead, 13-6. Then the Lutes broke loose.

Bud Malnes took the Whit kickoff on his own 20 and ran it back

for a touchdown to deadlock the score at 13-13.

### Drive to Five

The Whits came back strong and carried from their 23 to a first down on the Lute five-yard stripe. But there the drive was halted and Pacific Lutheran took over on downs.

On the next play, Vern Morris, Lute end, grabbed a pass on the 50-yard line and scampered the rest of the distance for a score, and the game.

### "One Quarter Too Long"

Score by periods:		
Whitworth	..... 7 0 0	6-13
Pacific Lutheran	0 6 0	13-19

## KOHLSTAEDT AND TELECKY SHARE 'LINEMAN' HONORS

### Adams, Faber Pace Offense

With Whitworth's entire forward wall turning in its top performance of the year, it was difficult to single out any particular man and say that he was best. Four Pirate linemen played particularly fine games, and because their play was so nearly equal, two men have been given top honors and two men have been named as runner-ups.

BOB KOHLSTAEDT Rough on PLC Passers

Showing up better than in any previous game this year were Bob Kohlstaedt and Cecil Telecky, and through their strong defensive play they receive joint honors for "Linemen of the Week." Second place votes go to Nick Faber and Sam Adams.

Kohlstaedt, the Whit's big line backer was superb. Intercepting two Lute passes, knocking down

two more, and recovering one fumble, he was in the thick of things all afternoon.

CECIL TELECKY Stopped Lutes Cold

Telecky showed up to best advantage when needed most. On at least three occasions he dropped Lute runners for substantial losses. Two times the Lutes were inside the 20 yard line when he came through to stop them far behind the line of scrimmage.

### Faber and Adams Strong

Faber and Adams were exceptionally good on offense. Adams scored both Pirate touchdowns and along with Faber did the best blocking on the field.

Why be difficult, when with just a little more effort you can be impossible?

## Whits Slate Casaba Tilt With Air Force

The Pirate basketball squad will meet its first opposition Wednesday, November 17, at 8 p. m. in the Whitworth gym against the Spokane Air Force team. The game will be an informal practice, but all students are invited to attend.

Coach Jerry Stannard said that this game will be a big step in preparing the squad for the Whitworth-Washington State game which will take place December 1 on the Cougar floor.

Most of last year's team will be back in action this season, Stannard said. Among these veterans are Clyde Matters, Earl Mortlock and Bill Roffler, who were chosen for all-conference teams last year.

Other lettermen include Sam Bass, Gordon Brandt, Virgil Kuhn, Nick Faber, Wayne Conner, Jack Mahaffey and Jerry Mahaffey.

VOL. 39

SPOKANE, WASHINGTON, NOVEMBER 19, 1948

NO. 8

## Phi Kappa Delta Speech Honorary Installed Here

The Pi Kappa Delta organization of Whitworth college was installed as the 206th chapter of the national Pi Kappa Delta during chapel hour last Wednesday.

Professor Roy D. Mahaffey, head of the speech department of Linfield College in Oregon, served as installing officer. He is a member of the national council of Pi Kappa Delta.

Pi Kappa Delta is a speech fraternity and was the seventh chapter to be installed this year. Out of 47 chapters that applied for membership to the national chapter only nine were chosen. At a national convention to be held next year a delegate from Whitworth will receive the charter for this chapter.

Pi Kappa Delta was founded in 1913 by college men at a university in Kansas. They wanted some way to encourage forensic activities among students in United States colleges and universities. There are over 23,000 members in the national organization today.

Professor Mahaffey commented on the many outstanding activities of the Pi Kappa Delta organization. It was the first organization to sponsor a national question, and the first to sponsor tournaments in forensic activities among high school and college students. Dr. Warren concluded the service with a brief message of the hopes and plans of Whitworth's organization in the future.

## NEW JOURNALISM COURSE OFFERED

For the first time, "Writing for Religious Publications," Journalism 81a, will be given next quarter.

Any upperclass student, except journalism majors and minors, may register for the course. The class will meet at 11 a.m. Mondays, Wednesdays, and Fridays.

The course will be one of the pioneer attempts in the country to teach writing techniques for religious publications.

"I am delighted with the plan," said Miss Jenkins, head of the Christian Education Department. "I think it will be valuable to all entering Christian service for they will find many occasions when they are called upon to express themselves in print." She continued, "I wish I had had an opportunity to have such a course during my years of training."

## Fiesta Is Planned By Spanish Club

Senoritas and caballeros will cavort at the Spanish club fiesta Saturday at 7:30 p. m. in the commons. In keeping with the Spanish theme, entertainment will be provided by "Cisco's Singing Caballeros."

Movie fans will enjoy seeing the Walt Disney film, "South of the Border."

Games, food, siestas, rancheros, and good entertainment have been promised according to Ray Gouldin, club president. Senor Gouldin is being assisted in directing Spanish club affairs this year by Senorita Naomi Kimball, vice-president, Senorita Willa Jean Lage, secretary, and Senor Dale Johnson, treasurer.

## STUDENTS PRODUCE UNIQUE MUSICAL

### Instructor Won't Have Flaps Down

A pair of red flannels was presented to Newlan Galloway by the Flying club with the admonition not to be caught "with his flaps down." The occasion was the Saturday morning breakfast of the group.

The breakfast, prepared by Whitworth girls under the direction of Mary and Dot Leavens, was attended by 42 aviation enthusiasts.

The program included a devotional talk by Roxie Stevens, a brief history of the club by Russ Tuma, and facts about the present activities of the organization by Jim Hardy.

Paul Bridge and Duane Horwege were initiated last Monday, having made their solo flights on Saturday.

Galloway is club instructor. The underwear was presented to him by Les Kirkendorfer.

Prof. and Mrs. Wilson have recently become advisors to the Flying club.

### FEI DISCUSSES CHINA'S ILLS

The Rev. Edward Ching T'ien Fei had a busy schedule at Whitworth last Friday when he spoke to three social science classes besides his chapel address.

Mr. Fei started by talking to Dr. Bibb's Principles of Economics class where he explained the difference between the Chinese and United States economies. He asserted that the solution to China's economic plight was interconnected with social reform. Giving land owned by absentee landlords to those who actually farm the land would not solve the basic Chinese economic problem, but instead the Chinese farmer should change his methods of cultivation and his thinking by working cooperatively with his neighbors, Mr. Fei stressed.

In the Transportation class, Mr. Fei told of the relatively poor transportation throughout China. He explained the tremendous value of water transportation to China, as a means of supplying both coastal and interior movements of goods. He also stressed the rapid

(Continued on Page 3)

### FOUR STUDENTS NEWLY KNIGHTED

Four new members were initiated into the Intercollegiate Knights this week. New knights are Jim Hardie, Bob Dudley, Don Hayes, and Dick Cole. Bob Ryland was made an honorary knight of the organization.

Two projects are being considered by the group. The first, is a directional sign to be erected in front of McMillan hall to direct newcomers and visitors on campus to the main buildings. Chairman of this project is Tom Patten.

The second project is the printing of a booklet with home addresses of whitworth students and other information of interest. The booklet would be sold at cost.

### Mahaffey Raps Unfair Critics

"I would like to call attention to some unfair criticism which has been hurled at Al Christensen," said President Mahaffey in a press interview this week. "He is not responsible for the movie situation as it is now. Furthermore, any criticism should be stated openly and not whispered," he said.

"We had a successful discussion Tuesday night on the movie situation. Facts which we were not aware of have been brought to our attention," Gerry stated. "A combined meeting of the administration board and executive council will be held soon, and from that meeting will come the final decision," he said.

"Two activities this week end warrant a big turnout by the student body," Gerry urged. "One is the production 'Romance in Rio'; this is an all-school production and deserves all school support," he said. "The other event is the last WINCO game Saturday. Let's turn out in large numbers and make this season a .500."

### Worm Turns Bends Over

"O, ye men of unrepentable character . . ." thus wails the lowly "worm" in the presence of his "Excellency." These words typify the action of the Thursday and Friday W-Club initiation.

Half-time entertainment of the Whitworth-Central Washington game will be furnished by this humble group. Bill Roffler and Al Good, assisted by President Sam Tague, are in charge of initiation arrangements. "Helping hands" will be extended by each member at the formal Saturday evening initiation.

"Plebes" include John Scottford, Wally Moore, Ted Hussey, Bob Bowdoy, Sam Bass, Virg Kuhn, Homer Cardle, Willis Newton, Al Miller, Bill McConnell, Earl Danielson, Gordon Petrequin, Mick McDougall, Don Cornish and Stan Graham.

## South American Romance Will Be Staged Tonight

By Marlys Prentice

The curtain rises at 8:00 tonight in Graves Hall when Alpha Kappa Chi presents "Romance in Rio." The large variety of musical groups, the unique staging, and colorful costuming make this comedy the biggest musical Whitworth students have ever produced and directed. The script was written by Phil Strawn, Donna Vander Meer, and Bob Farley.

Starring Betty Montano, Chuck Ainley, Al Good and Cal Moxley, the production is directed by Mel Unruh and Donna Vander Meer. Pat Douglas, director of choruses, Al Hill, director of the South American orchestra, and Marlys Prentice, music chairman, have the responsibility for musical output in the operetta. Chorus members form the supporting cast.

### Tars in Chorus

Men's sailor chorus includes Don Cornish, captain; Stan Graham, ensign, Don Hayes, Scott Elder, Wayne Richards, Al Miller, Jim Oliver, Don Gumm, Lloyd Henderson, Dewey Matthews, Bob Donovan, Dan Devin, Dick Cole, Bill Campbell, Phil Schiller, Dale Olson, Don Miller, Rich Peters, Gordon Petriquin, Brant Elliot, and Merlin Wackerbarth.

The Women's chorus includes: Ann Clark, Virginia Gaiser, Marjory Scott, Mimi Van Patten, Janie Winters, Mary Baird, Edith Hiskey, Marian Hansen, Joyce Trail, Collette Stirm, Joy Taylor, and Marlys Prentice.

The women are joined by the following men to provide the mixed chorus: Ray Klefsad, Don Cornish, Wayne Richards, Stan Graham, Jim Oliver, Rich Peters, Tom Thompson, Lloyd Henderson, and Dan Diewers.

In the South American orchestra are Al Hill, Jim Carlson, Norm Dorpat, Orin Stratton, Wally Thomas, Ted Hussey, and Wally Moore.

Others participating in the musical cast, beside chorus members, are: Bill Ainley, Marion Venn, Floyd Clemens, Clary Wright, Wally Bekowies, Jim Dowdy, Shirley Gilson, Fay Eilers, and Chuck Hayden.

### Orchestra To Play

The college orchestra will furnish prelude music and will help accompany the finale.

For the behind-the-scene work, dubbed as "thankless jobs," recognition goes to Bob Farley in charge of staging, Norm McDonald head of publicity, Carmen Poole, in charge of costumes, Bill Sauve, director of lighting, Phil Strawn, radio advertising, and Del Marshall, business manager.

### BEAMER FUNDS UPPED BY DORMS

Dave Beamer, freshman student, is still confined to Whitworth Infirmary with burns suffered during the annual Homecoming bonfire.

Men dorm students have raised funds to help in defraying hospital expenses for Beamer. Whitworth hall has been the highest group of contributors with over \$70 collected.

Dorm members have been taking turns in cleaning the halls while Beamer is confined. Dave has been working in Whitworth and Nasen halls.

### JAPAN IS WEDGE IN SLOWING REDS

Japan has served as an important buffer state in halting the advance of communism, stated Ashley Holden in a lecture given in the Far Eastern history class Nov. 17. Holden, a member of the Spokesman-Review staff, spent several months in the Orient prior to the outbreak of World War II, visiting in Japan, Manchukuo, and China.

Holden's opinion regarding the status of the Chinese Communists differed from that of the Rev. Mr. Fei, who spoke in a series of lectures arranged by Prof. Culverwell. Holden asserted that the Communists in China were Russian dominated, while Fei contended that there was merely a minority "Moscow" element within their ranks.

### War Bride Talks To Home-Ec Club

Alpha Beta had a meeting Thursday evening at 7:30. Beth Roduner and Margaret Scharff gave a short report on their trip to Washington State to the Home Economic Province 13. Workshop last week end.

Mrs. Roy H. Jones a war bride from New Zealand, gave a talk contrasting New Zealand home life with American.

The evening ended with refreshments prepared by Hope Ainley.

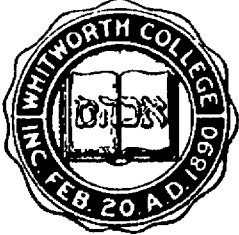

### Russel Discusses Return of Christ

Dr. Russel, president of Mount Herman Christian conference, spoke at the CE meeting last Sunday evening on the subject of "Christ's Second Coming—Why, How, When, and Where." He said Christ would come again to fulfill prophecy, would come in glory and power, no one but God the Father knowing the time, and would appear on Mt. Olives.

### Whose Job Is It?

Leaving Whitworth the other day, by the Wall street exit, we noticed a large number of beer bottles carelessly scattered on the grounds. This was obviously not the work of any student here. However, we were surprised to notice that the bottles still leered up at us a couple of days later.

Large numbers of students, as well as ourselves, must have passed and noticed these bottles several times in the three days, but they, like ourselves, were too lethargic to do something about removing them.

Even had they been coke bottles, they would have been a poor advertisement for the school and indicated indifference to the beauty of the campus and a certain amount of slovenliness. As they were beer bottles, they served as rather a mockery to the standards of the college and certainly created a bad first impression on any visitors to the campus.

Although we know that we students aren't responsible, we will have to assume individual responsibility for remedying such situations at the time they first confront us.

### The Giving of Thanks

We all have much to be thankful for on this Thanksgiving, especially when we contrast our blessings with those less fortunate, particularly in Europe.

This year, probably more than ever before, we ought to accent the giving in our Thanksgiving and show our thanks through the tangible medium of sharing. There are many active individuals and agencies that make it easy for us, this year, to share whatever our fortune may be.

Our thanks is to God, of course, because from Him come all things. We prove we are thankful to Him through our actions toward others as well as our prayers.

## Movies Cause Much Debate

A meeting of the mediation board to hear the pros and cons of the movies-on-campus question, was held Tuesday evening. Gerry Mahaffey, chairman of the Student Executive Council was chairman for the discussion. Myddleton Schindler, spokesman for the council of Religious Activities, presented a recommendation from this group to have the executive board reconsider showing movies on campus. Further arguments for both sides of the question were presented by various students.

Dr. Mark Koehler gave a short address at the close of the meeting recommending that the program be dropped.

The hearing was attended by nearly 100 students and faculty members.

## Girls Pinch Hit For Santa Claus

The benevolent spirit associated with Christmas time has made an early appearance to the girls of Westminster Wing dorm.

For the past week they have been cleaning closets to find clothes to donate to the cold children in Europe, whose frugal Santa Claus is a little slow with gifts.

A large bundle has been accumulated. Dr. Grob is sending the package to needy friends overseas.

## Royal Chancellor To Visit I-K Chapter

Howard D. Evans, Royal Chancellor of Intercollegiate Knights, International, of Ellensburg, will visit the campus and speak with members of Lookout chapter, Intercollegiate Knights, prior to the Ellensburg football game tomorrow.

### W. S. ARMSTRONG Realtor

Insurance - Notary Public  
W. 729 Garland GL. 8404

Dear Editor:

Isn't it strange that people are criticizing Al Christensen for the movie situation? He did not will nor want this dissension. Those of us who know Al agree that he is an ardent church worker and consecrated Christian. This is worse, to see movies or to whisper gossip about and hold grudges against one who's sincere belief is that they are fine recreation?

Yours for a better Whitworth,  
Ed Stutheit.

Dear Editor:

As a member of the staff, it may not be entirely proper for me to write this letter, but it is something I feel quite strongly about and something I feel you will agree with me about.

As a senior, soon to depart, and a former editor of the Whitworthian, I'd like to point out to the student body that the editing of the paper is a tremendous job and responsibility with the many duties and severe subjection to criticism far overshadowing the glory of election. The paper can and often does do a great deal to influence campus life and opinion.

The editor of the paper must, necessarily, sacrifice other activities and probably part-time employment to successfully carry on the job. Therefore, in connection with the recent student body decision to make the Natsihl editor's job a "paying" one in regard to the recently offered scholarship, I would like to recommend that the student body take similar action in respect to the Whitworthian editor's job.

The student body has every right to expect the best in college publications and should demand this of any editor and should feel free to criticize and suggest. More than this, though, I believe the student body should show tangible gratitude for the editor's work.

## Letters to the Editor

possibly in the form of a scholarship. This would facilitate his work and lessen the strains and sacrifices required of him.

I would like to call attention to the editor's expenditures, including transportation to the print shop, meals eaten "out" on printing days and other sundry items which at present are not provided for.

Sincerely yours,  
MAXINE JOHNSON.

Dear Editor:

Last Sunday we had a very lovely dedication of our new library. Everyone who attended was very greatly impressed. I feel, however, that the committee in charge made a very serious oversight in showing no recognition to our librarian, Mrs. French. Having worked with Mrs. French the past year, I know the hours of work she has spent getting the library ready for use this fall. She worked the entire summer with only 10 days' vacation.

On behalf of the library staff, I would like to say, "Orchids to Mrs. French."

MARGARET FREECE

## Westminster Women Need Light of Way

Jagged tree stump creates hazard, a menace to the student body! Lois Scott—a living example of what can happen to you, if you, too, attempt the perilous trek across the obstacle course from Westminster dorm to the dining hall in the black of nights. Escorts or flashlights would be greatly appreciated.

## Delegates Attend Athletic Confab

Mrs. Cheska and three members of the women's physical education department, Barbara Wilson, Martha Buasear, and Donna Spalding, attended the third annual meeting of the Washington State Association of Health, Physical Education, and Recreation held at Bellingham, Washington this last week end.

Registration commenced Thursday evening. A demonstration of folk games by the best callers in this region was staged at the first session of the convention.

Friday meetings included demonstrations of how to instruct beginning square dances, tumbling, team sport skills, and apparatus work. The development of an effective physical education program in the schools was discussed.

Following the annual banquet Friday evening was a square dance for all convention delegates.

The Saturday sessions were held on the Western Washington college campus. The delegates observed the instruction of children in actual class room situations.

All delegates were special guests of W. W. C. at their homecoming football game which was the official conclusion of the convention.

A result of the conference was the organization of a state Girls' Athletic Association. Plans are being made for intercollegiate competition in tennis, badminton, and volleyball. A Whitworth playday with Cheney's women's physical education department is under consideration.

## FEI Discusses

(Continued from Page 1)

growth of air transportation which today moves a relatively large percentage of goods.

In Mr. Culverwell's History of the Far East class, Mr. Fei spent most of the period answering questions on present day China and the history of China. In answer to one question he predicted that the Communists would eventually win over the Nationalists, but only after a long struggle.

## New Pirates Installed At Formal Dinner

Formal installation of new members into the Pirate honorary society will be held Saturday, 6:30 p.m., at the Home Economics building. A buffet dinner will be served and the traditional candle-light ceremony conducted.

The program will consist of a reading, music by a Pirate trio, and presentation of the history of the organization by Miss Marion Jenkins. Joanne Larson, president, will be in charge of welcoming new members.

Eleven new members were chosen Tuesday by the Student Council and AWS on the basis of scholarship, leadership and, particularly service. There were 30 qualifying applicants.

Those named were Jean Runner, Colleen Pickert, Shirley Freeburn, Colleen Griffiths, Carol Gray, Esther Gray, Donna Spalding, Margaret Thompson, Janie Williams, Thelma Schoesler and Edith Hickey.

## Songs Spice C. E. Dinner

Thanksgiving dinner in inspirational style will be served at the CE meeting in Tiffany chapel Sunday evening. Soup, seasoned with a songfest, will be served by Leigh Taylor. The main dish, a nutritious food, will be served by Jim Rayburn, Young Life leader from Texas. Desert, flavored with melodious instrumental strains, will be served by Stan Rottrop.

Wednesday evening's meeting will be held in the commons. This will consist of a singspiration, led by Bill Johnson, slides of Biblical events, including the life of Christ, by Dick Patterson, and a short devotional by Patricia Flowers. Refreshments will be served after the meeting.

## STUDENT UNION GOLDEN RULES

1. I will take care of all equipment to the best of my ability 'cause brother, I paid for it!
2. I will conscientiously obey all rules of the college in regard to my behavior.
3. I will attend chapel regularly—besides the doors are going to be locked!
4. I will play no more than one (1) game of pool or ping pong at a time—unless I win, of course!
5. I will keep the noise down to a dull roar at all times and play the piano and radio only during designated hours.

1. Student union rooms will be open from 8 a. m. to 10 p. m. except during chapel.
2. Those found guilty of damaging equipment will be held responsible for replacing same by the Student Council.
3. All rules, written or otherwise, will be rigidly enforced.

—By order of Student Council ASWC.

## Seniors Lead Class Groups in Pictures

Seniors are leading the rest of the student body in the number of pictures they have had taken for the Natsih, according to Dick Denton, editor. Late figures released show that 76 per cent of the seniors have had their proofs made.

Faculty members have surpassed seniors by fulfilling 88 per cent of the annual space allotted them. Juniors have a 63 per cent representation; sophomore, 50 per cent, and freshmen are trailing with 45 per cent of their class reporting.

The above figures do not represent appointments not yet fulfilled. Denton reports there are still opportunities for having pictures taken.

Over 50 per cent of the seniors have returned activity slips giving information on their college activities.

## Hardwicks Home Is Party Scene

Dr. and Mrs. F. T. Hardwick will be hosts for the annual alumni party to be held at their home, 816 West Gordon in Spokane. The event will take place at 8:00 p.m. on November 27.

The turkey trophy which has been used in previous years for a prize to the class best represented has been outdated, and is being replaced by memory capsules. Everyone who attends will receive a capsule which will contain a surprise.

Memory consultations will be the featured event of the evening, given by Dr. F. T. Hardwick and Dr. Fern Hardwick.

Those not in attendance may receive a memory capsule in the mail upon request.

Mrs. Werner Rosenquist, of the class of '42, and Paul Wikstrom, of the class of '40, are co-chairmen for the affair.

## LIFE

I expect to pass through this world but once. Any good therefore that I can do, or any kindness that I can show to any fellow creature, let me do it now. Let me not defer or neglect it, for I shall not pass this way again.

# WHITS TO FACE C.W.C.E. IN 1948 GRID FINALE

## Pirates and Wildcats to Settle League Tie In Pine Bowl Play

Central Washington's Wildcats come to the Pine Bowl tomorrow to meet the Whits in a battle for fourth spot in the Evergreen grid standings.

Kickoff time is set for 1:30 p.m.

### Have 2-3 Records

Both teams go into the season's grid finale sporting 2-3 records in league play, with each club having posted wins over the same two victims—St. Martins and Western Washington.

Bob Kohlstaedt and Don Olstad have been named Pirate co-captains or tomorrow's mixer. Kohlstaedt, who operates from the pivot spot, and Olstad, who performs at guard, are the heavyweights in the Pirate line. Both act as line backers on defense.

### Score 19 Points

To date the Wildcats haven't shown a scoring punch in conference clashes, having totaled only 19 points in five tilts. But on the

other hand they have one of the best defensive marks. Eastern Washington has been the only eleven to score more than one touchdown against the Cats in eight contests.

Tomorrow's game may well be another air-ground duel with the Pirates' aerial attack pitted against the heavy Central offensive.

## ADAMS, OLSTAD NAMED "LINEMEN OF THE WEEK"

### BEST GUESSERS GET FREE FOOD

How good are you at guessing the outcome of basketball games?

The Whitworthian will award a milk shake and a hamburger each to the two persons who come the nearest in predicting the score of the Washington State-Whitworth game December 1.

### For A. S. W. C.

The contest is open to the student body and faculty of Whitworth with the exception of members of the basketball squad and Whitworthian sports staff.

Awards will be based on:

- (1) Selection of winning team.
- (2) Nearest score (Whitworth score dominates).

All guesses must be submitted in writing to Walt Dawson, Box 77 (or handed in to the Whitworthian office) not later than one day prior to game date.

### One Guess

Each contestant is limited to one guess per game.

A separate contest for each of the North Idaho-Whitworth games December 3 and 4 will be handled in the same manner. Friday's predictions are due Thursday and Saturday's guesses due Friday.

## Durham and Camp In Best Fall Play

For the second successive week two men share "Lineman of the Week" honors. Sam Adams' offensive play and Don Olstad's fine defensive and offensive performance were standouts in the Pirates' 32-7 rout of St. Martins.

### Olstad Gets Two

Olstad recovered two Ranger fumbles, one of which resulted in a Pirate touchdown. His line play was exceptional as he opened holes in the Ranger forward wall to lead Pirate attacks.

### Adams Snags Three

Adams, in sharing honors this week, has now been named as week's lineman twice this season. In Friday's tilt he was practically a one-man team as he snagged three passes that went for touchdowns. In so doing, he has become the No. 1 scorer in the Evergreen conference with a season's total of 54 points.

Honorable mention goes to end Wes' Camp and tackle Bull Durham. Both played their longest and best game to date.

## PIRATES MAUL ST. MARTINS 32-7

### Kretz Tosses for Four Touchdowns

### As Bucs Win Second Conference Tilt

The Pirates last Friday swept to an easy 32-7 win over St. Martins College, mainly on the strength of the passing freshman quarterback Ed Kretz. The Whits scored in every quarter in outclassing a winless Ranger eleven.

### Lead 19-0 at Half

Whitworth jumped to a 19-0 lead as Kretz, Sam Adams, and Bobby Davis each scored touchdowns, and Bob Cruzen kicked an extra point. Kretz and Adams both racked up TDs in the first quarter with Kretz getting the first one on a three yard line buck and Adams catching a five yard pass in the end zone. Davis snagged another aerial in the second quarter good for six yards and six points.

### Adams Counts Twice

Adams reached pay-dirt twice in the second half catching Kretz's passes in both the third and fourth quarters. Each time the play gained better than 25 yards. Bob Cruzen added another placement to end the Pirate scoring.

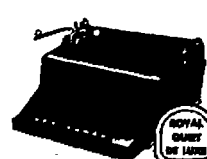

St. Martins got its only score in the second half. Displaying a classy ground attack which netted six points, the Rangers marched from their own forty to the Pirate goal line in exactly five plays. Cliff Long climaxed the drive with a 19 yard jaunt through the middle of the Pirate line. Joe Galapeau added the extra point.

"Whit Air Show"		
Pirates		Rangers
11	first downs	8

## McMILLAN WINS AGAINST BALLARD

Rivalry and enthusiasm are mounting as the volleyball teams seek the girls' intramural championship. Tuesday night McMillan defeated Ballard two out of three games, putting McMillan out front to compete against the winner of the consolation tournament. Westminster defeated the married students in the consolation series.

The next consolation game will be Tuesday night, November 23, at 6:30. The winner of the Westminster-West Wing match will compete with McMillan for the title.

The final game, which will determine whether McMillan receives the cup as champions for three consecutive years, will be waged Tuesday night following Thanksgiving holidays.

## BUC LINEMEN PAIR HONORED AT GRID BANQUET

*Committee Names 10 Outstanding Seniors for College Who's Who*

Left to right: Jack LaRose, Norman Dorpat, Betty Lange, Irene Clausen, Jerry Mahaffey, Barbara Wilson, Beverly Holmes and L. G. Baker.

Ten seniors were recently chosen to be listed in "Who's Who Among Students in American Colleges and Universities" this year. Those honored were L. G. Baker, Jack LaRose, Jerry Mahaffey, Irene Clausen and Norman Dorpat of Spokane; Betty Lange, Fair-

field; Dorothy Leavens, Santa Paula, Calif.; Barbara Wilson, Tacoma; Lois McConnell, Walla Walla, and Beverly Holmes, Tonasket.

The nation-wide publication, which appears annually, sets a high standard for those whose names are listed. A "B" average

or better is necessary. Other important characteristics are citizenship, leadership, cooperation, contribution to school life, and promise of future usefulness.

Only senior names were considered by the Whitworth student-faculty committee which selected the final 10 names.

### Choir Helps In Wheat Program

The Whitworth choir, under the direction of Mr. Anders, made a special radio transcription for radio station KHQ this week, to be used Christmas day as a part of the Christmas rural overseas program.

Purpose of the program will be to broadcast speeches and addresses made at the dedication of 30,000 bushels of wheat being collected at Cheney for overseas shipment to hospitals and needy persons by several Christian organizations. The dedication is being made at Cheney on Tuesday, December 21, with a re-broadcast of the program on Christmas day.

Among the selections which the choir recorded were "Beautiful Savior," by Christiansen, with a solo by Viola Goodale; "Hear My Supplication," by Arkahangelky; "O Be Joyful All Ye Lands," by Gretchaninoff, and "Cherubim Song," by Glinka.

The men's chorus sang "First Noel," with a solo by Marjorie Scott, and "Silent Night."

### ALUMNI HOLD HOLIDAY FETE

The alumni Thanksgiving party, held at the home of Dr. and Mrs. F. T. Hardwick, on November 27, was attended by approximately 60 alums. The party is an annual affair, and has been held at the Hardwick's home for several years.

### Talent Unveiled At Cast Party

Immediately following the production "Romance in Rio" a party was held in the Student Union room. Coffee and cookies were served by the cast.

"The entertainment provided by cast members at the party was spontaneous and revealed much talent," Norm Dorpat commented. "The enthusiasm caused the event to extend beyond midnight," he said.

Among those who participated were Bill Sauve, doing a Yehodee act; Claire Wright, imitating any celebrity requested by attendants; and Calvin Moxley and Donna VanderMeer.

"I think two people who were not in the cast but labored a great deal for the production deserve special mention," Al Christensen stated.

"These are Norm MacDonald and Bob Farely. They not only helped in the production, but also helped to make the party a success," Christensen said.

### In Memoriam

Funeral services will be held this Saturday afternoon for Tom Haji, former Whitworthian, who was killed in action while with his infantry battalion in Italy in 1945. Haji was decorated for bravery while in the service.

Time and place of the services will be published in the Spokane papers.

### Sefelo Plans Ceremony to Light Tapers

Sefelo will hold its traditional candlelight ceremony on Thursday, December 9, between 9 and 10 p. m., in the Speech auditorium.

All dormitory women will meet for a short program and then, individually, light their candles. The women will then march in an impressive candlelight procession back to their darkened dorms while singing Christmas carols. Each woman will remain at her dorm door, singing, until all have entered.

Thelma Schoesler is president of Sefelo. Chairmen for the coming event are Neva Teague, program; Audrey Fraizier, publicity; Sue Pace, room arrangements, and Muriel Stover, ushers.

### JAN HISER NEW PREXY

Jan Hiser was handed the presidential gavel at the last meeting of the Writers' club, Tuesday morning. William Sauve is retiring president. Faith Clark and Joan Beckwith were elected to serve as vice-presidents and Susi Voorheis was chosen secretary.

The club's purpose is to stimulate creative writing on the campus.

### Tom Jones Awarded Snider Trophy; Nick Faber Voted Honorary Captain

Tom Jones was named Snider Inspirational Award winner, and Nick Faber was named Honorary Team Captain last night at the Grid banquet sponsored by the Whitworthian and W club. Jones, an offensive guard, was injured midway in the season, but continued to work with the team, and saw limited action in the final games, playing with his left hand in a cast. Faber played sixty minute ball in almost every game, showing outstanding play as a tackle. Nick was last year's Inspiration award winner in baseball. Both men are juniors, and will return for one more year of football at Whitworth.

### NATSIHI EDITOR APPOINTS STAFF

Dick Denton, editor of the Nat-sihi, appointed his staff at a meeting on November 18. Automatically on the staff now are Jo Summer-son, observing editor and Joan Beckwith, business manager, who were elected to these offices this fall.

Editors and assistants are: administration, Rachel Morse and Dick Denton; classes, Jo Summer-son and Peggy Rigsdale; activities, Carl Drake and Fay Davies; organizations, Dorothy Moore and Joan Thompson, and religious, Ed Stuthett.

Athletics editor, Merland Wackerbarth and the associate editors are Walt Dawson, Dick Hardesty, Ken Davis, Wally Bekowles and Wendy Clark. Barbara Deemy is photo editor and Holland St. John, assistant. The photographers are Ron Davis, Bill Kay and Professor John Koehler.

Art editor is Janie Williams. Her assistants are Mick McDougal, and Holland St. John. Copy editor is Bill Sauve, layout, Maxine Johnson, advertising, Dean Gammell and Bill Riefe. Typists are Maryon White, Gwen Jackson, and Jeannie Eiseman.

### IK's To Attend Moscow Meet

A regional convention of Inter-collegiate Knights for Region II, which includes Whitworth, is being held this week end at Moscow, Idaho.

Purpose of the meeting will be to discuss revision of the national constitution, and facilitate closer co-operation between local chapters and the national organization. Also planned for discussion is an expansion program to include more colleges and universities in the Pacific Northwest.

Whitworth's Lookout chapter is planning to send several delegates to the meeting.

### Recent Campus Visitors

Jim Rayburn, national head of the Young Life movement with headquarters at Star Ranch, Colo. Dr. Ernest Harold, pastor of St. Paul's Methodist church in Spokane.

TOM JONES

#### Snider Award

The Snider Inspirational Award was presented to Jones by Bruce McCullough, director of public relations, who was the 1946 award winner. The award, which is made annually to the person voted most inspiring by his fellow teammates, was awarded last year to Ray Roestel, class of '48.

NICK FABER

Coach Aron Rempel made the presentation of Honorary Team Captain to Faber. The Honorary Captain is selected by a vote of the team. Vern Tucker, who placed on this year's All Evergreen first team, was last year's Honorary Captain.

#### Dr. George Warner Speaks

Over 50 persons heard Dr. George Warner, director of athletics for the Spokane public schools, speak on various phases of football at the banquet.

Other speakers were Jerry Stannard, director of athletics at Whitworth, and Sam Tague, president of the W Club. Bill Sauve, executive editor of the Whitworthian, was toastmaster.

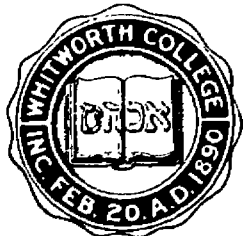

#### Football Men Guests

Members of the football squad, trainers and coaches, the athletic board and members of the administration were guests of the Whitworthian and W Club at the stag dinner, which was held at Elizabeth Ann's Cafe in Country Homes. Outside guests were sports reporters from the Spokane Chronicle and the Spokesman-Review.

## CHRISTMAS IN THE MORGUE?

Over the Thanksgiving holiday Whitworth college drivers were involved in four accidents.

Fall examinations will soon be concluded, and America's vast network of highways will be occupied by Whitworth students driving automobiles.

Throughout our nation, death reaps a yearly harvest of human life. His henchman is the motorist, aided by carelessness.

Always the same story. A maddening screech of tires, a split second of hesitation and a distinct rasping of metal against metal. Life and limb are destroyed beyond repair. Repeatedly, the answer is the same. "I didn't see him," or "I couldn't stop soon enough." When will we begin to see the other driver? When will we begin to give human lives a "brake" soon enough?

When the first auto was assembled, the motive was a method of transportation—not a vehicle of death. Through the years, improved engineering has brought about a rapid pace of transportation but has also increased the national death rate. We can change yearly figures to a smaller number by obeying all traffic laws and signs, urban and rural. Adequate attention to automotive parts may also contribute to the saving of a life.

Innocent victims meet death upon our great network of highways, or in municipalities. They have met death because you, Mr. Careless Driver, have been neglectful, disobeyed traffic laws and signals, and have not regarded principles of safety. You, a Whitworth student, may cause the death of a human life during this Christmas season, if you remain indifferent to safe and necessary driving habits.

Would that be a Merry Christmas?

Douglas E. Scates, of the class of '22, was recently appointed Director of Research in Scientific Personnel for the Office of Naval Research Projects in Washington, D. C.

Recent events in the lives of former grads include the birth of a son, Mark Southward, to Flo and Kenneth Russell, in Spokane, on Nov. 22. Flo is a member of the class of '47, and Kenneth is a student at the present time.

## Historic Display In Library Foyer 'Worth 1000 Words'

Making history interesting for Whitworth students is one of the main reasons for the artifacts now displayed in the library lobby.

In the display are items from the destroyed Whitman Mission and articles used by Dr. Marcus Whitman, a Presbyterian, who led the first missionary party to the Walla Walla valley and who was later killed by Indians. Also shown are Indian implements used by Indians at the time of the mission's founding and remnants by the volunteers who came to punish the Indians involved in the massacre.

### Mission Restored

Mr. Culverwell personally gathered many of the articles shown, while working with Mr. Thomas Garth, archeologist for the U. S. National Park service. This agency is now restoring the mission.

In addition to lending the display to the school, Mr. Culverwell also arranged and did part of the work in building the display case.

### Tells Story

According to Mr. Culverwell, a story told by these displays and pictures is worth a "1000 words." He hopes to increase the school's facilities so that other and more extensive historic displays can be held at Whitworth not only for students but for the community as well.

## Westminster Plans Party and Caroling

The women of Westminster dorm are planning a Christmas party, to be held Monday night. Entertainment and refreshments will highlight the party, and gifts will be exchanged. As a climax to the event, the dorm members plan to sing carols at some of the other dorms.

Committee chairmen for the event are: entertainment, Marion Venn; refreshments, Jackie Cosman, and decorations, Sally Evans. General chairman is Janet Hiser.

## Letters to the Editor

Dear Editor:

Students here have a chance to save at least \$4000 on the purchases of school supplies in one year!

Here's how it can be done: When a college reaches sizeable proportions, it is possible to run the book store on a cooperative basis. This means that the student body, rather than the college, owns and operates the book store. At the end of each year rebates are given the owners in direct proportion to the amount they spend there.

How much would that be? In

years past, the University of Washington student cooperative book store has declared rebates running from 7 to 15 per cent. Whitworth could easily do the same thing, only better.

In addition, these student-owned book stores have formed together in a buying unit, and since a dozen colleges buying in a lot can obtain lower prices, more savings than ever are passed along to the students.

Surely a question that would have a possible \$4000 yearly payoff is worth investigating. Who'll be the first to start the ball rolling?  
F. L. PETERSON

## SPEAKER NAMES GREAT QUESTS

Man has four great quests declared the Rev. Mr. Carl Benson Wednesday morning in Chapel.

"Man wants wisdom, life, power and peace. Christ, as the Wonderful Counselor is wisdom itself. 'Ye are wise in Christ.' The Everlasting Father is eternal and is life. Christ said, 'I have come that ye might have life.' For those who want power, The Almighty God is the answer," stated Mr. Benson, "for Jesus said, 'All power is given unto me in heaven and in earth.' Jesus Christ is the Prince of Peace and in him you can find peace," said Mr. Benson.

"Christ is the savior magnet of the world He draws all men to him. The whole world is His field of attraction. The world is looking to the church for the answer to its problems. Through the lips of Christians God can speak and through their hands He can help the world."

Mr. Benson said that as God had been a blessing to the Christians they should go and give of their blessings to others.

## Kitty Can Bathe Herself, Thank You

That cats really prefer to bathe themselves was a discovery made by Wendy Clark the other night.

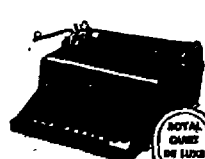

She picked up a gray Angora tabby in the Commons and took her home to McMillan hall. She looked sort of dirty so Wendy bathed her in a wash basin with gentle Ivory soap. All this loving attention was lost on the kitty, whose only thought was that of rapid escape. With arched back and ears pointed flat against her head the cat (not Wendy) didn't seem to appreciate the fact that Wendy was only trying to help her.

After she was dried with a fluffy bath towel and the furry tips of her ears were dabbed with cologne, the kitty regained her faith in humanity and purred contentedly the rest of the evening . . . after she had washed herself thoroughly in her own way.

## LaRose Reports ASCW Budget Will Meet Student Body Needs

The budget for the ASWC has been outlined and indicates a financial status adequate to meet the needs of the student body for the current year, according to Jack LaRose, student-body treasurer.

Of the 815 students enrolled only 790 are on the books as paying student body fees, LaRose pointed out. With the individual fees at seventeen dollars, the total amount collected for this quarter is \$5530. Of this the administration of the school gets \$691.25, 12½% of the total amount, for collecting the fees.

### Athletics Get Share

\$2172.50 goes into the athletic fund. The student body does not handle nor direct the expenditure of this amount, since it is put into the general athletic fund of the college. Mr. J. L. Oakes states that the total amount spent for athletics is about ten times this sum.

### Budget Completed

Of the \$5530 collected in student body fees this quarter the executive council has access to \$2666.25. In planning the budget for the year Jack LaRose multiplied this sum by three and on his product of \$7998.00 estimated the total amount available to the executive council for the entire year. He proportioned the amount as shown below:

Band and Orchestra	\$ 400.00
Whitworth Players	500.00
(Drama & Speech)	
Pi Kappa Delta	1000.00
A. W. S.	300.00
Whitworthian	1600.00
Natishi	2200.00
Scholarships	300.00
(Natishi)	
Pep Committee	50.00
Awards	50.00
Delegates P.S.P.A.	250.00
W. A. A.	200.00
J. K.'s	50.00
Social Committee	1000.00
Supplies	25.00
Miscellaneous	73.00
<b>Total</b>	<b>\$7,998.00</b>

Delores Prather and Elden Unruh announced their engagement this week. Colleen Griffiths also announced her betrothal to Clyde Pock.

## Spiritual Power Is Hope of USA Says Dr. Warren

"America's invisible resources—her spiritual power—must be relied upon if she is to remain great," stated Dr. Frank Warren in a chapel message last Monday.

"Why is it that America has become more advanced in industry in just 150 years than the rest of the world has become in 6000 years?" Dr. Warren asked. His answer was, because America was founded as a Christian nation, seeking not physical resources but spiritual guidance and free worship of the one and only God.

## 'Romance' Nets \$200 for SUB

"Holiday sprucing" to beautify the Student Union rooms is being arranged by Norman Dorpat, committee chairman.

Net profit of \$207 received from the student musical, "Romance in Rio," will be used to purchase permanent drapes, to repair a pool table, and to obtain more furnishings. Previously incurred expenses amounting to \$100 have been paid from the original ticket sale of the campus hit, Del Marshall, business manager, reported.

Beat North Idaho!

## Gospel Team Serves Church

The McMillan Gospel Team has been formed and is ready for service. All the women in the dorm are members and will serve on different programs. A prayer meeting is held every evening at 6:30. This common effort has been a uniting factor throughout the dorm.

This Sunday evening the team will serve at the Opportunity Community church. Wendy Clark and Betty Lange will be the speakers. Others assisting in this first program will be Barbara Scribner, Tillie Spillman, Marie Miller, Mary Brock, Mary Ellen Magnuson, Violet Stueckle, Betty Green, Alice Williams, and Dorothy Leavens.

## Mrs. Carrel Tells Of Egyptian Tour

Ancient and modern Egypt, standing side by side, were observed by Mrs. Carrel, Whitworth music instructor, during her tour of that country last summer.

This morning in chapel she gave an account of her journey through Egypt, and some of the impressions she obtained there.

Many of the Egyptian customs have remained unchanged throughout the ages, she said. One of the weaknesses of the Moslem civilization is its low estimate of women.

"The hatred and bitterness toward America at the present time are very depressing," stated Mrs. Carrel. "They have been bitter ever since America favored the partitioning of Palestine."

During chapel this morning, Joanne Larson introduced the new Pirates.

Louise Holder, of the class of '43, was married to J. N. Harbin, on June 26, at Parris Island, South Carolina.

## Ballard Plans Christmas CE

A CE Christmas candlelight program will be sponsored by the girls of Ballard hall Sunday evening at 7:30 in the Fine Arts building. The Christmas message will be brought in music and selected readings.

Joan Leavers will offer prayer. Organist will be Mary Leavens, and pianist, Florence Shires. Thelma Jo Bruce will lead the song service.

The Ballard hall choir will sing four numbers, "Angels From the Realm of Glory," "The First Noel," "O Little Town of Bethlehem" and "O Holy Night," Donna Jean Anderson being their soloist for the last number.

A solo, "Gesu Bendino," will be sung by Pat Waddell. The double trio of Ballard will sing "Silent Night," "Away in the Manger" will be played by an instrumental trio, consisting of Eleanor Culver with a trombone, Amber Oaks with a saxophone and Barbara Gwinn at the piano. A flute duet "We Three Kings," will be given by Frances Anderson and Donna VanderMeer.

The Scripture lesson will be given in the form of a reading by Barbara Gwinn. Isabel Klingsmith will give a reading, "Ivory Palaces." Other readings will be given by Donna VanderMeer and Marilyn Nelson.

Charles and Dolores Hoyt have announced the birth of a girl, Marilyn Christine, in Camas, Washington, on October 6. The mother is the former Dolores Muench, of the class of '42.

## ROMANCES BUD AT THANKSGIVING

Thanksgiving holidays were conducive to romance if engagements and marriages of Whitworth students is taken as an indication.

Ron Lentes, gridiron star, and Jean McLeod, former Whitworth student, were married Wednesday. Tex Clark brought his bride, Lena Blom, from Germany and the ceremony was held over the holidays. Bob Adams and Jackie Taylor, both of Spokane, were recently wed.

## Mrs. Baugh Speaks To Life Service

Mrs. Helen Baugh was the main speaker at a morning meeting held Tuesday by members of Life Service. She is the founder and national chairman of Youth Home Missions, sponsored by the Christian Business and Professional Women of America.

# WHITS DROP FIRST CAGE TILT

## Outmanned Pirates Lose 66-34 to W.S.C. Cougars

The Pirates ushered in their 1948-49 hoop season Wednesday by dropping a 66-34 decision to Washington State College at Pullman, not because they were outclassed by the larger school but because the Cougars had just too much manpower for our smaller team.

After seven minutes of play in the first period the Whits held a 5-2 lead which was as close as they could get to the rampaging Cougars. At that point the Pullmanites caught fire and pulled steadily away.

Just before the half the Frielmen held a 29-16 lead, but the Whits bucketed two quick ones to end the first period 29-20.

In the second half the Cougar unit system of substitution began to tell. Without the reserve strength to match Jack Friel's three teams the Whits dropped further off the pace, and in the last six minutes of the game failed to score a basket.

High point men for each team were Gambold, with 13 for the Cougars, and Clyde Matters with 9 for Whitworth. Earl Mortlock and Bill Roffler each scored six for the losers.

### Whit Scoring

Mortlock	2	2	6
Roffler	1	4	6
Matters	3	3	9
Brandt	1	1	3
Mahaffey, J.	1	1	3
Conner	0	1	1
Cozzetto	1	0	2
Cameron	2	0	4

Opponents 26 14 66

## Crowd Foils Leader of AKX Choral Group

Alpha Kappa Chi sponsored a choral group representing Whitworth college at Spokane's ceremony for turning on the downtown Christmas lights on November 26. The group stood on steps of the First National bank and sang several Christmas carols.

The audience filled the street from Howard and Riverside and past the Crescent department store. The crowd was so large that some of the members of the group had difficulty in getting through. In fact, Wally Bekowies, who was supposed to lead the singing, didn't show up until the crowd was dispersing. Donald Howell led the songs. Bekowies arrived in a dishevelled appearance and the students began singing, "Good Morning, Dear Wally." The organist picked up the tune and accompanied them.

## Winners Are Fed By Whitworthian

Ben Fairchild and Maxine Johnson were the first recipients of the Whitworthian's "burgers and shakes" as a result of finishing one-two in the sports' guessing contest.

### Only Five Off

In predicting the outcome of the Washington State-Whitworth basketball game, which the Cougars won, 66-34, Ben Fairchild picked the Pullman quintet to win 65-38, missing the exact score by only five tallies. Maxine Johnson's 60-32 guess was only eight points off, giving her the second award.

Nearly 150 guesses were submitted. Most of the contestants predicted high scores for both teams.

### "Johnsons Guess It"

No one guessed the Whitworth score, but Dale Johnson, Dwight Johnson, and Don Barlow hit the Cougar score to the tally, each listing a 66-point guess.

All guesses for tonight's North Idaho tilt must be turned in by game time.

Deadline for Saturday's North Idaho contest is 7:30 p.m.

## ROPE SPINNER JOINS FIESTA

An exhibition of rope spinning by Stan Jump, Spanish club newcomer, was a feature of the Spanish club fiesta held last week.

Other highlights of the evening included Spanish songs by Betty Montano, Chuck Ainsley and the three caballeros.

Mrs. William Wilson, former missionary nurse in Mexico, and Mrs. Lilliah Baker, Spanish instructor, conducted the devotions in Spanish.

Mary Jane Harris headed the refreshment committee which served "Perritos Calientes" (little hot dogs covered with sauce.)

## Spokanites Clean Whit Girls, 31-29

By BELLA MAY

The girls' varsity basketball team had its first practice game last Thursday. The contest was a thriller which Spokaneite Cleaners won, 31-29.

Whitworth was trailing, 19-14, at the half, but the gals sparked by Amber Oaks and Donna Spalding came within one basket of tying. The game showed strength in the Whitworth team and the squad should be a definite contender for the city title. High point for the game was Amber Oaks with nine, followed by Donna Spalding with seven and Carol Gray with six. Vi Stueckle made five points and Eleanor Culver made two. Barbara Wilson was captain.

## Westminster Wing Trounces McMillan

Westminster Wing, winner of the consolation tournament, trounced McMillan for the championship of the intramural volleyball tournament. The game played Tuesday night was the first upset for the McMillan team in two years. The score was 15-10; 15-13.

Westminster Wing, captained by Jerrie Kerrick, defeated Westminster in the consolation tournament in order to play McMillan. McMillan, Vi Stueckle, captain, had defeated Westminster Wing in the first game of the season.

The next intramural sport will be basketball. The teams will try anew for a bid on the championship cup.

## A MERRY CHRISTMAS!

### Sefello Holds Candle Service

Candlelight illuminated the snow-covered campus last night as a procession of Sefello members left their annual Christmas candlelight ceremony held in the Speech auditorium. The program included a song service, a vocal solo by Margaret Baird and a violin solo by Jeannette Du Fresno. Edith Hiskey played the background music. Carol Gray read the Christmas story.

Sefello president, Thelma Schoesler, gave the history of the Sefello Christmas tradition. Following this, each girl came forward and lighted her candle and joined the line of girls as they proceeded back to their dorms singing carols.

Sefello is the organization of women dormitory residents.

### Women Send Mission Gift

A Christmas party for women of the faculty and staff, who live on the campus, was held Wednesday night immediately following C. E., in the faculty house. In addition to exchanging gifts, each person brought an article to put in a Christmas box to send to the American mission in Cairo, Egypt.

The faculty committee included Miss Naomi Runestad, chairman; Mrs. Carrel and Miss Johnson. Other members assisted.

### I.K.'S HOPE TO EXPAND

Expansion was emphasized at the convention of Intercollegiate Knights at Moscow, Idaho, last week-end.

Middleton Shindler, one of Whitworth's delegates, said suggestions were sent to the national constitution committee for revising the IK constitution so it will be more attractive to colleges and universities not now in the organization.

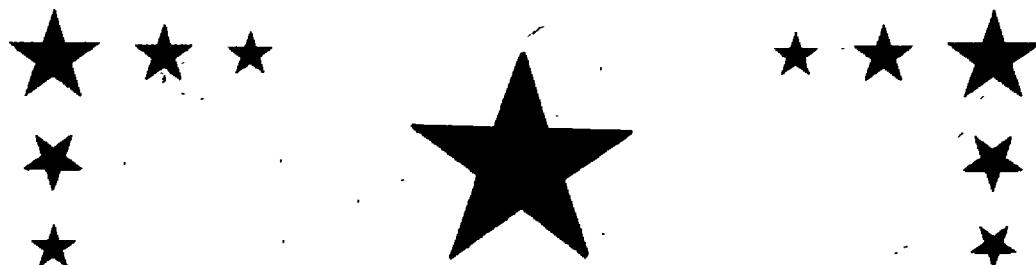

Don Aughney, Gonzaga university, was elected expansion vice-roy for Region II.

Distinctive sweaters for IK's were discussed.

### AKX Tells of Party Plans

Plans are now being made by town-clubbers for their annual Christmas party to be held in Spokane the Saturday before Christmas, Bob Farley, chairman, announced today. Tentative arrangements include folk-games, ping-pong and community singing.

Further announcements will be mailed to Alpha Kappa Chi members during the holidays, Farley stated.

### The Magnificat

And Mary said,  
My soul doth magnify the Lord, and my spirit hath rejoiced in God my saviour.  
For He hath looked upon the low estate of his handmaid;  
For behold, from henceforth all generations shall call me blessed.  
For He that is mighty hath done to me great things;  
And holy is His name. And His mercy is unto generations and generations on them that fear him.  
He hath showed strength with his arm; He hath scattered the proud in the imagination of their hearts.  
He hath put down princes from their thrones, and hath exalted them of low degree.  
The hungry He hath filled with good things; and the rich He hath sent empty away.  
He hath given help to Israel his servant, that he might remember mercy as He spoke unto our fathers.  
Toward Abraham and his seed for ever.

Luke 1: 46-55

### The Birth of Christ

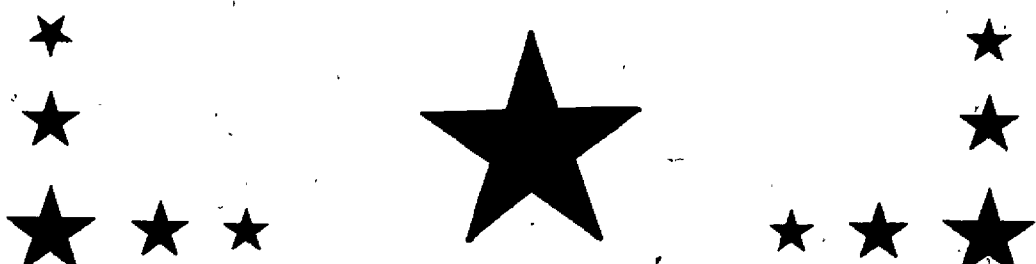

Now it came to pass in those days, there went out a decree from Caesar Augustus that all the world should be enrolled. This was the first enrollment made when Quirinius was governor of Syria. And all went to enroll themselves every one in to his own city. And Joseph also went up from Galilee, out of the city of Nazareth, into Judaea, to the city of David, which is called Bethlehem, because he was of the house and family of David; to enroll himself with Mary, who was betrothed to him, being great with child. And it came to pass, while they were there, the days were fulfilled that she should be delivered. And she brought forth her firstborn son; and she wrapped him in swaddling clothes, and laid him in a manger, because there was no room for them in inn.

And there were shepherds in the same country abiding in the field, and keeping watch by night over their flock. And an angel of the Lord stood by them, and the glory of the Lord shone round about them; and they were sore afraid. And the angel said unto them, Be not afraid; for behold, I bring you good tidings of great joy which shall be to all the peoples, for there is born to you this day, in the city of David a Saviour, who is Christ the Lord. And this is the sign unto you, Ye shall find a babe wrapped in swaddling clothes, and lying in a manger. And suddenly there was with the angel a multitude of the heavenly host praising God, and saying,

Glory to God in the highest, and on earth peace among men in whom He is well pleased.

And it came to pass, when the angels went away from them into heaven, the shepherds said one to another, Let us now go even unto Bethlehem, and see this thing that is come to pass, which the Lord hath made known unto us. And they came with haste, and found both Mary and Joseph, and the babe lying in the manger. And when they saw it, they made known concerning the saying which was spoken to them about this child. And all that heard it wondered at the things which were spoken unto them by the shepherds. But Mary kept all these sayings, pondering them in her heart. And the shepherds returned, glorifying and praising God for all the things that they had heard and seen, even as it was spoken unto them.

Luke 2: 1-20

### Snow Frolic Scheduled for Winter Term

A club meeting and a trip to Mt. Spokane are on the Ski Club's calendar for the first week after Christmas vacation. All persons who know how to ski or would like to know how, are invited to join the club and learn how. A chartered bus will be going up to Mt. Spokane every Saturday during winter quarter, to take care of skiing enthusiasts.

Classes will be dismissed on Tuesday, January 25, for the all-school Snow Frolic on Mt. Spokane. This was made an annual affair since it's success last year. The ski team will put on a race and candid pictures will be taken of the activities that day.

The fee for membership is one dollar for the year. This entitles the holder of the membership card to low-cost bus trips to the mountain, and other special privileges.

Bob Chamnes, president of the Ski club, is making plans for the winter quarter, and is being assisted by Floyd Clemens, vice-pres., Ann Harold, secretary, and Bill Gwinn, treasurer.

### Vets Told to Inform VA In Dropping

Veterans studying in colleges under the G-I Bill are reminded by Veterans Administration that they must inform VA at least 30 days ahead of time if they do not wish to draw subsistence allowances during the winter vacation period.

Unless they notify VA at least 30 days before the end of the fall semester, veterans will be granted up to 15 days leave automatically and paid full subsistence during that period between the fall and winter terms.

The leave policy allows unbroken subsistence payments to all student-veterans. Under the plan, a veteran receives payment for the full enrollment period certified to VA by the college he attends, providing there are no more than 15 days between terms.

Time spent on leave—between terms and at the end of the school year—is charged against the veteran's education entitlement.

VA said some veterans probably would prefer to sacrifice the leave privilege in order to make use of the entitlement for additional instruction.

### Son is Born

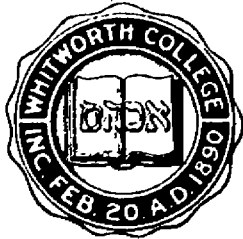

A son, William Theron, was born to Mr. and Mrs. Jim McConnell Sunday night at Deaconess hospital. The baby weighed 8 pounds 3 ounces. He was named after his uncle, Bill McConnell, and after Dr. Theron Maxson.

### SANTA RIDES THE HIGHWAY

In the midst of Yuletide activities, while we are still in a cloud of tissue and tinsel, it is well to ponder what is the best present we can take home to our folks. What do they most want? To parody an old joke, its our presence not our presents.

They want to see a healthy, happy son or daughter, safely home. If college students, throughout the nation, would spend the time and care in driving that they spend in choosing a gift and wrapping it, there would be fewer hideous packages of blood, broken bones, and heartache in homes this holiday.

More accidents to college-age students occur over the holidays than at any time during the year. There can be no jubilation for anyone at a funeral. What a mockery that we, as students should be placing coffins under our Christmas trees!

This year let's tie a big red ribbon around our jalopies and treat them as if they were wrapped in a piece of fragile cellophane.

A little presence of mind can bring home presents of life... and the peace of mind that truly underlies the Christmas spirit.

## The Night Before Exams

(Apologies to Clement C. Moore)

'Twas the night before exams, and aill through the dorm  
Every creature was cramming, 'specially the book worms.  
The pencils had been sharpened with the greatest care  
In the fear of the tests that soon would be there.

The books were all nestled so snug on their shelf,  
Full of knowledge that I must know, myself.  
And Room-mate in her curlers, and I in my nightgown  
Had just settled our brains with a sigh and a yawn—

When out in the hall there arose such a clatter,  
I sprang to the door to see what was the matter.  
The wall was a bloody mess,—the little jerk!  
The effort had been too much; she went berserk.

The morning's sun on the new-fallen snow  
Reminded me of the things I still didn't know.  
I crossed my fingers that I'd do my best  
As I hurried away toward the fatal test.

His eyes—how they twinkled with an evil glint,  
His pity for his students was like that of flint.  
His attitude, determined; his countenance, sour;  
The professor knew we were in his power.

We spoke not a word, but went straight to our work  
And filled out the answers without one quirk.  
But I heard someone exclaim as he realized his fate,  
"Why didn't I study before it was too late!"

## MERRY CHRISTMAS!

## Foreign Study To Be Offered

One of the more encouraging signs that American students desire to obtain at least part of their education abroad is the interest and participation in the foreign study programs for graduate students sponsored by the University of Maryland. Centers in Paris and Zurich were first established by the Maryland institution in the fall of 1947. This year the Maryland group in Paris is composed of 32 men and women. The membership of the Zurich group totals 39.

The program provides majors in linguistics, comparatives, French and German literature, and history. Minors are offered in nearly all fields with the exception of the sciences.

Admission to the program of the foreign study centers is dependent upon admission to the graduate school of the University of Maryland. It requires that the applicant hold a bachelor's degree from an accredited institution and has at least two years of undergraduate work in the language spoken in the respective center.

Two kinds of awards are offered. A master of foreign study is given after the completion of 24 semester hours, plus six hours for a thesis in the major field of the student, and a final examination. A certificate is awarded for the successful completion of an approved program of 30 semester hours.

For the 1949-50 academic year the University of Maryland plans to establish a third foreign study center. The city of Basel was chosen because of its excellent university, its cultural advantages, and the fact that it has been found necessary to find a second city offering facilities in the German language.

Further information concerning the graduate program abroad may be obtained from the foreign study office, University of Maryland, College Park, Md.

## VETS NOTE!

Student veterans who acquire dependents or additional dependents while in training under the G-I Bill should notify Veterans Administration as soon as possible in order to qualify for increased subsistence allowance payments.

Notice of dependency change should be sent to the VA regional office in which the veteran's records are kept. The notice should be accompanied by legal evidence of the dependency, such as certified copies of public records of birth, baptism or marriage.

VA increases subsistence payments as of the date it is notified and not retroactively to the date the veteran actually acquired the dependent.

## Six Day Concert Tour.

### Set By A Capella Choir

Members of the Whitworth college a cappella choir leave next Sunday morning on a Christmas concert tour of the state of Washington.

One of the highlights of their program will be groups of carols sung by the male choir and the Aeolian choir. A Brahms motet, "A Saving Health to Us Is Brought," and "Jesus, Our Lord, We Adore Thee," by James, are also in the Christmas theme. Another popular number, which the choir has sung in the past and will include in this concert series is "Cradle Hymn," by Christiansen.

The week-long tour will include the following places:

Sunday, December 12, 11 a. m.—First Presbyterian church in Coulee City; 8 p. m.—First Presbyterian church in Wenatchee.

Monday, December 13, 8 p. m.—James Madison junior high in Seattle.

Tuesday, December 14, 8 p. m.—First Presbyterian church in Bellingham.

Wednesday, December 15, 8 p. m.—First Presbyterian church in Bremerton.

Thursday, December 16, 8 p. m.—Mt. Baker Park Presbyterian church in Seattle.

Friday, December 17, 8 p. m.—University Presbyterian church in Seattle.

The choir will return home Saturday. Helmuth Bekowies, member of the choir, is the business manager and makes arrangements for all choir.

### CHOIR PERSONNEL

First Soprano—Marjorie Scott, Virginia Gaiser, Janie Winters, Shirley Freeburn, Margaret Baird, Bonna Krug, Virginia Warren, Olive Walburn, Fae Eilers.

Second Soprano—Beverly Holmes, Colleen Griffiths, Margaret Franke, Mary Baird, Marion Venn, Colleen Pickert, Joann Larson, Janene Zimmerman.

First Alto—Viola Goodale, Edith Hisey, Corine Weber, Betty Follet, Joy Taylor, Ruth Tveis.

Second Alto—Patty Lave, Barbara Wilson, Joyce Trail, Norma Bantillo, Carolyn Douglass, Elizabeth Lundin, Miriam Hansen, Marian Fritsch, Jerrie Kerrick.

First Tenor—George Stout, Merlin Wackerbarth, Stanley Graham, Don Cornish.

Second Tenor—Don Hayes, Bob Bruce, Llewellyn Daniels, Charles Ainley, Nick Faber.

Baritone—Helmuth Bekowies, Wally Bekowies, Jim McConnell, Dick Snell, Jim Carlson.

Bass—Jim Dowdy, Charles Hayden, Stanley Rottrup, Alfonso Hill, George Till, Don Wilson, Lee Raibley, Ralph Claassen, Bill McConnell, Norman Gano.

## NEW BOOKS ON SHELF

"Fireside Book of Christmas Tales," edited by Wagenknechts, is among the new books of general interest added to the library shelves.

Books now being catalogued for use after vacation include several emphasizing the political scene. One of these is "Roosevelt and Hopkins," by Robert Sherwood.

"The War Lords of Washington," by Bruce Catton, is a discussion of big business versus the common people. Also timely are "Cry the Beloved County," by Alan Paton, and "The Sky Is Red," by Giuseppe Berto.

Mrs. Rhea French predicts that the book "No Trumpet Before Him" will prove of particular interest to Whitworth students. By Nella Gardner White, the story concerns the struggles of a minister and his wife.

"The Naked and the Dead," by Norman Mailer, is a powerful and brutal novel concerning the war.

## Dr. Hardwick Takes Leave

Dr. Francis T. Hardwick, head of the psychology department, has been granted a leave of absence for the winter quarter. Dr. Hardwick is under care of a physician for a blood clot in his leg. Because bad weather and strain from standing during lectures aggravate the condition, it is necessary for him to stay indoors.

During his absence, Dr. Hardwick hopes to complete some writing which he started long ago. He plans to return spring quarter.

"I do not ask to see the distant scene, one step enough for me."

## STUDENT COMMITTEES DRIVE FOR \$800 GOAL

Tuberculosis rates are reaching all-time highs among student groups in Europe and Asia, according to reports received here by Jack Wyant, chairman of the World Student Service Fund Campaign Committee, which will launch a drive for \$815 on this campus on Monday, January 24, 1949.

In India and China, active T. B. cases among university students are nearing the 20 per cent mark, the chairman said, and in Germany and Austria, more than six per cent of all students are suffering from the disease. Greek students also have a high T. B. rate, and in both Greece and Austria, a shortage of X-ray plates has made it possible to detect only advanced cases.

"The result of malnutrition and poor housing conditions over a period of years, T. B. is increasing among student groups," Jack said, "and is today the No. 1 health problem among university students abroad."

Shortage of adequate housing in the countries where T. B. incidence is highest means that diseased students sometimes have to live in the same buildings with healthy ones, spreading the disease still further, according to the report.

The World Student Service Fund is countering the spread of T. B. by medical aid, support of T. B. sanatoria for students, and supplementary feeding for students suffering from malnutrition. Jack went on. He cited national student sanatoria in India, China, Greece, Poland as positive steps taken to halt the spread of the disease.

Half-sanatoria and rest homes for treatment of incipient T. B. cases are also being established and supported by the WSSF, the chairman said. Student hotels are being constructed in many countries to ease the housing situation which is one of the primary causes of the high T. B. rate.

"As Europe and Asia recover, the disease rates will go down," Jack said. "We cannot afford to wait for that day, however. We need trained leadership in the countries abroad, and that leadership must be created in foreign universities now. The rapid spread of disease threatens the entire student group in many countries, and a large part of the funds raised on this campus in the coming World Student Service Fund Campaign will be used to fight that spread."

## Scott-Unruh Wedding Set

Marjorie Scott and Mel Unruh will be married December 27, in the Fourth Presbyterian Church of Spokane, at 8:00 p.m. The couple announced their engagement last spring quarter.

## City Librarians Get Together

Mrs. Rhea French was hostess to school librarians of the surrounding territory at a party in the faculty lounge Monday evening.

Miss Mary Bacon, North Central high school librarian, led the discussion on preparing book lists for high school students. Those invited included the county librarian, the medical librarian, Gonzaga librarians, and those from all the junior and senior high schools in Spokane.

Refreshments were served.

## WHITWORTHIAN HAS STAFF PARTY

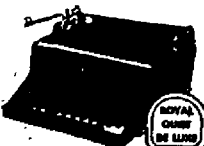

The members of the Whitworthian staff enjoyed a Christmas party in conjunction with their final meeting of the quarter last Tuesday in the newly redecorated press rooms.

Following the business meeting at which Editor William Sauve presided, two members of the staff discovered Christmas presents under the tree. The staff presented gifts of appreciation of a jewel case and tie pin to Maxine Johnson and Fred Peterson, former editors and senior staff members.

Refreshments of cocoa and cake, baked by Jo Summerson, were served.

Might it not be that many new year's resolutions fail in their keeping because people do not really sense the coming of Jesus at Christmas and thus have no foundation on which to keep and make their resolutions.

## Chanters Sing At C.E. Program

The Chanters, men's choral group led by Pat Douglass, presented a program of Christmas numbers before Christian Endeavor last Wednesday night.

The group sang "Gloria in Excelsis," by Gavert, "O Come Emmanuel," and "Silent Night." Marjorie Scott sang "Advent" from "The Coming of the King," by Buck, and Gene Ford sang "The Birthday of a King," by Neidlinger.

A tableau of the madonna and wise men was shown during the singing of "Silent Night." Elizabeth Kristoffersen appeared as the madonna, Mary Brock and Mary Jane Harris, attendants, and Cal Moxley and Ken Turnquist were wise men. Special musical effects were by Coleen Pickert, Miriam Hansen and Barbara Wilson.

During the program Dick Cole read the poem "Challenge," by Grace Noll Crowell, and a narrative was given by Loyd Henderson. A mixed quartet with Coleen Griffin, Edith Hiskey, Merland Wackerbarth and Tommy Thompson sang "God So Loved the World," by Stainer.

President Forrester of Westmont college was the main speaker. Following his talk, Don Hayes sang "O Holy Night."

Carol singing was led by Bob Donovan, accompanied by Edith Hiskey. Candles were lighted by Gwen Jackson and Jean Walker.

Donna Vander Meer supervised the tableau, with lighting by Bill Sauve. Pat Douglass arranged decorations.

## Hankies Fall For Freece

Library staff members feted Margaret Freece at a handkerchief shower in connection with their Christmas party held Tuesday afternoon. She is moving to Moscow after this quarter.

A gift was also presented to Florence Richardson, who will be married this Sunday to Robert Cruzen.

## Mystery of Dry Bones

"They are too small to be from a cow."

"Look, here's one with teeth in it!"

"The poor creature must have exploded to have his parts so widely scattered."

Thus ran the discourse of two adventurous archaeologists who, on a recent stroll over the terrain north of school, came upon a number of bones, in various stages of dilapidation and decay. Green and moldy as the bones were, they were obviously genuine. Although undecided as to the classification of the beast from which the skeleton came, our illustrious discoverers thereafter referred to it as "our old cow."

The intriguing puzzle of the adventure was this: What on earth happened that the remains of the poor undeserving bovine (or whatever) should be flung far and wide over several acres of land? Not pausing to ponder over this riddle, our prospective paleontologists industriously and painstakingly gathered the various bones

## Janie and Bill Take First Step

The engagement of Janie Williams to Bill Koffler was formally announced last Wednesday in the campus dining hall at dinner. The couple was presented by Marjorie Scott, who sang "Because." The parents of both parties were present for the announcement.

## Students to Wed In Sunday Ceremony

Two students, Florence Richardson and Bob Cruzen, will be married in the Whitworth Community church next Sunday at 3 p. m. The Rev. C. T. Axworthy of the Grace Baptist church, Spokane, will officiate. A reception will follow downstairs in the church.

to take back to show to the gals in Westminster Wing. Although some of the most antiquated of the bones crumpled to powder in pockets and in firmly clenched fists, our young aspirants to the zoological field allowed nothing to daunt them as they continued their search until, with several dozen of the "things" in possession, they could carry no more. Having returned to the dorm with the intent of reconstructing the beast, the hopeful osteologists were disillusioned to find that no semblance of an actual skeleton could be obtained, even using string, paper clips, bobby pins and Scotch tape. Abandoning this plan for one less satisfactory, our girls secretly distributed their slimy-looking charges among the beds and dresser drawers belonging to the inmates of the dorm. The

# PIRATE HOOPSTERS TO SPEND BUSY HOLIDAY

## Cage Quintet Slates Seven Vacation Tilts

Whitworth's cagers will be spending a busy holiday despite the fact that school is officially dismissed after today. With seven games on the schedule and all but six of the other days to be spent in regular drills the hoopsters won't get much time to enjoy the Christmas season.

The Whits start their holiday play on Monday, when they travel to Walla Walla to meet the Whitman five in the first of a two-game series. The second game will be played on the home court on January 29.

Following the Walla Walla tilt the Pirates will journey into Montana for a four-game stand. They will be guests of Montana State college on December 17 and 18 at Bozeman. Before returning home they will play the University of Montana Grizzlies twice, December 20 and 21, at Missoula.

### College of Idaho Here

A strong College of Idaho quintet will come here for two games with the Whits on December 27 and 30. These will be the first of six games to be played at home within two weeks.

The third meeting with the North Idaho College of Education Loggers is set for January 4. It will be the initial game of the winter quarter and the last pre-conference competition the boys will get before swinging into league action on the 7th. Pacific Lutheran college will be the Whits' first Evergreen Conference opponent.

## HOOP TALENT RATED HIGH

Pirate basketball mentor Jerry Stannard has the most promising array of hoop talent in the college's history now turning out. With more reserve strength than the school has had in years and several men battling for starting berths at each position, Coach Stannard has his hands full trying to find the best possible combination to use in games.

Returning lettermen from last year's squad number 12, and there are at least a half dozen newcomers keeping last year's starters hustling to hold down their positions.

Lettermen from last year are: Sam Bass, Wayne Conners, Gordon Brandt, Virg Kuhn, Al Good, Clyde Matters, Jack and Jerry Mahaffey, Earl Mortlock, Bill Roffler and Nick Faber.

## Intramurals to Start League

Intramural basketball will get underway immediately following Christmas vacation, according to an announcement from Dave Holmes, director of the intramural sports program.

With arrangements still not completed, Holmes at present plans an eight-team league. If possible, there will be five dorms, two town clubs and one team from the married men represented in the league.

Anyone but those actively turning out for Whitworth's varsity and junior varsity squads will be eligible for entrance in this league.

Each team will play one game a week during the league season. Officials for the games will be Bob Davis and Pete Bennet. Both are veteran whistle tooters.

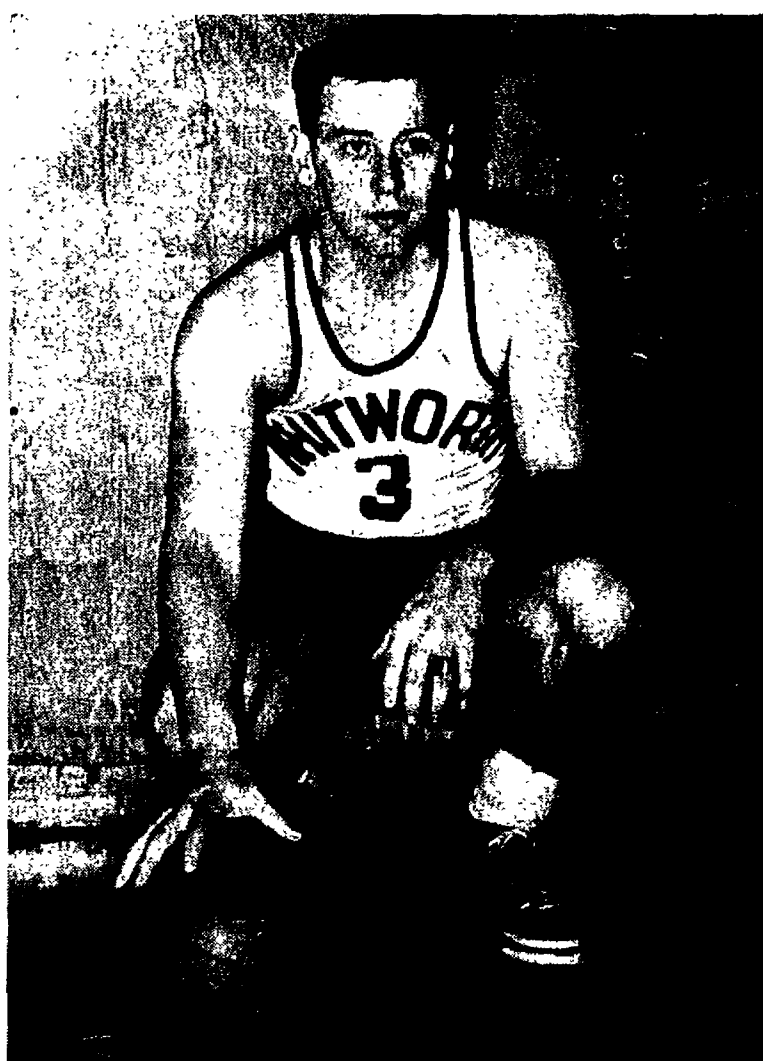

## Patten Receives High Tennis Rank

Les Patten, Whitworth's net star, recently was ranked No. 9 by the Pacific Northwest Tennis association. Patten, Spokane's men's single champion for two consecutive years, was ranked 13th in 1947.

Twice Winco men's single winner, Les is the leading contender for the Evergreen court contest to be held at Whitworth this spring.

## Weather Forecast

Occasional snow showers are predicted for today and tonight with another snow storm headed this way either Saturday or Sunday. A total of eight inches of snow fell yesterday in Spokane and snowfall was heavy throughout the Inland Empire. All roads to the coast are temporarily closed.

BILL ROFFLER

## ADAMS LISTED AS ONE OF TOP EMPIRE ATHLETES

Whitworth's Sam Adams, already heaped with honors this year, almost picked up another this week. Placing on the All-Evergreen and Little All-Coast squads and with honorable mention on the All-Coast team, Adams last week was one of those nominated for the Inland Empire Athlete of the Year by the Spokane Writers and Broadcasters Association.

In the final balloting, which was narrowed down to the five most outstanding athletes, Joe Velez, a Spokane fighter, was chosen over the rest of the field.

Those considered on the final vote were: Velez, Adams, Jerry Williams, WSC grid star; Laurie Niemi, also from WSC, and Roy McBride, a standout on the Spokane hockey team.

## SAM ADAMS TOPS BUC GRID SCORING

By WALT DAWSON

Pirate wingman Sam Adams picked three of Ed Kretz' aeriels out of the air for scores against St. Martins last Friday to move out in front in the Whit grid scoring with 54 points. The freshman end has tallied nine touchdowns in eight games, all from passes.

### Tucker Has 6 TD's

Runner-up in scoring is Vern Tucker with 36 points. The Whitworth speedster has tallied six td's in as many games. Tucker still leads the ground gainers with a total of 468 yards in 73 trips for an average of 6.4 yards a try.

Ed Kretz is the top offensive player, having accounted for 842 yards in 138 plays. The tricky quarterback has tossed for 37 completions, 10 of them going for touchdowns, in 73 attempts.

Whitworth's scoring:

	TD	PAT	TP
Adams	9	0	54
Tucker	6	0	36
Cruzen	3	15	33
Davis	0	0	18
Kretz	1	0	6
Telecky	1	0	6
Pomeroy	1	0	6
Totals	24	15	159

## Pirates and Loggers Divide in Home and Home Series

Whitworth's hoop squad played a pair of games against North Idaho College of Education last week-end, with each team grabbing a victory on its home court.

Friday night the Pirates traveled to Lewiston, where they dropped an upset 67-66 decision. Playing at home Saturday night they turned the tables to run roughshod over the Loggers, 87-56.

Even while losing two of their three starts thus far, the Whits have averaged 62 points per game, and they should prove to be pretty tough competition for any team they meet this year. They were defeated in the season's opener by Washington State college, 66-34.

The Pirates will finish their four-game home and home series with the Loggers in January with a game scheduled for here on the 4th and the last one to be played at Lewiston on the 25th.

## DENTON REVEALS NATSIHI PLANS

Dick Denton, newly elected editor of the Natsihi, this week revealed plans for the 1948-49 annual. Denton announced that he would like to double its size. It is due to come out about the first of June and he wants to keep its theme confidential until then.

Individual pictures of the students and more pictures are other goals of the Natsihi editor. A snapshot section of human interest pictures will be included in the coming yearbook.

## Jayvees Win First Games

Whitworth's junior varsity hoop quintet won its first two starts of the season last week against the North Idaho College of Education Jayvee.

At Lewiston last Friday the squad salvaged a game for Whitworth, 58-38, while the varsity was losing a close one, 67-66. Saturday night they repeated over the same opponent, 16-41.

VOL. 39

SPOKANE, WASHINGTON, JANUARY 14, 1949

No. 11

## WYANT TAKES WSSF POST DRIVE BEGINS JANUARY 4

Jack Wyant has accepted the chairmanship of the World Student Service Fund Campaign Committee on this campus, it was announced by the WSSF Advisory Committee.

The Campaign Committee, which plans to hold the annual WSSF drive from January 24 to February 4, hopes to raise \$815 for student relief in war-devastated nations, Jack said. Campaign plans include chapel and a film and personal contact basis.

"We appeal to all students who are concerned with the needs of their fellow-students overseas to support us in this drive," Jack declared. He stressed the need for volunteer workers to do office work, and to serve as canvassers during the campaign. Applicants for campaign jobs were requested to see any member of the Campaign Committee at WSSF headquarters which will be announced later.

Other members of the WSSF Campaign Committee appointed by Jack are:

June Wylie, treasurer; Mitzi Chichester, solicitation chairman; Ann Clark, publicity chairman; Mr. Bachman, adviser.

Students abroad have inaugurated and are carrying on ingenious and comprehensive self-help programs, Jack stated. Mimeograph cooperatives in universities throughout Europe and Asia are reproducing the textbooks destroyed in the war; student laundries, shoe repair shops, restaurants, banks, have been created by the students themselves.

"They look to us for the things they cannot possibly produce themselves," Jack said. "They need things like X-ray machines, so that they may find out what percentage of their number of tubercular; microscopes; mimeograph machines for the cooperative publishing units—the equipment they simply cannot get anywhere but here."

The committee chairman pointed out that the World Student Service Fund appealed only to college and university groups in this country, and that it constituted the only American source of help to university groups abroad.

"For that reason, I want to urge everyone at Whitworth College to give as much as he can to the WSSF when the drive starts," Jack said.

## OFFICIALS MAKE BUSINESS TRIP

Four Whitworth administrators were out of town this week on various official jaunts.

Dr. Warren is attending the annual conference of the Association of College and University Presidents in New York City. Rev. Pankey attended Presbytery meetings in Seattle, Olympia and Vancouver during the week. Public Relations Director Bruce McCullough spoke at a number of high schools in the state in connection with the annual college conference program.

Mr. J. L. Oakes, business manager, was in Tacoma, where he attended the Northwest district meeting of the National Association of Educational Buyers.

## Choir Plans Busy Quarter

Many engagements promise to keep the a capella choir working hard during the coming months. Future events include a concert at the Davenport Hotel, Tuesday, January 18, and a second at Lewis and Clark high school, Friday, April 8.

A tour through Idaho and Montana is planned between March 20 and April 3, according to Helmuth Bekowies. This tour is an annual activity of the choir.

Tentative plans include a performance at the First Presbyterian church in Yakima, Easter Sunday night, and a concert in Omak.

## Faculty Men Read Papers

Whitworth contributed to the convention of the Northwest Science association that was held in Spokane during the past Christmas vacation when two members of the faculty read papers before sections of the convention. Those reading papers were Professor W. G. Wilson and Dr. G. H. Schlauch.

Mr. Wilson's paper was presented to the Physical Science section and covered the different ways of measuring atmospheric humidity. Principle methods of measuring humidity were reviewed in this paper and special emphasis was placed on a new electrical resistance method which has been made possible by work done at the Bureau of Standards.

Speaking before the Social Science section of the convention, Dr. Schlauch reviewed the formation growth of the Spokane Council of Race Relations. He described the need for such a council in 1944 when Japanese were being brought into the Spokane area from the Pacific coast and Negroes were moving into this region from the South. "The Spokane Council for Race Relations did not attempt to solve problems by legal means but tried to find a solution by bringing disagreeing parties together and then attempting conciliation," stated Dr. Schlauch. He indicated that the Spokane Council for Race Relations would possibly merge in the future with the Council for World Affairs, and the local Council of Christians and Jews in establishing joint action aimed at solving racial problems.

## Registration Stays High

Registration for this quarter remains high, with 814 students enrolled. This figure includes 334 women, and 480 men. The number of veterans enrolled totals 280.

Many applications had to be turned down because the capacity was filled. Enrollments were taken only as withdrawals were made. The number of withdrawals was unusually low this quarter, according to Miss Estella E. Baldwin, registrar.

## Breeches Bible Received As Gift By Dr. Warren

The Breeches Bible, now a museum piece, was given to Dr. Frank Warren by a Spokane man. This Bible is interesting because of the line in Genesis III: 7, "They knew they were naked; and they sewed fig leaves together and they made themselves breeches."

This Bible, printed in 1560, comes in five volumes. Also known as the Geneva Bible, it was prepared by the Reformers in Geneva, where they had fled during the persecutions under Queen Mary. It was translated direct from the original Hebrew and Greek and got its name, the "Breeches Bible," from the way they translated the above line.

This was the first Bible in which italics are used for words not in the original. It was the first whole Bible divided into verses, and the first to omit the Apocryphal books since their introduction into the Septuagint in the fourth century.

Unlike the Great Bible, it was small, portable, and cheap, and was, therefore, the most popular Bible of its time although it had a short life because of the translation of "breeches."

## Are You A Ping Pong Fancier? Read This!

The Whitworthian is planning a ping-pong tournament to determine school champions in singles, and possibly doubles and mixed doubles, provided there is sufficient interest in the student body to back such a plan.

The tournament, which will begin as soon as entries are in and pairings are made, will be open to all members of the student body and faculty. Those wishing to enter should fill out cards with their

class schedule and name and turn them in to the Whitworthian office or the Student Body office.

Arrangements have not been completed, but the two tables in the Student Union room will be available for use. The schedule of games will be arranged and announced in the school bulletin.

If you are a ping-pong fancier, select your partner for doubles and mixed doubles and make your entry.

## Students Mourn Passing Of Whitworth Educator

Funeral services were held Tuesday, January 4, for Dr. Francis T. Hardwick, beloved Whitworth College educator, who died December 31, following a 23-day illness. The popular head of the psychology department had celebrated his 80th birthday in a special chapel program last October.

Dr. Hardwick came to the college in 1929 as dean, and he held that administrative post until he was made acting president in 1938. He served two years before the arrival of Dr. Frank Warren.

In 1940 Dr. Hardwick was made head of the psychology department. His teaching schedule included classes in philosophy, Greek and education. He conducted two classes, experimental psychology and adolescent psychology, during fall quarter last year.

Services were held in the First Presbyterian church. The sermon was given by Dr. Warren. Dr. Merton D. Munn gave a resume of Dr. Hardwick's life and Dr. Theron B. Maxson gave the scripture and prayer at the service.

Dr. Hardwick came to the college in 1929 as dean, and he held that administrative post until he was made acting president in 1938. He served two years before the arrival of Dr. Frank Warren.

Funeral services were held Tuesday, January 4, for Dr. Francis T. Hardwick, beloved Whitworth College educator, who died December 31, following a 23-day illness. The popular head of the psychology department had celebrated his 80th birthday in a special chapel program last October.

Dr. Hardwick came to the college in 1929 as dean, and he held that administrative post until he was made acting president in 1938. He served two years before the arrival of Dr. Frank Warren.

### GOODBYE, MR. CHIPS

Whitworth feels a personal loss in the death of its beloved Dr. Hardwick. The spry old "Mr. Chips" on our campus gave it a dignity not easily found in present day colleges. He was a source of inspiration to those who worked with him and studied under him.

But most of all, Dr. Hardwick inspired his many friends through his love and devotion to God through Jesus Christ. He was sincere in his personal relationship to God, and imparted this to his many friends.

A week ago we bade goodbye to this grand old gentleman at a dignified and loving ceremony. Old friends gathered at this last farewell with peace in their hearts, knowing that the full Christian life Dr. Hardwick had led endeared him to his God, and found him a peace that surpasses all understanding.

In fond farewell we can but say, "Goodbye, Mr. Chips. God bless you and keep you."

### CHEERS AND JEERS

Whitworth can well be proud of the sportsmanship shown by our basketball team. Unfortunately, some of the fans have not exactly followed the excellent example shown by the hoopsters on the floor.

There is an important difference between cheering and jeering. There is a special brand of etiquette that should rule at all intercollegiate athletic contests. Booing and heckling doesn't fit in with the Christian atmosphere that we try to preserve on our campus.

When all the members of both teams are providing so much enjoyment and recreation for the crowd, it seems scarcely fair to single out one player and pelt him with verbal abuse in return for his efforts.

Real sportsmen who understand the fine points of the game appreciate fine playing by either the home team or the opposition and let the players know that they do. Let's make our team as proud of us as we are of them.

## C. E. Sponsors Skating Party At Wandermere Tonight at 7:30

Larry Wyrick, chairman of the Christian Endeavor Ice Skating party, announces that tickets are still being sold for tonight's affair. Larry said, "Transportation and food are being furnished, all you need to buy is a skating ticket."

A bus is scheduled to leave McMillan at 7:15 p.m. Skating starts at 7:30 at Wandermere, and food is being served in the commons at 10 p.m. A singspiration will follow.

Tickets are on sale for 25 cents. Skates may be rented for 35 cents at the rink for those who do not have their own.

## Scribe Lists Ten Leading News Events

We read the other day where a columnist in a popular magazine sought to name the ten most significant news events in '48. If he can be so brave, so can we. Here are our nominations for the most significant events at Whitworth last year.

The most significant event undoubtedly, was the greatest tragedy and loss to Whitworth in many years; the death of Dr. Francis T. Hardwick. Seldom has such an educator served both the cause of God and the cause of education so well and for so many years.

The record number of births and marriages among Whitworth students is vastly indicative of a metamorphosis in college life and the combination of education with "this business of living."

Completion and dedication of the Cheney Cowles Memorial library is an important milestone in the progress of Christian education. There is material for thought in the fact that large crowds of Spokane people attended the dedication but the students were noticeable by their absence.

Constantly increasing registration totals symbolize both growth and larger interest in education with religious bases.

1948 was important as a year of great building expansion with new dorms, new classrooms, larger laboratories and the new student union building and faculty lounge.

Athletic events and developments constantly made news but we name the building of the tennis courts as the most significant because all students may benefit in physical growth and not just those skilled enough for intercollegiate competition.

Organization of the flying gospel team, although not yet in action, points the way to utilizing of sciences' progress with service to God. The major problem of the world would be solved if we could do this with the atom bomb.

1948 wasn't the first year that the Whitworth choir went on tour but it is important that Whitworth is sharing its message with those outside the college and bringing Whitworth to the attention of the Northwest in a very favorable manner.

We can't resist listing the weekly publication of the Whitworthian as number nine, but we won't elaborate.

All the various departments of the college made progress but the speech department was especially active and brought a new forensic honorary, Pi Kappa Delta, to the campus.

Probably you don't agree with our nominations but surely we can all agree that we're going to do even more and greater things in 1949.

## ICY BLASTS FAIL TO HALT RETURN

The merriment of vacationing ended when students in various sectors were confronted with the reality of returning to the campus (and textbooks).

"It was terrible going over to Seattle, but all right coming back," said Barbara Gwinn.

Fay and Walt Dawson also journeyed to Seattle. "No trouble—no pains, no chains," assured Walt.

"We returned from Chicago via Texas," said "Tuffy" Harter. "No serious complications were met; the only bad roads were in the mountains near Ashland, Calif., and icy roads in Oregon."

California students encountered no difficulties while returning by chartered bus. It may be assumed that the only troubles consisted of complaints of cold weather as the Californians neared the state line of Washington.

## Lettermen Eat Ham and Eggs

Ham and sizzling eggs greeted members of the "W" Club Wednesday morning as approximately 45 lettermen gathered in the Commons in the wee hours of dawn for breakfast.

Approximately half a pound of ham and three eggs were cooked for each man by a trio of chefs, Dick Carr, Tom Patten and Sam Tague. Bread, jam and coffee completed the menu.

General chairman for the event was Tom Patten, assisted by Don Cornish on finance. Cleanup details fell to the trio of "Terrible Texans," Sam Adams, Bobby Davis and Pete Bennett.

## DORMS COOL OFF

During the Christmas vacation Lancaster and Goodsell halls suffered from frost bite. It all happened when the cold weather set in and froze the faucets and pipes in that vicinity. With the students moved to other men's dorms, the heat in the oil stoves was shut off, and the faucets turned off. This caused the main pipe system to expand and crack.

Mr. and Mrs. Glenn Ellison, dorm proctors, had to move to an apartment in town for several days.

### Hardesty Succeeds

Dick Hardesty has recently been named to succeed Walt Dawson as sports editor of the Whitworthian. Hardesty has been the assistant sports editor during the Fall quarter, and has been writing sports articles for the Spokane Daily Chronicle since last September.

## Chapel Speaker Tells of Daniel

"Train up the child in the ways he should go while he is yet young. One year wasted in youth is like 10 years wasted in later years," stated the Reverend Mr. Paul Miller.

Mr. Miller, former pastor of the United Brethren church of Spokane, spoke to the students on "The Character of Daniel." He told how this character could be applied to the lives of the students now.

Daniel stood up for God alone in the court of an Oriental king. He had the courage of his convictions. Of course it is hard to stand alone, commented Mr. Miller, "but you can be sure that some one else is standing there with you if you are standing for the right. That one is the Lord."

Youth must not be wasted. Daniel was yet young when he was sent to the court of the Oriental king, but he had made his choice. One can not do his best, or expect to, if he fools away the time of his youth when he could be forming his life to do worthwhile things.

Easy lives do not make strong men and women. People that are brought up in hard times and who have the will to overcome their disadvantages make the strongest leaders of today's world.

It is not easy to keep on the straight path when all around you are against you, but it never has been easy to stand alone, stated Mr. Miller. Daniel stood alone, but he was not alone because he had God with him.

Mr. Miller admonished the students to work for Jesus Christ; to bring Him into their lives; to stand for Him that their lives might be full. "Work for truth and purity," said Mr. Miller, "and you will never regret it."

## Spot Announcement

From behind the quarantined doors of the Grays' home in Spokane comes word that the master of the household is confined with a case of the measles. Mr. Gray has been ill since Tuesday, and will probably be out next week.

Journalism classes will meet as scheduled under the supervision of upper division journalism students. Regular courses of instruction and discussion will be followed.

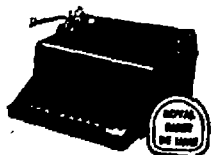

Mrs. Gray reports that Mr. Gray is "plumb disgusted" over his return to second childhood.

## Dustmops Fly As Women Prepare For Open Dorm Saturday Night

Get out your brooms and dustcloths, girls, company's comin'!

Tomorrow night is "Open Dorm" and from 8 to 11 p. m. the four women's dormitories will be open to all students and the public so they can see what good housekeepers (?) the Whitworth women are.

A first prize and an honorable mention will be awarded the most attractive rooms in each dorm. Judges will be Professor Yates, Miss Heritage and Miss Runestad.

At 9:30 there will be a program and refreshments in the dining hall. Margaret Baird, program chairman, has announced that the program will include two piano solos by Katherine Jacobsen, a reading by Neva Teague, a vocal number by Tommy Thompson, an instrumental trio, two flute solos by Patty Love and a dramatic skit by Donna VanderMeer and Ginny Gaiser. Shirley Freeburn will act as mistress of ceremonies. The program will close with devotions by Marie Inman-Kane. Working with Margaret will be Ruth Norris, Hermoine Lee and Martha Hall.

Chairman of the food committee is Elaine Plaster, and working with her will be Betty Catlin, Mary Ellen Guthrie, Isabel Kling-smith, Dora Hori and Helen Hone. Publicity chairman is Martha Bussar, and her committee members are Sylvia Melrose, Carolyn Oakes and Madelyn Curtis. Thelma Schoealer, Sefelo president, is general chairman.

## CHOIR RETURN NEARLY FOILED

Mishap occurred on the choir trip to Riverville last Sunday when one of the two buses broke down. Passengers were crowded into the other 30 passenger bus. Some of the men rode on top covered with blankets—which froze. The bus rolled into the campus bright and early; 5:30 a.m. Monday Morning.

## W.A.A. WOMEN EAT HEARTY

The annual W.A.A. breakfast for new students was held in the commons, Saturday morning at 7:15. Fifty girls including club members attended this early morning feast of waffles and little "pigs."

The purpose of this athletic organization was explained by President Barbara Wilson after Phyllis Newton led group singing. Devotions were given by Clarebelle Hartford. Jean Walker, in charge of general arrangements, was assisted by Colleen Pickert, Miss Newton, Miss Wilson, and Nancy Lee Hughes.

## Californians Hold Monopoly

The kitty had welcomed the required dime from each player and with love and confidence had sought refuge in Dick Patterson's pocket, never to be seen again.

To the murmured pleadings and threatenings of Jean Walker, the dice rolled—a nine and a one! "Take a walk on the Boardwalk, and pay the owner the rent due."

Thus the Californians renewed the struggle between monopoly and free enterprise as the chartered bus sped its way south on highway 99.

## Students Travel During Holidays By Train, Car, & Thumb

Whitworthians traveled many miles in every direction this vacation either for pleasure or just to get back to home, sweet home, again.

We haven't heard of anyone who went further than Leroy Allen, who traveled the not small distance of 3000 miles to his home in Providence, R. I. There's nothing like spending a peaceful night on a comfortable station bench because of a delayed train. Just ask Leroy.

Mimi Van Patten ventured down South to Norfolk, Va. She visited her cousin, at whose wedding she was a bridesmaid. She also visited in Washington, D. C.

Norm Gano went as far as Pennsylvania via the thumb, train, plane and bus. A wonderful trip if you are ambitious and not easily discouraged.

Eloise and Tuffy Harter managed to come home with something to show for their holiday travels—a nice new car! They visited Millie and Jerry Wilson, who are in seminary at Dubuque, Iowa.

Here is probably the most exciting experience in travel, as told by Laura Johnson:

Streamliner makes run between Omaha, Neb., and Spokane, Wash., in one week—a headline for the 1890's. It is also news for 1949 and the atomic age.

Sunday, January 2, I left Omaha to return to Whitworth. Monday found me, with 300 other passengers, stranded in Egbert, Wyo., with an 80-mile blizzard raging outside the unheated train. The temperature was 20 degrees below. Tuesday, the passengers, many

## Awards Go To Letter Winners

W. A. A. letters and sweaters were presented at the Friday award chapel by Mrs. D. Cheska, girls' physical education director.

Those receiving W's were Wendy Clark, Clarabelle Hartford, Naomi Kimball, Bella May, Phyllis Newton, Colleen Pickert, Jean Runner, Donna Spalding, Betty Sneldmiller and Donna VanderMeer. The sweaters were awarded to Shirley Rosenkranz and Amber Oaks.

of whom were very young children, were housed in the depot and school house. Food consisted of boiled chicken taken from a sided box car and coffee made with snow. Wednesday afternoon the army dropped K rations and blankets to relieve the situation.

During the blizzard the population of Egbert was blessed with an increase to make a total of 30 inhabitants. There were also three stretcher cases as a result of the storm. I suffered a frostbitten nose.

Thursday the blizzard had spent itself enough to allow buses to take the passengers on to Cheyenne, where there was another 22-hour delay for trains. I arrived at Whitworth Saturday night with very bitter thoughts about the state of Wyoming!

## Cupid Kept Busy During The Holidays

Cupid and Mrs. Sutter have been kept busy these past few weeks arranging the engagement announcements of Janie Williams and Bill Roffler, Junita Christensen and Ben Fairchild, and Merleand Wackerbarth and Shirley Spear of Walla Walla. The betrothals of Thelma Schoesler to Daryl Plager and Delores Prather to Skinny Unruh were pledged during the Christmas holidays. The engagement of Beth Roduner to Jim Baer, a former Whitworth student, was announced in California. Phyllis Newton is diamond-ringing it with Bill McConnell, as is Barbara Wilson with Jim Larson.

Cupid was also kept busy tying the knots during the holidays. Florence Richardson and Bob Cruzen pledged "to honor and obey," as did Bob Ryland and Barbara Copeland, Marjorie Scott and Mel Unruh. Jim Patten has returned to the campus with his new wife from California. A girl from Germany came to be the bride of Tex Clark, and it is Mr. and Mrs. Quentin Peck now.

# PIRATES TAKE TO ROAD FOR WEEK END TILTS

## Whits Invade Coast For Clash With UBC, WWCE

Basketball Standings				
Team	W	L	Pf	Pa
College of Puget Sound	2	0	141	115
Central Washington	2	0	124	98
Eastern Washington	1	1	96	87
St. Martins	1	1	104	114
Western Washington	1	1	117	111
Pacific Lutheran	1	1	106	112
WHITWORTH	0	2	114	143
British Columbia	0	2	112	134

The Pirate basketball squad with potentially a strong team but finding it hard to win games against tough opposition, will return to the hoop wars tonight on the coast against Western Washington College of Education. Tomorrow night they move up to Vancouver where they will be guests of the University of British Columbia in the second tilt of their initial conference road trip.

### Vikings Cop 48 Series

Tonights tilt will be the Whits third in Evergreen Conference play, and will pit them against a team that has won one and lost one after the first round of league action. The Vikings were beaten by the College of Puget Sound last Friday, but they in turn defeated St. Martins the following evening. Their season's record stands at five wins and four losses.

Whitworth dropped two to Western last year by scores of 71-54 and 63-57. In the final meeting of the three game series, the Pirates avenged the earlier defeats winning 70-58.

### First Meeting With UBC

Tomorrows game with the University of British Columbia will be the first meeting between the two schools. UBC, a newcomer to the league joined into Evergreen Conference competition this fall, and next year will take an active part in all major sports.

Like Whitworth, the Vancouver five, last summer's Canadian representatives to the Olympic, has yet to win an Evergreen start. They were defeated by St. Martins Friday night and the College of Puget Sound Saturday night.

### Fridays Games

## GRAVES GYM GETS SCORER

A new addition to the Whitworth athletic scene is the Pirates' new \$350 illuminated scoreboard. It was used for the first time December 26, when it registered a 65-46 win for the Whits over College of Idaho.

Featuring a large sweeping second hand and foot-high numbers, the scorer is one of the most modern of its kind.

The W-Club sponsored the procuring of this latest addition to Whitworth's athletic department with a \$100 donation.

## INTRAMURALS BEGIN PLAY

By DAVE BEAMER

	W.	L.
Town Trotters	1	0
Nason Hall	1	0
Ball and Chain	1	0
Whitworth Hall A	1	0
Whitworth Hall B	0	1
Goodsell	0	1
Washington	0	1
Lancaster "Dixie-crats"	0	1
Town Independents	0	0
Lancaster No. 2	0	0

Intramural basketball got under way last Monday in Graves Gym when "Ball and Chain" defeated the Whitworth Hall B team, 19 to 6. The married men led throughout the contest, with Jim McConnell, offensive spark, sinking five baskets for 10 points. Stan Graham led the Whits with 10 points.

In Tuesday's double-header, John Scotford led Nason Hall to an easy 42-15 victory over Washington Hall. Scotford sank five baskets and a free throw for high point honors with 11 tallies. Ed Strm placed the Washington attack with eight points.

The "Town Trotters" trotted off with a hard-fought 37-24 victory over Goodsell Hall in the second game of the twin bill. Sam Bass, Bob Cruzen and Bob Kohlstaedt sparked the Trotters with 11, 11 and 10 points, respectively. The score was close throughout the game until the Trotters pulled away to a comfortable lead in the final period. Don Olstad, with nine, and Jim Oliver, with six points, led the Goodsell.

In last night's game Kenny Turnquist and Lefty Henderson led the Whitworth Hall A squad to a 56-26 win over the Lancaster "Dixie-crats." K. Turnquist potted 13 points to lead the scoring parade. Henderson was a close second with 12 markers. Gum sparked the Lancaster crew with 11.

## WEATHER FORECAST

There may be slight relief in sight this weekend from the weather that has been chilling the Inland Empire for the last four weeks. The weather man has predicted a gradual rise in temperature and some cloudiness during the next few days.

## TWO FOR MORT

Earl Mortlock, speedy Pirate guard, goes in for a crucial two points in the Whits narrow 64-59 win over North Idaho College of Education.

## Letter Winners Receive Awards

Twenty-eight Whitworth College football award winners were honored last week at a special assembly in the college gym, at which time head grid coach Aron Rempel presented letters and sweaters to them.

Third year letters were awarded to Bob Cruzen, Vern Tucker and Bob Kohlstaedt. Those receiving letters for the second time were: Nick Faber, Ken Gamble, Ron Lenten, Don Olstad, Del Schalock, Bill VanCamp, Cecil Telecky, Dwight Johnson and Tom Jones.

## Bucs Drop Evergreen League Starts; Bulldogs Snap Up First of Series

Whitworth's casaba team got off to a bad start last Friday and Saturday, dropping their first Evergreen Conference starts to Pacific Lutheran College and Central Washington College for their initial setbacks on the home court this season. The Lutes handed the locals a 68-57 trimming the first night and Central's Wildcats lived up to their billing as pre-conference favorite by easily downing them, 75-57, the following evening.

### McLaughlin Stars

Harry McLaughlin, PLC's sensational pivot, although he attempted a few shots, amazed the crowd with fancy ball hawking and accurate passing that set up most of the Lute scores. Tall Harry, with his arms at times operating like windmills, fed the ball with such precision that his teammates were able to go in for several unguarded lay-ins.

### Central Wins Handily

Saturday night's game was a case of too much height and not enough defense. Centrals set shot artists, Dean Nicholson and Fred Peterson, had a field day as the Pirates were unable to penetrate the effective screening used by the Wildcats. What long ones were missed were tipped in by Chuck Long, ace rebounder.

Whitworth will play return games with Central and PLC on the 11th and 12th of February.

### Bulldogs Win First in Series

Tuesday night the Pirates got careless in the second half of a tight contest to let the University of Gonzaga quintet walk off with a 60-to-49 decision. The game, a rough thriller had its outcome in doubt until the Zags grabbed a commanding lead with eight minutes remaining in the final period.

Although the Whits led most of the first period, Gonzaga pulled into a 27-26 halftime margin.

The Tuesday game was the first in a seasonal three-game series between the two schools. The second meeting will be at Gonzaga February 8, and the final tilt is slated for the home court on February 22.

## 3 R's Add Another-R for Refreshment

## SURPLUS Portable Microscopes

We offer a limited quantity of surplus portable microscopes for sale. These are all new, in original cartons and are offered at a fraction of original cost.

Specifications: Overall height 8 inches, turret with three different powers. Will accept auxiliary eye-piece for higher powers desired. Fully adjustable on tiltback base. Optical system; pitch-polished lenses.

These portable microscopes are offered subject to prior sale on the following terms: Price - \$9.00, includes shipping and packing charges. Check or money order should be sent with your order or -2.50 deposit the microscope to be sent C.O.D. for balance. Any check received after quantity has been sold will be returned promptly.

## CORONATION TO CLIMAX SNOW FROLIC

### WHITWORTH LAUNCHES WSSF DRIVE MONDAY

Jack Wyant, WSSF chairman, announced today that the first chapel program to launch Whitworth's drive will be Wednesday, January 26. The speaker will be Barbara Brady, who graduated in June, 1948 from Mills College in California where she worked actively for four years on the "Weekly," in speech, music and drama, N.S.A., and campus AFSC committee. As a member of the WSSF committee, she went as a delegate to WSSF Regional conferences for three years; she was also selected as a Mills delegate to the UNESCO Conference in May '48, and is a member of the World Affairs Council of Northern California.

#### Observed Abroad

For three months during the summer of 1948 she traveled in England, France, Switzerland and parts of Germany. She attended the World Student Relief Conference and UNESCO and The University Conference at Combloux, France where students and representative faculty of 27 countries gathered to discuss problems and make recommendations to the WSR Committee and the Paris UNESCO Conference. She was then one of 20 students representing nine countries on the ISS study tour of the political and economic conditions in France and Switzerland. This involved direct contact with the University centers and the first-hand observations in both small and large industrial plants, ship building centers, farming areas and experimental agricultural stations. The tensions of the political conditions of Europe were vividly illustrated by lectures and through discussions with students, newspaper reporters, commentators, city officials, and citizens. Opportunity to live with the faculties and students as they traveled afforded the group a chance to observe university life, living conditions, libraries and to talk over problems of great interest with student leaders.

#### World-Wide Problem

Contributions to the World Student Service Fund Campaign here, which opens on January 24, will directly benefit university students and teachers in war devastated nations all over the world.

"The World Student Service Fund, only national organization pledged to give aid to university people in all parts of the world, regardless of race, color, or creed, is working today in Europe, China and Southeast Asia," Wyant said.

Stating that the WSSF was the American representative of World Student Relief, Jack declared that all the "relatively prosperous" nations of the world have similar national committees to raise funds for student relief.

#### Chairman Appointed

Mitzi Chichester has been appointed chairman of the soliciting section of the World Student Service Fund Campaign Committee, Jack, committee chairman, announced Tuesday.

She said, "I've really got a job but I feel that all the time I spend on this will be well worth while. I hope that you will all help as much as you can in this endeavor."

### Students May Study Abroad

American college students can continue their education abroad at the universities of Copenhagen and Aarhus, Denmark, or the University of Stockholm, Sweden.

The two universities of Denmark offer subjects in social welfare and labor legislation, political science, economics, Danish language and culture, Danish philosophy and education and Nordic archaeology. Tuition is \$500 per year.

The University of Stockholm offers courses in social and political sciences. They are primarily intended for graduate students, but outstanding undergraduates who will have completed at least the Sophomore year by June 1949 are also acceptable. Tuition fee is \$250 for each of the two semesters.

The institutions of both Denmark and Sweden are approved by the "G. I. Bill of Rights," under Public Law No. 346, 78th Congress. All instruction is in English and no previous knowledge of Danish or Swedish language is required. All applications close March 31, 1949. Full information can be requested from The American-Scandinavian Foundation, 116 E. 64th St., New York, 21, N. Y.

### WARREN BUSY IN NEW YORK

President Warren is continuing on a busy schedule in the East after attending the conference of the Association of College and University Presidents, held last week in New York City.

On January 13, Dr. Warren visited the Biblical Seminary in New York City where Miss Smith, member of the Bible department, attended. Planning to spend the next day at Princeton, he hoped to see several Whitworth graduates during his tour of that institution.

On January 15, President Warren was to attend a Whitworth alumni dinner in New York City. Most of the Whitworth graduates now living on the east coast were planning to attend this dinner.

Last Sunday, Dr. Warren was to preach in New Jersey. He expected to start back to Spokane on the following day, but his date of arrival in Spokane is indefinite since he was to have several interviews and stop-overs along the way.

"... a woman's preaching is like a dog's walking on his hind legs. It is not done well, but you are surprised that it is done at all."—N. Y. Times.

### SKI ENTHUSIASTS TO ATTEND EVENT NEXT THURSDAY AT MT. SPOKANE

By Bill Gwinn

The second annual Snow Frolic will be held Thursday, January 27 on Mount Spokane. This year's festive winter event will be preceded by a special assembly on Wednesday. The Ski Club is planning the program which will include the coronation of the king and queen.

Candidates for king and queen, which were chosen by each class, will be voted by the student body Monday. Nominees will be displayed on the ballot according to class groups, but voting may be done selectively. Heading the list will be Colette Stirm and Ken Turnquist, Freshman candidates; Chuck Bovee and Jeanne Eiseman will be on the ballot for the Sophomore class; Junior class representatives will be Sam Adams and Colleen Pickert; and Bob Chamness and Floy McKee are the Senior's choices.

### PROGRAM TO AID READING

Dr. V. C. Christianson, head of the English department, has announced the opening of a class in remedial reading to be held Tuesday and Thursday morning at 8:10. The course will carry no credit, but is offered as an aid to those students who have difficulty in reading habits.

"The causes of their poor reading are the poor habits they acquired in grade and high school, such as oral reading, that were not corrected," said Dr. Christianson. "This is one reason why we cannot give credit for this course."

The class will be offered for six weeks of each quarter. No outside work is required, but those taking the course will be expected to apply what they have learned to study methods in their regular curriculum.

Textbook for the course is the Nelson-Denny Reading Test, a series of vocabulary and reading exercises.

"This year's event will be unique in that the bulk of the planning has been done by the ski club, consequently putting the many problems met on the mountain in the hands of experienced and qualified students," states Al Christiansen, ASWC social chairman.

#### Classes Dismissed

Classes are to be dismissed at 10 a. m. Thursday; cars and buses will leave the campus immediately. Transportation and parking at the ski lodge will be handled by the I.K.S. Each passenger is asked to pay drivers 75 cents for round trip rides. Those driving cars should consult the bulletin board about signing up. Ski racks will be provided for all cars making the trip; no charge will be assessed; however, each driver must furnish his own chains. "Present plans indicate this to be a gala event of the year," points out Ski Club Prexy Bob Chamness, "therefore, so that we might relieve congestion on the mountain, we suggest that drivers put chains on before leaving school."

#### Students Rent Skis

Students who don't have ski equipment may rent skis, poles and boots at a special rate of \$1 by signing up today or Monday. Equipment will be delivered to the gym; however, each person must pick up his order no later than Wednesday evening. Helpful instruction will be given by professionals to all beginners. No charge will be made for those using the tows. The National Ski Patrol has asked that there be no sledding or tobogganing on the mountain this year.

The administration wishes to make it clear that attendance is voluntary and that the college takes no responsibility for any accidents that might occur.

Those assisting the Ski Club president to plan the event are Floyd Clemans, Ann Harold, Bill Gwinn, Nancy Hughes, Les Kirkendorfer and Orin Stratton.

### SKI CLUB TO HAVE MEET

Plans were discussed for an inter-collegiate ski meet at a meeting of the Ski club yesterday. The club, which now has over 80 active members, made final plans for the Snow Frolic which is being held January 27.

Bill Gwinn, treasurer, announced that club members who have not yet received their emblems may get them from him.

### RADIO PROGRAM BRINGS MESSAGE

Plans are progressing for a radio program that will bring the message of the benefits of a Christian life, its problems and perplexities, for the high school age listener. The program will be a weekly dramatization of the life of a high school boy who becomes a Christian, and the effect it has on his way of life.

Ben Fairchild is head of a committee of students who are planning the broadcast. He is being assisted by Mel Bovee Taylor, who will direct the dramatization, and by Bill Sauve, who is preparing the script material.

Material for the broadcast is being taken from a serial story, "Bob Bronson," that appeared in issues of Young Life magazine. Permission has been secured from Dick Parson, the author, for use of the story on radio.

Fairchild announces that try-outs for those interested in participating in the series of programs will be held in the near future. Program personnel will be chosen from those who possess the best radio voice qualities, he said.

Several members of the faculty have agreed to act in an advisory capacity for the program.

### Guidance Tests Are Continued

Services of the Counseling office for testing and guidance were continued last Tuesday, Dr. Maxson announced.

"The procedure for any student desiring to take group tests on intelligence, personality and aptitude, may report to the business office in making application. A fee of \$2.00 will be charged for non-veterans, and no charge will be made for veterans. Days of examinations are scheduled for Tuesdays and Thursdays from 9:00 a.m. to 4:00 p.m.," he said.

The test laboratory is in charge of Norman Dorpat, Glen Ellison, L. G. Baker and Robert Lehman, advanced students of Psychology. Room M-3 (McMillan Hall) will be used exclusively for tests.

Upon completion of tests, counseling appointments will be made by Dr. Maxson within a few days. Such a streamlined program assists students with academic problems, vocational choices, and subject difficulties. In many cases, referrals in counseling are made to other members of the faculty, after consultation with Dr. Maxson.

"Our testing program is limited to a number of students per week," Dr. Maxson said, "and the policy is 'first come, first served,' except through faculty request."

"The only thing we have to fear is fear itself."—F. R. Roosevelt.

### Chanters Plan Sacred Program

Pat Douglas, director of the Chanters, mens choral group, announces that the full complement of 30 voices has been reached. Other applicants have been placed on a waiting list, and will be auditioned when new openings appear.

The group is commencing work for a sacred program to be presented soon.

The Chanters was formed by a group of men who wished to sing in a male chorus for the pleasure they derived from it. It is not a part of the music department, or affiliated with it. It functions as an extra-curricular activity with Douglas as director, and Bob Shreve as business manager.

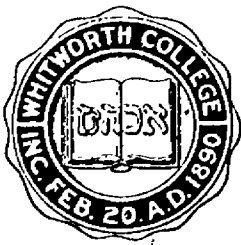

Shreve announces that numerous appearances are planned for the group after rehearsals and preparations have progressed sufficiently.

It may be that we should stop putting so much emphasis on the monetary value of a college education and more emphasis on the social and cultural values to be derived from learning."—N. Y. Times.

How hard is it for them that trust in riches to enter into the kingdom of God! Mark 10:24

## SUPPORT THE SNOW FROLIC

Plans are progressing satisfactorily for the second annual Snow Frolic. The planning represents a maximum of hard work on the part of many individuals. It is hoped that the entire student body will cooperate in making this event a success. It is only through them that the Snow Frolic will be a school-wide event.

Costs for this affair have been kept to a minimum for the participants. Transportation will be readily accessible, and a program of events has been planned that will assure a good time for everyone.

Those directly involved in the Snow Frolic are to be given due credit for the many long hours of preparation they have given to make it a success.

You too can help. Vote for your candidate for King or Queen. Observe the rules of courtesy and safety of mountain sports. Support the activities of the school by turning out for the second annual winter Snow Frolic.

## WHERE ARE THE CHANGES?

During the feverish campaign activities for ASWC offices last spring a number of things were advocated by both major candidates for office. To date there have been some major developments along the line, but all too many of the changes for the better that they advocated have been left undone.

Perhaps the major gap is the one that appears in active student participation in chapel programs. This is one of the many points both candidates asked for in their campaign programs. It would be an added feature that would draw the students to chapel.

Significant is the fact that both these men are on the executive council and are therefore in a position to see that this could come about.

## Flooding Is Farce

One of the biggest campus farces in recent months was the flooding of the new tennis courts for a skating rink, but from a close analysis of the situation, it would appear to be far wiser that the new courts had been left untouched.

Of course, a dissertation on the subject now is like locking the proverbial barn door, but considerable discussion by all involved makes it feasible.

Even if the construction company that made the courts did give their sanction for skating, the fact remains that the added weight, alternate thawing and freezing and general wear and tear on the courts will do them no good.

Whitworthians have worked long and hard to secure a decent tennis playing surface, and it is understandable that they should be chagrined at the flooding of them the first year.

## BRITISHERS EXPERIENCE BAD TIMES - - REV. BARBER

Closely rationed Britishers still ascertain that they will muddle through the bad times they are now experiencing, stated the Reverend Mr. Earnest Barber of the Centenary Methodist church in Spokane.

A diplomat from Great Britain to the United States, after seeing about the continuation of lend-lease, said that the best thing for England to do would be to declare war on the United States and surrender the next day. The diplomat declared that the surrendered countries in Europe were in a much better state today than Great Britain.

Mr. Barber said that the people were surprisingly well-dressed even though there was a 66% per cent tax on all clothing, which is also very closely rationed. Some people get by with second hand clothes given them by friends or from deceased relatives.

It is important to be on good terms with the food dealers declared Mr. Barber. If you happen to be on good terms with your meat man, occasionally he might have an especially nice piece of meat for you. Only one pint of milk is allowed each two people every two days.

## Letters to the Editor

Dear Editor:

Now that the women have held open dorm and fed and entertained the men, we feel that the men should reciprocate and hold open dorm for us.

This would give the men a chance to clean and polish their rooms. Also it would give us a chance to go around to the men's rooms with paper sacks and collect cookies and candy the same way they did in our's.

Name Withheld.

Ed. Note: We feel sure that the men would be willing to let the women inspect their dorms, and would probably even have candy for them. However, we doubt if they would have to make a special effort at polishing and cleaning because the men's dorms are always neat and clean.

## Improvements Made In Fine Arts Bldg.

Three new practice rooms have been completed in the Fine Arts Building, according to Mr. Anders. Two of these rooms will be available for two-piano work by next week.

Another addition to the building is the installation of french doors between the auditorium and music studios. This step will aid in lessening the confusion during band and orchestra practices.

"Yes sir, young man, I started from scratch."

## Choir Sings Over Radio

The Whitworth a Capella choir was presented in radio concert last Wednesday over KGA by the Spokane and Eastern National Bank. The concert was given from the lobby of the Davenport hotel.

A group of sacred numbers was sung, including "Beautiful Savour," "A Saving Health To Us Is Brought," "Cherubim Song," "In Heaven Above," with male solo by Jim Dowdy, "Send Forth Thy Spirit," "Hear My Supplication," and "Heaven and Earth."

Mr. Bruce McCullough, director of public relations, spoke briefly during the program.

The half-hour broadcast was produced by Hub Warner, and announced by Ray Bennett, staff members of KGA. Prof. Wilbur L. Anders, head of the Whitworth music department, directed the choir.

## GRIFF AND KIRK C. E. SPEAKERS

Wednesday evening's CE meeting had for its theme "Service in the Christian Life." Les Kirken-dorfer said that Christians must have a plan for their lives, carried through by prayer and Bible study and witnessed by action. Said he, "Action determines the success of the Christian life."

Don Griffin said that Christian service is rendered by people with pleasing personalities. To witness for Christ we must have personalities which are pleasing to people of the world, he stated. As we allow the Holy Spirit to convict us our personalities will be fitted for His Service, Mr. Griffin pointed out.

Singing was led by Earl Plankenhorn. "O Love That Will Not Let Me Go" was sung by the quartet, Don Hayes, Bob Bruce, Jim Dowdy and Chuck Hayden. A solo, "Holy Spirit, Descend on Us," was sung by Chuck Ainley.

Paul Parker spoke on conditions meeting. He told of Korean life, first under Japanese domination and then under Communistic. He challenged the Christians of this country to be thankful for what they had when the Koreans live in poverty and under harsh rule. Mr. Parker also gave his personal witness.

Singing was led by Herman Wendler. Mary Jane Harris and Jane Winters sang a duet, "Beneath the Cross of Jesus."

## Nurses Direct C. E. Program

Next Sunday evening's CE meeting will be in charge of the student nurses from Deaconess hospital. Beth Wilder will be the speaker. Rose Rhinesmith will lead the singing. Marion Pond will play a piano solo.

Speakers for next Wednesday's meeting will be Marlys Nielson, "The Abundant Life," and L. G. Baker, "The Victorious Life."

North Caroline's death rate is the lowest of all states east of the Mississippi (7.9 per thousand).

## Freshmen Nominate Stirm and Turnquist

Don Cameron, freshman, called the first class meeting of the winter quarter to order Tuesday morning. The freshman class nominated Colette Stirm and Ken Turnquist for snow queen and king of the Snow Frolics.

Betty Montano, social chairman announced plans of the forthcoming ice skating party at Wandermere, January 29. Janette DuFresne gave the treasurer's report, and an opportunity was made for the members to pay their dues. Paul Schilperoot, vice-president, discussed suggestions for the improvement of freshman week.

Bernard Nelson and Phyllis Gish were appointed publicity chairmen to work with the public relations office.

Representatives from the I. K.'s and Phi Kappa Delta spoke on their respective organizations.

Jack Wyant gave further information concerning the class project—the W.S.S.F. The campaign for the needed \$800 commences January 24.

The next general meeting of the freshman class was scheduled for February 1. The meeting was adjourned.

## BRIDGE DETAILS PAUL'S SUCCESS

Dr. Walter Bridge, pastor of the First Baptist Church in Spokane, spoke to Whitworthians in chapel Wednesday, January 19. His message, dealing with the success of Paul as an outstanding Christian, followed the opening prayer by Rev. Theron Duerfeldt of Lincoln Heights Baptist Church, Spokane, and a vocal solo, Handel's "Halleluia," by Marjorie Scott Unruh. "Paul's success was based on three important factors," stated Dr. Bridge. "First, he was called by God; second, he had a passion for the souls of men; and third, he was faithful to the trust that had been given to him."

The speaker went on to explain that by these rules the students may build their own story of success. "Paul did not stop halfway in his Christian life, but he lived completely for God."

"Three key words to keep in mind are vision, decision and mission," emphasized Dr. Bridge. "It is necessary to have the vision; the right decision must follow; and then your mission, like Paul's, can be one of success."

Three kinds of agriculture are practiced in Wyoming—stock raising, farming by irrigation and dry farming.

## EX-WAC ISN'T GYPSY READS PALMS FOR FUN

By Barbara Deemy

Although she hardly resembles a gypsy, pert Eunice Buckley has been entertaining Whitworthians by the hour with her palm-reading talents. Eunice enjoys her hobby as much as her friends do. She warns, however, that "I hope people don't take what I tell them seriously, because I only read palms for amusement, not because I believe in it."

According to Eunice, the first questions the fellows always ask are, "How many women are there in my life?" and "How many children will I have when I marry?" The girls, she says, first, last and always breathlessly inquire: "When am I gonna get married?"

A sergeant in the WAC for two and one half years, Eunice did stenographic work for most of that time in the Pentagon Building in Washington, D. C. It was during this period in the service that she picked up the fine art of palmistry from a friend of hers.

"I don't get all of my information from a palm," Eunice confided. "I can tell a person a great deal about himself by observing his expressions, actions and conversation, also."

Eunice told my fortune, too. Of course I didn't believe her when she told me I would travel to a foreign country some day. Well, if you'll excuse me, I'll just dash home—have to get my trunk packed you know!

## PLOT AGAINST DORM FREEDOM

"Comrades, we must not weaken. We must not be misled by subversive propaganda. We must unite against the schemes and snares of the opposite sex."

Open dorm—ha! Just another plot to overthrow the cherished fraternities of bachelorhood and freedom.

Trying to impress us with their bedspreads, clean closets, and waxed floors—ha! Their rooms will never be the same again. I have sisters.

Trying to impress us with their food—ha! Just leftover Christmas candy. (Pass the Tums again.)

Comrades, tradition must be overthrown before it enslaves us all. What is Whitworth—a college or a marriage bureau?

## LOUNGE OPEN TO WOMEN

The AWS lounge is now open to all girls on the campus during the day. It was officially opened at the AWS tea given in honor of the Auxiliary members on Friday, January 14. The Auxiliary has contributed more than \$700 for the furnishing of the room.

Now the next thing to be done is to work on the kitchen which is the room adjoining the lounge. The committee wants to have a sink and cupboards installed. They also want dishes—cups and plates for teas—and eventually spoons.

The room can be used by any group or party the girls want but these functions must be scheduled through Helen Kristoffersen and she must be notified enough in advance to make the necessary arrangements.

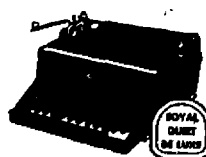

## IN FLEW THE FLU

Flu accounted for at least three people being confined in the infirmary this week. The victims, Naomi Timm, Arnold Foss, and Olive Walburn, are recovering nicely.

Charles Kircher will maneuver for awhile with a cast on the foot he broke in last week's intramural basketball, and Fae Eilers' grades may suffer from her loss of a wisdom tooth.

The senate has one lady member, Margaret Chase Smith of Maine.

## WESTMINSTER vs. WEST WING IN FIRST GIRLS HOOP GAME

The girls' intramural basketball tournament, sponsored by W. A. A., starts the new season next week. The first game, Westminster vs. West Wing, is scheduled for January 25, 7:30-8:30 p. m. February 8 Ballard plays McMillan; Feb. 15, it's married students vs. winner of the first match; March 1 the winners of the last two matches compete. There will be no consolation tournament.

The captains of the teams are as follows: Lois Spearin, West Wing; Miriam Hansen, Westminster; Vi Stueckle, McMillan; Bel-a May, Ballard; Jean Hull, married students. Referee is Amber Oaks; umpire, Norma Bantillo; score keepers, Colleen Pickert and Sylvia Melrose; time keepers, Betty Schneidmiller and Martha Bussear.

New regulations governing the gold cup awarded the champions have been made. According to Carol Gray, W. A. A. sports manager, a cup is to be given for each intramural sport played. McMillan will keep the old one for their activities of last year, and West Wing will receive a new cup for being champions of the intramural volleyball tournament.

All girls are eligible to play and are urged to contact their captains.

## Writers Meet

The first meeting of the Writer's Club was held last Thursday night at the home of Joan Beckwith. Several poems and an essay were submitted by members of the group for criticism, and plans for future activities were discussed. A limited number of new members will be received into the club upon presentation of something they have written, according to Janet Hiser, president.

## FROSH SCHEDULE 49's FIRST SOCIAL

The Class of '52 has scheduled the first social for the new year. The frosh will swing, sway, slip, or skate at Wandermore 7:30 p. m. Saturday, January 20. A large bonfire will help provide heat, and skates may be rented by those not having them. At 10:30 everyone will return to the Commons for singaspiration, entertainment, and food.

According to Betty Montano, social chairman, only freshmen are eligible to attend. Tickets will be 30 cents and go on sale next week. Transportation to Wandermore will be arranged.

In China is one-fifth of the world's population, 440,000,000.

Our nation is almost 170 years old; China is 3600 years old.

# Spring Sports May Grapple With Old Man Winter

## BASEBALL SQUAD TO TRAVEL; EVERGREEN TOURNAMENT HERE

Although the Inland Empire is still gripped by one of the coldest spells to hit this area in several years, spring sports will soon be occupying the athletic scene, and Athletic Director Jerry Stannard along with assistant Aron Rempel is planning an extensive season.

In addition to bringing in outstanding opposition for the horsehide crew, Stannard has scheduled the longest trip ever to be made by a Pirate baseball squad, and the thin clads coached by Rempel will be performing before a strictly partisan crowd as this year's Evergreen Tournament is scheduled for the Whitworth campus.

### Linfield Here

A strong Linfield College baseball team from Oregon will come to Whitworth for games on April 15 and 16 to usher in the new season. The trip of over 400 miles will be the longest ever made by any school to Whitworth. Montana State University comes here for two games on April 22, and on May 5 the Whits travel to Missoula for return games and their longest road trip to date.

Whitworth's first league opponent will be Central Washington College at Ellensburg. The Evergreen Conference Baseball Tournament will be held on the coast.

### Whitworth's First

The track, tennis and golf tournaments will be held here on May 27 and 28 to mark the first time that Whitworth has been the host school at any all-conference event.

Coach Rempel has scheduled five meets in addition to the conference tourney. The first dual meet will be with Central Washington College of Education at Ellensburg.

## Candid Shots

By DON BARLOW

This is the first in a series of articles to be written on the players of the Whitworth basketball team. Out of respect to the players, those with the most experience will be taken first.

Number 13 on the Pirate basketball squad is Wayne "Pops" Connor. The 6-foot 3-inch center has constantly played top ball for the last three years at Whitworth.

Connor has entered in many different sports ever since he was in grade school. He attended North Central High School in Spokane, where he lettered in track, football and basketball. He was on the N. C. basketball squad in 1942, when they took fifth place in the Washington state tournament.

Connor entered the service in 1945, where he continued his basketball career. He played for the A. A. F. team at Buckley Field, Texas, the Washington State Service team at Pullman, Wash., and again for the A. A. F. in Hawaii.

After his discharge from the army Connor entered Whitworth College. He lettered one year in football and two years in basketball. He is working on his third letter this year.

"Pops" Connor was married while in the service and has two daughters, Janet Louise and Michael Ann.

## TOWN TEAM GAINS WIN

### Saturday's games:

9:45 a.m.—Whitworth A vs. Lancaster 2.

10:45 a.m.—Whitworth B vs. Goodsell.

1:30 p.m.—Ball and Chain vs. Nason.

Coming from behind in the final period, the Town Independents rang the victory bell with a hard-fought 37 to 33 triumph over Lancaster No. 2 in the first game of last Saturday's double-header in Graves Gym. The lead changed hands many times during the contest with Lancaster holding a slim 28-27 lead at the third quarter mark. Wally Moore was the big gun for the Independents with nine points, while "Peanuts" Roach and Al Christianson followed closely at his heels with 8 points each. Joe Gilliam took scoring honors for the game with 12 points as he sparked the Lancaster attack.

### "Oldmen" Win

The Whitworth B's threw a scare into the Nason "Oldmen" for the first six minutes of play, but from that point on, the Nasons started hitting their shots and went on to score an easy 48-19 victory in the second game of the double bill. All of the Nasons contributed to the scoring with Dave Holmes, Bob Walton and "Hoppy" Frazier leading the way with 10, 9, and 8 points, respectively. Stan Graham, Al Miller, and Ray Johnson each hit the hoop for 4 points each to spark the losers.

### Olstad Stars

Shooting with deadly accuracy, Don Olstad potted 22 points as he pulled Goodsell Hall from behind and led them to a 40-28 victory over a scrappy Washington quintet last Tuesday afternoon in Graves Gym. The "Washington's" held a nine point lead at the third quarter mark, but saw victory taken from their grasps as "Olstad and Co." started hitting from the field in the final period. Ed Stirm, Washington's ace forward, made a fine showing with his 16 points on 6 baskets and 4 free throws to pace his team.

## WEATHER FORECAST

There will be no major relief this weekend from the cold weather that has gripped the Inland Empire. There will, however, be a slight easing off the first of next week, according to the weather man at Geiger Field.

Light snowfall is expected for tonight and tomorrow, with increased cloudiness Sunday and Monday. Minimum tonight about 0 to 5 degrees, and maximum tomorrow around 10 to 15.

## Athletic Heads Speak

Wednesday evening two members of the Whitworth athletic department were guest speakers at separate meetings.

Athletic Director Jerry Stannard was the guest of honor in Odessa where he addressed the Odessa high school football team at their annual award banquet. Harley Morre, Odessa football coach, was a former Whitworth grid star.

Whitworth's head grid coach, Aron Rempel, addressed the Spokane Physical Education Association on the subject "the place for inter-school athletics in the physical education program."

## Water Babes Mimic Frogs

Ker-splash! Amid flying arms and legs a voice is heard, "One, two, three! No, not like that; like a frog. One, two, three!"

"But a breast stroke looks so easy," exclaims the discouraged co-ed, coming up for the fourth time.

This determined lass is one of approximately fifty students who make up the Whitworth girls' swimming class. These water lovers meet for instruction every Monday evening at North Central high school from seven until nine p. m.

## Whits Open Home Stand; Lose Two Tilts on Coast

Another weekend and Whitworth's basketball team will have at it again against two of the coasts representatives to the Evergreen League. The Whits resume hoop activity tonight and tomorrow night with games against St. Martins and the College of Puget Sound. They will attempt to avenge the double drubbing given them by Western and British Columbia last weekend.

### St. Martins First

Tonight against the Rangers the Pirates will have their best opportunity to get a mark in the win column. At present they trail the Evergreen pack with four setbacks. St. Martins has notched one win as against three losses. In addition, the Rangers will have one of the circuit's hottest shots in Dean Deon, who has tallied 76 points in four conference games for an average of 19 points per game, and most of this against the top clubs.

Whitworth bested St. Martins three times during the 1947-48 season.

### CPS on Top

The College of Puget Sound Loggers will be guests at Graves Gym tomorrow night. The Loggers have been top favorites to add the hoop crown to their football championship in their first year in the conference.

At present CPS shares top honors with three other teams, Pacific Lutheran, Eastern Washington and Central Washington. Each has three victories and one loss.

Tomorrow's meeting will mark the first time that Whitworth and CPS have met on the hoop floor.

### Lose Two on Coast

Coach Jerry Stannard was not at all displeased with the showing the team made on the coast last Friday and Saturday. The Whits dropped two close games, a 62-57 overtime session to Western and a 53-51 decision to British Columbia.

The Western game was a thriller all the way with the score tied nine times and the lead changing hands 11 times. The half time score was 24-all, and at the end of regular play the count was knotted at 53-all. The Vikings edged ahead in the three minutes overtime.

In another close game Saturday, in which half of the Whit squad was down with colds, UBC garnered its first league win by staving off a last-minute Pirate rally.

Team	W	L	PF	PA
Col. of Puget Sound	3	1	234	202
Pacific Lutheran	3	1	195	192
Central	3	1	247	214
Eastern	3	1	226	176
Western	2	2	221	232
St. Martins	1	3	207	239
British Columbia	1	3	212	240
Whitworth	0	4	220	268

## Large Turnout At Skate Party

The C. E. ice-skating party, held last Friday night at Wandermere, was attended by 148 students, according to Larry Weyrick, chairman of the event. Refreshments of doughnuts and hot chocolate were served to about 200 in the commons after the party.

## HOMER CARDLE TOPS GUESSERS

Homer Cardle is currently Whitworth's number one sports predictor as a result of his guesses in the scores of the Pirates' home Evergreen games. Cardle carded top honors in the Whitworthian sports guessing contest in predicting the outcome within eight points of the recent Central Washington-Pirate tilt. He also won the contest held for the Pacific Lutheran-Whit game.

Other winners included Dorothy Moore, Dale Johnson, Bob Donovan, and Elaine Jenkins.

The oldest member of Congress is Robert L. Doughton (Dem., N. C.). He is 85 and has served 19 terms (37 years).

## Class of '52 To Sponsor Wandermere Skate Party

The Freshman class will hold an ice-skating party at Wandermere tonight at 7:30. A special bus will be in front of McMillan Hall to pick up the skaters.

In charge of party arrangements are: Betty Montano, chairman; Sally Evans, publicity; Jean Walker and Mary Jane Harris, refreshments, and Paul Schilperoord, transportation.

### Cumbie to Clown

Bill Cumbie, a new member of the class from Texas, will demonstrate his "First Time on Ice." Bill has been skating for eight years and is a recognized professional.

The charge for skating will be only a quarter. Skates may be rented at the rink. There will be activities in the lodge for those not skating and instructions for those willing to try. The huge bonfire on the shore will add warmth and gaiety to the occasion.

At 10:30 the group will return to the Commons, and the festivities will be continued there. Coke and weiners with all the trimmings will be served. The 10c ticket for food may be purchased in the foyer of the gym until five o'clock today.

### Beamer Leads Songs

The sing-spiration will be led by Dave Beamer with Jim Oliver at the piano. Phil McDonald and his accordion will entertain with some special choruses. The evening will be closed with devotions by Sam Adams.

### Ride Is Free

Free transportation to Wandermere has been arranged. The bus will leave in front of McMillan at 7:30 p. m. Mr. Bachman, freshman class advisor, will assist as chaperone.

Only freshmen are eligible to attend.

## DR. PAUL HOGAN TO SPEAK HERE

"Student Responsibility to the United Nations Today," is the topic to be presented to the Whitworth student body on February 4 by Dr. V. Paul Hogan.

Dr. Hogan spent three years in Europe in the Counter Intelligence corps of the United States army. During this time he collaborated on a handbook on occupied Europe. Since then he has been an observer at the first general conference of the United Nations Educational, Scientific, and Cultural organization (UNESCO) held in Paris in 1946.

In 1947 he was a delegate to the United States national conference in Philadelphia. Having traveled extensively in Europe studying conditions of the people, Dr. Hogan is well qualified to speak on the happenings of the United Nations.

Dr. Hogan is an acting associate in the department of political science at the University of Washington. His research work for his doctoral dissertation was done in Ireland, England, France, and Italy.

Dr. Hogan will also speak in one of Dr. Schlauch's classes the same day.

## ART SECTION IS REVAMPED

There's a refreshing "new look" in the art department in Westminster Hall.

With expansion, efficiency and attractiveness as their guide, Prof. John Koehler and his assistant, Russ Larson, have been busy in their spare time remodeling the two class rooms the department now occupies.

Present plans are for the department to take over the entire ground floor of the east wing of Westminster as soon as class rooms become available for other classes now held in the two south rooms.

"In the not too distant future Whitworth will have one of the best art departments of any school in the country in its class," Prof. Koehler said.

## Second Snow Frolic Attracts Students

King Chuck I and Queen Jeanne I reigned over the snow festivities on Mt. Spokane yesterday. This annual winter event, planned by a central committee of ski club members and the ASWC social chairman, Al Christiansen, attracted 450 students.

Plans of the day included skiing and tobogganing, which afforded thrills and spills. Lunch was served by Alpha Beta. An afternoon program was prepared by the Philadelphians. The Knights, headed by "Tuffy" Hartner made all transportation arrangements.

Those who assisted in general arrangements were Floyd Clemens, Ann Harold, Bill Gwinn, Nancy Lee Hughes, Les Kirken-dorfer, Orin Stratton, and Bob Chamness.

## Whitworthians Help Observe Youth Sunday

In many churches in and around Spokane, Whitworth students will speak this Sunday, January 30.

The Rev. H. E. Penhalurick of the Whitworth Community Presbyterian church revealed plans to carry "Interdenominational Youth Sunday" by presenting Marie Miller, Jack Wyant and Peter Hewitt as speakers. The theme will be "Let God Speak." The topics will be "Let God Speak Through Me" by Marie, "Let God Speak Through the Church," by Jack, and "Let God Speak Through the Scripture," by Peter.

This observation of "Youth Sunday" is a project of Westminster Fellowship in cooperation with the church.

## Alumni in East Rally for Visit With Dr. Warren

On his recent trip east, Dr. Warren met with 25 alumni of Whitworth at a banquet and rally of the Alumni Association of the eastern part of the country. "A large number of Whitworth students," said Dr. Warren, "each year go east to school and are making a real contribution in the field of graduate work."

Dr. Warren went to New York to attend the meeting of the Association of American Colleges and Universities. More than 500 college presidents attended. A great deal of time was spent in the discussion of such problems as Federal aid to education, expansion of the physical plants, and trends in registration. One day of the week was spent in the consideration of problems pertinent to the church-related college. Both President Warren and Father Corkery of Gonzaga took part in the discussions on the problems of education in privately controlled colleges and universities.

Other activities of Dr. Warren were preaching in the Second Presbyterian church of Baltimore of which his brother, Dr. Paul C. Warren, is minister and also in the renowned Old First Presbyterian church of Orange, N. J. The President also visited the campuses of colleges and seminaries, spending a full day at Princeton and Westminster Choir college, and spoke to the students of the Biblical Seminary of New York City.

## IK ARRANGES SPORT EVENT

Official installation of the Whitworth College Lookout Chapter of the Intercollegiate Knights into the national organization will take place February 8 in the Gonzaga University SUB. National officers will be present.

Prospective members met with regular knights Monday night to get acquainted with the purpose and work of the organization as outlined by Duke Jim Carlsen. Seven new members will be chosen to complete the club's quota of 10 sophomores and 10 juniors. Senior members are entitled to either active or non-active status.

An all-men's sporting event on campus is being arranged by Don Wilson, Bill Sauve, and Bob Rhinehart. Al Wylder, former local fighter, is working with the committee to complete the card.

## Steiger Goes On With Show

Exemplifying the phrase "the show must go on," Charles Steiger, town student, remained in the cast of the Spokane Civic Theatre's production of "John Loves Mary." Steiger recently injured his hands in a chem lab explosion.

The play was produced Wednesday evening at the Post Street theatre. Steiger won applause for his quaint Irish brogue in the part of the bellboy, Oscar.

## SPIRITUAL EMPHASIS WEEK IS DEFINED BY DR. WARREN

"The purpose of Spiritual Emphasis week, beginning Feb. 13, is not to cram religion down people's throats, but to hold forth in a dignified way the claims of Christ on human life," our college president, Dr. Frank F. Warren, said during an interview this week.

## ST. OLAF CHOIR SINGS IN SPOKANE

The St. Olaf Choir sings in Spokane this coming week end at the Lewis and Clark high school. The choir, conducted by Olaf C. Christiansen, is world famous. For more than 30 years it has appeared in concerts in the American metropolitan centers, and twice has toured Europe.

At one time Prof. Wilbur Anders was a vocalist, and assistant director of the Choir, having taken his post graduate training there.

Glenn D. Gunn, Washington, D. C. Times Herald editor, states "St. Olaf Lutheran Choir, oldest and most distinguished of this country's specialists in unaccompanied choral art, came to Constitution hall last night to set new standards in their department of the art, even for themselves. That means that the season's greatest choral art has been presented; for there is no group, large or small, amateur or professional, in the East or the Mid-West, that can equal these young choristers from Northfield, Minn. No mixed choir achieves a similar measure of tonal balance and beauty."

Tickets for the 4 p.m. performance only may be obtained from Marilyn Englehart in FA-16. Another concert will be given at 8:15 p.m. in the Lewis and Clark auditorium.

## C. E. HAS TOPICS ON CHRISTIAN LIFE

At next Sunday's CE meeting Dr. Grob will speak on church conditions in Europe. Music will be brought by a trio, Marie Nelson, Tilly Sillman, and Barbara Scribner.

Wednesday evening's speakers were L. G. Baker and Marlys Nelson. Baker spoke on "The Victorious Life," stating that such a life, which pre-supposes a battle, becomes victorious only as a person yields his life to Christ. He said that a victorious life is not a continual state of ecstasy nor a state of perfection, but victory over sin.

Miss Nelson in her sermonette on "The Abundant Life," said that this life comes only by letting God have his way.

Sunday night Beth Wilder spoke on "The Full Life," which, she said, is the life free from pride and fear as it is lived in Christ. The sing-spiration was led by Rose Rhinesmith, a number was sung by the trio, Lois Scott, Barbara Tupper, and Delores Ford, and a piano solo was played by Marion Pond.

Fashion "Musta" — Page 3

One week out of each year has been set aside for spiritual emphasis in both state and denominational colleges and universities all over the country.

However, Dr. Warren said, the benefits of Spiritual Emphasis week are not to be confined to college personnel only. He urges that all off campus people who can, attend the daily services from 10 to 11 a. m. in the gym, and the evening services beginning at 8:15 at Whitworth Community church.

The Rev. Vin C. White, who will direct the week's services following an opening address by the Rev. Mark L. Koehler Sunday, at Community church, has spent most of his theological career working with youth of the church.

He serves as Youth Conference leader in many Synods, is a leader of Faith and Life Seminars, has served as advisor for National Council Westminster Fellowship, and serves on the National Committee for Radio and Television.

Rev. White directs Spiritual Emphasis week on campuses throughout the nation.

## Alpha Beta Plans Party After Game

At 9:30 p.m., February 5 the speech auditorium will be the scene of social activity, sponsored by Alpha Beta of the home economics department. The "after-the-game" party will begin, following the victory of Whitworth over Cheney on the home court. Adult games, entertainment and food will be featured.

Committees planning the event are: invitations, Barbara Knott and Hope Ainley; entertainment, Joan Leavers; and, refreshments, Barbara Gwinn.

Originally, the tradition of Alpha Beta was to have a "Dad's night," but tradition has been dismissed. Instead of Dads, men students will attend the event by invitation only.

## Ice Skaters Have Ups and Downs

Whitworth students have been taking advantage of the recent cold wave to have a turn on the "iced" tennis courts. The skating rink has been in popular demand afternoons and evenings for the past week.

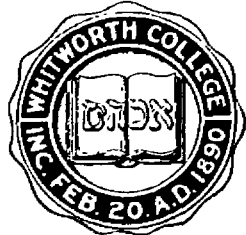

Many skaters have had their "ups and downs" in getting acquainted with the new winter sports addition to the campus. Tin-can hockey, tag and just plain "round and round" skating have featured the icy action.

"He that spared not his own Son, but delivered Him up for us all, how shall He not with Him also freely give us all things."—Romans 8:32.

### UNCOMMON COMMONS!

It strikes us the Commons is in for an uncommonly lot of abuse these days. Especially at lunch time, the digestion of town students must surely be hampered by long waits for booths and service at the crowded counter. The cluttered appearance of the Commons also makes it somewhat undesirable as a lunchroom.

#### Door Is Locked

The students' attention is called to the library with its facilities for study and the other lounges which are probably better adapted to some of our recreational activities. We wonder that the newly opened Women's lounge in McMillan, which might help accommodate some of the Commons crowd, is so seldom unlocked.

#### Consideration Needed

Consideration for others should help us to notice when our activities are a bit too rough for the furniture to withstand. Natural neatness should prompt us to help keep the Commons, the Student Union, and other lounges cleaner and more congenial. With the cooperation of all students we can make much greater use of the recreational and study facilities throughout the campus.

### ELASTIC CALENDAR NEEDED!

The past few months have shown a definite need for revision of the system of scheduling events on campus. The time has come when the social calendar must be made more elastic to permit the scheduling of more than one social event on any given date.

#### Conflicts Possible

Certainly the desire would not be to have clubs and organizations run competition with each other in scheduling events, but the school year contains only a limited number of days appropriate for planned affairs, and with a student body of over 800, it is time to think of planning social events that perhaps will contain minor conflicts.

There are groups of greatly varied interest on campus that could plan their social programs on the same date and hour with little fear that their group activities would interfere with the activities of any other organization. The few persons who are enamored of "club joining," would have to choose between the events, but this would not restrict the others in their planning.

#### Christ Is Center

This is not an advocacy of scheduling programs and socials that would conflict with our Christian Endeavor meetings. With a college such as ours that is Christ centered, it would be a fallacy to schedule events at the same time as our religious activities. However, there are five other nights during the week that could use a doubled up social program.

There are not too many social events on the campus, but they are spread out far too much, giving the social program a shallowness it does not merit.

## Exchanges Tell of Busy Student Life On Other Campuses

Here are some of the happenings at other colleges in the Pacific Northwest which might or might not be successfully applied to Whitworth.

Over at Western Washington College they have plans to install a pipe organ in their new auditorium-music building that is now being constructed. The organ will be a memorial to the 32 students and alumni from Western who lost their lives in World War II. It will be paid for by a grant from the Board of Trustees and by individual contributions.

At Oregon State college a group of chess playing OSC students and faculty have formed a chess club. It is unique in that some of the members meet every night.

A new effort will be made at Montana State University to make their drama productions pay. Fraternal cultural organizations in Missoula will be contacted with the idea of selling these organizations an entire production. Money received from these productions will be used to buy equipment for the college theater.

Eastern Washington College of Education is the latest school to offer fencing as a varsity sport. Most of the schools around Spokane are now offering this sport and tournaments can probably be expected in the future.

At a recent meeting at Oregon State College, Donald P. Sites, assistant professor of music at that institution played and explained records by German romanticists and nationalists. This was one of a series of record concerts at that college which was sponsored by two of the school's student organizations.

## GOSPEL TEAMS MAKE TRIP

A gospel team including Kenny Gamble, leader; Bob Bruce, Bob Roach, Jim Oliver, Tom Jones, and Bob Chamness, went to Kellogg, Idaho last Sunday where they were guests of Mr. Wally Toevs, supply pastor of the Methodist Congregational church.

The group took charge of the day's activities. Bob Bruce, Jim Oliver, and Bob Roach were in charge of the morning church school, at which Tom Jones spoke.

Following dinner with the young people of the church, a fellowship meeting was held, at which Kenny Gamble and Bob Chamness spoke, assisted by Bob Bruce. A large group of high school students attended.

## Snow Royalty Are Crowned

The "Snow Frolic" assembly Wednesday, presented by the Ski Club, featured the crowning of Queen Jeanne Eliseman and King Chuck Bovee, royalty of the snow day on Thursday. Dr. Warren performed the ceremony following the introduction by Ray Gouldin, ski club member.

King Chuck asked that festivities might begin with prayer; which was led by Graley Taylor, chaplain of the club.

The royal court consisted of Colette Stirm and Kenny Turnquist, Floy McKee and Bob Chamness and Colleen Pickert and Sam Adams. Appropriate ski togs for the day were modeled by Barbara Gwinn, Marilyn Nelson, Miriam Hansen, Ruth Toevs, and Mary Lou Anderson.

## STUDENT AID SOUGHT FOR WSSF CAMPAIGN

American government aid going to Europe and Asia under the Economic Cooperation Administration does not aid individual university students abroad, Jack Wyant, World Student Service Fund Committee chairman, said Tuesday in urging student support for the current WSSF campaign.

"The help going to the war-devastated nations overseas is mainly in the form of heavy equipment to restore the economic life of the country, and food to supplement inadequate diets," Jack stated.

#### Students Benefit

"University students benefit in a general way, as all people in the nation benefit, but there is no specific help directed to them, and, since the main emphasis is on economic reconstruction, students actually suffer in comparison with the general population."

"Realizing that the food situation for students in some countries is not so acute as it has been in the past, the World Student Service Fund is concentrating this year on equipment, books, and medical aid to students in the Marshall plan countries," Jack continued.

#### Day to Day Basis

"In the past the WSSF has necessarily been helping students on a day-to-day basis, with very little available to send enough books, complete medical aid, or equipment," the Chairman pointed out. "Now that American loans are helping some nations overseas insure an adequate food supply, we can get away from providing the fundamentals to keep students alive, and concentrate on giving them medical and housing aid, and the materials they must have to study. We shall still send food to the students of nations receiving little aid under the E.C.A., but the immediate pressure to keep students alive in the Western European countries has ended. Now we can help them with their work."

#### Sleep in Stations

Thousands of students in Madras, India, sleep on railroad station platforms and in empty railway cars every night because of the lack of hotel space.

Food shipments from Pennsylvania college students to Rumanian students impressed the Rumanians so much that last year, when Rumania finally had an adequate corn harvest, the students there collected six tons of corn to be sent to any student group which World Student Relief headquarters in Geneva should select.

#### Do Double Duty

Funds sent to aid Chinese university students do double duty, since the Chinese National Student Relief committee gives assistance in the form of work scholarships through which university students work in the summer on village rehabilitation and medical aid projects.

## Letters to the Editor

All letters acknowledged by this column must have signed signatures. Names will be withheld by request. (This is in reference to a letter received early this week.)

Dear Editor:

Being an occupant of a democratic country, I feel that it is my privilege to "gripe"—and my "pet-peeve" is one of importance.

For the past three years, I've attended Whitworth and it is alarming to sense the lack of good morale backing our athletic teams, especially when we are losing.

Our basketball squad has not obtained many victories this season, consequently when we are the "under-dogs," some students strive to obtain a place to impose the reason of our losses.

Many times, I have heard the "moans" and "groans" of students, placing blame upon the coaching, as the reason for remaining unvictorious. Those students, who are ready to render critical remarks of that nature, are the ones who do, not fully realize the tasks and problems involved.

Instead of placing the coach in the limelight as the excuse for our being at the bottom of the Evergreen league, why not back up our team—and the coach—and look forward to the season of next year, with anxiety and hopes high, that Whitworth will be in the "top bracket." Our goal will be obtained only through cooperation of not just the team but of the "boosters" also.

(Name Withheld)

Dear Editor:

I would like to know why late-comers to the 8 o'clock basketball game can't get into the gym until the second half or does this only pertain to those of us taken-for-granted student ticket holders? This is really not a topic for editorial dissertation, but often the situation is relieved when brought to the attention by publication.

Town students often find it hard to get back for the game to get a seat on the student body side. Why then shouldn't they be allowed to sit in the other section if all paid admission ticketholders have gone in? (It may be these same student's influence that fatten the receipts).

(Name Withheld)

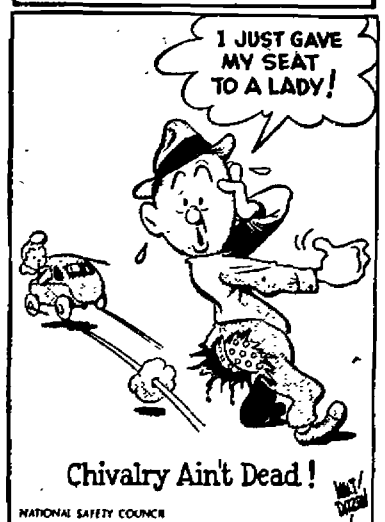

## WEATHER SLOWS ELECTRIC CLOCKS

If you are depending on an electric clock to keep an appointment—don't do it!

Because of the heavy loads being placed on generating facilities of the Pacific Northwest power pool, frequency generation has been slowed to conserve dwindling water supplies. That means your electric clock, which is governed by cycle generation rates, has been slowed correspondingly.

Electric clocks have been five to six minutes slow. Extra loads thrown on the pool early this week because of the cold weather have taxed generators to the extent that "lost time" could not be made up during the early morning hours today by speeding up generators temporarily.

## FENDER BENDERS

## Westminster Takes Close Hoop Battle From West Wingers

The girls' intramural basketball tournament began a new season of keen competition last Tuesday night. As the result of the drawing, Westminster was pitted against West Wing in the opening game of the season.

The two teams were evenly matched. At the half Westminster was leading, 12-10. At the end of the second half, the whistle blew; Clyde Poke, working the electric score board, flashed the results—23-22, Westminster's favor. Cheers were yelled, and players and rooters were wandering toward home when the scorekeepers realized a mistake. One foul shot after the first half had been discredited; the score was 22-22.

After a lengthy delay while waiting for players to return, the game was resumed for a two-minute overtime period. Floy McKee, West Wing's ace, hit the ring, making the official final score—Westminster, 22, and West Wing, 24.

Carol Gray, Westminster, was high scorer for the game with 13. Floy McKee of West Wing ran a close second with 12 points.

West Wing, coached by Lois Spearin, had as its starting lineup Colleen Richardson, Jerrie Kerrick, Phyllis Newton, Mary Nan Kling, Donna Spalding, and Floy McKee. The line-up for Westminster was as follows: Miriam Hansen, captain; Pat Young; Carolyn Oaks; Janie Winters; Carol Gray; and Miriam Murphy.

Referee was Amber Oaks; umpire, Norma Bantillo; scorekeepers, Dora Hori and Shirley Rosenkrantz; time keepers, Betty Schneidmiller and Martha Bussar.

The next tournament game is scheduled for 7 p.m. Thursday, February 11, when rivalry between Ballard and McMillan will be revived. McMillan, coached by Vi Stueckle will attempt to retain their cup. Bella May is the captain of Ballard.

## Winter Dictates Fashion "Musts"

Winter ushers in a new season of fads and fashions. From the top of the head to the tip of the toes, the accent is on warmth: from the bright, wooley ear muffs of Rita Hays to the red and yellow argyle socks of Bobby Davis.

The perfect ski weather has made a "must" for ski suits — both for the fellows and gals. The Snow Frolic was a field day for appropriate styles.

The three new Californians — Ginny, Lois, Olive — must have thought that Spokane was located in the Polar region, as they came well-equipped with fur coats.

Let it never be said that men don't bother with fashion. The ancient and battered slouch hats are back on the heads of several of the more vogue-conscious males around campus.

Many a desire has been expressed for the invention of a nose muff; however, until that day, the box of Kleenex tucked daintily under the left arm is in accepted taste.

## After-Game Party For Westminster

Ice skating and table games will highlight the Westminster Hall party tomorrow night, to be held after the game from 10:00 to 12:00. The skating will be held on the tennis courts and the games in the commons. Entertainment and refreshments will follow according to Janet Hiser, general chairman.

Committee chairmen include Janie Winter, entertainment; Carolyn Oaks, invitations; Elaine Plaster, refreshments; and Miriam Murphy, ice skating. Miss Whitten will be in charge of the games.

Studying late these wintry nights? You should have a heavy cotton flannel night-shirt like this for extra warmth—especially when the radiators go off! Make one yourself or buy it down town—at a reasonable price, too.

## Stewart and Bass Exchange Vows

White gardenias on a fireplace mantle provided the background for the wedding of Barbara Stewart to Clarence Bass, last Saturday afternoon. The ceremony was performed in the little chapel of the First Presbyterian church in Spokane. Dr. Theron Maxson officiated.

The bride is a former Whitworth student and Clarence is enrolled in the college as a junior.

## Women's Dorms Sponsor Teams

Two women's dormitories are sponsoring gospel teams this quarter. Betty Lange, who is in charge of the gospel team program in McMillan Hall, says that their teams are made up from all the girls in the dorm, and anyone who is interested may participate. Usually ten girls go out on a team at a time.

Next Sunday the McMillan team will conduct the service at the Congregational church in Clayton, Wn. Speakers will be Sylvia Brabande and Dorothy Leavens. Music will be provided by Corrine Weber, soloist; Jeannette DuFresne, violinist; and June Wiley, pianist.

The Ballard gospel team functions much the same as does the McMillan group. Their team captain is Ruth Toevs, and she reports that their teams usually include six girls apiece. In two weeks a Ballard team is scheduled to appear in the morning service at the Galina Army Air Base. The regular Ballard trio, which appears at many of their meetings, includes, Norma Bantillo, Beverly Holmes and Ruth

## Piano Recital Is Set for Sunday

Katherine Jacobsen, student from Inglewood, Calif., will present a piano recital in the Fine Arts Building at 4:00 p.m., Feb. 6. Her program of selections from the masters are:

Prelude from Partita, No. 1 . . . . . Bach  
Sonata, Op. 81a, No. 26 . . . . . Beethoven  
Ballade, Op. 10, No. 2 . . . . . Brahms  
Homage to Rameau . . . . . Debussy  
Alma Brasteltra, Chorus No. 5 . . . . . Villa-Lobos  
The Cat and Mouse . . . . . Copland  
Symphonic Variations . . . . . Franck

Last year, under instruction of Prof. Nicola Ovanin, she composed two compositions, "Andante for Orchestra" and a concert prelude for band. The "andante" has been played twice within the past year at social events.

Katherine, a music major, began her study of music while in the U. S. Marine corps. Some time later, she studied music at U.S.C., and at present, she is continuing her work under instruction of Mrs. Anna Jane Carrel, teacher of piano and organ.

Toevs. Plans are also being made to visit nursing homes, old people's homes and sanitariums.

# WHITS IN NON-LEAGUE PLAY; WHITMAN HERE TOMORROW

## N.I.C.E. Wins To Gain Series Tie

The Pirates, idle this week end from Evergreen Conference action, will conclude a two game home and home series with Whitman College tomorrow night in Graves Gym in a non-league scrap. The Missionaries walked off with a 63-60 decision at Whitman in an early season game.

### Height Tells

In the last meeting it was Whitman's superior height that finally brought them victory in a ding dong battle. With the Pirates greatly improved on the boards and playing on their home court, they should come through with a victory.

Handicapped by injuries and sickness through much of the last two weeks, the Whits have been unable to get a winning streak started. Tomorrow night, however, they will be at top strength and ready to avenge the defeat they suffered at Walla Walla.

### Split NICE Series

Tuesday night the Pirates concluded a four game series with North Idaho College of Education losing 63-53 at Lewiston. The series which began in early December, was split with each team copping a pair of victories on their home court. Whitworth won by scores of 87-56 and 64-59. NICE took the opener 67-66.

The Whits couldn't buy a basket at Lewiston with three of the starters Clyde Matters, Bill Roffler, and Gordon Brandt splitting six points between them. Don Cameron and Earl Mortlock were the big guns dividing 30 points.

## ELAINE JENKINS IS 2-TIME WINNER

Elaine Jenkins took top honors in last week's Whitworthian sports guessing contest to join Homer Cardle in the Pirates' double-winners' circle. Elaine picked College of Puget Sound to beat Whitworth 69-57, missing the exact score of 67-58 by three points.

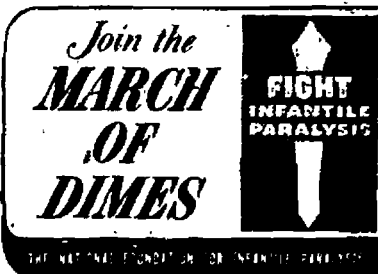

It was the second win for Elaine in two weeks.

Women students continued to dominate the prediction awards as Janet Hiser won Friday night's contest in guessing Whitworth to bounce St. Martins 74-58. Janet hit the Pirate score on the nose but was off five markers on the Ranger tally.

Second place winners of hamburgers and shakes were awarded to Dwight Johnson, who predicted a 64-56 CPS victory, and Jim Slatery, who forecast the Pirates to outscore St. Martins 73-69.

Another contest is set for tomorrow's Whitworth-Whitman game when two more "burger and shake" awards will be given to the students submitting the best scoring predictions.

Lord, may I not be so disturbed that others may misunderstand me as that I may not be able to understand them.

## hurry! hurry!

Wednesday will be the deadline for entry into the Whitworthian ping pong tournament. At present only seven entries have been received, too few for a successful program.

If you wish to enter the tournament, fill out the card with your class schedule, sign it, and turn it in to the student body office or Whitworthian office.

## Candid Shots

By Don Barlow

This is the second article in a series to be written on the players of the Whitworth basketball squad.

One of the most potential basketball players on the Pirate squad is Gordon Brandt. This is Gordy's third and progressively the best year of his hoop career.

Before entering Whitworth, Brandt had never played on a basketball squad. He went to Lewis and Clark high school in Spokane, but was too short, believe it or not, to cut the squad.

On the Pirate squad this 6 foot 2 inch guard has received much notoriety for his masterful backboard control. He has the best free throw average of any of the regular players, scoring 38 points out of 51 attempts for an average of .749. This, together with his 40 field goals for 80 points gives him a total of 118 points for the season.

## NASON HALL TOWN CLUBS LEAD LEAGUE

### INTRAMURAL STANDINGS

	W.	L.
Nason Hall	3	0
Town Trotters	2	0
Town Independents	2	0
Whitworth A	2	1
Goodsell Hall	2	1
Ball and Chain	1	1
Lancaster No. 2	0	2
Lancaster "Dixie-crats"	0	2
Washington	0	2
Whitworth B	0	3

The Town Trotters will lay their undefeated record on the line in the first game of tomorrow's triple-bill when they meet a strong Lancaster 2 quintet at 8:45 a. m. in Graves Gym. The ancsters present a rugged, hard-fighting ball club with Joe William and Bob Canfield their "big guns." Sam Bass, Bob Cruzen, Dick Walker, and Bill Vancamp give the Trotters one of the best balanced teams in the league.

### Winless Teams Meet

Washington Hall will be out after its first win in the second game when they trade baskets with the "Dixie-crats" from Lancaster, also winless. The Dixie-crats will have to cope with Ed Stirm, Washington's sharp shooting forward, as both squads battle to gain its initial mark in the win column.

Goodsell will pit its high-scoring aggregation, led by Don Olstad and Jim Oliver, against Ball and Chain in the finale of tomorrow's action. The Goodsells will be gumming for their third win as against one loss, and the married men will have their hands full in trying to keep Don Olstad, the league's leading scorer, in check.

In last week's games the Town Trotters downed the Dixie-crats, Whitworth A took the measure of Lancaster 2, Goodsell defeated the Whitworth Hall B's, and Na-

## PIRATES WIN AND LOSE ON WEEKEND

With Clyde Matters ringing the hoop for 20 points Whitworth rolled over St. Martins 74-68 in a free-scoring game in the Pirate court last Friday. The win was the Whits first triumph in Evergreen play.

Nason rang up its third straight victory in edging Ball and Chain.

### Towners Win

Tuesday afternoon the Town Independents had to overcome an eleven point half time deficit before sneaking through with a 0-23 decision over Whitworth A. Wally Moore, sparked the closing town club drive that snatched victory from the previously undefeated Whits.

The final outcome of the tilt was in doubt until Dave Holmes, liner, rendered a controversial decision nullifying a last second basket by Larry Wyrick that would have sent the contest into an overtime. Wyrick made his tip in just as the final buzzer was sounding.

### OLSTAD TOPS SCORERS

Player	G.	Pts.
Olstad, Gds.	3	60
Turnquist, Wh. A	3	31
Bass, T. Trts.	2	28
Cruzen, T. Trts.	2	28
Fraser, Nsn.	3	27
Scottford, Nsn.	3	25
Stern, Wash.	2	24
Oliver, Gds.	3	23
Gum, Dixie	2	23

After the first round of league action in the intramural tournament, Don Olstad leads the scorers with 60 points in three games for an average of 20 points per tilt.

## Ski Club Sets Tournament Dates

Whitworth skiers may be interested in the announcement this week that the first intermountain ski council tournament for Class C men and class B women will be conducted by the Selkirk Skiclub on their slopes Sunday.

The announcement was made Tuesday by Ken Henderson, tournament chairman.

Two runs in both slalom and downhill are slated for the afternoon, with slalom races scheduled to start at 10:30 a. m. and the downhill event at 1:30 p. m.

The women will start first in both events, with the men's race following immediately on the same course, Henderson said.

Entries will be accepted until 6 p. m., and drawing for places will be conducted at 8 p. m. at Simchuk's.

Saturday night College of Puget Sound spoiled the Pirates' home stand by dumping the Bucs 53-33 in a fast and rough conference clash. The Whits potted better than 40 per cent of their shots counting 22 field goals in 51 attempts but the visitors got the payoff in connecting for 24 baskets in 71 tries.

Matters led the scoring for the Whits in the two day series byacking up 35 counters. Don Cameron tallied 25 points, followed by Gordy Brandt with 18 and Bill Roffler with 15.

## Bucs 2nd in Nation In Free Throw Pts.

Whitworth's hoop squad was one of the four northwest college teams mentioned in the figures on team and individual statistics for small colleges in America recently released by the National Collegiate Athletic Bureau. The other squads were Pacific Lutheran and College of Puget Sound from the Evergreen Conference and Gonzaga University from Spokane.

Through games of January 22, the Whits ranked eleventh in team foul shot percentages with a mark of .649. Pirate hoopsters attempted 367 gift tosses and connected 238 times for the second highest number of foul shots scored among the small schools. Puget Sound is second in the percentage column with a mark of .695. However, they have made only 258 attempts.

CPS also had two players listed in the individual free throw percentages. Bob Stivers ranked eleventh with a percentage of .808. His team mate, Dick Sater, was 18th with .793.

Pacific Lutheran and Gonzaga rank second and eleventh in team defense limiting their opponents to 39.9 and 44.4 points per game respectively.

The Zags also rate ninth in the fewest number of personal fouls committed with an average of 14.1 per game.

## Who Says Basketball Isn't Rough?

Fans who like the rough stuff in basketball had their chance to see plenty of it in the recently concluded Whitworth-North Idaho College of Education four game set-to.

During the series, a total of 184 personal fouls were committed for an average of 46 per tilt or enough to send nine players to the showers. The Loggers were the number one bad boys, being called 93 times, only twice more than the Whits were flagged.

At the December 4 game in Graves gym 68 fouls were called (many were not), with each squad being caught 33 times. Five men left the battle via the foul route.

Tuesday's tilt at Lewiston was a mild one comparatively, with only 36 personals being charged. Whitworth took the lead, 19-17.

VOL. 39

SPOKANE, WASHINGTON, FEBRUARY 4, 1949

No. 14

## SPIRITUAL EMPHASIS STARTS FEBRUARY 13

That real benefits are in store for those who participate in Spiritual Emphasis week beginning February 13, appears evident from remarks of Whitworthians interviewed this week who have had the experience before.

Statements of those questioned follow:

Ben Fairchild—"Spiritual Emphasis week proved to be a spiritual help to my own life last year. The speaker presented a practical Christ to a practical people. I'm sure we have a great time in store for us again this year."

Barbara Wilson—"It's hard to fashion words to tell of the reality of the deep experience Spiritual Emphasis week has brought to me each year. God has worked marvelously through the speakers to bring truths that struck home to me, truths that went right down the line of my daily living."

Dr. G. H. Schlauch—"Since my coming to Whitworth in 1942 I have had the opportunity of joining each year in the observance of Spiritual Emphasis week. I'm glad to say that each time I have been inspired and challenged. The special speaker brought in each time has been one carefully chosen, one who had a series of messages that applied exceptionally well to the needs of young people in a college situation. I am looking forward with great expectations to Spiritual Emphasis week this year."

C. M. Schindler—"Having come from a state school which laid no emphasis upon the spiritual or esthetic quality of student life, it was a particular joy to participate in Spiritual, or Christian, Emphasis week last year. Especially innervating was the high intellectual approach and challenge made by the speaker to this serious, urgent business of living for the Lord. Thus, with keen anticipation for the work of the spirit, Spiritual Emphasis week looms even greater and more profitable to me this year."

## PROPOSAL TO CHANGE TO SEMESTER SYSTEM IS BEING CONSIDERED

A faculty-administration committee is now considering a proposal to change the academic set-up at Whitworth College from a quarter to a semester plan, according to Dean Merton D. Munn, committee moderator.

A decision to remain on the quarter system or to change to the semester division will be made after an extensive and careful appraisal of the values of both.

The committee seeks the opinions of students who have thought through the problem. Committee members who may be contacted by interested students include Dean Munn, Dr. Thomas W. Bibb, Dr. H. E. Alder, Dr. Theron B. Maxson, Miss Estella E. Baldwin, Mr. John L. Oakes, and Prof. A. O. Gray.

## BRAVE STUDENTS FAIL IN RESCUE

Whitworth students turned rescuers last Sunday night when a car plunged through the ice at Liberty lake. Students Kenneth and Leroy Schermer, Marvin Smith and Don Halverson, were attending the Walther League Lutheran Young Peoples Group of the Inland Empire which was just a short distance from the accident.

One of the boys had planned to dive into the icy water to bring the remaining man from the car until it was learned that the car had a cloth top. They poked a hole through the top of the car with an oar and brought the body of Mr. Lyle Smith to the surface. Artificial respiration however, failed to revive the man.

## Brady Tells About Fund

At chapel last Friday, Barbara Brady told how the World Student Service Fund began as a student Christian movement and spread among all students, even to South America, as an annual W. S. S. F. Drive.

Having just returned from Europe, Miss Brady told of the student's classrooms, unheated for nine or 10 years, their cold living quarters, with mattresses on the floor, each student having one blanket. They study on a daily starvation diet of 1200 calories. Then Miss Brady pointed out the shocking contrast to our warm classrooms, comfortable living quarters, and plenty of nutrition to hold us through daily mental and physical activities.

In their libraries, Miss Brady said that many valuable works were destroyed in the war and they have had no new books since 1939.

## RADIO SHOW STARTS SOON

Plans are rapidly being processed to present a radio program conducted by Whitworth students. It is anticipated that the presentation will occur the latter part of this month.

"The radio serial is a story of an average high-school boy, similar to the 'Henry Aldrich' type, said Ben Fairchild, 'and emphasis is wittingly slanted toward a Christian life.'

"As yet, the name of the program has not been selected, but through such a program, we will strive to approach the high-school age of listeners.

"Try-outs have already been made for various parts. Voice testing by wire recording will aid in selecting those participants interested in radio drama," he said.

The radio committee consists of Bill Sauve, script; Mel Taylor, drama coach; Ben Fairchild, Jim Hardie, and Chuck Bovee, planning and arrangements.

## NEED MORE GRADS IN SPECIAL FIELDS

The next few years will see an increased demand for college graduates in the fields of medicine, psychology, kindergarten and elementary school teaching and certain phases of electricity. At the same time, competition will grow keener for positions in the fields of engineering, chemistry, pharmacy, law and personnel relations.

## Ski Club Gets Tourney Invite

The Whitworth College Ski Club announced today that it had received an invitation to send its ski team to the two-way ski tournament sponsored by the Montana State University at Whitefish, Montana February 12. Only schools from Washington, Oregon, and Idaho will be represented in the one day event.

Both slalom and down hill runs will be made, and each school represented can enter as many as four men to each event. The course is the same one over which the national championships will be run two weeks later.

Bob Chamness, club president, said that the club is uncertain as to whether they will send representatives due to the lack of finances. Those entering the tournament must pay their own expenses.

## REV. DORPAT IS CHAPEL SPEAKER

Alpha Kappa Chi will sponsor a special chapel Monday February 7 featuring the Rev. Theodore E. Dorpat, St. John's Lutheran church, Spokane, as speaker.

Father of campus student Norman Dorpat, the Rev. Mr. Dorpat spends the major portion of his summers working in youth camps in Washington, Oregon and Canada.

Norman said his father's subject will be "The Four E's of Successful Christian Living—Enthusiasm, Education, Efficiency and Eternity."

## Christian Activities Council Completes Program Plans

The Christian Activities Council with Myddleton Schindler as chairman, has completed plans for Spiritual Emphasis Week, February 14 to 18. The Rev. C. Vin White, D. D., pastor of First Presbyterian church in Lincoln, Nebraska, has been named speaker. He will arrive by plane Monday morning.

DR. C. VIN WHITE

### KOEHLER TO OPEN

Dr. Mark Koehler, head of Whitworth's Bible department, will address the opening service Sunday evening, February 13 in Tiffany Memorial Chapel. Helmut Bekowies, assistant to the president, will be in charge of singing.

According to committee announcement, services will be held each morning Monday through Friday in Graves hall at 10:00 a. m. and in the Tiffany Chapel each evening at 7:00.

### WHITE IS YOUTH LEADER

Dr. White has studied at Cœ College, Cedar Rapids, Iowa, Biblical Seminary in New York City, and Princeton Theological Seminary in New Jersey. He has held pastorates in New York and Iowa. In 1938 he became Dean of Dubuque Theological Seminary in Dubuque, Iowa, and remained there for seven years.

He has been outstanding in young people's work, serving as youth conference leader in many states, acting as adviser for National Council of Westminster Fellowships, leading faith and life seminars, and directing Spiritual Emphasis Weeks on college campuses throughout the entire country. He is also on the National Committee for Radio and Television for the Presbyterian Church.

Hastings College conferred the Doctor of Divinity degree upon Rev. White in 1945. He was last a campus speaker in June of 1947 when he spoke at the Presbyterian Minister's Institute of Theology.

Committee chairmen working on Spiritual Emphasis Week plans are: Bud Fraser and Dick Patterson, prayer; Esther Gray and Colleen Pickert, welcoming; Leigh Taylor, program; Norman McDonald and Bob Farley, publicity.

## COMMUNICATIONS IS SUBJECT OF 'TALK TO RESERVE

"Latest Developments in Signal Communications" will be the subject of the organized reserve corps' augmentation meeting planned for February 11 at the Fort George Wright gymnasium, Lt. Col. Alfred H. Hopkins, reserve activities instructor announced.

Because of the classified nature of much of the material presented, only members of the reserve corps, national guard, reserve officers' training corps, army and naval reserve units and regular services may attend.

The meeting will be the third such augmented session conducted here by special ORC teams from Sixth army headquarters at San Francisco.

## K. Jacobsen's Piano Recital

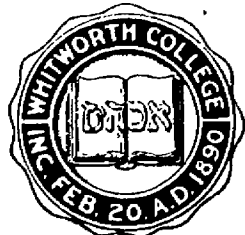

Katherine Jacobsen will be presented in her senior recital, Sunday, February 6th, at 4:00 p. m. in the Fine Arts building. An outstanding feature of her program will be the two-piano "Symphonic Variations," by Franck, with Edith Hickey, who will accompany her throughout the program.

## A COMBINED EFFORT

Another relief campaign is in session on this campus—the annual World Student Service Fund Drive.

"Another relief campaign?" Not quite. This one is different. This one is ours.

Students like ourselves—in need today in the world. "Need" means just that—need of food, of books, of clothes, of medicine. There is one relief organization in this country which concentrates on helping those students—and only one. That is the world Student Service Fund. There is one group in which the WSSF campaigns—and only one: the students and faculty members of American colleges and universities.

This is a unique appeal. There are other appeals for needs just as severe—but there are other audiences to meet those needs. This appeal is our responsibility alone. If we fail it fails.

What would that failure mean? It would mean less doctors, lawyers, engineers for countries which would not have enough trained workers for years. It would mean prejudice and ignorance in high places—because there wouldn't be enough educated men and women to go around.

Everything we give to the WSSF should be regarded as insurance, not charity. The drive has started; the goal for Whitworth is \$815.00.

We urge everyone of you to help!

## HEY, OPEN UP!

Open up that left window!

Sure it's cold. The automobile is lots cozier with all the windows closed. Skipping hand signals is a natural temptation in this weather. Wanting to keep warm and comfortable in the car heater's warmth is only human.

Warm weather or cold—it's equally easy to get hit by another driver who doesn't know you are going to turn or stop.

Many a motorist has lost his life because fumes made him drowsy.

Open that driver's seat window.

Sure, winter days are cold. So is a slab in the morgue.

## Letters to the Editor

More than to answer the letter in last week's paper criticizing the handling of basketball games, this letter comes to clarify our stand on seating arrangements at basketball games, with the hope that the information will bring increased cooperation at the remaining games this year.

With the opening of the current basketball season, the policy of seating Whitworth students on just one side of the gym was adopted so that visitors who pay 65c or \$1.00 for the opportunity of seeing the Pirates play might have decent seats available for the game. Such a policy is necessary, for only an increased amount of such spectators will ever put our athletics on a self-sustaining basis, and it is certain that such an increase will not be realized if we continue to relegate them to whatever seats are left over when they arrive. This is the basis for the new policy. We do also allow faculty and staff members and their families to sit on the side opposite the student section, as well as students accompanying parents or other adult ticket-purchasing customers. This is to relieve the evident congestion on the student side, and not with the idea of showing favoritism to any particular people. When the student section has been completely filled, we have opened the stage for seating, or allowed students to cross over and sit in the end section of bleachers nearest the stage. After spectators have been seated for the second half, there has been no restriction as to seating.

There seems to be a faulty assumption on the part of the offended ones that if they come in late they should be allowed to take the choice seats left on the ticket-holders' side. Would the same person feel it his right to take a box seat at the ball park, if on coming late to the game he found only seats left in the outer extremities of the grandstands—just because the boxes were vacant? Of course not. Such a situation would not be fair to the ones who arrived at 7:45 and had to fill in the ends of

## SPEECH TEAM IS TO COMPETE IN LINFIELD MEET

The annual Linfield speech tournament will be held February 24-26 at the Oregon college. Thirty colleges will be represented at this meet which includes debate, oratory, extemporaneous, impromptu, and interpretive speaking.

Four awards were won by Whitworth at last year's tournament when nine of its students participated. Those receiving awards were: Lois McConnell, first place cup winner in interpretation; second place winners Phil Strawn, one man debate; and Betty Lange, acting; third place winner was Mel Taylor in women's oratory. This year's team has not yet been selected; however Prof. Loyd Waltz will accompany the group.

the student bleachers.

To come specifically to the complaints in last week's letter, at no time has an attendant barred anyone from entrance to the gym, unless it be to keep a student from entering the ticket-holders' door, which is justified under the policy set forth above. Tickets are sold throughout the first half, so it is false to assume that all ticket-holders are in before that time. As for the person's influence in "fattening" the receipts, the quoted word is in no measure applicable to current receipts from basketball games, so the threat is quite impotent. Until all available student seats are taken, (this has not yet happened this year.), it seems that there is little legitimate cause for complaint.

Incidentally — since it hasn't been mentioned before — booing of referees has long been considered the height of unsportsmanlike conduct. This week-end why not go back to our Christian stand as real sportsmen, and make our team as proud of us as we are of them.

Signed,  
HELMUTH BEKOWIES.

## NEW BOOKS

A number of new books are being catalogued in the Whitworth library. Five books on the field of radio have come in, according to Mrs. French, librarian. Radio is a subject which is just now coming to the forefront in the Whitworth curriculum. The books are:

"Radio Listening in America" by Lazarsfeld and Kendall.

"Religious Radio" by Parker, Inman and Snyder.

"Radio Production" by Crew.

"The Technique of Radio Writing" by Weaver.

"Radio Announcing" by Gilmore.

Of interest to student workers in local churches might be the two new books of religious plays. "One-Act Plays of Spiritual Power," by Eastman and "Play-making with Children," by Ward.

## ENGINEERS LEAD FLOUR MILL TRIP

A trip to the Sperry Flour mills on East Sprague Ave. in Spokane will be sponsored today by the Engineers club, according to Paul Vinther, president of that organization.

The Engineers plan to leave Whitworth today at 2 p.m. and expect that the tour of the mill will take about two hours. Transportation to the mill will be by private autos and all interested were invited to go along, Vinther said.

## C. E. Features Male Quartet

The CE song service was led by Bill Lew Wednesday evening. Two numbers, "I Want My Life to Tell for Jesus" and "Standing in the Need of Prayer," were sung by the quartet, consisting of Gordon Petrequin, Chuck Ainley, Don Cornish, and Bud Kellmer.

Ron Snelling spoke on "The Listening Christian." He stated that God has a plan for the world and that consistent with this plan is His purpose for each life. Ron said that it is by being a "Listening Christian" that we discern this purpose. Said he, "God holds those responsible who are willfully ignorant."

"We must let God speak," Ron continued. "We gain spiritual height by kneeling down first. We must let God speak by being a steady listener."

"Let God speak through prayer and Bible study. Take time to be alone with God in prayer. As we read the Bible, we must interpret it in terms of life. 'Whatsoever He saith unto you, do it.'"

Dick Carr spoke on "The Responsive Christian." He said that before we can respond to God we must be sure of our salvation. "Where doubt and anxiety end, faith begins."

He said that in our response to God we must have "knowledge tempered with love." He said that God's love should at the same time constrain us to speak for Him, but not to speak at all when God wants to speak to us.

## 70 Frosh and Guests Attend Skating Party

More than 70 students attended the freshman class skating party held at Wandermere last Friday night. A scheduled class event, the group was limited to freshman students and their guests.

Betty Montano, social chairman, was in charge of the party.

The skating group returned to the Commons at 10 o'clock for refreshments and a singspiration.

Jean Walker and Mary Jane Harris headed the refreshment committee while Dave Beamer and Jim Offver teamed up as song leaders.

## Andersons Give Waffle Supper

A waffle supper was given by Mary Lou and Donna Jean Anderson at their home in the valley last week. Attending the party were Beverly McMorran, Gordon Petrequin, Al Good, and Don Cornish.

There was a minimum serving of three fried eggs, several waffles, a fresh strawberry sundae and chocolate cake. Following the supper the group played recordings on the tape recorder.

## Nightwear Looks Like Nightmare

The after-10 dorm life calls for its own fashion peculiarities. A furtive stroll through the halls after hours revealed many an intriguing sight.

Our first stop and blink was caused by Helen Kristoffersen's trainman red nightie. Evelyn Garner looked as if she'd just stepped out of Seventeen in her quaint knickerbocker pajamas. Thelma Schoesler's wearing her ice-cream pinks is good advertisement for the makers of Tommie Coats. A good example of the charming usuals are the candy-cane striped p.j.'s of Nine Sykes.

Remnants from Grandmother's day are still voguish; although there is a great similarity between those nightgowns and tents. Evident, also, are the clothes-snatchers who swipe their brothers' p.m. attire.

We mustn't forget the problem of the cold feet. Patty Love has found an excellent solution with her white bunny-fur slippers. Bed socks, harmonizing with the main apparel, solves it with gaiety as well as warmth.

The general opinion is "the warmer, the better." However, there are some, like Jerrie Kerrick, who persist on wearing mid-riffs. We're still looking for the black-shadow negligee.

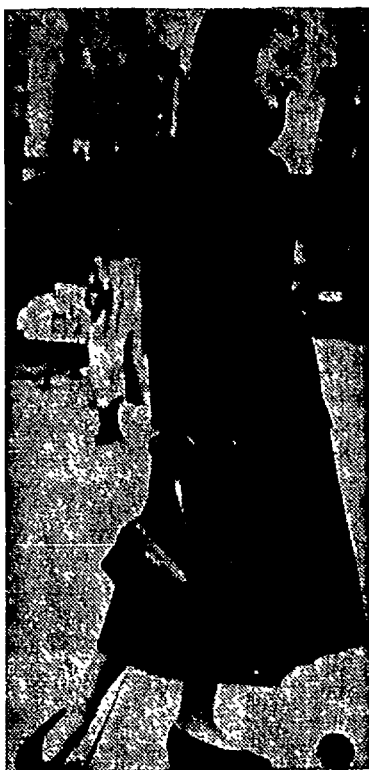

Because of the rule governing the visitation of women in the men's dorms, we were not able to acquire an "I was there" report of the fellows' evening wear. It has been implied, however, that howling wolves, Picasso's nightmares, and Petty designs are prevalent among the esquire. Also, the closely knit of the trapped-door variety are proving their warm affections on these heatless nights.

To literally top it all off is Arnie True's old-fashioned cap.

You can splash around the campus all you like when the snow begins to melt, if you're wearing a serviceable corduroy or cotton twill raincoat. This one has a detachable hood and would be especially fetching in bright red to cheer dismal rainy days.

## Local Clip Joint Closed to Males

Unique talent has been uncovered on the Whitworth campus. The satisfied customers of the new West Wing Barber Shoppee readily testify to its utility and efficiency.

Ginger Newhouse, one of the hair stylists, acquired her skill while living in Africa. There she was faced with two choices—long hair, or cut her own.

Colleen Richardson, a new addition to the student body this quarter, used to cut her hair when she was a little girl. From that beginning she broadened her experiences to include her brothers and sisters and friendly neighbors. She's still practicing.

Questioned as to their willingness to keep the fellows in trim, the girls knowingly replied, "a mistake on them is too obvious."

## Monday's Chapel

Monday's chapel was used as a means to discuss matters of importance to students and faculty members.

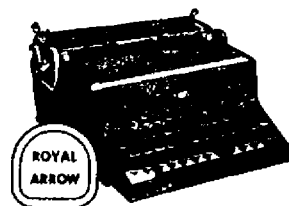

Prof. Carlson lead the devotional reading and morning prayer. Dr. Maxson, who attended a meeting recently in Chicago, told the group some statistics on the rapid growth being felt in colleges in the United States.

Dr. Warren presented the problems of attendance in chapel, conduct in the new library, basketball games and information about the plans for the new administration-auditorium building. Dr. Schlauch spoke on the value of chapel.

## Knit-Wits Go Clickety Click

Click! Click! That noise! I can't stand it! It's driving me sane! On into the night it echoes down the empty corridor. Sometimes I think it has stopped, but when I listen closely I can still hear it. Then I hear the same sound coming from another room—and another—I'm surrounded—trapped! Everybody in Westminster hall has taken up knitting, and I'll never get any sleep until the last pair of argyles is finished!

## GRADS OF 1948 ARE HERE, THERE EVERYWHERE

Whitworth college graduated 98 students last June. These same students are now scattered throughout the U. S., some of them working and others going on to school. Here are a few of the activities of our graduates, and the Whitworthian will publish news about them from time to time.

Nearine Marcus Baugh is a secretary at Westminster Choir school in New Jersey. Fred Peterson is employed as sports writer on the Spokesman-Review. Ashley Holden is writing advertisements for KREM. Marjorie Haas and Shirley Davies are directors of religious activities in Sacramento, Calif., and Duluth, Minn., respectively.

Glen Gliden is working for the Salvation Army and Ruth Jaqua is supervisor of the Oklahoma hospital in Ponca City while she is preparing to go into the missionary field.

David Barnes and Roy Dimond are taking graduate work at Princeton. Theodore Dorpat and Lewis Beck are attending medical school at the University of Washington. Miriam Petrequin is taking graduate work in the College of Pacific in Stockton, Calif.

# Whitworth and Eastern in Double Evergreen Clash

## SLATE HOME AND HOME SERIES, CHENEY FIRST, HERE SATURDAY

By WALT DAWSON

Closing with a lengthy scrimmage session in the Eastern Washington field house last night, Whitworth college's cagers completed a week of extensive practice drills in preparation for tonight's go against the Savages. The Whits, who cashed in on two non-league victories over the week-end, meet the Cheney five on the latter's court this evening in an Evergreen engagement, and then swing back home tomorrow night to entertain the E. W. C. E. hoopers in another conference set-to in Graves' gym.

### Whits Cop '47-'48 Series

Eastern's high flying quintet, current pace-setters in the Evergreen loop, will be out to avenge a pair of defeats handed them by the Whits last year. The Pirate crew cost the Savages the Winco league tilt during the 1947-48 campaign when they upset the Cheney flag hopes twice, 58-52 and 52-48 to account for half of Eastern's league defeats. The Savages racked up a win in the third contest with the Bucs, rolling up a 63-43 count.

Tonight's tilt will mark the first meeting between the two clubs this season with both teams completing their first round of Evergreen play.

### Eastern Tops Defensively

As is the rule when traditional rivals meet, past records are of

### EVERGREEN CONFERENCE

	W	L	Pf.	Pa.
P. L. C.	6	1	323	295
Eastern	5	1	355	267
Central	5	2	376	318
C. P. S.	4	2	344	307
Western	3	5	422	456
U. B. C.	2	6	400	464
Whitworth	1	5	352	388
St. Mart	1	5	318	395

(Does not include last night's Central-P. L. C. game).

### TONIGHT'S GAMES

Whitworth at Eastern.  
P. L. C. at Central.  
St. Martins at C. P. S.

little significance. This is expected to be the case in this series. But a look at the score-sheet indicates that the Savages, possessing one of the best offensive records in the league, are way out in front in the defensive department. Eastern has averaged 59 points a contest while holding their opponents to 44.5 tallies per tilt.

Whitworth, although high in the offensive bracket, is the most scored upon teams in the loop. The Pirates, too, have averaged 59 points a tussle, but have allowed the opposition to count 65 counters an outing.

"We'll be up against the league's top defensive club," said Pirate coach Jerry Stannard, "and the fellows will have to play their best game of the year to upset Eastern. This series will be a test to see whether or not our speed can offset Cheney's height and weight."

Stannard hasn't disclosed his opening lineup, waiting until near game time to name his starters.

During the Whitman and Nazarene games Stannard employed the platoon system of substitution, starting both games with veterans Gordy Brandt and Clyde Matters at forwards and Wayne Conner at center with a freshman duo of Don Cameron and Ed Kretz at guards. Stannard used his two pee-wee speedsters, Earl Mortlock and Bill Roffler, to pace a second five, which included forwards Sam Adams and Jack Mahaffey and center Al Good.

## TOWN TEAM TAKES LEAD

By DAVE BEAMER

Team	W	L
Town Trotters	4	0
Nason Hall	3	0
Whitworth A	2	1
Town Independents	2	1
Ball and Chain	2	1
Lancaster Dixiecrats	2	2
Goodsell	2	2
Washington Hall	1	3
Lancaster II	0	4
Whitworth B	0	4

### TOMORROW'S GAMES

9:45—Whitworth B vs. Lancaster II.  
10:45—Nason vs. Goodsell.  
1:30—Town Indep. vs. Washington Hall.  
The "Red-Hot" Town Trotters rang the victory bell for the third straight time last Saturday morning in Graves Gym by dumping Lancaster II, 44-21. "Swishing" Sam Bass led the Trotters with 15 points. Joe Gilliam was high for Lancaster with 9.

The Lancaster Dixiecrats needed to come from behind in the last quarter to hand Washington Hall a 46-36 defeat in the second game of Saturday's action.

Ball and Chain closed out last Saturday's play with a 59-30 win over Goodsell Hall. The married men held Don Olstad, Goodsell's ace, to 10 points, while their own Stewart hit for 23 points.

### Dixiecrats Rally

With Kenny Gamble pouring in 12 points, the Whitworth "B's" almost surprised the Lancaster Dixiecrats last Monday in Graves Gym, but finally gave way to the fighting Dixiecrats in the last quarter and lost 44-31. Wackerbarth was high for Lancaster with 18 points.

Sam Bass racked up 17 points as he paced his undefeated Town Trotters to a hard-fought 50-41 triumph over their city rivals, the Town Independents, in the second game of Monday's intramural action in Graves gym. Summerson was the "big gun" for the losers with 12 points. The Independents were previously unbeaten. The victory left the Trotters on top of the league with 4 straight wins.

### Tuesday Action

Washington Hall finally hit the win column as they downed Lancaster II, 41-38, Tuesday afternoon in Graves Gym. The "Washingtonians" worked well together with Slattery and Reiff providing the offensive spark with 13 and 12 points respectively. Bucholtz paced Lancaster with 12 points.

Both Whitworth "B" and Lancaster II will be out after their initial win in the first game of Saturday's triple-bill in Graves gym. The second game of Saturday's action will be the "game of the day," when Goodsell Hall will attempt to hand the undefeated Nason's their first league loss. Nason Hall has a well-balanced ball team with plenty of "hustle," while the Goodells have a good "one-two punch" in Oliver and Olstad.

### Townners Seek Revenge

The Town Independents will be out to avenge their Monday night loss to the Trotters, when they tangle with an improved Washington quintet in tomorrow's finale. The Independents will enter the game a slight favorite, but will have their hands full of the scrappy Washingtonians, who will be out after their second win.

## WHITS WIN BUT LOSE GIFT POINTS

After Whitworth's double win in non-conference play during the last week, they still maintain a good free throw percentage mark but have dropped two points from the figure that ranked them eleventh in the nation in that department last week. Although winning 67-55 over Whitman and 70-54 over Northwest Nazarene the Pirates dropped from .652 to .650 in the gift toss percentage column.

Sam Adams, although hitting only one for three Tuesday, still has the best percentage record with .750. Gordon Brandt tops the regulars having connected 48 times in 65 trips to the black line for a percentage of .708.

Earl Mortlock is the number one point maker via free tosses having tallied 64 markers in 94 tries.

### HOW THEY STAND

	NA	NM	Pct.
Sam Adams	24	18	.750
Gordon Brandt	65	46	.708
Ed Kretz	10	7	.700
Clyde Matters	61	42	.688
Earl Mortlock	94	64	.680
Bill Roffler	89	58	.652
Jack Mahaffey	23	15	.652
Wayne Conner	21	11	.524
Al Good	15	6	.400
Virgel Kuhn	4	1	.250
Ray Olson	1	0	.000

## Stannard Uses New Sub System

### BUCS WIN TWO DURING WEEK TOP NON-LEAGUE OPPONENTS

Jerry Stannard, Whit hoop coach, has adopted a new system of substitution that seems to have paid off in the last few tilts. With two units operating alternately throughout the games the Pirates chalked up two wins during the past week over non-league opposition, winning over Whitman College 67 to 55 last Saturday and tripping Northwest Nazarene 70 to 54 Tuesday.

### Avenge Earlier Loss

In besting Whitman the Pirates avenged an early defeat at the hands of the Missionaries who squeezed by with a 63-60 win in an early season game at Walla Walla.

Behind 7-3 after three minutes of play the Whits overcame the four point deficit and went on to produce a ten-point bulge which they held on to for the rest of the game. The score at halftime was 32-22.

Again employing the two unit system Tuesday, Coach Stannard used his team to the best advantage and even worked in a third squad during the closing minutes of the game as the Pirates outmanned the Nazarene Crusaders.

### Crusaders Hot

In the first half the Crusaders stayed within a few points of the Whits as they shot with uncanny accuracy hitting about 60 per cent of their attempts. However, by controlling the backboard and getting more attempts at the basket the Bucs maintained their thin lead and were ahead 35-30 at the intermission.

## Candid Shots

By Don Barlow

That tall thin forward on the Whitworth basketball squad, who passes the ball as though he had eyes in the back of his head is Clyde Matters.

Clyde attended Lewis and Clark high school in Spokane where he lettered two years for the Lewis and Clark Tigers. In 1941 and 1942 Matters traveled with the L. C. squad to two state tournaments to take fifth and seventh places consecutively, and in 1943 was on the State mythical championship team. He was named to the all-city basketball squad in 1943.

Lewis and Clark basketball coach, Squinty Hunter, recently named Matters on his all-time hoop quintet.

On the day of his graduation from high school in 1943, Clyde entered the service. He first went to Camp Roberts, California for basic training, and then to U. C. L. A. for specialized training. While at U. C. L. A. Matters played ball for the school service team. The Bruin coach picked him as one of the best prospective players he had seen in recent years.

After his training in the States, Matters went overseas with the 83rd Division. When the war was over he continued his basketball career with his outfit in France. He played under Coach Norm Carry, Oregon State College coach at the present time.

Returning to civilian life, Matters entered Whitworth in 1946. He has lettered two years so far and is working on his third letter now. He is only a junior now.

In 1947 Matters shared honors with Jack Mahaffey for the honorary captain title and the Inspirational Award. He won the Inspirational Award again in 1948. Also in 1948 he was placed on the second squad of the all-Winco team.

## LENTE, COLE TIE FOR SHAKES

Ron Lentes and R. F. Cole won last week's Whitworthian "shakes and burgers" awards in tying for top spot in guessing the outcome of the Whitman-Whitworth tilt.

Cole picked the Pirates to drop the Missionaries by a 65-50 count, missing the exact score of 67-55 by seven points. Lentes did equally well in his prediction of a Buc win—his 62-57 forecast being an even seven markers off.

No. 15

## PARK BOARD ASKS FOR \$2,000,000 BUDGET ANNOUNCES DR. WARREN

Dr. Frank F. Warren, newly elected chairman of the state parks and recreation commission said this week that the board is asking for a budget of about 2 million dollars for parks this year. In explaining the need for the money he said, "We feel that now we can develop the parks of our state and make Washington appealing as a state for tourists."

The commission, which meets several times during the year, will visit Ft. Columbia before its March meeting to determine its suitability for a park and youth camp. They also plan to visit Ft. Canby, which is being sought for public use as the first ocean park in the state.

The new board, which is non-partisan, was appointed by Gov. Langlie following his inauguration in January. Dr. Warren was elected chairman at the first meeting.

## NEW PLAN USED BY LIFE SERVICE

This quarter Life Service has revised its program. Every other Tuesday morning there is a general assemblage in the Little Chapel. A special speaker gives a message at that time. The next such meeting is scheduled for March 1, during chapel period.

Every Tuesday evening the group meets in the women's lounge at 6:30. This time is devoted to Bible study. The present subject is the book of James. Colleen Pickert, Bonna Krug, Carol Gray, and Jean Hattrick are in charge of the evening programs.

Life Service is an organization for both town and dorm women who are interested in full-time Christian service and professional church work. It provides a place to discuss mutual interests and problems.

## Mentor's Veto Death Sentence Of Quarter Plan

The quarter system will be continued this year according to Dean Merton D. Munn, moderator of the joint faculty-administration committee.

The committee had been appointed to study the trends of the colleges and universities in United States and suggest the best system: that of the semester basis or of the quarter basis.

After careful appraisal of the values of both plans the committee recommended no change in the academic set-up for this year and the next school year.

## DEAN VISITS "WINDY CITY"

In Chicago this weekend, Dr. Merton D. Munn is attending the National Council of Presbyterian Men, as a delegate from Spokane Presbytery. Dr. Munn is president of the Council of Presbyterian Men in the Synod of Washington.

The Chicago meeting, he states, will plan programs for men's organizations from the national setup down to the local church. The National Council was organized last year to tie together laymen's work in the Presbyterian church.

## SE WEEK SERIES BEGIN

### PRESS CLINIC TO DRAW STUDENTS

Plans are progressing for the Spokane Press Club's press and radio clinic to be held February 19 in Spokane. The clinic was postponed from its original January date at the request of schools who were in the midst of mid-terms at that time. Mrs. Dorothy Powers is general chairman.

Whitworth will be represented at this meeting by 12 students from the journalism department. These students will join groups from other Northwest colleges in tours of newspaper plants and radio stations.

An afternoon program at the Press club will include demonstrations by a wire service, radio and newspaper, and panel discussions by professional radio and newspaper writers. A buffet supper, served from 5 to 7 p. m. by Theta Sigma Phi and Sigma Delta Chi, national professional journalism fraternities, will conclude the day's clinic.

### LOOKOUT CHAPTER JOINS NATIONAL IK

Whitworth College's Lookout chapter of Intercollegiate Knights was officially installed and initiated into the national organization Tuesday night by the officers of Gonzaga and Cheney chapters.

In an impressive ceremony headed by Duke Joe Chapman of Gonzaga, the following Whitworthians were taken in: Duke Jim Carlsen, Harvey Polley, Ben Fairchild, Arnie Fosse, Don Hays, Don Wilson, Jim McConnell, Wayne Harter, Tom Patten, and Bill Reiff. Others were Bob Dudley, Milt Schindler, and Bob Chamness.

### 'MAN'S DISORDER AND GOD'S DESIGNS' IS THEME OF WEEK

"Man's Disorder and God's Designs" will be the main theme of the Rev. V. Vin White as he directs Spiritual Emphasis here this week.

"Because of the significance of the World Council of Churches," Rev. White stated in a letter received here last week, "and the excellent preparation by our world leaders, it seems wise to me that such a subject might form the center of our thinking for Spiritual Emphasis week."

### SENIORS PLAN MINSTREL SHOW

Preliminary plans are now in progress for "Varsity Varieties," to be held March 11, in Graves Hall at 8 p. m., sponsored by the Senior class. According to L. G. Baker, class president, this annual event of "superb quality," will take the form of a minstrel show. The admission price will be 75c for adults and 50c for students, including Whitworth students.

General chairman for "Varieties" is Mydleton Schindler. Russ Hansen is publicity chairman.

Tentative daily subjects are "Man's Voice and God's Word," "Pure Hearts and Clear Sight," "Between Hitherto and Henceforth," "God's Love and Christ's Patience," "The Greatest Common Denominator," and "Old Sources for New Strength."

The Rev. White will be available for daily individual or group interviews on all phases of religion, Dr. Warren said. He said the time and place will be announced later.

Middleton Schindler, president of Christian Activities Council, said the week's time schedule is: morning services in Graves gym from 10 to 11, evening services at Whitworth Community church from 7:15 to 8:15.

## CHAPTER OF NATIONAL BIOLOGY HONORARY IS PLANNED HERE

A chapter of a national honorary biology society, Beta Beta Beta, is being planned for Whitworth. The chapter was approved by the faculty last Monday night.

One of the main purposes of the society besides creating interest in biological sciences is the raising of scholastic standards among members of the organization. Members of Beta Beta Beta must maintain higher standards than the school average.

The next step in organization of the chapter is approval by the regional headquarters at the University of California. Further approval must be given by the national headquarters and by all chapters now in existence.

Those on the student committee which will take care of details pertaining to establishment of the chapter are Margaret Thompson, Ron Davis, Gordon Carlson, and Bob Farley.

## ATHLETIC BOARD APPOINTED TO DIRECT INTER-COLLEGIATE PROGRAM AND ACTIVITIES

The Athletic Organization of Whitworth College underwent some major revisions Thursday according to an announcement from school officials. At a special meeting of the college board of trustees, it was decided to place entire control of inter-collegiate sports activity under a six man athletic board.

Under the new set-up the board will determine all athletic policies and the schools relationship to the Evergreen Conference of which Whitworth is a charter member. Also the power of hiring and firing athletic department personnel shall be vested in the board.

The Director of Athletics, who in the past has had full say so in athletic affairs, will be under the control of the board. He will continue to schedule games, but the schedule must be approved by the board in regard to conforming to the budget.

Representatives to the board will come from the faculty, the board of trustees, and the alumni association, with the school get-

ting three votes, the trustees two, and the alumni one.

Charles Frazier, a Whit grad and former Y. M. C. A. secretary, has been appointed chairman of the new group. He will be one of the trustees representatives, but is also a member of the alumni association.

The trustees will also be represented by Earnest Baldwin, a Spokane business man and former grid star at Kansas University. Rev. Garth A. Steele was appointed alumni representative. Rev. Steele, pastor of the Emanuel Presbyterian Church, is a Whitworth graduate of 1939, and lettered in football and basketball while in college.

The faculty members will be Professor Albert Culverwell, present secretary-treasurer of the Evergreen Conference, Dr. Homer E. Alder, golf coach, and Professor John Koehler. Professor Koehler is also a Whitworth grad.

By this move in replacing Athletic Directory Jerry Stannard as a one man athletic department the

school hopes to gain needed help from the alumni association for its expanding sports program. Until recently Stannard has had to carry the entire load in determining and carrying out athletic policies. This new board will replace the faculty athletic committee which acted only in an advisory capacity.

Two immediate problems which the group will face are the constantly perplexing budget and expenditure systems, and the granting and limitations of athletic scholarships.

### CHAFFEES RETURN

Cliff and Mary Chaffee, returned missionaries from China, spoke at Missions Fellowship Sunday in the Speech Auditorium at 7 a. m. They were forced to evacuate because of the Communist forces in China. They have been actively supported by the Whitworth Christian Endeavor while in China.

### Student Navigators of the Skies

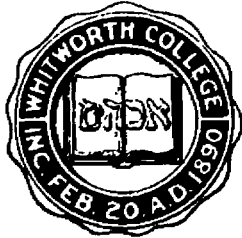

At Pensacola, Florida, future Navy carrier pilots are taught tricks of navigation on a large-scale model of an aviator's plotting board. Pensacola Naval Air Station, the "Annapolis of the Air," is the focus of the recently reactivated Naval Aviation Cadet training program, which is open to healthy, single young men between 18 and 25, with at least two years of college. Upon graduation they are commissioned ensigns in the Naval Reserve, or second lieutenants in the Marine Corps Reserve, are awarded their wings and assigned to two years' active duty.

*If ye abide in Me, and My words abide in you, ye shall ask what ye will, and it shall be done unto you.—John 15:7.*

## GRANT US THESE THINGS

*God of all wisdom, grant us this day knowledge of Thy truth.  
Lead us into closer fellowship with Thy Son, Jesus Christ, our Master and Teacher, that we may know the Way, the Truth, and the Life.*

*Upon schools, colleges, and all institutions where youth is in training, be pleased to bestow the guidance of Thy Holy Spirit.*

*Give us courage; give us patience; give us joy as we work for Thy Kingdom; forgive every doubt; keep us faithful; and Thine shall be the glory.*

## A COMBINED EFFORT

During the coming week the Whitworth campus once again turns its thoughts and hearts towards a spiritual blessing and re-awakening. In prayerful mood and with an attitude of humble seeking we will strive to fulfill our needs in Christian living.

Committee members have spent long hours of preparation and prayer in planning activities for Spiritual Emphasis Week, but it will only be through the cooperation and personal application of every person on the campus, whether they be town or dorm student, that we will point the way to a successful week.

We must enter into this week abiding in Christ, and letting His words abide in us. Our hearts must be opened to the message of His ministry that we might go forward in His name to the completion of a successful life.

## Spanish Club Features Play

A play and two skits highlighted the Spanish club party, Saturday night in the speech auditorium, at 7:00.

The first skit, a "Journey to the Spanish Club party by Automobile" was presented by Colleen Pickert, Jean Shand and Martha Bussear.

A comedy, "Celos" by Pedro Munoz Seca, features Carmen Poole, Phil Strawn and Lee Raibley.

The play entitled "La Reja" by the Quintero brothers, was presented as the final feature of the evening. The cast included Betty Montano, Jack Wyant, Dale Johnson, Janet Hiser, Dick Denton, Martha Bussear, Carol Brother, Delbert Marshall, Jean Shand, Ernest Wiley acted as reader.

Musical numbers were contributed by Betty Montano, Bonna Krug, and Alfonse Hill.

Refreshments of Doughnuts and coffee were served.

## Classes Compete For Speech Cup

Any student may begin now to prepare for the inter-class speech tournament sponsored by Pi Kappa Delta. Fields will be oratory; original and not exceeding six minutes; Impromptu, on the subject, "Campus Problems"; Extemporaneous, "The place of education in life"; and Literary Interpretation, any selection which need not be memorized. Each class will schedule its own preliminaries, and will select one entry for each field in the finals, which will be held in the first part of March. The winner of each field in the finals will receive a trophy, and a perpetual trophy will be awarded the class accumulating the most points.

Anyone but former winners and Pi Kappa Delta members is eligible. If interested, contact your class chairman: senior, Donna VanderMere; junior, Bunny Gwinn; sophomore, Phil Strawn; freshman, Richard Norman. General Chairman is Glenn Ellison.

## Letters to the Editor

To the Editor:

There is a definite feeling among some students on the campus for a strong International Relations Club. Upon investigation, it is learned that one exists, and even has officers. The I. R. club at Cheney has written to the Whitworth club suggesting a Gonzaga-Cheney-Whitworth get-together, alternating campuses. Inter-school symposiums, speakers, and social contact with our neighbor schools would repay the effort.

The U. N. World Magazine and other vital articles of international interest are in the library unread—we need the stimulus of a good International Relations club to draw out student awareness of what's going on outside Whitworth College. Let us better prepare ourselves as students for the world citizens that we are to become.

Signed—Mariys Prentice.

## CLASS OF '70 GETS LARGER

Latest announcements of new additions to the class of 1970 come from all over the country. To Len and Nancy Watson, '48, a daughter, Wendy Lynn, was born December 24, in Princeton, New Jersey. To John and Martha Dunlop Peterson, '48, daughter, Mary Elizabeth was born last April in Spokane. John is teaching music in the high school in Cheney. A son, Stephen Milton was born to Stan and Ruth Stueckle Gwinn, '47, October 14, in Spokane. To Kenny and Flo Southward Russell, '47, a son Mark Southward was born November 22, in Spokane. A daughter, Evelyn Ann was born to John and Anne Jantzen, '48, January 15 in Hartford, Connecticut.

## ROMANTIC ROMAN RITE IS REVIEWED

For some reason February 14 has always held an attraction for me. I think it has something to do with candy and lace-trimmed hearts. To investigate further, I blew the dust off the encyclopedias and went through all the "saints"—"Saint Sophia," "Saint Thomas," and at the end where I should have looked in the first place, "Saint Valentine."

Much to my surprise, Saint Valentine was so busy that he was three different men. The similarity occurs when the Romans behead them all on February 14. But because their names were Valentine, and that they died on February 14 is irrelevant to the plots we observe on that day.

### An Old Custom

The Romans were on the stick a long time before the unfortunate deaths of the martyrs. "Each year there was a Roman festival celebrated in the month of February. All the eligible young ladies of the community would place their name in a box. The eager bachelors would then draw a name as chance directed. (I bet there was plenty of 'fixing-up'). The couples were then 'valentines' for the coming year and would exchange gifts. Often they would become married!"

The centuries seem to have modified this quaint and profitable custom to grammar school nonsense, but I don't know. I think the Romans had a pretty good idea.—F. J.

## Schedule for Class and Club Meetings

First Tuesday of every month is automatically reserved for the ASWC meetings and the first Thursday is for class meetings.

Second Tuesday —Flying Club—G-1  
Future Teachers—S-1  
Intercollegiate knights—We-3  
Alpha Beta—Home Ec Building  
French Club—S-2  
Student Council—M-6

Second Thursday—Engineers—Grieves  
WAA—Gym  
Writers Club—Whitworthian rm.  
Pi Kappa Delta—Dining hall basement

Third Tuesday —Pre-med Club—Science hall  
Alpha Psi Omega—Dining hall basement  
Pirettes—M-6

Third Thursday —AWS—Dining hall basement  
"W" Club—Gym

Fourth Tuesday —Sefelo—Dining hall basement  
Alpha Chi—Commonm (evening)  
Alpha Kappa Chi—Commons

Fourth Thursday—Sphnish Club—M-7  
Whitworth Players—Dining hall basement  
German Club—M-6  
Philadelphians—Little chapel  
Ski Club—S-1

Note: When clubs and organizations are unable to hold a meeting at their regular time, they may do so on the first Tuesday if an ASWC meeting will not be held.

## ADMINISTRATORS ATTEND CONFAB

In Portland this weekend are Miss Estella Baldwin and Miss Marion Jenkins of the Whitworth faculty. Both are attending a conference for guidance and personnel experts sponsored by the Northwest Council of Guidance and Personnel associations. Key-note speaker at the gathering will be Dr. E. G. Williamson of the University of Minnesota.

Miss Jenkins will also participate in the meetings of the Northwest Association of Deans of Women and Girls, which is convening in conjunction with the other conference. The group will be addressed by Dr. Lulu Holmes, assistant dean at WSC, who recently returned from duties with Gen. MacArthur's staff in Japan.

The meetings, which began yesterday, will be concluded tomorrow.

## APRIL 2 IS DATE SET FOR MIXER

Although activity schedules proclaimed the Alumni-Student Mixer for February 26, postponement now marks the calendar for April 2, as plans are in progress for the affair.

"The Alumni association started the event two years ago," said Bruce McCullough of Public Relations, "in an effort to bring the alumni in closer relationship with the student body. Our party this year, the first of the spring quarter, will be in cooperation with the student body to make it a better mixer."

"Last year, at our 'get-together,' I enjoyed the performance of Stephen Watson, magician, but I am still baffled as to how he removed my shirt without first removing my coat—a professional trick."

## DR. HOGAN SAYS UN IS BEST HOPE

"The United Nations is the link between us and others," stated Dr. Vincent Hogan in a chapel message last Friday morning. "It gives us a feeling of national solidarity."

He said that oppression, mistrust and starvation are causes for war, and that the United Nations is ready to do what it can against these causes so that people need have no fear from them.

There needs to be a power that can settle major disputes among nations in an amiable way. Dr. Hogan believes that the United Nations is that power. The United Nations serves as a forum where disputes and minor differences can be brought to light and can be taken care of.

"There is one common aim," said Dr. Hogan. "That is to, eliminate the scourge of war, to advance social progress among the nations, and to secure a better aim in life."

It was pointed out that students can help by supporting the United Nations in every way. Education that is threatened in other countries threatens the education of this country also.

## Whitworth Whims

By SALLY

That ours is an ever-changing world is evident by the reviving of an old adage to read "Where there's a will there's a Relative." For further information listen to "Al's Hour" of recorded music on a local station.

Frosty looks from some Whitworth co-eds do not indicate an unfriendly attitude; it's merely their "preserved" beauty (the weather being the cause).

It has been suggested that the next time the Whits choose to take a souvenir from Cheney they transport the EWCE field house. Then Whitworth would be assured of more field days!

An old philosopher (whose name is unknown to this reporter) once stated that one should never stop in the middle of a job — by request nor by self decision — so don't let those mid-quarter exams stop you. If you can't study, then cram!

"Hearts and Flowers" could well be the song of the week with St. Valentine's day fast approaching.

W. C. scholars (?) will continue to have one more opportunity to flunk out each year than the students at State. Remember, "If at first you don't succeed—"

Mary had a little lamb  
With eyes as blue as sky (of Florida, that is)  
Can't think of anything that rhymes  
Except "Goodbye!"

## CE Speakers Discuss Service

Thelma Schoessler, Mark Jennings and Betty Lange were C. E. speakers last Sunday evening on the subjects "Wholehearted Service," "Unselfish Service," and "Willing Service" respectively. Stanton McClenny acted as song leader and a special number, "Hold Thou My Hand" was sung by Virginia Gaiser.

To follow blindly sentiment and self-will is folly, and to perceive with the eye is to dissolve all mystery; but to perceive by faith is to plant the seeds for a tree which will bear fruits of sight and joy in eternity.

## JUST LET IT GO TO YOUR HEAD

The word "hat" is practically obsolete in the vocabulary of the average Whitworth student. Wishing to remedy this laissez-faire attitude, we sought exceptions to the rule.

The original purpose of a hat was to keep the head warm, but we'll never tell. The Sunday-go-to-meetin' creation is strictly fulfilling the trite phrase, "dressed from head to foot."

### Variety Reigns

It took considerable study on our part to understand Margaret Thompson's concoctions. We're on our way to see Dr. Maxson as soon as we finish writing this. The French have greatly influenced Marlys Prentice. Her modest berets are tres chic. The flamingo-red cloche of Mary Nan Kling presented a happy medium between the extremes.

Shirley Bosworth's navy felt offers an attractive contrast to her auburn hair. We couldn't help but feel a tinge of pity for the poor turkey who lost his tail feather to Marlys Nielsen.

### For Winter Wear

For winter sports we're particularly fond of stocking caps. Fred Holmes, Leo Scott, and Bud Kellmer head the crowd in that department. For those who knit, we think designing one for your steady and one for yourself might have some interesting results. Ourselves, we tried wearing old nylons, but somehow the idea was a bit too technical.

### Scarf is Practical

A commonly-adopted variety of headgear is the scarf. Scarves are merely a means to an end, but they are, by far, the most utilitarian. Their usual duty is to conceal the bobby pins, the unruly locks on windy days, the straight hair, or some other maladjustment of that sort.

Tying knots was too confusing for Colleen Griffiths, so now she zips her scarf in place. We're still wondering if it's the large cranium or a reversion to childhood, but Herminoie Lee says her baby shawl keeps her ears warm.

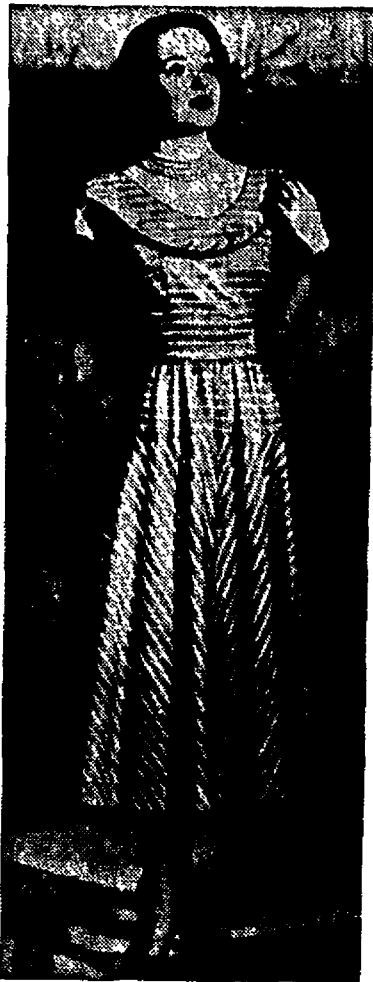

We can't help liking the dirty, beat-up slouch hats for the B. M. U.C.'s. We think they're appropriately collegiate and wish more fellows would follow suit.—F. J.

## Miss Heritage's Voice Students Presented in Recital on Friday

Students of Miss Ruby Heritage were presented in vocal recital in the Fine Arts auditorium February 11.

The program consisted of 12 sections. In the first group Donald Hayes sang Vittoria, Mio Core, by Garissimi, Come Unto Me, by Coenen, and the Rag Man by Richter. He was accompanied by Mary Leavens.

Mary Baird sang Per la gloria d'adorarvi, by Bononcini, and Morning Serenade, by Edwards. accompanist was Joann Larson.

Till the Sand of the Desert Grow Cold, by Ball, and Gypsy Jan - "The Fortune Teller," by Herbert were sung by Charles Hayden, accompanied by Laurel Frazer.

Virginia Warren will sing Spring in My Heart, by Strauss, with Mary Leavens at the piano. Laurel Frazer accompanied Betty Follett when she sang Widmung, by Schumann, and Ecstasy, by Rummell.

Jim Carlson sang Ye Wind and Waves, by Handell, and Roadways, by Denamore, accompanied by Mary Baird.

Betty Montano sang Les Filles de Cadix, by Delibes. Jean Tanner accompanied her and Tom Thompson. Tom sang Why With Tears Softly Streaming, by Grieg, and Die Stadt, by Schubert.

Beverly Winter presented a group of three songs, Serenade, by Toselli, Adele's Laughing Song, by Strauss, and the False Prophet, by Scott. Laurel Frazer accompanied her.

George Stout sang the Air from

## NASON HALL IN FIRST PLACE; TROTTERS LOSE TO WHIT A's

Nason Hall moved into undisputed possession of first place in the red hot intramural basketball race on the strength of Whitworth A's surprising 46-43 victory over the previously undefeated Town Trotters last Tuesday. With Kenny Turnquist hitting the hoop for 16 points the Whits handed the town club their first loss of the campaign.

By virtue of their win Whitworth has moved into a third place tie with the Town Independents and Ball and Chain, and left Nason the only undefeated team in the league.

The Tuesday game was hard fought all the way with the lead changing hands many times. The accurate shooting of Sam Bass and Bob Cruzen kept the Trotters in the ball game all the way up to the gun. Cruzen shared scoring honors with Turnquist by racking up sixteen points. The Whits had to overcome a 40-37 lead in the last three minutes of the game to win.

Ball and Chain kept pace with the rest of the clubs with a 40-27 victory over the Lancaster Dixiecrats last Thursday. All of the married men contributed to the scoring, with Jerry Mahaffey and Aron Rempel setting the pace with 12 and 9 points respectively. Wackerbarth and Wyant were high for the Dixiecrats, each hitting for 9 points.

In last Saturday's games the Whitworth B's suffered their fifth loss by a score of 40-24 at the hands of Lancaster 11. Nason Hall continued on its all-winning ways by gaining a decisive 48-26 win over Goodsell.

Shooting with uncanny accuracy the Town Independents racked up the league's record score in the third game of Saturday's action as they trounced Washington Hall 60-22. Al Christianson contributed 25 points to set the scoring pace.

### STANDINGS

	W	L

## ZAGS COP 2-0 SERIES EDGE

The Pirates kept pace for 30 minutes Tuesday night, but Gonzaga took advantage of a defensive lapse during the other 10 minutes to overcome the Whits 61-39 at Gonzaga. The win gave them a 2-0 edge in the seasonal three game series. They previously had downed the Bucs 60-49.

Whitworth started strong and even held a 10-5 lead after five minutes of play. They were tied 11 all at the 10 minute mark, and then gave way to allow Gonzaga to romp to a 26-15 half-time lead.

In the second period Whitworth scored bucket for bucket with their foes getting 24 points to Gonzaga's 25, but they were unable to make up for the 11 point first half deficit.

As has been the case in most of their games this year it was the lack of backboard strength that finally spelled defeat. Only during the first few minutes of the contest were the Whits able to take their share of balls off the boards. The rest of the time they had to depend on their speed and accuracy from the free throw line to keep them in the game. By cashing in for 13 points in 20 tries the Pirates maintained a .650 percentage. On the other hand Gonzaga could hit only 9 times in 20 attempts.

## WHITS MEET CENTRAL, PCL THIS WEEKEND

Whitworth's varsity cagers are in Ellensburg today for resumption of Evergreen Conference play against Central Washington tonight at 8 o'clock. Tomorrow they will move on to Tacoma where they will play Pacific Lutheran.

Dopesters give the Pirates little chance of moving up the conference ladder in either of these tilts. Meanwhile St. Martin's College plays road trip games with Western Washington and British Columbia, and will have their best chance of vacating their cellar position which they occupy with the Whits. Both squads have identical records of 1 win and 7 losses.

Both Central and Pacific Lutheran were victorious in their Graves Gym appearances. The Wildcats topped the Pirates 75-57, and the Lutes won 68-57, and it doesn't appear likely that they will let up in these games. The Lutes and Savages are tied for second place in league standings with 6 victories and 2 setbacks. Eastern Washington leads the league pack with a single loss in 8 outings.

## Girls Varsity Downs Latah

Led by Carol Gray who tallied 14 points the girls varsity basketball team bested the Latah girls 44-18 last Thursday at Latah.

The Whit girls had a hard time adjusting themselves to a small floor during the first period, but seemed to be perfectly at home near the close of the quarter as they pumped buckets in with regularity. They led at half time 28-12. The win was the second over Latah this year.

Saturday the team traveled Rosalia to play the winner of the Lacrosse-Tekoa game in a championship preliminary.

## Someone Has Said--

To be of no church is dangerous. Religion, of which the rewards are distant, and which is animated only by faith and hope, will glide by degrees out of the mind unless it be invigorated and repressed by external ordinances, by stated calls to worship, and the solitary influence of example.—Life of Milton.

## Candid Shots

By Don Barlow

You don't have to be a six-footer to rank with the best in basketball. The Pirates 5-foot 7-inch guard Earl Mortlock is proof positive of this fact. Speed, deceptiveness, and a good eye make up for any difference in height in his case.

## LOSE TWICE TO SAVAGES

The Whit cagers were subjected to a bitter double pasting last weekend by their eastern state Evergreen Rivals, Eastern Washington College of Education 63 to 42 and 61 to 44. The losses left them embedded firmly in the league basement with a single win and seven losses.

The Whits threatened to make a game of it both nights during the first periods but let down midway through the second half. The alert Savages, always ready to take advantage of a lapse in defense, did just that and ran wild during the closing minutes of the tilts.

By winning both ends of this year's series Eastern avenged the twin losses inflicted at the hands of Whitworth last year, and also established themselves as eastern state champs. They had previously defeated Gonzaga University, the other small college of this area.

Friday night at Cheney the Pirates couldn't buy a field goal, but managed to stay close to the pace during the first half by connecting for 13 points from the free throw line for over half of their first period total. The score at the intermission was 32-25. They were able to cut the lead to five points after the start of the second half, but then the Savages cut loose and tallied 24 times while Whitworth could count but 9.

Saturday night on their home court they fared four points better in the final score and even managed to hold two brief leads 5-4 and 6-5 after about four minutes of play. They trailed 28-20 at half, cut the gap to four points, and then gave way to let Cheney walk off with what had been a close game.

## THIS WEEK'S STAR IS DIMINUTIVE EARL MORTLOCK (and family)

Earl's high school days were spent at John Rogers High in Spokane, Washington. Here, he lettered in basketball and baseball, and was named on all-city teams for both sports. While at Rogers he played against some of his present teammates including Clyde Matters, then at Lewis and Clark high school and Wayne Conner from North Central. Rogers won the city championship with Earl playing his last year of ball in 1944.

Then it was "Join the Navy and see Alaska" for Mort. He continued his hoop career in the Aleutian Islands with a Navy team for two years, and was named on the all-Island team at Attu. While playing for the Navy, he gained the best experience of his basketball life. The competition was rough and the players were tops. Many of them were well known college stars in the U. S. before entering the service.

Back in the States and a civilian again, Earl was married in August 1946. Brownie Jean, or Mrs. Mortlock, is Earl's most ardent fan. His number two fan is his son, three-month-old Leonard Earl.

In September 1946, Earl entered Whitworth, and during the 1946-47 basketball season he made hoop history for the Pirates. He made second string on the Winco Conference team and ended the season with a total of 328 points.

Last year he placed on the first string all-Winco squad. He tallied 401 points, which was second highest in the league, fourth highest in the Northwest, and 69th in the nation.

Although he gains many points through his quick starting and stopping on the basketball court, it has proved to be hard on the pocketbook. Since his prep days, Earl has been wearing out four pair of gym shoes per season.

Earl enjoys an advantage over the other players, because, according to him, the basket looks larger than it really is, due to his slightly less than twenty-twenty vision.

## FORENSIC DELEGATES LEAVE FOR LINFIELD TOURNEY NEXT WEEK

Whitworth college will be represented at the nineteenth Intercollegiate Forensic tournament at Linfield college next week. A large group under the direction of Professor Loyd B. Waltz, head of the speech department, is planning to participate.

They will leave in cars on February 23, to be there for the opening session on February 24. The tournament will last for three days. It will be divided into six classes: Debate, After Dinner Speaking, Acting and Interpretation, Impromptu, Oratory, and Experimental Speaking.

There will be over forty colleges and universities represented in the seven western states. The college is sponsored by the Baptist church and is located near Portland, Oregon at McMinnville.

### Candidates Entered

This is the tentative list of entries:

Debate—Mary Leavens, Don Smith; L. G. Baker, Phil Strawn; Windell Harder, Bill Johnson; Richard Norman, George Ferrer; Marshall Hodge.

Oratory—Glen Ellison; L. G. Baker, Phil Strawn, Betty Lange, Carmen Poole, Don Griffin.

Impromptu—Richard Norman, Mary Leavens, Windell Harder, L. G. Baker.

Acting and Interpretation—Betty Lange, Carmen Poole, Don Smith, Clary Wright, L. G. Baker.

Experimental Speaking—Marshall Hodge, Glen Ellison.

After Dinner Speaking—Glen Ellison, Bill Johnson, Clary Wright.

There will be a Student Congress again this year. The purpose of the congress is to consider the civil rights in the United States, with particular emphasis upon the problem of Communism. There will be chosen officers and committees. Last year L. G. Baker presided as moderator of the congress.

## Church Youth Fight Machines

A resolution adopted by young people of Christian churches, seeking abolishment of slot and pin-ball machines, was presented to the city council Wednesday.

Dr. Paul Calhoun of First Presbyterian, speaking in support of the resolution, said, "The underworld is to be dealt with and it knows no license. There's going to be bloodshed unless the proper authorities take this matter in hand."

"This is a matter of national importance and Spokane leads the procession," he said.

### Collier's Quoted

Dr. Calhoun is backed up by a recent article in Collier's magazine. Spokane members of the Washington Restaurant Owner's association have ordered 10,000 copies of this article to be distributed among Spokane citizens.

## Four Men Go To Ski Meet

Four Whitworth men attended the regional ski meet held in Whitefish, Montana, last Saturday, February 12. The team consisted of Jerry Pomeroy, Les Kirkendorfer, Orin Stratton and Dan Devin. From 28 to 30 men entered the slalom and downhill races. Six different colleges in the Northwest were represented.

Montana University took first place in the meet, followed by Montana State in second. Third place was won by Carroll College in Helena, and fourth place by Eastern Washington. Gonzaga secured the fifth place and Whitworth the sixth.

Individual timings have not been received, according to Les Kirkendorfer. Total scores of the team determined the final placement.

## PRAYERS SAID FOR SE WEEK

Special prayer meetings were held daily this week on the campus.

Services were conducted every morning in the Little Chapel following breakfast. McMillan hall held nightly devotions and Westminster prayer groups met frequently.

Washington hall held a special dawn meeting Thursday evening.

## Maxson Is Director For Both Summer Sessions

The summer school administrative committee announces the dates for the first session as June 20 to July 29. Dr. Theron Maxson has been appointed by the committee to act as director of the summer school session.

A four-week August session for graduating seniors and teachers will be offered in seminar fashion in the field of education.

A total of nine credit hours may be earned in the first session, and six credit hours in the seminar session. Special application will be necessary for registration in the second session.

The committee has decided to place major emphasis in the area of Social Sciences, particularly education, history, economics, sociology and psychology. Since the majority of summer school registrants in the past have been those either in the teacher training program or preparing for certification, the emphasis was made on this basis.

In addition to these fields the committee has held the way open for any instructor who feels he can have sufficient students make application for offering courses in other fields. The committee is therefore urging students to contact professors if they are interested in other fields of study.

## PRESS AGENTS' TACTICS TAUGHT

"Organizational Publicity" (Journalism 44), offered by the journalism department during the Spring quarter, has been planned primarily for non-majors and particularly for those who will be concerned with publicity for church groups and secular organizations of various types.

Instruction will be offered on techniques of writing organizational news for the newspapers, on editing small publications, and on handling publicity campaigns.

A recent survey conducted by the journalism department among ministers revealed that most of those contacted think that a knowledge of publicity methods, especially news story writing, is essential to all church vocation workers.

## Knox Church Gives Supper

A waffle supper for all town students was held in the Knox Presbyterian church last night. About 50 people attended. Dr. Vin White was the speaker of the evening, and program numbers were contributed by Lavonne Carter and Marge Scott.

General Chairman for the event was Phil Strawn. Bob Farley and Mrs. Al Christensen headed the food committee. Tom Summerson acted as master of ceremonies and introduced the speaker.

### "Which Way Now?" Editorial—Page 2

## TONIGHT CONCLUDES '49 SPIRITUAL WEEK

Tonight Dr. C. Vin White will conclude his series of messages on "Man's Disorder; God's Design."

"Life's Sure Foundation" was the topic with which Dr. Warren opened Spiritual Emphasis week Sunday evening in Tiffany chapel. He said that by our lives we built a structure and the endurance of the structure depends upon the foundation. Speaking of those who build only surface structures with no foundation, he said "If you can read something that will rob you of your religion, believe me, you don't have much to lose."

## Nation's Colleges Expand Programs

Colleges and universities in the United States are anything but static and are constantly striving for progress. Here are some of the happenings from schools throughout the country.

Right "next-door" to Whitworth at Cheney, the EWCE is using a wire-recorder in the Radio Workshop class to train sports announcers.

### Films Shown

In other news from the Pacific northwest, Oregon State college is planning a new stadium with the alumni taking an active interest. At WSC a Russian moving picture was shown during "International Week." A number of schools in the northwest are now showing foreign films so that the school dramatists can see acting other than "Hollywood style" and the students in general can get a better perspective of foreign lands.

Down south at Tulane, a course in Public Administration is being offered. In addition to the regular studies in the college, students will complete an apprenticeship or its equivalent in one of the government agencies in New Orleans.

### Schools Integrate

Rutgers, on the East coast, is offering a course to provide a background for those interested in the managerial side of the engineering profession. Both the engineering and business schools will cooperate, and work under this new plan can lead to a degree known as a Bachelor of Science in Engineering Administration.

Wittenberg College, Springfield, Ohio, is adding the Bachelor of Science in Religious Education degree to its curriculum. The college hopes to help meet the growing need for trained religious workers by offering the new degree.

### Teach Marketing

The Department of Agriculture has predicted a shortage of trained personnel in agricultural marketing. Michigan State college is helping to supply this demand by offering a new course in Practical Marketing. This course will be sponsored by the school's departments of horticulture and economics and will give special emphasis on the handling of fruits and vegetables.

A unique way of teaching journalism is being used at the University of Cincinnati. While the journalism classes are in session, a "thief" may dash into the room and run off with a purse or other object. The students are given an assignment of writing up the incident and are given a deadline.

### Sets New Standard

The theme of Dr. C. Vin White's address Monday evening was the "Becomability" of Christians. He said, "Christ takes us as we are and makes us 'to become.' Jesus, by becomability as his basis of comparison, set a new standard for social relationships. Jesus' interest does not lie in what a man is or has been."

On prayer, Dr. White said, "Don't hold any question in your heart because you think it will embarrass God. No man is too experienced to kneel down in prayer; no man is so learned that he cannot have the vocabulary for prayer."

### Are Created Unequal

"The parable of the talents indicates four basic facts of life," Dr. White said. "First, each of us has in his life a Divine investment. Secondly, we are created with inequality. Next, the less talent we have, the more effort is required to yield fruit. And, fourth, responsibility is in direct proportion to the investment made in us."

"That one thing you have that Jesus wants" was Dr. White's topic for Tuesday evening. He said, "Each of us has a single and unique possession. Each of us has an atmosphere which is personally and singularly our own. This is our representative quality. Wherever we are, our presence represents that quality. We stand for something, whether we like it or not."

### Christ Is Way

Dr. White spoke several times on "Christ the Way." "Toward what is Christ the way?", he asked. "To know Christ is to love Him; to love Him is to serve Him; and to serve Him is to have the abundant life. Christ is the way to the abundant life." Dr. White pointed out that Christ is also the way toward happiness and peace within.

"Christ the way through" was another message on this same topic. "Christ's demonstration of His life is the way through," he said. "Christ does not say 'There's a job to be done; we'll do it together.' Christ is not just a bedside comforter. He says 'Take hold of Me and I will take you through.' 'Christ does not send temptation to test us or to build character. They are a part of life. Christ does not beat us down to make us learn to walk.'"

### Circle Planned

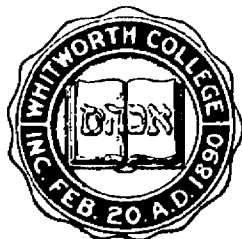

The meeting tonight will be followed by a victory circle service of testimonies and dedication, it has been announced. It will be over before the game starts.

## Which Way Now?

With the close of Spiritual Emphasis week it should be the duty of every participant to ask, "Which Way Now?"

A week such as this is a week of guidance and learning. If a person takes the week "in stride" and passes it by as one in a series of college activities, it will prove of no benefit. But if we evaluate our living in the light of the messages received, we can give our lives a new direction in the way of Christ.

Too often we regard the admonitions and messages we hear as being for the other fellow. We are too shallow in our thinking to include ourselves in the rich endowments that are possible for us to receive.

Perhaps if each of us would continue every week in the light of this week there would be less of the destruction and vandalism that seems to be prevalent on the campus.

If you are in doubt as to the destruction referred to, we suggest a visit to the piano practice room in the gym where holes have been punched in the wall, or a visit to the student union room. Dig further and you can find other evidences of destruction all over the campus that leads you to wonder— which way is Whitworth headed?

Spiritual Emphasis week is a start in the right direction. Which way now?

W. F. S.

## To Wreck or to Create

The social life of the campus is frequently an object for criticism . . . some say there is too little and some say there is too much. The real test of our social life in college should be if it is the right kind.

Recent surveys have revealed that the chief reason college students fail to succeed in the business world is not lack of skill but personality defects. The proper college social life could do much to correct this and could offer as much real training as formal classes do.

Our social life seems to us inadequate in three important ways (1) There is not enough variety. (2) There is not enough participation. (3) There is not enough "mixing." Social skills are as important as mental acuteness and manual dexterity, maybe even more so.

It won't be much help after graduation to have learned how to converse at ease with one or two best friends who will probably move far away.

Our social affairs need to lure more students, to be more challenging and to teach more skill. Let's emphasize the creativeness in recreation.

Let your light so shine before men that they may see your good works and glorify your Father which is in Heaven. Mathew 5:16.

## Letters to the Editor

Dear Editor:

Friday night is, for us, as for all bachelors, the loneliest night in each week—a night when one seeks diversion from the normal routine of the week. Consequently, with unbounding expectation, a search is made for an interesting personality with whom an enjoyable evening might be spent. Having once found this "ideal" co-ed, and approaching her with timidity, (ha) and a well defined but subtle "line," the bachelor captivates his prey.

He gets her out on the date, and just when the evening is yet young, the girl looks at her watch and screams, "Oh! It's 12:15. I have to be home at 12:30. Whereupon, the poor bachelor races to his car and the two speed home. When they arrive at the dorm the girl jumps out and races into the ever-protecting arms of her house-mother.

Either give us a co-ed with a face that would stop a clock (eliminating the time element) or extend the curfew hours. Please! This can't go on!

Signed,  
Two Perturbed Bachelors.

## Whitworth Whims

By SALLY

The package room did a land-office business last Monday with the special remembrances for the holiday. "Just like Christmas!" remarked a glowing co-ed as she emerged from the mob clutching two bulky bundles. Don Bishop, package mailman, is doubtless glad that most of our holidays are spent at home.

Weather reports state that the thaw has begun. If you doubt the veracity of this statement, look closely in the ground two inches on the right of the Westminster basement door. Real, live grass!

New couples always cause comment, but doubly interesting to all is the re-appearance of that musical foursome, the Varsity Quartet. We hope we'll hear them together often.

Some of the more optimistic Whits are already cutting their hair for warm weather. They're probably trying to take a short cut to summer, but, I for one bet they just get trimmed!

The birthday of Washington (the man, not 'the' state) will be celebrated this year on February 22 as usual. Remember George Washington? He was the man who chopped down the tree so he could tell the truth. He also invented cherry pie.

Believe no rumors about the ground hog seeing his shadow, because the green on the roofs of Westminster and Whitworth halls is a sure sign of spring. Also the song, "Spring-up Time" is rising in popularity, and the current crooners just couldn't be wrong. It's pleasing to see how well the students have been turning out to the special nightly meetings. Now no one can say of these seven days at Whitworth, "Spiritual Emphasis Weak."

It is also pleasing to note the big turnouts in the dormitories to special prayer meetings that have been held, and to Dr. White's informal chats in the women's dorms Wednesday night.

A parting tip—next Sunday is a holiday. When you figure it out, explain it to me, will you?

## NEW AGENCY DRIVE MADE

An all-out drive to launch a new agency on the campus has met with success, states L. G. Baker, president of Whitworth Players, resulting in the forming of a Whitworth Theatrical Agency.

The function of this agency is to provide entertainment by students of Whitworth to clubs and organizations both on and off the campus.

Holland St. John was elected chairman of the organization and has as his committee Beverly McMorran, Marilyn Nelson, and Grady Taylor. Along with the help of the Music Department, Professor Wilbur Anders, and Viola Goodale, the two will mix the entertainment so the college will have the best to present.

The agency will be ready to receive applications for entertainment later this month. Social chairmen of the groups are to specify how long a program they want, the type (religious, one act play, music, mixed, etc.) and date. It must be given to the committee at least one week in advance of appearance, so students have a chance to practice. More information will be given later.

## Nurses Report No Vacancy In "Pill Box"

Nurses in the Whitworth infirmary have been operating the "Whitworth Pill Box" on a capacity quota for several days, with both the men's and women's wards full. One fellow, Don Taylor, is bedded down in a separate room because the men's ward was full.

Convalescing in the women's ward are veteran Noni Kimball, who gets out and around, but still occupies bed space, Phyllis Gish and her Kangaroos, and Beth Roduner, Lorraine Fiddler, and Beverly Swank.

Staring wistfully out of the first two beds in the men's ward are "Rusty" Parton and Gordon Schweitzer. Relegated to the upper bunk is Bob Sherwood who shares the two-tiered bunk with Bob Canfield. Bill Roffler and Bill Paul fill the double "Bill" at the end of the ward.

Nurse Gladys Wessel says the only place left for patients is in a straight jacket.

Sooner or later, in the hard school of experience, one learns about not adjusting the temperature of a strange shower while standing under it.

—Chicago News.

The frank physician won't employ double talk, like "you're as sound as a dollar." If he means looking like 30 cents he'll say so.

—Chicago News.

## Vocations Varied Among Alumni

News from Whitworth grads comes from as far east as Michigan, and as far north as Alaska.

Millie Nelson, '48, is the new Camp Fire executive in Sault St. Marie, Michigan. In Duluth, Minnesota, Shirley Davies, '48, has taken over Mrs. Alyce Cheska's job as Youth Director at the First Presbyterian church.

Nancy McFarlane, '48, is Director of Religious Education for the Presbyterian church in Sitka, Alaska.

Dorothy "Dodo" Funk, '48, is attending the Frances Payne Baldon School of Nursing in Cleveland, Ohio.

The Fuller Seminary in California claims several alums, including Les and Margaret Pontius, '48, Willis and Eleanor Case, '48, Dewey and Edith Mulholland, '47, and Bob and Dorsey Bradburn, '48.

Two other alums have headed for California since graduation day. Margery Haas, '48, is Youth Director of Westminster Presbyterian church in Sacramento, and Miriam Petrequin is taking her fifth year at the College of the Pacific in Stockton.

Several grads are teaching. John Rodkey, '47, Velma Clausen '48 and John Christenson, '48 are at North Central High School in Spokane. Margaret Grumman, '48 is teaching at Benton City High School. Betty Summerson, '48, is teaching English and dramatics at the high school in Leavenworth, Washington, while Wally Toevs, '48 is teaching in the Jr. High at Kellogg, Idaho where he is also supplying the Federated Church as pastor. Dortha Bartels, '48, has taken up teaching home economics at the high school in Winona, Washington.

## Attend Remaining Basketball Games!

"He's been from kindergarten through college twice, but refuses to graduate 'til his Reynolds Rocket pen needs refilling!"

## FASHION FANCIES

By Flossie

The "sweater" is the right of every well-adjusted co-ed on the American campus today. A nonchalant glance about any classroom will uphold the belief that Whitworth students have not violated that collegiate privilege.

While inquiring of numerous people around school about sweaters they've especially noticed, we were most often referred to Pat Flower's. For unusual color and beauty of texture, her rust cashmere is one to notice.

There seems to be a sudden vogue for grey cardigans with red insignias. The new Pirette sweaters are certainly ones to be worn with honor.

We think a girl's mighty lucky to have a mother who knits sweaters for her daughter. Helen Melwhinney is a lucky girl. The salmon-red shade is an example of the favorite color to brighten the dreary winter months. But even smarter, we think, is the girl who knits her own. We've been fascinated by the hour watching Rachel Morse's come into creation. She doesn't think of just herself. Friends and relatives also profit from her ability.

### Matching Sweater and Sox

Madelyn Curtis is another gal with knitting talents. We like the sound of the fashion note her aqua wesket and sox make. We can't emphasize enough the matching sox and sweater combinations.

Sloppy Joes have gone their way. Smarter Janes are now wearing the close-knit, short-sleeved slip-on. Add a string of pearls or a Peter Pan collar, and you have an unbeatable classroom attire. Typifying this atmosphere is Betty Greene's collection of angoras. For those who prefer a little less fluff, the current release of rabbit hair-wool mixtures are economical substitutes.

### Men Wear 'Em Too

Let it never be thought that women have a premium on sweaters. Some of the fellows' (sweaters, that is) have us drooling. We're thinking especially of Jim Oliver's novel white with the yellow and brown design across the chest and down the sleeves.

We've been wondering if Dick Baker's latest desire is to be a bullfighter. The bull couldn't help seeing, as we couldn't, his egotistical red turtle-neck pull-over.

We must still be under Cupid's influence; whenever we add it up, it comes out "boy plus girl." The total in this problem equals twin sweater sets. Peggy's and Jerry's ski sweaters make a good addition.

Susie: If 3 Q plus 3 Q equals 6 Q, what does 5 Q plus 5 Q equal?

Dora: 10 Q.

Susie: You're welcome.

## Cupid Goes to W Wing Party

Cupid united with West wing for the customary ritual associated with St. Valentine's Day. Although it was rushing the season by a few days, the party was held February 11. The speech auditorium was effectively camouflaged with suspended red hearts, lace-trimmed.

Mending broken hearts commenced the evening's gaieties. Jerrie Kerrick directed the games. Refreshments consisted of tea sandwiches and punch. Tonet duets by Lila Smith and Jean Walker were featured for entertainment. Phyllis Newton led the novelty singing. Devotions by Betty Burdun concluded the seasonal social.

"Will you be mine?" invitations were sent. Guests attending were: Rusty Parton, Del Day, Jim Oliver, Don Bishop, Bud Fraser, Clyde Pock, Jim Hardy, Dick Cole, Dave Beamer, Ted Mitchell, Wayne Richards, Mark Jennings, Wayne Larson, Don Weaver, Bill McConnell, George Till, Bill Cumbie, and Leigh Taylor. Others were Dean Pickering, Bill Hiser, Bob Paeth, Paul Schilperoord, Mark Davies, Don Smith, Kenny Gamble, Arnie True, Peanuts Roach, Earl Plankenhorn, Walt Olson, Bob Shreve, Jim Larson, and Don Anderson.

## EDIE HISKEY IS SURPRISED

Edith Hiskey was feted at a surprise birthday party in McMillan Hall Wednesday night. Her roommate, Betty Follette, was hostess, and she served homemade cake and hot tea. Guests were all of the girls on the lower floor.

Be Sure and See—Bev Holmes striking new glasses . . . Lois Rundle's beautiful ring . . . Donna Vandermeer's bangs . . . Bev Anderson's pink pearl necklace and heart pins . . . Corrine Weber's spoon and knife hair clasps . . .

## Dorm Party Is Hilarious

A skit which caused much hilarity was the highlight of the party the McMillan first floor residents gave "after hours" the other night.

Alice Williams, attired in a red robe, a ragged bandanna and a pink be-jeweled shower cap, stole the show. Shirley Bosworth, Ruth Wimpy and Helen Hone also drew hearty laughter. Assisting in party plans were Nina Sykes, Mary Ellen Guthrie and Mimi Van Paten.

After the program, Edith Hiskey and Helen Mulwhinney gave readings and Betty Follette led games. Refreshments were cookies and cocoa. Helen Mulwhinney was general chairman for the party.

## HAAS WEDS ON JULY 10

Marjorie Haas, Whitworth grad of 1948, has announced her engagement to Ken Cluitt of Sacramento. She informed Whitworth friends of the news by sending a box of candy hearts to the girls in Ballard Hall, with an enclosed photograph and letter.

Marjorie is Director of Religious Education at Westminster Presbyterian church in Pasadena, where Rev. Kircher, Chuck's father, is pastor.

The couple will be married July 10.

## NEW HOME EC COURSES GIVEN

Most everyone knows when to say "please" and "thank you," but often the best of us get mixed up on our manners. Home Economics department head Mary Boppell is offering a one-hour etiquette course spring quarter that is guaranteed to add just the right amount of polish. Everything, from telephone conversation to table manners, will be covered, according to Miss Boppell. Both Home Ec majors and non-majors may enroll.

Miss Iola Johnson, school dietitian, will offer a three-hour "Foods," course for non-majors. This is a one-quarter lab course designed for future homemakers.

Balancing a G.I. budget can be hard, according to some of the brides at Whitworth, and the new income-management class should help them juggle their expenses. A two-hour course, it is open to non-majors.

Red Cross Home Nursing is a course which will probably be open to Home Ec. majors only, because of limited space. A Red Cross nurse from town will instruct the class, and it will receive two hours credit.

# Pirates to Play Last Home Game on Tuesday

## UBC AND WESTERN GUESTS FOR WEEKEND GAMES

The Whitworth College cagers will make their last home court appearances this weekend and next Thursday, and Coach Jerry Stannard has been putting his squad through strenuous practice sessions to ready them for the closing stages of the hoop campaign.

The Pirates will host sixth place British Columbia this Friday and fifth place Western Washington Saturday. They will complete their home court slate against Gonzaga on February 22 in a non-league fray.

### Whits Need Wins

If any glory is to be salvaged from a thus far disastrous season the Pirates will need to win these games. They have made their best showing of the campaign on their home court, and if this advantage holds they should at least win over their Evergreen rivals. To date seven of eight wins have been on the Graves gym floor.

In the first meetings with Western and U.B.C. this year the Whits were nosed out in a couple of close contests. They were dropped by a 53-51 count by the Canadians, and lost out in an overtime 62-57 to the Vikings. Both games were played on the coast.

Fans will remember last year's Whitworth-Western game that was played here as one of the best games of the year. Whitworth won that one 70-58. Both squads stress a wide open offense, and on the basis of last year's tilt and this year's overtime session this game stacks up to be a bangup affair.

In the UBC squad the Pirates will be meeting last year's Canadian representatives to the Olympics. Four of the players that were on the team that went to London will be starting for the Thunderbirds against the Pirates tonight.

The clash with Gonzaga will conclude a seasonal three game series. The Zags have copped both tilts so far winning 60-49 and 51-39.

### FRIDAY GAMES

C.P.S. at Central.  
St. Martin's at P. L. C.  
Western at Eastern.

### SATURDAY GAMES

St. Martin's at Central.  
U.B.C. at Eastern.  
P.L.C. at C.P.S.

## EASTERN SKIDS IN STANDINGS

Central	8	2	584	541
P. L. C.	8	2	559	498
C. P. S.	8	2	587	483
Eastern	7	3	577	464
Western	4	6	530	454
U. B. C.	3	7	499	565
Whitworth	1	9	540	618
St. Martins	1	9	499	651

Eastern Washington College and Whitworth College both suffered double Evergreen Conference losses on the road the past weekend. Eastern was humbled twice to skid from their first place position to fourth in league standings. Whitworth came close twice but was nosed by two points Friday and Saturday nights as they failed to climb from their cellar spot.

Pacific Lutheran, Puget Sound, and Central Washington each posted two wins to take over first place from the Savages. Western and British Columbia gained splits to strengthen their fifth and sixth place standings. St. Martin's muffed an opportunity to move out of the last place deadlock with the Pirates by likewise losing two tilts.

In the offensive and defensive departments, Puget Sound has scored the most points while Eastern Washington has been tops defensively. The Loggers have averaged 58.7 points per game in ten tilts. Eastern has limited their opposition to 46.4 counters a contest.

### FRIDAY'S SCORES

Central 49, Whitworth 47.  
Western 60, St. Martin's 37.  
P.L.C. 56, Eastern 44.  
C.P.S. 52, U.B.C. 42.

### SATURDAY'S SCORES

P.L.C. 57, Whitworth 55.  
C.P.S. 52, Western 48.  
U.B.C. 57, St. Martin's 49.

## WHITWORTH'S TURN OUT FOR FINAL HOME GAMES FRIDAY, SATURDAY AND TUESDAY

## WOMEN'S NEWS

### WAA Selects Trophies

Trophies for the women's volleyball, basketball, and softball teams were selected by the WAA at last Thursday's meeting. These trophies will be awarded to the champions of the women's intramural league which is sponsored by the WAA. The trophies are gold figurines with wooden bases and gold plaques for inscriptions. Winning the championship three consecutive years entitles the victor to retain the trophy on a permanent basis.

### EWCE to Have Hoop Clinic

Mrs. Cheska reported that Saturday, February 19, a basketball clinic will be held on the Eastern Washington College of Education campus. Bella May is in charge of arrangements for this instructive sports event. All girls interested are invited to attend.

### Women Plan Projects

Other club projects include pins and spring initiation. Dorothy Moore, chairman of the pin project, told the girls that the diamond shaped black onyx pin with gold letters and a pirate ship guard would cost \$4.31. Initiation plans include an over-night "slumber" and usual "treatment."

## APPLE SALE TO AID CLOCK FUND

"Apples! Apples!" will be the cry of the "W" men and the W.A.A. women at Friday and Saturday's Whitworth-Western and Whitworth-U.B.C. basketball games. This is not a new razzle-dazzle cheer but a peddler's hawking call.

These two sports-minded clubs are planning an apple "half-time-event" to help finance the purchase of the new time clock. Although the "W" club's proceeds from both football and basketball score programs and from last year's donkey "Ball" were included in their original \$100 donation and the old score-board was traded in for the new "flashy" one, the clock still remains unpaid.

Committee chairman, Tom Summerson, stated that this was not necessarily a money-making affair but rather a health measure. "You know the old quote—'an apple a day.'" The red Delicious and the yellow Golden apples are to be shipped "direct" from the tree of a club member. Other committee members include Nick Faber, Bev Holmes, Nancy Hughes, Janice Freidline, and Marion Murphy.

## REVISED WHIT LINEUPS DROP CLOSE DECISIONS

Employing a revised starting lineup which stressed height and defense, the Pirate hoopsters gave the front-running Central Washington and Pacific Lutheran squads busy basketball sessions Friday and Saturday nights before dropping a pair of two-point verdicts to the league leaders in last week's conference action.

## Intramurals In Tight Title Race

By DAVE BEAMER

With each team having played at least five games, Nason Hall continues to set the pace on the intramural basketball league on the strength of its 5-0 season record. Four other teams; Town Trotters, Town Independents, Whitworth A, and Ball and Chain are in a second place deadlock with 4 wins and 1 loss leaving Nason the only team still undefeated.

The all-victorious Nasons will have their hands full during the remainder of the campaign as they have yet to tangle with three of the four top clubs. They gained a decision over Ball and Chain in an early season game.

### INTRAMURAL STANDINGS

Nason Hall	5	0
Town Trotters	4	1
Town Independents	4	1
Whitworth A	4	1
Ball and Chain	4	1
Goodsell Hall	3	3
Lancaster Dixiecrats	2	5
Washington	1	5
Lancaster II	1	5
Whitworth B	0	6

The rest of the squads still gunning for the championship will have to play top calibre ball to remain in the running. With the brand of play improving from week to week, any one of the lower division teams is capable of knocking off the top clubs.

Tomorrow there will be another triple-bill in Graves gym with the Whitworth A's tangling with their dorm brothers the Whit B's in the first game. Tip off time will be 9:45 a. m. At 11 o'clock the Town Trotters will play Washington Hall with the towners needing a win to stay in the title race.

Saturday's finale will be the game of the week when Ball and Chain and the Town Independents meet in the first crucial game of the league campaign. This should be a close game with the breaks expected to be one of the deciding factors. The loser of the tilt may be knocked from the running.

After Central nipped the Whits 49-47 at Ellensburg the Bucs moved to Tacoma and were outscored by Pacific Lutheran, 57-55.

Coach Stannard revamped his starting five in an effort to find a court combination that would put the Whits back in the win column. And the move nearly paid off.

Stannard opened against Central with Clyde Matters and Wayne Conner at forwards, tall Al Good at center and Ed Kretz and Gordy Brandt at guards. The Pirates and Cats locked in a torrid sea-saw battle which saw the lead change hands 14 times. On six occasions during the tilt the score was deadlocked.

Al Good paced the Pirate attack with 11 tallies.

Against P. L. C. the Whits encountered too much "Harry McLaughlin," ace Lute pivot star, who canned 22 counters to lead his mates to victory.

Trailing by eight tallies at the half, the Pirates fell 14 points behind and then with five minutes of playing time remaining came to life and narrowed the Lute edge to a single goal.

## THIS WEEK'S STAR IS BILL ROFFLER

Last spring during baseball season, Bill Roffler broke his leg sliding into home plate. That put an end to his baseball playing for the season and put a big doubt in everyone's mind whether he would be ready for the coming basketball season. But, it seems there was no doubt in Bill's mind. He worked hard and was ready and waiting when basketball time rolled around, and is now playing the best ball of his career.

Bill played basketball for two high schools. The first school was in Pine City, where he lettered for three years. Then he moved to Spokane and lettered in his senior year at Lewis and Clark high school. L. C. won the state championship that year and Bill was the captain of the squad.

In 1944 Roffler entered the service. When the war was over he played for the 786th Division Ordnance team in Manila. Back in the states at Fort Lawton, Washington, he was named on

Back in civilian clothes again, Bill entered Whitworth College. He is a junior at the present time and is working on his third basketball letter. He was named on the Winco all-conference team in both his freshman and sophomore years.

In the 1947-48 season he tallied 349 points and was tenth highest scorer in the Northwest. At the end of that season he was voted honorary captain by his teammates.

Coach Jerry Stannard says that Bill "has come a long way in both his ability and attitude in sports." And as any spectator can see, Bill is always a clean player and a good sport.

## OPPOSE SLOTS AND PINBALLS

"Abolishment of slot and pinball machines" was the resolution adopted recently by young people of Spokane's churches. Dr. Paul Calhoun of First Presbyterian gave a talk last week, in support of the resolution. Results of decision now depend upon the voters.

Last Monday in the municipal primary election, tallies resulted in election of Arthur Meehan, Public Works and Willard Taft, Public Utilities. Both candidates are unopposed; general election will see William Payne and Carl Canwell vie for Commissioner of Public Safety.

The final election on March 8 will draw a heavier vote, because of eliminated candidates of last Monday's primary election and the "hot" issue of the "slot and pinball machines," confirmed election officials.

Whitworth students, who are registered voters, are privileged to present their views on the issue, by casting their ballots in the general election next month.

## H. S. Students Are Recruited

Bruce McCullough, public relations director, returned last Friday evening from the Puget Sound area.

He spoke before seniors at Lincoln and Stadium high schools in Tacoma and at Port Orchard, Bremerton, and Port Angeles.

His tour was concluded when he addressed the South Whidby Lions club in Langley. Rev. Bruce Finlayson, Whitworth alumnus is president of the club.

### Goes to Bremerton

Among other alumni Bruce visited were Naomi Dietz of Lincoln high school and Rev. Wilbur Scafe, class of '38 and now pastor of the First Presbyterian of Bremerton. While in the "navy" town, he also saw Norman Richardson, class of '39 and adviser at Koontz Jr. high school. In Seattle, a committee directed by Keith Hickox, met to discuss plans for an alumni meeting on Monday, February 28.

"The train I returned on," said Bruce, "was only 17 hours late in arriving in Spokane. Luckily, I had a good book with me or my only deviation for monotony would have been to chew my fingernails."

## PLANS ARE BEING DEVELOPED FOR HONORARY FRATERNITY

Plans are being drawn up for the formal organization of a local chapter of Alpha Phi Omega, national honorary service fraternity. This group, sponsored by the Boy Scouts of America, has as its purpose to assemble college men in the fellowship of the Scout Oath and Law, to develop friendship and promote service to humanity.

After over a half year of planning and research the fraternity has been approved by the student council, advisers chosen, and all that is needed is the election of

## Inter-Class Competition Plans Made

Class competition for the inter-class speech tournament will begin March 1, and finals will be held March 14. Divisions include oratory, extemporaneous, impromptu and literary interpretation.

Class chairmen are: Donna Vandermeer, Senior; Barbara Gwinn, Junior; Phil Strawn, Sophomore; and Rich Norman, Freshman, who urge all students to enter the competition.

"Public speaking is good training no matter what vocation you are planning on entering. Impromptu is especially good because it prepares you for practical application in social contacts," according to Tom Summerson, participant from the Senior class. He added, "This tournament is one way to help to cultivate the ability of expression."

Any student who wishes to enter the tournament may see the chairman of his class for directions and details.

Those who have entered the inter-class tournament to date include from the Senior class: Tom Summerson, Elaine Olson, Ed Stutheit, Donna Vandermeer and Norman Dorpat; from the Junior class: Virginia Gaiser, Bob Rhinehart and Bill Gwinn; from the Sophomore class: Carmen Poole.

## PICK AND SHOVEL INSTITUTE ACTIVE

Professor Albert Culverwell has been elected vice chairman of the newly organized Spokane chapter of the Archaeological Institute of America.

One of the contemplated major projects undertaken by the local chapter will be work on Spokane House. "At the present time, however," Mr. Culverwell said, "meetings will consist mainly of discussion of archaeological work in the Pacific northwest and interchange of information of world wide projects."

Professor Culverwell stated that he hopes that Whitworth students would take an active interest in this organization and said that he will be glad to give literature and information to any student interested in archaeological work.

officers and formal initiation.

### Penhalurich Advises

Rev. Harold Penhalurich, who has had previous work in scouting, is the faculty advisor, and Mr. Fisher of the B.S.A. headquarters in Spokane is the scout adviser. A committee has been chosen to take over until officers have been chosen. They are: George Ferrer, Harry Hunt, Willis "Fig" Newton, and Holland St. John.

Interested persons may see any of the above four and make membership applications.

## GRANT DIXON, COLLEGE TRUSTEE, DIES SUDDENLY IN CALIFORNIA

Grant Dixon, 66, prominent Spokane lumberman and member of the board of trustees, died suddenly early Wednesday morning at La Jolla, Calif. Mr. Dixon had been in California since the first of the year.

### MUNN COMMENTS

In the absence of Dr. Frank F. Warren, Dean Merton D. Munn expressed the loss felt by the college. "The college is deeply distressed upon learning of the death of Mr. Grant Dixon, Sr. He was a member of the board of trustees and a sincere friend of Whitworth College. Mr. Dixon was a constant booster in every phase of administrative concerns," stated Dr. Munn.

## STUDENT COUNCIL PROPOSES MOVES

Latest activities of the student council, reports Sec. Mary Leavens, are the proposed acquiring of student rooms and transfer of the bookstore, either to the planned, new auditorium or to a possible newly acquired building from Baxter.

Chapel attendance is another problem awaiting immediate solution. Consequently, students have been appointed to cooperate and meet with faculty members.

A Ways and Means Committee has been organized to bring about better policies through closer contact between students and faculty.

Consensus of opinion, throughout the students as a whole, is in favor of student body meetings and more reports from the student council.

## Medical Schools Accept Students

Two pre-medical students at Whitworth have been accepted as entrants next fall in medical schools, and other students are expected to be accepted in the near future according to Dr. H. E. Alder.

Those who have been accepted are Thomas N. Thompson who will enter Harvard medical school and Dorothy Leavens who will enter the Women's Medical college in Philadelphia.

"It is very encouraging to have these students accepted, because we feel that competition is just as keen for entrance to medical schools as it has been in the past," Dr. Alder stated.

## Minstrels To Give Act

Varsity Varieties, the annual stage production sponsored by the senior class, will be presented March 11. The vaudeville will take the form of a minstrel show. Everybody can "get in the act." "We urge all students to assemble skits, pantomimes, musical numbers, imitations or any original number," stated Donna Vandermeer, who is in charge of tryouts.

Any student or group desiring additional information should see Miss Vandermeer as soon as possible.

### Had Varied Interests

Business Manager J. L. Oakes said that Mr. Dixon was very much interested in the college growth and improving the facilities. He became a member of the campus committee upon the death of Jay P. Graves last spring. He was responsible for putting the paving drive "over top" last year.

### Had Debate Interests

In addition to these administrative duties, Mr. Dixon was interested in intercollegiate debate competition. The Exchange Lumber Company, with which he was affiliated, yearly donates \$100 to help defray traveling costs and other expenses incurred through intercollegiate competition. This same organization furnishes the Charles W. White trophy which is awarded each year at commencement to the Whitworth student who has made the greatest contribution to the speech and drama department and who shows the greatest individual improvement. This permanent trophy is presented by Grant Dixon, Jr., in honor of Charles White who, as the oldest employee, has been with the Exchange Lumber Company for 39 years.

Mr. Dixon was president of the Western Pine Manufacturing Company, Ltd., and of the Exchange Lumber and Manufacturing company, a partner in the Lincoln Lumber company, Lincoln, Wash.; vice president of the Ellis Glazing company, Henrietta, Okla., and interested in other companies.

He was past president of the National Wood and Box association, a member of the First Presbyterian church, the Spokane club, the Spokane Country club, the Manito Golf and Country club, the Early Birds Breakfast club, the Knife and Fork club and various other organizations.

### Crossed the Plains

Mr. Dixon was born in Cimarron. (Continued on Page 2)

## Annual Backers Have Poster Ads Displayed In Gym

The advertising for the Natsihi this year will be done by posters on display in the gymnasium with the ad section in the yearbook serving as a notice as to which firms supported the annual.

These posters are being made by the art department and are designed to offset the disadvantages for the advertisers in that the ads appearing in the yearbook can only reach its readers at the end of the school year.

"The life of publications stands with advertising," said Joan Beckwith, business manager. "The cost of publishing the Natsihi has risen at the same time that there is a slump in business. Therefore it is necessary to make our advertising more worthwhile. Also we earnestly hope that all the students will patronize our advertisers so that they will continue to do business with us."

The Natsihi is scheduled to be distributed on the first of June. Considerable copy has already been sent to the printer. Snapshots are still needed to complete the snapshot section. There will be another snapshot contest from March 7 to 11 with prizes offered to the winner.

Extra books may be purchased for three dollars each. Any student who has not been at school for all three quarters will be charged a dollar a quarter for the time he missed. For those attending all year the price is paid from the Student Activity fee.

## Eleven Students At Press Clinic

Eleven Whitworth students attended the Spokane Press Club's first college press and radio clinic, held for Pacific Northwest journalism students Saturday, February 19. Approximately 55 delegates attended.

The group toured Spokane news and radio plants, and attended demonstrations and panel discussion groups. The conference was concluded by a buffet supper.

Those attending from Whitworth were Barbara Deemy, Joan Beckwith, Walt Dawson, Bill Sauve, Georgene Summerson, Jack Wyant, Maxine Johnson, Janet Hiser, Fred Windham, Ed Stutheit, Jerry Dobbins, and Prof. A. O. Gray.

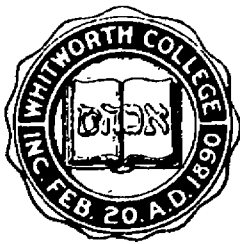

## KHQ Will Begin Recording Choir

Radio station KHQ will begin recording the Whitworth choir this Sunday during the chapel hour broadcast, Professor Wilbur Anders announced.

The records will be kept on file to play during Sunday broadcasts when the choir is on tour.

## Give Them a Chance

It is high time that each of us took personal cognizance of the inconvenience we cause by our thoughtlessness in visiting friends who may be unfortunately confined to the infirmary.

With the coming of spring, more and more cases of flu and the common cold will find their way into the infirmary. Conditions at their best are not ideal, but with over-crowding, they become far less conducive to rapid recovery.

A very able staff of three nurses do their utmost to see that conditions for patients are as ideal as possible. The more patients that crowd the infirmary, the greater is their task. To add to their misery, along with the influx of patients comes that of the visitors—too often thoughtless in their actions and attitudes.

Every patient welcomes visitors, and under normal conditions the infirmary staff would welcome them too, but with the situation as it is we should all be considerate enough to refrain from over-visiting our ill friends.

Think of their comfort and convenience—not your own.

## TOWN TALKER

Big event of Spiritual Emphasis week for off-campus students was the waffle supper held at the Knox Presbyterian Church in Spokane. Dr. C. Vin White spoke to the group on his favorite biblical character — Zacchaeus. Phil Strawn was general chairman of the event. Working with him were Norm McDonald, Bob Farley, Donna VanderMeer, Mary Leavens, Gordon Carlson, Dorothy Leavens, David Stevens, Evelyn Christiansen, Doug Newton, and Tom Summermon. About 75 students attended.

### Engaged

Of interest to town students is the recent engagement of Mildred Lesler to Bob Emerson. "Millie," a junior from Spokane, is a journalism major. Fiance, Bob, is also from Spokane. A summer wedding is planned.

### Prepare Notebook

Two town student members of the Religious Activities Committee—Bob Farley and Norm McDonald—prepared this year's Spiritual Emphasis notebook.

The ASWC is sponsoring movies in the speech auditorium tonight at 8 o'clock. The feature attraction will be "Yellowstone." Selected shorts will also be included in the bill.

## Dixon Dies

(Continued from page one)

ron, Kansas, March 16, 1882, and with his family crossed the plains by oxcart in 1890. The family first lived on the Nez Perce, Idaho, Indian reservation. In 1900 Mr. Dixon came to Spokane and was graduated from the old Northwestern Business college. He went into the lumber business in 1902 in Spokane.

Mr. Dixon is survived by his wife, Dorothy Farr Dixon, former Whitworth graduate and present president of the College Auxiliary; two sons, and two daughters.

It's fun to plug in on the new fads circulating around campus. We'd like to transmit the large charge we've been getting out of Al Wylder and Don Cameron if you haven't already been shocked. Their current is the checkered golf cap which Father used to wear in the late '20's.

## Family Class

The Family class taught by Dr. Schlauch had an educational film as part of their last Friday's instruction. The film, entitled "Human Growth," portrayed steps in the growth of the human embryo.

## Letters to the Editor

Dear Editor:

I feel that there is a problem of choosing an annual W.S.S.F. chairman that should be brought to the attention of those in responsible positions among our student body and faculty.

If a class is the sponsor of the drive, as was the case this year, that class has little responsibility other than to back their drive chairman in his job and pay for the expenses of the drive. Those students who are inevitably new to the campus have no contacts and have no feeling of the pulse of the campus. I for one made the mistake of overestimating the spirit of sacrificial giving on a campus which is so verbal in its Christian witness. My adviser was handicapped because of his being new on the campus also. The adviser should not be given the job just because it is his class that is sponsoring the drive. Give the man a chance!

Immature students are not good solicitors of older students. A freshman may not be able to sell the cause of his drive. An upstart of a freshman might try to overshadow the drive with his own personality. Unique ideas are not likely to spring from such young workers. The fund does not have a chance to grow under these trying conditions.

As a final word I would like to say that I'm not apologizing for the small amount of money raised by the USSF drive. I sincerely feel that the \$260.00 received was all that was available among the students for immediate collection. I believe I have reason to feel that the percentage of those who gave sacrificially was small for a Christian campus. I make this my sincere plea for a reconsideration of the present means of choosing a WSSF drive chairman for next year.

Jack Wyant.

Dear Editor:

What is the student union room to be used for? Especially on Sunday mornings, isn't it a place for everyone, whether he be occupied with one of the opposite sex or whether he be by himself? It is indeed rather embarrassing for the individual who isn't accompanied by one of opposite sex to walk into the union room, as there—behold two or three prominent

couples gazing rapturously into each others eyes. Don't misunderstand me. This by all means should go on, but if the student union is to be the place then they should post such hours for that purpose. Then people will be forewarned.

May it be said, to these non-mentionable couples, that there are various and sundry practice rooms? Even though they are to be used to practice music, I understand many other things are practiced in them.

R.E.S.

Dear Sir,

This week's editorial "To Wreck or Create" was interesting. Point three which encouraged more "mixing" to acquire social skills of recognized importance seems important for the reason given and also as a sound basis for courtship.

It burns me to learn, however, that there are a number of attractive girls on the campus and not yet 21, who are presumed by many to be "going steady." I hear by the way of the "married circuit" and directly that many of them are afraid to explode this myth. They are afraid to date a second man after one has dated them two, three or four successive times. He might get angry! The anger in itself might sometimes be good if it were not for the fact that other fellows assume that she has "been going steady" and never bother to ask for a date.

What is the matter with the men of Whitworth? Can't they stand competition? Why this unwritten restriction?

It seems that with as many attractive girls as roam this campus that there would be keen competition with plenty of healthy "mixing." Several dates in succession shouldn't mean a couple is going "steady." Nor does the fact that we sometimes see them walk hand-in-hand.

It seems that the men of this campus would recognize but one restriction when it comes to asking for a date and that would be marked on the third finger, left hand. Any other written or unwritten rule would be for mice not men!

A New Male Reader.

## Whitworth Whims

By SALLY

The fact that the infirmary has a full house has raised an interesting question. Are the occupants recovering from mid-terms or are they resting up for finals?

The importance of the swimming class has increased greatly with the change of weather. The course may become required so that students will be sure to make it safely to their classes.

If you see a pile of books walking out from back in the stacks at the library, don't be dismayed. Marge Garcia is under them. Marge says that if you want more than 20 books, she'll make two trips.

Recently students have been alarmed by foreign objects found in strawberry ice cream purchased at the commons. Research by experts reveal these objects to be fruit of the same name as the ice cream and perfectly harmless when taken internally.

Many W. Cers have a load on their minds as well as their arms (books on their arms, that is) with term papers due in the near future.

A speaker recently stated that if we took a stand on the slot machine issue we could break it. Of course, I imagine it all depends on who stands on it.

Ponderous Postscript: It is well to remember that an apple a day keeps the doctor away and our time clock in Graves Gymnasium.

## SOCIAL GRACES MIX WITH COLLEGE FOOD

By Babs

It's 5:20 p. m. and I am sitting in my room, poring over an old "Child Life," when suddenly I decide I'd better get ready for dinner. Dinner—that is what we use to swallow down our vitamin pills with.

I dress carefully in my best green taffeta (It's funny—they always have to use the respirator on me after I wear that dress—must be the "pinched-in" waist!) I dab nail polish on the snags in my socks and slip into my dainty rubber boots. A voice screeches through the hall—"Myrtle! Are you ready to go over?" "Coming, Cynthia," I answer, pulling on my coat. We edge our way across the ice to the dining-hall, where we join the chattering throng.

Soon the dining-room door opens and the bus-boy steps quickly out of the way to avoid being trampled to death. Cynthia and I find a likely looking table where two other girls are standing, and the four of us wait for the men to come in. Out of the corner of our collective eye, we see Jasper, the interesting conversationalist going to another table—too bad. But wait! Oswald, who does imitations, has joined us—and here come Xavier and Egbert. Egbert looks plenty dreamy tonight—he's wearing his lemon-colored jacket, orange shirt and lime light-up tie that says "Kiss me, sugar." Also his "just try and sit down" blue jeans. By now Horace is with us also.

When we're all corralled, Mrs. Sutter bolts the door and someone says grace. Xavier, who is at my left, pushes my chair under me, causing me to sit down hurriedly. I come out from under the table (Xavier doesn't know his own strength) and thank him sweetly.

Now that we are all seated, we complain about the food awhile and finally drift off into the subject of weather. The conversation is saved by Oswald, who does an imitation of Clary Wright doing an imitation of Vaughn Monroe. Before we know it, the waitress

### Party Honors Faculty Fems

A party in honor of Miss Marion Jenkins and Miss Estella Baldwin was given by the girls in Ballard hall in the Women's Lounge last night at 8:00 p.m.

A poem written by Vera Fay Wilson was read by the girls which announced in its surprise ending that the party was given for Miss Jenkins and Miss Baldwin in appreciation for all that they have done. They were also presented with corsages.

Mary Lou and Donna Anderson were general chairmen, Hope Ainley was in charge of the refreshments, Florence Shires and Shirley Folsom were in charge of decorations, and Thelma Jo Bruce, entertainment and games.

The refreshments served were ice cream, cake and coffee.

### New Play

A short play entitled "The Monkey's Paw" will be presented March 5 at 8:00 p.m. in the Speech auditorium. It will be directed by Carmen Poole. The cast will include Vera Fay Wilson, Jim Carlsson, Holland St. John, Jack Berger and Keith Morgan.

Miss Poole is directing the play as a project for the play productions class. There will be no admission charge.

One person with a belief is a social power equal to 99 persons who have only interests.  
—John Stuart Mill.

is shoving our dessert in front of us and our meal has come to its conclusion. Thus, another step in our social development (?) here at Whitworth is ended.

## Junior Recital To Feature Follett in Piano Numbers

A junior recital will feature Betty Follett in a piano and voice program March 6 at 4 p.m. Betty is a student of Mrs. Anna Jane Carrel for piano and Miss Ruby Heritage for voice.

Featuring her vocal numbers will be a group of German "Lieder," a collection of novel German songs and ballads. A piano selection, Couperin's "Soeur Monique," is interesting, since he originally wrote it for the clavichord.

Her tentative program is:

PART I  
Soeur Monique ..... Couperin  
Prelude in E flat minor ..... Bach

Beethoven Opus 31 No. 2. .... Beethoven  
PART II  
VOCAL GROUPS

Fur Musik ..... Franz  
Widmung ..... Schumann  
Das Veilchen ..... Mozart

PART III  
Waltz No. 7 in G sharp minor ..... Brahms  
Sea Pieces:  
From a Wandering Ice Berg ..... MacDowell  
To the Sea ..... MacDowell

PART IV  
Prelude No. 1 ..... Gershwin  
Prelude in A minor ..... Debussy  
Clair de Lune ..... Debussy  
Polka ..... Schotakovich  
Sonata in D major ..... Mozart  
Assisted by Miss Laurel Fraser.

Miss Jean Tanner will be presented in her junior recital the following Thursday at 7:30 p.m. She will feature a number with an orchestra accompaniment.

## Heart Sisters in Action

A week of "good deeds" was brought to a close last night when "Heart Sisters" got together at a party in the McMillan reception room. Here, Bunny Gwinn makes a bed in true sisterly spirit while Mirlam Hansen guards the door lest the unsuspecting "Heart Sister" should appear.

## Mrs. Wartes Sings Twice at Cheney Chanters Contest

Mrs. Wartes invaded rival territory two days in succession last week end. Saturday she sang at the elementary music teacher's luncheon at E.W.C.E. at Cheney. Again on Sunday she sang at the formal tea given at Senior Hall on the Cheney campus, honoring the new chapter of Mu Phi Epsilon, women's national music honorary.

## Dr. Koehler Heads South

Dr. Mark Koehler, Bible department head, will leave this week-end to conduct a series of meetings at the Park Blvd. Presbyterian Church in Oakland, California. He will address various groups on "Problems and Powers of the New Life," during this church's Spiritual Emphasis Week February 27 to March 4. These meetings are a continuation of the New Life movement series conducted last year by Dr. Koehler. Dr. Loren Ridings, who received his doctor of divinity degree from Whitworth in 1945, is church pastor.

The essence of giving is that you should expect nothing in return. If you do it isn't giving, it's barter.  
—Alan Blair

## Douglas Outlines Chanters Contest

"To stimulate students with ideas and encourage them to put 'em down on paper is the purpose of this music contest," states Pat Douglas, "Chanters" director and instigator of the contest. Pat added that anyone wishing to enter a composition may do so and although no work of genius is expected, some pleasing material is coming in.

Among those already working on themes for the "Chanters" contest are Bob Bruce, George Stout and Walter Thomas.

Douglas plans to enter several of his own "Inventions" and Jim Oliver is also reported hard at work.

At the time of publication no deadline had been named but it is known that Mrs. Carrell, music teacher, will be the final judge of the material presented. Selected compositions will be presented in a special chapel program.

There are only two kinds of men—the righteous who believe themselves sinners; the rest, sinners who believe themselves righteous.  
—Pascal

## Heart 'Sis' Week Brought to Close

Heart sister week was brought to a close Thursday evening with a get-together of all the dormitory women, at which they revealed themselves. The purpose of the week was to promote the spirit of congeniality among the women, according to Thelma Schoesler, Sefelo, president. The annual event is sponsored by this organization.

Committees included: Advertising: Phyllis Newton, Shirley McClain, Dora Horl; Program: Shirley Rosencranz and Janice Schulz; Refreshments: June Duran and Elaine Boehmer.

# Pirates to Conclude 1948-49 Hoop Play On Road

## MEET C.P.S., ST. MARTINS IN EVERGREEN FINALE

Whitworth college's hoopsters make their third coast tour this week-end to wind-up their season basketball play. The Whits meet College of Puget Sound in Tacoma tonight and then tangle with St. Martins tomorrow night at Lacey in the league finale.

Before returning to Spokane the Pirates will mix with Seattle Pacific Monday and Tuesday nites in Seattle. These two games will complete the Whitworth 1948-49 hoop schedule.

Tonight's go against the Loggers will be the second meeting between the two clubs this season. In a previous tilt on the local court in one of the Evergreen openers the Loggers turned back the Whits 67-58.

### THE LAST ROUND

#### TONIGHT'S GAMES

Central at U. B. C.  
Whitworth at C. P. S.

P. L. C. at Western

Eastern at St. Martins

#### SATURDAY GAMES

Central at Western

Whitworth at St. Martins

P. L. C. at U. B. C.

Eastern at C. P. S.

The Pirates chalked up a 74-63 win over St. Martins in the first game of a home and home series played here earlier in the campaign.

Although the Bucs aren't going anywhere in the league, they could drop the Loggers out of the league title play with a win tonight. College of Puget Sound along with its cross rivals, Pacific Lutheran, and the front-running Central Washington Wildcats claim unblemished home records in Evergreen play. All teams will be scrapping for the conference flag in this week's action.

## Elaine Jenkins Misses By One

Elaine Jenkins became the first three-time winner in the Whitworthian sports guessing contest as she came within a single point in predicting the outcome of the Whitworth-British Columbia game Friday night. Elaine picked the Whits to trim the Thunderbirds 67-53, being one-point shy in guessing the visitors' tally. Joe Thoms tied for the top spot in the "burger-shake" award with a similar 57-52 prediction. It was the first time this season that the winners came within one counter of forecasting the exact score.

In Saturday night's Western Washington tilt, Dwight Johnson copped his second meal ticket, in submitting a 71-63 guess. Dwight was but two tallies off the final 71-61 count.

Carl Drake finished number two in Saturday's contest. Basing his prediction on the last result of last year's home tilt with the Vikings, Carl listed a 70-58 win for the Whits to come within four points of the evening's action.

Honorable mention predictions:  
Sam Tague: Whit 57, U.B.C. 49.  
Stan Johnson: Whit 58, W.W.C. 54.

Ron Lentes: Whit 55, U.B.C. 53.  
Jan Hiser: Whit 56, U.B.C. 52.

Ah, but a man's reach should exceed his grasp, or what's a heaven for. —Robert Browning

## WHITS, ZAGS CANCEL GAME

The Whitworth-Gonzaga hoop game which was slated for last Tuesday was not played because the Zags were unable to return from Montana where they were playing games with Montana State University in time for the tilt.

Because of the conflicting schedules of the two schools, there will not be a makeup of this game. The game, which was to have been the third in a three game series, was originally slated for the Whitworth gym.

## Girls Win At Tekoa

The girls varsity hoop team fought its way from a slim one point 8-7 halftime margin to a 26 to 18 victory over the Tekoa girls team. The girls couldn't find the range during the first period, but started hitting with regularity in the second half to run away with the game. High point honors for the game went to Amber Oaks, who tallied 11 times.

A new rule which allows two dribbles instead of one was put into effect for this contest. The rule helps make for a faster game, but seems to be a little rougher as was witnessed by the many fouls called during the tilt.

## Whitworth Wins Third From Evergreen Foes

Showing more finesse than they have all season, the Whitworth Pirates garnered two wins last weekend, avenging a previous defeat at the hands of the U.B.C. Thunderbirds and knocking over a favored Western Washington team.

The Pirates had a rough time getting their Friday night win as the Thunderbirds came storming back the second half after being colder than a Polar Bear's half sole the first half, to tie the Whits twice in the closing minutes before the Buccaneers grabbed their four points, 57 to 53, margin.

Big Al Good gave the Pirates the tenth round punch they needed as he dumped in two layins in the closing seconds to give the Pirates an edge everytime the British Columbia boys drew close.

It was just a case of better rebounding and smoother floor play by Whitworth as the crew hit 50% of their shots the first half. The Thunderbirds connected for a good 39% shot average but couldn't stand up to the torrid point-setting pace.

Saturday night was a little different though as the Whits had a tough time keeping up with the

## Candid Shots

By Don Barlow

Jack Mahaffey has long been regarded by his coach and his fellow basketball players, as one of the most reliable players, and best team men on the Pirate squad. Jack is always steady, easy going and an inspiration to the rest of the squad.

Jack and his twin brother Jerry are native Californians. Their basketball careers have practically paralleled each others. They attended Folsom High School in Folsom, California, where they lettered four years in basketball.

The sport leagues in California are divided into sections because of the large population. The teams in the leagues are divided according to height and age. During the Mahaffey era, both sections, A and B, were champions of the Sacramento County League.

Jack was awarded a trophy during his senior year at high school for being the most valuable player on the squad. He had a very high shooting average of .493.

After graduation from high school the Mahaffey's split up. Jerry entered the Army and Jack went to the Navy. Jack played basketball for a V 12 team at the University of California.

Following his discharge from the Navy, Jack entered Whitworth College. This is his third year. In 1947 Jack was awarded the inspirational award and was co-captain of the squad.

## HOME TEAM HAS MARGIN

That the home team in basketball has an edge over its opponents was proved quite conclusively in the Winco League last year when the visiting teams could count but 16 victories in 45 games.

The same home team supremacy has been running true to form in the Evergreen League this year. Of the 48 games played throughout the league to date, the host team has copped 33 of them.

The three conference leaders, Central Washington, Pacific Lutheran, and Puget Sound have been undefeated on their home court in league action. The Wildcats and Lutes each have seven victories at home and the Loggers have five. Nine of Whitworth's ten wins have come on their Graves Gym floor.

## WILDCATS LEAD LOOP

The race for the first place in the Evergreen Conference was somewhat unscrambled following last week-end games that saw Central Washington post two wins to emerge as the lone occupant of the number one position.

Pacific Lutheran and Puget Sound both won and lost a game to fall one game off the pace into second place deadlock with Eastern Washington.

The Wildcats gained their league lead by dumping St. Martins 58-51 Saturday night after they had previously knocked C. P. S. out of a three way tie for the top spot Friday, edging them 49-48. Pacific Lutheran kept pace on Friday, winning over St. Martins 54-39, but they were dropped back a notch Saturday by C. P. S. 52-49.

At Cheney, Eastern's Savages stayed in the running by turning in a pair of lopsided victories, thumping Western 59-45 on Friday and British Columbia 71-34 on Saturday.

Western's fifth place position remained unchanged, although their double loss eliminated them from any possibility of moving further up the ladder.

By losing both of the tilts St. Martins now can do no better than gain a seventh place tie, providing they win their final two games.

Wit is the salt of conversation, not the food. —William Hazlitt

## BALL AND CHAIN TEAM TO BEAT IN WEEKS PLAY

By DAVE BEAMER

### INTRAMURAL STANDINGS

	W	L	Pct.
Nason Hall	6	1	.857
Town Trotters	6	1	.857
Ball and Chain	5	1	.833
Whitworth A	5	2	.714
Town Independents	5	3	.625
Goodsel Hall	3	3	.500
Lancaster Dixiecrats	2	5	.285
Washington Hall	1	6	.142
Lancaster II	1	6	.142
Whitworth B	0	8	.000

The red hot Ball and Chain quintet appears to be the team to beat as the Intramural Hoop League moves into the last week of action. Playing steady consistent ball in their last two contests, the married men have won over such formidable foes as the Town Independents and Whitworth A's.

Last Saturday they dropped the Independents 44-29, and on Tuesday they left the Whit A's on the short end of a 41-38 count. Jerry Mahaffey, Jim McConnell, and Aaron Remple have been the sparks of the "chainmen." Mahaffey poured in 20 points to lead the victory over the Whits.

The Towners gained some revenge from the drubbing administered by Ball and Chain by handing Nason Hall its first loss in seven starts edging them 32-31 last Monday. The loss dropped Nason into a three way tie for first place with Ball and Chain and the Town Trotters.

With the action drawing to a close it appears that the key games to the championship will be the coming Nason-Whitworth A, Nason-Town Trotters, and Town Trotters-Ball and Chain contests.

### MY PREDICTIONS

Whitworth B vs. Washington—Too much Sturm and Slattery, Washington by 10.  
Ball and Chain vs. Town Trotters—Bass and Cruzen will be too much for the married men. Trotters by 5.  
Nason vs. Whitworth A—The coin is in the air, you call it.

No. 18

## FLYING CLUB FLIES AGAIN

Flying club members took to the air last Saturday for the first time since the snow began to fall.

Three members, Lowell Anderson, Don Miller, and Will Drysdale logged training time, club president Bob Notson said.

### Galloway Instructs

Newton Galloway, who donates instructor service to all campus students who want to learn to fly, showed up at the field insisting he wasn't wearing the long-handled "de-icers" the club presented to him last fall.

Notson said tentative plans are for more of the flying gospel teams which "functioned successfully last year." He said invitation trips to Tonasket and Wilbur entirely paid for themselves from voluntary contributions of the congregations.

### Opportunity To Learn

"But," Notson stated, "the Flying club is not for the benefit of the gospel teams alone, but for any student who wishes to take advantage of free instruction while he, or she, learns to fly."

## JOBS OPEN FOR GRADS

Opportunities to win a position with the State of Washington now are being offered graduate students and seniors who will have their degrees by June. The State Personnel Board announces that competitive written examinations will be conducted throughout the state on April 2nd for a variety of professional, technical and business positions.

Promotional possibilities, regular salary increases, and vacation and sick leave are only a few of the many advantages of working for the State Merit System. Those positions which are of particular interest to college graduates entering such fields as accounting, business, economics, personnel or social work are: Junior and Senior Visitor, salary \$200 to \$280; Account Clerk and Junior Accountant, \$200 to \$295; Junior and Senior Typist and Stenographer, \$180 to \$235; Interviewer, \$200 to \$250; Junior Field Adviser; \$235 to \$295; Personnel Technician Aide, \$210 to \$265; and Junior Statistician, \$235 to \$295.

In addition to these openings applications are now being accepted for a number of positions for which no written examination is required. These positions are: General Sanitarian, salary \$220-280; Junior Bacteriologist, \$210-265; Health Educator, \$265-325; Registered Nurse, \$190-235; Junior Staff Nurse, \$200-250; Public Health Nurse, \$220-280; and Physical Therapist, \$220-280.

Applications for the positions requiring a written examination must be submitted by March 21st. Applications and information may be obtained from the State of Washington Personnel Board, 1209 Smith Tower, Seattle 4, Washington.

## EDUCATORS TRY TO KEEP PACE WITH CHANGES

Most of the colleges in the country are keeping abreast of current political developments by changing their courses to the changing international scenes.

For example, at the University of Wisconsin a new course is being offered at summer session this year which will give an intensive training in Russian. The course is designed for graduate students and will cover 15 hours of class work each week. The language department at this school is also planning an intensive course in Slavic languages which will meet 30 hours a week.

The University of Kentucky realizes our growing relationships with South America. This school has recently added two courses dealing with South American history and culture.

The department of political science at Yale University is stressing our need of more familiarity with the Mediterranean countries and is sponsoring a tour this summer of Italy, Greece, Turkey, and Switzerland. The tour will be limited to 25 students who will be awarded college credit for their participation in the tour. In order to better their understanding of these countries, the students will have interviews with government officials and other prominent leaders of the countries visited.

## Columbia R. Is Lecture Topic

The Columbia river was the topic discussed by Dr. Victor C. Christianson at the chapel hour last Friday. He is writing a book on the subject, and revealed some of the interesting details about the river and the area in which it flows.

Dr. Christianson pointed out the explanation which geologists give concerning the formation of Grand Coulee, Dry Falls, and other phenomena of the area.

### Strange River

He stated that the Deschutes river in Oregon, a tributary of the Columbia, is unusual because its flow does not vary much throughout the year. Porous lava rock through which the river flows absorbs most of the spring run-off, releasing it later in the summer when the normal flow subsides.

In this world there are only two tragedies. One is not getting what one wants, and the other is getting it.

—Oscar Wilde

**There is another tragedy  
Infantile Paralysis!  
Your 30 cents is needed!**

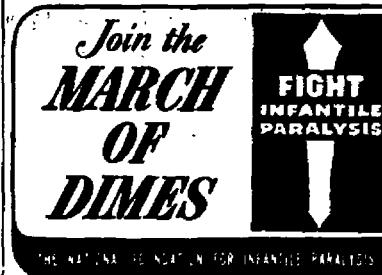

### ATTENTION, WIVES!

The wives of Ball and Chain Lane invite all the wives of town students to a "get together" to be held in the AWS lounge Tuesday evening, March 8, in Ballard Hall at 7:45. Wives are asked to bring their knitting or darning and "join in an evening of fun and fellowship," according to Fay Dawson, president of Ball and Chain Wives Club.

## Thirty Cents Is Quota Set

A March of Dimes quota of 30 cents per capita has been assigned Whitworthians, Jerry Mahaffey, student body president announced. He urges that everyone "give till it hurts."

Intercollegiate Knights are sponsoring the campus drive and have a large red thermometer in Graves gym foyer recording progress toward the quota. They hope to complete the campus drive by the middle of next week.

## KNIGHTS AIM FOR SERVICE

A popular service organization was started in 1919 by a small group of active students at the University of Washington. With much care and deliberation, the name "Knights of the Hood" was chosen by the group because of the relationship to the duties of the Knights of old—namely: service, sacrifice and loyalty.

The Knights select men on the basis of their grades and character. An application to become a Knight is a request for work, service being the organization's foundation and the member's anticipation.

Three weeks ago the Whitworth College Lookout Chapter was formally installed after the granting of the petition to Intercollegiate Knight International in May, 1948.

### Active Members

There are 20 active members, (10 sophomores and 10 juniors) plus six inactive members, and one honorary member. The officers of the group include: Jim Carlson, Honorable Duke; Bob Rhinehart, Worthy Scribe; Dale Parton, Chancellor of the Exchequer; Arnold Foss, Worthy Recorder; Ben Fairchild, Chaplain; and Harvey Paulley, Expansion Worker.

Several new pages were initiated last week. Among them were Donald Bauer, Stanley Graham, Clyde Pock, Joe Thome, Larry Weyrick, and Ken Yashita.

## WHITWORTH ENTRIES PLACE AT LINFIELD

Clary Wright, Betty Lange, Phil Strawn and L. G. Baker, received awards at the annual Linfield speech tournament, held February 24-26 at Linfield College. Wright tied for first place in after-dinner speeches, took second place wards for acting and talent. Miss Lange won second place in women's literary interpretation, while Strawn and Baker tied for third place in oratory.

Others attending from Whitworth were Mary Leavens, Car-

men Poole, Don Smith, George Ferrar, Richard Norman, Glen Ellison, Marshall Hodge, Don Griffin, Bill Johnson and Wendell Harder. Prof. Loyd Waltz accompanied the team.

"Inasmuch as there were hundreds of entrants from 30 colleges and universities of the Pacific coast, including some of the larger ones, we were pleased with the results." Professor Waltz stated.

## Wall Will Head Biology Group

On Tuesday, Feb. 22, Beta Iota Omega, biology organization, elected the following officers: President, Sam Wall, vice president, Bob Farley, secretary, Margaret Thompson, and historian, Al Biggs.

"Recently the newly elected officers met to discuss projects not only valuable to the college but to the students of the biology field," said historian Al Biggs.

Prof. James Legg is adviser of the new organization.

## KNOW OF SELF ADVISES LONG

Dr. Martin Luther Long, pastor of the First Baptist church in Burbank, California was chapel speaker last Monday, February 28.

Following a summarization of the speech tournament, held at Linfield College, by Prof. Loyd B. Waltz, Dr. Long, father of student Lois Long, reminded students that "Christ is the Christian's goal, heaven his destination."

"Christianity," emphasized Dr. Long, "is what you do; not what you do not do." The advice of the philosophers to "know" thyself and "control" thyself is not enough, Dr. Long stated. "If you follow the example of Jesus and empty thyself, you can overcome the world and live abundantly."

Two negro spirituals by the variety quartet concluded the program.

## Campus to Hear of Mission Work

The Reverend Richard Baird, born in Korea of missionary parents and missionary to Korea until driven out by the Japanese just before the war, will be chapel speaker Wednesday, March 9.

Mr. Baird is western area secretary for the Board of Foreign Missions and was an agricultural missionary to Colombia, South America for some time. He will be on the campus all day.

Wednesday evening, the Reverend Darst Newhouse, a missionary on furlough from Africa, will speak at the C E meeting.

## University Man Plans to Speak Here on Friday

Prof. Frank G. Williston of the University of Washington faculty is to give two addresses here next Friday. He will speak to the student assembly at 10:10 and to the Social Problems class at 3:20. His subjects are: "What Makes The Russians Act That Way?" and "American Far Eastern Policy."

## Poli Sci Meeting To Convene Soon

Professor Albert Culverwell will be chairman at one of five round-table discussions to be held at the annual meeting of the Pacific Northwest Political Science association. The meeting will be held at Whitman college on April 23 and 24.

The round-table discussion headed by Mr. Culverwell will consider necessary high school preparation for social science studies for those continuing social science work in college and will include representatives and social science department heads from most of the Pacific northwest schools.

## Ancient Scroll Discovered By Chapel Speaker

Dr. John Cecil Trevor, discoverer last year of an ancient original scroll pre-dating previous sources of our Bible, will speak on "The Bible Comes Alive" at chapel Monday, March 7.

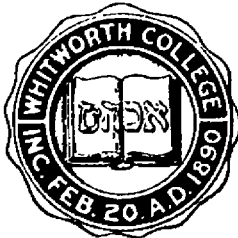

Dr. Trevor, according to announcements, has a rich background in Biblical scholarship with teaching experience at Drake university, plus a year of intensive study and exploration in Palestine in 1947-1948 from which he has just returned.

He has photostatic copies of his discovery, a complete manuscript copy of the book of Isaiah with Hebrew dating of the first century B.C.

## No Fireside Fable

Kenyon college in Gambier, Ohio, is mourning the loss of nine students this week as the result of a devastating fire in "Old Kenyon," a 122-year-old men's dormitory building. Although it was estimated as a million dollar blaze, the damage cannot be calculated in dollars alone.

There, on a cold Sunday morning, nine men died in a fire that might possibly have been prevented. It is a loss to nine families, and a tragic loss to Kenyon college.

Our sympathy and prayers go out to Kenyon college. We might well consider our own campus in the light of this recent fire, taking an inventory to see if campus conditions merit a tightening up of fire safety precautions. Whitworth can't afford a fire!

### A WORD IN DEFENSE

We read in a recent magazine article that college professors do not know how to teach. This criticism may be partially deserved. But the vituperate critic of the profs might well inquire whether the responsibility for ineffectual teaching lies with the instructor or with himself and his classmates.

The teaching techniques used in grade school and high school should not be needed by the college professor. In fact, the intelligent student should consider them insulting. The art of discipline should not be required on college level. Its purpose in lesser grades is to instill a sense of self-discipline. If this is not acquired at age 18, the student might better seek to re-enroll in kindergarten.

While lecturing is a main duty of the professor, he need not be a great orator. The art of the speaker depends on the listener to a great extent. Only a class that is alert and obviously interested can expect to inspire the best in the instructor. It helps if he is amusing and entertaining but entertainment is not the commodity advertised by the college. If that is what we want, we can get it for a penny at a peep show.

The professor may properly assume that the student is enrolled because he is interested. Devious lures, coaxing and cajoling should be considered beneath his dignity. Often a class is so clever they can completely lead the instructor "off the subject." Why not? Only the remote and insensitive professor is indifferent to the expressed wishes and interests of his "customers."

Of necessity, college subjects are deep and often involved. They are of interest only to those who are ambitious enough to delve into them, to learn the proper vocabulary to understand them, and to keep pummeling their depths. Then they become intensely absorbing. The student who does this with a subject will find a strong common bond of interest with his instructor. He will phrase intelligent questions that will point out to the professor the needs of the particular individual and class.

We may not get what we paid for in education. But if we don't, we will probably get just what we bargained for in each daily class.

—M. L. J.

## Letters to the Editor

February 25, 1949

Dear Editor:

I am one of many who would like to comment on the views and insinuations made in a letter published last week and signed R.E.S.

R.E.S. professed a feeling of embarrassment upon entering the Union Room unaccompanied. Why? It must be a pure product of imagination; for all who have ever entered a Union Room realize that eye-gazing couples, who take an hour to sip a coke, seldom see those who enter or leave.

R.E.S. some day you, too, will meet a person whose eyes and conversation attract. You, too, will find the tables of the Union room a good place to talk and sip a coke. Until that time comes, please don't project something crude or indecent upon those who are normally attracted by one another.

For the sake of our standards, never attempt to force this eye-gazing into the practice rooms as you suggest or to the seclusion of an automobile or into some off-campus joint.

If you really know of some unhealthy practice being indulged in by some of us, go to the Dean of Men or Women. Give names and facts. Don't make the innocent sound indecent or immoral. To "understand" things is vicious gossip. Such has harmed or ruined many an individual, churches, and well-intended groups.

—L.V.K.

Editor's Note: Maybe R.E.S. and L.V.K. could get together. The editor considers R.E.S.'s letter sufficiently answered and the matter closed.

Dear Editor:

As "two perturbed bachelors" said in a recent letter to the editor, "Friday night is the loneliest night of the week." A 12:30 curfew is too early for an upper division woman, especially if she happens to be going with a town student. I will agree with the powers that be that lower division students should possibly be in by this hour, however it seems to me that junior and senior women are mature enough to be allowed a little extra leeway.

The majority of women students on the campus are not gainfully employed and can sleep late on Saturday morning.

Is there any good reason why Friday night hours cannot be extended for upper division women? In most colleges and universities they are granted privileges that that are not extended to lower division students.

Why is it none of these letters to the editor have been challenged? Possibly it is because the administration has been too busy to stop and consider these facts, but we feel that this problem is of sufficient importance to warrant immediate consideration. I

## LARGE CROWD ATTENDS FILM

Approximately 300 people attended the first showing of the "sermon from science" film: "A Voice from the Deep," at a special C. E. meeting Wednesday evening. The film, produced by Dr. Moon of the Moody Bible Institute, was presented by the Rev. Mr. Swanson, an institute member, who told something of the life of Dwight L. Moody, institute founder, and Dr. Moon, head of the science department there.

A special number was presented by a women's trio of Colette Stirn, Janie Winter, and Marian Venn. Scripture was read by Bob Dudley. The Rev. H. L. Penhaul-urick introduced the speaker.

Additional showings of this film, and the two produced previously, "The God of the Atom" and "The God of Creation" were given Thursday morning during Chapel hour, and Thursday evening.

## WRITER'S CLUB PLAN PROJECT

A publication of student's literary efforts is the project planned by members of Writer's Club, according to Janet Hiser, president. Preliminary plans for the publication, were made at a recent meeting, and several members presented poems and short stories to the group for evaluation. Professor A. O. Gray brought several available writer's publications to the attention of the club, and business matters were discussed. Refreshments of coffee and doughnuts brought the meeting to a close.

feel that the students of Whitworth College are entitled to know the administration's opinion on this subject.

## Whitworth Whims

By SALLY

Although most performers live to close their presentation with a bang, the trick step in the Speech Auditorium is not appreciated by those to whom it has been a "stumbling block." Just "ask anyone who knows."

If a bright-eyed Whit dashes up some sunny day and says, "Hold it, I want to shoot you!" don't head for the hills—it's just another camera-fiend encouraged by the ideal "snapping weather."

The suntan bug has hit numerous Whitworthians. Is it spring fever or are they preparing for the senior Varsity Varieties? "Everybody wants to get into the act!"

Students! Don't ask Professor Culverwell where he digs up his information for his classes. He has just been elected vice-chairman of the Spokane Chapter of the Archaeological Institute of America, and he might tell you!

People who constantly complain about their present school and long for a former institute of higher learning; show that they are in the wrong place. We want all Whitworthians to be whole-hearted students, not half-whits.

The charcoal sketches in the art lab. have caused confusion and concern among modern art critics. To ease the perplexity of any poor unfortunate observer, the pictures are merely the first attempts of a primary art class at portrait drawing. Just for the records, they represent Patty Young knitting a sock.

Remember, before you go to church this Sunday: turn your dial to station KHQ for Whitworth Choir's radio program!

# SPRING DISTRACTS AS END APPROACHES

By Joan Beckwith

Life is full of its little problems but as I sit here with my head nodding over Emerson's essay "The Poet" and my eyes almost glued shut, I can scarcely remember them. I can hardly remember the coming test tomorrow or the two term papers due on Monday. I can start to work on them tomorrow. I can think of nothing more enjoyable than to be sound asleep.

## Poem?

Over and over in my head I can hear,  
"Spring is sprung,  
The grass is riz,  
I wonder where  
The flowers is?  
Spring is sprung..."

I musn't forget to make a note in my diary that I didn't wear a coat or boots today—how risque can we get?

'Sfunny, but everythings sor... ta gray... and... ha... zy... Goodness, I can scarcely remember getting to school this morning, but here I am in my American lit class with the test paper in front of me.

## Emerson Said

"What did Emerson mean when he said the 'Universe is the externalization of the soul'?"

Oh dear, I haven't any idea.

"Define enchytræa."

I don't know, I just don't know.

"Tell briefly what Emerson believes about a poet."

I look up helplessly. Dr. Christianson is standing at the front of the room smiling and rubbing his hands together. He looks at me and laughs. His laughter is ringing in my ears.

## All Quiet

Everything is quiet again. I have that sick feeling of having just flunked a test. I have a blank piece of paper in front of me. Prof. Gray is looking at me. He looks awfully mad. I wonder what I have done now?

"Write, Write," he yells at me. I don't have anything to write about.

"Write!"

But I don't.

## Gray Agitated

"WRITE!! WRITE!!" Prof. Gray starts jumping up and down. I've never seen him this way before. All the other students are looking at me and laughing. I grab the only typewriter that types to take it over to a corner. It slips from my hands and drops to the floor scattering the pieces.

Everything is very quiet.

Suddenly something pops and I am curled up in a big chair. I have a very stiff neck and my lit book is open at the middle of Emerson's "The Poet."

Nuts! I'm going to bed.

## WSC Librarians Visit Whitworth

Two librarians, Clarence Gorchels and David Libbey, from WSC, visited Whitworth library last week. They said new library construction at WSC will be completed in about a year.

## NO TICKEE? NO LAUNDRY!

By FLOSSIE

We're always proud of the kids who have enough imagination and initiative to brave the outer-world competition. We think more of the free enterprise spirit around campus should be put into practice.

The latest advocates of the capitalistic ideology are Wisly (Bev McMorrian) and Washy (Donna Jean Anderson). Their advertisements, which have been placed in all the men's dorms, reads as follows:

## Hey Fellows—

To you with the blues,  
We've got some good news:  
Hustle up your shirt  
And we'll free it from dirt,  
Starch collars and cuffs and iron them, too;  
And in just three days we'll return it to you.

In addition to this  
To fill you with bliss,  
Your sox we will darn  
For we've plenty of yarn.  
Twenty cents is the price,  
Now isn't that nice?

Wisly-Washy Laundry, Inc.

## Support March of Dimes.

## RECITALS DUE FOR MUSICIANS

Mrs. Anna Jane Carrel announces the junior recital of Jean Tanner to be given March 10 at 7:30 p.m. in the Fine Arts building.

Featuring her piano numbers will be Bach's Prelude in B flat Minor and the novel Three Fantastic Dances by Shostakovich. In the concluding number, "Romanze" by Mozart, she will be accompanied by the Whitworth college orchestra.

Her tentative program is:

PART I  
Prelude in B flat Minor.....Bach  
Sonata in G.....Scarlatini  
Sonata in E Minor, Op. 90.....Beethoven

PART II  
Mazurka in B flat Minor.....Chopin  
Etude in C sharp Minor.....Chopin  
Aufschwung.....Schumann

PART III  
Three Fantastic Dances.....Shostakovich  
Jardins sous la Pluie.....Debussy  
Le Vieux Mendiant.....Berlioz  
Rhapsody in C.....Dohnanyi

PART IV  
Romanze from Concerto in D Minor Mozart  
Betty Follett will also give a junior recital next Sunday at the Fine Arts building at 4 p.m. She will feature both piano selections and vocal numbers. Included will be a group of German "Lieder," a collection of novel songs and ballads.

## Support March of Dimes.

## DINNER DRESS: DILLY DILLY

By FLOSSIE

Whitworth has a quaint ideal of making women, ladies and men, gentlemen. Efforts to comply with this optimistic program are especially noticeable at the evening meal. From a study of the subject, it has been determined that the reason for this phenomena can be traced to the regulation forbidding bobby sox on women and insisting on ties and coats on fellows.

Monday night we went to dinner with thoughts on fashion as well as on food. The dining hall was a unique vogue review—everything came that could squeeze by Mrs. Sutter's scrutiny. To the town student who is ignorant of this bliss, may we give you some of the scenes.

Emily Post would have been pleased, as we were, to see Phyllis Cosman wearing a tailored wool suit, hose, and suede wedgies. Most of the girls, like Betty Burdin, wear sweaters or blouses and skirts that have a little dressier appeal than the routine attire. A good trick is to add a scarf or scattered pins for that special touch. Then there are some of us who have lab until 5:10 and barely make it on time as it is.

Sunday noon is really the time to see Whitworthians clothes-conscious. In fact, it is about the only campus activity that lends itself to Adrian and heels.

During this messy weather, it's quite appropriate to wear our boots to dinner. Perhaps we're maladjusted, but we got a fiendish feeling of getting away with something—boots are a good excuse for keeping our sox on.

The masculine sex has its extremes, also. What they won't do to avoid being conformative! It's really a jolt to see a white shirt, silk tie, sport jacket, and filthy cords combination. It's beginning to seem strange to see some fellows, like Don Griffin, who occasionally remember to model their suits.

Most of the competition among the men is centered on their ties. We've always been advocates for bow ties—the brighter, the better. We also admire the recent popularity of the brilliant, knitted four-in-hands. Something a little unusual we noticed was Ken Tarnquist's corduroy.

It might be interesting to contrast the campus dinner apparel to what one can get away with at the home supper table.

## Spring Tea Is Scheduled

Plans are underway for the annual spring tea to be held Friday, April 1, from 2 to 5 p.m. in the women's lounge, according to Madelyn Curtis, general chairman. This annual event, sponsored by the AWS, will be a "cotton" tea, and sketches and models of spring cotton fashions will be featured.

Those working with Miss Curtis are Nina Sykes, posters; Margaret Baird, program; Mary Lou Anderson, special arrangements; Beth Roduner, refreshments and table arrangements; and Janet Hiser, publicity.

## Eric Arrives

The most recent news among the faculty is the birth of a son, Eric Henry, to Professor and Mrs. John Bachman. Eric, their first child, was born last Saturday afternoon at the Deaconess Hospital. He weighed 7 pounds and 6 ounces.

Mrs. Bachman, the former Ruth Gouldin, was a women's physical education instructor at Whitworth from '43 to '45.

## Choral Speaking Studied In Class

The new class in Religious Drama has been busy studying the values of choral speaking. Each member prepared a selection for the group to do, and from these four were chosen: "Paul and King Agrippa," prepared by Bob Ryland; "The Seven Last Words of Christ" by Mel Unruh and Donna VanderMeer; "Psalm of Life" by Virginia Gaiser; and "The Touch of the Master's Hand" by Holland St. John.

The group is planning to present a chapel program of religious drama.

## Chivalry Exists

Whitworth chivalry is putting Sir Wally to shame. Les Kirken-dorf has an improvement on that old coat-over-the-mud routine. He carries Shirley Bosworth across the aspiring brooks on his shoulders like a sack of flour.

## Pansies Coming To The Campus

Pansies on the campus soon are promised by Mrs. Douglass, wife of Building Superintendent G. C. Douglass, and her assistant, Sam Morimoto. Mrs. Douglass said the severe winter killed most of the plants she tried to carry over in the green house at McMillan hall, but the hardier pansies survived and are going through their most critical period now with the weather's alternate thawing and freezing.

The Douglass home currently looks like a green house. Every available ledge, window sill, mantel, etc. in the house supports a pot starting plants to be placed in the McMillan greenhouse as soon as the weather will allow.

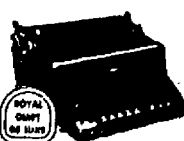

Mrs. Douglass' work with campus flowers has been donated the past three years. She will receive hourly compensation this year.

Mr. E. L. Lind, Grounds Superintendent, said the plot between Graves and Ballard halls will feature zinnias this year.

## HOME EC CLUB TO BE ADVISED

Mrs. Wartes will speak at the next meeting of Alpha Beta, women's home economics sorority, to be held Tuesday, March 8, in Fine Arts 17 during chapel hour. She has chosen as her topic "Your Kit for Making Sunshine." Mrs. Wartes plans to give some practical hints on "making the most out of the least" in homemaking. She will use models to illustrate these practical helps.

# Graves Gym Hosts Northeast High School Tourney

## EIGHT TEAM PLAY OFF TO PICK STATE REPRESENTATIVES

Graves gymnasium is the scene of an important high school basketball tournament which has been going on since Wednesday and which will be concluded tomorrow night with a championship game. Eight teams entered the Northeast District Class B Tournament with the hope of gaining one of the top three tourney spots which would give them a shot at the state Class B championship to be decided later in a tournament at Seattle.

Defending tourney champs, Harrington high school, returned again this year in an effort to retain the title they won last year at Whitworth, and will be pre-tourney favorites to repeat for the 1949 laurels. They finished their regular league campaign on top of the Lincoln-Adams county district.

Reardan high school came to the Northeast playoff as the number two Linepln team. Although they finished in first place in their own conference, they were defeated by Harrington in a post-season district playoff.

Pend Oreille's two representatives are Metaline Falls and Newport. Metaline came on the strength of their first place standing in their district, but the Newport five had to come up the hard way. They captured the eighth tourney spot by coming out on top in the preliminary games played at Whitworth last week.

Fairfield high from Spokane county enters as the dark horse team and could very easily walk off with the first place trophy. They boast a high-scoring squad with plenty of reserve height to win games. Although they do not play as fast a game as some of the other teams, their ball handling and control is excellent.

Marcus and Hunters round out the eight tournament teams. Marcus, the number one team of Stevens, has the smallest squad represented. What they lack in height, however, they make up for in speed and shooting. They have been one of the highest scoring aggregations of this area. Hunters, winding up its league campaign in the second position of Stevens county, is another squad that uses the ball control method to win its games.

## GIRLS BEATEN BY SPOKANITE

The girls varsity basketball team lost its first game of the season to the Spokaneite Cleaners last Friday night 40-30. The lead see-sawed back and forth in the early minutes of the game but the Spokaneites finally began pulling ahead and the Whits couldn't close the gap after that.

Tuesday night the Whitworth team came back into winning stride to edge Tekoa 28-21. Tekoa held the lead in the early minutes of the game. However by half-time the home team was able to pull ahead to a 15-10 lead.

Carol Gray was high both nights with 10 and 12 points respectively.

Whitworth Tekoa  
Spalding 2 .....F..... Horner 3  
Gray 12 .....F..... G. Lieveke  
McKee 9 .....F..... Whitehead 2  
Leavens .....G..... Wertz  
Magnuson .....G..... Gish  
Hull .....G..... Pitman

Whitworth substitutes: Colver 2, Oaks 3, Wilson, Sneidermiller, May, D. Stueckle, McPhee. Tekoa substitutes: Thompson 2, Libby 12, Jacoby, Kull T., Kull M., Wall, Lieveke V.

"Shoes" come in pairs on the Harrington high school basketball team. Two of the Panthers' spark plugs are their backcourt speedsters, Lawrence and Richard Schuh (shoo). L. (awrence) and R. (ichard). Teammates have nicknamed them Left and Right Schuh.

## BUCS RECEIVE COAST TROPHY

Whitworth's hoop squad returned from the coast with a new trophy for the cup collection. Defeating Seattle Pacific in two tilts early this week, the Pirates received the 18-inch trophy as an indication of their winning "ways."

This trophy, donated by the Athletic Supply Co. of Seattle, will be given annually to the winner of the Whitworth-Seattle Pacific two-game series; however the home team must sweep the series whereas as visitors need only a "split." Three-time winners will keep the trophy permanently.

The idea behind this trophy is to establish a contest similar to the W.S.C.-Idaho clash for the brown jug.

## HOLMES IS YMCA AID

Dave Holmes, graduate student at Whitworth, has been named boy's physical director of the YMCA, Paul Hammond, youth activities director, announced recently.

Holmes is majoring in physical education at Whitworth and is the intramural director. He will be in charge of the YMCA's boy's gym programs and special athletic leagues.

## Matters Leads At Camp Reed

Clyde Matters will be the associate director of the YMCA's Camp Reed for the 1949 season, Milton Fritsch, camp committee chairman announced recently.

Matters is a junior at Whitworth and a member of the basketball squad. He has been active in the YMCA boys' camp for many years as a camper, counselor and section leader.

Matters will be in charge of the camp program, supervising directors of the younger and older boys' sections. He will also assist Paul Hammond, director of YMCA youth activities and camp administration.

## Candid Shots

By Don Barlow

Tall, 6 foot 4 inch Al Good has finally come into his own in basketball cycles. He has always been a good player, and looked very good in practice, but when he played in games he tightened up and couldn't seem to get started. He needed one essential factor that can make or break any player. Confidence. In the last few weeks he has gained this factor.

Al is a native Californian. He attended Herbert Hoover High School in San Diego, his home town, and lettered in basketball for two years. In 1944 and 1945 his high school won all their games in the Southern California Tournament. The team also went to the Beverly Hills Invitational Tournament and won their games there. Al was named on the first seven in his conference.

After his graduation from high school, Al entered the Navy. He played ball for the Hawaii Area Receiving Barracks team. Here he ran into the stiffest opposition in his career. He played against such players as Joe Falkes, who was just about all-everything in basketball cycles. Al played for one season on this team.

After his return to civilian life Al entered San Diego College. He played ball one season for this school. Al met Dr. Warren in California at a Youth for Christ meeting, and consequently entered Whitworth the following quarter.

## INTRAMURALS WINDUP PLAY NEXT MONDAY

By DAVE BEAMER  
STANDINGS

	W	L
Town Trotters	7	1
Ball and Chain	6	1
Nason Hall	7	2
Town Independents	6	2
Whitworth A	5	2
Goodsell	4	4
Washington	2	6
Lancaster "Dixiecrats"	2	6
Lancaster II	2	7
Whitworth B	0	9

The Intramural Basketball League will wind up its action next Monday night when the league leading Town Trotters lay the championship on the line against the second place Ball and Chain quintet at 4 p.m. in Graves Gym.

If the married men can come through with a win over Washington Hall in Saturday's game, both the "Trotters" and the "Chains" will enter Monday night's game with identical records, and the winner of the game will have undisputed possession of the championship.

However, a four-way championship tie is highly possible in the event that Washington Hall does manage to upset Ball and Chain and then the married men go on to take the Trotters on the rebound next Monday. This would leave the Trotters, Ball and Chain, and Nason Hall in a three way tie and the Town Independents could make up the fourth team if they get by the Lancaster Dixiecrats when they meet Saturday afternoon.

If this should happen a play off between these four teams would be necessary to determine the league champions.

### Last Weeks Scores

Washington, 54; Whitworth B, 32. Nason Hall, 32; Whitworth A, 31. Lancaster II, 52; "Dixiecrats," 24. Town Trotters, 35, Nason Hall, 26. Town Independents, 52; Goodsell, 34.

### Coming Games and My Predictions

Saturday  
9:45—Ball and Chain vs. Washington. The married men get upset by the scrappy "Washingtonians."

11:00—Whitworth A vs. Goodsell. A close eight point win for the "A's."

1:30—Town Independents vs. "Dixiecrats". The Dixiecrats are left on the south end of the score.

Monday  
8:00—Town Trotters vs. Ball and Chain. Trotters "trot" off with a championship by a close win over the married men.

## SEASON'S FINALE AGAINST OREGON

Jerry Stannard, athletic director and basketball coach, has announced that the Pirate hoop squad has two remaining games to be played before they wind up their season. Two tilts against Eastern Oregon College of Education which were not announced on the regular schedule will be played this coming week at La Grande, Oregon.

By winning these games the Whits could bring their season's record to 15 wins and 19 losses. Three weeks ago the Whits had a record of 8-18, but since that time they have been consistently turning in good performances and have bettered that standing.

The tilts are slated for Monday and Tuesday nights. The squad will leave Whitworth Monday morning.

## Whits Conclude Best Road Stand

The Whits returned Wednesday from the coast where they turned in their best road trip performance of the year by winning three games in a four game stand. Last Friday and Saturday nights the squad concluded its Evergreen Conference schedule by splitting with Puget Sound and St. Martins. They were dropped by the Loggers 63-46, but they in turn downed the Rangers 61-56 to post their first league road trip win.

Monday and Tuesday nights the Pirates turned in a pair of wins to capture a two game series from Seattle Pacific. They copped the non-league wins by scores of 60-47 and 74-69.

By winning their last three games, the Pirates brought their season record to 13 wins as against 19 losses. They have now won five of their last six starts, and have increased their road trip wins to four.

The win and loss in league action left the Pirates in a fifth place deadlock with Western Washington with four wins and 10 losses. During their 1948 campaign in the Winco league they finished in fourth place with an 8-7 record. They also managed 18 wins in that campaign during a 34 game schedule.

## VARSITY VARIETIES ARE HERE TONIGHT

### ART INSTRUCTORS PRESENT EXHIBIT

By S. E. and W. S.

An exhibit of the paintings of Professor John Koehler and J. Russell Larson will open today in the faculty lounge. The entire show is limited to landscapes done in watercolor, tempera and gouache, and will consist of about 20 paintings.

"The paintings to be exhibited," stated Mr. Koehler, "are works completed this past year from sketches made on trips taken around the state of Washington."

The exhibit, which is open to the Whitworth public, will continue through March 18.

#### Artists' Background

Extensive art work by both men lends authority to the showing. Mr. Koehler is a graduate in the Oregon school system, and also at the University of Washington. He is head of the Whitworth art department.

Prof. Koehler prefers to work in tempera and gouache rather than water color or oil because he feels that in these media there is a strength and facility with which he can better express those qualities that are truly creative.

Mr. Larson is also a graduate of the University of Washington school of art. He is an industrial designer employed by the Baldwin Neon Sign Co., and a professor of art at Whitworth. His work in water color shows careful attention to detail, and a fine technical skill in the handling of his medium.

#### Crescent Exhibit

A second exhibit of these works together with those of Mr. Herman Keys, well-known California and Spokane artist, is scheduled tentatively for March 28, in the Crescent art galleries. There will be approximately 24 paintings shown at that time.

Mr. Keys is a partner in the firm of Associated Artists. He and Mr. Koehler will teach a six-week's summer school course in creative painting, consisting of field trips, lectures and studio work.

### Funds Are Sought For Student Bldg.

"Plans are underway for a Student Union Building fund," reported ASWC president Jerry Mahaffey, "and to be included in the building will be a snack bar, a student co-op, and lounging and recreational facilities."

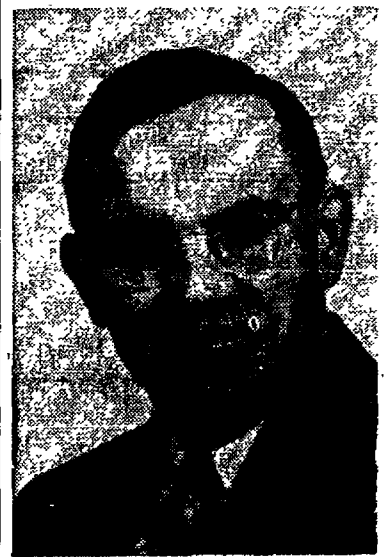

"We could break the ground by summer," he said, "if we had full cooperation of the student body. In the very near future, floor plans of the proposed building will be completed."

At the recent student council meeting, consideration was given to the awarding of a scholarship to the editor of the Whitworthian. The scholarship would be equal to the one granted to the editor of the yearbook, Natsihi. The Natsihi manager receives a similar grant.

Discussion of fire prevention and protection and organization in the event of fire was the subject at the past executive meeting.

### Expert Tells Why Russians Act That Way

Prof. Frank G. Williston, University of Washington Community Forum speaker, addressed two groups at Whitworth today at a Student Assembly in the College

Prof. Frank G. Williston

gymnasium, and the Social Problems class in Grieves Hall.

His topics were, "What Makes the Russians Act That Way?" and "American Far Eastern Policy."

In addition to his work in the Far Eastern Department at the University, Professor Williston acts as moderator for the University of Washington radio forum, "Think It Over!"

#### Is Specialist

He is a specialist in modern history and Far Eastern international relations, and has contributed many articles and reviews to journals in these fields.

Professor Williston has traveled and taught in the Far East and has been on the staff of the Northwest Institute of International Affairs and of the Institute of World Affairs.

He was engaged in student relief work in Europe after World War I, and spent 1946 in China as economic analyst for U. N. R. R. A.

### PHOTO CONTEST TO BE EXTENDED

Richard Denton, Editor-in-Chief of the Natsihi, announced that the Snap-Shot contest will continue the first part of the next quarter. Due to the sudden changes of plans for the school's annual, Denton states it is necessary to continue the contest and not close it at the end of this quarter. "So get those favorite pictures in to the office and you may win a valuable prize," declared the editor.

## Novel Campus Talent Is Mixed To Provide Student Attraction

### WHITWORTHIAN PROPOSE STUDENT SECURITY GROUP

A joint meeting of the Sefelo and Alpha Chi Councils to decide upon the establishment of a student security council was held Tuesday night. The proposed council "to integrate the administration and students" would handle such problems as concern discipline in the library and dining hall, speeding, and dormitory rule infractions, according to Jerry Mahaffey, student body president. The council would directly represent both campus and town students, and would be advised by appointed faculty members.

"We feel that it is felt by the majority of students at Whitworth College that the students must have a part in maintaining discipline on the campus," Mahaffey stated. "If such a security council is formed it will be backed to the hilt by the administration," he continued. "We feel that the students who have a mature outlook on life will feel that this is a step in the forward direction."

A committee composed of Don Smith, Jim Hardie, Ray Gouldin and Vi Goodale, will propose the establishment of such a board to the student council meeting next Tuesday. In order for it to take effect, the proposal must be accepted by the student body, and the ASWC constitution revised.

### Med Missionary Will Speak Sun.

Dr. William H. Dobson, medical missionary to Canton province, China from 1897 to 1940, will be on the campus all day Sunday, March 13.

Recommended as a "whinger" of a speaker for young people by the Rev. Garth Steele, Emanuel Presbyterian Church, Spokane, Dr. Dobson will be at Mission Fellowship, Speech auditorium at 7 a.m., Whitworth Community Presbyterian Church at 11 a.m., and tentative plans are for a discussion session at the library at 4 p.m.

He was the first man to romanize the Chinese dialect in his district around Yeungkong, Board of Foreign Missions announcements say, and he introduced modern conveniences such as the bicycle, telephone and electric lights. A leper colony near Yeungkong was converted to Christianity by Dr. Dobson and other missionaries. Later, the colony was massacred by troops of a Chinese officer who was jealous of one of the lady inmates, Dr. Dobson said.

No subjects for his Sunday talks are announced. The doctor said he would talk on whatever his listeners cared to hear about.

Variety is the spice of life, and according to Chairman Donna Vander Meer, there will be plenty of it tonight in Varsity Varieties, which will begin at 8 p. m. in Graves Hall. Musical numbers, skits and comedy acts will highlight the program.

### NEW COURSES TO BE OFFERED NEXT QUARTER

Several new courses have been added to the curriculum for Spring quarter, according to Miss Estella E. Baldwin, Registrar.

Two 3 hour Biology courses are being offered by Mr. Legg. Histology, a course open to Biology majors, is the microscopic study of the anatomy of various organ systems of mammals. Eugenics offered to students of junior year or better standing is the science of the betterment of the "human race," and included study of genetics and sociological factors.

#### Etiquette Featured

The Home Economics department is offering a course in Etiquette and Personality. This one hour course is especially for non-majors. Etiquette pertaining to such subjects as table service, eating, conversation, introductions, travel, dating, weddings, clothes, gifts, and business will be included. Miss Mary Boppell is the instructor.

#### For P. E. Majors

Tests and Measurements a three hour course, is being offered for the first time by the P.E. department under the instruction of Mr. Rempel. It is being offered especially for P.E. majors to give instruction in the administration of a testing program on subjects impertinent to the major. Algebra or a course in statistics is a prerequisite.

#### Purpose Defined

Chamber Music is being offered for the second quarter, under the instruction of Mr. Robbins. The development of string ensembles such as clarinet quartets, brass sextets, 4 and 8 hand piano work, and vocal quartets and trios is the purpose of the class. Mr. Robbins hopes not only to develop these musical ensembles, but to build the reputation of the college.

### Minute Marge Isn't Missing

As you enter our new library and your gaze rests upon the main counter, don't become perturbed because you cannot find a librarian to serve you. Merely approach more closely . . . now lean slightly over the counter . . . that's it—and there you'll find delicate and petite Marge Garcia, ready to fulfill your demand for certain books, or information.

Marge, a sophomore and pre-med, has been with the library staff since the fall quarter.

Opinion of various students is that Marge is not only pleasant and willing to be helpful, but she is efficient as well, in aiding students to obtain the material desired.

Featured with the Chanters in the opening number will be Ginny Raines singing "It Might As Well Be Spring." Other musical numbers with the Chanters and soloists will include "Buttons and Bows," with Janie Winter; "The Song Is You," "With a Song in My Heart," "Three Loves Have I," and "I Love You," sung by Betty Montano, and "All the Things You Are," sung by the Chanters.

During the program the college band, directed by Professor Robbins, will play selections from Gershwin.

#### Variety of Skits

A black-face Romeo and Juliet starring Dutch Elias and Chuck Bovee has an amusing background in a Shakespearean take-off. Other skits include "Are You From The Hills, Billy," featuring Betty Follett, Dick Denton, Al Tobert and John Webb; a deaf and dumb comedy act by Jim Hardy and Keith Morgan; and Mel Unruh in a portrayal of a colored preacher.

#### Quartet to Sing

A male barber-shop quartet will bring nostalgic songs of yesterday in harmonic renditions. "Ballard Belles," a group of femmes fatales, will include Bev McMorran, Donna Anderson, Marilyn Nelson and Bunny Gwinn. Tillie Spillman, Corrine Weber and Barbara Scribner will sing several numbers.

#### Harem Number

An exotic harem number that will feature a male chorus line and oriental dancer will star Bob Farley as the sultan, and Bill Sauve, Al Miller, Don Weaver, Joe Thome, and Ray Johnson as the harem dancers.

#### "Blossom Time"

An original number, "Birdie, Bootsie, and Blossom," will star four McMillan women in the three roles. Birdie and Bootsie will be portrayed by Gloria Wilson and Muriel Stover, and the fore and aft parts of "Blossom," the horse, will be divided between Mary Lu McKeehan and Lois Rundell.

Varsity Varieties is being sponsored by the Senior class to raise money for the class project. Assisting Donna Vander Meer are Pat Douglass, music, Bob Farley, staging, Carmen Poole, costuming, John Stoner, lighting, and Russell Larson publicity.

Those who are the happiest are those who do the most for others. —Booker T. Washington.

#### WAY TO AN "A"

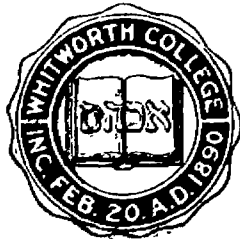

A "break" for teachers and students is anticipated next year after the class of '49 completes their project to provide typewriters for student use in the library. Varsity Varieties, next Friday night, may pave a gay and entertaining path to better grades as illegible scrawl becomes legible type.

## A JOB WELL DONE

The final play-offs in intramural basketball brought to a climax an outstanding year of intramural activities at Whitworth. Although basketball is not the only sport or activity offered under the intramural program, it is a major portion of it, and attracts many participants.

That the season was successful is evidenced in the great numbers of persons turning out not only to play, but to watch from the sidelines. When you can get a good portion of the student body as spectators at intramural games, that in itself is evidence of success.

In intramural basketball for men there has been one person who has worked hard and done a fine job to provide good, wholesome activity for a great number. We think Dave Holmes has done a superior piece of work in directing and managing the intramural basketball set-up this year. It is a hard position to maintain without treading on the feelings of some of the participants, but the job was well done.

## Dr. Whitworth's Grandson Dies

An interesting news note for those who follow the trend of Whitworth history was received this week from Los Angeles. Commenting on the death of Presiding Justice York of Division I of the Second Appellate District, the Los Angeles TIMES carried the following editorial:

The death of Presiding Justice York of Division I of the Second Appellate District deprives this community of the services of a man who devoted many years to the public good.

He had rounded out a full half century of service to the law, but his interests were varied and his advice and help has been known in many quarters.

Justice York's life was in the best tradition of the aggressive and developing West. His father, Waldo M. York, was a noted jurist before him, and his maternal grandfather, the Rev. George F. Whitworth, was one of the famous pioneers of the Oregon trail, the founder of Whitworth College,

## School to Begin Earlier Next Yr.

School will begin on September 13 next year, which is one week earlier than usual. This is being done because the administration felt that students getting jobs for the summer will probably need to be out a little earlier than in the past.

The first quarter will end December second and the Winter quarter will begin on December 5. Christmas vacation will last two weeks, from December 16 to January second. Winter quarter will close March 7 and Spring quarter will begin March 15 following Spring vacation. Commencement will be on June 5 closing the school year.

## Whit I. R. Club Is Reorganized

A reorganization of the Whitworth International Relations club was held Tuesday, March 8. The purpose of the group will be to

## Letters to the Editor

Dear Sir:

I have been here for three and a half years now and every year it's the same old thing. All the fellows flock around the popular girls and write letters about more mixing among the guys and gals when there are some girls on this campus who have never had a date and you can't tell me that they are wet blankets. In fact, some of these gals have more on the ball than some of the popular ones. Yes I'm for dating different gals on the campus but look deeper guys you might find a gem.

—P.J.N.

Ed. note: Well, P.J.N., some of those girls may have a lot on the ball, and you might find a gem if you dig deep, but most of the fellows seem to be content with the glittering jewels that are lying around on the surface. Maybe the others need to cut some of the rough edges off and change from diamonds in the rough to jeweler's display articles.

## Future Teachers See Special Film

"Learning to Understand Children," a film sponsored by the Future Teachers of America club, was shown to education students last Tuesday. The film was a case study of a maladjusted girl of fifteen, and showed the efforts of her teacher to help her.

The film was supplied by the Spokane County Instructional Aids Department, according to Irene Clausen, club president.

## ELEANOR CHASE FEATURED AT CE

Miss Eleanor Barrow Chase, a former Whitworthian and widely known soloist, will be featured at the CE music night, Sunday, March 13. Joan Larson will be the piano accompanist. Lois McConnell will give a reading from Christ and the Fine Arts. Patty Love will play a flute solo.

hold monthly evening, round-table discussions on timely issues. Marlys Prentice was elected chairman.

The first tentative meeting will be held March 31 with the H.W. C.E. club at Cheney. The discussion topic will be the North Atlantic Alliance, and will be open to all students interested.

In this morning's chapel, Dr. Wilson, a specialist on Far Eastern Affairs from the University of Washington, was sponsored by the I.R.C. Club. His subject was, "Why the Russians Act as They Do."

Prof. Culverwell is club adviser.

## Summerson Is Appointed

L. G. Baker, senior class president, recently announced the appointment of Tom Summerson to senior project chairmanship. Working with him will be Evelyn Christiansen and Jack LaRose.

It is traditional for each graduating class to leave some gift to the college for future students' use. This year's gift will be presentation of standard model typewriters, which will be kept in the typing room of the Cowles library for student use. "Revenue for the purchase of these will be obtained from senior dues, the 'Varsity Varieties,' and a special vocal concert by Phil Crooble, Spokane singer," stated Summerson.

## Chanters Guests At Local Church

The Chanters, under the direction of Pat Douglas, were guests at the evening service at the Fourth Presbyterian church last Sunday. The group sang three songs: "Onward Christian Soldiers," "I Want to be a Christian," and "Were You There?"

The Chanters male chorus has approximately 40 members.

## Dawson Story Is Published

By C. L. D.  
Whitworth is abundant with hidden talent; some of it should remain hidden, but there is talent among students that should be revealed.

One talented student, Walt Dawson, recently had a feature article printed in the January, 1949 issue of the magazine *Education*. The title of his article was, "A Community Builds for Fun," based on an interview with Mr. Kenneth Norrie, in charge of planning with the Country Homes Estate Community Civic group.

Walt is a senior who expects to teach after graduation this June. A married vet, he resides in College Homes.

He who lives without committing any folly, is not so wise as he thinks.—La Rochefoucauld.

Nothing great was ever achieved without enthusiasm.—Emerson.

Confidence in another man's virtue is no slight evidence of one's own.

## Whitworth Whims

By SALLY

It has been officially announced that as "all's quiet on the western front," students may go to meals again without their sand buckets. The children have had their play.

The washing-machines in Ballard basement are quite an addition to Whitworth campus. If your time runs out when your clothes are still in "wash" don't be discouraged. A job begun is half done, you know.

The infirmary will really miss out on a boom business, because after this quarter's tests, many students will recuperate at home.

More optimistic students are washing and shining their cars to celebrate the arrival of spring. To keep his car looking smooth, Randy Hucks polishes it with baby oil. Have you ever heard of "greased" lightning?

Look into the student court plans and you will discover that it is a disciplinary board, not what students supposedly do in the hashed over practice rooms.

"Three-in-one" is no longer associated with a famous oil, but these words have gained new renown as the slogan of confused Whits try to plan their schedule for next quarter.

The "Varsity Varieties" or "Blackouts of '49" will be presented tonight. It won't be a smudge on your character if you attend.

## EDUC. DEPT. IS ENLARGED

The education department is being enlarged to make it possible for students to properly plan undergraduate work in order to complete their masters of education degree in the fifth year.

"This requires careful planning," stated Dean Munn, "by completing certification requirements as seniors and specific courses outlined in the education department."

Further information about this program can be obtained from any member of the graduate committee which consists of Dr. Munn, chairman, Dr. Theron Maxson, Dr. Gustav Schlaugh, Dr. Thomas Bibb, and Dr. Mark Kroehler.

## TAKE CLOSE LOOK AT CLOTHES-LINES

Traditionally, the gossip old maids are supposed to snoop around the neighborhood's clothes lines, shaking long, bony fingers of condemnation at the tattle-tale grey. In like manner we surged forth with pad and pencils clutched in our grubby little fists to expose under-cover fashions.

Oh, how disappointed can old maids become! Not a single trace of scandalous black silk did we find.

### What I Saw!

Both Ballard and McMillan attempted to be coy with their lines, but in true Hawkshawian manner we mounted the dilapidated stairs to the attic. Although the women of Ballard Hall may have merry countenances, deep, down inside, they must be very despondent; the majority of their—duh—were blue. We're not sure whether McMillan's haunted or not. We didn't hear the chains; the flitting, white sheets were enough for us.

Lurking behind Whitworth Hall, we practically had to wave our white kleenex for truce. Friend or foe—ha. All their laundry was strictly bourgeois, anyway.

We couldn't detect Washington's line. This is by no means an implication that they don't wash.

### Who's There?

We were a little jolted to see a pair of men's overalls swinging from Westminster's wires. Who knows, perhaps someone is living incognito.

The verse, "cleanliness is next to godliness," gave true inspiration to Nason—everything from dainty unmentionables to rugs.

Wow! What a screaming, flowered pair of p.j.'s we found at the barns. Another thing we saw there has completely allayed our fears—fellows do wash their Levis.

### Just Wait

Somehow we foolishly wandered into Ball and Chain. The monotonous, wet diapers soon discouraged us.

Guess we ought to be hanging our own close up on this line.

## DORM SHOWER HONORS MIMI

Mimi Van Patten was fêted at a bridal shower given by her roommate, Tillie Spillman, Wednesday night. The women of McMillan Wing were guests, and the shower was held in the reception room.

Mimi is the bride-elect of Dorsey Bailey, Whitworth alum. Since the wedding date is set for early June, she will not return to school spring quarter.

## C. E. PROVIDES VARIED TOPICS IN PICTURES

By ED STUTHEIT

Selected motion pictures and spiritual messages have been featured in the CE meetings recently. On Wednesday, February 23, a film showing the work of the Garden Rescue Mission of Chicago was shown. The picture was obtained for CE by Gilbert Thiesen. A trombone duet for this meeting was provided by Gordon Schweitzer and Dale Parton.

McMillan dorm night was Sunday, Feb. 27. Eva Wong led the singing, Janette Du Fresnoie played a violin solo, and Mary Brock sang. Speakers were Sylvia Brabant, who spoke on "The Inward Manifestations of the Christian Life," and Dorothy Leavens, speaking on "The Outward Manifestations of the Christian Life." Dorothy asked, "Are you a thermometer Christian or a thermostat? Do you register the temperature of the room or control it?"

### Undersea Film

Another film, "The Voice of the Deep," one of Irwin Moon's pictures produced by Moody Institute of Science, was shown on Wednesday, March 2. Recording of under-water sound was the subject of the film. The picture showed that as many people thought erroneously there was no under-water sound, so many people wrongly think there is nothing beyond the physical realm, because they do not know how to discern spiritual life.

### Foss and Follett Talk

Arnold Foss and Betty Follett were the speakers at CE last Sunday. Foss, speaking on "Peace," stated that there can never be peace in this world until Satan is cast out. He said the only peace we can have is that which we have in our hearts as believers. Betty on patience said, "We must be patient and wait for the Lord to guide. We must be patient in little things."

In difficulty you understand your friends—Chinese Proverb.

Going home for spring vacation? Travel to and fro in a comfortably smart outfit like one of these. Both are in cotton and launder easily. It looks like long skirts and shorter hair are here to stay for awhile, and these two models might have just stepped off the Whitworth campus, where the women have almost unanimously adopted the new look.

## Cozy Inn Scene Of Engagement Follet Recital Attracts Crowd

Mary's Cozy Inn was the scene of the engagement announcement of Joyce Trail to Rich Peters, Tuesday evening, in the presence of a few close friends. The announcement was made again in Westminster at an informal gathering of several of the dorm women. The couple plan to be married some time in September, in Richmond, California.

Prices that once were appalling now seem appealing.

Betty Follett was presented in a piano and voice recital Sunday afternoon before a gathering of over 80 people. Her performance of Mozart's Sonata in D Major, accompanied by Laura Fraser, highlighted the presentation. Miss Follett sang German art songs by Franz, Schumann and Mozart, and played selections from both the master and modern composers. A short reception followed.

## KNOCK-OUT CORD COLORS FOR FELLOWS

Not dyed-in-the-wool, but dyed-in-the-cords . . . that's the latest for the local yokels in the line of fashion. Kenny Turnquist set the pace in his knock-out blue cords, and now Gena Uuruk and Earl Plankenhorn have appeared in cords dyed buttercup yellow.

Here are some color suggestions, fellows, if you care to follow suit: cyclamine pink (it would be sensational with your letter sweaters) chartreuse, (for that important date), atomic blue (if you're feeling dangerous) or midnight purple (for the man-about-town).

A few radicals have threatened to dye each cord-leg a different color—an effect which might be interesting if contrasting combinations were used.

Be sure to notice . . . Dick Baker's wine cardigan jacket . . . Joan Day's tweed suit . . . Don Gum's crew cut . . . Larry Baskett's "casual" outfit . . . Mary Nan Kling's striking print dress . . . Mary Leaven's plaid and plain combination . . . John Webb's overalls . . .

## SPRING COTTONS

# Ball And Chain Squads Capture Intramural Titles

## CHAIRMEN WIN OVER TOWNERS TO COP CROWN

FINAL STANDINGS		W	L
Ball and Chain	.....	8	1
Town Trotters	.....	7	2
Nason Hall	.....	7	2
Town Independents	.....	7	2
Whitworth "A"	.....	6	3
Goodell Hall	.....	4	5
Lancaster II	.....	2	7
Lancaster "Dixiecrats"	.....	2	7
Washington Hall	.....	2	7
Whitworth "B"	.....	0	9

Ball and Chain fought through a rugged nine game schedule, and came through with a clear cut intramural championship over the ten team field. The married men, who wound up the season with an 8-1 record, suffered their only loss to Nason Hall in an early season game.

Three squads; the Town Trotters, Town Independents, and Nason Hall finished in a deadlock for the runnerup position with 7-2 records. The only team that failed to win at least one game was Whitworth B.

The rugged Ball and Chain quintet captured the intramural title by virtue of a thrilling 38-36 win over the Town Trotters last Monday evening in Graves Gym.

### Come From Behind

The married men had to pull from behind several times during the game to take the lead from the fighting Trotters. Sam Bass set a blazing 22 point pace for the losers to lead the scoring parade. Bill McConnell paced the winners as he peppered the hoop with 17 points.

The chainmen displayed real championship style during the latter stages of the rugged campaign as they knocked four of the five top teams out of the running to see themselves walk off with the crown.

### Softball Next

Dave Holmes, intramural program director, stated that he thought the hoop campaign had been a big success because of the cooperation of those participating in the intramural activities. He is planning to organize a softball league during the coming quarter.

## AN APPLE A DAY PAYS FOR CLOCK

"Fifty dollars from the W Club's apple sale will be given toward final payment on the time-clock," stated Nick Faber, letterman.

The apples were sold during varsity basketball games with Western Washington and U.B.C. and during the high school N.E. district tournament. Apples were obtained from a local warehouse and Phil McDonald for sale by the letter clubs. Both "letterwinners" clubs, the WAA and "W" spearheaded the sales.

Salesmen were Gwen Jackson, Lois Rundell, Lois Long, Betty Green, Helen Dunlap, Gloria Wilson, Bella May, Kenny Gamble, Don Olstad, Dick Carr, Bobby Davis, Bill VanCamp and Sam Tague.

Working with Tom Summerson event chairman, were Nancy Hughes, Nick Faber and Bev Holmes.

To those who would give advice, the best advice that I know is: If you can't be kind be quiet. —M. D'Alroy.

Everybody seems to know enough arithmetic to figure out what's coming to him.

## Summing It Up

By Dick Hardesty

Everyone who has followed Whitworth's 1949 basketball quintet has known that the scrappy Pirates have been one of the scoringest outfits even if they weren't one of the winningest. Few teams this past campaign have been able to hold their offense in check, and if the club could have held down the opposition score better than they did they might have piled up a whale of a record this year. At any rate practically the entire squad will be back for the 1949-50 season.

The Whit aggregation piled up a 34 game total of 2036 points, only four markers short of a 60 point per game average. The sad part of it is that the opposition totaled 2096 points for an average of 61.6 tallies a game.

Little Earl Mortlock completed another successful year by leading his teammates in scoring for the third successive season. Mort, in 33 games swished 148 field goals and 93 free throws for 389 points. Bill Roffler was second with 305.

### Matters Tops Free Throws

Slim Clyde Matters wound up as the number one man in the free throw percentage column. Clyde finished the season with an amazingly good mark of .720 by connecting 72 times in 100 charity attempts. We're waiting to see the latest figures from the National Collegiate Athletic Bureau. Unless I'm badly mistaken, that mark will be right in there with the nation's best. The team as a whole slipped three percentage points from their eleventh place national mark of .649 to .646, still mighty good, however.

### Conner's Last Year

And to Wayne (Pop) Conner, we would like to extend our very best wishes and congratulations for his best season yet. There's a lot more to playing basketball than just scoring points.

Pop is the only man on this year's starting five that won't be back for another year. Jack Mahaffey is the second senior on the Whit squad. Jack (another Pop) has consistently been the best rebounder on the squad for the last two years, and we're thinking that his backboard ability is going to be sorely needed next season.

### No Hum!

Well Sam Adams is going to have a fling at both baseball and track. Sam says he isn't very good at either one, but then that was his comment before the foot-

ball and basketball seasons. I've also been told that he knows how to wield a tennis racket. Is there anything that boy can't do? A Texas cousin of Sam's, Don (Country Bennett, was developing into a pretty fair hoopster towards the end of the season, as was Ray Olson.

Mortlock, besides being the big gun in scoring, was also the squad's number one bad boy. Earl was flagged 121 times on personal fouls. Both he and Conner were chased from 11 games with five fouls.

We're still looking for a name for the trophy that the hoop squad brought back from Seattle. The trophy will go to the team each year that wins the annual clash between Whitworth and Seattle Pacific. If you can think of an appropriate moniker for it, tell either Jerry Stannard or Bruce McCullough.

### Bright Future

The hoop campaign is finished with the squad compiling a record of 14 wins and 20 losses, but that's all water under the bridge. From here the outlook for spring sports looks pretty bright. With a couple more cindermen like Rudy Cozzetto in the Pirate camp and Whitworth could be right in there this year when they host the rest of the conference at the Evergreen track and field championships.

It looks as if Les Patten is going to get a little support from a few newcomers and give coach Mark Koehler's netsters another conference title.

With Old Sol beaming down, the horsehide crew can go to work in earnest. We'd like to see that "Evergreen Conference Champs" sign that first the football squad and then the basketball team discarded, rehung in the locker room. The baseball boys might produce.

Best wishes, Jerry, for a good year in baseball.

## MARRIED GIRLS TOP McMILLANS BY 17-11 COUNT

The Womens Ball and Chain gave the married squads a clean sweep of the intramural crowns by capturing the title in the womens division with a 17-11 victory over McMillan Hall.

Although they led all the way, both teams had trouble scoring points, and the married gals held only a 5-1 halftime advantage.

Mrs. Rempel set the scoring pace as she tallied 9 points to take scoring honors for both squads. Vi Stueckle was high for the losers with 8 points.

The two squads won their way into the championship game by squeezing by with narrow wins in the semifinals. McMillan won over Ballard 23-22, and Ball and Chain nosed Westminster Wing 13-12.

## SCORING MARK SET IN OREGON

Whitworth and Eastern Oregon College of Education ran wild to score 303 points in a two game set at LaGrande, Oregon Monday and Tuesday, with the Whits dropping the first contest 68-59, but turning the tables to grab a phenomenal 95-81 win in the second tilt.

More points were scored in that series than in any other two games played all year. The Whits took the scoring lead by counting 154 times, five more than their foe. The two highest combined scores of other games played this year would be the Whits 87-56 win over N.I.C.E. on December 4, and the 74-69 win over Seattle Pacific on March 1. The combined scores of those games adds up to 286 points, still a lot of points for only two games.

In the second game the Pirates had to overcome a 5 point 41-36 halftime deficit before they could win. Bill Roffler dumped in 17 points in a torrid second period drive that netted his team 59 points and a 14 point edge for the victory.

According to Jerry Stannard, the squad finally got tired of the officiating and made up their minds to win despite their seven man opposition.

## Candid Shots

By Don Barlow

Now with the basketball season neatly tucked away, we can think in terms of spring and spring sports. Don Cameron has distinguished himself in two major sports, basketball and baseball.

Don started his outstanding sports career in grade school, where he entered in football, baseball, basketball and track. In 1943 he placed first in broad jumping and in the 50-yard dash. His records for these two events still stand in Spokane.

Then he entered North Central High School in Spokane. In his freshman year there he lettered in baseball. This was the first time in 17 years a freshman had lettered in this sport at N. C.

In his sophomore year he lettered in track, basketball and again in baseball. He led the league in stolen bases. In the same year he played on the all-State Esquire team.

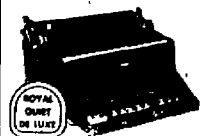

Then in his Junior year he lettered in both basketball and baseball. In basketball he made all-city and was third in the city for individual scoring.

In 1949, North Central won the state championship in basketball. Don was chosen on the all-state team that year. He was also named on the all-city baseball team.

With the record presented here, and the record Don has established for himself in the past basketball season with the Pirates, Whitworth can boast of another outstanding athlete and can look forward to a brilliant career for Don.

Hay for the Feed Bag!

## Puget Sound NAIB Bound

The girls varsity basketball team hit a new scoring record as they beat the Crescent Store girls 72-21. Sparked by forwards Eleanor Culver and Carol Gray, the Whits held a comfortable 32-10 lead at the intermission.

Saturday night the girls took Valleyford into camp by a 32-10 score. Donna Spalding sparked the win tallying 7 points.

Playing in the small Valleyford gym, they had trouble hitting their shots, but still managed to grab an early lead and go on to a comfortable 15-5 halftime count.

Gene Hull captained the Crescent game and Floy McKee was captain at Valleyford.

No. 20

## ALUMNI MIXER DEPICTS COLLEGE LIFE

### Chaffee To Head Bible Department

President Warren announces through the Whitworthian that the Rev. Clifford Chaffee has accepted the Board of Trustees invitation to come to Whitworth as acting head of the Bible department.

Professor Chaffee is a graduate of the University of Washington. He is the recipient of a Bachelor of Divinity degree from Princeton Theological Seminary, and a Master of Arts degree from Biblical Seminary of New York. He has had two years of intensive Bible training at Bible Institute at Los Angeles, and graduate work in Oriental studies at Yale University and the University of California.

#### Warren Comments

In announcing the appointment, Dr. Warren said, "Rev. Chaffee is known for his warm evangelical emphasis. We are sure he will follow in the very fine traditions of the Bible department of Whitworth."

The Chaffees, Rev. Chaffee and his wife-Mary Coper Chaffee, are on loan from the Board of Foreign Missions during the period of unrest in China, where they have been stationed as foreign missionaries.

Mrs. Chaffee is a graduate of Whitworth, class of '40, and according to Dr. Warren, "is a very wonderful helpmeet to her husband, for she possesses a vivacious personality and is a wonderful Christian."

The Chaffees have been actively supported during their mission duty in China by the Whitworth Christian Endeavor Society. Leigh Taylor, president, said, "I am sure it will be an inspiration to all of us to have the Chaffees here. We have watched their work in China with special interest, and welcome the opportunity to have them in our midst."

Due to the addition of another full time history instructor next year, Dr. Warren stated, Professor Yates will be able to assist in the Bible department.

### BIO. DEPT. GIVES WORD

Beta Iota Omega announces the following schedule for future programs timed for 8:00 p.m. in the Science Building:

Monday, April 4, Motion pictures from the Health department.

Thursday, April 21, Lecture by Spokane Bird Club, "Bird Life of the Region."

Monday, May 2, Dr. David Lewis will speak on "The Sex Problem."

Thursday, May 19, Mr. Abbott of the Spokane Park department will speak.

Awarding by the Women's Athletic Association of intramural trophies and varsity basketball letters was the highlight of Wednesday's chapel program.

### Three Skits Show Past, Present, And Future of Whitworth College

Right to left: "Pappy" Oakes, "Jaunty" Jr. Jenkins, "Amiable" Aaron Rempel. Faculty indicates idea of what college would be like with student administration.

### CAMPUS TO GET "LIT UP"

Washington Water Power Company is giving to Whitworth college a complete outdoor lighting system, according to an announcement by the administration. The lighting will consist of eleven large decorative lights located at strategic places on campus.

Work on installation will begin with the next few days.

Commenting on the new lighting, President Warren said, "This is one of the important needs of the college. We look forward to the time the darkness of the forest on campus will be enlightened."

### New Link

Latest link in Ball and Chain lane is the 7 lb. 5½ oz., baby boy born to Mr. and Mrs. Bill Pfeiffer, Sr., Friday, March 25. The baby has been named William Larry.

### CAMPUS TO GET 'NEW LOOK'

Attempts to give the campus the "New Look" will start next Friday morning, according to Al Christensen, ASWC vice-president. The annual Campus Day is scheduled to start at 7 a. m. with a beefsteak breakfast sponsored by Alpha Kappa Chi.

#### Chairmen Named

Cleanup chairmen are Les Mayo and Don Smith. Captains will be appointed to work under them, and committees will work under the captains. The chairmen will probably try to tell the captains what to do, the captains will try to tell their committees what to do, and the whole thing will end up a stinking mess.

#### No School

Biggest feature of the day will be no school—no school—no school—a vacation. Participants will use rakes, shovels, soap, water, and other tools of the trade to clean the campus.

Lunch will be served picnic style in front of the dining hall. Social committee members Dick Carr, Colleen Pickert, Joan Leavers and Paul Schilperoord working with Al Christensen, have promised entertainment.

#### Track Meet Scheduled

In the afternoon an inter-class track meet will start at 1:30.

"All town students are urged to attend the breakfast and lunch (as well as to help with the activities)," stated Christensen. "There will be no extra charge—you just eat what your work was worth."

#### Even Flossie

Jones, Florence; Sherve, Robert;

"Whitworth Panorama" will be presented at the Alumni Mixer, 8:00 o'clock Saturday night in the J. P. Graves Gymnasium.

The mixer is an annual alumni undergraduate party. This year, the affair will be conducted in cooperation with the Whitworth college student body.

The all-school party will be represented by three skits respectively. The alumni, depicting past events will feature the Ballard Hall fire of 1927 and the "rock incident" that was almost a historical event.

Following the alumni, students are to interpret the present college life.

The climax of the evening is in charge of the faculty, who will give their rendition of what school will be like when the present students take charge of the administration.

"Jaunty Jr." Jenkins, "Easy-Going" Estella Baldwin, "Curly" Culverwell, "Amiable" Aron Rempel and "Pappy" Oakes will turn thespians for the skit. Supporting the cast, "Muscles" Mark Koehler will double his role in giving a reading, also. Community singing will be conducted by John Rodkey, alumnus.

In conclusion of the Alumni Mixer, the Commons will be open for refreshments.

Also Rans

*If ye abide in Me, and My words abide in you, ye shall ask what ye will, and it shall be done unto you.—John 15:7.*

## Blame Is Three-Fold

It is sometimes difficult to regain the trend of current thinking following a vacation period, but student opinion is still running high on administrative procedures involving the student body. There has evolved some good logical argument for establishment of a joint student-administration committee to strengthen existing policies, and establish new ones where necessary.

At the same time, more radically minded individuals have hinted indirectly that an entirely new student body government is needed. Pressing their arguments that the present system is not functioning properly if at all.

It has come to the point where some action must be taken. We feel that the present student council system is adequate to handle any situation that might arise on campus. However, there is a decided lack of authority to do anything decisive, and this is where the student council appears to let down the student body.

We would suggest that the present student council be given adequate power and backing, not only by the administration, but by the student body as well, to cope with any problems that might arise.

If a little more interest were taken in student body activities before problems of major importance arose, there would be fewer problems. As we see it the blame is three-fold student body, student council, and administration.

## APRIL FOOL ORIGIN

Although the exact origin of April Fool's day is unknown, one can take his choice of two accepted explanations. It is known that the ancient Hindus observed the festival of spring between March 25 and the first of April, calling it the Feast of Huli. On the last day of the festival it was the custom to "April Fool" people by sending them on meaningless errands.

Another possible origin appears much later in history. Charles IX of France adopted the new calendar in 1564, making the year begin on January first instead of April first as it had begun previously. The gifts and messages of the

New Year were thus transferred from April to January. But there were those who disliked the change in date, and it was thought fair enough that they should be fooled by jokes and pranks on the first of April.

Regardless of the doubt one may maintain as to the veracity of these explanations, one thing to be sure of is that today is a day to do unto others before they do it to you.

## Letters to the Editor

Dear Editor:

So the story goes, that the day of all days has come to pass.

Early this morning I set here and copied the copy of your 'er paper, whatcha call it — Whit-Whit-Whit worth I an—who?

Any way its a ticklish job when you hafta spell yore words which I hain't learned yet. Anyway I an the odder men whos work here know what we're doin when we 'ell you how to spell LIRPA LOOF for the fun of it anyway.

Signed,  
Sitting Bull in April

Dear Editor:

Ever since I come to Whitworth, eight months ago, I been worried about them meals we have been having. It seems a mighty shame to waste them good vittles the way they do. Why not make hash out of what's left, with maybe liver in it. Liver ain't really good till it's two weeks old, least that's how we eat at home.

And potatoes shouldn't be cooked good the first time—because then the second time they're cooked they'll taste like the first time. Say, and talk about dessert—I wish they would have more tapioca, bread pudding and dried apricots—just like we do at home.

When I came here eight months ago I was thin, pale and anemic. Now I'm fat, rosy and red-blooded. The sudden change ain't good for me, I know.

Signed,  
Lucretia Garbage-ton

Dear Editor:

I've been noticing lately the type of recreation the Whitworth students have to put up with—tennis, ping-pong, and the like, and I believe the installation of twenty-five slot machines in the Commons would solve the recreation problem. What more wholesome sight is there than that of a some upstanding, rugged male slouched casually against a gleaming slot machine, watching his next quarter's tuition come rolling out of the coin release?

Yes, I believe the slot-machine is our answer to the recreation question, and it is a fine way in which to build character, leadership and the love of money.

Signed,  
Sluggo McCulcertell

## DON AND HAZEL

Don Bishop and Hazel Belcher announced their engagement in Sunnyside last Saturday night, and again at dinner in the dining hall Wednesday night. Hazel is a sophomore and Don is a junior. They have set no definite date for the wedding. The couple plans to enter missionary work in Argentina when Don has completed his education.

## Spring Cottons Are Shown at Today's Tea

A cotton-casual tea for all women students, women faculty members, and student wives will be held this afternoon in the new women's lounge in Ballard Hall basement from 2:00 to 5:00.

A program featuring a fashion parade of spring cottons, and musical entertainment will highlight the event, according to Madelyn Curtis, general chairman.

Narrator for the fashion show to be presented at 2:30 and 4:00 is Joy Taylor. Those modeling include Joan Beckwith, Glenna Blackstone, Jeanne Elsemann, Phyllis Gish, Gloria Green, Bunny Gwinn, Ann Heil, Dora Hori, Nancy Hughes, Elizabeth Kristofersen, Joan Leavers, Floy McKee, Helen Mewhinney, Marilyn Nelson, Lois Rundell, Colette Stirm, June Wylie and Pat Young.

Virginia Raines and Thelma Jo Bruce will sing several numbers including "A Pretty Girl Is Like a Melody." A novelty duet will be sung by Beverly Anderson and Hermoine Lee. Other numbers include several songs by Betty Montano, a violin solo by Janette Dufresne, and an accordion solo by Bob McGaha.

Anyone who desires to contribute to the fund to pay for the drapes may do so.

Those working with Miss Curtis are Joy Taylor and Margaret Baird, program; Beth Roduner, refreshments; Nina Sykes, posters; Mary Lou Anderson, special arrangements, and Janet Hiser, publicity.

## Whitworth Whims

By SALLY

... that every Whitworth student made the honor roll, winter quarter?

... a kind benefactor has left sufficient funds for the paving of all roads throughout the campus.

... The only student eligible for the title of "common hound" is one who is working on his P. E. degree.

... the academic board has decided to follow the example of a certain southern school in its "no test" policy.

... girls' dorm hours have been extended until 11 p.m. on week days and 1 a.m. weekends.

... the track team is a railroad section crew.

... the library will be open daily from 8 a.m. until 10 p.m. and also on Sunday afternoons.

... Men's conference will be co-ed this year.

... no one had to change or rearrange his schedule and no sectioning cards were necessary to enroll in a class for spring quarter.

... If any of these items have been brought to your attention, regard them only as nasty rumors or morbid pranks of an April Fool.

## PAIR ABSCOND WITH \$2 MILLION

### FLEA TIME TALK TOLD

ALI BEN STANNARD

The Whitewash studentbody assembly will hear an address by Ali Ben Stannard, Arabian lecturer and author, April 10 at 8 p.m.

His topic, "The Essentials of Training Fleas," will be given the following day to the Social Problems class in the social science building.

Scheduled to tour the U. S., the Sultan arrived at San Francisco from Arabia via the banana boat HMS SIEVE.

After lecturing at Whitewash college, he is scheduled to speak at the Acme Flea Powder convention to be held on the tenth floor of the Davendorf motel.

He has been affiliated with the Arabian Bored of Education and is the assistant pastor of the First Mohammedan church of Arabia.

When asked how he attained his success, the renowned Sultan replied, "I started from scratch."

No foolin'  
I'll bet you'll find it at

### Whatsworse Social Life

Campus social life is always in the limelight. This year, more than ever before, the major part of the Whatsworseian's campus life is spent attending the gala balls, parties, teas and countless activities. In fact, Whatsworse has become more like a mad house than a college. No longer do students have time to spend in the library draining knowledge from the books they find there. Increasing social pressure has forced them out of the library and into activity—too much activity.

This cannot go on if we are to maintain the high scholastic standards thus far upheld by this college. It is time for a revamping of our campus life to include more time for studying and less time for this so-called social growth that entails so much social activity. It is well to remember that the important things are to be learned from books, and an occasional party will afford all of us adequate social training.

### BIG BALL DATE SET WHAT HAPPENED?

The date for the Moonlight and Memories ball, sponsored by A. W. S., has been set for April 23. Once again the rustling of taffetas and the scent of gardenias will tone the evening's air.

Plans have been made to transform Graves Hall into a picturesque country garden. A gigantic, spangled moon will reign over the atmosphere of nostalgic romance.

### STAFF SETS P. M. PARTY

April Fool's day will be carried out by the Whitworthian staff in a backwards party tonight at 8 p.m. in the Whitworthian office. Staff members and their guests will celebrate the holiday with games and stunts, appropriate to the day. Flossie Jones and Jack Wyant, co-chairman for the affair, and committee members Sally Evans and Carl Drake have planned the evening program. Guests wearing clothing backwards will be served refreshments first followed by entertainment by Marlys Prentice.

"It's going to be very different and lots of fun!" states Flossie Jones and co-worker Jack Wyant adds that big surprises are in store for those who attend.

Deal

**SARTORI**  
Master Craftsmen in Jewelry

N. 10 WALL

Vacation was so dull, most students could hardly wait to beat the sidewalks and break the textbooks back at Whitworth. Spring quarter, at last! Tra-la, tweet-tweet \*\* ! Gaily tripping up the library steps (a bad habit acquired from final week), I threw open the door and what to my wondering eyes should appear BUT NEW lounging chairs, all over the place; some big enough for one and some for one and a half. (That makes it cozier). Soft music was breezing in. So was Rocky Starr. Was that Marge Garcia? Oh, yes, she's head waitress, now. What could be more conducive to studying I said, as I raced over to Ballard to get my books. No sooner did I open the door, but the new escalator was rushing me upward, (at about half my usual tempo). But gosh, I'd go up that all day just to go down the slide from the third floor.

Kenny Gamble came tearing up in his brand new Austin convertible, but he had so many blondes helping him to drive, that I helped Peanut push his scooter over to Marian's. As a "welcome home," Marion was serving free sizzling frog legs to those who managed to get a "C" in Zoo.

At dinner that night, of course, we found the dining room completely mirrored—the beginning of our new course in manners. Each table has a revolving tray in the center, from which we may choose all sorts of de'Sutter specialties to tickle our palates. Alarm clocks are planned to ring at intervals just to keep things exuberant.

### BLOWOUT BEGUN BY A BUTTERCUP

Six hundred and fifty people nearly filled the end practice room in the gym basement last night, as they celebrated the arrival of the first buttercup on Whitworth campus. The guest of honor, attired in her usual yellow, sat cozily in a glass of water during the evening. In spite of this, she wilted visibly after several hours, and had to be revived with an aspirin coke.

Many distinguished guests were present; one was Warry Leyrick, who galloped up to the door on a blue gun. Birley Shosworth and Kes Lirkendorfer arrived late. Miss Shosworth was stunning in maroon burlap and Mr. Lirkendorfer looked dashing in his new sponge-rubber sports packet.

Also attending the gala affair was Cill Bumble, who viewed proceedings from the safety of the chandelier; from which he swung at frequent intervals.

Varied entertainment highlighted the evening. Gillis Phish and Gretty Bean sang "Can't Help Movin' That Lan," and were accompanied by Mes Layo. A mandolin solo was played by Cackie Josman and Tuttle Roeses and Cetty Batlin performed a tom-tom duet which they arranged themselves.

An unfortunate accident occurred when Bon Dauer got his crimson hair too close to a pile of oily rags. Quick work with a fire extinguisher left Mr. Dauer safe but sizzling.

Refreshments were caviar with chocolate sauce and coffee a la Johnson. Party arrangements were made by Letty Bange and Mrs. and Mr. Kon Joehler were host and hostess.

First inkling of the deal came late Thursday evening when a scribe from a rival newspaper, the Gonzragga press, hitched a ride into town with the pair. The reporter, L. G. Beeker, was found bound and gagged on the little Spokane drive this morning by P. Furness Worn, freshman student. When released he stated:

"Them two thugs knew I was wise to their scheme. I knew it was a hot scoop for the paper and tried to escape. Now I can't meet my deadline."

(Ed. note: he is being held in protective custody at the Whitworthian offices until after the story is released.)

### Early Arrest Promised

Chief Lina To Her issued a statement saying that an early arrest of the two is forthcoming. Her police force boasts such well-known rookies as Pearl Miaws Mae Knitten, and Silver Smith. All have been assigned to track down the suspects.

A statement from the Presidential suite issued this noon said:

"Of course; this minor incident has little or no bearing on the financial policies of the college. With unlimited assets, we are prepared for any emergencies that might arise. Aside from a slight increase in tuition to \$764.32 a quarter, and a raise in board and room to \$222.22½ a quarter, our financial policy remains unchanged."

### UNION STRIKES

Coincidental with the issuance of this statement the Dining Hall Waiters, Waitresses, Bus Boys, and Dishwashers Local No. 13, C.I.O. and A.F.L. announced a strike for higher wages. Labor leader Leigh Traylor said:

"With the cost of living going up it is our patriotic duty to seek higher wages. We believe we will be successful in bargaining for a 102 per cent wage increase."

At 1:45 p. m. today the administration climaxed the happenings of the past 24 hours by announcing the suspension of Mr. Leigh Traylor pending investigation.

# Spring Sports Outlook Is Bright — Stannard

## 100 ON HAND FOR TURNOUT

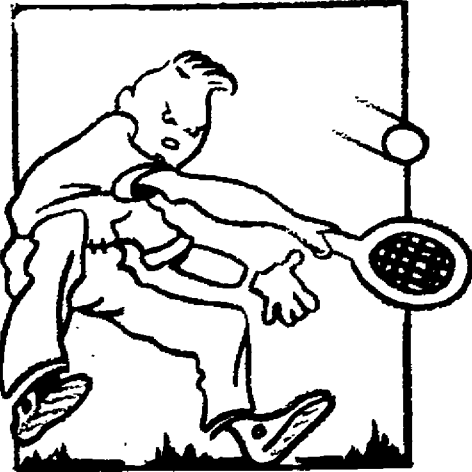

Athletic Director Jerry Stannard thinks that Whitworth's 1949 spring sports outlook is exceptionally good and is looking forward to what he believes will be one of the top seasons in the school's history. Around one hundred men are turning out for the four spring sports — baseball, track, tennis, and golf and should atone somewhat for the near disastrous basketball campaign just completed.

Among the 43 cindermen working out on Coach Aron Rempel's track team are some outstanding prospects who should bolster what has been one of the weakest departments in the Whitworth athletic setup. Gordon Petrequin, Rudy Cozzetto, Robert Scott, and Sam Adams all outstanding prep stars and Willis Newton, the Pirates top point getter last year, will lead the Whit bid for the first Evergreen Conference championship which will be decided at Whitworth May 17 and 18. The Pirates start their 1949 schedule April 23 when they travel to Cheney for a three way meet with Gonzaga and Eastern.

Stannard had better than three complete squads from which to pick his baseball crew. Deep in infield talent, the major weak spot on last year's team, the Pirates aggregation should be one of the schools best. The opening go is scheduled for April 15 against Seattle Pacific College at Whitworth.

With Les Patten, two time conference singles champion, back for another year, a more experienced squad, and some valuable additions, coach Mark Koehler's tennis squad will attempt to regain the net championship which they lost to Western Washington last year.

Coach Koehler and Dr. Homer Alder, golf mentor, have not yet announced their 1949 schedules.

## WOMEN'S ATHLETIC ASSOCIATION MAKES AWARD PRESENTATION

Awarding by the Women's Athletic Association of intramural trophies and varsity basketball letters was the highlight of Wednesday's chapel program.

Carol Gray, club sports manager, pointed out how the intramural program is carried out for women students. She awarded the volleyball trophy to the consolation round winner, Westminster Wing. Receiving the honor for the dorm group team was Mary Nan Kling.

Captain Gene Hull accepted the intramural basketball trophy award for her squad of married women. Team-mates include Pat Snelling, Alyce Cheska, Mary McPhee, Emily Wall, Eleanor Mahaffey, Evelyn Remple, and Lou Mills. These awards are to be kept by the winners for one year; consecutive winning gives the "champs" permanent ownership of the trophies.

Mary McPhee, coach of the girls' varsity basketball team, awarded letters to forwards—Eleanor Culver, Carol Gray, Donna Spalding, Amber Oaks, and Floy McKee—an to guards—Barbara Wilson (who was not present for presentation as she is on the choir trip), Bella May, Betty Sneider, Gene Hull, Mary Magnuson and Dorothy Leavens. Dora Stueckle also earned an award, but is not in school this

## PIRETTES MEET TO MAKE AWARD

A special meeting of the Pirettes was held last Tuesday. All the members had completed the course in visiting the infirmary were awarded with silver stars. Three senior members, Betty Lange, Beverly Holmes, and Edith Hiskey, received the coveted gold medal for good deeds performed on campus. Joan Larson, the organization's president, made the presentations.

Plans for the Mother's Day tea were discussed. Shirley Freeburn was appointed chairman.

The meeting was adjourned for refreshments.

## APRIL'S FOOL

By Bull Sturn

Rumors are floating about the new Spokane Civic stadium! According to an unimpeachable but unquotable source in the local Chamber of Commerce, plans are already under way to announce Whitworth College as the location of this edifice. According to tentative plans, the valley area immediately north of the baseball field will be allocated for this use. The designers plan to utilize the steep south slope in the construction of a bowl type stadium to seat about 85,000 people.

The playing surface will be arranged to retain a football field, a moderate size baseball playing ground, and a 440 track. Especially valuable will be the 'Burma Road' which now enters the stadium site from the North.

### PUT BURMA IN USE

According to Whitworth Athletic directors, the trail will start from the new Whitworth fieldhouse and will then follow its present course to the stadium. This trail will be the site of the annual Northwest cross-country races to be held every year. The winner, as in the gala event held before 10,000 here last year, will compete in the world Olympics every four years.

From the grab bag. Secret invitations are already out to four Big Ten schools and Notre Dame to meet Whitworth in the new Stadium in 1950. Officials say all will accept and return engagements with Whitworth traveling the following year.

### GAL SLUGGERS

A new sport will be added to the girls physical education pro-

gram it was learned today from reliable athletic officials. According to the information, starting with the 1949 fall quarter a full course in girls boxing will be given.

As yet no instructor has been named, but rumors have it that Mrs. Alicena Chesoska, famed for her knowledge in all athletic activity, is the probable mentor.

School officials have long been contemplating making this addition to the women's P. E. curriculum. They have for some time deemed it necessary that women should be taught the art of self defense in order that they might keep up with the rest of the advancing world.

Certain restrictions must be adhered to the news source related. The girls must use the 16-ounce gloves, and a two minute round will be the maximum. It was also announced that if a schedule could be arranged, an intercollegiate conference would be formed. This would probably be difficult to arrange, however, due to the unusualness of such a women's sport.

A rule has already been drawn that would prohibit the girls from practicing their new found skill on the unprepared males.

## GIRL'S CAGERS END CAMPAIGN

The Girls varsity basketball team wound up its 1949 season with a double win over Ritzville, last quarter, 37-36 and 41-24. The win gave the girls a season's record of 9 wins and two losses.

The team scored a total of 371 points while only 236 were scored against them. Carol Gray was high point for the season with 119 points. This is the second year that Carol has held high point honors.

### Season's Scoring

	fg	ft	ftm	tot
Carol Gray	54	11	18	119
Floy McKee	38	11	21	87
Amber Oaks	33	16	18	81
Donna Spalding	25	8	16	62
Eleanor Culver	21	4	11	46
Vi Stueckle	6	1	7	13
Kay McPhee	2	0	0	4

Total 177 50 81 371

No. 21

## MARTIAL LAW EVOKED IN CAMPUS EMERGENCY

The campus recruiting office reported a "favorable" response to their latest campaign to obtain recruits for "C" day. A communique issued late this morning indicated a heavy turnout for operation "Beefsteak" held at Point X. No casualties were suffered at the ordeal by fire other than a few charcoalized steaks.

### Cominch

Commander in Chief of the armed forces, Al Christensen, stated, "We don't want a general let-down after the basic maneuvers this morning. The high command wishes it to be known that liberty will be granted to all those who took part in the morning cleanup. A good baseball game with Farragut is on the agenda for this afternoon, along with USO troop entertainment."

### Mess Served

Chief cooks Norm MacDonald and Bob Farley, working under Mess Sergeant Iola Johnson, were swamped at the two meals today by heavy appetites. At latest reports they were doing a justifiable job of providing chow for hungry "Chowhounds."

### Promotions

For active service in the field, Les Mayo was named General of activities. Serving under him were Tom Patten, Don Smith, Tom Summerson and Al Good.

The awarding of a suitable trophy, beautifully inscribed, was made after an inspection. Procurement officers for the USO troop were Joan Levers, Coleen Pickert and Dick Carr.

## KNIGHTS ADD ELEVEN MEN

In its first formal initiation since being admitted to the national organization, the Lookout Chapter of Whitworth College initiated 11 members last Tuesday night into its group.

Those men received into full membership were: Don Bowers, Dick Cole, Stan Graham, Jim Hardie, Dale Parton, Clyde Pock, Tom Johnson, Bob Rhinehart, Joe Thome, Larry Weyrick and Ken Yoshita.

Jim Carlsen, Duke of the chapter, was in charge of the initiation.

## Mahaffey Tells Of Building Plans

Jerry Mahaffey, ASWC president, stated today that \$2 of the increase in student fees will be earmarked for a Student Union building fund.

"The proposed student building will be discussed at next Tuesday's student council meeting. It is our plan to put up a worthwhile building, probably financed over a period of ten years.

"There is a definite need for a student building," he stated, and although it won't be ready for some of those now at Whitworth, it is a part of a long range program incorporated by the present student body that will greatly aid future Whitworth students."

He urged the full cooperation of all students.

## Christian Service Groups Select Banquet Theme

"Run the Race Victorious" is the announced theme for the informal Philadelphian-Life Service banquet. The affair is scheduled for April 22 at 7:30 p.m. The Grill room of the Spokane hotel has been engaged for the annual event.

Bev McMorran and Dick Terry head the list of committees as co-chairmen. The various committees working for the occasion are as follows: tickets, Dick Cole and Marge Garcia; publicity, Nancy Hughs and Bob Bruce; arrangements, Dick Snell and Jean Hat-trick; decorations, Pat Waddell and Don Cornish; program, Florence Shires and Pat Douglas; speaker, Frances Anderson and Don Smith.

## 'Small College' Is Rated Schools Best Feature

The fact that Whitworth is a small college influenced more persons to come here than any other single factor. This was shown by a poll conducted to determine the reasons why students chose to come to Whitworth, and was chosen by 465 people as being an important determinant. Four other important reasons shown by the poll were: nearest Christian college, 398; personal contact with teachers, 283; influence of friends, 274; and Divine leading, 256.

### Other Reasons

Other influencing factors included: influence of parents, 214; nearest college to home, 197; curriculum, 194; visitation of field workers, 177; friends coming too, 171; Presbyterian college, 146; participation in activities, 115; and reasonable expenses, 106.

### Choir Helps

Minor reasons included: advertising through newspapers, church and radio, scholarship and work opportunities, and opportunities in the athletic department. Several students stated that they learned about Whitworth through visits with Dr. Warren, Dr. Hardwick, Dr. Schlauch, Miss Baldwin, Mr. McCullough, and Mr. Stannard. Others stated that the appearances of the a capella choir in California last year influenced them to come.

His death, which happ'd in his berth,  
At forty-odd befell;  
They went and told the sexton,  
and  
The sexton toll'd the bell.  
—THOMAS HOOD

## STATUS OF COLLEGE IS REVIEWED

### Cadet Teachers Train in Spokane

The cadet teachers program is in full swing at Whitworth with cadets at four high schools and one junior high. There are 10 cadets at Rogers, nine at North Central, eight at Lewis and Clark, three at Mead, and one at Havermale junior high. This makes a total of 31 cadet teachers, the largest group of this kind Whitworth has ever had since it has been offering teaching certificates.

Some of these student teachers are fifth year students working for their three-year secondary teachers certificates while the remaining are seniors working for a qualified teachers certificate.

At the end of this semester all of these cadets will be seeking teaching positions for next fall in the state of Washington.

Dr. Maxson is supervising the cadet teachers program here at school while Mr. Blevins is in direct charge of the group.

A puritan is a person who pours righteous indignation into the wrong things.—G. K. Chesterton

### Dr. Warren Outlines Plans For Coming School Year

## EASTER PLANS ARE PREVIEWED

Classes will not be held on Good Friday, April 15, which marks the beginning of Easter activities for Whitworth students. Highlights on the Easter schedule will be: A service at Tiffany Memorial chapel on Good Friday evening; Easter sunrise services under the auspices of the Spokane council of churches and a special radio program Easter morning over radio KHQ by the a cappella choir.

In the Friday night service at 7:30 the Tiffany chapel choir will present Stainer's "The Crucifixion" and Rev. Penhalurick will serve Holy communion.

The sunrise services will be held in Manito park at 6:15 a.m. where Lt. Col. A. J. Gilliard will be the principal speaker. Lt. Col. Gilliard has recently returned from England to accept the position of Salvation Army personnel director in the west coast area. The Whitworth band will provide special music. The service will be broadcast over station KGA at 6:30. Chartered buses will leave from the downtown area. Details will be announced later.

The a capella choir will begin Easter Sunday by transcribing Easter music to be released by station KHQ at the regular Whitworth chapel hour at 9:00 a.m. They will travel by bus to Yakima where they will appear in concert at the First Presbyterian church.

God gives us relatives; thank God we can choose our friends.  
—ADDISON MIZNER

## A CAPPELLA CHOIR BACK FROM TOUR

Our a Cappella choir members are back among us again, after an eight day tour in Washington, Idaho and Montana. According to Helmuth Bekowies, business manager, the tour was a success, with large attendances at most of the concerts.

The group gave concerts at the Idaho State Hospital and Industrial School, and were taken on tours of both institutions. Many of the singers bought embroidered and other handicraft articles from the hospital, where patients do this sort of work for its therapeutic value.

The farthest easterly point the choir touched was Helena, Montana, where they sang at the First Presbyterian church.

On the way home, one of the chartered buses became overheated and a repetition of last year's costly bus fire almost occurred. No damage was done, however, and all fifty-two of the chorallers squeezed into one bus from Colfax into Spokane.

On any trip of this sort, there is usually one person who keeps the rest entertained during monotonous stretches of travel. In

Dr. Warren presented the status of Whitworth college in chapel last Monday. The results of the questionnaire answered by students last quarter have been tabulated and are available for examination.

The determination to keep Whitworth a Christian college was emphasized. The safeguards to this program are conditioned by the support of the Presbyterian church, its board of trustees, its president, faculty, and its student body.

Whitworth's building program is to continue with the administration-auditorium building. The announcement was made concerning appointment of the Rev. Cliff Chaffee to the Bible department. Other additions to the faculty are planned.

A drop of \$6 per quarter in board has been figured. However, other fees will amount to \$16.50 per quarter—\$10 for student fee, of which \$2 is for the new student union; \$3 for library fee; \$3.50 for health fee which includes accident insurance. The results amount to \$769.50 as against \$775.50 of this year.

## GRAY IS NAMED TO HEAD GROUP

Prof. Alfred O. Gray, adviser of the Whitworthian, was elected president of the Inland Empire association of Phi Beta Kappa, a national liberal arts honorary, at a breakfast at the Davenport hotel, April 6. Prof. W. G. Wilson, also of the Whitworth faculty, was one of the members who attended the meeting. The Inland Empire group has just been reactivated.

this instance, Norma Gano kept things lively with his super-corn cowboy renditions, accompanying himself on a guitar he picked up along the way.

A total of eight formal concerts were given, with a number of appearances in high school programs. As a reward for an exhausting trip, Professor Anders cancelled all choir practices this week. The choir will give its home concert at Lewis and Clark high school April 28.

I keep six honest serving men  
(They taught me all I know):  
Their names are What and Why  
and When  
And How and Where and Who.

## WHY WHITWORTH?

Why did you come to Whitworth? We believe that most of you would answer this question as we would—to further your education. But why Whitworth? There are other schools with a more extensive curriculum, greater libraries, larger staffs. What does Whitworth offer that you can't get at most any school? What justifies its existence?

We're sold on Whitworth because it is founded upon the belief that it is essential for the student to have access to the real key which brings success in our studies. That key is identified in the Book of Books as the greatest of all Persons, "Christ, in whom are hid all the treasure of wisdom and knowledge." Col. 2:2,3.

No education of life is complete without an acquaintance with Him, and the proper approach to any study can only be attained as we view it from His eternal standpoint.

The future usefulness of Whitworth will depend upon the degree to which it continues to acknowledge Christ as the foundation of its educational system.

## SPRING HERE SAYS OSWALD

By FLOSSIE

At exactly 2:43 Sunday afternoon, the psychological moment had arrived. I, Oswald P. Higgenbotham, hath ordained it. Spring is here!

The beast in me took its great, hairy paw and stamped out my pious conscience. I held only scornful contempt for the sterile volumes that sought to fetter my rejoicing spirits. What is college for—an education or a well-rounded personality?

### Off and Away

On the appropriated wings of Mercury, my 13½ C's scampered o'er and about the local molehills. I threw self-control and voice to the winds as I led forth with my newly-acquired Wyoming yodel in response to Mother Nature's yell.

Alas and alack, my buttercup costume was a bit too snug, so I had a ripping time. However, the fence apologized; I accepted its apology.

The situation was a trifle trying when I first met the country lad, but I explained to him that I was late to my wood nymphs meeting, Local 309. He loaned me his roller skates.

### Troubles

I was terribly disappointed with the affair; my daisy crown kept slipping off the queen. In appreciation for her consolation, I let the maternal cow have the daisies for dessert. I was just gathering courage to approach the good dame for a drink, as the merry frolicking had left me somewhat exhausted; but her jealous friend (dummy bull!) pawed the grassy knoll in a negative sort of attitude.

Tweet! Tweet! Listen to the birdies chirp—optimistic harbingers of spring!

## Classes Visit Local Court

Members of the Reporting and Law Courts journalism classes took a first hand look at the opening actions of an actual court case when they toured the Superior Court in the county court house during the morning session last Monday.

Although time didn't permit coverage of the advanced stages of the case, the students saw how jury members were selected from a jury panel and then how each juror was questioned as to any pre-trial stand or prejudices on the case.

Members of the two classes making the trip included Joan Beckwith, Janet Hiser, Barbara Deemy, Georgene Summerson, Dick Hardesty, Fay Dawson, Walt Dawson, Rogers Walker, Bill Sauve, Ed Stuthett, Fred Windham, and Professor Gray.

## Rice Discredits Lazy Preachers

Evangelist Bill Rice told the Philadelphian group in their last meeting of what the work of an evangelist is. He stressed the need of complete dependence upon the Lord and pointed out that there is no place for laziness in the ministry.

This Thursday morning, Rev. E. C. Deibler, of the Fourth Presbyterian church brought a timely message on Methods in Follow Up Work as being used as a result of the recent services Mr. Rice held in his church.

Thursday, April 14

Easter Play by the dramatics department.

## Series of Unusual Lectures Planned

A series of four lectures by Dr. Ruth Grob and Prof. L. E. Yates will be sponsored by the Philadelphians. The purpose of the lectures is to challenge the thinking of Whitworth students in the fields of theology and philosophy.

Dr. Grob will summarize the theology of Emil Brunner, a noted Swiss theologian, as contained in his book "The Mediator." Dr. Grob studied under Brunner. The series will begin Monday, April 11, in the library basement.

Prof. Yates will discuss philosophy when he speaks April 25. Each of the speakers will give two lectures. Similar lectures are offered on many of the larger campuses of the nation, but it is believed that this is the first of its type to be offered at Whitworth.

The Philadelphians urge as many as can to attend the series, stating that they believe that these lectures should prove to be of real worth and of lasting value to all who will avail themselves of the opportunity.

## Whitworth Whims

By SALLY

With the arrival of April, motor cycles and bicycles have been taken out of moth balls (or hock) and again are becoming a common sight on campus.

It's getting to be the style to let one arm hang low in that tennis weather is here again. Mrs. Cheska advises her classes in this sport to use the whole body when swinging the racket. Then you'll be "feelin' mighty low" all over!

One hundred forty brains have been discovered on Whitworth campus! The owners commonly known as honor students informed me that they were astounded with the results they obtained from studying. It could happen to you!

Whits have something to sing about again, how that the choir is back.

Some of the Whitworth coeds do not seem to appreciate the column the fellows have formed for them to walk through before dinner every evening. Or is it just a short cut to go through the Speech Auditorium?

Picnicking weather is here again complete with ants, and we don't mean relatives!

Don't forget the class parties tomorrow, and please don't anyone sing "April Showers." It's too suggestive.

### RECRUIT

Sez Corporal Madden to Private McFadden:

"Yer figger wants padd'n—  
Sure, man, ye've no shape!  
Behind ye yer shoulders  
"Stick out like two Bowlders;  
As a pair of Pen holders!"

## A Sheep in Wolves Clothing

T'was a luscious spring day. The grass was growing, the flowers were blooming, the birds and bees were drawing pictures for some twelve-year-olds, and Louie was skipping down the park path! All was love and light.

Louie stopped in the middle of his skip. Wow! What a babe! A long, low whistle issued forth from the depths of Louie's passions.

The babe turned to gaze demurely at the source of the compliment, screamed, and ran into the woods.

Ya know, that was a mighty nasty attitude for her to take. After all, Louie was just trying to be friendly. Ya could tell it hurt Louie. Anyone with a sensitive nature like Louie's would become a little discouraged if for the fifth time a dame had looked, screamed, and run into the woods. Louie just couldn't understand it—he liked people.

Looking up through his dark, patiently curled eyelashes, Louie envisioned a golden-haired lass loping up the path. Unwittingly the cursed wolf call again rumbled from his lower diaphragm, reverberated between his larynx, tripped over his enlarged adenoids and wakened the reposed hillside. Oh, how he hoped she wouldn't turn and run like the other five.

In the suspended moment that followed, Louie's hopes were confirmed. Her answer came in tones, soft and low.

If you'd like to meet Louie and his family, come any day during the zoo's visiting hours. It's free.

## Women Show Approval of Cotton Styles

Spring and cotton dresses as the fashionable mode were officially recognized at the A. W. S. Cotton Tea. After winter months of woolen skirts and sweaters, the cool frocks were enthusiastically worn.

Simplicity with emphasis on practicability were underscored. The full, yielding lines, which modestly flatter every figure, were doubtlessly the most popular.

The checked gingham of Joy Taylor's was styled like a page from an old Victorian album. V for vivacious was an excerpt from the old spelling manual in Nancy Hugh's edition in cotton, skirt plus blouse. Jeanne Eisman's pink broadcloth provided a glimpse into a quaint pastoral scene.

Young romance is suggested by the season's newest color. Fresh as a dewdrop, lilac is wooing its vogue in sunlight hues.

For the morning's sunshine, the afternoon's shade, and the evening's enchantment, insure your investment with a versatile cotton.

## Laurel Fraser Piano Recital Program Set

Laurel Fraser will be featured in her Senior Piano Recital at 4 p.m. Sunday, April 10, in the Fine Arts Building. Miss Fraser is studying under Mrs. Anna Jane Carrel. She formerly studied music at Wheaton College and at Seattle Pacific College. She will be assisted by Betty Follett in two duo piano numbers. A reception will be held after the recital. The program is as follows:

I  
Sonata in C minor K. 475.....Mozart  
Second Piano Accompaniment.....Grieg

II  
Romance in D flat.....Sibelius  
Menuetto in B minor.....Schubert  
Waltz in G flat Op. 70, No. 1.....Chopin

III  
Danseuses de Delphes.....Debussy  
Lotus Land.....Cyril Scott  
Orgia.....Turina

IV  
Capriccio Brilliant.....Mendelssohn

There are some people who are very resourceful. At being remorseful. And who apparently feel that the best way to make friends is to do something terrible and then make amends.

—OGDEN NASH

## Whitworth Panorama Is Popular Production

The past, present and future of Whitworth College was depicted by the "Whitworth Panorama," one of the best productions of the year. "Panorama," sponsored by the alumni, was filled with subtle humor and hilarious antics.

The past, by the alumni, was acted in pantomime and described with a cleverly written script.

Outstanding in the students' interpretation of the present were Marge Garcia as Miss Boppell, Dutch Elias as Mr. Oakes, and Clary Wright as Mr. Culverwell.

According to the faculty, the future of this college under the "famous student government" won't give the administration or faculty a chance. Well liked for their portrayal of students were Mrs. Alyce Cheska, Mrs. Clarice Wartes and Dr. Mark Koehler.

Intermission entertainment was highlighted by three numbers sung by Eleanor Barrow Chase and a reading by Mark Koehler.

Home-made cake and coffee, served in the commons, more than filled the bill.

## CLASSES PLAN SOCIAL EVENTS

Everyone is invited to the sophomore-freshman class picnic to be held tomorrow at Loon Lake. It starts at 2:30 p.m. and transportation will be provided for those who do not have cars.

Outdoor games and a program will highlight the afternoon, and hot dogs and other yummy picnic food will be served.

Working on the event are Nancy Hughes, and Betty Montano, general chairmen; and Phyllis Gish, Pat Flowers, and Floy McKee.

A campus party is being planned for the juniors and seniors Saturday night. (Adv.)

Ben Battle was a soldier bold,  
And used to war's alarms;  
But a cannon ball took off his legs,  
So he laid down his arms.

—THOMAS HOOD

## Chanters To Give Cantata

Several Whitworth students will be taking solo parts in the cantata "New Life," by Rogers, at the Lidgerwood Presbyterian Church with the choral choir.

Soloists will be Virginia Raines, soprano, Gene Ford, baritone, and Ray Klefstad, tenor. The program will begin 7:30 Sunday evening. Pat Douglas is choir director.

Other students from Whitworth college that will be taking part are Ray Johnson, Scotty McClenny, Lloyd Henderson, Dale Olson, Larry Henederson, and Neil Buchholz.

## Local Biology Organization Is Approved by National

Beta Iota Omega has been accepted by Beta Beta Beta, National Honorary Biological Fraternity. The Whitworth college organization of biology students will be known as Epsilon Kappa chapter, within the chain of Tri Beta chapters, after formal installation is arranged by regional vice president Noble of University of California.

### Letter is Received

At a meeting last Monday evening, president Sam Wall announced that Dr. H. E. Alder of the Biology department received the letter of acceptance from secretary-treasurer of Beta Beta Beta, Dr. F. G. Brooks, Dean, Professor of Biology, Cornell college. Members are to receive certificates and may order their gold keys, symbolic of the fraternity, but is not compulsory.

### Purpose Defined

Beta Beta Beta is a society for students of the biological sciences. It seeks to encourage scholarly attainment in this field of learning by reserving its membership for those who achieve superior academic records and who indicate special aptitude for the subject of biology.

Epsilon Kappa chapter of Whitworth will be guided by Mr. James Legg, counselor, and Dr. H. E. Alder, adviser.

## Lange Gives Speech Recital

"Gates of Brass," a narrative poem of the resurrection, will be presented by Betty Lange in her senior speech recital tonight in the Speech Auditorium at 8:00.

Miss Lange will present the three-part monologue in costume, and her background music will be made by Jeannette DuFresne and Edith Hickey.

Following the recital, a reception will be held, and Dot Leavens and Mrs. Carrel will assist.

I live for those who love me, for those who know me true;  
For the heaven that smiles above me, awaits my spirit, too.  
For the cause that lacks assistance, for the wrong that needs resistance,  
For the future in the distance, and the Good that I can do.

## Delegates To H. Ec. Confab

Barbara Gwinn and Phyllis Cosman recently attended a meeting of the Home Economics college clubs of the State of Washington as official delegates of Alpha Beta. Nine colleges in this area are affiliated, with each college sending two delegates.

Phyllis was elected State Corresponding Secretary during the meetings.

Miss Mary Boppell attended the State Home Economics Association convention and pre-convention meeting of the State Executive Council in Seattle at the same time.

Alpha Beta, Whitworth's Home Economics organization was mentioned recently in the Colhecon, quarterly magazine of the American Home Economics Association of college clubs. The article concerned the group's formal installation of officers, and informal initiation of members.

## WAA Hikes Are Begun

One dozen Whitworth coeds are braving the early morning air every week-day from 6:00 to 7:00 a.m. These girls, who are working for W.A.A. points, rise early enough to be in the reception room of Westminster Hall on the sixth hour. The girls' trips will include hikes to Country Homes, 5 mile, Cook's, and Waikiki Dairy.

"In order to earn one hundred W. A. A. points, each girl must participate in 17 of the 20 hikes scheduled," states Phyllis Newton, W. A. A. vice president, who is in charge of the group.

# First '49 Baseball Game Is Slated 3 o'Clock Today

## Pirates Play Farragut Nine

Whitworth college opens its 1949 baseball campaign today when the Pirates play host to the Farragut Stags in the first game of a probable home and home series between the two nines. Set for action on Carman field, the contest will get underway at 3 p.m.

Although today's action will not be counted in the Evergreen race, the Pirates will be out to grab this one as if the pennant flag depended upon it.

### Has Score To Settle

Whitworth has a score to settle with the Stags . . . four scores to be exact.

Last year's nine well remembers when the Stags humiliated the Pirates, 7-1 and 6-1 on the Whits' field in the opening games of the 1948 season. Then in the final two tilts the Farragut diamond crew proved that the first pair of wins were only the beginning as they clubbed the Bucs 13-5 and 7-2.

### McCord May Hurl

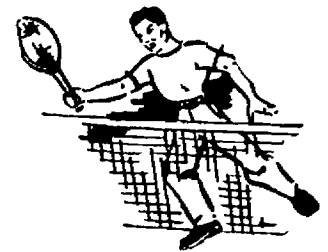

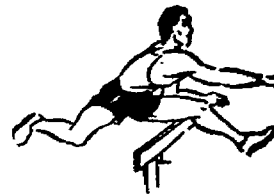

Whit Coach Jerry Stannard has not announced his starting hurler for this afternoon's action but it is probable that he will give Bill McCord the opening nod. Should Stannard elect to divide the pitching chores, it is likely that he will follow with Sam Bass and Ted Hussey, assigning each hurler to a three inning stint.

As for the rest of the Pirate lineup, the opening infield quartet will probably include either Nick Faber or Phil McDonald at first, and Don Cameron at the keystone sack, with, Don Taylor at short and Ed Kretz at third.

### Cruzen Set for Action

In the outfield Bob Cruzen is set for the center garden while the other two outposts will have to be divided among Bill Roffler, Tom Patten, and Sam Tague.

Veteran Kenny Gamble is ready to don his backstop garb for a turn behind the plate.

Can Any of These Produce an Evergreen Conference Championship?

## FROM THE SIDELINES

By WALT DAWSON

New faces, new to the Whitworth baseball scene, will feature today's diamond action when the Pirates open their 1949 campaign in a home debut on Carman field.

Among the list of newcomers are the infield quartet of Phil McDonald, Don Cameron, Don Taylor and Ed Kretz, and catchers Cliff Webb and Wes Camp. Others include pitchers Don Gum and Stan Johnson and outfielder Sam Adams.

### Reshapes Infield

In reshaping his diamond squad this spring, Coach Jerry Stannard was faced with the task of replacing three-fourths of his last season's infield; namely, a second baseman, a shortstop, and a third baseman. Veteran first sacker Nick Faber is the only holdover from the 1948 infield.

It is not at all improbable that in today's opener the Pirates' starting infield foursome will be composed of freshmen.

### McDonald May Start

Phil McDonald, who has shown power at the plate, may open at the first base post since Nick Faber, only three days removed from the choir trip, has hardly had time to get into shape.

Don Cameron is almost set as a permanent fixture at second base and Don Taylor has been impressive at short. Ed Kretz seems

to have nailed down the third base chore.

### Patten Ready

Stannard has five outfielders on hand in veterans Bob Cruzen, Tom Patten, Bill Roffler and Sam Tague who has been shifted from his usual infield role, and freshman Sam Adams. A probability that Roffler would be converted into a pitcher was indicated by Stannard last week.

The Pirates mound staff is headed by four returning lettermen: Bill McCord, Ted Hussey, Joe Gilliam, and southpaw Sam Bass. Two new hurlers seeking starting berths are Don Gum, a lefthander, and Stan Johnson.

Three maskmen, Kenny Gamble, Cliff Webb and Wes Camp, are vying for the catching assignment, with Gamble, who performed for the Whits last spring, currently pacing the play.

## NETSTERS HAVE STRONG SQUAD FOR '49 SEASON

With some capable returning lettermen, headed by Les Patten, twice conference singles champion, and promising jayvees up from last year, the Whitworth College netsters should have a strong aggregation for the 1949 tennis campaign.

According to coach, Mark Koehler, the Pirate chances for regaining the conference net championships which they lost to Western Washington last year look very good.

Bob McGaha, transfer from a California junior college, seems to be one of the top prospects on the Whit squad. During practice he has been teaming with Patten in the doubles and has looked very good.

Wally Moore and John Scottford, both lettermen, seem to be improved over last year.

Following is the list turning out for the squad: Moore, Patten, Scottford, Bill Gwinn, Larry Wyrick, Larry Henderson, Bob Schiller, Bob McGaha, Bob Canfield, Clyde Polk, Del Schallock, Dale Herengbone, and Holland St. John, team manager.

With prices at their present level, the best dressed women in town are the clothing store window dummies.

## Foul Ball

By STAN JOHNSON

Newsorthy Note: The sun is today shining in Spokane! This flash brings to mind some interesting ideas. Firstly, Old Mother Nature is not being at all fair to Whitworth athletes. This might go also for Gonzaga brawnies and

some of the boys from the State College to the south. These three schools all take on Coast teams and teams from the south and because of the difference in weather, are at a decided handicap.

Mrs. Nature takes pity only during basketball season and that is because man has folled her attempts with roofs and automatic indoor temperature controls.

When the Pirate baseball crew takes to the diamond against the NICE Loggers from down in the banana belt and when (if) they enter the playoffs with some team from the Coast area they will be doing so with a practice session behind them that was anything but profitable. Pro-horsehiders testify to the importance of this warmer weather as they all head south for training. Meanwhile however, the Bucs still must attempt to get rid of all those winter kinks while still being buffeted with temperatures ranging in the low 50's and the high 40's.

Ditto goes for the thinclads. For some unexplainable reason though, they seem to have an edge over the baseballers. Early season times and distances and heights tend to give evidence of a danger-

ous outfit there. Still the question though, how many seconds would 80 degree weather cut off?

Regardless of how hot the weather gets toward the end of the season, Coast teams still have that edge of just a few more days of warm practice periods.

An answer? Well, perhaps a field house? Perhaps, warmer weather. (Reliable people inform us that the administration can do nothing toward clearing up the weather?) Or maybe even a trip to Sarasota Springs or Palm Beach? None of these seem probable so the case seems hopeless. The thing to remember then is when you see that Pirate high jumper take off over that bar is, he has a handicap just as much as the horse which carries extra weight in a race.

We wanted Li Wing  
But we winged Willie Wong,  
A sad but excusable  
Slip of the Tong.

—KEITH PRESTON

Some for renown, on scraps of  
learning dote,  
And think they grew immortal as  
they quote.

—EDWARD YOUNG

## BUSY SCHEDULES FOR 100 ATHLETES

The 1949 Whitworth College spring sports program calls for busy schedules in baseball, track, tennis and golf. Currently there are nearly 100 athletes turning out for the four sports. Training has been underway for two weeks to ready the squads for the tough campaigns which include the Evergreen Conference championships which will be held May 27 and 28.

Baseball coach, Jerry Stannard has drawn up a 28 game schedule which includes tilts with such strong teams as Montana University, Gonzaga University, Seattle Pacific College besides the tough Evergreen Conference teams.

The Pirate horsehide crew will get its first intercollegiate competition this Friday when they host the Farragut College nine.

With 43 men from which to pick a squad, Aron Rempel, track mentor, expects to have a strong aggregation of thinclads to represent Whitworth at the conference meet which will be held on the Whitworth track May 27 and 28. Prior to then the Whit squad will engage in five meets. The first of these will be a three way meet with Gonzaga University and Eastern Washington College to be held at Cheney April 23.

Tennis coach, Mark Koehler, and golf coach, Dr. Homer Alder, also have arranged tough opposition for their teams. The netsters will get their first opposition when Montana University will meet the Pirates April 21 at Whitworth. Also included in the schedule will be two matches with the Washington State College squad.

The golf squad will play four matches the first of which will be against Farragut College on the Hayden Lake course.

## 28 Games for Baseball Nine

Whitworth's baseball schedule calls for a 28-game campaign starting with today's opener with Farragut. Before the season finale the Whits will meet nines from Montana, North Idaho, Gonzaga, Eastern, Central, Seattle Pacific, and Whitman.

In Evergreen play the Pirates have four games each slated with Eastern Washington and Central Washington.

To date 20 games have been scheduled. Dates for the five game Gonzaga series have not yet been announced, and a double header with Whitman is still in the making. The Whits final tilt will probably be a return match with Farragut—to be scheduled at a later date.

Vol. 39

SPOKANE, WASHINGTON, APRIL 22, 1949

No. 22

## Kiwanis To Build Dorm

### FIRST COURT SESSION TAKES DECISIVE ACTION

Organization of a student court to aid in solving student disciplinary problems came to a speedy climax Wednesday when the court held its first session. Three defendants were subpoenaed and ordered to appear before the nine man tribunal composed of representatives of campus dormitory groups and student council members.

Acting in a temporary capacity until a permanent court system is approved and set up, the court gave an indication of the type of authority and jurisdiction it will exercise.

#### Case No. 1

In the first case the defendant was arraigned on a charge of speeding on campus, reckless operation of a motor vehicle on campus, and disturbing the peace.

The court by secret ballot acted by giving the first-time offender a warning against similar violations in the future.

#### Dismissed from Campus

The second defendant, arraigned on more serious charges, received a more severe penalty. He was accused of illegal entry to a woman's dorm, and disturbing the peace.

The court in cognizance of the seriousness of the offense recommended his dismissal as a campus resident for the remainder of the spring quarter.

#### Disorderly Conduct

The third defendant was arraigned on a charge of disorderly conduct in the dining hall, dropped lighted firecrackers from a motor vehicle in motion, and disturbing the peace.

He was given a warning by the court against any further violations of proper student conduct on campus.

Jerry Mahaffey, ASWC President stated that the court will stand by the Christian principles of the college. "We don't want to see those things happening at Whitworth that would damage the institution," he stated. He also remarked that the court was in a formative stage and growing. There will be a need, he said, for helpful criticism from all members of the ASWC.

Acting as members of the court are Viola Goodale, Ray Gouldin, Don Smith, Jim Hardie, Al Christensen, L. G. Baker, Mary Leavens, Jack La Rose and Jerry Mahaffey.

#### Court Power

The court has power of disciplinary action in the following manner: 1. Recommend probation; 2. Recommend dismissal from campus; 3. Recommend dismissal from college; 4. Entry of the offense on the individual's permanent record.

## CANDIDATES MUST HAVE PETITIONS IN

Petitions of student body candidates which have been filed with L. G. Baker, election chairman included the following for president of the ASWC: Bill Gwinn, Ben Fairchild, and Jim Hardie. Today is the closing date for submitting petitions to the election committee.

Chuck Bovee is a candidate for vice-president. Bill Sauve is expected to file today to oppose Bovee in the campaign.

Five seeking the office of treasurer include: Dale Johnson, Larry Weyrick, Holland St. John, Don Cornish, and Ray Johnson. Viola Goodale and Beverly McMorran are competing for election as ASWC secretary.

May Queen nominees are Dorothy Smyth, Helen Kristoffersen, Joy Taylor, Shirley Freeburn, Beverly Holmes, Dot Leavens and Betty Lange. Other petitions are expected today.

Candidates will devote next week to their campaign efforts. Elections will be held May 3 and 4, Baker stated.

The successful candidates will take office at the beginning of the summer quarter this year instead of immediately following the election as previously practiced Baker said. They will attend board meetings in the meantime as observers to enable them to have a better understanding of the

responsibilities of their offices, he said.

Nominees for executive editor of the Whitworthian and for observing editor and business manager of the Natsih are to be announced Wednesday, Baker explained. Each position carries a \$300 student body scholarship.

Names of the ten candidates for member-at-large of the student council have not been announced yet. Five will be selected from the group to serve on the council.

An analysis of the platforms of the three presidential candidates will appear in next weeks issue. The men are still revising their statements.

The campaign gives promise of being a lively one, with the issues of adequate student body representation and the establishment of a permanent student court being two of the leading items.

## HOUSING FOR 32 MEN PLANNED ON LITTLE SPOKANE RIVER, \$45,000 TO BE EXPENDED

Announcement is made today by Dr. R. N. Hamblin, president of the Kiwanis' Health Center project, and Dr. Maxson, dean of men, that work will begin immediately on a Whitworth college men's dormitory at the location on the Little Spokane river.

### ACappella Choir To Give Concert At Local School

The Whitworth a cappella choir will present its final home concert of the season April 28 in the Lewis and Clark high school auditorium, Helmuth Bekowies, choir manager, has announced.

Under the direction of Wilbur L. Anders, the group will give the same program presented on its recent nine-day spring tour.

Jim McConnell, Vancouver, and Viola Goodale, Bremerton, both seniors, will be soloists.

Tickets will be on sale Monday through Thursday in the foyer of the gym.

The program follows:

#### Part I

Tenebrae Factae Sunt, Ingengeri; A Saving Health to Us Is Brought, Brahms; Cherubim Song, Glinka; Send Forth Thy Spirit, Schuetky; Beautiful Saviour, Crucaders Hymn.

#### Part II

Clap Your Hands, Christiansen; Hear My Supplication, Arkhangelsky; O Gladsome Light, Gretchaninoff; Behold a Host, Greig; Praise to the Lord, Choral-Anthem.

#### Part III

Beauty in Humility, Christiansen; From Grief to Glory, Christensen; Heaven and Earth Christensen.

The student body office is now located in the basement of the gym next to the Natsih offices. It was formerly in the public relations office. All student body business, including petitions will be transacted in the new room.

The Kiwanis' Health Center is located two and one half miles north of the college campus on the Little Spokane river. The dormitory will be similar to one erected at Washington State College in 1933.

#### Cooperative Plan

Thirty-two Whitworth men will be afforded an opportunity for residence in the new building that will operate on a share and share alike basis, that will provide for complete costs of food and housing.

According to present plans approximately one-half of the men receiving assignment to the Circle K house will be men from the present student body, the other half being incoming freshmen. Application for residence is scheduled through the Dean of Men's office, working in conjunction with a joint committee of college administration and Kiwanis club members. They will be accepted on the basis of financial need and integrity.

#### Spacious Building

Plans call for an expenditure of \$45,000 to enlarge the present buildings, which already have an evaluation of \$70,000. A beautiful dormitory building, a large dining hall and lounge with fireplace will be erected adjacent to the Health Center. Present buildings are being enlarged and winterized.

An administrative director to be appointed by the joint committee will live at the Circle K house. The cooperative project will employ its own cook under the guidance of the college administration.

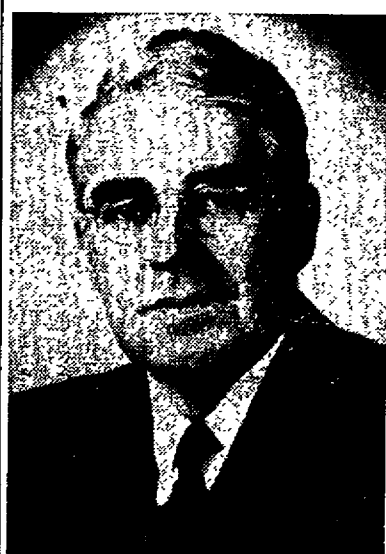

#### Health Center Project

Officers of the Kiwanis Club health project other than Dr. R. N. Hamblin, president, are J. M. Brown, vice president; A. H. Syverson, secretary; Philip S. Brooks and the chairman of the board of the county commissioners, directors. Walter M. Baldwin is president.

(Continued on Page 2)

### BAIRD STRESSES NEED FOR UNITY

Dr. Jesse Hayes Baird, moderator of the Presbyterian church of the United States of America, guest speaker at chapel yesterday stated that, "There is a definite need for the Amsterdam conference."

DR. JESSE HAYES BAIRD

#### One Voice

Elaborating, Dr. Baird said that instead of the world hearing the one voice of Christ, there has been a babble of voices. He emphasized the need for unity in Protestant churches throughout the world.

"Out of the chaos that first arose at the Amsterdam conference of the World Council of Churches," he said, "there developed a unity that impressed me."

#### Rift Closed

Commenting on the rift between the East and West, the split between the high and low churches, and the war-weariness of the European countries, he said petty details were soon forgotten, and a real desire to work through Jesus Christ was seen.

Dr. Baird stressed the need for spiritual and moral guidance to balance the power that has been developed throughout the world by science. "The scientists are behind us," he stated.

Dr. Baird, was guest of honor at a Westminster Fellowship breakfast held yesterday. Other guests included the Rev. H. E. Penhalurick, moderator of the Spokane Presbytery, and Don Hatch, moderator of the Spokane Presbytery, Westminster Fellowship.

Mr. Anders will be at Cheney Saturday, April 23, acting as adjudicator for the Eastern Washington high school musical festival.

Twenty-two hundred students from the eastern part of the state will take part in various types of choral group singing.

## PHIL CROSBIE WILL APPEAR IN CONCERT TOMORROW NITE

Phil Crosbie, prominent Spokane baritone, will be presented in formal concert in Graves Hall, tomorrow night at 8:00. Featured in the program with Mr. Crosbie will be two duo-piano numbers from Mendelssohn and Mozart played by Laurel Frazer and Betty Pollett.

Mr. Crosbie will sing the Prologue from "Pagliacci" in preview of a forthcoming appearance on the Chicago Theatre of the Air. In addition to this and other Italian classics, he will sing several modern request songs, including "Without a Song," and semi-classical selections including "Trees."

Mr. Crosbie is being presented under the auspices of the Senior class to raise money for the class gift of typewriters. Admission prices will be 75 cents for students and \$1.00 for adults. Tickets may be purchased at the door.

"I will lift up mine eyes into the hills from which cometh my help." Psalm 124:1

## Live and Let Live

Our student body, even as a state, nation or hemisphere, is made up of individuals who differ from each other in a great many respects. Our physical characteristics are as varied as the stars in the sky. Some of us are blondes; some brunettes and some redheads. Clothes that look well on one person may be unsuitable for another. Food that is relished by one may be distastful to another.

Why, then, shouldn't we think of this difference in regard to matters of the spirit? In our spiritual lives, there is no doubt about the necessity of our dedication to Christ. To some, this dedication includes abstaining from the use of cosmetics. To others it means giving up certain pleasures which heretofore have been enjoyed. To still others, it means the taking up or the relinquishing of varied habit patterns, and, there are many whose consciences allow them to merely rearrange their lives rather than completely change them.

Here at Whitworth we might remember to "live and let live." Our judgment is yet to come.

—B. L. D.

## SEVEN STUDENTS FORM CHARTER

Seven Whitworth students have been accepted as charter members of the Whitworth chapter of Phi Kappa Delta, national forensic fraternity, Loyd Waltz, head of the speech department, announced recently.

Mr. Waltz and L. G. Baker, Whitworth student, returned April 18th from Bradley University, in Peoria, Illinois, where they accepted the charter for Whitworth. In the National contests, also held at Bradley, Mr. Baker placed third in oratory and second in extemporaneous speaking.

Charter members of the Whitworth chapter are Baker, president; Phillip Strawn, Helmuth Bekowles, William Johnson, Waltz, Betty Lange and Glen Ellison.

## Christian Endeavor

That the C. E.'s missionary project of the year will be contributing \$200 to a missionary project in Germany and the remainder to Marguerite and Dale Blumhagen was decided at the regular meeting Wednesday evening. The Blumhagens plan to go to Nygeria under the African Island Mission.

## ALL SCHOOL FIELD TRIP

An all-school field trip to Grand Coulee Dam is slated for Saturday, April 30 by the Engineering club. A side-trip to Dry Falls and Coulee City as well as other special features is planned. A chartered bus will leave from the college.

Tickets for this event may be obtained from Harold Wimpy or Bob Brugge.

## ORCHESTRA TO PERFORM SOON

The Whitworth orchestra, conducted by Professor Robbins, will be featured in the student chapel Friday, April 29. The program will consist of the following:

Ballet Egyptian No. 1, Luigiini; Rondino, Theme from Beethoven, Kaiser; A Rhythmic Sketch; Mexican Overture, Merle J. Isaac; Bourée, Bach.

Janette DuFresne will play the violin solo entitled Andante, from Mendelssohn's concerto. Clarinet polka and prelude in Scherzo by Bennet will be performed by the clarinet quartet.

## Yates Continues Lecture Series

Prof. L. E. Yates will continue the lecture series, being held in the library each Monday night, with a series of two lectures on the philosophy of the Person and Work of the Holy Spirit. These two lectures will present the philosophical defense of Christianity. Prof. Yates states that his lecture this Monday night will cover the person of the Holy Spirit. There will also be time allotted for discussion.

Dr. Grob completed two inspiring lectures last week, dealing with the theology of Emil Brunner, noted Swiss theologian.

## Wed. Chapel

Wednesday, April 27—Rabbi Benjamin Kelson, leader of the congregation of B'nai Israel of Butte, Montana; his topic, "Jewish Contributions to Civilization."

Friday, April 29—Whitworth orchestra, directed by Professor Robbins.

## Letters to the Editor

Dear Editor

I should like to take this opportunity to express my deep and sincere appreciation to all those who were so instrumental in making the Campus Day clean-up the great success it was. Without the help of my four majors, Al Christensen, who took over at the last minute, Tom Patten, Don Smith, and Tom Summerson, and of the 22 captains who so ably headed up their details, little could have been accomplished. But it was the students who made the big difference. Their marvelous turn-out showed true evidence of the Christian cooperative spirit about which we have been hearing so much lately. Thanks again, all of you.

Sincerely, Les Mayo

Dear Editor,

Apparently it is time some one opened his big mouth about our puerile brothers and that their big-time thrills, the firecrackers. In all probability this party wouldn't be writing anything or thinking anymore of the firecracker desecration of Easter Sunday, if now, at 10:00 p.m. Monday night the cherry bomb explosions hadn't been resumed (It's about time for the snipers to get the range on the street lights, too.) Burn marks on the commons and dining room floors and disturbance of study hours and small children and babies' sleep is bad enough, but when Easter Sunday is picked as a day of release through firecrackers, it is time some disciplinary action be taken. If our student court has any teeth in it let's sink them where they will do the most good.

Myddleton Schindler.

## OFFICES OPEN TO STUDENTS

Applications for observing editor and business manager of the Natsih must be turned into Box 476 at the gym post office by Tuesday, according to L. G. Baker. The student elected observing editor will automatically become editor the next year, and will receive the \$300.00 scholarship. The business manager's position entails the securing of advertising for the year book and handling other financial matters. A \$300.00 scholarship is also offered with this office. Any student who is scholastically eligible may apply for these two positions.

## Housing

(Continued from page one)

dent of the Kiwanis club of Spokane.

The Whitworth college committee working temporarily on the project are Dr. Maxson, Dr. Munn, and Mr. Oakes. The present committee will be enlarged to include five men from the Kiwanis Club and five men from Whitworth's administration and faculty.

## Ferrell to Speak

Rev. Dick Ferrell, lumber camp, mining camp and Sunday school missionary, will be the speaker at the next Philadelphian meeting Thursday, April 28.

Mr. Ferrell has had long experience in this phase of Christian work and plans to inform the group of the nature of this ministry and tell of some of his experiences.

## Obituary

**EDITH GARRISON RITES HELD**

Known to many Whitworth students by her work in the college infirmary, Edith Garrison of Davenport, Washington, died at the Deaconess hospital last Thursday after several weeks illness. Funeral services were held Monday afternoon, followed by burial at the Greenwood cemetery. Dr. Mark Koehler officiated.

"We will remember Edith for her cheerful work as a college nurse," Miss Jenkins stated upon hearing of her death. "She considered the comfort of others before her own, and never complained though she was ill quite a good deal herself."

Edith was graduated from Davenport high school as valedictorian in 1944. She attended Whitworth after graduating from the cadet nursing corps at the Deaconess, and re-entered the Deaconess last fall.

She is survived by her parents.

## MRS. ELLA MAE PENHALURICK

Funeral services for Mrs. Ella Penhalurick of Spokane will be held this morning at 11:00 at Smith's Funeral home. She is survived by two children, Mrs. Ralph Saviston of Spokane and the Rev. Harold Penhalurick, faculty member and pastor of Tiffany Memorial Chapel.

## Whitworth Whims

By SALLY

On Campus Day two weeks ago many jobs which improved the appearance of Whitworth, such as mowing of lawns and shaving of beards were completed.

Yesterday an interdenominational breakfast was held in the dining hall. Dr. Jesse Baird was guest speaker and it is rumored that for the special event "food" was served!

If there is going to be a basket on every doorstep the evening of May 1, Larry is really going to have to get around.

—And then there are those who think tennis a number.

With the signing of petitions in mass production some interesting results could arise. It wouldn't be bad if Helen Kristofferson was nominated to run for treasurer of the student body, but I can't quite see Holland St. John as May Queen.

After much experimenting and research work, it has been definitely proved that if today were nine days earlier it would be Friday the 13.

## Men's Conference Plans Under Way

Men's conference, under the sponsorship of the "W" club, will be held May 6, 7 and 8 at Pine-low park resort, Deer lake. Major speaker of this annual event will be Jim Rayburn, who is known for his work with the Young Life movement. Sam Tague, club president, is general chairman. Working with him will be Dick Carr, program; Nick Faber, promotional; Larry Henderson, housing; Tom Patten, food; Del Schalock, work detail; Bob Reittke, publicity; and Willis Newton, recreation.

## STUDENT COURT POLICY

Because of the many problems that exist on campus that effect the welfare of the entire student body, a Student Court was called into existence last week at a regular student council meeting. The members of this court are the Alpha Chi, Sefelo Council representatives and the Executive Council of A. S. W. C.

Today this court met to formulate general operating policies and to take action on the present problems. The problems which effect the welfare of the entire student body and which will be acted upon immediately are:

1. Illegal possession of firearms in the dormitories.
2. Illegal possession of unauthorized explosives on campus. The court ruled at its meeting of April 19 that it is illegal to possess unauthorized explosives on Whitworth Campus and that anyone violating the above ruling shall automatically subject himself to the discipline of the court.
3. Reckless and noisy operation of motor vehicles.

## GENERAL POLICIES

1. The court hearings will be open to the Student Body.
2. Court will recess to make its final decision. Voting will be done by secret ballot.
3. A quorum will consist of six out of eight voting members. A decision will be carried by two-thirds of those voting members present.

## POWERS OF THE COURT

1. To recommend dismissal from college.
2. To place on disciplinary probation.
3. To remove from dormitories.
4. Any action of the court may be placed on students permanent transcript.

The court will exercise these powers in all cases and will be backed in all decisions by the Administration. We regret that such measures as these have to be taken, but due to the inconsiderate minority it is necessary to protect the welfare of the majority of the students and the surrounding community.

(Signed)

VIOLA GOODALE, Secretary

## Clubs Sponsor Joint Banquet

"Run the Race Victorious" is the theme of the life-service Philadelphian banquet to be held at the Spokane Hotel tonight at 7:30. The speech for the evening will be given by Rev. Cedarleaf of the First Covenant church.

Heading the committee are Chuck Bovee and Bev McMorran. Other committees and their chairmen are: Publicity, Bob Bruce and Nancy Hughes, and decorations, Don Cornish and Pat Waddell.

A program of readings by Donna Vandermeer, an accordion duet by Phil McDonald and Bob McGaha and a solo by Betty Montano will complete the evening. Wally Bekowles will be master of ceremonies.

## GANO BLUSHES; DRAPES STATUE

When Norm Gano received his prize statuette for winning in the inter-class speech tournament, a modest blush crept over his countenance. Was it humbleness at this honor that had been thrust upon him that caused his face to be fiery? Was it the sudden realization that fame had come to him at last? It was none of these.

For, horror of horrors, the statuette was unclad. Her imitation gold leaf gleamed in unabashed nakedness. But, did Norm cast her aside like a worn-out moccasin? Never. He hurried her home and fashioned a midriff outfit for her of yellow and green yarn. Now she stands in state in Prof. Walt's office for all the world to see.

## SINGERS ARE RECITAL HITS

Miss Ruby Heritage presented Janie Winters and Jim Dowdy Tuesday night in a 7:30 recital. Jim Dowdy a baritone soloist for the a cappella choir, is also in the variety quartette. Jane Winters, a cappella choir member has been featured in "Romance in Rio" and "Varsity Favorites," as well as being a soprano soloist in the choir. Mary Leavans, accompanist, supplemented the program with two piano solos.

Included in the joint program were early English songs, German leider, and Italian classics. Beside arias from operas, novelty numbers were also sung.

The wedding of Mary Baird and Jim Carlsen has been indefinitely postponed because of Mary's illness. They planned to be married April 20 in Tiffany Memorial Chapel. Both students are juniors, majoring in music.

## Homemakers Plan Meal

Alpha Beta's annual formal banquet is being planned for Saturday, May 7th in Elizabeth Ann's Tea Room. The program will feature a talk by a foreign student from Washington State college. At this time also the senior women will become formal members of the American Home Economics association, and the names of next year's officers will be announced.

The committee chairmen for the banquet are: Entertainment, Phyllis Cosman; invitations, Kathleen Kendall; tickets, Alice Williams; program, Evelyn Garner; Jackie Cosman; flowers, Eunice Buckley and Barbara Knott.

On Saturday, April 13, the women in charge will decorate the clothing lab in the basement of the Fine Arts building. The walls will be painted and curtains made.

On Tuesday, May 3, the members are going on a field trip through the Centennial Flouring mills, after which the Home Economist there will give several baking demonstrations.

You don't find happiness looking for it,  
You find it on the road to duty.  
—Bob Jones.

Margaret Scharff, was elected to be a delegate for the 40th annual convention of the College Clubs Department of the American Home Economics association, according to Miss Mary Boppell, head of the Home Economics department. The conference will be held in San Francisco from June 27 to July 1.

## HELEN - BOB

Tuesday evening, April 19, a surprise engagement of Helen Schneider and Bob Chamness was announced at a party in the home of Mr. and Mrs. Wendell Harder. The event was camouflaged as a birthday party for Wally Beckowles and Sue Pace. The happy news was told by pictures flashed on a screen. No date is set for the wedding.

## Vandermeer Gives Poem

Donna Vandermeer will be presented in her senior speech recital Tuesday, April 28, at 7 p. m. in the Speech Auditorium.

She will recite the narrative poem "White Cliffs of Dover" by Alice Duer Miller.

Also on the program will be a flute solo by Rosemary Hutchinson, accompanied by Mary Leavans.

## "W" Sponsored Party Is Gay

Cook's Roller rink on North Division was the scene of an all-school roller skating party Monday, April 18. The event was sponsored by the "W" club and the town club, Alpha Kappa Chi.

Both campus and town students rode to the reserved rink in special buses and private cars.

Alpha Kappa Chi chairman Ann Clark remarked that "skating parties are always fun and ours was no exception, for everyone had lots of thrills and spills." Sam Tague, who was the chairman from the "W" club, added that the party was a big success and inspiration for plans of another skate night.

## Coleen-Sam

Colleen Pickert and Sam Adams announced their engagement at dinner in the dining hall Monday night. No definite date for the wedding has been set.

## W. A. A. Initiation

W. A. A. initiation, planned this year as an overnight affair, will take place May 6 and 7 at Camp Cowles, Diamond lake. Taking part in the initiation ceremonies will be all girls who earned membership this year.

# Baseball Nine in Twin Bills Today and Tomorrow

## CLASS TEAMS BEGIN PLAY IN SOFTBALL

### STANDINGS

	Won	Lost
Whitworth	1	0
Trotters	1	0
Nason-Washington	0	0
Lancaster	0	0
Ball and Chain	0	1
Goodsell	0	1

Last Monday saw the six team intra-mural softball league get under way with a barrage of base hits. Whitworth, under Nick Faber, and Goodsell, managed by Don Taylor, put on a real slug fest before the Whits finally nosed out a 17-16 win. Tuesday the Town Trotters captained by Bill Van Camp edged by Aron Rempels Ball and Chain nine 9-8.

Dave Homes, director of intra-mural sports, gave this tentative list of teams: Whitworth Hall, Nason-Washington Hall, Goodsell Hall, Lancaster Hall, Ball and Chain, and the Town Trotters.

Monday's game was a race between the two teams to see who could make the most errors. Tuesday's game, however, was a close game with the score being tied up three times. The Trotters power at the plate told in the end. Bill Van Camp led his teams batting attack with two homeruns. Dutch Elias was the winning pitcher while Rempel the loser.

Wednesday, Kenny Moen will lead his Lancaster Hall team against Nason-Washington, who will be under the managerial reins of Gill Thesen.

Thursday the Town Trotters will try and extend their winning streak to two games as they face Goodsell hall.

According to Holmes, each squad will play two games a week. As yet the total number of games or length of the campaign has not been decided.

## U OF MONTANA AND LEWISTON WILL BE WEEKEND OPPONENTS

Whitworth College hurlers will be worked overtime this week end as coach Jerry Stannard has slated four games for his baseball nine for Friday and Saturday. The slim Pirate hurling staff will have to be at its best when the squad takes on a strong Montana University team in a twin bill tomorrow on their home field, and then makes the southern jaunt to Lewiston the following day for another pair of tilts with North Idaho College of Education.

Stannard has only four regular moundsmen and a pair of freshmen prospects to call on in case the starters are unable to go the limit. In two games played so far only three Whit pitchers saw action. Sam Bass and Bill McCord teamed up in the seasons opener to down Farragut 11 to 4 giving up 7 hits. Against Gonzaga both McCord and Bass worked three inning sints with Ted Hussey twirling the other three. The Zags collected 17 hits and 14 runs to win 14 to 1.

Bass, a left hander, will be Stannard's choice in the first Montana game, while Joe Gilliam will get the nod for the seven inning second game. Gilliam is the fourth pitching holdover from the 1948 squad. Lefty Don Gum and Dick Schultz, both freshmen, round out the staff.

The rest of the squad will be made up of Nick Faber on first, Don Cameron at the keystone sack, Don Taylor at short, and Ed Kretz at third. All but Faber are first year men.

In the outfield, Bob Cruzen will be in center with Bill Roffler, Sam Tague, and Tom Patten taking turns at the other two positions.

Keystone sacker DON CAMERON is a freshman playing his first year with the Whit horsehide crew. He is known to all by his play on the basketball court.

## Thinclads in Triangular Meet Today

### WHITS, ZAGS CHENEY RIVALS

The thinclads from Whitworth will be pitted against Gonzaga University and Eastern Washington College cindermen tomorrow at Cheney when the three schools compete for the local track crown.

Whitworth, usually weak in track will be represented by 35 men in tomorrow's three way meet, but the Pirates will probably have to rely on a quartet of runners to earn them points.

In losing to Whitman 84 to 49 last week at Walla Walla the Pirates could gain only five firsts. Top point getter was Rudy Cozzetto who took the low hurdles with a time of 24.1 and jumped nearly 21 feet to also top the broadjumpers. He was followed in both events by teammate Willis Newton.

Sam Adams although failing to place any firsts against Whitman, will be the Whits top candidate in three events. He took seconds in the high jump with 5 feet 8 inches, the high hurdles, and in the shot with 38 feet to head all Whit performers in those events.

Gordon Petriquin turned in the best Pirate performance of the day, registering a 51.1 seconds victory in the 440 yard dash. He is also the number one contender in the 880.

Other First place winners at Walla Walla were Bob Scott who headed the discus throwers, and Orin Stretton winning the pole vault.

## WHIT GOLFERS HOST STAGS IN RETURN MATCH

The six man Whitworth golf squad will play a return match today with the Farragut College team over the Indian Canyon course in Spokane.

According to Dr. Alder, golf coach, three men are playing on equal terms and trying for the number "1" team spot.

In last weeks match in which the Pirate link men downed the Stags 14½ to 3½, Homer Cardle, Ben Fairchild and Don Levitt tied for low medal honors each with a 78 over the Hayden lake course.

Cardle will play in the first spot today because the Canyon is his home course.

Last weeks results were:

Whitworth	Farragut
Fairchild	2
Cardle	3
Levitt	3
Short	½
Lindgren	3
Matsumoto	3
Barnett	1
Allen	0
Gnessling	0
Miller	2½
Black	0
Natsland	0

## U. OF M. DOWNS BUC NET SQUAD

The college netsters lost their third straight tennis match of the season yesterday when they were downed by an aggressive Montana University squad 5 to 2.

The Bucs started out strong, gaining singles wins in the first two matches, but after that they were shut out cold as the Montanans copped the three remaining singles and two doubles events.

### Patten Pressed

Pirate victories came on the strength of wins by Les Patten and Wally Moore. Patten in winning his third straight this year was pressed for the first time being extended to 7-5 by Bob Kramer in the first set. He won the match 7-5, 6-3. Moore downed Dale Forbes 6-3, 6-4.

John Scottford was defeated 6-3, 3-6, 7-5 by Bob Holmstrom after he blew comfortable leads in both of the final two sets. It was his second successive three-set game.

## Foul Ball

By STAN JOHNSON

When a college or University grows up athletically, it isn't the championship grid teams or the unbeaten basketballers that announces the maturation of the plant.

It's a well rounded intra-mural program that takes care of the recreational needs of all interested that tips the balance.

Any 'big' school proves this out upon investigation. At the present time there isn't a coach in the country who won't agree that the University of Michigan has had some of the greatest powerhouses on the football turf ever fielded by any school. However when a recent release by the public relations department of that school came across the desk it wasn't Wolverine gridders that took the light or was it any of the other varsity squads. Top billing was given to the increased physical plant to take care of intramural athletics. These included several football fields, tennis courts, a score of ball diamonds, and a gym used exclusively for intra-mural activities.

When a college gets to this point it won't have to worry about its varsity squads. They'll take care of themselves when every student interested in athletics gets expert attention.

Still on the subject of Michigan—Included in the pamphlet were some details concerning their new

stadium. It seems like the old plant, seating a mere 50,000 or so, wasn't big enough to take care of the crowds trying to see the champions in action.

Their new stadium has a press box included to make the sports-writer's mouth drip faster than Pavov's famous dog. Included for the benefit of the visiting "experts" were plush stools for those long fall football games, individual telephone outlets for each reporter with direct lines to his paper available during each conference contest.

Built in navy binoculars for each stool, Associated Press scores direct from all other important games, a public address system carrying a running account of the game in progress, individual spotters for each reporter from both teams—these boys are supposed to be able to pronounce Myskivitch, Right Tackle—and an elevator to this plush compartment so that lowly quillists won't have to weary themselves with a 87 row climb.

What with free refreshments from the management, the writers ought to be all set.

# Whitworthian

Vol. 39

SPOKANE, WASHINGTON, APRIL 29, 1949

No. 23

## ASWC Candidates Campaign, Election This Week

### RAYBURN COMING TO MEN'S MEET

Mr. Jim Rayburn, prominent Texan in the Young Life movement, will be the main speaker at the annual Men's Conference, planned by the W club for May 6, 7, and 8 at Pinelov park resort, Deer Lake. Sam Tague, letterman president, is general chairman.

Mr. Rayburn began his ministry in the Southwestern part of the United States in Indian territory; he later went on to the Dallas Seminary where he became associated with the Young Life movement. Beginning with trips to surrounding parts of the country eight years ago, Mr. Rayburn first took an active interest in the movement. At present he is the national president.

Theme of the conference is Practical Christian Living. Emphasis of this theme will be carried out by the Rev. Clifford Chaffee, recent appointee to the position of Bible department head, at the Friday night fireside, by Dr. Mark L. Koehler, residing Bible department head, at the Saturday night fireside, and by the Rev. Cedarleaf of the First Covenant church in Spokane at the Saturday morning service. Special music will be furnished by the varsity quartet and by Phil MacDonald, accordionist.

Cost of the week-end event will be \$3.75; tickets may be purchased next Tuesday, Wednesday, and Thursday from the three "Texans"—Sam Adams, Bob Davis and "Pete", Bennett. Transportation is furnished for those without cars, but each man must provide his own bedding.

"W" club members working with chairman Tague are Tom Paten, food; Bill Hiser, transportation; Dick Carr, program; Nick Faber, promotional; Ken Turnquist, recreation; Larry Henderson, housing; Del Schalock, work detail; and Bob Rettke, publicity.

### Legion Invites To Post Exhibit

An invitation to Whitworth students and faculty to attend the Navy and Marine exhibit May 4-8 has been extended by Edward de Sarro, chairman for the North Side Post 136 of the American Legion.

The exhibit, to be held at W. 411 1/2 First avenue, will be open from 11 a.m. to 12 p.m. each day. Technical and tactical equipment shown will include some "classified" developments which until recently have been held secret, de Sarro stated.

Entertainment, free coffee and doughnuts, and a contest to select an Inland Empire Navy Queen will be included, he said. He urged those interested in entering the queen contest to write or phone the Legion post for information.

Some people use such unethical means in becoming the cream of society that when they reach the top they are scum.—Dawson.

### Natsihi Shows "Through the Looking Glass"

"Through the Looking Glass," a performance including a fashion show and a gay nineties play will be presented on Tuesday evening at 8:00 p.m. in Graves gymnasium. The show is sponsored by the Natsihi.

"We expect this to be the best performance of the year," said Joan Beckwith, general chairman. "Everyone has been most cooperative, and we are all working to make the show as professional as possible."

The Palace is furnishing the clothes to be modeled. There will be student models showing a complete line of summer fashions for both men and women. The models are: Joy Taylor, Mary Lou Anderson, Joan Leavers, Pat Young, Colette Stirm, Ann Heil, Barbara Hanson, Elizabeth Kristoffersen, Dick Carr, Kenny Moe, and Wally Moore. Arrangements for the commentator, Peggy Cockerham, were made by The Palace.

The Varsity quartet is featured in the second part of the show as an old-time barbershop quartet. "Two Seats in a Saddle" will add humor to the evening with Clary Wright, Donna Vander Meer and Virginia Gaiser starring in the play. It is a melodrama taking place in the 1890's and will be acted in the manner that the "dramatic arts were then presented. It will present the extreme contrast of the modern fashion show and the manner deemed proper for young men and women to act back in the '90's."

Assisting in the production are: Barbara Deemy, publicity; Mary Lou and Donna Jean Anderson and Joan Day, stage; Colette Stirm, Jane Williams, Dean Gammell, Tom Johnson, and John Scotford, advertising; and Mary Nan Kling, tickets and programs. Jeanette Du Fresne will furnish the background music for the style show.

"I hope we will have a large turnout," says the business manager of the annual, "because the proceeds of the affair will go toward paying the cost of this year's Natsihi. The book is more than doubled with increasing costs. It is necessary to raise more funds."

There seems to be great warmth in the Atlantic Pact—it has changed Iceland from the coldest land near Europe to the hottest spot in the world.—Dawson.

### Crosbie Concert Attracts Crowd

Phil Crosbie, well-known baritone from Spokane, sang before an audience of approximately 400 in Graves Hall last Saturday night. The concert was sponsored by the senior class.

Outstanding in Mr. Crosbie's program was "Prologue" from Pagliacci (Leoncavallo), which he will sing at the coming Chicago Theater of the Air. Also appreciated was the beautiful "Lord's Prayer" by Malotte.

Mr. Crosbie was assisted by Betty Follett and Laurel Fraser, Whitworth students, who played two double piano solos. The first piano solo was "Sonata in D" (Mozart) and followed by "Sapphic" (Mendelssohn).

Mr. Crosbie was appreciative of the musicianship of Betty Follett and Laurel Fraser, and praised the music department for their fine training.

### Reba Hurn To Speak at Phi Alpha Chapel

Whitworth's honorary scholastic society, Phi Alpha, will bring Miss Reba Hurn to the campus Wednesday, May 4, as speaker in their annual chapel program.

A Spokane lawyer who has just returned from two years of study in the middle east, Miss Hurn will speak on the topic "The Middle East Today." She will consider the religious and political controversies of Palestine, Egypt, Persia, Turkey and Lebanon.

Since her return, Miss Hurn has been in great demand as a speaker bringing a clear, first-hand picture of conditions as they exist in that area of the world.

### Tests Help To Choose Major

The testing and guidance office announces that those desiring an evaluation of their scholastic abilities and preferences may apply Tuesdays or Thursdays in M-3 for personality, intelligence, interest and special aptitude tests.

These tests take about two and one-half hours to complete, and may be all taken once or over a period of time, if desired. Testing will continue for three more weeks, ending Thursday, May 19.

Dr. Maxson, head of the program, stressed that those who are having difficulty in choosing their majors might find these tests of particular value.

Perhaps a solution to the rent ceiling problem would be to have more ceilings to rent.—Walker.

## Student Court Is Emphasized As One of Major Issues In Fight for Offices

By WALKER

### Student Council Studies Housing And Legal Plan

The subject of a new student union building was the first topic to be discussed by the student council at its Tuesday meeting. Among the problems confronting the building committee, the following were presented: lack of an initial fund; the location of the proposed building; the type of architecture to be employed; what rooms and offices to be included in the building. A suggestion was made that the "W" club war memorial fund be used in connection with the student union. An open forum discussing the student union building will soon be held in chapel.

The student court issue was also considered. A motion was made to contact the Better Government committee for its recommendations concerning a student court. It is the feeling of the student council to draft plans for a judiciary court. The amendment to the ASWC council would then be presented to the student body at large for ratification.

### Work Begun on New Circle K Dorm Project

Architects and contractors are beginning work building two highly modernistic dormitories to house 32 Whitworth college men students this fall. \$45,000 is being spent on this project.

These dorms are in addition to the large club house, which includes a lounge room with fireplace which may be used for recreation and study. A dining room is an annex to this building, and includes a complete electric kitchen. Upstairs in the lodge hall there are living quarters for supervisors, kitchen staff, etc. The selection of personnel will take place soon by a joint committee from the Kiwanis club and Whitworth college.

Approximately 16 men from the present student body will be afforded residency on this spacious back-campus, which also features a \$10,000 outdoor swimming pool.

Application may be made through the office of the Dean of Men at any time. Transportation facilities will be worked out through the college administration offices since the Circle K house will be two and one-half miles from the campus.

A spirited campaign for election as ASWC president is being waged by three men: Ben Fairchild, a Californian; Bill Gwinn, a Seattleite, and James Hardie, from Texas.

Whitworth seems assured of a student body president who is pledged to seek closer student-administration relationship, mode adequate representation on student council, and changes in student government to strengthen it. These points are incorporated in the platform of each of the candidates.

#### Bovee and Sauve Run

The vice president race is between Charles Bovee and William Sauve. Bovee is from Clinton, and Sauve from Virginia, Minn. The vice president is chairman of campus social activities, assisted by the vice president of each class. He presides over the freshman class meetings until the group elects its own officers.

Two women are vying for the duties of ASWC secretary. They are Viola Goodale and Beverly McMorran.

#### Trying for Treasurer

Competition is particularly keen among those striving for the office of treasurer. The five in the field are: Ray Johnson, Don Cornish, Holland St. John, Dale Johnson and Larry Weyrick.

Fairchild, a psychology major, is in the junior class, and is a member of the varsity golf team. He is active in the Philadelphians, I.K.'s, was chairman of the WSSF drive last year, and has served on the student council.

#### On and Off Campus

He points out that he has lived both on the campus and as a town student, which he believes enables him to have a better understanding of the problems confronting both groups. He is stressing the theme of campus unity.

#### Gwinn Is Active

Studying as a social science major, Gwinn is making a strong bid for election. His vigorous campaign includes mailing of copies of his platform to each student.

Gwinn criticizes the present court system as being inadequate, and advocates the establishment of a permanent court with provisions for compliance with legal procedure so that justice will be administered to both the defendant and to the student body.

Hardie, a Bible major, states that he believes that many campus problems have arisen through misunderstanding, and that a primary objective should be to see that Whitworth has a well-informed student body.

#### Hardie Urges Interest

He contends that individual students should feel more responsibility in helping their representation. (Continued on page 2)

*Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth. 2 Tim. 2:15.*

It is high time that note be taken of the fact that the general condition of men's dorms is not what it could or should be. We don't mean the conditions of individual rooms. What we do refer to is the lack of normal, decent facilities for men's reception rooms.

There is no place on this campus where men may bring outside guests—family freinds, or visiting students—unless it is to the so-called reception rooms in their dorms.

And what does an outsider see when he enters a typical reception room? Cast off furniture, no rugs, rooms badly in need of paint, no lamps, a scarcity of pictures, and a general slovenliness that is a shame to the campus.

It would be an understatement to say that most men would be appreciative of decent reception rooms. If given the proper atmosphere, they would respect the furnishings as those of their own home. But, with conditions the way they are, there is no incentive to maintain a good, neat appearance of their reception rooms.

The women to date have been given the best of everything for their reception rooms. Radios, lamps, good furniture and other added comforts. We think the administration could well plan to give the men some of these things. They are tired of taking a back seat on Whitworth campus. Why not make the men's dorms something to go back to?

## National Student Group Plans Summer Tours

Madison, Wis.—The United States National Student Association (NSA) was today notified that it has been voted to associate membership in the American Council on Education.

NSA is the only student organization to hold membership in the council which has been influential in the shaping of American education policies and practices during the past 30 years.

NSA was also invited to send a representative to the council's annual meeting in Washington, D. C. on May 6 and 7.

Representing more than 800,000 students in 281 colleges and universities in the United States, NSA is also the only student organization which has been granted membership in the National Education Association and the United States commission for UNESCO.

Robert S. Smith, NSA's representative on UNESCO, was recently elected to the executive committee of that body.

NSA is a non-partisan, non-sectarian representative intercollegiate organization formed two years ago to serve the needs of students of the United States, and to promote their interests and welfare.

NSA's summer program abroad has been expanded to accommodate more than 1300 students of the United States in ten study-tours to Europe and Latin America, five work-camps in Europe, and a seminar in Italy.

Participants in the program will be selected on the basis of the application which requests information on the student's work with his colleges' foreign student programs, knowledge of language, academic study and extra-curricular activity which indicate an interest in participating in the program.

It is expected that more than 10,000 students will apply for places on the projects.

All students participating in the projects will leave from Quebec on June 15 or 30, and return to New York during the first week in September.

The students will sail on the Dutch ship "Volendam" which has been made available to NSA by the Netherlands Ministry of Shipping. Orientation programs will be conducted on board ship by competent faculty members and other experienced personnel.

All the summer programs include free periods for independent travel in Europe and Latin America.

Further information and applications may be received from NSA International Commission, 18 Brattle Street, Cambridge 38, Massachusetts.

## Choir To Add New Bekowies

Another addition to the campus family was the birth of Joel Paul to Helmut and Mrs. Bekowies on April 16. Already the proud father has him auditioning with Mr. Anders for solo parts with the a cappella choir.

## Letters to the Editor

Dear Editor:

Among the lovely associations we have with spring, one of the most appreciated contributions was that of Mrs. Paul J. Leavens of Santa Paula, California, in the form of two huge boxes of her own flowers.

Mrs. Leavens' flowers set the background for at least four of the many recent recitals through the use of many stocks, sweet peas, carnations, gladioli and iris.

Especially noteworthy were the Birds of Paradise which comprised the centerpiece for the reception at my speech recital. As many of the Washingtonians had never before seen this particular flower, it was the object of much curiosity, as well as admiration.

The Fine Arts auditorium was a paradise of posies at the combined recital of Janie Winters, Jim Dowdy and Mary Leavens.

Whitworth in general, and several performers in particular send their grateful thanks to Mrs. Leavens.

Betty Lange.

Dear Editor:

The death of Mrs. Robert Schoonover, formerly Janet McCreary, a 1940 graduate, came as a shock to those who knew her. She was married on April 9, in New York City. A week later she was taken to a hospital for an emergency operation. She never came out of the anaesthetic.

Sincerely  
M. L. Jenkins.

## Future Chapels

Monday, May 2—Dr. Warren.

Wednesday, May 4—Program by Phi Alpha, the honorary scholastic organization.

Friday, May 6—Dr. and Mrs. Eugene Kellersberger, missionaries to Africa.

## Beamer, Smith Head Christian Endeavor

Dave Beamer, Duluth Minnesota, was elected president of the Christian Endeavor Society at its regular business meeting last Wednesday evening. Runner-up in the election was Don Smith, who automatically became vice president. Dave succeeds Leigh Taylor, outgoing president.

## Mailman Won't Forget Gamble

Nobody on campus is receiving more mail lately than Kenny Gamble, Whitworth's lonely heart. Every day sees a mail box full of enticing envelopes—some gray, some green, some handwritten on dainty white stationery.

And opening the letters is even more thrilling to KG than seeing them come. For there are letters from all corners of the United States.

But why all the mail for Gamble? You've heard of Bundles for Congressmen? Well, some gay blade got the idea that Gamble would appreciate all the mail he could get—and so-o-o. He gets mail! There are taxidermy ads, gun ads, patented asthma medicine ads, maternity ads, stout women ads, arthritic ads, college and university ads, bedspring ads, mattress ads, greeting card ads, free samples, circulars, mail order catalogs, personal letters inviting him to try new products—and even telephone calls from salesmen in this area.

As, yes, life is gay these days for Kenny Gamble. No more does he sit and wait forlornly by an empty mailbox. For today life is a challenge to him—making him wonder what each new day will bring.

If you cast your vote for the individual of your choice, you are not as apt to be downcast at the outcome of the election.

Donn Jann and Dale Parton were chosen to act as program chairmen for the coming term. In the vote for treasurer, Mark Jennings was selected.

Florence Shires was voted secretary, Marie Miller, social chairman, Don Hayes, music chairman, Pete Bennett, missionary chairman, Pat Flowers in charge of, pre-prayer, Sally Evans, publicity, and Don Taylor, services chairman.

A publicity chairman will be elected from the married couples early in the fall.

Nominations for the offices were presented to the group by a committee composed of Jim Hardy, Dorothy Leavens, Arlo Robbins, Leigh Taylor, and Mr. Carlson and Miss Whitten, advisers.

## ASWC Election

(Continued from page 1)

tives to make right decisions in regard to campus matters.

Campaign issues indicate that prospective ASWC officers are not only concerned about attacking the prevailing problems, but are also taking a long range view. They propose action which would have a definite bearing upon future students. Among these are Student Union building plans, the student court, and the establishment and perpetuation of school traditions.

### More Socials Wanted

Both vice president nominees emphasize that they advocate revision of the social calendar to allow more than one event each evening. Sauve recommends re-activation of "Freshman Week" activities, and Bovee asserts that the formation of a vital "Rally Committee" is necessary.

## — ELECTION NOTICE —

The following is a WHITWORTHIAN service to aid student voters in knowing who is running for ASWC offices. It is expected that these names will appear on the ballot.

### PRESIDENT

Bill Gwinn Jim Hardie Ben Fairchild

### VICE PRESIDENT

Chuck Bovee Bill Sauve

### SECRETARY

Viola Goodale Beverly McMorran

### TREASURER

Don Cornish Holland St. John  
Dale Johnson Larry Weyrick  
Ray Johnson

### COUNCIL-MEMBER-AT-LARGE

(Vote for Five)

Sylvia Braband Dwight Johnson  
Richard Cole Norman McDonald  
Madelyn Curtis Lois Olson  
Bob Farley Phil Strawn  
Don Jann Merlin Wackerbarth

### MAY QUEEN

Shirley Jane Freeburn Dorothy Leavens  
Beverly Holmes Dorothy Smyth  
Helen Kristoffersen Joy Taylor  
Betty Lange Marian Venn

(Election chairman is L. G. Baker, 5th executive of student council)

(Editorial offices will appear on the ballot)

## Baird-Carlsen Rites Held in Tiffany Chapel Sunday

Miss Mary Baird, daughter of Dr. and Mrs. Jesse H. Baird, and Mr. James Carlsen were married May 1. Tiffany Memorial Chapel was the scene for the ceremony. Miss Margaret Baird, sister of the bride, was the maid of honor. The bridesmaids were Misses Beverly Holmes and Patty Love. The Misses Olive Walburn and Virginia Gaiser lighted the candles. Little Miss Audrey Carlsen, the groom's niece was the flower girl.

The groom's brother from Seattle, Mr. Ted Carlsen, acted as best man. Messrs. James Hardie and Martin Faber were the ushers.

Dr. Frank F. Warren and the Rev. H. E. Penhalurick officiated at the wedding. Mr. James Dowdy, accompanied by Miss JoAnn Larson, sang "At Dawning" and "I Love You."

The bride's gown was of white Japanese silk. The bodice was accented by a lace inset. The fitted sleeves were edged with lace and the gored skirt ended in a medium length train. A satin tiara held the finger-tip veil in place. Her bouquet was of white carnations and lilies of the valley.

The maid of honor wore peach taffeta with a rear bustle effect. Blue was the color for the bridesmaids. They carried harmonizing carnation bouquets.

An open reception was held in the parlor of the church, at which Mesdames John Koehler, Penhalurick, and Warren were the hostesses. Mrs. Garth Steel and Mrs. Mark Koehler served at the punch bowl.

Out-of-town guests included Mrs. Jesse H. Baird of San Francisco; Mr. and Mrs. James Carlsen of Sunnyside; Mr. and Mrs. Wray Brown and Mrs. Bragstad of Yakima; and Mr. and Mrs. Ted Carlsen and children of Seattle. Dr. Baird was unable to attend the marriage.

One of the gay spring play frocks combining ingenuity and striped cotton that would be ideal for budget-minded campus co-eds.

## Donna and Vern

Midnight, April 23, Miss Donna Bruner passed the candy to the women of McMillan Hall. Her fiancé, LaVern Brassard, graduates from Whitworth this spring. Miss Bruner is a member of the freshman class. No date has been set for the wedding.

Work got under way last week for a brick facing on the science building. The south side of the building should be completed by graduation time. It has been estimated that the entire building will be bricked by late summer.

From all reports the Philadelphia banquet was really swell.

## Queen To Be One of Eight

Active campaigning on behalf of the eight candidates for May Queen have produced decorative signs and posters.

In the group of senior women striving for the honors are Shirley Jane Freeburn, Dorothy Leavens, Helen Kristoffersen, Dorothy Smyth, Marian Venn, Joy Taylor, Beverly Holmes and Betty Lange.

As a tradition, the queen will rule over May Day festivities. They will be presented before the student body at chapel tomorrow.

## Red Shoes

A sneak-preview of the J. Arthur Rank production "The Red Shoes" was presented yesterday morning at the State Theater to faculty and publication members of Spokane schools. This highly acclaimed British picture is outstanding for its musical score and dramatic impact. The film, based on the fairy tale by Hans Christian Anderson, is the story of a ballerina whose red ballet shoes were the cause of her death.

Superbly cast were Moira Shearer as the ballerina, Anton Walbrook as the producer, Marius Goring as the composer and Leonide Massine as the ballet master.

The film was awarded three academy awards on the basis of music, color and art direction. It will be shown for a week starting May 7 as a road show presentation.

## Virginia Gaiser Recital Held

Virginia Lou Gaiser presented a voice and speech recital Sunday afternoon at 4 o'clock in the speech auditorium. For her program she chose selections from Romeo and Juliet by William Shakespeare, and music from Act II of the Opera Faust, taking the part of Marguerite.

Her program was well received by the many persons attending the recital.

## Recitals

Marjorie Unruh, Viola Goodale, George Stout and Jim McConnell were presented in Junior voice recital last Sunday afternoon. A capacity audience attended this first performance of the mixed quartet. The ensemble was lauded for its presentation of the Spinning Quartet from "Martha." Outstanding solo numbers included "In Verdure Clad," from the "Creation" by Haydn, sung by Mrs. Unruh; "In the Silver Moonbeams" by Scott, sung by Mr. Stout; Voce di donna o d'angelo from "La Gioconda" by Ponchielli, sung by Miss Goodale, and the Prologue from "Pagliacci" by Leoncavallo, sung by Mr. McConnell.

Ushers for the afternoon were Joann Larson, Corinne Weber, Richard Snell and William Hiser.

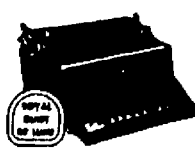

The Speech department of Whitworth college presented Donna Vander Meer in an oral recital last Tuesday night. Miss Vander Meer recited the narrative poem, "The White Chiffs of Dover." Written by Alice Deur Miller, the epic has been popularized by a motion picture of the same name.

Miss Rosemary Hutchins set the mood with a preliminary flute solo. Miss Hutchins played "Reverie" by Debussy. Miss Mary Leavens was the accompanist.

## Teague-Weber Recital Held

The music department presented Neava Teague and Corrine Weber in piano and organ recital Friday evening. The two junior women, students of Mrs. Anna Jane Carrell, played individual selections and combined to play organ and piano duet on two numbers, Beethoven's "Moonlight Sonata," and "Finlandia" by Sibelius.

## Whitworth Whims

By SALLY

The girls, as well as fellows, on Whitworth campus have been practicing evenings to improve their bawling average (and we aren't speaking of eyelashes).

When you think a good way to get a bang out of life is to set off a fire-cracker, remember that it might backfire.

Whitworth students got the inside story of a great project when they explored the interior of the Grand Coulee Dam last Saturday.

The reason for the sign-up sheet for Writers' Club banquet was to make sure those planning to attend could write.

Have you heard that the correspondent covering the a capella program is called the inquiring reporter?

One must be careful how he uses the word "engage" now because it is said that from April through June it has only one meaning at Whitworth college.

If you think your mid-terms were hard, here's a consoling (?) reminder. Just think how much harder finals will be!

# Evergreen Loop Opens, Net & Track Teams Eye Wins

## HORSEHIDERS MEET CENTRAL IN OPENING GO

Whitworth and Central Washington open the eastern half of the Evergreen conference baseball play today when the two diamond teams square off in a double header at Ellensburg.

The Pirates will make it four games in two days when they return home tomorrow for a non-league twin bill with North Idaho.

For baseball action the Evergreen circuit has been divided into two sections with Whitworth, Eastern, and Central representing the eastern half of the league and the other five members of the conference, the western group. Last year in Wingo play the eastern trio included the same three teams, with Eastern finishing on the top rung of the ladder at the end of the season, followed by Whitworth and Central in order.

A play-off between the winners of the two sections will be held on the western side of the slope early in June.

Coach Stannard has not announced his hurling choices for today's games, but it is probably that each of his four lettermen moundsmen will get an opening nod in the two-day action of twin bills. It is likely that Sam Bass will pitch one game today with either Bill McCord or Joe Gilliam due for the second, with the odd flinger set to team with Ted Hussey in tomorrow's pair against the Loggers.

The Whit infield is almost fixed with Nick Faber at first, Don Cameron at second, Don Taylor at short, and Ed Kretz at third. In the outfield Bob Cruzen is a permanent fixture in center, flanked by Bill Roffler in left and Sam Tague in right. Kenny Gamble will probably handle the mask duties behind the plate.

The horsehidiers have suffered five straight setbacks losing to Gonzaga 14 to 1, Montana 10 to 6 and 4 to 1, North Idaho 10 to 9 and again to Gonzaga 13 to 3 in that order. Their lone victory was over Farragut College 11 to 4.

To date, lefty Sam Bass has been the only Pirate hurler to notch a victory. He has also been

## Summing It Up

By Dick Hardesty

The Whit net team may not have been so impressive to the Montana squad that recently handed the locals a 5 to 2 setback, but the college courts and athletic layout here brought forth many favorable comments from the visitors.

The Montanans stated that their new asphalt courts were on a par with our new ones, but as yet they had never seen comparable crowd facilities. Reference was to the wooden bleachers constructed last year.

They even thought that the improved track and football field were an eyefull. Must be that we have a better plant than we thought we had, or else the boys from the northeast haven't got much.

### Rubber Only!!

While on the tennis subject, now seems as good a time as any to sound forth with a few sour notes. Posted conspicuously around the court are signs that read, "tennis shoes only." It seems, however, that there are a few wheels around school that feel that they are exceptions to the rule.

As yet I have never seen coach Koehler or any member of his squad on the court in anything but the required garb. Take a hint. Let's keep the courts in good shape so that maybe next year we will still be getting praise for their good condition.

### Manners Not Good

In two matches on the courts thus far, the student court etiquette has not been at its best. The strain of playing on the other fellows home field is enough without being subjected to razzing from the stands. In a sport where opposing players show such good sportsmanship toward each other that they do its a pity that the crowd cannot do at least as good.

It seems that the Whit squad is not the only team to lose to the Montana netsters. That outfit has been undefeated in two years of play. A couple of their victories were over Gonzaga and the U of Idaho downing the latter seven love.

credited with one defeat as have Bill McCord and Don Gum, while Joe Gilliam has a 0 and 2 record.

## Foul Ball

By STAN JOHNSON

Whitworth men aren't the only ones who are attempting to set track records this spring. Some of the gals are doing their bit too. Beverly McMorran and Mary Lou Anderson turned in a 2:30 lap, breezing, last Monday. Neither filly seemed winded, and might be good for a longer stretch come Pimlico season. With such times listed in their record, both might be handicapped with more weight in future years.

More about the weather: "We Thought the Coast Boys Had It Easy Department." The Lewiston Loggers playing in the Banana Belt have 23 games behind them this season. Some of these were with the Bremerton Bluejackets of the Willy League. Discounting the weather, the NICE squad couldn't help but pick up a few pointers playing with the pros.

With the 'Jackets' making their spring camp in Lewiston, some of the Idaho College boys have a good chance of jumping to the professional circuit.

### Whits Match Power

However, the Whits seem to

fathom the Lewiston pitching and almost matched the Logger's skills. Maybe the good weather is contagious.

While all Whitworth fans like to see Les Patton breeze through his matches 6-0, 6-0, a match such as he had with Montana University last week is even more thrilling. Being pushed to take his first set Les "Bird" Patton came through with the stuff that proved this his other victories were not accidental.

Predictions department: Big League Baseball. National League: Boston Braves by a nose. being chased to the wire by a couple of likely contenders who lack stretch drive.

American League: Items on hand: Cleveland Indians, Boston Red Sox, New York Yankees, one

The manager of the girls net tournament is to be congratulated for putting on such a good program. There has been a lot of enthusiasm among not only the girls competing, but also in the whole student body.

A good bet was overlooked, however, when the person who made the pairings did not try to divide the talent up a little better than was done. As it is, the best tournament matches will have been played long before the completion of the entire event.

The way things stand the three best players are all in one division, and only one of three will reach the finals. As I see it Bobby Hanson, Dorothy Moore, and Hermoine Lee should be conceded the edge over the rest of the field, but Dorothy and Bobby meet in the second round with the winner playing Hermoine.

A solution—The top players should have been given ceded spots. It would have created greater interest toward the end of the tournament instead of a possible letdown.

## WAA Outing Slated For May 6th and 7th

A combination initiation and outing is planned by the Women's Athletic association for the week-end of May 6 and 7. This affair is to be held at Camp Cowles, a Boy Scout camp on Diamond Lake. Barbara Wilson, club president, is general chairman.

Week-end plans include both formal and informal initiation as well as a initiate-member softball game Saturday afternoon. Cost of the event will be \$1.00. Hope Ainley is in charge of registration.

Initiates include Elaine Boehmer, Doris Cole, Eleanor Culver,

blind fold and one grab bag. Directions: Throw three teams into grab bag, put on blindfold, and make quick grab. Result: New York Yankees take the pennant and later world's championship. Reasons: Better than average pitching, homerun power, Joltin' Joe DiMaggio (?), and the old Yankee Spirit.

P. S. I have a cousin in New York who says he can get two tickets to the World Series if played there. This may have influenced my opinion.

### Willy League

Western International League: Spokane Indians. Reasons: plenty of depth, good share of veterans, better than average hitting, two pitchers from last years champs, and two hurlers from Bremerton who were among the top league throwers last year.

Coast League: Seattle Rainiers. Reasons: "Just lucky I guess."

## Printing

Anything from a Card to a Newspaper.

Green-Hughes Printing Co.

19 W. Pacific MAIn 2506

## PIRATES HOSTS ZAGS, WHITS

The College net and track teams will be out to notch their first match victories this afternoon when they host Gonzaga University and Whitman College squads. The thinclads will engage in a three-way meet with the Zags and Missionaries, while the netsters will take on the Whitman tennis squad.

The Pirate trackmen have a score to settle with the Walla Walla squad having been defeated 84 to 49 in their first match of the season. They copped second place last week in a triangular meet with Eastern Washington and Gonzaga.

### Scott Double Winner

Bob Scott, freshman weightman, is the only Whit athlete to have taken firsts in both the Cheney and Walla Walla meets. He topped the discus throwers each time, and in as much as his victories were over the same schools he meets today he will probably be conceded the best chance again.

### Patten Seeks 19th Win

Les Patten, junior net ace, will be gunning for his nineteenth consecutive collegiate victory. His win record stretches over a three year period. Twice a conference singles champion, Patten suffered his only loss in college play early in the 1947 campaign. Since then he has taken eighteen straight, the last

## INTRAMURALS IN TIGHT RACE

The intramural softball league continues at a merry clip with everybody knocking off everybody else. After only one week of action only a single team remains undefeated, and chances are it will be out of the unbeaten rank this week.

Whitworth gained undisputed first place as they gained their third straight win, beating the Ball and Chain 8-2 and trouncing Lancaster 20-8.

Wednesday Nason-Washington trounced Lancaster 21-6 but were beaten in turn Friday by the Ball and Chain 13-7.

The Town Trotters were knocked out of the undefeated ranks by Goodsell 5-2 on Thursday.

It was blue Monday for Goodsell as Lancaster shellacked them 21-8.

Wednesday the Town Trotters will try to get back on the winning trail as they face Nason-Washington. Thursday, Lancaster and the Ball and Chain will tangle. Goodsell and Nason-Washington meet on Friday. On Saturday the Town Trotters will try and stop Whitworth from making a run-away for the championship.

### Standings

	Won	Lost	Per.
Whitworth	3	0	1.000
Nason-Wash.	1	1	.500
Town Trotters	1	1	.500
Ball and Chain	1	2	.333
Goodsell	1	2	.333
Lancaster	1	2	.333

fifteen bing of the two-set variety.

The tennis squad dropped matches to Washington State and Montana in their only starts of the season. Today, however, they should fair better against a school comparable in size to Whitworth.

It will be the third home court match of the season.

## QUEEN HELEN II REIGNS AT WHITWORTH

### May Day Activities Include Festival, Tea, 'One Foot in Heaven,' Piano Recital

Colette Stirm and Lois Long, both contestants in the Miss Spokane contest, talk over their plans for the final judging. Colette will draw fashion sketches and Lois will sing in the talent portion of the contest.

## HARDIE IS ELECTED ASWC PREXY, BOVEE ALSO WINS

Having waged a successful campaign for election, Jim Hardie has begun organizing plans for the ASWC after he takes office as president at the beginning of the summer session. In the meantime he and the other successful student body candidates will attend council meetings with the incumbent officers to familiarize themselves with the current problems being dealt with.

As vice-president for the coming year, the student body selected Chuck Bovee. Beverly McMoran won the contest for secretary and in a runoff election, Dale Johnson came out ahead of Holland St. John.

Chosen from among 10 candidates for members-at-large of the student council were the following five persons: Richard Cole, Madelyn Curtis, Dwight Johnson, Norman McDonald and Phil Strawn.

Hardie stated that he wished to express his appreciation to those who were responsible for his election, and said that he intends to make every effort to justify the confidence in him that the student body has expressed.

Even before he takes office, Hardie plans to conduct further investigations into successful methods of dealing with student body problems. He plans to consult with Dr. Maxson concerning outstanding examples of efficient student government which came to Dr. Maxson's attention during the recent conference which he attended.

In accordance with his campaign platform, Hardie hopes to be able to keep the entire student body well informed on all activities of the student council and ASWC executives. He suggested a conference to draw up an unbiased resume of step-by-step developments in current problems facing Whitworth students.

Publication of this report in the Whitworthian should clear up a lot of misunderstanding that exists, he said. Among topics to be considered were the Better Government committee, headed

by Phil Strawn, the student court, and proposals for readjustments of representation.

Hardie said he would attempt to arrange a meeting early next week in which he would confer with Jerry Mahaffey, current ASWC president, and with Dr. Maxson in drawing up a report for the Whitworthian.

Until he takes office he cannot determine what his first objective will be, because he does not know what action will be taken by the present student govt.

### Miss Joan Larson Presented Tonight In Formal Recital

Joann Larson will be presented by Mrs. Anna Jane Carrel in her senior piano recital this evening at 8:00. Miss Larson's recital is one of the main features of the May Day and of the weekend. Visiting guests and mothers are especially welcomed. The recital is formal, with the exception of visitors.

### Play To Be Saturday Night

Whitworth's first performance of "One Foot in Heaven" will be given at 8 p. m., May 14. Admission is free to students with activity cards. Preference will be allowed women with their mothers here for the weekend. The cast is scheduled for a total of seven performances, three of which will be held on campus May 14, 21 and 28.

The author of "One Foot in Heaven," Hartzell Spence, is a son of the Reverend William H. Spence. The plot revolves around the minister and his family moving into a new parsonage. The narrator, Hartzell's brother, reminisces over the many comic episodes in the family's life. Presented in pent house style, the play will be staged in the speech auditorium.

#### CAST

Reverend Fraser Spence, Norman Gano; Reverend William H. Spence, Dick Terry; Hope Spence, Leila Hulbert; Hartzell, Holland St. John; Eileen, Nina Sykes. Dr. Romer, William Sauve; Louise, Marilyn Nelson; Maria,

May festivities, including the "May Festival," Mother's day tea, the play "One Foot in Heaven" and the senior piano recital of Joann Larson will highlight today and tomorrow.

Activities will commence with the "Festival" and the presentation of Queen Helen II at 2 this afternoon. Helmuth Bekowies will be master of ceremonies for the program given for her Majesty's pleasure. Entertainment, beginning with the traditional Maypole dance, will progress with musical numbers presented by the band, a clarinet quartette, the Madrigal singers, in addition to a solo by Jim Dowdy, a duet by Marjorie Unruh and George Stout, a skit by the court players, an act by the court acrobats, and a special number by Clary Wright.

Marge Garcia; Molly, Ruth Toevs; Ronny, Dave Beamer; Letty, Colleen Richardson; Mrs. Sandow, Betty Follet.

Mrs. Digby, Sylvia Braband; Georgie, Don Hayes; Mrs. Cambridge, Shirley Freeburn; Mrs. Jellison, Rachel Morse; Major Cooper, Wally Bekowies; Bishop Sherwood, Bob Rhinehart.

The Festival will close with the Lilac Ring ceremony, at which time couples who have become engaged since last May will be introduced to the court.

Additional royalty include Joy Taylor, honor attendant; Princesses Shirley Freeburn, Beverly Holmes, Betty Lange, Dorothy Leavens, Dorothy Smyth and Marion Venn. Visiting high school princesses include Jeanette Hose, Vera Allen, Paula Matson, Eileen Ellis, Mable Slinkard, Dorothy Teel, Glenna Roehrs, Betty Prewitt, Nancy McKay, Patricia Nicholson, Myrna Dean, Donalee Delzer, Elaine Legge, Norma Cossey and Helen Kato.

Committees include general chairman, Ruth Toevs, assisted by Dorothy Leavens; decorations, Mary Lu and Donna Anderson; hospitality, Pat Waddell; publicity, Sue Pace; flowers, Dora Hori; procession, Ann Herald; may pole, Amber Oaks and Grace Black; programs, Janet Hiser, and program, Corinne Weber. Mrs. Anna Jane Carrel is the adviser.

### Starr, Summerson Win Fellowship

The Chemistry department announced this week that two students, Lawrence Starr and Tom Summerson, have been awarded teaching fellowships. Larry's is in Chemistry and Chemical Engineering at Washington State college. Tom's is an assistant teaching position in the Chemistry department at the University of Idaho.

## Varied Program In Applied Physics Set For Next Year

The Physics department will offer the most varied program in 1949-50 that has been available since the war, Prof. William G. Wilson revealed this week. He said that the cycle of courses in applied physics, which proved to be so popular last year, would be repeated this next year.

Physics of the Home, of special interest to women students, will be given in the fall quarter. Mechanical and electrical devices of the modern home will be studied, and their operation and maintenance will be considered. Home lighting and decoration will also be given special attention.

#### Radio Course Coming

Of interest to both men and women in the fall quarter will be the Fundamentals of Radio course. The construction and operation of the modern radio receivers will be the principle topic considered. A brief study of transmitters and some practice in radio technique are included. Physics 13, or its equivalent, will be required for admission to the class.

The winter quarter schedule includes such widely varied subjects as Sound and Music, Advanced Heat, and Advanced Photography. Advanced Heat is primarily for those majoring or minoring in physics.

#### Sound Is Subject

The Sound and Music course will be a non-mathematical study of sound and its characteristics when produced by various musical instruments. Hearing, the characteristics of a good concert room, radio, and sound recording will be

among topics considered in the class.

Advanced Photography will again be a two-hour course in the winter quarter. Enlarging will be the first problem studied. Others will include copying, record photography, the view camera, and photomicrography.

The -Introduction to Atomic Physics course offered in the spring quarter is designed for the student interested in recent advancements in the field of theoretical and applied physics. General physics and chemistry are pre-requisites.

#### New Equipment Acquired

The physics department has much new equipment and more is on order for next year, Prof. Wilson stated. He pointed out that the increased enrollment in physics courses is evidence of the growing realization of the importance of physics in modern living.

Queen of the May, Helen Kristoffersen, (right) and Joy Taylor, Honor attendant, smile prettily in their happiest royal manner. All four girls pictured on this page are Californians.

### CRITICISM IS ESSENTIAL

To date there has been no form of society, educational, political, social or otherwise which has been set up in perfect condition. This includes international, national, and local organizations, including Whitworth college.

Because we are living in an imperfect society, there always has been, and will continue to be room for criticism. It is a basic element of our living, and if used constructively, a good element.

Criticism is of two types—constructive and destructive. Because it contributes little to our form of society, we will not mention destructive criticism further. However, constructive criticism is a mechanism whereby we are made to recognize faults which may be obvious to others, and not to ourselves. It is a way of calling to our attention certain things which we may have overlooked. Constructive criticism is an aid, not a detrimental factor. It should be recognized as such and utilized to its fullest extent.

We maintain that good constructive criticism will add to the growth physically and spiritually of society. Instead of ignoring it, or getting overly perturbed because of it, we say—use it.

### WELCOME MOTHERS!

It is a pleasure to extend a welcome to the Mothers visiting the campus this week-end. Although you are always welcome, we know it is only possible to visit on a few occasions such as this. We hope you will enjoy yourselves and the campus. The campus is yours for the weekend.

## Publications Have Openings On Staffs for Next Year

An opportunity to render service to the college, to gain valuable experience in writing, and to receive credits for it are available to any student of Whitworth who becomes a member of the Whitworthian staff.

Reportorial positions are not the only ones which will be open during the coming year, Rogers Walker, editor-elect, pointed out. Circulation and advertising require a number of staff members. Ad solicitors receive a commission on all ads they get.

With a concentrated effort being made for better campus representation in the Whitworthian, Walker recommended that each group of the student body urge one of their members to serve on the Whitworthian staff in order to provide an adequate channel for news of the group's activities.

Anyone interested in being a member of next year's staff is requested to confer with Walker or with Prof. A. O. Gray of the journalism department.

### Staff Surprises

The Whitworthian staff gave a surprise house warming at the new home of Professor and Mrs. Gray, Thursday evening, May 5. The Grays were presented with a cut-glass serving bowl.

**Mel's Barber and Beauty Shop**  
Open 9:00-6:00  
Country Homes Park  
Ph. GL. 0800

With the completion of the 1949 Natshi, plans are now progressing for the 1950 annual. This is the first time in the history of the school that the editorial and business staffs have begun operations in the spring preceding publication.

Executive editor, Georgene Summerson, announced today that all positions on the editorial staff are open except that of observing editor. Sally Evans was recently elected to that post.

### Choir on Discs

The a cappella choir, directed by Prof. Anders, has completed recording four sides for the Western Recording studio. The records, which have been reproduced on vinylite discs, will be available in two weeks.

Included in the recordings are "Clap Your Hands All People," by Christiansen; "Tenebrae Fac-tae Sunt," by Ingegneri; "O Glad-some Light," by Gretchaninoff; and "Send Forth Thy Spirit," by Schevsky.

Recordings may be purchased through Helmuth Bekowles, business manager.

## SPRING CALENDAR

### REMAINING EVENTS

#### May—

13—May Day.

Joan Larson's Senior Piano Recital.

14—Mother's Day Tea, 2-5 p.m.

Spring Play "One Foot in Heaven."

Baseball—C. W. C. E. here.

Track—Gonzaga here.

15—Voice Recital—Mrs. Wartes' pupils.

17—Baseball—E. W. C. E. here.

Spanish Club picnic dinner.

18-20—State C. E. Convention in Spokane.

19—Friendship Day—play afternoon by Chris. Act. Council.

20—Senior Retreat.

Soph. picnic and boat trip.

Baseball—S. P. C. here.

21—Senior Retreat.

Baseball—S. P. C. here.

Track Meet.

Second performance "One Foot in Heaven."

23-24—Spring Recitals—7:30 p.m.

24—Baseball—E. W. C. E. there.

25—Investiture—Dr. Paul Calhoun, speaker.

26—Baseball—Gonzaga there.

Junior-Senior Party.

27—Evergreen Conference Finals.

Alpha Kappa Chi and C. E. Party.

28—Evergreen Conference Finals.

Pre-Medic Picnic.

Phil. Life Service Picnic.

Third Performance "One Foot in Heaven."

30—Special performance "One Foot in Heaven" for Spokane Ministerial Association.

#### June—

3—Investiture—Dr. Walter Isle, speaker.

—Faculty-Senior Breakfast.

"W" Club Picnic.

9-10-13—FINAL EXAMS

10—Spring Concert (Music Dept.)

11—Alumni Banquet—Special performance "One Foot in Heaven."

Pirette Alumni Breakfast.

13—Baccalaureate—President's Reception 3:30-5:30 p.m.

13—Commencement.

## BIGGER NATSHI DUE ON JUNE 1

The largest annual in school history will be out about June 1, Editor Dick Denton reported. This year's annual will have 160 pages and over 300 photographs. The number of pages is an increase of 222 per cent over last year's book.

The annuals will have padded covers, which are being made in Tennessee. The printing is being done by the Spokane American Engraving company.

The price of the annuals will be \$3 each, which amount has been taken out of the student fees. Students attending Whitworth less than three quarters during the year will be expected to pay one dollar for each quarter in which they were not here in order to be eligible to receive an annual. Business Manager Joan Beckwith said that work is progressing favorably, and that the Natshi staff expects to have the year-book ready on schedule.

## CLUBS MEET FOR UN FORUM

Whitworth's International Relations club was host to students of E.W.C.E. May 10. A forum entitled "Is the U.N. Effective?" was held in the library at 7 p. m. Speakers from Whitworth were Phil Strawn, John Klebe, Marlys Prentice and Sylvia Melrose. Bill Campbell served as moderator. The panel was the second in joint meetings with Cheney.

An informal wiener roast on the Point followed the discussion.

### Presidential Proclamation No. 3

It has been brought to the attention of this office that on May the eighth certain "anonymous females" (well known to us, however) paid their respects to Whitworth Hall residents in a friendly nocturnal visit. Inasmuch as many of our eminent and respected residents were disappointed by not having opportunity to fellowship with their guests, a suggestion is herewith tendered to the aforementioned co-eds to call on their gentlemen acquaintances when they are present in the dorm. It is expected that things would be in better shape than after the first mistimed sojourn. This notice has risen out of the request of particular members in residence here and does not necessarily reflect the opinion of this office.

LEFTY HENDERSON, Pres.  
Whitworth Hall  
May 12, 1949

### Chapel Previews

Wednesday, May 18—Mrs. Harry Davenport will give a book review of Eliza by Patricia Campbell. Chapel will commence at 9:50.

Friday, May 20—Student body forum, "How to Approach the Construction of the Student Union Building."

## Education Class Takes Field Trip

The Introduction to Education class plans to take an all day field trip to Cheney, Rearden and Medical Lake high schools next Tuesday. The class will divide into groups in order that they might each study a specific aspect of the curriculum.

Nick Faber is chairman for the trip. About 35 students plan to go.

### Printing

Anything from a Card to a Newspaper.

## Whitworth Whims

By SALLY

The girls meeting together in front of Ballard and McMillan this week were not coming together for council of war but rather to practice for today's festivities.

\* \* \*

The barrel that was filled with Gene Unruh during "W" club initiation is now full of water. Dr. Maxon is using it for testing his outboard motor, and from the way it churns the water in the barrel, I'll bet it can do wonders on a lake!

\* \* \*

A certain man of the Freshman class was really enthusiastic about Men's Conference. He must have fond memories because when asked the site he replied "Some Dear Lake."

\* \* \*

While Whitworth dorm students were stacking away food at Men's Conference, their rooms were being stacked by unknown prowlers. This incident brings to mind the old saying, "While the rats are away, the cats will play!"—or however it goes.

\* \* \*

At the Mother's Tea tomorrow a fashion show will be presented in which there will be a preview of the "styles of the year." Who cares that THE YEAR is 1920?

\* \* \*

The hot weather of the last week reminds one of the "gay 90's."

## Group Studies Recorded Mass

A recorded Catholic ordinary mass was presented by Mrs. Anna Jane Carrell at the meeting of the Philadelphians Thursday. Mrs. Carrell has had the opportunity during her extensive traveling in Europe to record much of the mass and to study its background. Interest was shown by the members in the unusual type of information.

## GRADE POINT CHANGE IS DUE

A three-point grade average will be a lot easier to obtain next year than it was this because of the change in the system which will become effective in the fall term. The new pattern will conform with that of the University of Washington.

Under the new system grades carry the following grade point equivalents for each academic hour: A, 4; B, 3; C, 2; D, 1, and Withdrawal or Failure, 0.

The present system is: A, 3; B, 2; C, 1; D, 0; W, 0 and F, 1. To obtain quarter honors the student must have a 2.25 grade point average. Next year he must have a 3.25 average.

## MOTHERS TO BE HONORED AT AWS TEA

It's Mother's Weekend, and a theme of "lavender and lace" will reign at the annual Mother's Tea tomorrow afternoon. Lavender lilacs and violets and a lace tablecloth will adorn the tea table, and other evidences of the theme will be carried out throughout the room. The tea is to be held from 2:30 to 4:30 in the basement of the library.

Many women students whose mothers will not be present have invited faculty members as "adopted mothers."

Presiding at the tea-table will be Miss Estella Baldwin, Miss Ruby Heritage, Dr. Ruth Grob, Miss Evelyn Smith, Mrs. Anna Jane Carrel, Mrs. Clarice Wartes, and Mrs. Lloyd Waltz.

Receiving guests at the door will be Dorothy Leavens, president of Associated Women Students; Mrs. Carrel, advisor; Mrs. Warren, and Miss Jenkins.

A program has been planned, featuring a style show of old fashions. Several musical numbers are also scheduled.

Chairman for the tea is Marilyn Nelson. Assisting her are Margaret Franke, Phyllis Cosman, Pat Young, and Madeline Curtis.

The welcome to the mothers will be given by Thelma Schoesler. Mrs. L. O. Anderson of Spokane, mother of Donna Jean and Mary Lou, will give the mother's response.

## Joy Translates In Federal Court

By Sally Evans

Joy Taylor, Whitworth senior, played the unique role of interpreter in a federal district court case this week. Joy, a native citizen of Mexico, translated for Cuban national Eugenie Pinal Suarez, who was being tried in Spokane on a charge of felony involving the giving of false statements under oath. Suarez, who could not speak any English, had been held for several weeks until a suitable interpreter was found.

Joy's father is chairman of the Latin-American council of the Presbyterian board of foreign missions. Joy was born in Mexico City, and learned English and Spanish at the same time.

"It was a very educational and profitable three hours," Joy remarked. She added that the court officials took her name and address for future reference, and said she was looking forward to further court work.

One dog to another dog—"Speak he says. Sit up he says. And what do you think he gave me? One stinking peanut!"

It looks like the baseball team is hitting for the top this year with their recent victory over Faragut.

One student thought the Freshman-Sophomore party was a breakfast because it was at the "Bowl and Pitcher."

Perfect for a quick dip at Wandermere, this bathing suit may also double as a sun-suit. The strapless idea insures an even tan and the cotton pique material dries in a twinkling.

## Recital Uses Novel Methods

Bill Ainley playing Rudolpho to Nancy's Mimi in a duet from La Boheme is one of the treats in store for listeners at an advanced voice recital Sunday, May 15. Six students of Mrs. Wartes' will gather for "afternoon coffee" at the home of Beverly Holmes, where they rehearse their supposed coming recital for each other. The Holmes residence for this occasion is on the stage of the Fine Arts building. The "rehearsal" will be at four p.m., and the public is invited.

Fae Eilers, Don Howell and Lee Carolyn Henderson are the other participants, with accompaniments by Marie Miller. The students have written their own script, and the action promises an innovation in recital delivery.

The committee for arrangements includes Ruth Swanson, Lorraine Milner and Phyllis Gish. Ushers will be Dick Baker, Thelma Jo Bruce, Joy Taylor and Shirley Gilson.

## Grandpa Warren

It's a boy! Robert Warren Starrett, son of Mr. and Mrs. Jack Starrett, and grandson of President and Mrs. Warren was born April 28. Bob, class of '71 is being groomed to take over his grandfather's position.

Don't believe any dirt you hear on campus anymore because we're rid of it all—as of last Friday.

Speaking of "bowls," the mid-westerners can go home again because the "Dust Bowl" has shifted to Whitworth College.

## CUTHBERT IS WINNER ON LOOP JAUNT

This is a story of romance, of tender intrigue, of Whitworth in the spring.

Cuthbert was a shy lad—yet there was an indefinable something about Cuthbert which made strong women go mad. Perhaps it was the way his eyelashes curled under, or the gleam of his white teeth as he snapped his spearminit.

At any rate, Cuthbert had had his eye on Agatha for several weeks. Agatha had had her eye on Cuthbert for several weeks also. One day their eyes met.

When the tinkle of heavenly harps had subsided, and the smoke cleared away, Cuthbert found himself only 16 inches from Agatha's side—two inches closer than the 18 inch rule. But Cuth threw discretion to the winds. He asked the question which had been burning within him. "Will you walk around the Loop with me Agatha?" "I will," Agatha whispered, mistily.

Cuthbert, mute with joy, accidentally swallowed his gum and Agatha tenderly slapped him on the back until he could breathe once more. Then the two skipped happily off into the gathering dust, I mean dusk.

The end.

## DORMITORIES ELECT AGAIN

Come spring, come election time—even to the women's dorms. New proxy for Westminster next year will be Carol Gray, Assisting her will be Mary Jane Harris, vice-president; Jackie Cosman, secretary; Jean Edgerton, social chairman; Elaine Plaster, prayer meeting chairman; and Patty Young, Sefelo representative.

In Ballard, Marilyn Nelson will take the presidency, with Hope Ainley as treasurer, Pat Waddell as secretary, and Shirley McClain as Sefelo representative.

The other dorms have not held their elections as yet.

Skill is stronger than strength.

## LITTLE MAIDS TO SING FOR FINAL TIME

The Three Little Maids, women's trio composed of Fae Eilers, Shirley Gilson and Joy Taylor, will sing their farewell performances this weekend after two years together. They sing a shepherd's group in costume for the Mothers' Tea on Saturday and on Sunday will perform at dinner.

Joy is graduating and Fae does not expect to return next year. The trio has been much in demand for programs and social functions on and off the campus. They are directed by Mrs. Wartes.

## Men Return Find Women Brilliant Red

Men's conference week end proved profitable not only to the men who attended but to the "girls they left behind." What with plenty of sunshine and one great huge football field on which to lie, a good share of the remaining population have plenty of tan to show for the time spent there. Colette Stirm, Bev Anderson and Ginny Raines were among the dozen or so girls who got a head start on that "summery look"—what a few hours under old sol won't do!

Gerry Tweedy and Janie Winter spent a few hours in another line—making with the needles and thread. Gerry has a new cotton skirt to show for her efforts and Janie a sun dress.

Dorm rooms got a not too familiar dusting out, in most of the halls. Mops, waxers, brooms and the like were going fast and furious all day Saturday.

If a week end without men can be so profitable, maybe it would be a good idea if they went away more often.

## Alumni News

Three birth announcements to Whitworth alumni have recently been made. A daughter, Mary Beth, was born to Cliff and Mel Taylor, April 28, in Spokane. A son, Joel Paul, was born to Helmut and Lillian Bekowies, April 18, in Spokane.

An interesting travel note was received from Gloria Thompson, former Whitworth student. Miss Thompson recently left New York where she was doing radio work to take a six months tour through Europe. When last heard from she was on a bicycle tour in Rome.

## GREGG AWARDS ARE MERITED

Donna Bruner and Dorothy Moore of the second-year shorthand class received their 100-word shorthand pins for having satisfactorily passed the Gregg test. Alsea Gay had also passed the test and will be awarded her pin soon.

Caroline Culver, Eva Wong and Dorothy Pearce of the elementary class have passed the Gregg 60-word test and will receive their 60-word certificates.

No ruins are so irreparable as those of reputation.

# "Do or Die" Series on Tap for Pirates Tomorrow

## MEET CWCE IN TWIN BILL

### EVERGREEN STANDINGS

	W	L	Pct.
Central	3	1	.750
Whitworth	2	2	.500
Eastern	1	3	.250

The Whitworth Pirates will tackle Central Washington College of Education tomorrow at home in a two game series that will make or break the Whits as far as the Evergreen title picture is concerned.

A clean sweep over the Wildcats would give the Whits a good hold on first place and mean that they would have to do no better than split with Eastern for the eastern divisional championship. A loss however would leave them in the dubious position of having to cop both ends of the Savage series. Two wins by Central would eliminate Whitworth from the running.

In an earlier series at Ellensburg the two squads split, Whitworth winning 16 to 10 in the opener but dropping a second tilt 12 to 7. Bill McCord was the winning Pirate hurler. McCord got his second league win in the first Eastern game with a 7 to 3 win. The Savages mauled the Pirates in the second affair 22 to 2.

The Ellensburg nine is currently setting the pace with a three and one record, having topped Cheney twice besides their win and loss with the Whits. Whitworth is one game back with two wins out of four starts, and the Savages bring up the rear with a single win and three losses.

The winner in the east state division earns the right to play-off with the winner of the western division for the Evergreen championship and a shot at the N.A.I.B. national title.

### ZAGS TAKE THIRD

Gonzaga university made it three straight over Whitworth college in their diamond city series with an 11-to-9 win in a slugfest on the Pirates' Carman field yesterday afternoon. Gene Kelleher went all the way on the hill for the victors, and although he was nicked for 10 hits, one more than his mates were able to garner off a pair of Whit hurlers, he kept the Pirates away from the pay station after a shaky start in the opening innings.

Ted Hussey started on the mound for the Bucs but was relieved by lefty Don Gum in the fourth inning after being nicked for a home run by Gene Kelleher. Gum hurled six-hit ball for the remainder of the game.

Although the Whits outit the Bulldogs, the losers committed costly errors which provided the

## NETSTERS MEET LEAGUE RIVALS ON COAST TOUR

The buc netsters left yesterday for a three and possibly four day tour that will take them to Ellensburg, Olympia, Tacoma, and possibly Vancouver, B. C. in that order for Evergreen Conference tennis matches with Central, St. Martins, Puget Sound, and British Columbia.

The squad will be seeking their second consecutive league victory. Traveling for the first match away from home the team will be leaving coach Mark Koehler behind. Dr. Koehler missed the last start because of illness and had not recovered sufficiently to make the long trip.

### TOP SAVAGES 4 TO 3

Whitworth college's net squad edged Eastern Washington, 4 to 3, in a tennis duel on the Pirate courts yesterday afternoon. The match was the first Evergreen start for the Whits this season.

Les Patton, the Buc's net ace, made his first bid for the conference singles crown in turning back Eastern's Bill McCann, 6-1, 6-0, in the opening match. The two-time Winco singles champ extended his three-year victory skein to 21 and chalked up his sixth win of the year.

Whitworth copped three of the five in singles play and split with the Savages in a pair of doubles matches.

Wally Moore and John Scottford accounted for the other pair of Pirate singles wins while Patten teamed with Moore in the first doubles action to grab Whitworth's fourth win and the match.

Eastern's Bill Main bested Larry Weyrick, 2-6, 8-6, 6-2, in the marathon play for the afternoon. It was the only match to go three sets.

### The results:

**Singles:**  
Les Patten, Whitworth, defeated Bill McCann, Eastern, 6-1, 6-0.  
Ed Dunn, Eastern, defeated Bob McGaha, Whitworth, 6-2, 6-1.  
Wally Moore, Whitworth, defeated Bill Barton, Eastern, 7-5, 6-7.  
Bill Main, Eastern, defeated Larry Weyrick, Whitworth, 2-6, 8-6, 6-2.  
John Scottford, Whitworth, defeated Dean Martin, Eastern, 6-4, 6-3.

**Doubles:**  
Les Patten and Wally Moore, Whitworth, defeated Bill McCann and Bill Barton, Eastern, 6-1, 6-3.  
Ed Dunn and Dean Martin, Eastern, defeated John Scottford and Larry Weyrick, Whitworth, 6-3, 9-7.

margin of victory for the Zags.

## Heed the Signs

TENNIS SHOES ONLY—Not much analysis of that statement is needed to decipher the connotation intended, and yet even though:

1. There are four signs posted conspicuously around Whitworth's new asphalt tennis courts that say that very thing,
2. Dr. Mark Koehler and other responsible officials have repeatedly chased off the courts students wearing hard soled shoes,
3. The Whitworthian recently carried a notice stating the need for wearing only tennis shoes while using the courts,

still there are some students who continue to ignore requests and demands. The situation is approaching the point where something needs to be done.

Dr. Koehler has suggested that offenders be turned over to the student court for punishment. An alternative to that would be to limit the use of the courts to members of the tennis squads only. Such a measure, although accomplishing the purpose, would hardly be fair to the entire student body, especially so since the court costs were in part financed by student funds.

One other plan which would leave everyone happier all around would be for tennis players to cooperate. We have nice courts, let's leave them that way.

## Whitworth Girls To Compete In University of Idaho Tourney

Participation in tennis, archery, badminton, golf and swimming will take place tomorrow when the Whit girls travel to Moscow, Idaho, to compete in an invitational tourney at the University of Idaho. Whitworth will be represented in only two of the five events, tennis and archery. Eight girls will make the trip for what will be their first intercollegiate competition of the year.

## CAMP COWLES SETTING FOR W. A. A. OUTING

Camp Cowles, Boy Scout camp on Diamond lake, was the setting last week-end for the Women's Athletic Association initiation.

Friday evening twenty-six girls were informally and formally inducted into the club. New members include Elaine Boehmer, Doris Cole, Eleanor Culver, Pat Dole, Janice Friedline, Martha Hall, Cathleen Kendall, Mary Ellen Magnuson, Miriam Murphy, Dorothy Moore, Jean Walker, Lois Spearin, Gwen Jackson.

Jackie Cosman, Dora Hori, Norma Bantillo, Anne Clarke, June Duran, Gerry Kerrick, June McDonald, Lila Smith, Marian Van Pragg, Pat Young, Phyllis Gish, Betty Green, and Miriam Hansen.

### Candlelight Ceremony Held

At the formal candlelight ceremony Vice-President Phyllis Newton presented the WAA pin with an attached president's gavel to Barbara Wilson in recognition of her year's service. The gavel was a gift of the club's executive body, composed of Carol Gray, C. B. Hartford, Donna Spalding, Phyllis Newton, and Georgene Summerson. Miss Newton gave the pin to her roommate, Barbara.

Miss Wilson, in charge of general arrangements, was assisted by her executive council and members Naomi Kimball, Jean Runner, Wendy Clark, Hope Ainely, and Evelyn Christiansen.

## WHIT THINCLADS HOST BULLDOGS

The Pirate thinclads will host the Gonzaga Bulldogs tomorrow in a dual track meet on the home cinders.

The Whits bested the "Zags" in two previous three-way meets with Eastern and Whitman, Eastern coming up with top honors at Cheney and Whitman edging the Pirates here with Gonzaga bringing up the rear in both meets.

The meet which is scheduled to precede the baseball game gets under way at 10 o'clock.

The match will be one of Whitworth's last chances to prepare for the conference track and field championships. The Pirates will host the rest of the Evergreen schools for that meet which will be held May 27 and 28.

## GOLFERS GET FIRST VICTORY IN LEAGUE PLAY

Whitworth College defeated Eastern Washington College of Education's golf team at Indian Canyon Tuesday afternoon, 11 to 4, although EWCE's Bob Lotzenhiser took medalist honors for the day with 79. The Whit team as a whole still compiled enough points to gain the win.

## X-Ray Unit Here Checks Chests

One minute of your time now may save you 18 months in bed later. It only takes one minute, from the time you sign up until you receive your pin, to have your chest X-rayed. This may save you a long time, in bed for the minimum time to recover from T.B. is 18 months.

Last Monday 424 students received their chest X-rays between 8:15 and 4, the first day the X-ray unit was here.

The X-ray unit that was at school is sponsored by the U. S. Public Health, City Health, County Health departments, Eastern Washington Tuberculosis association, various business associations and civic groups who furnish the helpers.

Jerry Kerrick, Mary Nan Kling, Hermoine Lee, Dorothy Moore, Runner, Schneider and Wilma Zeiger.

## So you'd like to be an AGRICULTURAL ENGINEER

If you enjoy working out-of-doors, and are interested in helping the good earth yield more abundantly, agriculture offers you fine prospects.

In addition to county extension work, teaching, and actual farming, there are increasing opportunities with business managed organizations serving agriculture, such as the Washington Water Power Co. The Water Power employs a large staff of trained men to help farm customers use its low-cost electricity to greatest advantage.

## STUDENT UNION HOPES SOAR!

### Commencement Events Keep Seniors Busy

#### 59th COMMENCEMENT LARGEST IN HISTORY

The fifty-ninth commencement exercise will be held June 13, with 135 receiving degrees, an increase of 39 over last year.

Those receiving the bachelor of arts degree include:

William Wolfe Ainley	Edith C. Hiskey	Wilford Harold Reidt
Donald R. Anderson	Barbara A. Hodge	Udell Regland Rivers
Luther G. Baker, Jr.	Marshall R. Hodge	Shirley M. Rosenkrantz
Darrell S. Bennett	Beverly Elvira Holmes	Stanley Merlyn Rottrup
LaVern F. Bessard	Donald E. Howell	Jean E. Runner
Martha J. Bussard	David Willard Hull	William F. Sauve
Elizabeth G. Campbell	Laura K. Jacobsen	Charles M. Schindler
Richard Cair	Mury Elaine Jenkins	Thelma K. Schoeler
John Davis Carter	Maxine L. Johnson	Ernest Paul Sjoberg
Evelyn Vander Sys	Alene J. Kanikeberg	Eugene M. Smith
Christensen	Helen M. Kristoffersen	Kenneth Elmer Smith
Junita Christensen	Betty Louise Lang	Ronald Bruce Snelling
Irene E. Clausen	Joann Marie Larson	Marjorie Colette Stim
Faith S. Clark	Mary Ann Leavens	Lillian Hatcher Stokes
Marjory Ellen Colford	Robert L. Lehman	Joy Drummond Taylor
Wayne L. Conner	Jack Gibson Mahaffey	Elden Delane Unruh
Walter Robert Dawson	Delbert M. Marshall	Janice Kirby Utah
Norman Paul Dorpat	Arthur B. Miller	Donna Vander Meer
Myron Pat Douglass	Don Arlo Miller	Carolyn Jane Erickson
Theron M. Duerfeldt	Robert A. Mills	Wallace
Dorothy Hone Ellison	Phyllis Jean Newton	Virginia L. Warren
Herbert Glen Ellison	Elaine Phyllis Olson	Helen P. Weaver
Laurel Dorothy Fraser	Robert L. Paeth	Maryon K. White
Shirley J. Freeburn	Thomas E. Patten	Barbara Jo Wilson
Margaret G. Freese	Richard J. Peterson	Carl Alfred Wright
Norman Dale Gano	Frederick L. Peterson	Chozaburo Yamamoto
Raymond A. Goldina	William O. Pfeiffer	Herbert Calvin Young
Russell Eugene Hanson	Dudley W. Puryear	Thomas Jefferson Zike
James Willard Hardee	John Leland Raibley	Arlo Emery Robbins
Roy Osamu Hinata		

Receiving the bachelor of science degree are:

Alfred O. Briggs	Doris E. Lundin	Dorothy Mae Smyth
Albert C. Christensen	Gerald Harry Mahaffey	Laurence Dean Starr
Ralph Walter Classen	Kathleen Doty McKay	Thomas J. Summerson
Marilyn Taft Esty	Earl George Mortlock	Clifford J. Taylor
Elijah Newlan Galloway	Douglas Vern Newton	Margaret A. Thompson
Janet Geis	Marilyn Jean Nielsen	Thomas Nels Thompson
John Chester Herndon	Martha Dunlop Peterson	Marian Louise Venn
Lella Annette Hulbert	Marian Roberta Pond	Alvin Paul Vinther
Morris William Hulla	Marjorie Ruth Ready	Marian Rosette Williams
Hubert Gordon Hull	Kenneth S. Russell	Margaret E. Williams
Jack Edward LaRose	Margarette L. Scharff	Gladys S. Wessel
Dorothy Louise Levens	Charles C. Short	Harold Burt Wimpy

The thirteen graduates who will receive the bachelor of education degree are:

Vera Fny Wilson Clark	David L. Holmes	Dudley W. Puryear
Edward E. Feldhusen	Morris W. Hulin	Ray Emil Roestel
Earl Floyd Gage	Dean A. Lindberg	John F. Warth
Elijah Newlan Galloway	Merle Gerald Lloyd	Maryon K. White
		Thomas Jefferson Zike

#### Bryan Will Give Grads Final Talk

The Rev. Ernest Rowlett Bryan, pastor of 3rd Christian church, Washington, D. C., will be commencement speaker for the 59th Whitworth commencement. He is president-elect of International Society of Christian Endeavor.

Rev. Bryan is a graduate of Haverling high school, Bath, New York, and received an A. B. degree from Syracuse University. He received his M. A. degree from George Washington University, and has done graduate work at Harvard, New York, and American universities.

#### Saw War Service

Commissioned a Lieutenant (j. g.) USNR, he saw four years of active duty. He worked with the Commander of Destroyers in the Pacific, and worked in the production of training, informational and morale films for the U. S. Navy. He received a commendation from Chief of Naval Operations, and advanced in rank to (Continued on page 2, column 4)

#### Eaton To M. C. Dinner

Sydney Eaton, '41, well known for his humor at Whitworth affairs, will be the toastmaster for the informal alumni dinner if his freight train arrives from Chehalis, according to Bruce McCullough, head of the public relations department.

The dinner will be held June 11, at 6:15 p.m. in the college dining hall. Mel Taylor, co-winner with Helmut Bekowies of the ideals award, will present that award to this year's winner.

Following the banquet will be a special performance of the play "One Foot in Heaven" in the speech auditorium.

#### C. E. Officers For Summer

Officers which will serve the Christian Endeavor during Summer School are Quentin Thompson, President; Laurel Fraser, program chairman; Alsea Gay, social chairman; and Arlo Robbins, treasurer. The meetings will be held every Wednesday evening, omitting the Sunday evening meetings.

#### BUILDING IS POSSIBILITY WITHIN NEXT 2 YEARS

#### Staff Members Win Mention In US Contest

Carl Drake and Maxine Johnson were named winners of an Honorable Mention award in a safe driving contest participated in by publications and students of more than 200 colleges in December. The WHITWORTHIAN was also named winner of an Honorable Mention award in the same contest for treatment of the subject of safe driving.

Announcement of the winners was made by James S. Kemper chairman of the Lumbermens' Mutual Casualty company, Chicago, which sponsored the contest in cooperation with the National Safety council.

The entries of Carl Drake and Maxine Johnson, both students in journalism and members of the WHITWORTHIAN staff, were published during December in the Whitworthian as editorials.

Maxine is employed by a newspaper in Kallispel, Montana.

An ironic touch was added to the entry of Drake's editorial. Shortly after writing the honorable mention winner he was involved in a traffic accident himself.

Entries in the contest were judged by three newspapermen; Roy Fisher, Chicago Daily News; Robert Mountsier, New York Sun; and David Wilkie, Detroit bureau, Associated Press.

#### New Man Is Named To Chem Staff

Mr. James L. Wolfhagen, who is completing his work for a Doctor of Philosophy degree in chemistry at the University of California, has been named as an instructor in the Chemistry department. Mr. Wolfhagen is a graduate of Linfield college.

His wife, the daughter of Dr. Acheson, pastor of Central Methodist church, Spokane, has also completed her work towards the Doctor of Philosophy degree in chemistry, and may assist in the Chemistry department or in mathematics. Mrs. Wolfhagen is a graduate, magna cum laude, from Willamette University.

Professor L. K. Taylor, head of the Chemistry department, Linfield college, says, "You will be getting an enthusiastic and able teacher in Jim Wolfhagen. I would like to have him here with me."

#### Volunteer Labor By Students Shown as a Decisive Factor

#### TOP EVENTS CLIMAX SR. ACTIVITIES

The curtains will soon be coming down on the college careers of the members of the class of '49, but the remaining days are packed with activities.

The first investiture was held Wednesday, with Dr. Paul Calhoun of the First Presbyterian church addressing the group. The second investiture will be Friday, June 3, at which time Dr. Walter Isle of Eastern Washington College of Education will speak to the assembly. Seniors, as well as faculty members will wear caps and gowns at this occasion.

Other events on the schedule include:

**Friday, June 10**  
8:15 p. m. Festival of music by the Music Department. Concertized presentation of "Martha."  
**Saturday, June 11**  
9:30 a. m. Pirette Re-union Breakfast. Desert hotel.  
6:45 p. m. Alumni Dinner—the campus.  
8:15 p. m. "One Foot in Heaven" presented by the Drama department for alumni.

**Sunday, June 12**  
11:00 a. m. "Homecoming" service—College church. Sermon by Dr. Warren.  
3:30 p. m. to 5:00 p. m.—Reception of Alumni, Seniors, parents of students, Faculty, and other guests by President and Mrs. Warren at the President's home.  
5:30 p. m. to 6:30 p. m.—Buffet supper on the Campus.  
(Continued on page 2, column 4)

#### Coeds Begin Camp Plans

Plans are already under way for Women's Conference, to be held at Deer Lake October 7, 8 and 9. The theme will be "That I may Know Him." Speakers have not been chosen as yet.

General chairman is Wendy Clark. Other committees and their chairmen are: Finance, Amber Oakes; Housing, Betty Follette; Transportation, Jean Hattrick; Program, Carol Gray; Registration, Shirley Bosworth; Recreation, Norma Bantillo; Decorations, Sally Evans; Music, June Wylie; Publicity, Hope Ainley; Secretary, Betty Rinker; Advisor, Miss Jenkins.

A great idea has transformed a long-range hope for a student union building into a probability within the next two years. The plan, which is being received with tremendous enthusiasm, provides for construction of the building with volunteer student labor.

At a time when all means of financing the project seemed impossible, the method used by Wilmington college in Ohio to construct dormitories was suggested to those studying the Whitworth situation.

#### Cost Reduced

The proposal was conveyed to the portion of the student body attending last Friday's chapel service, and met with immediate favorable response. The successful "build-it-ourselves" system would not only greatly reduce the cost of construction, but would also provide a very practical means of expressing loyalty to and interest in Whitworth.

When banking firms refused to loan money for the project it was felt that all plans for a student center would have to be abandoned. Consensus of the student body that it is imperative to have a union building led to the decision to propose that the building be erected with volunteer labor.

#### Experienced Veterans

"It's a now-or-never proposition," Jim Hardie ASWC president-elect pointed out. "Two years from now all the veterans with experience in the building trades will have been graduated. At the present time there are several experts in various trades attending." (Continued on page 2, column 5)

#### Memorial Day

Special Memorial Day services will be held during chapel Monday, May 30, to honor the Whitworth war dead. It has been requested that all ex-servicemen sit in the section reserved for them on the right hand side of the gym facing the stage.

#### CHAPEL PREVIEWS

Monday—Memorial Service honoring Whitworth's war dead.

Wednesday—program by W. A. A.

Friday—The Second Investiture, Dr. Walter W. Isle, president of E. W. C. E., speaker.

"Greater love hath no man than this, that a man lay down his life for his friends."—John 14:13.

## A LIVING MEMORIAL

It is fitting that we should pause in the midst of commencement activities to commemorate those who have given their lives as a memorial for world peace. There are many men who might have graduated at this time if they had not been called to serve their country by giving their lives during the war.

We cannot say whether their sacrifice was just. However, we can give this tribute to them—that they laid down their lives that others might live and have peace.

A Christian college cannot condone the wanton destruction of human lives that is the calling card of war. We cannot say that we gladly gave the lives of the youth of this campus who died in battle. We are not glad that they died in combat. We are humiliated and ashamed that the world in which we live is so callous towards human life that it would call men to die in the filth and stench of battle.

But we are mindful that these were Christian men who lived lives of full Christian testimony, serving mankind as messengers of Christ.

God gave His Son that others might live, even as these sons of Whitworth gave their lives. It is our fervent prayer that their sacrifice shall be a reminder to us, the living, that though their work for Christ is ended, we must assume their responsibilities in living and spreading the Christian life.

We pray to God that our lives may be dedicated as a living memorial to these men.

## DR. CALHOON SPEAKS AT FIRST INVESTITURE

Speaking at the first investiture of Whitworth college graduating seniors, Dr. Paul C. Calhoun, pastor of 1st Presbyterian church, Spokane, and member of the college board of trustees, said:

"We must establish and assume the responsibility for placing values on things in life."

"It seems that things which ought to carry a high price today are counted cheap," he said, "and things which usually are counted cheap in life are being given a high value." He said that we must determine what we value in life, and what price we are willing to pay for it.

### Values Derived

In starting where values of life should be derived, he quoted, "I will lift up mine eyes unto the hills," and said that we, too, can get a just set of values by following this example.

"We can look down into the gulf of despair and desert of futility to get our scale of values," Dr. Calhoun said, "or we can look up to the hills and get them from He who rules heaven and earth."

### Colorful Rites

The investiture ceremony opened with the traditional academic march into the auditorium. Members of the faculty and administration were garbed in colorful academic hoods denoting their degrees. The senior class somewhat less colorful in the absence of caps and gowns followed the faculty in the procession. Special music was by the varsity quartet.

## FACULTY GIVES H. S. ADDRESSES

Dr. Frank F. Warren is busy addressing graduating high school classes in various parts of the Inland Empire. His first address was at Bonners Ferry, Idaho, May 19, and the next night he spoke at Sandpoint, Idaho. Sunday evening, May 22, he delivered the Baccalaureate sermon for the Oakesdale high school. Tuesday night, May 24, he spoke at Garfield. On May 25 he spoke at Cusick, and at Endicott May 26.

June 1 Dr. Warren will give the commencement address at Hartline. He will give an address at Spangle June 2, Deer Park on June 3, and Sunday, June 5, at Wenatchee. On Monday night, June 6, he will speak at Tonasket and at Latah on Tuesday, June 7.

Dr. Munn will speak to the graduating class at Sprague, Washington, on June 1.

Dr. Maxon will address the graduating classes at Mead, Wash. on May 31; Rosalia high school on June 3; and the Havermale high school of Spokane on June 7.

Now is the time for all good students to come to the aid of their school!!!

**Work For S-U-B**

## Commencement Awards Listed

There are only three more weeks in which conscientious seniors may strive for commencement awards. Here is listed a few of the coveted presentations and their qualifications.

To be a Who's Who, one must have shown leadership in extra-curricular activities, maintained a high scholarship, been of fine character, and indicated future effectiveness in business and society. This is an honor that all universities and colleges bestow.

The President's Cup is to be given to the one who, having received his entire college education at Whitworth, ranks the highest scholastically in the Class of '49.

The Alumni Award is based on scholarship, athletics, extra-curricular activities, religious life, and general service to the college. The Carrel Music Award is given students who have shown artistic musical abilities, who have been an inspiration to the music department, and who have contributed to the music at Whitworth. Some senior who has been outstanding in speech and dramatics in his four years here receive the Charles W. White Trophy.

Several athletic awards, including the Al Brown Inspirational Awards, will also be presented at the commencement exercises.

## Play Critique Is Favorable

The spring play "One Foot in Heaven," from the novel by Hartzell Spence, was well received by the student-body faculty and other organizations, and highly praised for its delightful humor. The story of a minister, his family and congregation, was "well put" by the cast of 18 members.

Outstanding were Dick Terry, as the Reverend William Spence, Bill Sauve, as Dr. Romer, Ruth Toews, as Molly; Holland St. John, as Hartzell; and Dave Beamer, as Ronny.

The play will be given tomorrow night for the public, and again May 30, for local ministers and their wives. It will be repeated at the tuberculosis sanitarium at Edgecliff, June 6, and the final performance will be given June 11, for the alumni.

V. John Bachman is the director.

## KNIGHTS NAME NEW OFFICERS

At a meeting Monday evening, May 16, Marshall Hodge, was initiated into Lookout Chapter Intercollegiate Knights. At the same meeting officers for the coming year were installed as follows: Honorable Duke, Harvey Polley; Chancellor of the Exchequer, Ken Yoshida; Worthy Recorder, Don Hayes; Worthy Scribe, Dick Cole; Expansive Representative, Stan Graham; and Chaplain, Joe Thome.

Ben Fairchild was also installed as Regional Viceroy of Region II. Ben was elected to this National office at the National convention held at Washington State college in April. His duties are to coordinate the function of the I. K.'s of all the schools in Region II including: The University of Idaho, Washington State college, Eastern Washington, Gonzaga, Boise Junior college and Whitworth.

## Summer School Information

Summer School this year will be divided into two sections; first being June 20 to July 29; second July 28 to August 26. Summer school accommodates any member of the student body or anyone desiring college training.

The seminar courses have been designed for graduating seniors, those who need additional hours, and those who are working toward their secondary teaching certificate, Bachelor of Education, or Master of Education degree.

The seminars offered are in Economics, Education and Psychology.

The teaching staff consists of the heads of the departments in which subjects are offered.

Mr. Herman Keys, well-known California artist and chairman of the annual Northwest Art Exhibition in Spokane, will be guest artist on the campus this summer. There will be classes in watercolor, tempera, gouache, and oil for both beginners and advanced students. Mr. Keys will assist Professor John Koehler.

The Summer School administrative staff will consist of Dr. Warren, President; Dr. Munn, Dean; Dr. Maxson, Director of Summer School, Dean of Men; Miss Jenkins, Dean of Women; Miss Baldwin, Registrar; Mr. Oakes, Business Manager; and Mr. McCullough, Public Relations Director.

## Byran Talk

(Continued from page one)

Lieutenant Commander.

Active in C. E.

Rev. Bryan has been active in Christian Endeavor activities. Among the offices he has held include those of Superintendent, World Peace Department, International Society; Citizenship Superintendent, New York State Union; Pastor Counselor, Maryland State Union; President, Maryland Union; General Secretary, International Society, and Editor of the Christian Endeavor World since January, 1947.

He was Field Secretary, and later Educational Secretary of the World Peace Foundation; Assistant Publications Director of the National Education Association; Forum lecturer of the U. S. Office of Education Public Forums; Executive Secretary, National Council for Adult Civic Education; Special Writer, and later Chief of Radio, Publications, and Motion Picture Section of the U. S. Public Health Service, and Chief of the Information, and Publications Division of the National Archives.

## Class Visits

The members of the Secretarial Work class visited the officers and plant of the Pacific Telephone and Telegraph company on Thursday afternoon, May 12.

The class was shown the long-distance operations, the mechanical procedure when a telephone call is made, and the offices which handle the records.

## Senior Activities

(Continued from page one)

8:00 p. m. Baccalaureate service at First Presbyterian church, Spokane. Sermon by Dr. Mark L. Kochler.

Monday, June 13

8:30 a. m. Spring meeting of the Board of Trustees.

10:00 a. m.—Fifty-ninth annual Commencement at Jay P. Graves hall. Address by Ernest R. Bryan, president-elect of the International Society of Christian Endeavor.

## Whitworth Whims

By SALLY A.

The weather of the week reminds one of the water in Whitworth dorms—you never know if it will be hot or cold.

\* \* \*

Peter Hewitt is no longer a "Gentleman in Waiting" for he has set up his own buzzer system for calling Ellen Olsen. If Peter could fix such a workable system for one room, think what the college could do for all the women's dorms.

\* \* \*

For the information of all students, a sectioning card is not required to attend the meetings held in the gymnasium on Monday, Wednesday, and Friday at 10 o'clock. Reliable sources report that the program is being carried on the same as last quarter.

\* \* \*

If you don't want to be taken to the cleaners but want to send your clothes. Look into Larry Weyrick's service. Of course Yalk is in the executive department, but he does have representatives in each dorm.

\* \* \*

If Bill Johnson looked a bit weary this week, the cause could be his hard work on the State C.E. convention. It is known that the meet was a state conference because all who worked on it are in a state—a state of collapse, that is.

In the announcements, during a church service in Tagama several weeks ago, the minister told of the C.E. convention and closed his remarks with "Surely, you should attend this conference." One of our former students thought he was talking to her, thus the presence of Shirley Tolson on our campus last week end.

Is Al Wilder since he got his new car, or is he keeping it under glass? It has been reported that anyone can tour this power plant for a slight fee.

Many students are already making plans for summer enjoyment (to pay next year's tuition)—and then there are those who will have a full time job trying to keep from working for three whole months.

## Volunteer Labor

(Continued from page one)

ing Whitworth. These men could supervise and train others for the job," he said.

The plan and site for the building must be approved by the board of trustees of the college. The area immediately east of Ballard hall seems to be given the most favorable consideration.

## Faculty Approves

Members of the faculty have indicated their approval of the method for construction of the student-operated center. Dr. Munn promised to make 6400 man-hours available, but qualified his offer by stating that it would constitute the combined hours of the student body during a SUB day next fall when classes would be dismissed to enable all to devote the day to the job.

The building would have a locker room, lounge facilities, a larger Commons, and many other much-needed facilities for both town and campus students.

"We should be concerned not only about what Whitworth offers us, but also about what we offer Whitworth," Hardee said.

## Formal Fun for Juniors, Seniors

A refreshingly different sort of party, combining the sophistication of a formal fete with the old-fashioned fun of a county fair, was given for the seniors by the junior class last night in the gym.

Starting things off, the party goers were led into a variety of entertainment booths. Here they de-flamed candles with water guns knocked over bottles which represented faculty members and sent goofy telegrams to each other. Another hit was the kissing booth, run by "Donna" Gornish.

For a lively part of the evening, the upperclassmen cavorted gaily about in the old-fashioned Virginia Reel. Food was served on the patio, which was decorated in brilliant colors. There were orange freeze punch, sandwiches, cookies, and fruit salad on the buffet table.

Heading the party committee was Janie Winter. She was assisted by Beverly Anderson. Other committee workers were: Les Kirkendorfer, Les Mayo, Bob Shreve, Stan Graham, Liz Kristofersen, Thelma Jo Bruce, Bunny Gwinn, John Scottford, Corinne Weber and Clary Wright.

## AKX GOES 'ON ROCKS'

Friday, May 27, is the date of Alpha Kappa Chi's second annual hike to Brown's Mountain (affectionately known as "big rock"). Cars will leave Graves hall at 5 p. m. to take the "hikers" to the foot of the mountain near the KHQ radio towers on Moran Prairie. The evening meal will be "bonfire style."

Working with Georgie Kenoyer, chairman, are Lois Olsen, Bob Farley, and Norm McDonald. AKX president, McDonald, pointed out that this is the last affair of the quarter for the club and that the "guaranteed good hike" is for both town and campus students.

## Whitworth Entries Receive High Honors in Music

Here are the results of Whitworth entrants in the Spokane Music Festival:

The Mixed quartet, brass sextet and clarinet quartet received superior ratings.

Jeanette DuFresse, violinist, was also given a superior rating. Ann Clark and Viola Goodale, vocalists, received excellent ratings, as did Katherine Jacobson and Betty Follett, pianists.

Walter Thomas, pianist, won second place in the open competition for piano concerto. He was assisted by Bob Bruce.

Also highly praised was the a cappella choir, which was given a superior rating.

### Recital Held

Lee Carolyn Henderson, soprano and Walter Thomas, pianist, Whitworth students, were presented in a joint-recital at the Spokane Valley Baptist church, May 19, by Ethel Page McKee of Spokane.

Among Miss Henderson's selections was "Cookoo, Shall I Grow Old?" by Abt, a song which was introduced to her and sung by her

## Three More Engagements

Three more engagements have been revealed by Whitworth couples during the past few weeks. Marian Venn and Ray Klefstad broke the news of their engagement at a party at Ray's home. Eunice Buckley and Don Wilson announced their engagement in Colfax and Phyllis Cosman and Kenneth Moen made their announcement at a picnic at the Bowl and Pitcher.

## McMillanites Are Chow Hounds

Tuesday night McMillan residents spurned the dining hall and fled to the Point where they stuffed themselves on potato salad, weiners ranging from charred to raw, and coffee. Picnic plans were carried out by Marian Bock, dorm president.

McMillan officers for next year are: president, Madeline Curtis; social chairman, Corinne Weber; secretary-treasurer, Shirley Bosworth, and Sefelo representative, Gerry Knobel.

## NINE JOIN M E A GROUP

Nine Whitworth students have become members of the Music Educators Association, according to Professor Robbins, who has been elected to the board of the Eastern Washington division of the same association. They are: Donna Nevin, Jim Carlson, Neva Teague, Rosemary Hutchinson, Don Howell, Beverly Holmes, George Stout, Patty Love, and Corinne Weber.

mother.

In addition to program selections, Mr. Thomas played "Impromptu", one of his own compositions.

# Hardie Names SUB Committees To Prepare an All-Out Campaign

Do you want to know the latest about the Student Union building? Do you want a chance to help put the plan across? Then be at the big SUB meeting next Wednesday, June 1. Let's HEAR and DO something about it!

A resume of committees and a request for floor plan and location suggestions for the proposed Student Union building were given today by Jim Hardie, ASWC president-elect.

### Committee Chosen

Committees planned so far are Planning, Publicity, Funds, Labor, and Insurance. Tentative floor sketches should be for a one-story building with a full basement, with about 8,000 square feet of floor space in each. A location on the "loop" is favored, with the suggestion to obtain the space immediately east of Ballard hall, which however, has been previously designated as the site for a women's dorm. Alternate sites

for the SUB might be west of the dining hall, or on the east end of the "loop."

The planning committee will study floor plans, contact a construction manager, and integrate arrangements. Dick Snell will head the eight-member group, who will be aided by three faculty members.

### Publicity Important

A 25-member committee headed by Bill Sauve will direct publicity. Their responsibility will be to "sell" the idea of the project to alumni and friends of Whitworth, and to arouse cooperation, unity, and enthusiasm among the student body.

Any practical and profitable ideas for raising funds should be given to Dale Parton who will head a 12-man team responsible for means and methods of financing the work.

The labor committee will determine the availability of various types of experienced personnel for the project, and will expedite the efficient use of all volunteers.

A group of five will contact insurance companies in regard to obtaining suitable liability poli-

cies covering any injuries which any of the student workers might sustain.

### Floor Plans

In drawing up floor plan sketches, students are requested to indicate the approximate size and location, including whether it should be in the basement or not. Facilities recommended by the results of questionnaires to be in the building include:

A large Commons, a lounge consisting of either one large or two or three small lounges, a rumpus room, barber shop, postoffice, locker system, and student body offices for its officers, and for the publications, Natsih and Whitworthian.

## Artist Is Exhibitor

An exhibit of the works of Herman Keys, guest artist at the Whitworth 1949 summer school, is being shown in the Faculty lounge. Mr. Keys exhibits widely in California and eastern art circles. In his painting Mr. Keys presents more than a graphic representation, but also introduces atmosphere and feeling into his work. His technique is considered to be quite unusual.

## AKX Ballots

Today is the last day to cast your ballot for next year's AKX officers. Seeking election for president are Wally Bekowies and Lois Olsen. Others running for officers are Bob Ryland and Wally Russell, vice-president; Carmen Poole, Dorothy Moore, and Anne Clark, secretary; Homer Cardle and Mel Stephens, treasurer; Clarence Chierman, Henry Holter, and George Kenoyer, fifth executive. Among the faculty choices for adviser are Dr. Gustav Schalauch, Prof. John Bachman, Prof. James Legg, and Prof. Lawrence Yates.

## Awnings Are Appreciated

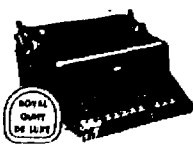

It's happened. The inevitable. We all know that the dining hall door opens precisely on the second that it is supposed to open. Thursday, May 26, astonished lunch-liners looked at each other in horror—30 whole seconds past the zero hour elapsed before the door finally opened.

Behind that door stood a happy woman. For three years she had waited, perspiring through the hot summer months as the relentless sun beat through the dining hall windows. She stood, happily admiring the new awnings that adorned each window. And in doing this, Mrs. Sutter quite forgot herself for those thirty seconds, and for the first time broke her record of perfect timing.

GRAHAM'S—SPRAGUE AVENUE ENTRANCE, PENS

# Evergreen Conference Meets Fill Busy Weekend Schedule

## Over 200 Athletes To Take Part In Meet

### EASTERN IS FAVORED TO TOP HONORS

By Dick Hardesty

Nearly 200 of the Northwest top college athletics will be on hand today and tomorrow for the first Evergreen conference track, field, tennis and golf championships which will get underway on the Whit campus at 9 a. m. today.

Opening rounds for the net title will start at nine on the college courts while the linkmen will tee off at Indian Canyon at the same hour. Qualifying times and distances will start at 1 p. m. for the trackmen. Championship runoffs in the two-day event will be held on Saturday.

The Evergreen Conference, which last year superceded the six-school Winco League, will assemble the largest field ever to attend the championships. On hand will be representatives from E.W.C.E., College of Puget Sound, University of British Columbia, E.W.C.E., Pacific Lutheran, St. Martins, Western Washington, and Whitworth.

Barring bad weather, conditions will be ideal for the meet. With a completely resurfaced track, fast times should be possible for the cindermen.

#### Eastern Favored To Take Honors

Eastern Washington college of Education is expected to carry off top honors in the track and field event and more conference records are expected to fall this year. Tony Carpine has already battered the time of record breaker Leif Knutso of PLC in dual meets in the 880. Ed Stephens, EWCE, has consistently battered the pavelin record of 186 feet 2 and one-half inches, which has been in effect since 1938. Last week Stephens speared a 194 feet 3 inch toss. Western Washington's Jeff Russell will be a close contender in the javelin throw as he has been hitting the 190-foot mark consistently.

Mel Light of CPS promises to give Holt Brewer, Eastern sprint champ some competition, however, Brewer has broken or equaled the previous league mark of 21.4. Standouts from CWCE are Bill Jurgens in the field events and Bill Storey in the 440 and 220. Harry Mann of CPS is the league number one high jumper. From Pacific Lutheran comes Del Schaffer, competitor in the 440 and Harry Maines in the broad jump.

Bud Lewis from CPS and Norm LaVigne, EWCE, are two of the top contenders in the low and high hurdles. University of British Columbia has as yet not competed in track and field events in the league, but boast a powerful distance team. Sam Adams, Jim Larson, and Rudy Cozzetto will probably be the top entrants from Whitworth.

#### Whitworth Phospective Tennis Champs

Each school will enter two singles and two doubles teams to compete against each other for the championships in that event. Whitworth, with singles champ Les Patten, should regain the trophy lost to Western last year. The Whit doubles team of Patten and Moore have won all of their conference doubles matches this year and are hoping to repeat their victories this week end.

With the exception of CWCE all schools are entering three golfers to compete for the championship in that field. Homer Cardle, Ben Fairchild and Jack Leavitt are the entrants for Whitworth.

#### First and Last Chance

This is the first opportunity Whitworth has had to be host for the Evergreen Conference Championships. It will also be the last opportunity for Whitworth students to witness the championship playoffs of the Evergreen Intercollegiate Conference for eight years as this event is alternated between the schools of the league.

## Review Of Court And Gov. Aired

The principle that an offense by an individual against his group should be dealt with by the group is the basis of recent developments in student government actions. This was indicated in a recent interview with Jerry Mahaffey, ASWC president; Jim Hardie, president-elect, and Dr.

## W. CLUB HOLDS ANNUAL PICNIC

The fourteenth annual W-club picnic will be held at "White's Cabin" Saturday, June 4 on lower Twin lakes, Idaho. The "cabin" has been the site of several W-club picnics. Mr. White is a Spokane attorney and an uncle of Pat Jantzen, former student. Assisting Sam Tague, general chairman, will be the "tennis men"—Del Schallock, Les Patten, John Scoford, and Wally Moore, but "the clean-up will be delegated to the new initiates," said Tague.

Installation of new officers will take place during the evening program. New club officers were elected last week. Earl Plankenhorn, a senior, was chosen president. He will be assisted by an executive council composed of Del Schallock, vice-president; Bill Van Camp, secretary; Ray Johnson, treasurer; Kenny Gamble, sgt. at arms; and Bob Rettke and "Rig" Newton, publicity.

Retiring officers are Sam Tague president; Nick Faber, vice-president; Gordy Brandt, secretary; Jim Larsen, treasurer; and Bob Rettke, publicity.

Theron B. Maxson, dean of men. "The trend is almost unanimously toward placing more responsibility in the hands of students to administer both government and corrective measures," Dr. Maxson stated following his return from the congress of the National Education Association at Chicago.

Developments at Whitworth indicate that it is a very normal college, since nearly every college and university in the nation is struggling with the same problems, he said.

Desire to avert disciplinary action by the administration led to a conference between dorm organizations and ASWC officers to study possibilities in dealing with infractions of campus regulations by dorm members.

Nason hall's suggestion for a temporary court seemed the most practical proposal and accordingly was brought before the student council for consideration.

Due to misunderstanding in the meantime coming, a petition was circulated requesting the appointment of a Better-Government

## Organization Elections Change Group Officers

Spring elections have changed the slates of most of the campus organizations. Several dormitory elections have been held, and class officers are being elected. MacMillan Hall elected Madelyn Curtis president, and Shirley Bosworth, vice-president. Social Chairman is Corinne Weber, and Sefelo representative is Geraldine Knobel.

## Golf Gets New Zip

Fast taking its place on the intramural sports agenda is the popular eight-hole Whitworth Hall golf course. Plotted through sand traps, over deep-pit hazards, up hill and down, the course gives a strenuous workout to the best golfers. Par for the eight holes is a sizzling 25, reported to have been made by some of the Whitworth Hall residents. There have even been rumors of holes-in-one.

The "greens" are kept in condition by keeping rocks, twigs and other assorted debris raked away from the tin can holes. To date only two balls have been lost on the course, one by Stan Graham, and the other by an unidentified golfer.

committee to study the situation and recommend corrective measures. The committee was selected with Phil Strawn named as chairman. In order to be as democratic as possible it consists of the following representatives:

Nine members from the dorm groups, nine from the town-student organization, Alpha Kappa Chi, and one from the Ball and Chain-Baxter group.

The purpose of the group is to study and recommend: 1. Improvements in student government. 2. Means of better student-faculty relations. 3. Solutions to the social situation.

The group offers suggestions to the student council, which must pass upon all measures recommended. Major changes will be put by the council to a student body vote for decision.

SPOKANE, WASHINGTON, FRIDAY, JUNE 10, 1949

No. 26

## GRADUATING CLASS IS WHITWORTH'S LARGEST

### SUB Approved By 45-1 Nod In Election

"One of the largest turnouts in student body election history voted by an overwhelming 45 to 1 ratio in favor of going ahead with the student union building. The vote was 515 for and 12 against.

"The turnout was remarkable in view of the fact that the election was publicized only two days in advance," Jim Hardie, ASWC president-elect said. "The last general election is the only one that has drawn more to the polls."

#### 384 Workers

Of the 515 voting for the project, 384 indicated that they could devote time to the work. Most of the 131 who stated that they would be unable to work were graduating seniors. Hardie pointed out that the freshman class of next fall would more than replace this number. Those willing to work made the following notation: Much time, 31; average time, 250, and little; 103.

A meeting with the board of trustees to discuss the project is scheduled for Monday at 2 p.m. The student body must gain approval of the board before the work can be begun.

#### Faculty Advisers

Professors John Koehler, W. G. Wilson and John Carlson and Dr. Theron B. Maxson have been requested to serve as faculty advisers for the plan; and a man who possibly may supervise the construction has been located, Hardie said.

He emphasized that the voting had just begun the responsibilities of the student body, and that complete co-operation of everyone is necessary for success. Many problems remain unsolved, but the committees and officers are working on them, he said.

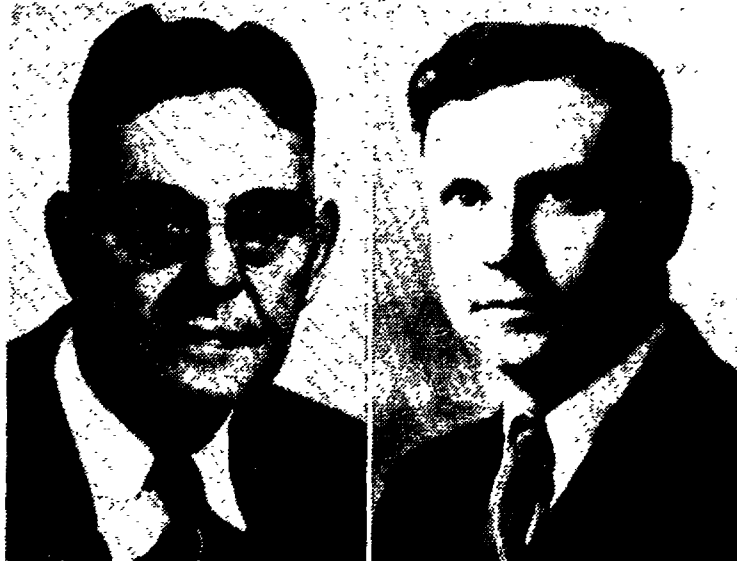

### Drama Honorary Elects Bill Sauve

Bill Sauve was elected Grand Director of Theta Rho cast of Alpha Psi Omega at a business meeting held last Tuesday. He will succeed Mel Unruh, retiring Grand Director. Named to the post of stage manager is Carmen Poole. The business manager will be Betty Follett.

A formal initiation preceded the meeting. At this time Donna Vander Meer, Virginia Gaiser, Dick Terry, Shirley Freeburn, Betty Follett, Holland St. John, Carmen Poole and Jim Carlson were accepted as members.

Alpha Psi Omega will assume the duties and responsibilities of the now defunct Whitworth Players organization. The latter was stricken as a campus organization when members decided its usefulness had been completed.

### TO GET HONORARY DEGREES

The Rev. Ward W. MacHenry, pastor of the Presbyterian church at Ilwaco, Wash., and Ernest R. Bryan, president-elect of the International Society of Christian Endeavor, will receive honorary degrees at Whitworth's 59th annual commencement Monday. Mr. MacHenry will receive the D.D. degree, and Mr. Bryan will receive the Litt. D. degree.

### STUDENT COUNCIL STUDIES BUDGET, VOTING, COMMONS

The new student council voted against having the Commons under student management.

Because it would be necessary to lease the Commons from the college, pay a manager to run it, pay the extra help and the other general and repair expenses the council voted unanimously against the project as being too large an undertaking to be practical at the present time.

#### Voting Set

A voting committee was appointed to take charge of getting the ballots prepared and having

someone on hand at the ballot box during the voting. Norman MacDonald is chairman of the committee and assisting him are Beverly McMorran, ASWC secretary, and Dick Cole.

In order that there will be more student participation in the chapel programs there will be student representatives who will meet with the faculty chapel committee. These students have not yet been chosen.

The amount of money to be appropriated to next year's Natsihi was again under discussion. An additional \$1000 has petitioned for to handle the increased costs and put out a book which will be comparable to other college annuals. A decision was postponed until the council would have a complete list of the money desired by different organizations.

### Commencement Events

#### Friday, June 10

8:15 p.m. Festival of music by the Music Department. Concertized presentation of "Martha."

#### Saturday, June 11

9:30 a.m. Pirette Reunion Breakfast, Desert Hotel.

6:45 p.m. Alumni Dinner—the Campus.

8:15 p.m. "One Foot in Heaven" presented by drama department for Alumni.

#### Sunday, June 12

11:00 a.m. "Home-Coming" service, College Church. Sermon by President Warren.

3:30 p.m.—Reception for Alumni, Seniors, Parents of students, Faculty, and other guests by President and Mrs. Warren at the President's Home.

5:30 p.m. Buffet supper on the Campus.

6:30 p.m. Baccalaureate Service at First Presbyterian Church, Spokane. Sermon by the Reverend Mark L. Koehler, B.D., M.A., D.D.

#### Monday, June 13

8:30 a.m. Spring Meeting of the Board of Trustees.

10:00 a.m. Fifty-Ninth Annual Commencement, Jay P. Graves Hall. Address by President-elect Ernest R. Bryan, International Society of Christian Endeavor.

### SENIOR EVENTS TOP GRADUATION

The Rev. Ernest Rowlett Bryan, pastor of 3rd Christian church, Washington, D. C., will speak at the 59th Whitworth college commencement, June 13. He is president-elect of the International Society of Christian Endeavor.

#### Baccalaureate

Baccalaureate services will be conducted June 12 by Dr. Mark Koehler, head of the Whitworth Bible department. This will be his final public appearance as a member of the Whitworth faculty. Dr. Koehler has accepted an associate pastorate at Yakima.

Mr. Bryan is a graduate of Haverling school, Bath, New York, and received an A. B. degree from Syracuse University. He received his Master of Arts degree from George Washington University, and has done graduate work at Harvard, New York, and American universities.

#### Served in Navy

He was commissioned as officer in the United States naval reserve during the war, and received a commendation for service by the Chief of Naval Operations. He was discharged with the rank of Lieutenant Commander.

#### Active in C. E.

Mr. Bryan has been active in Christian Endeavor activities, holding many major offices of city, state, and national rank. He was field secretary of the World Peace Foundation; assistant public relations director for the National Education Association; and special writer, and later chief of radio, publications, and motion picture section of the U. S. Public Health Service. At one time he was chief of the information and publications division of the National Archives.

### New Professor Is Appointed To History Dept.

Dr. Frank F. Warren announces the appointment of Mr. Fenton Duval as professor of history for the coming year.

Mr. Fenton received his B. S. Ed., degree from Temple University, his M. A. from the University of Pennsylvania, attended Columbia University, and has completed work towards his doctorate at the University of Pennsylvania.

For seven years he was registrar and assistant professor of history at The King's College, New Castle, Delaware. He has also been assistant instructor of history at the University of Pennsylvania.

Mr. Fenton belongs to the American Historical Association, the Pennsylvania Historical Assn., and is a member of Kappa Phi Kappa, education honorary, Pi Gamma Mu, social science honorary, and Phi Alpha Theta, history honorary.

Dr. C. Ralston Smith, First Presbyterian church, Oklahoma City, says this of Mr. Fenton, "Of a deep and humble Christian spirit, he also possesses a fine mind, which he delights in using."

Mr. Fenton is married and has three children, all boys.

### DORPAT NAMED PSYCH ASSISTANT

Norman Dorpat will return to Whitworth College winter quarter next year as an assistant in the Psychology Department. He has majored in psychology at Whitworth and will begin graduate study toward his Master's Degree at the University of Washington this month. He is especially interested in the field of clinical psychology. Norman will teach beginning courses in the winter and spring quarters of the coming year, returning at the conclusion of this work to complete his Master's requirements.

Dr. Theron Maxson, head of the psychology department states that, "Norman is well versed in the philosophy at Whitworth. He is an outstanding student with a keen scientific outlook mingled with the Christian approach to personality."

### Langlie Names Munn To Post

Appointment of Dr. Merton D. Munn to the State Nurse Planning council, effective June 8, was made by Gov. Arthur B. Langlie. The council consists of two licensed surgeons, one hospital administrator, one non-nurse citizen of the state, and one general educator. Dr. Munn is serving in the latter capacity.

### Warren Home Is Reception Scene

The annual President's reception will be held at the home of Dr. and Mrs. Frank F. Warren, Sunday afternoon, June 12. Seniors, faculty and friends of the college are invited.

Sunday evening a buffet dinner is planned on the lawn outside the dining hall for everyone. It is hoped that this will become a traditional event in graduation week activities.

### A YEAR OF EXPANSION

It has been a gratifying and expansive year at Whitworth. Students have shown interest in student body government and campus policies as never before. Not only have they shown an interest, but as evidenced in the student union building election, they have expressed a willingness to work for those things which they believe will build a better Whitworth.

All of the benefits of college life are not accrued from academic activities alone. It would be a poor college indeed, that restricted college life to classroom work. Whitworth is showing growth not only in the academic field, but in the field of extra activity—the type that builds cooperative, interested, and dependable student citizens.

The student union building will be a major part of these activities for some time. It will be tangible evidence of the Whitworth spirit, and a product of the determination and ingenuity of a major portion of the student body.

We are building—not only a bigger and better Whitworth—but better Christians and citizens.

### A Note of Thanks

It has been a rich experience to serve the student body and administration in capacity of Executive Editor of the Whitworthian for this past year. The cooperation of everyone was instrumental in making publication a successful enterprise.

I would like to extend a personal note of thanks to the members of the staff who worked diligently that we might have the best possible editions. To Mr. Gray, the adviser, I would like to say thank you for the assistance and guidance you have given.

It is my hope and trust that the entire student body will give Rogers Walker, the Executive-editor elect, the same full spirit of cooperation that was given me.

**BILL SAUVE,**  
Executive Editor

### A Forward Step

Congratulations to Dick Denton and the entire Natsihi staff for the publication of an annual that Whitworth students are proud to take home. We feel this is a progressive step in student body activities, and a good indication of the capable work carried on by the entire student body this year.

### HODGE ARTICLE IN PUBLICATION

An article by Marshall B. Hodge, Whitworth student, was published in the May issue of the Bible Society Report. "The Bible at Work in the Philippines" presented his observations as a soldier of the Society's work in the postwar days of reconstruction on the Island of Panay.

### Munn Attending Olympia Meeting

A conference of private college administrators being held in Olympia today is being attended by Dr. Merton D. Munn, dean of Whitworth. The purpose of the meeting is to discuss accrediting for elementary teaching. Interest in this phase of the teacher-training program is increasing as the college education department expands.

## War Hero's Talk Well Received By Students

Considered to be the outstanding address in chapel this year was the Memorial Day address given by Col. Clark, Spokane war hero and survivor of Bataan.

Challenging the pacifists theories of peace, Col. Clark said, "There is no peace in this world except the peace of understanding in the human heart that comes through Jesus Christ."

### Protection Needed

"Armament," he stated "is like insurance. It is protection that is needed." Decrying the lack of preparedness this country has shown in past wars, he stated that we should insure ourselves against future Pearl Harbors.

In final admonition to the group he said, "Prepare your way now to the altar of God, that you might be prepared to meet your Bataan when it comes."

WFS.

## Letter to Editor

Dear Mr. Editor:

I want to compliment you and your staff upon the outstanding work done this year in the publishing of our school paper. You have risen to high heights of usefulness and of service and have set a great standard for all who follow in your steps.

I feel that the paper has been very fair this year in its desire to portray accurately the events transpiring on our campus. You have refrained from being one-sided or unfair, and I feel that the school paper has done much to make of this past year such a great success.

Many times in life our efforts go seemingly unappreciated. If we fail, we hear about it; and if we succeed, we just don't. For that reason I wanted you to know how much I appreciate what you have done, and I hope you and your entire staff will accept this word of appreciation from the Administration of the College.

Cordially yours,  
**FRANK F. WARREN**  
President.

## EWCE HEAD SPEAKS ON "SPIRIT OF '49"

Dr. W. W. Isle, president of Eastern Washington College of Education, addressed Whitworth seniors on "The Spirit of '49" at the second investiture service Friday, June 3, at 10 a. m.

## Alumni Banquet Tomorrow Night

The annual Alumni banquet will be held tomorrow night in the college dining hall at 6:45. Presentation of awards, undergraduate and alumni entertainers and a play will high-light the evening.

Dr. Mark Koehler will give the invocation. President Warren will greet the alumni. Dr. Maxson, who is head of the psychology department, will be presented with the Alumni Hardwick Memorial award by Bruce McCullough, class of '47. This presentation on behalf of the alumni will be a standing tribute to the late Dr. Hardwick, one-time president and psychology department head at Whitworth. Mary Lois Taylor, co-winner with Helmuth Bekowies of the Ideals award will present the award to this year's winner.

### Alumni Hear Music

The college's clarinet quartet and Brass sextet will provide dinner music. A feature number, Clarinet Polka, will be played by a clarinet ensemble. Other special music will be a vocal solo by Mrs. Robert Lobdell Armstrong, class of '45. Mr. Armstrong will be accompanied by Marjorie Klein, class of '45.

"One Foot In Heaven," a three-act comedy will be presented by the Whitworth drama department as the closing feature on the program.

After an introduction by President Warren, Isle, who received his doctor's degree in philosophy from Stanford, compared the spirit of 1849 with the spirit of today. He stated that the main goal of yesterday was adventure, and today each one strives for security. Dr. Isle urged his listeners to acquire that spirit of adventure and he emphasized, "The difficulty with this modern age is that people think too much of themselves. They should be so interested in their goals that they forget about self."

He continued by saying that concern for the individual is the spirit of democracy and the greatest objective of education is the fullest possible development of the individual.

### Spirit in Quality

"The spirit of '49 is in the quality of living, the measure of the spirit is in the fineness and exquisiteness of living, and the test of the spirit is whether or not one carries that spirit into the world," emphasized Dr. Isle.

### Spirit Needed

He also reminded the students that the spirit of '49 is needed desperately in the world today, and that the answer is in the people of the world. He closed with the challenge, "No one else can do the job designated for you!"

The faculty and seniors entered the gym in caps and gowns led by juniors Viola Goodale and Beth Roduner.

## Classroom Etiquette Confused By Captive Reptile's Conduct

Whitworthians have a pretty good reputation for sociability but several zoology students found themselves a bit uncertain of proper etiquette in the classroom a few mornings ago when they discovered they were rubbing elbows with a live rattlesnake. It is possible the reptile himself was responsible for most of the social uncertainty since his cold glassy stare quickly discouraged informality.

His snooty manner could have resulted from the fact that most everyone who saw him called him a snake, while a neatly lettered card on his glass cage plainly stated that his correct name was *Crotalus Viridis Oreganus*. Zoological literature on classroom shelves contributed the additional information that of approximately 40 kinds of rattlesnakes found only in North and South America, the *Crotalus Viridis Oreganus* family is absolute aristocracy in the state of Washington. There just are no other families. Perhaps he has a right to be proud.

### Begins Museum

The reptile is part of the beginning of a museum Dr. H. E. Alder, head of the Whitworth biology department, is starting on the campus. He says he welcomes contributions of any kind of bird, reptile, animal, or what have you. At first he drew the line when asked if he would accept mountain lions, but after a moment's

Our choir has always been outstanding, but this year they really made a record—in fact they made two of them, and they are records to be proud of!

## Seniors, Faculty Join in Breakfast

The annual Senior-Faculty breakfast on June 3 featured five senior speakers on the general subject, "What Whitworth Has Done for Me in My Chosen Vocation." They were, Marjorie Collard, Dorothy Leavens, Norman Dorpat, Bill Ainley, and Earl Mortlock. Music was presented by Virginia Warren, soprano soloist, and the "blonde trio," Marion Venn, Collette Stirm, and Janie Winters.

Dr. Frank Warren closed with farewell remarks.

reflection said, "Oh, bring them on. We'll skin them and stuff them." He does request that live contributions not be left without a guardian. He says some students exhibit signs of discomfort when they discover themselves sharing a desk with snakes, lizards, and so forth.

Earl Blumhagen, a biology minor, captured the rattler on Little Spokane.

## True Whitworth Products

The romance of Whitworth college followed three couples through courtship, married life, and graduation at Whitworth. Shown seated on Whitworth tree, traditional trysting place for campus lovers, are Mr. and Mrs. Al Christensen, Mr. and Mrs. Glen Ellison and Mr. and Mrs. Marshall Hodge. These couples met each other at Whitworth, became engaged, and married here, and will receive their degrees together.

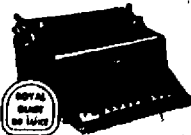

## NEW OFFICERS ARE INSTALLED

An informal installation of the ASWC officers for next year was held last Tuesday morning. New members presented their predecessors with gold keys in recognition of the work they had done. New council members then presented this year's council members with pins in recognition of their service.

### C. E. News

Mrs. Mary Chaffee, wife of Cliff Chaffee, new Bible department head, has accepted advisorship for the Christian Endeavor for next year, according to a letter received by Betty Sneider, C. E. executive.

The Chaffees are well-known to C. E. members as that organization sent them a piano when they were stationed as missionaries in China.

## Pirette-Alums Hold Breakfast

The annual Pirette-Alum breakfast will be held tomorrow morning at 9:30, in the Desert hotel.

A program is planned which includes a special number by Beverly Holmes, and a group of "fun songs" led by Marge Unruh. The traditional Pirette ship will be presented by president Joann Larson to Mrs. Unruh, incoming proxy, after which the remainder of the officers will be introduced to the group.

Miss Marion Jenkins is group adviser.

## These Weddings To Be Held Soon

A number of weddings of Whitworth students will be held this summer. Here are some of them:

Vera Fay Wilson to Allen Clark, June 11, Tiffany Chapel, 4:00.

Jean Tanner to Tommy Thompson, June 13, Tiffany Chapel, 8:00 p.m.

Esther Gray to Bud Fraser, June 15, Moses Lake.

Janice Kindell to Vic Weber, June 18, Chehalis.

Barbara Bond to Norm Gano, June 18, Pennsylvania.

Mimi Van Patten to Dorney Bailey, June 25, Seattle.

## West Wing Has Closing Social

Westminster Wing held its final social for the year last Wednesday evening. A combination senior farewell and engagement fete, the dorm honored Misses Kathryn Jacobson, Phyllis Newton, Barbara Willson, Colleen Griffiths, and Jean Tanner. Each was presented with a miniature animal ceramics. Misses Hazel Belcher and Esther Grey served punch and cake.

## Denton To Head Sunday School

The Whitworth College Community Sunday School had election of officers, recently. The new leaders will assume their duties in the fall. President is Dick Denton; vice-president, Donna Spalding; program chairman, Dixie Harder; publicity chairman and former secretary, Willa Jean Lago.

## "BACHELORS" POST POEM

This isn't original, but apparently expresses the collective sentiments of the embittered members of the "Bachelors Club." It was found posted on the flag pole. We'll take a neck from some old bottle,

We'll take an arm from some old chair,

We'll take a leg from some old table,

And from a horse we'll take some hair,

And then put them all together with aid of spit and glue,

But we'll get more loving from a goosh darn dummy,

Than we've ever got from you!

# Spring Athletes To Be Honored at Commencement

## Recipients of Track and Diamond Awards Named

Thirty Whitworth spring athletes will be honored guests at the Monday graduation commencement at which time the baseball, track, tennis and golf awards will be presented and the inspirational award players and team captains of the diamond nine and thineclads will be named.

The squads voted several weeks ago to pick the outstanding men for the awards. The annual Al Brown trophy for baseball, and the I. K. trophy which will be an annual presentation in track will go to the men who have been the greatest inspiration on the field to the players.

### Letter Winners Named

Baseball coach, Jerry Stannard yesterday named 18 men who will receive the "W" award for their diamond play. They are: first year winners; Crawford Webb, Don Gum, Mark Davis, Phil McDonald, Don Taylor, Ed Kretz, Don Cameron, Dave Stern, and Bobby Roach, team manager; second year winners: Kenny Gamble, Joe Gilham, Ted Hussey, Sam Bass, and Bill Roffler; third year winners: Bob Cruzen, Sam Tague, Nick Faber, Bill McCord, and Tom Patten.

Stannard stated that Stern was receiving his "W" for his faithfulness in turning out regularly for all three major sports, football, basketball, and baseball, even though he failed to participate in the required number of games.

### Netsters Win Big "W"

The Pirates netsters, the only Whit squad to gain league laurels this spring will be honored accordingly. Les Patten, Wally Moore, John Scottford, and Larry Wyrick will receive major letters, while Bill Gwinn, Del Schalock, Bob McGaha, and Holland St. John, team manager, will receive the minor numerals.

## Girls Tournament Winners Awarded

The girls' tennis tournament winners were honored at chapel last Monday and presented awards for their victory. Hermoine Lee was presented with a gold medal for being the winner of the singles tournament after downing Wilma Zeigler in two out of three sets of play. Wilma received a bronze medal for second place honors.

Doubles champions Miriam Hansen and Donna Spalding and the runner-up team of Jerry Kerrick and Mary Nan Kling also received medals for their efforts.

The tournament had been going on for several weeks with about 30 girls participating. Many good matches were played and each girl tried her best and made a creditable showing.

At commencement exercises Monday, Dr. Warren will present a gold cup to Hermoine for her achievements in the tournament.

Best Wishes to the Class of '49

## Annual Summer Institute Will Convene June 17

Whitworth College will be host to four Summer meetings of leaders and workers in Northwest Presbyterian work. A Ministers-Laymen institute, Women's leadership school and meetings of the Synod of Washington and Westminster Fellowship in the same Synod.

The ministers-Laymen group will feature morning Bible study, classes in pastoral counseling, homiletics, and pastoral problems. Afternoons will be free for study, recreation and informal group meetings. Each evening there will be a service of worship with good music and outstanding speakers.

### Westminster Meets

Westminster Fellowship of synod will meet June 19-21. This group will meet Sunday evening, June 19, and will conclude with installation services at the opening of Synod. Those in junior and senior high and college will participate.

## REMPEL WILL TRAVEL: JERRY TO LOAF; GRADS WILL TEACH

Many persons often wonder just what coaches do during the summer months. All the reports that one generally gets are of soft times, joyous travels, and languid hours. Well if Rempel and Jerry are an indication of the type of life all the coaches lead during their off season, then that report was exactly right.

Rempel will do a two-week tour of duty as an army officer this summer at McChord Field, Washington. Immediately after removing the kahkis he will travel north to visit his parents at Mantuska, Alaska, fattening up on the good dairy milk his folks produce.

And Jerry, well he's got it figured out how he will nab those big ones at all the good fishing lakes. When questioned as to his summer plans, he replied "I'm going to fish."

For those that don't think that the school is turning some top notch coaches, best they look at the opportunities before some of the past year's athletic stars.

Earl Mortlock and Wayne Conner, both of whom lettered three consecutive years on Stannard's basketball crew, have drawn down high school coaching positions, as have Dave Holmes, three year letter winner and an outstanding guard on Whit grid teams.

### CALIFORNIA WEATHER

Students traveling south to California and other southwestern points this week end can look for only fair weather for Friday and Saturday.

According to the weather bureau, the high for Spokane tomorrow will top the best that Mother Nature will produce for the California Bay region.

The forecast is that Spokane will enjoy a high of 85 degrees, while San Rafael will top the temperature zone with a high of 84. In other bay region points: Oakland, 74, and San Francisco, 65.

The report for northern California is fair Friday and Saturday, slightly cooler with some winds inland, a little warmer Saturday. Minimum temperature will be 50 to 55 degrees.

## Goodsell Captures Intramural Crown

Don Taylor's Goodsell boys came through with a 9 to 3 win over Nason-Washington to capture the intramural softball championship.

In the final play-offs Goodsell edged by the Town Trotters with an 8 to 7 score. Nason had trouble with a rugged Whitworth team, but managed to hold a two-run lead to win the ball game and gave them a chance to play Goodsell for the championship.

In the final game of the season Goodsell started off with a four-run lead in the first inning by smashing blows from the bats of third-basemen, Bill Cumbie and Sam Adams. Three runs were made by Nason-Washington in one inning and after that was held scoreless by Leigh Taylor, Goodsell pitcher.

Other runs by Goodsell were driven in by Bobby Davis, Dick Carr, Dick Schultz, Bobby Roach, and Leigh Taylor.

The batteries for Nason-Washington were Dave Holmes, pitching and Bob Walton, catching; for Goodsell were Leigh Taylor, pitching and Bobby Davis, catching.

### Intramural Softball Play-off

	Won	Lost
Goodsell	2	0
Nason-Wash.	1	1
Whitworth	0	1
Town Trotters	0	1

## Student Council Holds Meeting

The concluding meeting for the Better Government committee, headed by Phil Strawn, was held Tuesday. The committee, comprised of nine representatives of Alpha Kappa Chi, one representative from each dorm, and one representing the married students, was formed by the student council to draw up recommendations concerning student government. These recommendations must be presented to the student body for action.

### Representation Hilt

The committee's first resolution is concerning the representation to the student council. It is recommended that such representation be determined as was the representation to the Better Government committee as stated above, the ratio between campus and town students being maintained.

### Salaries Hinted

A salary for the four executive officers was suggested. A sub-committee investigating other colleges' salaries recommends \$50 a year be given to each, the funds being taken from the increased student body fees.

Cutting the administration's percentage taken from the student body fees is felt necessary.

The recommendations from Tom Summerson's sub-committee studying a student court program were presented. The idea for such a court plans a panel of six judges chosen by the student council, whose rotating terms will be a maximum of two quarters and for a prosecuting attorney with an assistant who serve for one year. Such legalities as the definition of violations, the witnesses' duties, the accused's rights have been suggested. The court would also receive the power to determine the legality of student council laws.

An amendment to the constitution that freshman class officers be elected at the end of the fall quarter is another recommendation.

The Better Government committee, which has been meeting twice a week the past seven weeks, will be reorganized next fall if such a committee is then felt necessary.

## Whitworth Whims

Everyone has been wondering if Westminster Hall is trying to get that "lived in" look in the reception room, or if it has merely been struck by a tornado. The truth is that neither rumor is true, but rather that the girls are just getting their trunks out of storage so they can pack to go home.

Most of us will be home for Father's Day which comes on June 19 this year, but let's each one try to make it as pleasant as possible for our fathers anyway.

The SUB committee has let go its first torpedo with the voting campaign. Let's hope the explosion was great enough to leave a vivid impression which will last throughout the summer!

"There's nothing like a bit o' green to liven the spirit." The new grass around the library and Nason Hall will become decorative lawn only if it is not trampled by a single sole.

It could be said of this year's seniors that they have a lot of class. As a matter of fact, they have 39 more classes than any other graduating group in the history of Whitworth.

With graduation and a general parting of the ways at hand, I wish you all "Good Luck" and leave with you this motto which is appropriate to each of us—

"I expect to pass through this world but once. Any good thing, therefore, that I can do or any kindness I can show to any fellow human being, let me do it now. Let me not defer nor neglect it, for I shall not pass this way again."

## Foul Ball

By STAN JOHNSON

A moment in retrospect — Another athletic season finished. More scores for the record books. Possible highlights—Vern Tucker's 93-yard gallop against Eastern which almost shocked the publicized Savages into an upset defeat—11th ranking in the nation in free throw percentages during basketball—the walloping of our cross-town Gonzaga foes in a Pine Bowl track meet—a 16-10 victory over the Central Washington Evergreen baseball championship squad—a trophy winning tennis squad with consistent Les Patten winning his 31st consecutive collegiate victory.

Let's not forget the old adage about the ball game never being over until, etc.—the unlucky Spokane Indians were the victims of just such forgetfulness the other night against the Tacoma Tigers. With Spokane on top 5-0 in the last of the ninth the Tacoma Tigers exploded. The Tigers had been held to a measly 3 hits prior to that time when presto! With two outs, and two strikes on the last batter, the Bengals pushed across the winning run.

Wait 'til next year department. Things are looking up. In football, Merle Nead, Spokesman-Review all-city choice last year is

coming to Whitworth. Bud McCutcheon, who was chosen as one of the top stars of the prep statewide hoop tourney last year in Seattle.

According to Coach Stannard, the old baseball field will not be the same next year. Pretty dusty as it is now, it will rank as one of the best in the conference next year. The infield is to be sodded like all good ball diamonds should, the holes in the field will be leveled, and the entire outfield will be grassed. All it needs now is for a fence to be built around the pastures so the fly chasers can professionally watch the hard hit ball sail over the wall instead of chasing it among the boondocks and pine trees.

There will also be two additional mounds for enterprising pitchers to work off. All we need now is a pressbox, electric scoreboard and a tap room.

## West Wing Wins Women's Award

Westminster Wing once again proved themselves champions in women's intramural sports. Captained by Mary Nan Kling, the team trounced Westminster, 17-10. The victors had previously defeated McMillan and Ballard in preliminaries on the softball diamond.

This is the second cup to be won by West Wing this season. The volleyball trophy was awarded the dorm the fall quarter. They placed second in intramural basketball competition.

SPOKANE, WASHINGTON, JULY 22, 1949

No. 27

## Plans Shape Up For Union Bldg.

Plan for the First Floor of the Student Union Building—The 160-foot-wide building will face West, and will have three entrances on that side. Situated on the first floor will be the student body office, public relations, alumni office, student council room and barber shop. The publications, Whitworthian and Natsuhi, will be located on that floor, as well as a store composed of two sections, one for textbooks and one for general merchandise. A large main lounge, 60 by 40, will

occupy the east wing. Lounges and lockers for women and for men will be built at the north end and south end of the main section of the first floor. The building will have its own heating plant, probably of the new radiant heat type. Much of the campus activity will be centered in this student-owned, student-operated building. (Drawing by Prof. John Koehler.)

### Construction Slated To Begin as Next Quarter Starts

### Chairmen Named Excavation Done Before Fall

A building OF the student body, BY the student body, and FOR the student body is coming to the Whitworth campus. It is the student Union building. Developments at this mid-summer time indicate that by fall all necessary preparations for getting into full swing in the erection of the structure will have been taken care of.

Floor plans have been drawn, a tentative site selected, and details regarding type of structure, methods of construction and estimated cost have been considered.

The present schedule calls for the excavation work to be completed by the end of the summer, with the building of forms for the pouring of the concrete for the basement the first major task waiting for the returning student body.

Approval of the location has been expressed by Dr. Warren, and the board of trustees is considering the request for the site, but as yet have not indicated their final decision. The area selected is near the Loop on the lane just east of Pine Bowl. Other new buildings, including the Administration-Auditorium structure are planned for locations nearby.

#### Basement Half-Depth

The structure is to be wood frame, with a brick veneer exterior. It will have one story set on a full basement, which will be dug to half-depth, allowing sufficient light and ventilation to make it suitable for its purpose. The T-shaped structure will have parking facilities and a loading ramp in the rear.

Decision to build the SUB on a volunteer-labor basis was reached last spring when it was discovered that construction costs would make it impossible to have such a building erected under regular financing and contracting methods. By a 45 to 1 ratio the student body voted to build it themselves. A specified amount of the student activity fee goes to the building fund, and will be used for materials.

It is not known just how long the project will take, but with determination and cooperation among the students, the building should be in before very long.

Chuck Bovee, ASWC vice-president, has been on the campus this summer directing the planning (Continued on Page 2)

### Summer Session All Fun, Almost

For the benefit of the unfortunate Whitworthian who have to spend the summer earning a certain necessary item (monetary in nature) and cannot relax and dream away the hours at summer school, I should like to relate some of the interesting aspects of the summer session as experienced.

Since food is a subject near and dear to the hearts of all, it might prove profitable to discuss the latest dining hall delicacies. However, since thinking of food may make you hungry, and since you may not find it close at hand, I shall refrain from frustrating you. Besides, it makes me hungry too, and dinner is away yet three long hours.

#### Splashing Success

Most of us are busy, and an occasional swimming party adds to the usual. The C. E. sponsored (Continued on Page 2)

### Student Union Building Information

Why have a Student Union building?

The recreational and office facilities of the campus have not kept pace with the expanded student body. The purpose of the building is to provide adequate space for a proper adjustment of the situation.

#### Where will it be located?

Plans call for it to overlook the Pine Bowl from the lane just east of Ballard hall. It will be adjacent to the proposed Administration-Auditorium building and the girls' dorm planned for the site on the loop just across the above mentioned lane from Ballard.

#### How is it being built?

Complete cooperation of all students, alumni, and friends of the college is essential to the successful completion of the project. Work is being begun in anticipation of VOLUNTEER labor being offered by any and everyone who can spare an hour or a handful of materials. Plans for financing

the construction under usual methods had to be abandoned, but hope was rekindled by the suggestion that there was enough spunk and foresight in loyal Whitworthians to make it possible. The answer is: "Roll up your sleeves and get a few blisters on your hands."

#### When will it be completed?

That is a little hard to answer. When you have driven the last nail and laid the last brick, it will be nearly completed.

#### Why build now?

Because we need it now. To maintain adequate recreation and student administration the building is needed. Now is also an opportune time because of the experienced veterans in our midst who can greatly facilitate the work with their trades experience.

#### How big is it?

A one-story T-shaped building with a full basement. The basement will extend above the ground level to provide adequate light.

One of us can't build the Student Union building; a hundred of us can't; but all of us working together can.

Each level will have nearly 9,000 square feet of floor space.

#### What will be in it?

It will include lounges, recreation rooms, Commons, book store, lockers, ASWC offices, publications offices, etc.

Will it interfere with plans for the Administration-Auditorium building?

Not at all. The financing and method of construction of the two buildings will be entirely different. Both buildings are forward steps in helping Whitworth to do the job of education and character building that she wants to do.

**YOU need the Student Union Building; the SUB needs YOU.**

## Many Rate Awards At Commencement

Seventeen graduating seniors received special awards and scholarships, in addition to those of magna cum laude and cum laude. The Alumni Award, presented to a student on the basis of scholarship, religious activities, general services to the college, athletics, and leadership in extracurricular activities, was awarded to Betty Lange.

### College Who's Who

The Who's Who award was given to 10 students outstanding for scholarship, leadership, character, and possession of quality indicating future usefulness to business and society. Those receiving this award were L. G. Baker, Irene Clausen, Norman Dorpat, Beverly Holmes, Miss Lange, Jack LaRose, Dorothy Leavens, Lois McConnell.

Joann Larson was presented with the Carrel Music Award. This award was established by Mrs. Anna Jane Carrel in acknowledgment of the student, who in the judgment of the awards committee has been shown artistic music ability, who has been an inspiration to the music department, and who has contributed to the general musical life of the college.

### Speech Award Shared

The Charles W. White Trophy, a speech award, was presented to Mr. Baker and Miss Lange. This award is presented to the senior student who proves himself to be outstanding in the field of speech and drama through four years of college work, in respect to individual improvement and contribution to the school in this field. It was presented to two seniors in view of the outstanding work of both.

Hermoline Lee was awarded the A1 Carlson Trophy for Women, a new award of which Miss Lee is the first possessor.

### Taylor and Tague

The A1 Brown Inspirational Award for Baseball, and award made possible by former teammates playing with A1 Brown during the 42-43 season, was presented to Don Taylor and Sam Tague. Mr. Taylor and Mr. Tague were voted most inspirational by their teammates.

The President's Club, awarded to the student who has attended Whitworth for all of his college training and ranking highest scholastically among his group, was presented to Bill Ainley, magna cum laude.

Donald Hayes was awarded the Sillman scholarship of \$132. He was selected on basis of scholarship, active Christian influence and prospective future influence. The scholarship is from the Sillman scholarship fund of the Board of Christian Education of the Presbyterian Church.

Majority Collord, graduated magna cum laude, was named as the class Valedictorian. Others graduated magna cum laude were Martha Bussear, Dorothy Ellison, Marshall Hodge, and Majorie Ready. Those who were graduated cum laude were L. G. Baker, Darrell Bennett, Irene Clausen, Norman Dorpat, Norman Gano, Raymond Gouldin, Edith Hiskey, Barbara Hodge, Beverly Holmes.

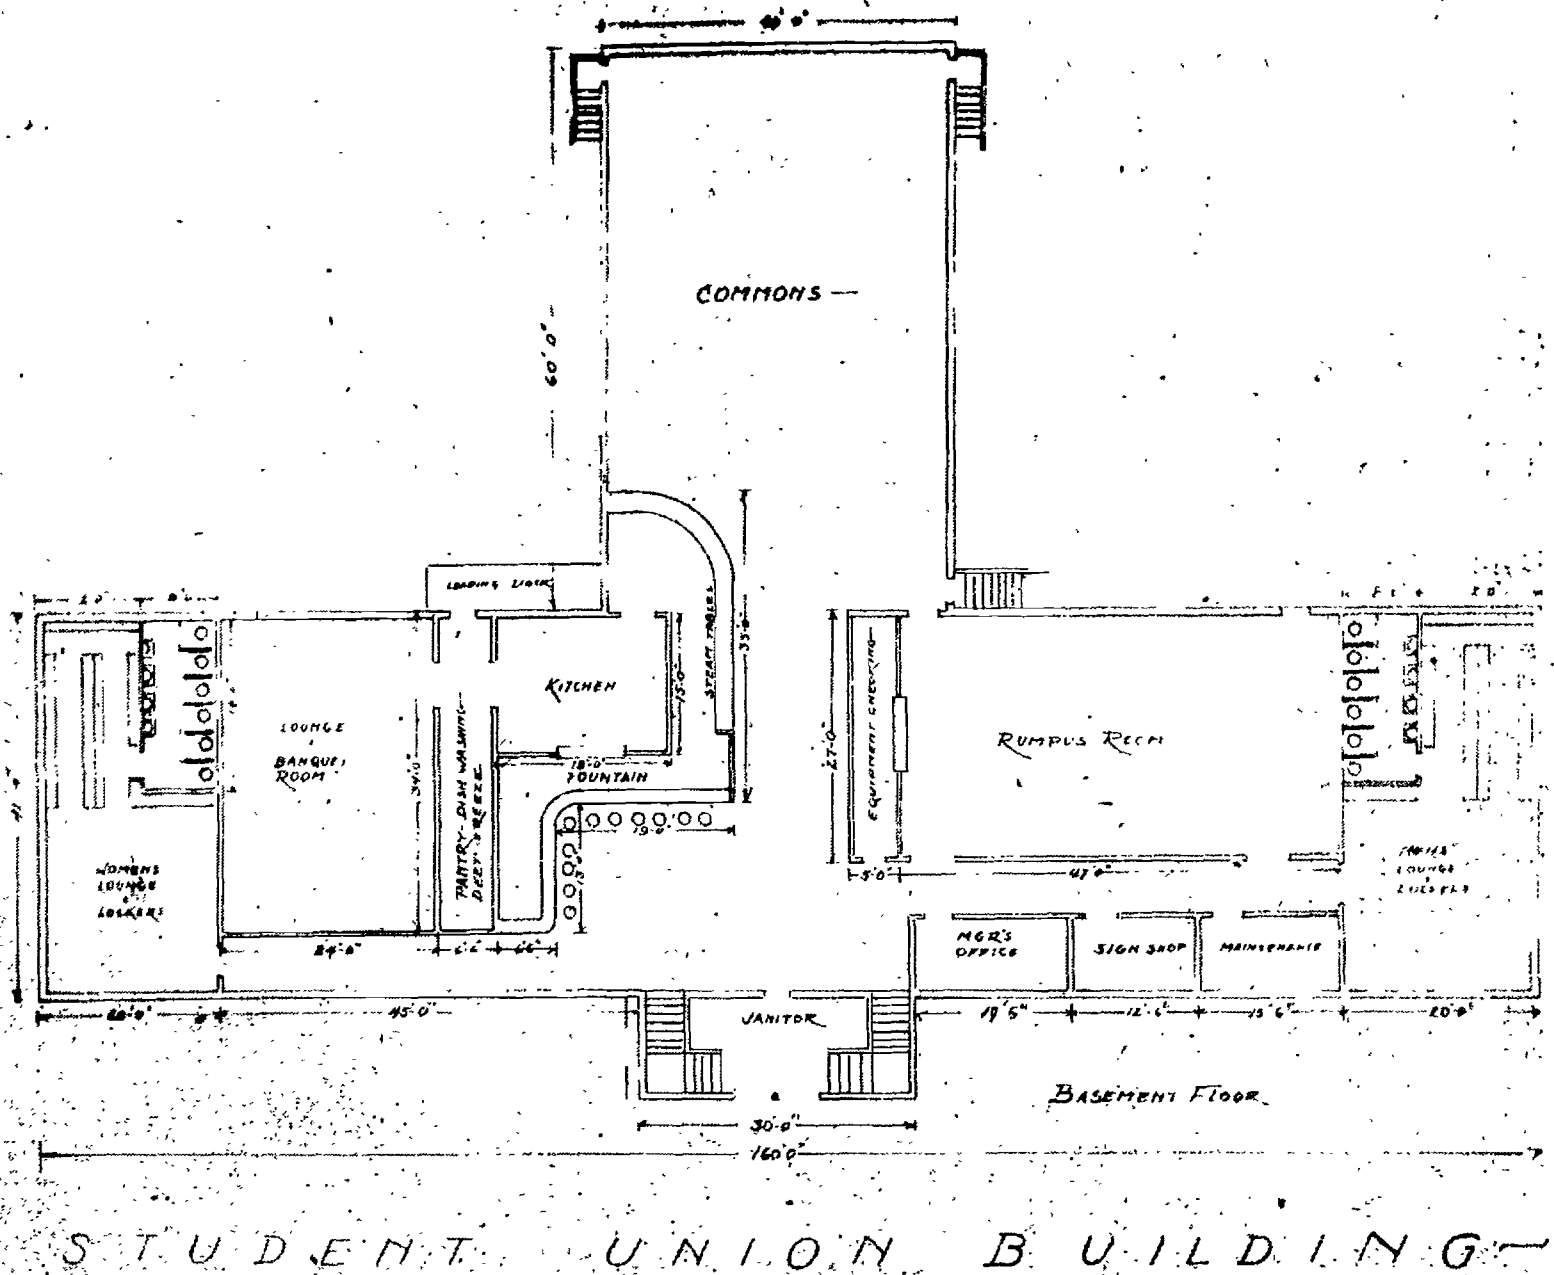

Except the Lord build the house, they labor in vain that build it: except the Lord keep the city, the watchman waketh but in vain. Psalm 127:1

Affiliate of National Advertising Service, Inc.

**STUDENT UNION BUILDING BASEMENT PLAN:** The basement, dug to half depth, as in the new library building, will be adequately lighted and ventilated. It will be the scene of much activity, as the Commons, fountain and rumpus room are scheduled for location there. A room suitable for on-campus banquets is planned adjacent to the kitchen. The manager will have an office there, and there will be a room for sign painting and one for maintenance

equipment. Additional lounge and locker space are for both men and women will be located on this level. Beam supports are planned so that no pillars in the center of the large rooms will be necessary, thus utilizing the space better. Since the kitchen is directly below the store, a single loading dock will be adequate to serve both. (Drawing by Prof. John Koehler.)

## All-School Party Is Boat Cruise

Whitworth landlubbers may consider themselves to be "old salts" after tonight. The All-School party for the summer session consists of a boat trip on Lake Couer d'Alene. The senior class of last spring took a similar trip. The outing gives evidence of being a very popular one.

Last season's football results, with the Whitworth score listed first, are as follows:

NICE	47-6
St. Martin	32-7
Whitman	14-6
Central Wash.	0-0
Eastern Wash.	13-14
Western Wash.	12-6
Pacific Luth.	13-19
CPS	0-14
UBC	(no game)

Katherine Jacobsen, Elaine Jenkins, Maxine Johnson, Betty Lange, Richard Patterson, Frederick, Ernest Sjoberg, Ralph Claassen, Morris Hulin, Jack LaRose, Gerald Mahaffey, Douglas Newton, Martin Pond, Margaret Thompson, and Thomas Thompson.

## Pirates Slate 7 Conference Tilts

### Short Term Draws Many

Summer school now in session is being attended by 117 students. There are 82 men and 35 women among the group, of whom there are 57 GI's—55 men and two women. Only two of the summer school students have never attended college before.

Most of the students are doing graduate work, many working for their fifth year teaching certificate.

### All Fun

(Continued from Page 1)

picnic at Liberty Lake was a splashing success. Izy Klingsmith got dunked "at least 20 times." I guess Morris Yokum wanted to be sure her new suit got initiated. The "big swim" was topped off with hamburgers, leonnade, and salad. The watermelon got lost from the group, but showed up the following day. (And here I wasn't going to mention food! Betty Folette, Naomi Timm, Arnie Fosse and Don Griffin arrived so late they almost got left out.

An evening cruise up the St. Joe River and Lake Couer d'Alene may prove to be one of the nicest events of the year. ASWC's V. P. initiated the idea—Chuck's off to a good start!

Campus women sponsored a picnic supper at the Bowl and Pitcher last week. Shirley Freeburn, chairman keeps herself occupied with such enterprises of pith and moment.

One last note of another hue: Of special fashion interest is Dr. Schlauch's polka-dot tie, and Dr. Munn's short sleeved sport shirts.

## CPS Here At Homecoming; NICE Game Opens Season

The Pirate grid machine is slated for another nine-game schedule this fall opening the season football play with the North Idaho Loggers in a night meeting at Lewiston Friday, September 16. With the addition of the University of British Columbia to the Evergreen football scene the Whits will engage in seven conference classics along with a pair of non-league tilts against the Loggers and the Pirates' arch pre-conference rivals, Whitman.

Whitworth draws College of Puget Sound, 1948 Evergreen co-champs, for the Homecoming gridiron action November 5.

Coach Aron Rempel has called for the first grid session to be held on September 1. The popular Whit mentor, starting his second season with the Pirates as head football coach, expects more than 50 men to answer his opening call. Nearly 20 of this fall's pigskin hopefuls will be lettermen.

### WHITWORTH PIRATES 1949 FOOTBALL SCHEDULE

Home games in bold face.  
\*Evergreen conference games.  
Sep. 16—North Idaho.  
Sep. 24—\*St. Martins.  
Oct. 1—Whitman.  
Oct. 8—\*Central Washington.  
Oct. 15—\*Eastern Washington.  
Oct. 22—\*Western Washington.  
Oct. 29—\*Pacific Lutheran.  
Nov. 5—\*Col. of Puget Sound. (Homecoming)  
Nov. 12—\*University of B. C.

Don't forget—bring some working clothes with you when you come to Whitworth this fall.

Some day you'll point to the SUB and say, "I helped build that."

## Teacher Plan Faces Change

Recent announcements indicate that Whitworth college will be able to train for both secondary and elementary teaching soon. State regulations have been altered to permit the colleges of the state to adjust their curriculums to provide for both levels.

## Student Union

(Continued from Page 1)

for the work. He lists as chairmen of the committees which will handle the various phases of the work as follows:

Planning, Dick Snell; Funds, Dale Parton; Publicity, Bill Sauve; Insurance, Dave Stevenson; and Labor, Don Cheska.

The board of trustees has designed two to their members Charles Frazier and Ernest E. Baldwin, both of Spokane, as advisers to the student body in the project. Consultations have been held with the board of trustees, with Dr. Warren, and with various authorities. Cecil J. Pounder, Spokane contractor, has devoted much of his time in estimating costs and advising on plans and construction.
